'Believe in Yourself,' Coffey Advises Athletes

It was a big weekend for Junior Coffey.

The former Dimmitt High School all-stater and all-American, now the No. 1 running back for the Atlanta Falcons of the National Football League, came back to his home town to speak to 420 sports fans at the annual DHS athletic banquet.

THE SPORTS banquet was the first he has attended here since he himself won the "Most Valuable Player" award in 1961. After getting a three-day pass from his National Guard duty in North Carolina, the professional fullback arrived at Dimmitt Airport Friday at 4 p.m. and was greeted by a weather-braving cluster of friends, fans, teachers and former schoolmates.

Minutes after he arrived and received the key to the city from Mayor George Bradford, a heavy downpour chased the big fullback and his welcoming crowd into a hangar, where he had an old-fashioned autograph party.

SATURDAY was "Junior Coffey Day" in Dimmitt by Mayor Bradford's proclamation, and it was a busy day for the 25-year-old gridder. He met, shook hands, talked football and signed autographs during a two-hour reception that morning in the First State Bank community room.

After sandwiching his lunch between press and TV interviews, he talked to Little League boys at their tryouts at the city park Saturday afternoon.

That night came the banquet that brought him here, and 420 athletes and boosters jammed South Elementary School cafeteria to hear him speak.

IN THE banquet audience were his two high school coaches — J. D. Covington of Alamogordo, N.M., who introduced him, and Johnny Ethridge of Amarillo, whom Coffey said was "the coach who taught me my biggest lessons — to be a competitor and to believe in myself."

"Not many people realize the mental toughness it took for Junior to play the game he loves," Covington said in his introduction.

Coffey's former coach let it go at that. He didn't spell out the details of how Coffey overcame the racial barrier every week to become an all-district and all-regional fullback his sophomore year, an all-stater as a junior, and an all-state repeater and high school all-American as senior under Covington's and Ethridge's tutelage. He simply introduced his 225-pound former gridiron student as "the seventh leading ground gainer in the National

Football League — Junior Coffey.

AFTER EXPLAINING the pro draft system that sent him to the Green Bay Packers for a year after his graduation from the University of Washington, then to the newly organized Atlanta team last year, Coffey told what life is like in his incredibly tough profession.

"The athlete of today finds himself trying to prove to the people that ball players aren't the same as they once were," he said. "Most pros today are college graduates who also have their own businesses. Each and every athlete in the pro field knows he's being watched by 40 or 50 thousand in the stadium and millions on TV, so he has to watch his P's and Q's."

He said the honor that has meant the most to him in his young life was being chosen by his Bobcat teammates here as the "Most Valuable Player" in '61.

MVPs were named — two of them all-staters. They were Mike Bruegel, all-state football guard; John Howell, all-state basketball forward; David Bellinghausen, DHS's highest scoring track and field athlete; and A'llan Webb, all-district girls' basketball forward.

Coffey also outlined his personal reasons for wanting to make a success as a professional athlete.

"The first realization I got of racial differences," he said, "was when I entered Dimmitt High School as the only Negro student."

"I FEEL THAT through athletics, an individual of my race can establish a place for himself and prove that we in America have capable, educated people of every race."

He said the people of Atlanta "have been wonderful to me, and have welcomed me as an individual."

"To accomplish anything in life," he said, "an individual must believe in himself and must have a set of rules by which he lives."

"EACH TIME I have a game on Sunday, I spend all my time devoting my thoughts to this game. Also, I always repeat the Lord's Prayer before I go into a game. This is the way I try to live my life."

Coffey's legal residence now is in Washington State. He and his wife, Kathy, own their home in Seattle, and Mrs. Coffey teaches in a business college in nearby Everett. They met while Coffey was a student at UW, and they married in 1965.

50 Piano Pupils Enter Auditions

Fifty young pianists from Dimmitt and Hereford will take part in National Piano Playing Auditions here Saturday through Tuesday.

SPONSORED by the National Guild of Piano Teachers, the annual audition could qualify students for local, district, state, national or even international honors, depending on how well they perform their music.

Taking part in the auditions will be 43 piano pupils from Dimmitt and seven from Hereford. They are the students of Mrs. Leon Sanders, Mrs. Howard Hershey and Mrs. Faun Welker of Dimmitt and

Mrs. Glenn Snyder of Hereford. The teachers are all members of the national guild.

EXAMINER in the auditions will be a well known California music teacher, pianist and organist — Mrs. Wallace B. Pefley of Castro Valley, Calif.

Mrs. Pefley, who studied at Columbia University and has taught both at the private studio and college level, has adjudicated guild auditions in Washington, Nevada and California. She is currently on a three-week Texas judging tour.

Mrs. Hershey is chairman of the local student auditions.

Junior Rodeo Starts Tonight

Entries will close at 4 p.m. today (Thursday) and the chutes will open at 8 for the annual Dimmitt Junior Rodeo.

SO FAR, 40 young riders and ropers have entered the three-day rodeo from points as distant as Dickens, Texas, and San Jon, N.M., and entry chairman Jimmy Presley said he expects more 50 waddies to be signed up for the six events by book-closing time today.

Action will start at 8 o'clock tonight, Friday and Saturday, with a grand entry scheduled each night.

Young cowpokes 19 and under will compete in bareback bronc riding, bull riding, ribbon roping, tie-down calf roping and barrel

racing. And in a special event for little brothers, youngsters under 12 will try their luck at junior bull riding.

IN ADDITION to the rodeo events, City Marshal W. W. Jones will perform his precision knife-throwing act each night as a special attraction.

No rodeo parade is planned, but two dances are. The dances will be at the Catholic Community Building after the Friday and Saturday night rodeo performances.

BUCKLES will be awarded in each event, and Interscholastic rules will apply to rodeo entrants, according to Dale Carmichael, Dimmitt Rodeo Association president. Each youngster entering must have a release note signed by his parents and witnessed by a notary public.

Dimmitt Gin Co. is headquarters for the rodeo. The youngsters' riding and roping stock will be furnished by Red Whitley of Crosbyton.

A'llan Webb Chosen For Girls State

A'llan Webb will be Dimmitt's delegate to Girls State in Austin this June.

SHE WAS chosen by a committee of local American Legion Auxiliary members from four candidates this week. Sherry McGowan was elected as alternate. McGowan is a junior.

Miss Webb is the daughter of Mr. and Mrs. Allan Webb. Miss McGowan's parents are Mr. and Mrs. Tommy McGowan.

Girls State will be conducted at the State School for the Blind in Austin June 14-21. Four hundred high school junior girls from throughout Texas will take part in the event, which is sponsored annually by the American Legion Auxiliary.

Monday to Be 'Teacher Day'

Monday will be "Teacher Appreciation Day" in Dimmitt.

THE P.T.A. will observe its annual salute to teachers with a buffet supper at 7:30 p.m. in the South Elementary School cafeteria.

Rev. Frank Pollard of First Baptist Church will be the dinner speaker.

"Teacher Appreciation Day," officially proclaimed by Mayor George Bradford, will mark the finale of the P.T.A. year. Officers for next school year will be installed during the buffet supper.

Mrs. Wiley Alexander of Amarillo, District 8 president, will install Mrs. James Proffitt as Dimmitt P.T.A. president for 1968-69. Mrs. Joe Carver as vice-president, Mrs. Bruce Taylor as secretary, and Mrs. Marshall Langford as treasurer.

Main purpose of "Teacher Appreciation Day" is to enable parents of the community to show their appreciation for Dimmitt's teachers. Monday night's buffet supper is open to the public, and parents are encouraged to bring their favorite salads to share with the teachers.

Sinclair Listed In Honor Volume

Ivan Sinclair, son of Mr. and Mrs. B. E. Sinclair of Dimmitt, will be listed in the 1967 edition of "Outstanding Young Men of America."

LISTINGS in the young men's "Who's Who" are based on personal achievement and contributions to country.

Sinclair is President Johnson's former appointments secretary and aide, and is now an executive with Braniff International in Dallas.

HE WAS recommended for the new honor by his alma mater, Hardin-Simmons University, where he received a degree in journalism in 1959. Sinclair is a 1955 graduate of Dimmitt High School. His wife is the former Lyndell Thompson.

The "Outstanding Young Men of America" volume, published in Montgomery, Ala., is now being prepared and will list approximately 1,000 young American men.

Dimmitt Hosts Nurse Workshop

Nurses from Dimmitt, Hart, Silvertown, Tulia, Friona, Olton, Hereford and Farwell gathered at the First State Bank community room last Thursday for an area nurses' workshop on school children's health care.

CONDUCTING the workshop was Alta Harrison of Austin, state school nurse consultant.

Purpose of the meeting was to show how teachers observe their students for health problems and how they can best work with school nurses. Included in the all-day session was a film, "What a Teacher Sees."

Hcstess for the workshop was Katherine Mencebal'ez, Dimmitt Public Schools nurse. Mrs. Mary Miller of the Public Health Service office in Lubbock also was a guest at the workshop.

FIRST STEPS are now being taken in the construction of the million-dollar migrant labor housing project in East Dimmitt. Here, Lindsey Williams of Littlefield, surveyor for Vaughn Construction Co., focuses on the underground pipeline routes. Land leveling is now underway.

Who Minds Hail?

Grinning, wet-faced Castro Countians showed this week that they don't mind a little hail this time of year — as long as ha'f an inch of rain comes with it.

Southwesterly storms clouds brooded almost daily during the week — and a pair of them finally hatched over Castro County.

GOOD RAINS Friday and Tuesday totaled .67 of an inch in Dimmitt and kicked the year's official county-seat total to 1.40

inches, almost doubling the rainfall count since Jan. 1.

Totals varied widely both days, ranging from .20 in Dimmitt to two inches or more in the north and east.

AFTER AN all-day light drizzle Friday, the skies opened at 6:30 p.m. and dropped the heaviest single rainfall of the year, an official .46 of an inch. Light hail also peppered the ground, but it came at the wrong time of year to do any harm.

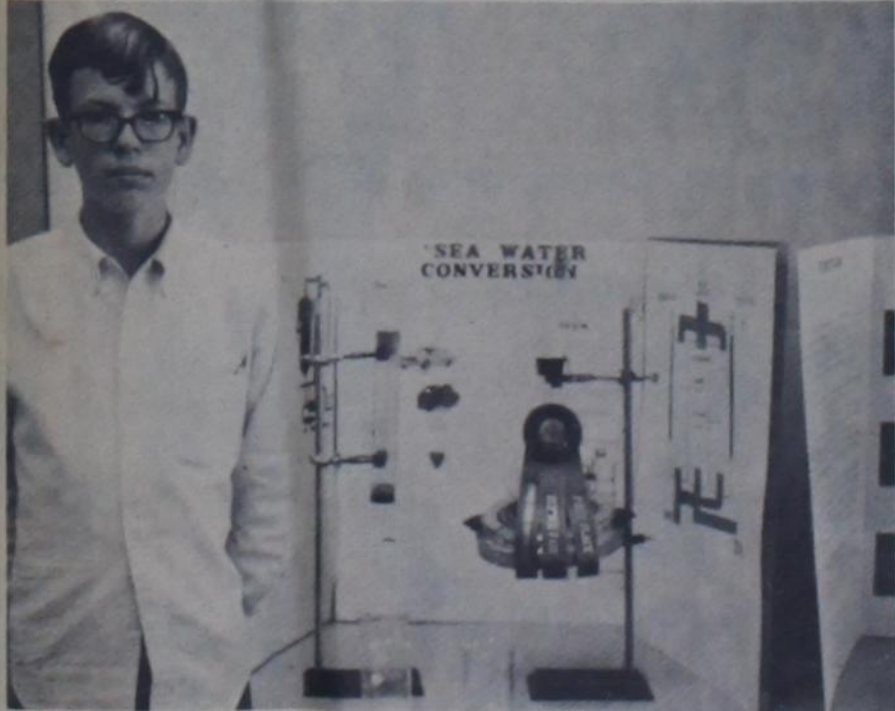

Boys Capture Science Fair Honors

With a table-top distillery for converting salt water to fresh, Tim McGaughy of Dimmitt took first place in physical science competition Saturday in the junior high division of the Amarillo Science Fair.

