It occurs to us that there's some thing phoney about the attempts to assassinate a Dallas "retired" gambler. From what we've read and heard of gangsterism, they are very thorough in their methods and seven attempts without success to kill a man isn't very convincing about the intentions.

However, we wouldn't want anybody taking pot-shots at us, even if it was a frame up. They might hit the mark accidentally.

The husband on walking into our office Monday afternoon and spying an oversized egg on the desk remarked, "So you're goin' to write a book, huh!" Not getting the point, we musta looked dumb, upon which he countered with "The Egg

But the egg is something to see and was one of a pair that H. C. Carroll brought into our office Monday afternoon. One measured seven and three-quarters inches lengthwise and six inches around. The one given us measures seven and one half inches by six inches And the contributing hen, a white wyandotte two years old, laid one of the eggs Saturday and the other one Monday.

Golly, what a hen. The Ranger Junior College cagers are making a fine record again this year and Thursday night will meet the Decatur team in what likely will be the game . championship.

Such a record should draw the support of fans and a record turnout should show up at the game here Thursday night. Knowledge that there is interest in their efforts helps anybody to strive harder and that goes for a

The Law Of Dimishing Returns-

. . like the law of gravity, is controlled largely by natural forces. When man-made laws come in conflict with natural laws there is never any doubt which will win. Long before the point is reached where cause equals effect the dimishing process sets in. Levying taxes is an excellent example, but the law operates in all fields of endeayor. Successful business men escape serious consequences of the law by selling a quality product for a reasonable profit.
