McCleskey is an established oil and gasoline dealer in Ranger, and aside from the products offered for sale at the station, the usual automotive services are available there.

Delivery Boy Saves Woman's Chance At Quiz

MIAMI BEACH, Fla. Feb. 25 (UP)—Mrs. David E. Sloan owed a bulging pantry to a timely delivery boy today. Station WMIE announcer Lee Taylor phoned Mrs. Sloan on a quiz program. "Who is the author of the famous line—'It is later than you think'?" he asked. Before she could consider, a delivery boy knocked on Mrs. Sloan's door. "Service!" he shouted. "Service?" she echoed. "That's right," exulted Taylor. "Robert W. Service. We are sending you 75 cases of assorted canned foods!"

LABORITES GLUM OVER NARROW MARGIN IN HOUSE

BY LYLE C. WILSON
United Press Staff Correspondent
LONDON, Feb. 25 (UP)—Prime Minister Clement Attlee and his stunned cabinet decided today to carry on the Labor Government despite election returns which resulted in a virtual Parliamentary stalemate by cutting the Labor majority in Commons to only one seat. The decision was reached in a tense one-hour Cabinet meeting this morning and announced by Attlee shortly after. Attlee said he could continue as Prime Minister at the head of an all-Labor Cabinet. Just how long this government can exist on its thin majority would be largely in the hands of Conservative Party Leader Winston Churchill, implacable foe of the Socialist Economy and Nationalization Program of the Laborites. Churchill at almost any time could take advantage of necessary Labor absences from Commons, to defeat the Government on whatever issue he could press to a vote. Churchill called a meeting of his Conservative "shadow Cabinet" for Tuesday, undoubtedly to consider strategy in the Parliamentary crisis. Attlee made his announcement from the steps of the Prime Minister's residence at No. 10 Downing Street as he came out of the Cabinet meeting. "Yes, we will carry on," he told reporters. He promised a more detailed statement later today. The Cabinet's decision was wrong from Attlee. He said he did not want to make any statement. But under a barrage of questions from reporters he finally said the Ministers had agreed to continue. Then after bidding his Cabinet members goodbye, he climbed into his automobile with Mrs. Attlee and drove away. Sources close to the Government predicted before the Cabinet meeting that Attlee and his Ministers probably would decide to remain in office at least until financial matters for the fiscal year starting April 1 are approved. These include the budget. But there was little doubt in anyone's mind that another general election was just around the corner. The British Press predicted it would be held within three months to break the stalemate caused by the election.

FAMOUS CHOIR TO SING IN RANGER SUNDAY MAR. 5

"Wings Over Jordan," said to be the world's most famous negro choir, will appear at the First Methodist Church in Ranger on Sunday night, March 5. The program will be given at 8 o'clock and the public is invited to attend. No admission will be charged but a free will offering will be taken. The choir has gained world renown and during World War II, the late Franklin D. Roosevelt chose the choir to tour Europe and sing to servicemen. During their tour of Europe were twice on the battle front and received special citations from two commanding generals for outstanding service. It was the only choral group sent to the battlefield during the war. They sang for servicemen in Italy, France, Belgium and Germany. The choir was organized in 1937 by the Rev. Glyn T. Settle who at that time was pastor of the Gethsemane Baptist Church, in Cleveland, Ohio. The Rev. Settle hoped to use his choir to prove to the people of all races that the American Negro is a worthy, hard working citizen of a free land. The choir has been removed from commercial status now and is on a good will tour of the country. His object, he says, is to foster good will between the

races and to fight Communism and its effects on the American Negro. For this reason, the admission charge has been eliminated for the program and only the free will offering taken. The minister has said that he wants everybody to hear the program whether they have the price of a ticket or not. Through the universal language of music, he hopes to create a better understanding of his people. The Rev. Cecil Ellis in making the announcement today stated that the hour for the program had been set at 8 o'clock in order that members of other churches might attend their own services and then be able to hear this program. He stated that there will be plenty of seats and that a public address system will carry the music to the basement in case there is an overflow of the main auditorium.

Benefit Loss Major Problem

Loss of social security benefits, particularly to 65 year old retired workers, continues to be a major problem, according to Ralph T. Fisher, manager of the Abilene Social Security Administration office. "The smart thing for a worker to do," said Fisher, "is to contact the social security office when he is 65 and discuss his particular problems with us. Financially successful people apparently became successful because they did not overlook their opportunities. We find that very few financially successful workers lose their benefits." Fisher explained that social security claims may be back-dated for a period of three months only and that workers who do not check into their rights within three months after they first became eligible may lose some of the benefits they have paid for. "The social security office," Fisher concluded, "is a good place for a worker to spend a part of his 65th birthday. Our job is to help workers collect all the payments they are entitled to. However, we can't do this unless the worker comes in and talks it over."