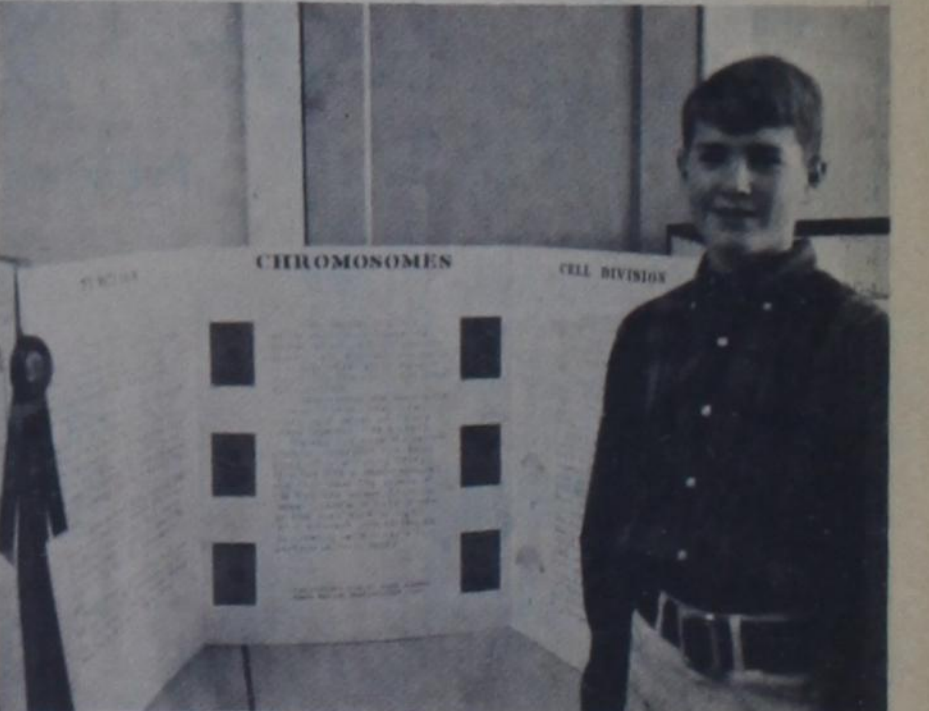

AND ANOTHER Dimmitt Junior High School student, Kent Bradford, used greatly enlarged photos of chromosome separation to capture second place in the show's biological and medical sciences division.

Both boys are eighth graders. McGaughy is the son of Mr. and Mrs. Dexter McGaughy and a student of Tommy Keener, DJHS science teacher. Bradford's parents are Mr. and Mrs. James Bradford, and his science teacher is Mrs. Libby Cleveland.

USING A substitute for sea water, Tim demonstrated a basic double-tube system for distilling salt water by boiling it and drawing

about dimmitt and castro county by b. m. n.

At least we have found out that it can rain in this part of the country.

A few days of sunshine now and it is doubtful if farmers can keep from planting crops in earnest.

I overheard Ed McLeroy warning some farmers about cut worms. I am not a worm man myself, but if I was a farmer I would heed Ed's warning and try to do something about those worms. All of which reminds me that good planting weather is also good fishing weather.

I noticed where Mr. and Mrs. Fred Bruegel celebrated their thirty-fifth wedding anniversary. I guess Fred Jr., is not as old as he looks to be.

Junior Coffey Day was a huge success from every angle. Coffey was the first Negro student to ever attend Dimmitt High School, and his conduct as a public school student, a university student and as a professional football player is a credit to his race. His many friends here were happy to welcome him back to Dimmitt, and they are expecting him to hang up an enviable record as a professional football player, and in whatever career he chooses to follow later.

If you like Elm trees you will be well pleased with the upcoming crop. I doubt if there ever has been as many Elm seed scattered over the countryside as there is this year. We have enough in our yard, and I am sure everyone of them will germinate, to weatherstrip every section in the county. When they first come up, and if the ground is wet, there are easy to pull up. But the ones you miss, that grow up among shrubbery and such like, will make a tree in spite of all you can do.

We have just received the U.S. Department of Commerce report on cotton ginnings for the crop of 1966 by counties. According to the report there were 25,721 bales ginned in Castro County from the crop of 1966, as compared to 54,868 bales ginned from the crop of 1965. These figures would indicate that we had only about a third of a cotton crop last year, as the 1965 crop was only about two-thirds of expected production. Cotton ginnings in some of the other Plains counties last year were: Deaf Smith, 7,042; Briscoe, 8,356; Swisher, 23,013; Parmer, 29,881; Hall, 36,714; Bailey, 58,335; Lamb, 96,691. Total ginnings for the entire State of Texas were 3,149,925 and for the nation 9,556,836.

Cotton production in the United States last year was far below the average, and if supply has the effect on price in the market place as it is supposed to have, farmers should be in for a good year. We will wait and see.

Little League Tries Out 51

Fifty-one boys reported for Dimmitt Little League tryouts Saturday.

THEY WILL be divided equally among the league's four teams and will join the carryovers from last year's teams, league officials said.

Practice will begin within the next week. Boys will be notified at school this week as to what teams they are on and when their first practice is scheduled.

After approximately a week's practice, each team will be cut to 15 players. Those cut from the LL teams will go into the Minor League and will begin league play after school is out for the summer. THE LEAGUE'S four teams will

be the Cardinals, Braves, Dodgers and Yankees.

Sponsoring the Cardinals is Castro Co-op Gin. Bob Myers will be manager, and a coach is still to be named.

Dimmitt Wheat Growers, Inc., will sponsor the Braves, which be managed by Ben Coleman and coached by Cobb Adams.

The Dodgers will be sponsored by Bruegel Brothers Gin & Elevator, and will be managed by Jerry McGowan and coached by Emmitt Broderman.

Western Ammonia will sponsor the Yankees. Manager of this team will be M. J. Reed, and coach will be D. H. Malone.

Wall Completes Naval Air Course

Aviation Electronics Technician Airman George E. Wall, USN, son of Mr. and Mrs. Fred E. Wall of 700 SW Seventh St., Dimmitt has completed the aviation anti-submarine warfare technician course at the Naval Air Technical Training Center in Memphis, Tenn.

DURING THE 11-week course, he learned about airborne sonar and special detection equipment, sonobuoy systems, integrated data display systems, magnetic anomaly detector equipment, dipping sonar, principles for frequency modulation and transmitter and receiver troubleshooting.

Bible Thoughts

"BACK TO THE BIBLE"

By Ronnie Parker

In our generation it seems that people are always looking for something new. Many times this is as it should be. I would like to suggest, however, that there is a need for something old — nineteen hundred years old. We need the Bible just as it was revealed and nothing more.

The Bible contains God's everlasting covenant with man, Heb. 13:20. We must re-read the law of Christ. To get back to the truth takes work, hard study, and self-sacrifice. The reward is worth the effort. It means your eternal salvation.

What is a few months, or even years, of hard study, if in the end you know the truth, and enjoy the salvation of your soul? If we approach the Bible without prejudice, we can return to the truth. This truth will be the standard of judgment used by our Lord in the last day.

"Truth crushed to earth shall rise again,
The eternal years of God are hers.
But error, wounded, writhes in pain,
And dies among her worshippers.

The gospel meeting now in progress at the 4th and Bedford church of Christ will continue through Sunday, April 16th. Come and be with us!

SAME OLD STORY!

A boy and girl... he carries her books to school... they share stories and laughter... yes, it's the same old story, but it's all new to them. Even though we have seen it many times before, we receive joy in seeing their joy.

From the beginning of man's time on earth, God has revealed himself to man, and man has told others about God, and how much God has done for man. Through centuries the story has not changed, but there are many who have not heard the story. Invite someone to church this Sunday. It may be their first opportunity to hear of God's great love.

"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

John 3:16

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Check Those Showcases

Dimmitt High School has been just about the busiest place in this entire area this last week. It has been FHA week with something different to do each day. Also, there have been projects, themes, and papers due. Perhaps our showcases depict these busy activities.

THE HOMEMAKING showcase is done in red and white. It tells of each of the events that occurred during TWIRP Week. It is very attractive. Mrs. Kountz's showcase deals with the book work that has been due recently. It says, "Don't get all shook up — start to day — Don't wait until the last minute." It shows a poor little guy whose nerves are about worn to a frazzle, and he doesn't know which way to turn. That's right, though. Don't wait until the last minute. You won't be nearly as rushed. The library showcase pertains to careers. It has shadow figures of two graduates. The theme is "Open Doors to the Future." Various careers illustrated with pamphlets. Our showcases are certainly attractive, and the persons who put the work into them are to be commended.

THE CAMPUS really buzzed last week with the excitement of the Athletic Banquet. As everyone knows, Junior Coffey, former DHS student, was speaker. Junior was an outstanding athlete for Dimmitt, the University of Washington, the Green Bay Packers, and now the Atlanta Falcons. It is certainly an honor to have him come to speak. The band met him at the airport on Friday to give him a real "Welcome Home!"

Once before, Junior was the cause of the band receiving an honor when it went to Colorado Springs to officially represent the University of Washington in the game against the Air Force Academy. I understand there was a record attendance at the banquet. Speaking of athletes, four of our Bobcats recently went to Waco to try out for a scholarship. They stopped by Abilene to see two of our former students and their new baby Tom, Karen, and Jeffery Scott Nichols. Jeffery Scott was born March 24. The boys also saw Jacky Nichols. They recalled a few fond memories of the "Raisin' Days" too! Tommy Stafford, Kent Lindsey, Ronnie Kenmore, and John Howell were the four boys who went, and they certainly had a great time.

MORE HONOR was brought home to DHS when the One-Act Play group won third in district. They did a tremendous job in presenting the play. Garland Jarvis, senior Thespian, was placed on the All-Star Cast. Congratulations to the play cast, as well as to Garland.

Just a few quick notes — what happened? Are there no chairs available to sit in, Julian? Do you

always go around sitting in windows? THIS WEEKEND, April 13, 14, and 15, the Dimmitt Rodeo Association is presenting the Junior Rodeo. There will be entries from Friona, Hart, Nazareth, Lazbudie, Dimmitt and other surrounding towns. Events included are bareback riding, saddle-bronc riding, calf roping, barrel racing, and barrel racing. The stock this year is owned and provided by Red Whitley of Crosbyton. On the last night of the rodeo, a half of beef will be given away to the holder of the lucky number. These chances can be bought from any member of the Rodeo Association. Homemaking IV had quite an eventful experience Friday morning. Both classes cooked hamburgers in the patio. The first period girls, and their burgers, got slightly damp, since one of Dan Ture's predictions actually came true — it showered! The second period students really per-

formed well. First, the pot holders caught fire, then the top of the grill collapsed on the burgers. If it hadn't been so hot, we would have suspected someone of leaning on it. Then, the grill fell in and flames engulfed the burgers! The consensus opinion was "well charred burgers are just delicious."

