THE RANGER DAILY TIMES is the oldest daily newspaper in Eastland County, the first edition appearing on June 1, 1919. World news is furnished the readers through United Press daily wire service.

31st YEAR RANGER, TEXAS, THURSDAY, SEPTEMBER 8, 1949 PRICE FIVE CENTS No. 83

M. H. Hagaman, Pioneer Builder, First Mayor Dies

Well... I Dunno, But...

The ranks of Ranger's pioneer builders was thinned by one more today when death claimed M. H. Hagaman, beloved citizen of 62 years. Few men have devoted more time and efforts toward the advancement of this town and of Eastland County than had Mr. Hagaman.

Recently on going through the first volume of minutes of the City of Ranger, we were astounded at the constructive accomplishments of Ranger's first mayor and first city commission. He was a true statesman, educator, builder and leader. He gave unselfishly of his time and effort with no thought of any personal gain. Once approached on a major issue which involved personal loss to him his reply was, "If it's best for Ranger, then go ahead."

Besides all of these qualities for greatness, one other stands out in the memory of those who knew him well. He was a very lovable character, gentle in spirit, fair and loyal. He was truly a great man.

Ranger's now famous rodeo is not a plug in pictures and stories on the current issue of "Back in The Saddle," a ranch and rodeo magazine. The magazine was passed on to us by Mr. and Mrs. D. F. Pulley.

The story and pictures by James Cathy, rodeo photographer, who visits the Ranger rodeo each year, praises Frank Marlam for his part in putting over the Jaycees' successful rodeos. Pictures included one of Jane Probst of San Angelo as she rounded the barrel in the girls harrj race at the 1949 rodeo. Another picture shows, little Carol Ann Porter of Dallas, granddaughter of Mr. Pulley, presenting one of several prizes which were donated by Pulley for contestants.

A number of mothers of small school children called last night to thank us for the plea for safe driving, and protective methods around our grade schools. We appreciate the calls and we hope that those who might be guilty of any careless driving etc., will heed the plea, not only of this writer but of mothers and fathers of those children in schools.

Karen Killingsworth, daughter of Mr. and Mrs. J. Floyd Killingsworth, has just found out that she has (almost) a double.

Recently the Killingsworths had a visit, the first in many years, with an uncle I. D. Killingsworth of Houston. Imagine their surprise when they learned that I. D.'s little girl is within a few months of the same age as Karen, and is named Karen. Neither family had known before that they had selected identical names for their daughters and not particularly a family name at that.

Little Karen at Houston is a model for an agency and has her picture taken frequently to be used in advertisements. But, slight unseen, we'll wager she's not any cuter than the Karen in Ranger.

Murray Taken Off Critical List
AUSTIN, Tex., Sept. 8 (UP)—Railroad Commission Chairman William J. Murray, Jr., was removed today from the critical list at Brackenridge General Hospital where he is under treatment for injuries received in an automobile collision.

RR OPERATIONS CURTAILED AS STRIKE LOOMS

ST. LOUIS, Sept. 8 (UP)—The Missouri Pacific railroad begins shutting down its operations tonight in preparation for a strike by four operating unions tomorrow.

The railroad announced that no more passengers, mail, baggage or express will be carried after midnight central standard time.

Leaders of the four unions said there virtually no hope of averting the strike scheduled for 2 P. M. CST tomorrow.

Brotherhoods representing trainmen, engineers, firemen and engine-men called the strike to enforce demands for settlement of 282 grievances with claims totaling \$3,000,000 against the firm. The grievances involve interpretations of labor-management operating rules.

About 5,000 workers will be involved directly in the strike but the walkout will idle 25,000 other employees.

The railroad, one of the principal rail routes through the south west to the Pacific coast, has already placed an embargo on all freight shipments. The embargo cut off 400 St. Louis firms from rail transportation and hampered commerce in many small southwestern towns that depend upon the road for freight.

Representatives of the four unions threatening the strike met yesterday in Cleveland and made last minute plans for handling freight destined for connecting railroads.

A company spokesman said that eventually the railroad strike might force many firms depending upon it for shipment of supplies and products to halt operations and lay off their workers.

Three Prisoners Make Getaway
HUNTSVILLE, Tex., Sept. 8 (UP)—Three prisoners at two separate prison institutions managed to hide themselves aboard vehicles and escape today, the office of Superintendent O. B. Ellis announced.

O. D. McGowan, 24, and Don L. Gibson, 23, fled Central Prison Farm in Fort Bend County early this morning. The men were working at a gin, helping load cotton. They were missed by guards half an hour after a truck loaded with cotton left for Houston.

McGowan was serving a seven-year sentence for forgery from Wichita Falls County and Gibson was under a five-year sentence for theft from Cook and Montague counties.