E. Glen McNatt, field representative of the Abilene office of the Social Security Administration, will be at the Retail Merchants Association in Ranger at 3:30 P. M. on Wednesday, March 1. Persons wishing assistance with retirement claims or death claims under the Social Security Act should call at that time for necessary help information.

Trucks hit 16 times harder than automobiles, according to the Interstate Commerce Commission and the National Safety Council. Analyzing 1,208 truck accidents caused by mechanical defects, the ICC reported a total property damage of \$2,626,895, or an average of \$2,182 per crash.

Census To Seek Information On Farmers

Not only will the 1950 Census of Agriculture to be conducted during April in Eastland County obtain information about farms and farm production, but inquiries will be included about farmers. The 1950 farm census will provide statistics about the age of farm operators, the number of hours operators worked last week at farm work or chores, the years operators have farmed the same place and other information necessary to provide detailed facts about farms and farm people. The 1950 Census of Agriculture will be taken in April as part of the Seventeenth Decennial of the United States. The information which farmers supply to the Census Bureau is confidential and cannot be used for taxation, investigation or regulation.

Every ten years since 1840 and every five years since 1920, the Bureau of the Census has taken a nation-wide census of agriculture. The 1950 Census of Agriculture will bring up to date the Nation's farm inventory. The 1945 Census of Agriculture reported 5,859,169 farm operators of which more than one third were 55 years old or older. Farm operators who owned their places had an average age of 52 years while tenants had an average age of 43 years according to the 1945 Census of Agriculture. In 1945, 2,427,101 farmers had operated their place continuously for 15 years or more in 1954 numbered 2,336,423.

Texas Allowable Cut To 17 Days

AUSTIN, Tex. Feb. 25 (UP)—Texas oil fields will be allowed 17 producing days in March, the Texas Railroad Commission has announced. It ordered a slash of 92,161 barrels daily for March, setting the allowable at 1,944,122 barrels per day. The 17-day producing schedule is a return to the formula established in 1947 in which the production from each well is computed on the basis of depth and acreage by which it is surrounded. Of four increases granted among the state's 10 districts for March, the East Texas field received the largest.

The vast field was given an allowable of 251,394 barrels per day for March, a boost of 36,498 barrels. The heaviest cut was absorbed by district 8 in West Texas which was cut back to 554,409 barrels daily, a drop of 60,699 barrels compared to the Feb. 18 allowable. The allowable figure of 1,944,122 barrels set for March compared with the U. S. Bureau of Mines estimate of market demand for Texas oil in March of 2,100,000 barrels.

Three Escape Injury As Car Strikes Train

Three Ranger boys narrowly escaped serious injury Friday night when the car in which they were riding struck a fast moving freight train at the Main Street crossing of the Texas and Pacific Railway. The three are Gerald Green, Red Smith and Freddie Wilhelm. According to reports of the accident, the three boys were driving toward the train on the Main Street side and attempted to get too close to the train. The breaks on the car failed to hold and the car struck the train. The car was thrown against the signal standard and completely demolished. The three boys escaped unscathed.

Trucks hit 16 times harder than automobiles, according to the Interstate Commerce Commission and the National Safety Council. Analyzing 1,208 truck accidents caused by mechanical defects, the ICC reported a total property damage of \$2,626,895, or an average of \$2,182 per crash.

Red Cross Drive Opens Wed.

Bruce Maddox, Ranger chairman for the annual Red Cross drive for funds, announced today that the drive will open Wednesday, March 1 and that Ranger's quota is \$1,500.

Maddox stated today that his plans for the drive are being formulated and that they will be announced in the very near future. He stated that he hopes to speed the drive for the quota and not spread it over the entire month of March.

Mrs. Jack Frost, Eastland County chairman for the drive, was in Ranger Saturday conferring with Maddox and others working on the drive. She stated that the county quota is \$5,500 and that each Ranger, Cisco and Eastland have the \$1,500 quotas. The remainder is divided among the other communities and the rural areas.

In speaking of the drive, Saturday morning Maddox pointed out that the Red Cross work goes on in time of peace as well as in times of war and Eastland County had a fair example of the aid given during peace time last March when Desdemona was practically destroyed by a tornado.