Friday during basket ball practice Coach Kountz presented the members of the girls' basketball team of 196-67 with corsages to wear to the banquet Saturday night. The Varsity team for '68 received white carnations and the remainder received white miniature mums. As a result, many gals sported corsages on each shoulder.

That's about all for now. Let's all work to keep our campus clean. Support all the UIL activities — they are rapidly coming to a close. All the literary events are this weekend, so don't forget them.

Vocational Trade Education Provides Practical Approach

Vocational trades and industrial education in Dimmitt High School provide for in-school youth an advantageous initial entry into employment in a specific or closely related trade, industrial, technical or service occupation. This purpose is achieved through a full-time in-school program.

THE INSTRUCTIONAL program is based upon clearly defined skills, proficiencies, and knowledge needed for a successful entry into a particular occupational area in which there are opportunities for employment. Through Dimmitt's counseling program, those students who can reasonably profit by the instruction are selected for enrollment in vocational trade and industrial education courses.

The instructional program is conducted by teachers who are occupationally competent through relevant wage earning experience in the occupation and who have been given instruction in the techniques of teaching. The skills and related technical information taught the student, are those which are needed by the typical worker in an occupational area. Theory which is related to the skills of the occupation is taught. General education is included in the program for all students enrolled in the vocational courses.

THIS YEAR students have completed several phases of training in the occupational training classes. Shop work has included:

- 1. A study of basic power mechanics, engine overhaul, tune-up, care and service of the power unit.
2. A study of basic power mechanics, engine overhaul, tune-up, care and service of the power unit.
3. Building trades which include all phases of residential construction.
4. Welding and fusion of metals including arc-welding, oxy-acetylene welding and soldering.
5. Electricity: its production and use in the home and industry.
6. Job application; when and how to apply and secure the job.
7. Extra-Activity including actual shop experience and field trips to industry points of interest in the area.

In conclusion, this program is designed to make useful citizens gainfully employed of young men whose life might otherwise hold uncertainty, confusion and unemployment.

Patriotism Is Assembly Topic

Last Friday the FHA girls gave a patriotic assembly in the auditorium during the morning activity period.

THE ASSEMBLY began as all have this year with the singing of the school song. The American flag was then brought from the back of the auditorium and placed in the middle of the stage by Darla Kay.

After this, Darlene Dodd, Yolanda Abrego, Jeanie Damron and Debbie Wilson stood around the flag, while Sharron Flynt read "I Am An American" from backstage. Juanelle Conard led the student body in singing of "This Is My Country," and the Pledge of Allegiance. The assembly was dismissed by Rodney Hutto.

David Harris Wins Washington Trip

The Rural Electric Cooperatives of Texas each year sponsor a "Government in Action" youth tour. This tour is a two-week scenic bus tour to Washington, D.C., beginning June 8.

TO BE ELIGIBLE for the trip, the contestants must each make a speech from 5 to 8 minutes in length. Five towns are covered by the Deaf Smith County Electric Cooperative; Dimmitt, Nazareth, Bovina, Friona and Hereford. Each town sends one boy and one girl to the cratic contest.

This year David Harris and Betsy Simpson represented Dimmitt. The topic for speeches was "My Future in Rural Texas." Each contestant had the same subject, and wrote on it accordingly to what he thought. These were some of the points which David stressed. "Rural Texas has many faults, such as a shortage of water, but these faults can be easily overcome. Progress is a good sign for any area and Rural Texas is progressing faster than most people think is possible. The future for a young person is bright. The future for a young person in West Texas is very bright in all fields."

AFTER THE TEN contestants gave their speeches, it was announced David Harris from Dimmitt, and Levena Benefield from Hereford would represent this area on the 1966-67 youth tour to Washington D.C. The Bobcat Tales congratulates David and Betsy, and the student body and faculty are proud to have a DHS'er represent this area in Washington.

Council Sets Election Day

The Student Council set the first week in May as the date for the election of president and vice-president in a meeting April 4.

IT WAS ALSO decided cheerleader tryouts will be conducted the week of May 22. Following the meeting, the club reported to the Evaluation Committee, which visited here this week.

Editorial

Wanted: Dependability

By GARLAND JARVIS
Have you ever handed in a paper, a term project, or a term theme late? Oh yes, I have one more question. Have you ever wondered why you got such a bad grade on that project, or on your report card? Well, read the following story and maybe you will find the answer.

THE TEACHER looks over her record book. Just about as many B's as C's after George's name. Shall it be a C or a B? But she remembers how frequently George turns in an assignment late. He gives some excuse, and it is usually accepted. However, some students know for a fact that George's excuse is not valid. They are naturally upset and hurt. They feel that a great injustice has been done. Naturally, the teacher can do nothing about this. Do you blame her for deciding with a vicious jab of her pencil that George's average is C?

Why? Perhaps it's because it applies too much to each of us. How many times have you turned in an assignment late or not at all? None? Well, you are unusual! In fact, I would say you are perfect. Everyone, no matter how good he is, has at one time or another turned in an assignment late. Some of the time, a good excuse is presented, but not always. Many times, we are just lazy and don't feel like doing anything — especially homework. When these assignments are finally turned in, they are of little use to anyone. It is too late to receive a good grade, so all the time and effort is in vain.

Seniors of Week: Carolyn Young, Tommy Stafford

Carolyn Young is our senior girl of the week. The bouncing young lady was born to Mr. and Mrs. Nolan Young on June 12, 1948. Carolyn is a small attractive brunette with green eyes.

Seniors Vote On Trip, Gift

Ballots were distributed to vote on the school gift and the Senior Day trip in a senior class meeting held last Monday.

Of course, there are many other reasons I could give for not turning an assignment in late, but you probably already know them by heart. There is, however, one thing more I would like to mention. When you come to school without having prepared your work, the teacher loses just a little bit of respect for you. After all, who could possibly have any respect for a person who never does his job right? Would you? I doubt it very much.

Four Try Out For McClennan

Tommy Stafford, Ronnie Kenmore, John Howell and Kent Lindsey left Dimmitt March 30 for a trip to Waco to try out for a scholarship at McLennan Community College.

Tracksters Enter Meet at Kress

The track season is rapidly coming to an end as the Dimmitt tracksters participate in their next to last meet. The meet was held on Saturday at Kress.

One of the most important qualities of a successful person is dependability. In every case, an employer looks first at a prospect's record of dependability. If it is not up to par, then the employer usually looks elsewhere. Today in this fast moving world, people are looking for others who are trustworthy and loyal. It is reported that more people lost jobs because of in-dependability than any other one reason. In today's business world, there is no room for an independent person.

D Club Holds Initiation

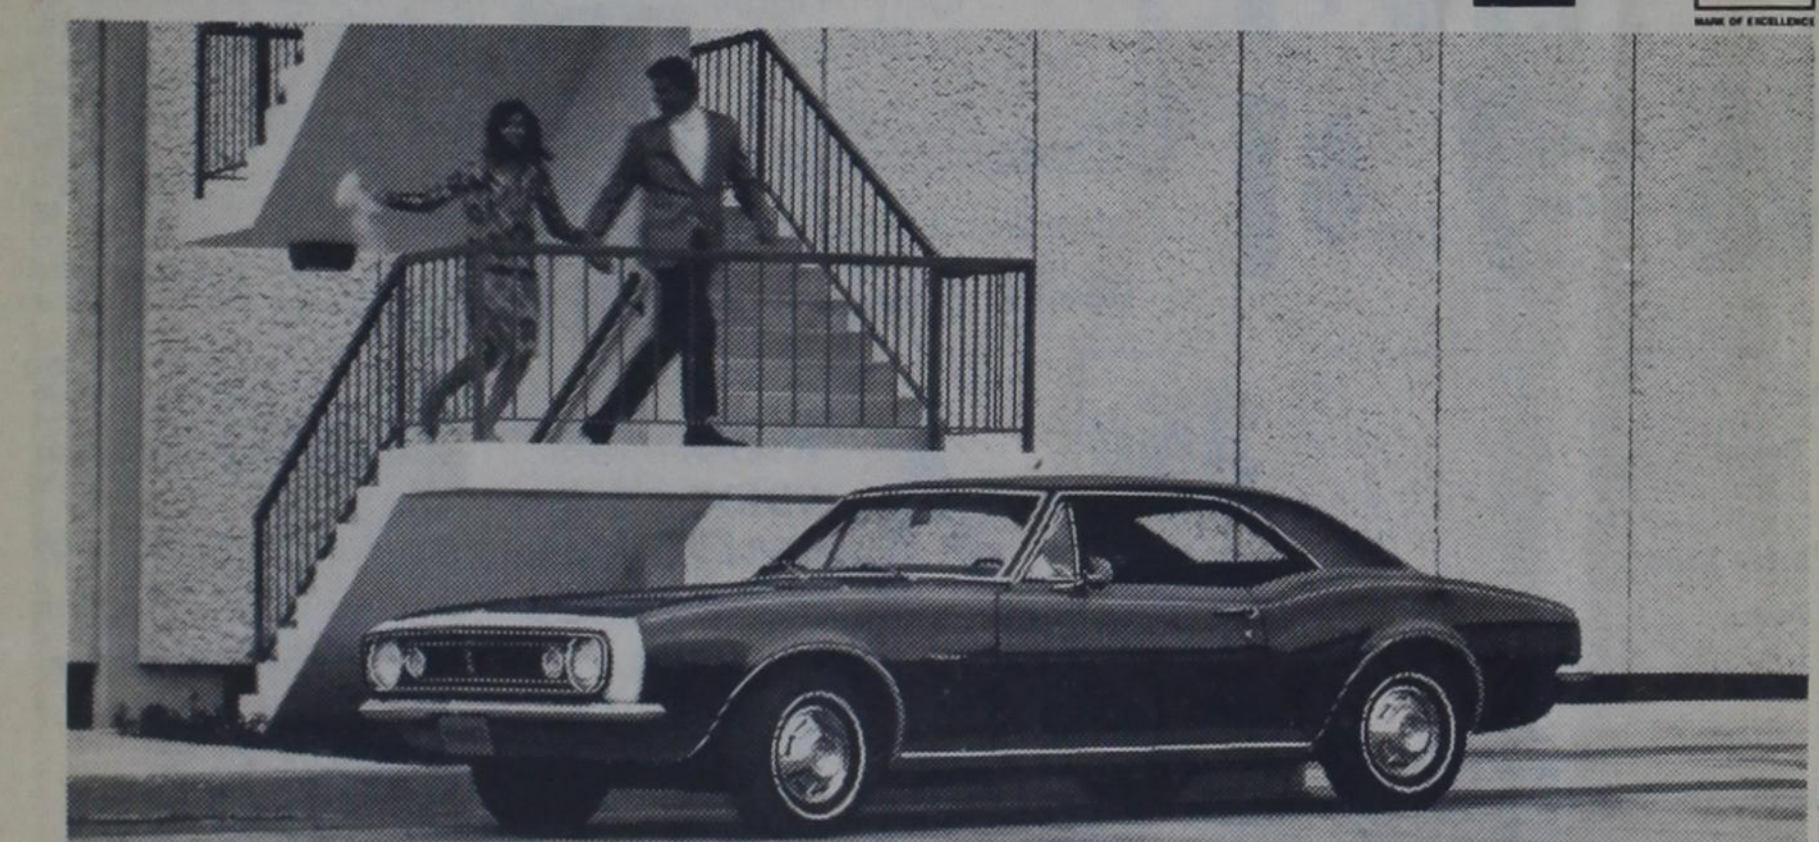

Detail's for initiation of the new "D" Club members were made in a meeting held April 5.