The other escapee was Pershing Pontento, 26, who slipped away from inside the walls of the main prison building here.

Pontento was assigned to work at the prison's textile mill and apparently hid in one of the dozens of trucks that moved in and out of the grounds. He was serving a five-year sentence for theft from Tom Green and Dawson counties.

NAVY CAPTAIN ADMITS SOME PANNING OF B-36
By CHARLES CORDRY
United Press Aviation Editor
WASHINGTON, Sept. 8 (UP)—A Navy captain told a Navy inquiry court today that he and Cedric R. Worth "always agreed" that no plane could be as good as the Air Force claims its B-36 is.

Worth, special civilian assistant to undersecretary of Navy, Dan A. Kimball, has been suspended because he wrote an unsigned paper panning the six-engine bomber and the men responsible for its procurement.

No Privacy For The Veep

Vice President Alben Barkley took Mrs. Carlton Hadley dancing in St. Louis and found, much to his annoyance, his privacy invaded by newsmen. The Vice President didn't want pictures taken of him dancing because they might be uncomplimentary. (NEA Telephoto)

BRITISH SEEK TRADE CONCESSIONS FROM U. S.

By Lyle C. Wilson
United Press Staff Correspondent
WASHINGTON, Sept. 8 (UP)—British delegates openly sought trade concessions from the United States including reduced tariffs today as the three-nation economic conference resumed here.

Opening statements of the British and Canadian delegations outlined in general terms a broad plan of further indirect assistance to Great Britain but without additional direct advances of money.

The British advanced through the Canadian delegation the idea that the United States should take over some costly responsibilities the British long have shouldered. This was in general language but evidently referred to far eastern areas which are a financial burden to London.

Secretary of Treasury John W. Snyder replied to the visiting statesmen without committing himself to anything. He said he and his associates were willing, however, to listen to any proposals which the British or Canadians might have.

Formalities were disposed of yesterday in two meetings of the Canadian, British and United States delegations. On resuming today the conference was to be divided into working groups, each to attack specific problems.

The tariff question now raised by the British is sorrier than an abscessed tooth. As the economic conference got underway the Senate started debate on the administration's reciprocal trade agreements extension bill. Debate instantly blazed around this question:

"Have tariff reductions already made under the reciprocal trade program damaged American industry and are future reductions likely to do so?"

Administration spokesmen bluntly argued that extension of the reciprocal trade program and further rate reductions would help the British out of the financial hole. That evidently is what the British urgently want and what the Truman administration hopes to offer.

Sir Stafford Cripps' statement at the opening conference session was made public last night. Cripps is chancellor of the exchequer and head of the British delegation. His partner is Foreign Secretary Ernest Bevin. They were accompanied by Sir Oliver Franks, British ambassador.

Auxiliary Asks Gifts For Sale
Members of the American Legion Auxiliary today appealed to Ranger to make contributions to their rummage sale which opens Saturday morning at 9 o'clock in the Joseph building.

Anyone wishing to make donations in the form of used clothes or anything else may call Mrs. Charles Surbrook at 222-R, Mrs. Frona Ames 457-W, Mrs. I. E. Hale 249-R, or Mrs. Jim Young 175-W. Any of these will see that the donations are collected for the sale.

Advances Aid To China Plan With U. S. Strings

WASHINGTON, Sept. 8 (UP)—Sen. Tom Connally, D., Tex., said today the administration will accept a plan to grant non-Communist China \$75,000,000 in new U. S. aid on condition that President Truman retains complete control over its use.

Connally made the announcement after his 25-man joint committee on the administration's arms aid program heard testimony from Vice Adm. Oscar C. Badger, retiring naval commander in the Asiatic.

Badger recommended such a discretionary fund, but opposed further U. S. aid to Generalissimo Chiang Kai-Shek.

The discretionary fund, designed as a compromise to meet Republican demands for more aid to China, would not specifically provide military assistance for anti-Communists. But Connally made clear that it could be used for this purpose if President Truman saw fit.

Connally said the plan would draw no objections from the state department.

It was the first hint that the administration is retreating from its adamant attitude that the U. S. should "let the dust settle" in China first before advancing new assistance.

Secretary of State Dean Acheson has said in the past that more arms aid to China might be "catastrophic" and involve use of American troops.

Athletic Field Money Needed

E. F. Arterburn, president of the Quarterback Club one of the active groups sponsoring improvements at the athletic field, stated today that while additional contributions to the improvement fund have been made, still more money is needed.

He stated that an additional \$50 gift has been made by the Texas Electric Service Company and others gifts have been made by Page Plumbing Company, The Globe, C. E. May Insurance and A&P.

Two of the field gates will be hung and another one will be put up today and it is hoped that the others will be up by game time Friday night.

Anyone wishing to make a contribution may contact Arterburn or other members of the Quarterback Club.