Mrs. Kenneth Jameson, of Ranger, field worker for the Red Cross, stated this week that one person injured in that tornado is still receiving Red Cross aid because of the necessity of hospitalization.

Texas Water Committee Sets Meeting Dates

Members of the Texas Water Code Committee today announced dates and places for coming meetings and have urged that local groups attend the meeting to advise the committee of the community's water problems.

The first meeting will be held in Amarillo on March 20; the second in Wichita Falls on March 21 and the third in Stamford on March 22. It was stated that all citizens in northwest Texas who are concerned with water conservation and reclamation are invited to attend the meeting and are assured that they will be given an opportunity to present their needs before the committee.

Two more regional meetings will be held, one in Dallas and one in Houston, before May 1. After the last regional meeting the committee will devote their time entirely to preparing reports which they expect to have ready for publication by November 1.

Scout Pow-Wow To Be Held Mon.

The regular monthly Scout Pow-Wow for Scouters of the northern part of the Comanche Trail will be held Monday night at 7:30 o'clock at the Connell Hotel in Eastland.

All Scoutmasters, assistant scoutmasters and committee are asked to attend the meeting. Those wishing transportation are asked to call the First Baptist Church or H. A. Shockey and a way will be provided. Leaders in Ranger have urged that as many as possible attend the meeting.

Colony Planning Community Bldg.

Members of the Colony Home Demonstration Club announced today that plans are underway for building a community center at Colony.

The club has called a meeting for Monday night to be held in the home of J. F. Mosley and at which meeting further plans for the building will be discussed. It was pointed out that the entire community is invited to attend the meeting and take part in the plans. The club, a spokesman, said, does not feel like undertaking the project alone and is asking the whole community to join in the effort.

NEARLY HALF MILLION IDLED BY STRIKES

By United Press
Another hint of possible government seizure of the strikebound soft coal mines was heard in Washington today as the walk-out's effects hit industries, schools, and homes.

The Nation's two major labor disputes—in coal mining and automobile manufacture—have idled 471,000 men directly and 274,000 indirectly. There were 282,000 miners off their jobs and 89,000 CIO United Automobile Workers idle in the 32 day-old Chrysler strike.

Government economists and business experts in Washington said that the coal shortage has just about wrecked chances that business will show a prosperous report on its activities for the first three months of the year. Trade slumped in the coal mining towns.

Some said production may hit new postwar lows. Layoffs in coal-burning industries totaled 127,000, and were expected to grow. In some mid-western towns, schools were ordered closed or their work week cut down.

At Washington, Federal Media-Tours were reported to have told UMW leader John L. Lewis that the government may take drastic steps unless there is a coal negotiations break by Sunday night. They would not say what the action would be, but some sources believed it would be Federal seizure of the mines.

Lewis was in Springfield to attend the funeral of his brother Thomas, and while operator-miner negotiations were called for today, it was unlikely any concrete results would result with Lewis absent.

A strike threat in a third major industry—railroads—was postponed for 60 days by President Truman's action yesterday in appointing a fact-finding board to look into an unsolved dispute between the Nation's railroad managements and two rail unions, the conductors and the trainmen. The Board has 30 ainichway Board has 30 days in which to report to the president and a 30-day "cooling off" period follows its report.

Father Pays Merchants For Forged Checks

Chief W. G. Pounds reported today that all Ranger merchants that had lost money through a check forging spree of two Oklahoma boys recently, have been reimbursed for the amount of each check.

The father of one of the boys, Norman France, came to Ranger Thursday, contacted Chief Pounds and stated that he wanted to pay off the checks. The father, who is a tax collector at Ardmore, Oklahoma, stated that he was not paying off the forged checks to make the case of the boy any lighter. He said that he simply wanted to see the merchants repaid. He stated further, that while he did not think his son had written any of the checks, he was just as guilty as the one that had.

Chief Pounds stated that the fact that the checks had been paid off would not make any difference in the status of the charges against the two boys. The other boy charged in the case was Charlie Watson of Ardmore.

Cub Scouts To Have Party Monday

The Annual Blue and Gold Party for Cub Scouts and their parents will be held Monday night Feb. 27 beginning at 7:00 P. M. The party is a part of the celebration of the Fortieth Anniversary of Boy Scouts of America for 1950.

The party will be held at the Second Baptist Church, sponsoring institution for the Cub Pack No. 25. The Pack has 25 members with 3 dens meeting regularly each week. A good program has been planned for Monday night and parents are urged to attend with the Cubs.

