THE RANGER DAILY TIMES is the oldest daily newspaper in Eastland County, the first edition appearing on June 1, 1919. World news is furnished the readers through United Press daily wire service.

Ranger is the center of the agriculture and livestock industries of the area with relative industries bringing much business to the town. It is also the home of Ranger Junior College, one of the best public junior colleges in the state.

Well...
I Dunno,
But...

To paraphrase an old saying, our wire news today looked like "Murder, murder everywhere." And yesterday when Brice Walker heard about the crusading editor and radio newscaster at Alice getting shot, she called to warn us. She suggested that maybe we'd be safer as a housekeeper, as our editor friend at Eastland has suggested before.

Shucks, newspaperin' ain't no fun unless you can stir up somethin' now and then.

We take off our hat to Alfred Ames and Bill Duncan for the fine way they are carryin' out their instructions as to enforcin' the parkin' meter regulations. Like they tell us, it ain't no fun for them to have to put tickets on cars and furthermore, it ain't no fun to have to take back talk from folks that have broken the law, but them's their instructions and you really can't blame 'em for doin' what they're told. After all it's a matter of bread and beans to those boys.

Besides that, the city commission served due notice through this newspaper a number of times, prior to installation of the meters, that they intended to have the law enforced. And they're 100 per cent right. A law's no good unless it's enforced.

Another thing, about the parkin' meters. Don't blame the police for it. You see a guy get up to a parkin' meter space, get out and dash into some joint without puttin' money in the meter. Before you say anything look and see if the car has a little round gold sticker in the corner of the windshield. If the sticker is there, the driver has the right to stop without puttin' money in the meter. 'Cause he's already paid for it through a delivery permit for which he pays \$12 a year. And \$12 will pay for a good many penny stops at any meter.

In the mail this morning a note from Mrs. Saule Perlestein and Rheta Beth who are vacationing in the east. The note was from Portsmouth, New Hampshire and Mrs. Perlestein says that the coast in New Hampshire and Maine is so beautiful that it has shut off her "Texas brag." "We just ain't got it and that is hard to take," she adds. She says that they see cars from everywhere up there and that they have had a real lesson in American history through visiting the historic spots in Washington, Philadelphia, Boston and Portsmouth. The latter, she says, is a real colonial city.

But bless her, she didn't forget the old home town and says she'll catch up on the hometown news through the back issues of the Times when she returns.

Frankly, we can't see why the British and the French are worryin' about gettin' our atomic bomb secrets. They know good and well that if they get into a fight they'll holler their heads off until we come in and lick the enemy for 'em, and probably this time with the atomic bombs.

A hypothetical 10,000-pound thrust jet engine would deliver more than 20,000 horsepower when traveling at the speed of sound, 760 miles an hour, according to Westinghouse engineers.

Ranger Police Alerted To Watch For Highwaymen

Ranger police were alerted Friday night at 11:15 o'clock to be on the lookout for two soldiers who were reported to have held up and robbed a Weatherford man.

John Young, sheriff at Weatherford notified the Ranger officers shortly after the robbery was reported and Bill Hinman and Conk Ervin, together with two highway patrolmen, Oscar Avery and Terry Barrett set up a road block at the intersection of the country club road and Highway 80 east of Ranger. The officers remained at the post for nearly two hours, stopping all passing vehicles but apparently the soldiers who were said to be driving a two-tone Buick, had headed in another direction. By radio the officers were advised that the block could be abandoned at Ranger.

According to Weatherford officers, two men dressed in khaki clothes and Army dress caps held up and robbed C. J. Simpson of \$160 and two courtesy cards, one on the Magnolia and one on Phillips. They were said to be in a two-toned Buick, thought to be blue and gray.

Chief W. G. Pounds reported this morning that Greyhound bus driver coming into Ranger after the robbery stated that his bus had passed a similar car being chased by officers and headed toward Fort Worth. No report of the highwaymen being caught had been received in Ranger Saturday morning.

Forgery Expert Held In Dallas

DALLAS, July 30 (UP)—Dallas police today held an 18-year-old Houston youth for questioning about check forgeries totaling more than \$1,000.