Rotarians Hear Talk On Phone

George W. Brown with the public relations of the Southwestern Bell Telephone Company was the guest speaker at the Rotary Club meeting Wednesday at noon at the Gholson Hotel.

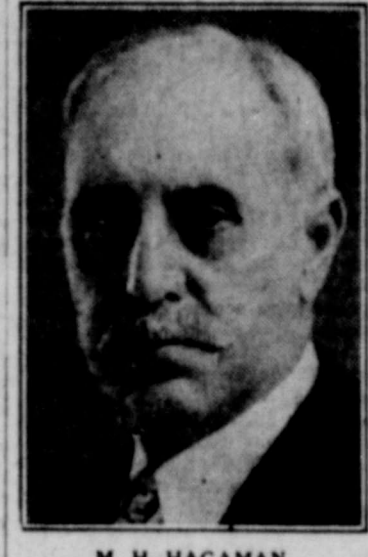

Brown was introduced by W. H. McNally of Cisco, district superintendent for the telephone company, gave an illustrated lecture on "A Journey With Your Voice."

In the lecture Brown gave a detailed account, using a chart and telephone equipment to show what actually happens to a voice when a long distance call is placed. The intricacies of the equipment and its power were illustrated through demonstrations of various instruments.

G. B. Rush, president of the club, presided at the meeting. O. G. Lanier led the singing and the invocation was offered by R. H. Snyder.

WRITES TO BE CONDUCTED FRIDAY AT 4 P. M. AT METHODIST CHURCH

BUILDER MOURNED

M. H. HAGAMAN

Plans Started For Barbecue To Celebrate Road

H. C. Henderson announced today that November 1 has been set as the tentative date for a big celebration on the completion of the rebuilding of the Ranger to Caddo road. The event is being sponsored by the Chamber of Commerce.

Henderson, chairman of the Chamber of Commerce committee on arrangements, stated that word has been received from Fred Wemple of the State Highway Commission, that members of the commission can be here for the celebration on that date.

Plans are for a big chicken barbecue, time and place to be announced later.

Other guests who will be invited to the celebration are D. C. Greer state engineer for the highway department, Leo Ellinger, of Brownwood, district engineer, the commissioners courts of Eastland and Stephens counties and the Chamber of Commerce of Breckenridge. The citizens of Ranger will also be invited to attend as will the people of the area that the highway serves.

Prison Escape Law To Be Tested

AMARILLO, Tex., Sept. 8 (UP)—District Attorney Lloyd King has applied the new Texas escape law for the first time in Potter County history.

He filed an escape charge against John Dillon, a trustee who fled last Sunday while on a weed-cutting detail at the Tri-State Fairgrounds.

Dillon was taken into custody yesterday morning. Officers found him hiding in the rear of an automobile. The driver, James Farris, was under indictment already for burglary. A new charge, carrying a pistol, was lodged against him. Authorities said the gun was one stolen from an Amarillo policeman.

The new escape law, which was passed by the 51st Legislature, went into effect last April. It provides a penalty of two to five years.

LIVESTOCK RAISERS TO HOLD ANNUAL BARBECUE OCTOBER 20

The date for the annual barbecue of the Eastland County Livestock Raisers Association has been set for Thursday, October 20, A. V. Clark, Cisco, president said after a meeting of the group recently.

The barbecue will be held at the City Park in Eastland as has been the custom in the past few years, Clark said.

WOJG McCallam En Route Home

JOHNSON AIR FORCE BASE, Japan—Announcement of the return to the United States of Warrent Officer Junior Grade Marie McCallam, husband of Ovada McCallam, 1111 Desiemona Street Ranger, for subsequent reassignment with in the United States, was made here recently by Colonel L. C. Coddington, Commanding officer of the 35th Fighter Wing, Johnson Air Force Base, where WOJG McCallam was stationed for duty with the Fifth Air Force, the Occupational Air Force for Japan, as an Assistant Adjutant.

A former student of Hinds High School, WOJG McCallam entered the United States Air Force on February 18, 1931, and following completion of basic training, he remained on duty in the United States until alerted for movement to the Pacific Theater of Operations.

Arriving in Japan at the second major port, Yokohama, on April 12, 1947, he was assigned to the Fifth Air Force, the occupational Air Force for Japan and Korea and subsequently re-assigned to Johnson Air Force Base near the capital city of Tokyo.

When the city of Ranger was incorporated in February 1919, Mr. Hagaman was appointed to serve as its mayor until the first election which was called for April 3, 1919. At that election he received every vote cast for the office. During his term, Ranger took its initial steps in building a modern city and the minutes of those early days reflect the tremendous job that was done by the first mayor and his commissioners.