THE CLASS also discussed the Junior-Senior Party and payment for invitations. A committee was selected to choose a hymn for Baccalaureate. The deadline for payment of class dues was set this week.

I hope this editorial hasn't discouraged you in any way. All I'm trying to get over is that dependability begins at school. If you turn in assignments on time now, then you'll do it later in life. Now do you understand why George got a "C"?

Seniors Display 'MacBeth' Project

Miss McMin's English IV classes have made some very interesting exhibits to illustrate their study of Shakespeare's "Macbeth." These projects range from posters to a red and white metal shield. The shield was made by Benny Hastings and is one of the most attractive projects on display.

GARLAND JARVIS, Editor of the Bobcat Tales, has published a new newspaper, the Scottish Times. This is a very clever project in which the deeds committed by Macbeth are given front page headlines and publicity.

Carolyn Dunn, Susan Walker and Linda Harman made a very attractive book describing Macbeth in pictures. This book will be in the library soon for students who wish to enrich their minds through Shakespeare's literature.

PARALYN Render's poster is painted in shades of blue, depicts in shadow silhouettes the three witches and a taunted mask of Macbeth.

PARALYN RENDER, Bobcat Band drum major, was announced as the DHS Football Queen Saturday night at the athletic banquet. Here, she beams her appreciation of the honor — despite her problem with a slipping crown. Escorting her is Beelee Goodwin.

FHA Members Observe 'Week'

National FHA Week began Sunday, April 2. The Dimmitt FHA Chapter attended the Assembly of God Church as a group.

TWIRP WEEK, that wonderful time when the girls ask the boys for dates, and also pay the expenses began Sunday.

Monday was Red and White Day so each FHA girl wore either red or white, the colors of the FHA. Each girl who "forgot" to wear these colors had to wear a bone around her neck to remind her of her "boner." Also, licenses for speaking to boys, and date booklets went on sale.

Tuesday night was memorable as "Daddy Date Night." The FHA girls asked their fathers to a special "Thank You" supper. Entertainment was at its highest at this supper. The freshmen girls presented a highly "constructive" skit about the "Modern Three

Bears." The cast included: Papa Bear, Beverly Newman; Mama Bear, Kay Willis; Baby Bear, Debbie Wilson; and Go'dilocks, Joan Braafladt.

THE TEACHERS of DHS were invited to a tea in the homemaking room second period Wednesday. Their classes were taught by various students. Coffee cake, coffee and spiced tea were served from a table with red and white decorations. The faculty was presented with little mode's of themselves. It is rumored the teachers whose models were shaped as eggheads were supposed to be smarter. How about that, teachers?

Thursday night, an Around the World Supper was given with each girl bringing a dish from a different country. The special guests at the dinner were the eighth grade girls. The purpose was to encourage these girls to join FHA when they enter high school next fall.

Friday, at the first activity period, a patriotic assembly was presented to the student body.

The week was climaxed by the bake sale on Saturday. Many delicious-looking cakes and pies were sold to the public to raise money for the local FHA.

Aspirin Main Death Potion

Medicines cause most accidental poisonings in children. Aspirin heads the list.

CHILDREN under 5 years of age who swallowed aspirin were the victims in one-fourth of all cases of accidental poisonings reported last year to the National Clearinghouse for Poison Control appear to be available to children upstairs, downstairs and all through the house.

Boosters Honor Coaches, Players at Sports Banquet

By MYRT LOMAN
The Hart Booster Club honored Hart athletes with an "All Sports Banquet" Saturday at 8 p.m. in the Hart School cafeteria.

WHITE table covers had centerpieces of styro-foam squares containing red felt flags, with names and numbers of white felt letters and numerals.

Place cards were of red construction paper folded, with names of guests and athletes' names were on paper footballs and basketballs.

Main speaker was Weldon Trice, athletic director of Pampa High School, whose topic was "Bird Dog."

Welcome address was by Weldon Bates, high school principal, and the response was by senior Bob Crick.

Bates also introduced guests and presented gifts to High School Coach Don Ewing, Assistant Coach Jim Rich and Junior Coach Ronald Shaw.

The coaches introduced each athlete in the school.

Mrs. Carl Rambo furnished the dinner music, and the meal was prepared by mothers and served by eighth grade girls.

Program closed by singing the school's Alma Mater.

MRS. WISTER CLEVINGER honored her son Mike, 8, with a birthday party Friday evening at their home.

The boys played football, basketball and other yard games, and were served ice cream, cake and punch and were presented favors of hats and balloons.

Guests were Keith and Leslie Reed, Kent Hill, Kevin Parker, Mark Bennett, Carey George, Charles Ray Jones, Gary Jackson, Carey McLain, Bryant Irons, Terry Myers, honoree and brother, Russ.

MRS. ARTHUR CHEVES, Girl Scout leader of Troop 333, met with 13 girls on Tuesday at the Scout House.

The group discussed and made plans for the district wide program to be held on April 29 at the Agriculture Barn in Plainview. Exhibits from the various troops will be on display at 6 p.m. at the barn. The theme of the program will be "Our Chain Yesterday and Always."

The girls have been practicing the tying of knots.

Ronald Wayne Irvin, son of Mr. and Mrs. D. L. Irvin was hospitalized on Thursday evening in Brownfield for a tonsilectomy on Friday.

Mick Maso of Garland Street Church of Christ spoke on Sunday morning and evening at the Church of Christ in Hart. He and family were Sunday dinner guests in the home of Mr. and Mrs. Lawrence McLain.

Mrs. John Holloway has returned from Dallas to get her mother, Mrs. T. K. Ladd, who will be paying an extended visit with daughter and grandchildren in Hart.

MRS. J. W. BORDERS of Maverick is visiting in the home of her daughter Mrs. Lorenza Lee and family.

Mr. and Mrs. Kenneth Lambert were host on Sunday for lunch for their daughters and families, Mr. and Mrs. Sid Cooper of Plainview and Mr. and Mrs. Bob Bennett of Hart.

Mrs. Max Stephens was hostess for a "Slumber Party," on Friday night at her home for members of her Bible Class of the Church of Christ.

Girls enjoying the hospitality were Carolyn Cole, Carol Miller, Dee Clevenger, Kathy Kennedy, Brenda Covington and the hostess' daughter, Elizabeth.

WE HEAR that competition makes the world go round. Did you know Hart has another newspaper?

The sixth grade A and B classes are printing a monthly paper called the "News Spot."

If you do not know the latest happenings of the sixth grade, you might contact one of the students for a copy.

THE METHODIST Men held their monthly breakfast Wednesday morning of last week at the church.

The speaker was layman Joe Salem of Sudan, who is past leader of the Annual Conference. Men present were Ed Bennett, Bill Bell, E. E. Foster, Andy Gardenhire, Weldon Bates, Joe Bailey, Wamon Foster and the pastor, Rev. Douglas Gossett.

THE Women's Society of Christ-

COACHES HONORED by Hart Longhorn boosters at Saturday night's athletic banquet are, from left, Don Ewing, HHS head coach; Jim Rich, assistant coach; and Ronald Shaw, junior high coach. Each received an appreciation gift at the banquet.

ian Service met last Thursday for the study, "Dialogue and Design" with Mrs. Myrt Loman in charge of the program.

Assisting with the program "Food For Journey," were Mmes. H. H. Parker, W. C. Crick, C. B. Landers and L. L. Swindle.

Members are urged to take a sack lunch to Plainview today (Thursday) for the district meeting at Trinity Methodist Church. There will be no meeting today at the local church.

HART LIONS Club met Monday in community room, with 27 members and guests present, and elected new officers.

The nominating committee, composed of Nolan Dudley, Joe Bailey and Kenneth Warren, submitted the following slate of officers for the new year.

Lion Boss, Kenneth Lambert; Secretary and treasurer, Richard Franks; first vice-president, David Willis; second vice-president,

Kenneth Warren; third vice-president, Willis Hawkins Jr.; Lion tamer, Stewart Newsom; tail wister, Andy Gardenhire. All were elected by acclamation.

W. T. Sanders, DeWayne Brown, Claude Cox and Bill Rich were elected as directors.

Guests were Dr. Eggenberger from the School of Agriculture at Texas Tech; and Gary Bizzle, student FFA teacher of Hart, and FFA members George Bennett, Jerry Smith, Jerry Parker and Bob Crick; and Robert Hawkins of Hart.

Ed Harris passed out a charter for local Boy Scouts and Cub Scouts, sponsored by the Hart Lions Club, and also cards bearing the names of the National Boy Scout Officers.

GIRL SCOUT Troop 158 met last week in the bank community room. Mrs. Dwight Miller was in charge.

Guest speaker was Mrs. Ralph Futrell, who gave pointers on styling to the 18 girls and guests, Mrs. George Heck and Mrs. Arthur Cheves.

In the business meeting the girls discussed and made final plans for the April 11 style show and also discussed the trip on April 21 to Rio Blanco.

The girls have their new tents and are anxious to spend the weekend at camp.

MRS. BOB REED honored her son Keith, 7, with a birthday party in their home April 4 from 4 to 6 p.m.

Guests were Brett Aven, Mike Clevenger, Kelley and Matt King, Shorty Lacy, Johnnie Newsom, Glen Black, Kent Hill and Leslie Reed.

The boys played yard games and were served birthday cake, ice cream and punch.

Seed Treatments Plus Fungicides Best for Cotton

Seed treatments plus in-covering-soil fungicides are more effective in combating cotton seedling diseases.

GREENHOUSE and field experiments have been conducted on the Texas A&M University Plantation to compare the effectiveness of combination seed treatments with that of combination seed treatments plus in-covering-soil fungicides for control of cotton seedling diseases.

Dr. L. S. Bird, plant science professor said, "Soil fungicides controlled damping-off and reduced root damage better than conventional seed treatments when mild to severe disease conditions existed, Dr. Bird pointed out.

The in-covering-soil fungicide used for the experiments was a granular formulation of Lanstan plus PCNB. The fungicide added to the seed to form the combination treatment was Demosan. Slightly dampened commercial seed was tumbled in a small cement mixer until the fungicide adhered to the seed and dried.

Under greenhouse conditions of about 43 percent post-emergence damping-off in the control, Lanstan plus FCNB in the soil was superior to the combination treatment with Demosan applied to the seed. The result suggested that Demosan applied to the seed reduced the effectiveness of Lanstan plus PCNB in the covering-soil, Bird cautioned.

IF HIGH rates of fungicides are needed to give effective results, seed treatment could be the least desirable. In such cases, soil treatments would be expected to give the best results, Bird suggested.

The test results are given in Progress Report 2460 recently released by the Texas Agricultural Experiment Station. Copies are available from the Department of Agricultural Information, Texas A&M University, College Station, Texas, 77840.

Time to Check Tornado Rules

Col. Homer Garrison Jr., director of the Texas Department of Public Safety today urged Texans to review tornado safety precautions.

"WHILE tornadoes can occur any time of the year," Garrison said, "April, May and June are the peak months."

US Weather Bureau records indicate that Texas leads the nation in total number of tornadoes per year. The annual average of 80.7 is based on a record of 1,210 confirmed tornadoes from 1951 thru 1965.

"It is especially important for every school, church, hospital, hotel, business house and industry to establish an emergency plan," Garrison said. "To know what to do when a tornado is approaching may mean the difference between life and death."

A circular on tornado safety is available from most local Civil Defense offices.

State Capitol Highlights

What Time Will It Be This Time Next Month?

By Vern Stanford
Texas Press Association
Prepare to move the hands of your timepieces forward one hour on April 30. Otherwise you'll not be in time with the "times."