The six-foot 120 pound prisoner, detectives said, was wanted in Houston. He readily admitted that he was sought.

The youth was arrested yesterday at a Sears Roebuck store when he tried to cash a check for \$82.50.

He admitted cashing a \$120 forged check at a Dallas grocery earlier this week.

Police said they were "astounded" by the prisoner's knowledge of the check forging art.

A search of his hotel room turned up a check-protecting machine that assured a business-like job, some 50 driver's license forms to use for identification and a memorandum pad for keeping books on checks cashed.

The youth said he became interested in forgery after asthma kept him from holding a steady job.

Dr. Spivy Passes Examination

Dr. William L. Spivy who is here for a visit with his parents, Mr. and Mrs. Floyd J. Spivy, has received word that he has passed the state examination for optometrists and is considering several locations for offices which he will establish in the next few weeks.

Dr. Spivy is a graduate of the Southern College of Optometry and was one of 57 men taking the examination by the state board.

At present there are more optometrists in northern Minnesota than in any other district in the United States.

Limestone County Judge Attacked; Mayor Of Groesbeck Out On Bond

GROESBECK, Tex., July 30. (UP)—This central Texas farming center was all agog today over a nighttime attack on a prominent district judge and the subsequent resignation of the town's mayor after he was charged with assault with intent to murder.

But, it will be up to the Limestone County grand jury, which meets Monday, to delve into the motives back of the Thursday night fracas involving District Judge Fountain Kirby and Mayor Allen Therrell.

About all the inquisitive townsfolk knew was that the 61-year-old Kirby was hospitalized with possible internal injuries and multiple bruises and scratches about the face that at one time appeared to endanger the sight of his left eye, and that Therrell had resigned.

The altercation occurred Thurs-

Guess Who?

You can't accuse these boys of being the Gay 90's products. No sir, they were Ranger's basketball team in 1915. Three of them are now successful Ranger business men and the others are all successful business men but in different towns. Left to right they are, Louis Pitcock, of Graham; Perry Pittman of Archer City; Lee Berry Walker, Cleburne; Earl Bruce, Weatherford; Hall Walker, Lloyd L. Bruce and Lloyd Clem, all of Ranger.

It Was Back In 1915, The Boys Say

By Ruth W. Dacker
Away back in 1915 and years thereafter, Ranger had athletics in the public school even though they were unheralded. There was no interscholastic League then, but boys liked sports just the same. Football fields were really fields, weeds grown, until eager feet trampled them down and basketball courts were on grounds adjacent to the school buildings. Gymnasiums were unheard of in this section.

We had then what was known as "county track meets" which included everything in the sports field except golf which hadn't made its way this far west then.

In those days Ranger had a basketball team that at least one time won the county championship and Sunday, July 24 the 'boys' got together again, this time not for a championship ball game but a championship gab fest. And the talk flew. Games were rehashed and the "good old days" worked over.

They didn't gather in Ranger either, they went to Possum Kingdom Lake for an all-day outing and a dinner that no athlete on a championship team would have been allowed to eat. It was a great day the "boys" say. A day in which they forgot about the price of beans and the complications of a world economically torn.

The Ranger High School basketball team of 1915, witness the picture accompanying this item, was composed of Louis Pitcock now of Graham, Perry Pittman now of Archer City, Lee Berry Walker, now of Cleburne, Earl Bruce, now of Weatherford, Hall Walker, Lloyd L. Bruce and Lloyd Clem, the latter three all of Ranger. Paul Oder who was the coach was not present. They are the boys that got together at Pitcock's Lodge at Possum Kingdom Lake last Sunday. Pitcock prepared the barbecued chicken and other items on the menu miraculously found the way to the table. Nobody knows who prepared them but they all testified to their tastiness. The menu plus the chicken was made up of green beans, sliced tomatoes, potato salad, iced tea, rye bread, ice cream and CHOCOLATE NUT CAKE. (Where's the coach?)