Commissioners who served with Mr. Hagaman were M. R. Newham now of Longview, the late A. Davenport and late R. M. Davenport and T. G. Deffebach, now of Snyder. At the end of his term Mr. Hagaman declined to be a candidate again but continued active leadership in the community.

Aside from his efforts for the advancement of Ranger, he was a leader in the county and served on the first board of teacher examiners in the county. He was active in the development of roads and railroads in this section and served two terms in the Texas Legislature as representative of the 106th District, serving from 1924-1928.

When the need for a city water supply arose during the boom days Mr. Hagaman contracted with the city to furnish water from Lake Hagaman which he had built on his ranch and the Lake remains to this day the chief source of Ranger's municipal water supply. He also built the Hagaman Refinery east of town which operated a number of years.

He had been a member of the Elks Lodge, was a 32nd degree Scottish Rite Mason and Shriner and a member of the Methodist church. During his more active years he had served in many capacities in the First Methodist Church in Ranger. He was a charter member of the Ranger Rotary club.

In 1898 in Ranger he was married to Emma Whittington, also a member of a pioneer Eastland county family and who survives him. Other survivors are two sons, Leslie H. Hagaman of Ranger, Fred Hagaman of Conway and Mrs. Ruth Horgan of Austin, recently of Berger, five grandchildren, Frances Ruth Hagaman of Midland and Ranger, Betty Lou Hagaman and John Leslie Hagaman of Ranger; Pat Horgan of Austin and Kathleen and Fred Hagaman of Conway.

Polaris, the Pole Star, is at a distance of 470 light years from the earth. (A light year is the distance a ray of light will travel in a year, approximately 6,000,000,000,000 miles.)

STORES TO CLOSE
Stores will be closed in Ranger Friday, afternoon from 4 to 5 o'clock during funeral services for M. H. Hagaman, Ranger's first mayor.

Citizens are asked to note this announcement and make their plans accordingly.

A prominent speaker from Fort Worth is to be on the program. The date for the annual County Livestock Show at Cisco was set for the last Friday and Saturday in March. A catalogue committee was named to work out classes and premiums.

Tickets for the barbecue are to be used this year for the first time. They are to be \$1 each and will be sold prior to the opening. Persons who desire to join the association may do so by paying \$2.00 additional. A membership committee will be on the grounds curing the barbecue to solicit memberships.

The group will meet again at the courthouse in Eastland on September 27, all members are urged to be present.

TEXAS News Briefs

By United Press

EL PASO, Sept. 8 (UP)—Jails here and at Las Cruces and Deming, N. M., were overflowing with Mexican "Wetbacks" today.

Grover C. Wilmoth, El Paso district director of the U. S. Border Patrol, described the situation as "nothing unusual." He said it happens every year at cotton picking time when laborers swim the Rio Grande to avoid red tape involved in regular employment centers.

BROWNWOOD, Sept. 8 (UP)—This Central Texas town began action today as distribution center for school lunch supplies in 14 counties.

Commodities will be shipped to feed 16,289 children in Brown, Callahan, Coleman, Comanche, Concho, Eastland, Mason, Menard, McCulloch, Mills, Runnels, Stephens, Shackelford and San Saba counties.

BONHAM, Sept. 8 (UP)—Graduates of the Vocational Agricultural School here will be addressed by Speaker of the House Sam Rayburn at commencement exercises Sept. 16.

Certificates will be awarded 141 veterans who have completed 36 months training in agriculture.

SWEETWATER, Sept. 8 (UP)—N. R. Thompson, Lubbock, was in a critical condition today as the result of injuries received in a truck accident 12 miles south of here on Highway 70.

Thompson's companion and driver of the truck, Gregory Salas, was killed when he lost control of the wheel and the vehicle overturned.

The two men were en route from San Angelo to Lubbock, where they were employed by the Sunset Meat Market.

AUSTIN, Sept. 8 (UP)—Gov. Allan Shivers was packing today for a week of travel that will take him to Houston, Dallas and Mexico City.

The governor will go to Houston tomorrow to attend a dinner of state Shrine officials and participate in the dedication of a new synagogue. He'll return for the opening of the Texas Citrus and Vegetable Growers and Shippers Association meeting Monday.

Shivers will fly to Dallas Tuesday to address the International Police Chiefs Association. The next day the governor will leave for Mexico City and meetings with members of the international AFTOSA commission.

COOL FRONT BRINGING SHOWERS TO TEXAS AREAS

By United Press

A slow-moving cool front brought soaking rains to West and North Texas and the Panhandle last night and today. The Dallas Weather Bureau believed the mass of cool air would remain at least 36 hours.

Heaviest rain reported to the Dallas Weather Bureau was 2.65 inches at Sherman, in North Texas. Lubbock, in West Texas, had 1.22 inches and Texarkana in northeast Texas, 1.78 inches during the 24 hour period ending at 6:30 A. M. today.