TEXAS, along with virtually all other states, is going on Daylight Saving Time for the summer months and until Oct. 29.

A bill to exempt the state from provisions of the federal Uniform Time Act of 1966 (DST) was killed by a 56-90 vote in the House of Representatives.

House members debated the bill by Rep. Will Smith of Beaumont for more than an hour before rejecting it.

Federal law now requires DST from the last Sunday in April to the last Sunday in October except in those states which pass specific legislative exemptions. So far, only Michigan has voted exemption.

New Breakthroughs in Drugs Forecast by Rotary Speaker

Recent findings about the chemistry of cell life and reproduction have stimulated "a feeling that the drug industry is on the edge of pharmaceutical breakthroughs which will make its past discoveries look small," a representative of Pfizer Laboratories told the Dimmitt Rotary club Friday.

"Pharmaceutical Research: Its Performance and Its Promise for the Future" was the Rotary program topic of Fred P. Smith, district sales manager.

SMITH is a member of Pfizer's national Speakers Bureau and has been with Pfizer since 1960. Previously he was principal and head football coach at Whitney High School for five years. He is a resident of Lubbock and holds a B.S. degree in physical education from TCU and a master of education degree in public school administration from Texas Wesleyan College.

Molecular biology, he said, has given medical researchers brand new leads into the difficult areas of birth defects and cancer. Experimental work in animals with viral infections has raised "the possibility that in the future we may be made immune not just to specific virus diseases, but to many different kinds of viruses with only a single treatment," he said.

THE PROSPECT of new pharmaceutical breakthroughs comes on top of many astonishing gains made in recent years, he said. "About three out of four drugs in use today were not even known 15 years ago."

He traced the dramatic death-rate reductions which modern drugs have made possible among victims of rheumatic fever, influenza and tuberculosis. He also recounted the history of high-poly prevention programs resulting from development of the Salk and Sabin vaccines, and cited the personal, social and economic benefits stemming from use of tranquilizers and psychic energizers in treatment of the mentally ill.

The Pfizer speaker noted that two-thirds of his own company's \$24 million research and development investment in 1966 was spent on drug studies, and that total US drug industry research investment for the year was \$400 million.

"DRUG research is still one of the riskiest enterprises known to man," he said. "It takes an average of five years and more than \$5 million to develop a drug to the point of marketing it, and even after it gets on the market, it is often made quickly obsolete by a new drug."

WHEN THE time comes for him to hang up his helmet, would he like to coach football?
"I'd like to coach basketball, as a matter of fact," he said. "I see all the basketball games I can, and I really get involved in it—analyzing mistakes, moves and strategy. I'd like to see if I could take a group of men and make a winning basketball team out of them."

He got a good background in that game, too, at Dimmitt High School.

BY THE time a child is three, he usually has a vocabulary of 500 to 1,500 words.

Cotton Usage Inches Upward

US per capita mill consumption of cotton in calendar 1966 was 23.5 pounds. This was up half a pound from 1965 and the largest since 1959.

Per capita use of all fiber, at 45.8 pounds, was the largest since 1946.

COTTON'S share of total fiber declined slightly in 1966 to a record low of 51.4 percent. Wool's share also fell shortly, while man-made fibers' share in 1966 gained because of increase in use of noncellulosic fibers, reports the USDA's Economic Research Service.

GSPA Urges House Approval Of Crop Promotion Fee Bill

The Castro County Grain Sorghum Producers Association is urging members to support a bill before the Texas Legislature to authorize a maximum 1 percent fee to pay for research and marketing of farm commodities.

THE PROPOSAL, House Bill 457, would authorize referendums among producers in most commodity groups to activate a 1 percent "tap" of the year's crop to pay for research and promotion of commodities. It also has a pro-

vision for reimbursement of those not wishing to cooperate in the program.

Cotton already is under a similar fee program, administered by industry directors elected to represent all areas of the Cotton Belt.

MELVIN BARTON, president of the Castro County GSPA, said HB 457 is now being studied by the House Agriculture Committee, and urged local grain men to write letters to committee members asking their endorsement of the bill.

Chairman of the committee is Rep. Bill Rapp, Rep. Delvin Jones of Lubbock, vice-chairman, is the bill's sponsor.

OTHER HOUSE Agriculture Committee members are Reps. A. C. Atwood, Bill Barton, Jack Blanton, Steve Burgess, Jim Clark, A. L. Drumburger, Charles Fennell, Guy Floyd, Jesse T. George, Davis Haines, Cordell Hull, Glenn Johnson, Charles Jungmichel, Aubrey Moore, W. S. Pickett, Milton Schiller, Gerhard Schulle, Neal Solomon and J. E. Ward.

Letters to any of these members may be addressed to them at the Texas House of Representatives, Capitol Bldg., Austin.

Lytal Tells How He Produced Top Grain Yield on Test Plot

Top farmers throughout the sorghum belt shoot for maximum yields. Some have set amazing records, but are still aiming higher.

ONE OF THE best yields recorded in 1966 was on the Billy Lytal farm at Dimmitt. Lytal's high yield effort of 9,984 lbs. harvested from an acre was in conjunction with the DeKalb Sorghum Master's Club program. More than 200 farmers from seven states joined Lytal in this concerted high yield effort.

BILLY LYTAL of Dimmitt feels 11,000 lb. yields are within reach now. He is shooting for this level of production in 1967.

The Sorghum Master's Club has been in existence for four years. The common goal is to produce top economical grain yields under practical farm conditions.

A new farm and hail damage from three separate storms during the growing season failed to stop Lytal from another record performance in 1966. He also had the highest yield in the Sorghum Master's Club in 1965, 10,521 lbs.

The entire 198 acres of sorghum on Lytal's farm averaged 6,300 lbs. per acre in 1966. The base yield on this farm in past years had been 3,500 lbs. Lytal expects to bring the farm average over 7,000 lbs. in 1967.

Here's Lytal's formula for top yields:

High Fertility
Lytal applied 123 lbs. of actual nitrogen in 1966 as anhydrous ammonia. At present he is making plans for a complete soil test to solve any soil deficiencies which may be present. In addition, he plans to make fertilizer application in 1967 adequate to meet his over-all farm goal of 7,000 lbs. and his top yield goal of 11,000 lbs.

Population and Row Width
Lytal's top yield came from a field which was planted in eight inch rows at a rate of 18 lbs. per acre. This population and plant

distribution require a lot of water and was not utilized on the entire farm.

The remainder of his land was in 40-inch rows planted at the 10 lb. rate.

Lytal is considering twin 10inch rows of 40-inch beds for most of his sorghum acreage in 1967. However, his all-out field will again be in eight-inch rows. Lytal had no difficulty in irrigating the extremely narrow row width even though there were two rows in the furrow.

Planting and Water Management
Lytal planted his all-out field on May 20 after pre-watering. During the growing season, the sorghum was irrigated seven times. The bulk of Lytal's sorghum acreage was irrigated five times. Generally, earlier planting dates have been beneficial in Lytal's high yield efforts. Early planting enables him to plant a full season variety and still harvest comparatively early in the fall.

Weed Control
Lytal tried two chemicals in 1966, propazine and atrazine. His all-out field received 1 1/2 lbs. of propazine and no cultivation. This worked so well that he has decided to use propazine on his entire acreage in 1967.

Hybrid Selection
Lytal chose DeKalb F-65, a short, full season hybrid which adapts to narrow rows and high seeding rates.

Report Wheat Before May 1

By CHARLEY HILL
May 1 is the final date to report wheat acreage to the county office. Your farm will be out of compliance and ineligible for payment if a report of acreage is not filed by May 1.

DIVERTED ACRES
Information has been received that requires a deduction in payments if the area is found to be substantially less than the average productivity of the cropland which would normally be devoted to the crop.

The final date to the annual diverted acres under the grain programs is April 30, 1967.

ALTERNATE CROPS
The approved oil seed crops that may be planted and harvested on diverted acreage are: Castor beans, crambe, guar, mustard seed, plantago ovata and sesame.

The acreage permitted on diverted acres is limited to the minimum required diversion (20 percent) from feed grain, but includes all the acreage diverted within the cotton intention. All other acreage of the above listed crops will not be identified as alternate crop acreage. Any acreage of alternate crops harvested from diverted acres will have payment reduction rate as follows:

Feed Grain: (1) Castor beans and guar, 28 percent of the diversion rate. (2) Crambe, mustard seed, plantago ovata, and sesame, 40 percent of the diversion rate. The amount of reduction will be made from the price support payment, since feed grains do not have a diversion payment this year.

Cotton: (1) Castor beans, crambe, guar, and sesame, 50 percent of the diversion rate. (2) Mustard seed and plantago ovata, 70 percent of the diversion rate.

Smithson Barrow Makes Mag Cover

Teddy Smithson's Chester White barrow, which won the grand championship in the 1967 National Western Livestock Show in Denver, is featured on the cover of the March issue of the Chester White Journal.

NOTING that the Dimmitt FFA boy's Chester White as the "first grand champion of 1967 over all breeds" in the national livestock circuit, the stock magazine pictures Dana Wall of Dimmitt, who showed the barrow for Smithson at the Denver show.

With Wall in the cover photo are Otto Bolton and Leonard Kline of Gold Star Packing Co., which processed the barrow, and Lou Coffee, owner of Coffee Steak House in Denver, who paid a record \$2.60 a pound for the champion Chester.

THE MAGAZINE also notes that the half brother to the winning barrow, shown by Richard Jackson of Dimmitt, won the reserve championship of breed in the National Western.

Both of the local Chesters were bred by the Kerry Struve herd of Hereford.

Boys Ranchers To Give Program

Boys Ranch FFA members will give talks and show colored slides to the Dimmitt Young Farmers tonight (Thursday) in the DHS Vo-Ag Building, according to Glenn Odem, president.

Meeting time will be 8 o'clock and the meeting is open to anyone interested.

Jon Henderson, former Dimmitt vo-ag teacher, will accompany the Boys Ranch boys.

New weed killer for sugar beets

Stop weeds and grass through harvest with Treflan® Treflan has just been cleared for weed control in sugar beets. It should be applied... at thinning... when your beets are 2 to 6 inches high. Be sure your field is free of growing weeds when you apply Treflan since it does not kill established weeds.