Louis Pitcock is now a drilling contractor and independent operator; Lee Berry Walker is with a film distribution company; Perry Pittman is the Ford dealer at Archer City; Earl Bruce is a barber at Weatherford; Hall Walker is a banker with many other interests; Lloyd L. Bruce is an insurance agent and Lloyd Clem is a merchant.

And we wonder if the class historian predicted that!

SOME RELIEF PROMISED NATION FROM HEAT WAVE

By United Press

The heat wave scorching the nation from the Rockies to the Atlantic coast took a mounting toll of dead today but relief was on the way and even New York city, where records were broken yesterday, was expected to have cooling breezes by nightfall.

A survey by United Press showed that 134 persons had died as a result of the week-long heat blitz. The total included 67 deaths as direct result of the heat and 67 caused by drowning.

The cool air seeping down from Canada was expected to hold temperature below 85 degrees at Chicago today.

Temperatures at Minneapolis held yesterday to a maximum of 72 degrees compared to the day before when the mercury zoomed above 90 degrees.

Pierre, S. D. reported a high yesterday of 80. Rochester, Minn., had 82.

But farther east, temperatures still were excessively hot as residents waited for the cool air to arrive. Pittsburgh and Evansville, Ind., had 93, Washington, D. C., had 95.

New York was expected to feel some relief this evening due to thundershowers and lower humidity.

Yesterday, the mercury hit 97.8 degrees in the Metropolis breaking a record for June 29 set in 1892. It was the hottest day of the year.

City officials reported that 1,700,000 persons crowded onto the beaches at Coney Island and Rock away as many offices closed at noon and the city released all but essential workers at 3 P. M.

The New York Telephone Company said it handled 255,019 calls, the greatest number in history.

The city's police toll climbed with the temperature. Forty-two new cases, including two deaths, were reported, bringing the city's total for the year to 306. That was 238 more cases than last year.

Weather forecasters warned, meanwhile, that the cool air sweeping down from Canada might bring only temporary relief. They predicted that midwest temperatures would start to climb somewhat again on Sunday.

The worst-hit city in the U. S. was Philadelphia with 34 deaths attributed to the heat in the last three days.

Air Liner, Fighter Plane Collide In Air; 16 Killed

SON OF SLAIN MAN UNABLE TO CARRY ON BROADCAST

ALICE, Tex., July 30 (UP)—The 22-year-old son of slain radio newscaster Bill Mason said today he was "running into some difficulties" in attempting to carry on to his father's death.

Mason's son, Iurt, said he had planned to continue the fight his father started by taking his place at the microphone on the noon-time "Bill Mason Speaks" program over station KKKI here, but at midmorning he said trouble had developed.

Meanwhile, Deputy Sheriff Sam Smithwick, 55, remained in Jim Wells County jail charged with murdering the elder Mason to halt his outspoken attack.

In his newscast Thursday, Mason had accused Smithwick of owning a bawdy house.

He charged that Smithwick knew "what was going on. He is out there all the time at night."

Mason was shot to death yesterday while sitting in his parked car. The slaying occurred shortly after he met Smithwick.

Young Mason said today he doubted he would be able to broadcast over KKKI at the regular 12.30 P. M. time today.

"But, I hope to make a deal with a Corpus Christi radio station (59 miles to the east) so that I can go on the air there," he said.

"If I do, I intend to read some part of the script my father had

carried on a bitter campaign against Smithwick and other members of the sheriff's office.

In his torrid Thursday broadcast, he had charged that sheriff Hubert Sain knew of "these things." He said that Sain permitted "the ingress of 50 girls to take from the men of Alice, money which should go to families of these men."

The couple is in county jail serving out a \$25 fine and costs as charged Thursday by Justice of the Peace E. E. Wood, after they had pleaded guilty to misdemeanor theft.

Booked as Paul Weaver, 30 and wife, Frances Weaver, 23 the man and woman were arrested Wednesday night by City Police, when the man was seen siphoning gasoline from a Texas-New Mexico Buelline near the Eastland bus station. The man ran when officers discovered him, and was arrested with the woman, who was sitting in their old model car.

The couple admitted to previous difficulties with the law enforcement authorities and told of traveling from Nevada to Kansas by way of Albuquerque and Amarillo, about the time Thornton was murdered in an Amarillo tourist cabin.