Other rainfall reports included Roanoke, north of Fort Worth 1.35 inches; Dimmitt 1.48; Dumas 1.47; Panhandle 1.79; Borger 85 Claude 1.38; Hereford .67; Clarksville .45.

BONHAM, Sept. 8 (UP)—Graduates of the Vocational Agricultural School here will be addressed by Speaker of the House Sam Rayburn at commencement exercises Sept. 16.

Certificates will be awarded 141 veterans who have completed 36 months training in agriculture.

SWEETWATER, Sept. 8 (UP)—N. R. Thompson, Lubbock, was in a critical condition today as the result of injuries received in a truck accident 12 miles south of here on Highway 70.

Thompson's companion and driver of the truck, Gregory Salas, was killed when he lost control of the wheel and the vehicle overturned.

CAUSE OF FATAL FALL ON OCEAN LINER MYSTERY

BOSTON, Mass., Sept. 8 (UP)—Ship's officers of the liner Excalibur could give no reason today for the fall in which a 19-year-old Dallas, Texas, debutante was killed and her escort critically injured.

Capt. Samuel N. Groves, the ship's master, said the accident occurred off the Azores at 4:30 A. M. Saturday in a "fairly calm" sea.

Miss Adrienne Atwell suffered fatal head injuries when she and Robert M. Willard, 21, also of Dallas, fell backward while climbing a stairway. Willard, a Southern Methodist University student, sustained a skull fracture.

The Excalibur, operated by American Export Lines, docked here last night about 17 hours ahead of schedule. Willard was removed from the ship in the outer harbor by a coast guard cutter and taken to a Boston hospital where he was reported in fair condition.

Miss Atwell, granddaughter of Federal Judge William H. Atwell, and Willard were "walking side by side up the ladder from

Captain Held In El Paso Shooting

EL PASO, Tex., Sept. 8 (UP)—Air Force Capt. Joseph Phillips 30, of Alton, Ill. was held today on a charge of murdering a bartender who had been cooing his wife since their separation.

Phillips, stationed at Biggs Field here, refused to discuss the shooting, which took place Tuesday in the rear of a drive-in where the bartender, Vernon Hopper, 28 was employed.

J. R. Lewis, another bartender, said he heard several shots after Hopper had walked to the rear of the drive-in, followed by two air force officers in civilian cloths.

Hopper had been shot five times. Police said two bullets pierced the bartender's hands, indicating he had tried to shield himself.

The officers were prevented from leaving by a husky ex-football player who blocked the door until police arrived.

Mrs. Phillips and the captain were married in 1940 at St. Louis.

Mrs. Hopper, mother of the bartender, said her son "did not start going with this woman until she separated from her husband about two months ago. He didn't give my son a chance."

Mrs. Phillips said that her son did not know Phillips.

Edward C. Kautz, the bartender's brother in law, gave police several letters addressed to Hopper by Mrs. Phillips, a pretty brunette. They were addressed to "Vernon, my honey," and signed, "Hazel."

The murder charge was returned by a Justice of the peace yesterday.

Wants Back in Tribe
LANDER, Wyo. (UP)—The great-great-granddaughter of Sacajawea, Indian woman guide for the Lewis and Clark expedition, has applied for reinstatement to the Shoshone Indian tribe. She is Mrs. Margaret Eastman of Lander, who was on the rolls of the

tribe for some years and then was dropped.

Heart Disease Worst
SAN FRANCISCO (UP)—Statistics released by Dr. J. C. Geiger, city health director, showed heart disease accounted for 33 per cent of all deaths here last

year. Cancer, No. 2 public enemy accounted for 17 per cent of San Francisco fatalities during the year.

Chemicals and textiles, with their allied products, make up the two leading major industrial groups represented in Tennessee

Richard Strauss Famed Composer Dies In Germany

GARMISCH - PARTENKIRCHEN, Germany, Sept. 8 (UP)—Richard Strauss, famed German composer, died at his home here today at the age of 85.

He had been ill for weeks with a kidney ailment and angina pectoris.

Strauss was best known for two of his operas, "Der Rosenkavalier," completed in 1910, and "Salome." He also composed a number of tone poems, symphonic poems, concertos and more than 100 selections for voice and piano.

Although named after the famous Viennese Strauss family, of whom the Waltz King Johann is best known.

Born in Munich, Richard Strauss was the son of Franz Strauss, first horn player in the Munich Court Opera. By the time

he was 10, Richard had composed several promising selections.

He quit school at 19 to devote his entire time to music.

Strauss made two visits to the United States. On the first in 1904, he produced his "Sinfonia Domestica," but the reception was not too favorable. He returned in 1922 as guest conductor of the New York Philharmonic and Philadelphia Orchestras.