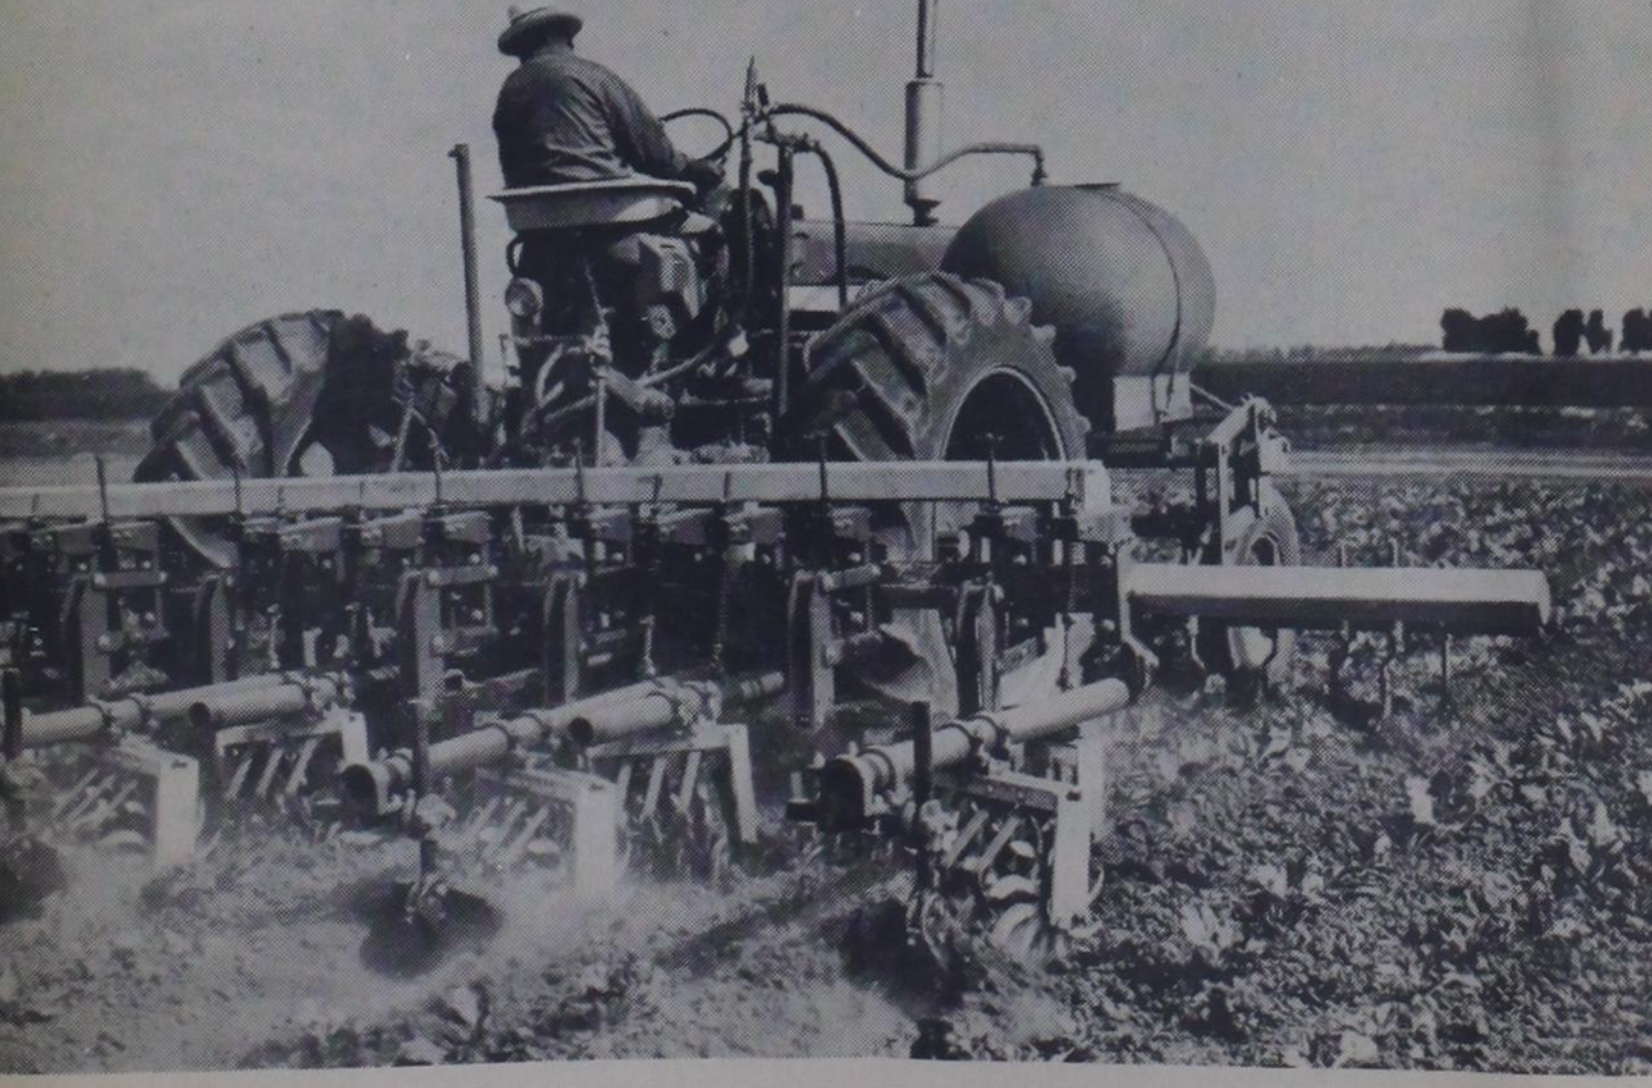

Treflan is waterproof. Once mixed with the soil, it stays on the job, killing weeds and grass as they germinate. Treflan doesn't need rain or irrigation to make it work. Yet heavy rain or repeated irrigation won't leach Treflan away or cause harmful concentrations to build up in the row. And, you can shallow cultivate without affecting the weed killing power of Treflan.

Treflan is easy to apply. Apply Treflan as a broadcast, over-top spray and incorporate immediately. PTO-driven tillers or cultivators set to cut 2-3 inches deep or rolling cultivators set to cut 2-4 inches deep and operated at 6-8 m.p.h. can be used for incorporation. To get effective weed control in the row, adjust the implement so that Treflan-treated soil is thrown up around the young beets.

Right now is the time to find out more about Treflan for effective weed control in sugar beets. See your local Elanco agricultural chemicals dealer today.

For use only in California, Oregon, Washington, Idaho, Colorado, Texas.

Treflan can be applied and incorporated in one operation with a front-mounted over-top sprayer and rear-mounted Lillian rolling cultivator.

Scout Campaign Earns \$1,984

Campaign Chairman Carl King this week declared the annual Boy Scout county drive a "tremendous success."

HE SAID the final audit, completed last week, showed that Castro Countyans gave \$1,984.25 to help finance scouting at the local, district and council levels during 1966-67.

Although the drive didn't quite reach the \$2,050 goal set by campaign workers, King said, "We consider our fund drive to have been a tremendous success in Castro County."

He added, "A lot of credit and thanks are due to those who contributed, to the ladies who were involved in the drive, and to the majors, team captains and all their workers who made the drive a success."

MOST OF the money will stay in Castro County to promote the scouting program here, King said.

The Haynes District and South Plains Council will receive a share of the funds for camp and administration costs.

"We have the funds now to make scouting here as big as the boys and their parents want," King said. "The only problem now is finding the adult leaders willing to work with the boys."

The final audit was conducted by Gerald Harden, campaign treasurer.

Meat Output Down From '66

Commercial slaughtering plants in Texas produced 129.3 million pounds of red meat during February, reports the Texas Crop & Livestock Reporting Service.

THIS WAS 10.9 percent below January 1967, with cattle, calves, hogs, sheep and lambs down from the previous month in number slaughtered, the Service said. Nationally, commercial production of red meat was 11 percent lower in February than in January.

Higher Income Families Can Now Get FHA Money

Applications for insured housing loans are now being accepted from families in all income groups, Castro County Supervisor Donald R. Jennings of the Farmers Home Administration said this week.

UNTIL recently, funds were available only for families with low and moderate income.

Jennings said home financing income can be resumed by the agency under a new allocation of lending authority granted by President Johnson. A Presidential order March 17 authorized the agency to insure \$25 million more in housing loans to families of the upper income group between now and June 30.

ACTION ON new applications from persons in the above-moderate income group had been at a virtual standstill since November. The agency had taken all applications it could meet under the previous \$25 million allocation of loan authority for the current fiscal year.

There has been no interruption of the rural housing loan program for low and moderate income families, which has an allocation of \$300 million for fiscal 1967, Jennings said.

He explained that applications from Castro County families in all groups are being accepted in the Farmers Home Administration office in the basement of the courthouse in Dimmitt on Tuesdays and Thursdays.

THE COUNTY supervisor reported that insured housing loans in the county to date this fiscal year have totaled \$331,710 for low and moderate, and \$66,260 for above moderate borrowers.

The Farmers Home Administration, a part of the Department of Agriculture, is the US government agency for insuring home ownership loans both for farm and non-farm families in rural areas.

The service is available to rural people who are unable to obtain conventional home financing from private lenders on terms they can reasonably be expected to repay, or insured loans through other agencies in the housing field," Jennings said.

"WE ARE authorized to serve above-moderate income families in financing homes that are not more elaborate than the prevailing local standard for modern homes.

All rural housing loans may run for a maximum of 33 years, and may cover the cost of a minimum adequate homestead as well as home construction. Current

NOTICE OF SALE THE STATE OF TEXAS: COUNTY OF CASTRO:

By virtue of an Order of Sale issued out of the Honorable District Court, 69th Judicial District of Texas, in and for Moore County, Texas, on the 24th day of March, 1967, by the Clerk thereof, in the case of Municipal Assessment Co. vs. Charles Phillips and Wirt Phillips, et al, and being numbered 4674 on the docket of said Court, and to me, as Sheriff, directed and delivered, I will proceed to sell the hereinafter described tract of land to the highest bidder, for cash, between the hours of 10:00 o'clock a.m. and 4:00 o'clock p.m. on May 2, 1967, it being the first Tuesday of said month, at the Courthouse Door of Castro County, Texas, in the City of Dimmitt, Texas; said tract of land having been levied on by me on the 31 day of March, 1967, and to be sold to satisfy a judgment rendered in the above described cause on the 20th day of March, 1967, and recorded in the minutes of said Court. Said judgment was in favor of Plaintiff, Municipal Assessment Co., establishing its debt in the sum of Five Hundred Seventy-Four and 50/100 Dollars (\$574.50) thereof, together with interest thereon at the rate of eight per cent (8 percent) per annum from March 40, 1967, until paid, together with foreclosure against Charles Phillips and Wirt Phillips, et al, and all parties claiming under said party since the filing of Plaintiff's suit to foreclose a certain lien securing Plaintiff's debt upon the following described property, to-wit:

Lot Number Two (2), Block Number 120, Unit Six (6), Original Town of Dimmitt, Castro County, Texas.

Said Judgment and Order of Sale direct that the above described property be seized and sold as under execution in satisfaction of said Judgment and that said lot be sold, the proceeds of sale apportioned as follows: From the proceeds of the sale of Lot Number Two (2), Block Number 120, Unit Six (6), of the Original Town of Dimmitt, Castro County, Texas, to the satisfaction of the costs of suit and sale; then to the payment of the judgment rendered in favor of Plaintiff secured by the lien for foreclosure against Lot Number Two (2), Block Number 120, Unit Six (6), of the Original Town of Dimmitt, Castro County, Texas, together with interest on said debt at the rate of six per cent (6 percent) per annum from March 20, 1967.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, This the 31 day of March, A. D. 1967.

Jack Cartwright
Sheriff, Castro County, Texas 25-3tc

Skip-Row Cotton Results Analyzed

Skip-row farming has become a popular means of increasing cotton yields in Texas since the change in government cotton allotments in 1962, James Mulkey Jr., Texas A&M University Experiment Station soil scientist, has pointed out.

THE AMENDED regulations omitted from the allotment any idle land in skip-row planted cotton. As a result, skip-row systems employing one or two fallow rows were used extensively throughout the state.

This past year the regulations were amended again. This new regulation increased the percent cotton in the 2X1 system from 66.67 to 86.67 percent and in the 2X2 systems from 50 to 65 percent. The 4X4 and the 4X2 systems remained at 50 and 33.33 percent respectively, Mulkey explained.

This change has caused a major shift to systems employing four fallow rows. The four-row fallow system will take some cotton land out of production, but still offers some yield advantage, Mulkey pointed out.