The Sheriff's office declined comment when asked if they considered the couple to be "hot" suspects in the murder case.

"They fit the general description and were in the vicinity at the time of the crime. The fingerprints will tell," a spokesman said.

Nebraska's cow population has declined 24.7 per cent in the last three years.

GEN. BRADLEY SAYS U. S. ONLY PACT COUNTRY WITH ATOMIC BOMB

By Walter Rundle
United Press Staff Correspondent
FRANKFURT, Germany, July 30 (UP)—Gen. Omar N. Bradley said today the United States is the only country of the Atlantic Pact group which has the atomic bomb and the only one that can carry it on a strategic bombing campaign.

The Army chief of staff spoke to reporters a few minutes after he arrived with the chief of staff of the other branches of the service — Gen. Hoyt S. Vandenberg of the Air Force and Admiral Louis E. Denfield of the Navy.

The leaders of the armed services were setting out on an unprecedented peacetime tour to review the military situation in Western Europe. They landed at the Rhein-Main Airport at 3:50 P. M. (8:50 A. M. EST) in President Truman's plane—the Independence.

"We are the only one of the 12 nations (in the Atlantic Pact) who have the atomic bomb," Bradley said. "We are the only ones capable of carrying out strategic bombing."

He was serving as spokesman for the trio of service chiefs, who flew here from Washington.

Bradley reiterated his statement in Washington yesterday that it is the duty of the United States to strike with atomic bombs against any aggressor which might attack any one of the Atlantic Pact nations.

Officials Refuse To Negotiate With Captors

SHANGHAI, July 30 (UP)—American consular officials refused today to negotiate under duress with 50 Chinese former employees of the U. S. Navy who forcibly occupied the consulate building and demanded severance pay bonuses.

Consulate representatives were contacting Communist authorities of Shanghai in an effort to have the building cleared of the mob, made up mostly of coolie type laborers.

Three top consulate executives were not allowed to leave the building. They were Walter P. McConaughy, acting consul general; Ruben R. Thomas, administrative attaché; and Commander Morgan Slayton, assistant naval attaché.

Ten other American consulate attaches were allowed free movement, but stayed on voluntarily to carry on skeleton operations.

No violence had been attempted. Visitors were allowed to enter and leave the building, and to see consulate staff members in their offices.

The consulate locking climaxed a long series of similar labor disputes with foreign firms in recent weeks since the Communist occupation of Shanghai. It aroused little public interest.

But the foreign community, and especially the Americans, was concerned by the invasion of the consulate itself for the first time. It is the highest organ of the American community, although not recognized as such by authorities.

Three weeks ago a mob of former Navy workers besieged the consulate building for 10 hours in connection with the same payoff controversy, but they did not gain entrance. Police finally induced them to go away.

Baby Born After Mother's Death Is Doing Fine

SALINA, Kan., July 30 (UP)—A baby boy who was delivered by surgery half an hour after his mother died of polio was reported in good condition today by attendants at Asbury Hospital here.

Mrs. Don Allen, 20, Lebanon, Kan., died Thursday night in a respirator. Hospital records showed the child was delivered 30 minutes later, at 10:10 P. M. The boy, who has not yet been named, weighed five pounds ten ounces.

Attendants said Mrs. Allen was known to be in critical condition and advance preparations for saving the baby in event of her death had been made.

Survivors, in addition to the newborn baby, included the husband and a four-year-old son.

Ditto, Brother

NEW YORK, July 30 (UP)—The New York Daily News carried today what it termed an "all-inclusive editorial on the current heat wave."

The editorial consisted of two words: "Damn it."

PLANES CRASH IN ADJOINING FARM FIELDS

WRIGHTSTOWN, N. J., July 30 (UP)—Sixteen persons died today when an air liner and a Navy fighter collided in the air and their crashes.

The passenger plane was a two-engine DC-3 of the Eastern Air Lines en route from Boston to Memphis by way of New York and Washington. It carried 12 passengers, including a child, and a crew of three.