Strauss continued to compose during World War II. The Nazis tried to make him their No. 1 composer and producer, but he refused to cooperate with them.

Strauss's 87-year-old wife, the former Pauline De Aahn, was at the deathbed.

Electric Cooking is COOL...

You can't enjoy preparing meals in a hot, stuffy kitchen. What's more, there's no need to have one. Surface units of the new, modern, streamlined, electric ranges apply their heat directly to the cooking utensils and the food—ovens are heavily insulated too—assuring cool comfort while meals are being prepared.

of course, it's electric!

Your favorite electric appliance dealer or home furnishing store can show you the new model electric ranges with all the new features which make cooking easier and more economical.

BULLDOGS EXPECTING TOUGH TEST AGAINST OLNEY FRI. NITE

In preparation for the tough test which the Ranger Bulldogs face here Friday night in the opening game with Olney, the local boys have been working over time this week.

Skull practice took over from body drills Wednesday at the Bulldog session and Coach Stubby Warden drilled his boys with a lengthy blackboard discussion.

Coach Warden outlined the Olney offense and instructed the boys on how to set their defenses. Like Ranger, Olney runs from the T-formation.

Following skull practice the boys put the theories to work on the field for the remainder of the period.

In comparing the lines of the two teams, Ranger and Olney, Coach Warden said that the Olney will have the weight advantage. The Bulldogs forward wall averages 150 pounds as compared with 164 average for Olney. In the backfield the Bulldogs will be out weighed by just a single pound. Warden's lightweights will stage

their final workout today. In speaking of the boys' prospects, Coach Warden stated, "We lack the beef but we hope to have more hustle and speed to off set their disadvantages."

While the order for opening game is generally tune-ups and breathers, such is not the lot of the Bulldogs in Friday nights game. They will go up against two of the most highly rated schoolboy combinations in the State when the debut with Olney Friday night and with Bowie on the following Friday night.

McCarthy Will Stage Pro Game

HOUSTON, Tex. Sept. 8 (UP)—Oilman Glenn McCarthy said today he would sponsor a professional football game here Dec. 17, with proceeds going to four charity organizations.

Arrangements have been made, McCarthy said, with the All-American conference to provide the players. Full details have not been worked out as to whether it will be a game between two of the conference teams, or if it will be an all-star show.

Benefiting from the game will be a Home for the Aged, the Damon Runyon Cancer Foundation, the Shrine Crippled Children's Fund and the National Kids Day for underprivileged children. Tickets to the pro game to be played in Rice Institute Stadium, may be as high as \$15, McCarthy said. The price and other details will be worked out by the Shamrock Bowl Corporation, of which McCarthy, his brother, William, and Jim Clark are directors.

DUKE, PRITCHARD CONTENDERS FOR RAZORBACK SIGNALMAN

When Arkansas' Razorbacks line up for the kickoff for their opener with North Texas State Sept. 24, either Alvin Duke or Ross Pritchard will do the signal calling.

Coach John Barnhill said Duke and Pritchard would mastermind the Porkers' strategy at least for the first few games or until some of the younger, less-experienced quarterbacks show their savvy.

"Don Logue, Charlie Temple and Jim Rinehard are running neck and neck for quarterback spots right now," Barnhill said. "But each is two or three real games away from being a poised signal caller."

All three are sophomores. The Baylor Bears, still a question mark in early prognostication, took it easy yesterday after their tough scrimmage Tuesday.

The Bruins spent the day drilling on blocking and running plays. They topped off the day's workout with a 30-minute session of light scrimmaging.

At College Station, Texas A. & M. polished the defense it will use against Villanova.

Encouraging news came from trainer Bill Dayton, who said the Argies would be in good condition for their opener.

The casualty picture did not look so horrible today to Coach Dutch Meyer at Texas Christian. Meyer put his crying towel away to dry as all but two of his seven casualties returned to the Frog fold yesterday. Harold Kilman, outstanding guard and tackle, was expected to return today, leaving only Dick Lowe, junior guard from Wichita Falls, on the injury list.

Meyer said Otis McKelvey, senior fullback from Odessa, was impressive in his fill-in roll in John McDaniel's spot. Dan Wilde, a Graham quarterback, turned in some excellent open field running. Four University of Texas sophomores were sidelined as the Long

horns wound up their first week of fall training.

Fullback Reed Quinn fractured two small bones in his right hand, and it was doubtful if he would be ready for contact before the third game of the season.

Coach Blair Cherry said Bryon Townsend bruised his shoulder and fullback June Davis of Denton pulled charley horse in his left leg.

Cherry said that tackle James Tatom of Dallas was limping with a foot injury and might not be ready for the scrimmage set for Saturday.

Matty Bell ran the Southern Methodist Mustangs through a stiff scrimmage session and the defending conference champs emerged in good condition.