COTTON AND guar were planted in nine skip-row and interplant systems to investigate the yield potential of these systems and the feasibility of interplant cotton, planted in four row skips with two

rows of guar. Cotton planted in the 2X4 system produced 219 pounds of lint per acre. This same system interplanted with two rows of guar produced 195 pounds of lint cotton and 511 pounds of guar per acre. The resulting difference was a net increase of \$14.65 per acre. The 4X4 cotton and fallow system produced 279 pounds of lint per acre. Using the same system interplanted with guar, 247 pounds of lint cotton and 357 pounds of guar were produced. The difference was a net increase of \$7.30 per acre. IN EVALUATING the results of this test, consideration should be given to the fact that the total effects cannot be fully determined in one year. However, this study does show the increased yields the 4X4 interplanted systems produce, Mulkey said.

TO GET the most for your money when buying a ham, buy it either whole or half. That way you know you'll get those meaty center slices. According to the U.S. Department of Agriculture, a ham half must be exactly that. A piece of ham labeled butt or shank "end" or "portion" means the butcher has removed the center slices. He probably sold them separately.

First Christian Bible Classes Open to Public

Due to the lengthening of the daylight hours, the mid-week Bible study hour at First Christian Church has been changed from 7:30 p.m. to 8 p.m., effective this week.

Attendance at this study, now in the book of Joshua, is about the same at the 6 o'clock Sunday evening services. The study covers about four chapters each week. Starting in Genesis some months ago, it will continue through the entire Bible.

MINISTER Bedford Smith conducts the class. Study books are furnished which require several readings of the chapters under study to fill out the workbooks each week. The class is open to the public.

Mrs. Bedford W. Smith was chosen by the church board in its April meeting to conduct the annual Daily Vacation Bible School this year June 4 to 11.

The Board also elected Kent Gabel to be assistant superintendent of the Sunday Bible School and Tim McGaughey to be assistant song leader. Kent Gabel was also chosen to be assistant song leader for the two Sunday worship services. Roy (Cowboy) Johnson is the Bible school superintendent and Mrs. Johnson is the song leader for both Bible school and church services. She was chosen to succeed herself for 1967 and Roy Baylets was chosen to continue as head usher at services.

AT LAST week's Ministerial Association meeting, the ministers present decided to begin again the Cable TV 9 a.m. devotionals. Minister Smith, this week's speaker, has been discussing the Psalms. Other ministers will be on this program a week at a time starting Monday.

Minister Smith's sermon topics Sunday will be "The Unknown God" at the 10:50 a.m. service and "The Need for the Confession of Sins" at the 6 o'clock vesper services.

THE CORRECT size socks are just as important as the correct size shoe, say clothing specialists. They should fit loosely around the toes. The correct length is one-half inch longer than the longest toe so that all toes lie straight and comfortable.

the mother of two daughters.

Don't Blame the Children

We read in the papers and hear on the air, Of killings and stealings and crime everywhere;

We sigh and we say as we notice the trend, "This young generation — where will it end?"

But can we be sure it's their fault alone— That maybe a part of it isn't our own?

Are we less guilty who place in their way Too many things that can lead them astray?

Too much to spend, and too much idle time; Too many movies of passion and crime;

Too many books not fit to be read; Too much of evil in what they hear said;

Too many juke-joints, and too many bars; Too many hot rods and rattle-trap cars;

Too many reasons for children to roam; Too many parents, who don't stay at home.

Kids don't make movies, they don't write the books, That paint a gay picture of gangsters and crooks;

Kids don't make liquor, they don't buy the cars; They don't make the laws, they don't run the bars,

They don't sell the referees, that idle the brains — That's all done by older folks, greedy for gain.

We're shocked at their morals, amazed at their crimes, And grieve that we live in such perilous times.

By the rule of the blameless, the savior made known, Who is there among us to cast the first stone?

Remember these words, for oh, they're so true, The label "Delinquent" fits older folks, too.

FHA Week Held at NHS

Nazareth High School's Future Homemakers of America observed National FHA Week April 2-8 with a separate event each day, announcement of their "Mr. Irresistible," and a candlelight installation of new officers.

FRIDAY was "stoppo dress day" for the girls, who showed up for classes in sweatshirts, blue jeans and no shoes. Saturday the girls completed their FHA Week observance with the assignment of doing something to show their appreciation for their mothers.

SUNDAY the girls attended late Mass together, and Monday they held "teacher appreciation day" by bringing homemade candy and apples to their teachers.

Tuesday was "color day," with each girl wearing red and white. Wednesday was dress-up day, and each girl bought tickets to present to each boy they talked with during the day. Collecting the most tickets was Leon Schulte. He was declared "Mr. Irresistible."

Thursday night the girls held their candlelight installation services for incoming FHA officers for 1967-68.

HONORED with red carnation corsages at Thursday night's installation were Mrs. Lucille King, advisor; and chapter mothers, Mrs. William Hochstein Jr., Mrs. Harry Birkenfeld, Mrs. Ed Dreyrup, Mrs. Leonard Wilhelm, and Mrs. Charles Braddock.

Miss Guggemos announced that Kathleen Huseman, state degree girl, and Genevieve Braddock, the FHA girl who earned the most points this year, will attend the state FHA convention in Dallas April 21-22.

Following the installation, the girls and their parents and guests enjoyed a salad supper.

Dehtan-Storrs Vows Are Recited Friday

The First Baptist Church of Dimmitt was the scene for the wedding of Miss Dorothy Driscilla Dehtan and Robert Henry Storrs Jr. Friday evening.

THE BRIDE is the daughter of Mrs. Rex Sheffy of Dimmitt and Willie Dehtan of Lubbock. The bridegroom's parents are Mr. and Mrs. Robert H. Storrs of Denver, Colo.

Rev. Ira Garrison of Bandera, uncle of the bridegroom, read the double-ring ceremony before a background of candles intertwined with greenery.

Serving his brother as best man was Billy Storrs of Denver. Maid of honor was Donna Dehtan, sister of the bride. Ringbearer was Scott Sheffy, brother of the bride.

Ushers were Tommy Stafford of Dimmitt and Joe Jesko of Clovis, N.M.

William Fred Webb of Plainview, organist, played traditional wedding music and Mark Langley, also of Plainview, sang "Whither Thou Goest" and at the conclusion, "The Wedding Prayer."

GIVEN in marriage by her father, the bride wore a floor-length gown of white satin, fastened with a sheath skirt and fitted bodice of Chantilly lace. A tiered veil of illusion fell from a crown of seed pearls. Her bouquet was a single orchid surrounded by white rosebuds. "Something new" was her dress and "something old and borrowed" was a Bible belonging to Mrs. Mark Langley.

The bridesmaid wore a floor-length dress of blue peau de soie with matching headpiece. She carried a single long-stemmed rose.

FOLLOWING the wedding ceremony, a reception was held in Fellowship Hall of the church. The table was covered with a white cutwork cloth. The bridal bouquet formed the centerpiece, flanked by candles in silver holders.

Serving the three-tiered wedding cake were Judy Workman of Edmondson and Elaine Loftis of Lovington, N.M. Mrs. Jim Harris of Amarillo registered the guests.

For traveling, the bride wore a blue A-line sheath with matching blue lace coat and white accessories.

Her corsage was the orchid from her bouquet. The couple will be home at 607 1/2 Utica, Plainview, following a wedding trip to points of interest in Texas.

THE BRIDE is a senior at Wayland Baptist College in Plainview, majoring in English and sociology. She is a member of Sigma Delta, national English fraternity, Delta Chi Delta, social and service sorority; and was also a cheerleader and Homecoming Princess of 1967.

Storrs is a junior at Wayland, majoring in religion and minoring in speech. He is a member of Phi Mu De'ia, national music fraternity; Chi Omicron, social and service fraternity; and the International Choir.

Last week I met with the Home Demonstration Clubs. It was so nice to see all you club members. Patty Summers is a new member at Flagg.

The District I THDA meeting was held in Claude Thursday. Attending from Castro County were Mesdames Cecil Ginn, D. L. Cleaver, S. R. Hutto, Donald Gilreath and me. It was an enjoyable day.

SATURDAY we were in Canyon for the District I 4-H Contests. I'd like to remind all of you 4-H'ers that Mary Rondo of Friona will talk on "Citizenship" at the Mulkey 4-H Club meeting Friday at 7:30 p.m. in the assembly room of the courthouse.

4-H clothing leaders will receive a training session, "Know Your Sewing Machine" Tuesday at 2:30 p.m. in the assembly room. This is a very important meeting.

INTEREST in home gardens in Texas is on the increase for several reasons: namely, better taste and quality of vegetables produced at home but labor shortages in vegetable fields and the trend to mechanized harvesting are big factors. Machines work best on vegetables which are canned or frozen.

Home gardens thus are coming back as a source of garden fresh vegetables.

IF YOU'RE going to be out of the kitchen while using a double boiler, here's an ingenious alarm system that tells when the water is boiling.

Borrow two or three of your youngster's marbles and place them in the bottom of the double boiler before turning on the flame. If the water should boil away to a dangerously low level, the marbles will begin a clatter that will get you back in time to add water and save the pot from burning.

BRUSSELS sprouts are the least members of the cabbage family. The young plants look much like cabbage plants, but as they mature tiny buds form on the stalk. These buds develop into miniature heads similar to common cabbage.

Dozens of these sprouts cluster on a stalk shaded by large spreading leaves at the top. When the sprouts are about 1 inch in diameter, they are ready for harvest. The best sprouts have a bright green color, compact leaves, and are small and uniform in size.

Brussels sprouts often receive the same abuse as overboiled cabbage, but they are deserving of more thoughtful treatment. To be at their very best, Brussels sprouts should be cooked the shortest possible time to tenderize them. To shorten cooking time, cut crisscross slashes in the base of each sprout.

The green color of Brussels sprouts indicates the presence of Vitamin A. Since they are in the cabbage family, they are also a good source of Vitamin C, calcium and iron.

CHILDREN'S lives can be greatly enriched by their association with grandparents. The most loved grandparents are not those who "spoil" children, but those who love them and respond to them. Children can learn a great deal about the meaning of love through their association with grandparents.

Another important contribution of grandparents to their grandchildren is as a link to the past. Young children understand things on the basis of their own experiences — in the present. Through grandparents, the younger generation can learn to appreciate their family heritage. They enjoy hearing about "when Mom and Dad were our age."

In these days of emphasis on youth, grandparents can also impart a wholesome attitude toward older adulthood. When children have the opportunity to love an older person who is vital, interesting, and well adjusted, they learn to appreciate older people and to look forward to the time when they, too, will be grandparents.

Grandparents can support parents, subtly or openly, in their relationships with grandchildren, reinforcing the teaching done by parents at every opportunity. And, best of all, grandparents can have fun with the young people in "the new generation."

Three Dimmitt Teachers Attend CTA Convention in Alamo City

Three Dimmitt teachers were among 1,200 attending the Texas Classroom Teachers Association's state convention in San Antonio March 31 and April 1.

THEY WERE Mrs. Ted Sheffy, president of the Dimmitt Classroom Teachers Association; Mrs. Robert Duke, building representative; and Mrs. Weldon Skinner, local committee chairman.

At the convention, Texas teachers voiced overnaming dissatisfaction with teaching in overcrowded classrooms, having no voice in school policies, no pay for extra duties, no duty-free lunch break, no time to plan lessons, and not enough salary.