LEGISLATORS SPEED WORK TO COVER ALL MEASURES

BY LLOYD LARRABEE
United Press Staff Correspondent
AUSTIN, Tex. Feb. 25 (UP)—Speeding toward the scheduled close next Wednesday of a special 30-day session, Legislators studied new measures today in a rare Saturday session following Senate passage of 34 bills, including proposals to tighten state laws on sex offenders.

House members passed three measures and approved 13 local bills. The Senate passed a bill making segregation of races in State Parks mandatory but requiring equal facilities for whites and negroes. Sen. Warren McDonald of Tyler sponsored the bill. The Senate voted to set up a committee to investigate the cost of furnishing "substantially equal" facilities.

Senators gave final approval to a \$1,350,000 appropriation for new construction at the M. D. Anderson Cancer Research Hospital in Houston. Sen. George Moffett of Chillicothe gained approval of a measure creating a special State agency for distributing Federal surplus commodities. The act, which delayed House approval of the State Hospital Improvement Bills passed Thursday, was knocked down once earlier. It would appropriate \$35,000. The House has not yet endorsed it.

Senators blocked a bill Sen. Fred Harris of Dallas which would speed up payment of delinquent ad valorem taxes to finance a special state building fund. Seeking a vote to the bill, Harris failed to get support for necessary suspension of Senate rules. The proposal waives both penalty and interest on delinquent ad valorem taxes for a three-year period from the time of enactment. Harris pointed out proceeds would be available for construction at the Southwest Medical Foundation in Dallas, at the Texas State University for Negroes and at the University of Texas Branch, both in Houston.

Band Boosters Clear Over \$400 On Deacon Dubbs

Members of the Band Boosters Club announced today that the club will clear over \$400 on the home talent play presented Friday night at the High School auditorium. The play, "Deacon Dubbs" was a home talent production.

They expressed their appreciation to all who contributed to the success of the play, and to those who took part in the play and the director, Mrs. V. V. Cooper Jr. The play was staged before a full house and was well received by the audience.

Dr. G. C. Boswell spoke briefly before the curtain went up and expressed his appreciation for the work done by the Band Boosters and the fine response of the public to the club's efforts. He introduced James Smith, president of the club and Mrs. Cooper.

Democrats Busy With Candidates, Meeting Place

COLLEEN, Tex., Feb. 25 (UP)—Registration of candidates for the coming primary election and selection of a host city for its June 12 meeting were on the agenda today of the State Democratic Executive Committee.

The committee was treated to a wild game dinner last night at Reynosa, Mexico. Hosts for today's luncheon will be Lloyd M. Bentsen, W. D. Whalen, V. F. Neuhaus and Ramon Guerra.

The group was scheduled to recognize Mrs. J. W. Douglas and Jack Carter as Tarrant County (Fort Worth) representatives. They won the right to their seats after a court injunction was dissolved the past week by the State Supreme Court.

Mrs. Douglas and Carter had been elected at the September, 1948 State Convention at Fort Worth but were unseated by the court action brought by Neville Penrose and Mrs. Bennett Smith.

chosen by an anti-Truman group in Tarrant County.

Gov. Allan Shivers was scheduled to speak at the luncheon meeting.

Although committee chairman John C. Calhoun of Corsicana said Mrs. Douglas and Carter were not expected to attend the meeting here, their proxies would be officially recognized.

Story of Christianity Versus Paganism

BY WILLIAM E. GILROY, D. D.

THE contrast between the little group of Christians and the pagan world with which they were surrounded as the church took its roots and beginnings in the now famous cities could hardly have been greater.

We have read of the outward splendor of Antioch, where the disciples were first called Christians; of its great double-columned street reaching for five miles; of its great pagan temples; its works of art, brought from all parts of that ancient world; the luxury and prosperity of its half a million inhabitants, in a flourishing city on the great lines of trade between east and west. But beneath it all there was the immensity of evil, the foulness and licentiousness that marked it as the most morally degraded of cities that almost vied with one another in immorality. The very religion of that pagan world was defiled with licentious practices.

CORINTH, where Paul spent a considerable time on his missionary journeys, and to which city he addressed the longest and most revealing of his Epistles, was called the eye of Greece. "To live as they do at Corinth" became a byword for luxurious and cultured living. But here, too, as one can plainly see from I and II Corinthians, the church had to make its way against an immorality by which some of the professing Christians themselves were corrupted.