Bell & Co. concentrated on line play with some emphasis on passing in preparation for the Ponies' opener Sept. 24 in Dallas with Wake Forest.

Inquest To Be Held In El Paso Man's Death

EL PASO, Tex., Sept. 8 (UP)—An inquest will be held tomorrow in the death of Lieut. Edward L. Helmstetter early Sunday, and District Attorney Roy P. Jackson said he would summon 10 witnesses.

A grand jury to convene Sept. 19 was scheduled to investigate the case and determine the nature of the action, if any, to be taken against Pvt. Charles M. Meloche.

WITNESS IN MASON CASE IS MISSING

ALICE, Tex., Sept. 8 (UP)—Ex-policeman Willie Chapa, an important witness, was missing today as a Jim Wells County grand jury went into its second day of inquiry into the assassination of crusading Radioman W. H. (Bill) Mason.

Stokes Michener, a policeman assisting the grand jury balliffs, said he failed to locate Chapa yesterday and that he was still missing today.

Michener expressed no particular alarm at the development. "I think Chapa is just out of town for a while," he said.

Chapa was being counted on to tell the grand jury who pocketed the profits from the night club, Rancho Allegro, which Mason charged was owned by ex-deputy sheriff Sam Smithwick, his alleged slayer.

The grand jury is to decide whether to indict Smithwick for the murder, last July 29. Mason had charged that Rancho Allegro was a bawdy house and that it openly violated liquor laws.

Chapa was ousted as police desk sergeant on Aug. 15, when it was revealed that he had been bookkeeper, "on the side," for Rancho Allegro.

For awhile, Texas rangers had kept Chapa under "protective sur-

Sofia Calm As Officials Study Trail Legality

BRADY, Tex., Sept. 8 (UP)—Sofia Anargeros Petterson sat in her jail cell and read the new testament today, as officers pondered the legality of trying her for murder and possibly sending her to the electric chair.

Haun received a copy yesterday of her birth certificate from authorities in Somerville, Mass., her home town. The document showed her to be only 17 — a juvenile under Texas laws.

District Attorney Ralston P. Haun declined comment on the apparent setback, saying only that "we are going to do all we can to administer justice properly."

A McCulloch County grand jury recently refused to indict the alleged hitch-hike slayer of Brady realtor Lewis Patterson, presumably because of her age.

Mason was shot to death as he sat at the steering wheel of his automobile at the outskirts of Alice on July 29. Smithwick surrendered shortly afterwards and has been held in jail, without bond, since.

Appointments By Shivers Listed

AUSTIN, Tex., Sept. 8 (UP)—Gov. Allan Shivers yesterday named Dr. Marcus Norvell of Corpus Christi and Dr. Fred Pray, Beaumont, to the State Board of Optometry to succeed Dr. Nelson Groeman of San Antonio and Dr. H. G. Towle, Snyder.

Other appointments included: Nueces River Conservation and Reclamation District—Paul Green of Freer, for a six year term to replace J. C. Corbin, formerly of Freer. Corbin, appointed by the late Gov. Beauford Jester, is no longer a resident of the state.

State Board of Chiropraxy Examiners—Dr. Marshall Harvey Lubbock, and Dr. Edward M. Kott, Austin. Both were re-appointed.

Shivers also named George E. Butler, life insurance commissioner; Homer Garrison, Jr., director of the Department of Pub-

lic Safety, and Bascom Giles, general land commissioner, to the governor's committee on interstate cooperation.

WORKING GOIL—Hollywood's Marie Wilson, who portrays beautiful but dumb blondes on the screen and radio, got into this brief farm-girl costume in celebration of Labor Day. She's just a working goil at heart.

Dim Your Lights And Save A Life

News From GORMAN

GORMAN, Sept. 8 (Spl.)—One of the most interesting parties among the younger set in Gorman took place Sunday evening at Emerson's Cafe. It seems Jack Emerson, son of Mr. and Mrs. Clarence Emerson who own and operate the cafe, and Patsy Ogle, daughter of one of the oldest families of these parts, have birthdays on the same day September 4, and they are the same age—17. So Mrs. Emerson really put the party on for the young people. There were color schemes, party favors, place cards, finished off with the proverbial huge birthday cake all decorated, and pink ice cream. The table was lovely in pink and white. Those in the party were high school friends of the two honorees' set and included: Joe Allen Greer, Carolyn Harrell, Mackie Bryant, Jeannette Isbell, Patsy Ogle, and Ray Broom who was on a visit home from the Navy, Rex Broom, Roy Ralls, Jack Harris, Robbie Gayle Hallmark, and Jack Emerson. The cake was cut by Patsy Ogle, one of the honorees. It was a lovely party and the youngsters seemed to be having a wonderful time when interviewed by this reporter.