The Navy plane was a "Hell Cat" fighter. The only person on board was the pilot.

No one aboard either plane survived.

Witnesses on the ground, not seeing the tiny fighter at the high altitude, thought the air liner had exploded. It crashed on a farm five miles from Fort Dix, scattering wreckage over a wide area.

The fuselage burst into flames on impact. The Navy plane ploughed into a farmer's field two miles distant.

Crash crews, ambulances, and doctors were rushed to the scene from McGuire Air Base at Fort Dix. State police said no one survived and that the plane was demolished in the crash.

The military plane, identified as belonging to the Navy, crashed on a near-by farm. State police said that the pilot was killed.

At LaGuardia Field, New York, it was learned that a Navy plane was over due on a flight from Warrentown, Pa., to Anacostia, Md.

The air liner carried 11 passengers and a crew of three.

Major Somerby, wing executive at the Army Air Base at Fort Dix, said the air liner crashed into a field just off the main highway.

Crash crews, ambulances, and doctors from Fort Dix were rushed to the scene. There first reports back to Major Somerby were that the DC-3 was demolished.

The scene of the air liner crash was on the Peter's Munderman farm which is on the road between Chesterfield, and Sykesville, N. J. The Navy plane crashed on an adjoining farm.

Eastern Airlines said the plane was their flight number 557 which left Boston at 7:55 A. M. EST. It was due to reach LaGuardia Airport at 9:04 EST and to leave at 9:55-A EST for Wilmington, Washington and Memphis.

NEW YORK, July 30 (UP)—Following is the list of crew members and passengers on an Eastern Airlines plane which crashed in New Jersey:

Falling to stop for a red traffic light, James Walburn was arrested and charged with drunken driving. He was at the controls of a tractor.

Boy Killed As Mother Watches

OBLONG, Ill., July 30 (UP)—A nine-year-old boy was killed in a plane crash near here yesterday while his mother watched.

The boy, Michael Taylor, Henderson, Tex., had been taken for a plane ride over his grandparents' farm by his uncle, Kenneth Russell, 29, of Oblong.

Michael's mother, Mrs. Neal Taylor, watched as Russell swooped low over the farm, apparently so Michael could see what it looked like from the air.

Then the monoplane banked steeply and plunged earthward. Russell escaped with both legs broken and internal injuries. He was in critical condition.

Maxwell, Reed In Quarterfinals

FORT WORTH, July 30 (UP)—The battle between a pair of youngsters, Billy Maxwell of Odessa and Buster Reed of Dallas, will feature the quarterfinal round of play in the Glen Garden invitation golf tournament today. Maxwell, who fired six birdies on the front nine in knocking out hometown Carl Vandervoort 6 and 5 yesterday, was rated along with Morris Williams, Jr., of Austin as a favorite to meet in the afternoon semifinals tomorrow. Williams, who eliminated Joe Conrad of San Antonio, 1 up on the 19th hole yesterday, meets J. H. (Doc) Brinkley of Fort Worth in this morning's round. Other survivors were Doug Higgins, Claude Blackwell and Dayle Gilliam, all of Fort Worth, and L. M. Crannell of Dallas. Higgins meets Blackwell and Gilliam plays Crannell in the lower bracket quarterfinals this morning.

Masonic Student Returns As Coach

FORT WORTH, July 30 (UP)—Don Stephens, former Rice Institute grid star, will return to Masonic Home High where he got his start as head football coach this year. Stephens was named yesterday to succeed Paul Smith, who resigned last spring to take a similar post at Cameron. He will take over a team which was riddled by graduation after compiling an undefeated record last season.

Farmers to Find Out
CHAMPAGNE, Ill. (UP)—One hundred Illinois farmers and their wives will tour eight European countries and Canada this summer to find out how farm folks live in other parts of the world. The tour will be directed by Dr. David Lindstrom, University of Illinois rural sociologist. The group plans to visit the British Isles, Norway, Sweden, Denmark, Germany, Holland, Belgium, France and Canada.

