Three Million Damage At Camp Hood, Texas

An estimated three million dollars was lost in a warehouse fire at North Camp Hood, Texas. Here, the huge 300-ft long building in the foreground has been burned completely down to the concrete flooring, while the building in the rear still smoulders. Equipment for the Texas National Guard summer encampments was stored in the two buildings. (U. S. Army Photo from NEA Telephoto).

"For the benefit of you who do not know me, I feel this autobiographical sketch is fitting. I am 65 years of age, a veteran of World War 1, have lived in the district 27 years, been businessman and independent oil operator since 16 years of age. My wife and I make our home in Cross Plains on South Main Street, in the two story house formerly known as the Harlow place. We would be pleased to have any of you drop by to see us at your convenience, and to talk with you regarding ways of making our state and country a better place in which to live.

Look how you save with Dynaflow

FIRST thing you notice, of course; is the bother and effort Dynaflow Drive* saves.

Next, that Dynaflow saves you physically-after long trips you're less tense and tired, more relaxed.

But then, as the miles pile up-and this comes from cold, recorded fact after Dynaflow's two years of public operation-you spot savings you hadn't expected . . .

You save on tires-because power application is steady, even. On clutch expense—the usual friction clutch is gone.

You save on transmission maintenance, and the rear-axle expenses likely to go with it. And the way your engine is oil-cushioned against normal shocks and strains shows up in less engine upkeep.

Standard on ROADMASTER, optional cost on SUPER and SPECIAL models.

You may well discover another pleasant surprise, too.

We are getting a steadily mounting number of well-satisfied letters about gasoline mileage with Dyna-

The SPECIAL has shown some records little short of phenomenal. The SUPER is delivering mileage that compares most favorably with gearshift cars. And the ROADMASTER more than holds its own with cars of its size and bulk.

In short, there's a lot more to please your budget in the 1950 Dynaflow than its new lower price. Refinements over the past two years result in savings that are sizable over the life of the car.

Knowing that, don't you want us to demonstrate the big side of Dynaflow-the utter smoothness of America's first oil-does-it-all drive?

Only Buick has Dynaflow_

and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) . NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights . WIDE-ANGLE VISIBILITY, close-up road view both forward and back . TRAFFIC. HANDY SIZE, less over-all length for easier par ing and garaging, short turning radius . EXTRA-WIDE SEATS cradled between the axies . SOFT BUICK RIDS, from all-coil springing, Safety-Ride

· WIDE ARRAY OF MODELS with Body by Fisher.

Matchless Team - DYNAFLOW and F-263

CHRISTIAN SCIENCE SERVICE 'Unreality" is the subject of be read in all Churches of Christ, Scientist, on Sunday, April 2. The Golden Text is: "Surely

God will not hear vanity, neither will the Almighty regard it" (Job Among the citations which comprise the Lesson - Sermon is the following from the Bible: "For the

eyes of the Lord are over the righteous, and his ears are open unto their prayers: but the face of the Lord is against them that do

the Lord is against them that do evil" (I Peter 3:12).

The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Ignorance of God is no longer the stepping-stone to faith preface vii).

Brotherhood Has Meet Thursday

How the Brotherhood can assist cussed at the Brotherhood meetng at the church Thursday night The meeting was held at 7:30 and following the serving of a supper, the discussions were heard. Joe Dennis discussed the part that advertising can play in making the revival a success and Morris Jeffries talked on how prayer can help. John Winder discussed the part that visitation can play. The town was divided into ten sections and a visitation captain named for each section and whose responsibility will be to see that the visitation program is carried out in that section.