It was not amazing that probably well-intentioned, but undiscerning, souls should imagine that they could continue in the Christian community practices of their former pagan life, but one can see how uncompromisingly Paul rebuked them, and asserted the necessary moral integrity of Christian living, in personal life, in home and family relationships, and in all the situations of daily life.

One need not be a pessimist to remark how much in our modern society partakes of the very things that were in that ancient pagan world, and that brought it to ruin, in spite of all its apparent culture, strength and splendor. Christianity survived, and Christianity will survive, but ancient paganism has its warnings for the paganism of our present environment.

Ranger Loses To Amarillo
Ranger Junior College took the little end of the score but played a superb basketball game Friday night when they met Amarillo Junior College in the state finals tournament at Jacksonville.

Amarillo scored 58 to Ranger's 49 but Ranger outplayed the Panhandle team all through the game. Ranger, much shorter in stature than Amarillo was unable to cope with the superior height.

Harper scored 18 and Cook 15 for Ranger. Moseley fouled out with 10 minutes left to play, further weakening Ranger's chances. Rogers of Amarillo was high with 22 points.

Saturday night games were scheduled between Ranger and Allen Academy and between Lon Morris and Amarillo. Lon Morris defeated Allen Academy Friday night to win the right to play Amarillo in the finals.

Every fifth male person 14 years of age or over, enumerated in the United States population census starting April 1, will be asked if he is a war veteran.

DR. SANDER RELAXES AS TRIAL ADJOURNED

BY H. D. QUIGG
United Press Staff Correspondent

MANCHESTER, N. H., Feb. 25 (UP) — Dr. Herman N. Sander, accused by the state as a mercy slayer, relaxed with his wife and three little daughters today in his white frame home in the village of Candia.

The all-male jury sitting in his first-degree murder trial was taken for a bus ride around this manufacturing city. The deputy sheriff's in charge planned to take the 12 jurors and one alternate on an excursion to a nearby resort town Sunday.

The jury was completed on Wednesday. The trial adjourned for the week end yesterday at the end of its first week. The fifth trial day produced state's testimony

which indicated the 41-year-old general practitioner might have performed the alleged crime more as an act of sympathy for the husband of a woman dying with cancer than an act of mercy for the woman.

Dr. Sander grew up in Manchester, became a college athletic star, went to Europe to study, then returned here to practice. He is charged with injecting 40 cubic centimeters of air into the veins of Mrs. Abbie Borroto, 59, with the intent "to kill and murder her."

The state's fourth witness, Josephine Connor, testified yesterday that when the county medical referee, Dr. Robert E. Biron, asked Dr. Sanders on the day of his arrest "why did you do

it," Dr. Sanders spoke only of how sorry he was for the husband. She said Dr. Sanders told Dr. Biron "if you could have seen him that morning (of the death) after he had been drinking coffee and smoking cigarets you would have been sorry for him too."

She said Dr. Biron asked if Dr. Sander realized he had broken the law. "Dr. Sanders replied yes, he

TEXAS NEWS BRIEFS
By United Press

AUSTIN, Tex. Feb. 25 (UP)—The University of Texas Board of Regents has awarded a contract to the Robert McKee Construction Co., for construction at Texas Western College, El Paso. McKee made a low bid of \$174,700 for building an athletic dormitory at Texas Western. Funds for the building were raised by the college and citizens of El Paso.

AUSTIN, Feb. 25 (UP)—Appointment of John P. Dennison of Pecos, 29-year old war veteran, as district attorney of the 109th Judicial district was approved by the state senate. Dennison was appointed by Gov. Allan Shivers to succeed J. H. Starley of Pecos, who resigned.

WICHITA FALLS, Feb. 25 (UP)—A record local price was recorded here with the sale of a 1,180 pound calf, grand champion of the district 4-H show, for \$2,100 a pound.

The animal was bought yesterday from Marvin Tyson of Bellevue for \$2,268 by the City National Bank.

AUSTIN, Feb. 25 (UP)—J. A. Elkins, prominent Houston attorney, has been elected by the University of Texas Board of Regents to the University Development Board.

Elkins was named to the fundraising agency to fill a vacancy caused by the death of George A. Hill, Jr., of Houston.

Job Was Steady
FRAMINGHAM, Mass. (UP)—Harry A. Chandler has what looks to be a steady job. Chandler, now 90, is still on the job at the Dennison Manufacturing Co. factory where he went to work in February, 1874.