As Easy As That
BELLEFONTAINE, O. (UP)—Mr. and Mrs. Glenn Cooper gave up fishing without catching anything at nearby Indian lake and started rowing back to the landing where they rented their boat. A 22-inch bass jumped into the boat. Her physicians say she has a favor able chance to come out of this second attack unscathed. Mrs. Warner was to have celebrated her eighth birthday when, as a resident of Kansas City, she was stricken with infantile paralysis. For nearly 18 months she was confined to the Children's Mercy Hospital here. It was during that time that she vowed to devote all her energies to fight polio. It was nearly four years after she became ill with infantile paralysis that she was able to discard the leg braces that she wore as an aid to the slightly crippled leg that the polio had caused. At that time she moved to Topeka where she attended Topeka Catholic (now Hayden) High School and resolved to become a nurse to fulfill her vow.

NURSE STRICKEN WITH POLIO THE SECOND TIME

KANSAS CITY, Mo., July 30 (UP)—Polio has struck twice at one of its chief opponents, but the fight may still be awarded the challenger. Miss Virginia Warner, a 22-year-old nurse who has devoted all of her adult life to fight against disease and particularly polio was stricken with the disease for the second time this week. She was taken ill Wednesday, her parents, Mr. and Mrs. Raymond A. Warner (of 5234 Swape Parkway) Kansas City said today. The illness was definitely diagnosed as polio yesterday. Young Miss Warner is waging her second crucial battle with the disease in Shannon Hospital in San Angelo, Texas.

Atomic Bomb—Cont'd

of the three service arms at the airport.

Almost every high American official in Germany was on hand to meet the visitors.

In their tour during the coming week, the service chiefs will hear requests for billions of dollars worth of U. S. armaments.

Purpose of the trips to obtain firsthand report on the quantity and types of arms the United States should supply under the Atlantic Pact so that Western Europe could meet and hold any attack from the East.

The joint chiefs told Congress yesterday that Western Europe would be expected to absorb the shock of a ground attack until the U. S. Strategic Air Forces could blast the enemy with atomic weapons.

A Communist threat to strike before Western Europe was ready was voiced by Umberto Terracini, Communist member of the Italian Senate and one of the leaders of the largest Communist party outside Russia.

Speaking in opposition to the Senate approved ratification, Terracini said that Russia "would act before European countries could be fully rearmend."

Russia would take action, Terracini said, if she thought a rearmend Europe was a serious threat to her. He did not specify what kind of action.

Mr. and Mrs. Eugene Baker of Gorman visited in Ranger Saturday. Mrs. Baker was enroute to Battle Creek, Michigan for a visit with her brother.

Judge Attacked—Cont'd

April 1, 1948, was served with a warrant by a deputy sheriff as he stood on a Goresbeck street yesterday and that he waived examining trial and was freed on \$2,500 bond.

Before making the bond, however, Terrell appeared before a called meeting of the city commission and tendered his resignation, which was accepted.

His bondsmen were S. A. McBay and Ruben Scharff, local cotton buyers and farmers, and Cannon Barron, wealthy Groesbeck oil man.

The sheriff said he had not been able to question Judge Kirby about the fight because of his condition.

"As far as we have been able to determine, the cause of the trouble was something of long standing and resolved from nothing recent," Green said.

Hospital attendants said that Judge Kirby, who had not been in good health for several months, spent a "fair night," and that the danger of losing an eye from a deep wound on the left forehead had been minimized by an eye specialist called into the case yesterday.

The judge had been ailing to such an extent that a visiting jurist had been hearing a murder case on Judge Kirby's bench during the past week.

The visiting judge, R. W. Williford of neighboring Freestone County had to return home late Thursday, however, after the case had gone to the jury and asked Judge Kirby if he would be available to accept a verdict if the jury reached one in his absence.

Kirby agreed and was called to the courthouse for his nearby home around 9 P. M. when the jury wanted to settle a technical point.

The jury retired, however, without returning the verdict and Judge Kirby started the walk home that ended in the meeting with Therrel and the ensuing trouble.

Sessions, who bought the child, and Viree share a joke at the Session home in Bessemer. The Sessions have started adoption proceedings. (NEA Telephoto.)