THEY WENT on record favoring:
—A pupil-teacher ratio of 23-1;
—Professional consultation agreements between teachers and school boards;
—Extra pay for extra assignments;
—A 45-minute daily conference

First Baptist News From My Heart to Yours

Last Sunday was a joy! Almost four hundred in Sunday School — A packed house of worshipping people, many, many of whom were young people — A better training union attendance than in months — Beautiful, inspiring music — A fine sermon on Sunday evening from Harold Perkins — all of these are ingredients of a joyous Lord's Day. What a great thing to be a part of Dimmitt's Dynamic First Baptist Church!

I thank God for workers who are faithful, who love God's Word and love the people with whom they share it.

I thank God for men and women whose lives are witnesses for Christ. The success of any church is determined by its members' daily walk and talk.

It would be a sin for me to be other than thankful for the great joy that is mine to be your pastor.

See you Sunday.
Your pastor and friend,
Frank Pollard

Athletic Banquet Highlights Week

By **MRS. MYRTLE SHEFFY** Dimmitt has been jumping with activities this week. All of us have three things a day to go to. The Athletic Banquet Saturday night with Junior Coffey, Dimmitt's professional football player, as speaker, was the biggest event. The irrepressible Ronnie Parker was master of ceremonies, introduced the coaches, who introduced all the athletes and presented awards to dozens.

Junior Coffey was also a guest at a "Junior Coffey Day," reception at the community room of the bank Saturday morning. The Chamber of Commerce sponsored it. Sweet rolls and coffee were served to a host of Junior's friends by Meses. George Bradford, Russell Moran, Truman Touchstone, Jean Byrnes, Kenneth Jackson and myself. Truman and Ann Touchstone planned a steak cook-out Friday evening for Junior and the coaches and their wives, but due to the nice rain, it was a cook-in.

Bob DuLaney flew Junior to Lubbock. Many friends and students met them at the airport.

Junior met the Little League baseball players at the park Saturday afternoon. James Bradford said a big crowd sat around the Dimmitt Wheat Growers community room till all hours Saturday night visiting with Junior.

While here, Junior stayed at the Colonial Inn, in the same room occupied the week before by Sen. John Tower.

Steve and Linda Hutton, students at WTSU, were here for the banquet and a visit with their families, the Cecil Huttons and Harold McCollums. Steve is a pre-med and biology major and Linda is a student at Northwest Texas School of Nursing in Amarillo.

Also at the banquet, we saw John and Mitzi Ehrhridge of Amarillo, Coach and Mrs. J. D. Covington of Alamo, and Mr. and Mrs. Ted Newman of Tucuman. I heard that Coach Keith Lowe and Dera Kay were here also. Mrs. Goldman Dyer, Mrs. Fred Bruegel and their helpers, all those cute girls did a good job serving the 420 guests.

EDGAR DENNIS was host Friday night at an ice cream and hamburger cook-out for his Sunday School boys. V. C. Hopson also came in to eat and play snooker with John Hays, Ronnie Johnson, Danny Battles, Dann Land and Doug Hays. Other guests of Edgar and Betty were her sister, Mrs. Bobby Jones and Bobby from Midland.

Mr. and Mrs. W. E. Thornin and Susan attended the Grahn family reunion at Lamesa. Mr. Raymond Rcess, a sister, couldnt go because son David from Kansas University was here for a visit and on his way back to school.

FRED AND Juanita Bruegel were the honor guests at an open house celebrating their 35th anniversary Sunday afternoon in the home of their son and daughter-in-law, Fred Jr., and Bobbie. Carl and Gail, Mike and Sandy were co-hosts.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday. Practice every Thursday. Bruce Woodell, Worshipful Master, Ira E. Brown, Secretary. Visitors Welcome.

Serving cake, coffee and punch from two beautiful tables were Sandy Bruegel, Mrs. Norma Webb, and Mrs. Mary Jo Brown. Big, beautiful flower arrangements were everywhere — gifts of friends. Pearl Sheffy gave Fred a book, "The Art of Living." He already knows how to live, I betcha! Everyone was so pretty and dressed up — I guess nearly every one in town was there.

SEVERAL of us went on down the old Flagg Road to attend the open house of Robert and Dee Yates and Father Yates and boys. They have a pretty red brick, new house same location as the old one that was moved away. Their friends, Mr. and Mrs. Jess Birchfield, Mr. and Mrs. Rayphard Smithson, Mr. and Mrs. Charles Nutt and Gwen Davis helped make the day and party perfect. Such good cookies and fruit punch. A money tree and gifts were given by guests.

A group of young adults, Sunday School class of the Church of Christ met at the Jasper Profitts' new home for a salad supper. They also brought a surprise birthday cake for hostess Nell. Guests were the Don Mobleys, Don Gregorays, Raymond Lusk, Lonnie Bells, Jack Millers, Troy Staffords, Larry Burkes, Bill Gregorays, Dan Nelsons, Ronnie Parkers, Dude Turners, Randall Craigs. Much fun here, I hear!

AND ONE of the most enjoyable parties I have been to in a while was the open house at John and Sue Merritt's Thursday night. More than a hundred people came and had ice cream in the garage and a lot of conversation and group singing, with Janice Moonery at the piano. Hostesses were Mi and Mrs. Charles Vandiver, Mi and Mrs. Harold Stephens, the Goldman Dyers, Steve Taylors the Russell Morans, the Charlie Hayses, and Aural Davis. Also bringing ice cream were the Kenne Jacksons, Ted Sheffys and Glen Merritts.

A pretty silver bowl was the gift from the group to the Merritts for their new home on Maple Street.

JENNY PROFFITT had the Lucy U Kindergarten children at her home Thursday for a birthday party with cake and gifts, and games. Penny is six years old. Don and Judy Mobley and three boys and Carolyn and Jerry Watts spent a few days in the Dan Booth cabin up at Lake Altus, Okla. Judy says they went swimming and water skiing, and did a little fishing.

WELL! WELL! The Roy Clucks are grandparents again. It's a boy for Rodney and Joy Smith, who live on a ranch south of Canyon. The other grandmother is Mrs. Leonora Smith of Hart, and now San Angelo.

Ann Singer asked a few friends in for coffee, nut bread and those good preserves Friday morning. Guests were Beulah Wright, Vera Webb, Rita Cluck, Josie Bradford and Myrtle Sheffy. The Sid Sheffys attended the funeral of Aunt Lizzie Knox in Canyon Friday afternoon, also visited the L. F. Sheffys while there. They came through a big rain at Walter Graham's place.

Mrs. Gladys Mobley and a friend from Hereford visited Ethel Knox in Lockney Wednesday. A sister and another friend from Floydada joined them for a day of fun.

Robert Acevedo told me that he and friends, Richard and David Nino, had been fishing in the south town lake and caught several nice size catfish.

Hattie Fuller left for Leonard Saturday to visit her sister, who is quite ill. Leonard is north of Dallas.

DUGAN BUTLER was hostess at dinner and bridge at the Country Club Thursday. Her guests were Ouida Willis, Anita Morris, Merle Smiley, Ola Mae Trimble, Jerry Butler, Peggy Prather, Martha Dannevik and Gladys Benson.

I met Aurelia Sanders of Earth and Louise Alair of Springlake having a sandwich in Dimmitt. They both belong to the Art Guild here.

Many relatives and friends came in from around Texas and Oklahoma for the wedding of Dricilla Dehtan and Bob Storrs, Friday evening at the Baptist Church. Dricilla is Mrs. Rex Sheffy's daughter. Mr. and Mrs. Horace Carlile were hosts at a salad supper and

bridge party for a few friends Saturday night. Guests were the Edgar Rameys, the P. L. Cunningshams, the Clarence Beardens, the Jake Moores of Hereford, Maurine Bice and Faun Weker.

MR. AND MRS. Grover Cornelius and son Mike and his wife went to Borger this weekend to visit relatives. They came by Lake Meredith for some boating and fishing. Grover told us about their recent trip to Baton Rouge, La., to visit a daughter. They came home by Orange, down the southern route to El Paso, then north to home.

Mr. and Mrs. Holland of Plainview were here in town for Sunday dinner. They have a theater in west Plainview and are friends of Mrs. George Bradford's and many folks here. They were en route to Bovina.

The Davis girls, Janis and Keitha, were here to visit mother, Aural, and to attend the athletic banquet. Keitha was in the graduating class with Junior Coffey. She left Monday for Falls Church,

Va., 15 miles from Washington, D.C. Keitha will be at Fairfax Hospital where she will have eight weeks' spring internship in pediatrics and obstetrics. She will begin her junior year of medical school in Galveston June 26. This weekend she will visit in Boston with her former schoolmate at Hawaii.

WE SAW Juanita Summers and La Nelle Tucker at the cafe Sunday. They said husbands Melvin Summers and Jack Tucker, with about 12 or 15 other men are fishing at Lake Brownwood.

A group of girls gave a surprise party for Trudy Elder on her 14th birthday this week. The place was the community room at the bank. A big cake, iced in blue and white with greetings of "Surprise" and "Happy Birthday" written on it was served to the twenty guests. Hostesses were Dorothy Elder, Martho Dannevik, Leisa Dannevik and Sue Stokes.

Mary McCormick and son, Chris attended the dedication of a Methodist Church at Denver City Sunday. This church was built while Weldon was pastor there. We'don is in Idaho this week preaching.

NOEL AND OLETA Gollehon are the grandparents of a new boy, Kirk Paul. His parents are Kathy and Darrell Rankin of Amarillo. Paternal grandparents are the Howard Rankins of Tulsa. And Pat and Bob Brock have adopted a little baby boy. Margaret Wilson is in Kansas City with them for a few days.

Earleen Reisdorff was hostess at a fun party Thursday afternoon. Bridge was the game. Earleen placed a beautiful haul of gifts such as ear clips and things. Each time a gal made a slam, big or little, she drew a prize. Then Gladys Benson got the hat. Maybe I can wear it — she says it has pretty flowers on it. Guests were Marge Cleavinger, who got

high score, Alice Cowen, Koma Ratcliff, Helen Richardson, Ruth Skinner, Eva Froehner, Vera May Vandiver and Gladys Benson. Mr. and Mrs. Cecil Ginn attended the funeral of her brother-in-law, John McWhorter, in Memphis Monday.

MR. AND MRS. Francis Jackson have returned from Truth or Consequences, N.M., where they sister-in-law Mr. and Mrs. E. D. Newton. E. D. is not well. They helped move her brother and have bought the Eugenie Courts there.

Haro'd McCollum flew Mr. and Mrs. Orby Moore and Mrs. Ed Brock to Okla. City to attend the funeral of their uncle. Noel and Oleta Gollehon and their son, Bennie and Bea and children of Hereford had a good time fishing and boating recently at Granite Shoals, better known as LBJ Lake.

Guests of Ola Murphy Sunday were Janice's kin — Mr. and Mrs. Travis Sursa and Edgar Sursa of Crosbyton. They all visited Homer and W. W. Palmer in the afternoon.

Minnie Ireland and Mr. and Mrs. Emmett Wright were Sunday dinner guests of the Will Wrights, and visited J. M. and Grace and the E. B. Wrights in the afternoon.

Clarence and Opal Bearden and their relatives from Lubbock are home from a trip to LBJ Lake near Kingman. They went on to Palestine to make the Dogwood Trail to Tyler and the azalia gardens before returning home.

Bradford Makes UM Dean's List

The College of Arts and Science at the University of Missouri has announced that Robert E. Bradford of Dimmitt made its Dean's List for the 1966-67 Fall semester.

Bradford, a freshman is the son of Mr. and Mrs. James Bradford. The list, announced by Dr. W. Francis English, dean of the school, consists of 1,315 students. To achieve the honor a student must be enrolled for 12 hours or more and maintain a scholastic average of 3.0 or more of a possible 4.0.