Mr. and Mrs. Edgar Walker of Gorman have been having quite a number of guests this summer. This week, Mrs. M. T. Smith of Dallas and Mr. and Mrs. W. M. Emmons and daughter, Diane, of Albany were in the Walker home for a few days visit. The ladies were down at the bus station Tuesday afternoon meeting for a few minutes as she was passing through. Mrs. Smith's daughter, Mrs. L. E. Angell and Lloyd and Frances from Hico.

Mr. and Mrs. Bob Boucher spent last week end in Post where Mr. Bob was having a wonderful time counting the bolls on his cotton stalks on his 120 acre cotton field. The stuff is about waist high and literally covered from top to bottom with large white fluffy balls of fiber. Post, as you remember is where our good Garza sheets and pillow cases are made, presumably out of some of this same grade of Texas cotton such as Mr. Boucher and some others of his and Mrs. Boucher's families have cotton farms. Some of the farms in the area are irrigated from deep wells—about 600 feet in depth. They expect to make about a bale or more per acre in that area and the help situation may become acute before they get it all gathered.

Mr. and Mrs. Floyd Gilbert and children, and Mr. and Mrs. Marie Allen were in Goldthwaite Sunday visiting Mr. Gilbert's cousin and family.

Those of us who knew him were saddened this last week end by the unexpected death of a Mr. George Bell of Oklahoma who died while taking a shower in the Gorman Hotel early Sunday morning. Mr. Bell had not been in good health for some time, succumbed to a heart attack while visiting the area in the interest of oil holdings.

Brother Albertson of Brownwood filled the pulpit of the First Baptist Church Sunday at both services. He is a seasoned veteran in the preaching and ministerial fields and we are always glad to have him preach to us. The pulpit committee of the Baptist Church were out scouting Sunday trying to find someone to fill the place left vacant by the resignation of Brother Taylor Henley. Two possibilities were investigated, but so far we haven't a preacher yet. This will be a long arduous and responsible task for these men and we should not expect them to set too hastily.

Mr. and Mrs. George McCormick have had both his and her parents visiting them. Mrs. McCormick's parents live at Graham while Mr. McCormick's parents live in East Texas.

Mr. and Mrs. Jimmie Dean and daughter from Waco have been visiting the Labor Day week end with his mother, Mrs. J. Frank Dean, and also with her mother Mrs. O. T. Shell. Until a few weeks ago Mrs. Shell was Mrs. A. Anderson, but she and Mr. Shell left Gorman one fine day two more or less lonely people and came back a bride and groom. We here in Gorman think mighty highly of these two nice people and we wish for them the best of everything that the land and best half of their lives holds in store.

We understand that Ed Wright, who has a power saw which he uses in connection with his carpenter and construction work has let that saw rip through two of his fingers. We have not been able to personally talk with Mr. Wright since the accident but the report is that he had lost both

fingers. This will really be a crippling accident to Mr. Wright who is one of our area's better carpenters.

Several people from Gorman are attending the night games in Dallas and Fort Worth this week where the Cats and Eagles are battling it out on almost perfect diamonds. The Eagles continue to get their wing feathers clipped with every encounter the first night at Fort Worth Landrum allowed them only one walk and one hit for one base only. With a field and a lineup like the Cats have developed this reporter feels sorry for anyone whom the Cats really want to trounce upon. Yes, we saw them in action that first night in Cowtown. It was a good, good, game.

Peanut harvesting is beginning to be discussed and should be in full swing by about the 15th, by which time the Gorman Peanut Co. expects to begin shelling on a full time schedule again for this season.

Jack Bennett of the Bennett Appliance Co. has been having some extra space added to his establishment to take care of storage of both new and used Appliances. Is that man selling Maytag Stove and Washers and G. E. Appliances? You can't look up or down the Main Drag in Gorman any hour of the day that you do not see either one or both of his pickups leaving with a load of things they have just sold.

Dr. Ed Blackwell will probably be the Mayor's appointment to fill the unexpired term of City Commissioner Neil Rose who has

moved away. His brother, Dr. George Blackwell was Mayor of our town for about 20 years, and the town still feels the weight of the good which was done by way of improvement and paying off the boom day debt which the town has had to carry all these years, so maybe the other member of this family team of doctors will come forward and do his bit publicly as has his brother. Of course, we do not mean that Dr. Ed has not always been on the job working with others for the betterment of Gorman, he has, but now he can begin to get part of the easing as thank you for the work which a Public Servant always ex-

EXPLOSIVE DRAMA!

pects from some of his fellow citizens. Sometimes that is the only way a Public Spirited Citizen can gauge the service he is rendering to his town and community.

All the original land surveys around Lake Pungo in North Carolina are tied to an ancient cypress tree on the lake shore, a stump of which is still standing.
