WASHINGTON COLUMN

New Anti-Communist Bill Would Force Reds Into Open

BY PETER EDSON
 NEA Washington Correspondent

WASHINGTON—(NEA)—The state is now set for consideration of the Mundt-Ferguson-Johnson (of South Carolina) "Subversive Activities Control" bill. This is the 1950 version of the Mundt-Nixon bill which passed the House in 1948 but died in the Senate.

The old Mundt-Nixon bill was considered an effort to outlaw the Communist Party in the United States. The claim is made for the new bill that it would not outlaw the party, but merely force it to register its political and front organizations and their members, and to identify its propaganda.

Sen. Carl E. Mundt of South Dakota, principal author of this controversial measure, says it is the answer to the big issue now raised by his fellow-Republican Sen. Joseph R. McCarthy of Wisconsin. If Senator McCarthy's charges prove anything at all, it will be that the present loyalty investigation system for government employees has not done what it was supposed to do. That was to keep security risks out of government service. How the Mundt-Ferguson-Johnson bill proposes to do this is specified in 18 sections and nearly 7000 words of legal language. Understanding just what is in this bill now becomes important for everyone to know.

There is a long preamble. In brief, it states that there is a worldwide Communist revolutionary movement whose purpose is treachery, deceit, espionage, sabotage and terrorism, to establish a one-party, totalitarian dictatorship. This preamble sets the tone for the whole bill, and indicates what it is aimed at.

The bill would make it unlawful for any person knowingly to perform any act which would contribute toward establishment of any totalitarian dictatorship.

It would be unlawful for any U. S. government employee to pass on to any representative of any foreign government or any Communist organization any classified (secret) information, unless authorized to do so by the head of the agency.

It would be unlawful for any foreign or Communist representative to receive such information. Violations would be punishable by fine of \$10,000 and 10 years imprisonment. The statute of limitations for any such offense would be 10 years instead of the usual three years.

An important new section of the bill specifies that the holding of membership or office in a Communist organization shall not be considered a violation of the above provisions. Also, registration in any prosecution for violation of these provisions.

These two new exceptions are considered great protection of civil liberties for members of Communist organizations.

The bill specifies that Communists could not be employed by the U. S. government. But a Commie could be elected to office, as to Congress. Issuance of passports to Communists would be prohibited.

Every Communist organization would be required to register with the attorney-general. It would also be required to file annually the names and addresses of its officers and members, and a financial statement of receipts and expenditures. Contributions to registered Communist organizations could not be income tax deductions.

The attorney-general would be required to notify every individual registered by a Communist organization, as to his reported membership. If the individual denies membership, the attorney-general must launch an investigation and remove from the registration list the names of those proved not to be members.

All investigations of this character would be handled by a new "Subversive Activities Control Board" of three members, appointed by the President and confirmed by the Senate.

Failure of any Communist organization or member to register would be made punishable by a fine of \$2000 to \$5000 and two-to-five-year imprisonment. Each day of failure to register is considered a separate offense.

False statements in any registration would be subject to the same penalties for every offense.

Three Grand Old Men Of Baseball

At the Cotton Bowl in Dallas, Texas, the Texas League was ushered in for the 1950 season when the Dallas Eagles met the Tulsa, Oilers. A crowd of more than 54,000 witnessed the game, which the Oilers won 10-3. At the first play, nine old men of baseball were on the field, dressed in Dallas Eagles uniforms. Left to right: Tris Speaker; Ty Cobb; and Duffy Lewis, three of the players on the honor team. (NEA Telephoto).

SECRECY CLOAKS QUERY INTO SUPERFORT CRASH

ALBUQUERQUE, N. M., April 13 (UP) — A cloak of secrecy tightened today around the investigation of a B-29 Superfortress crash which killed 13 airmen at the Sandia Weapons Base, assembly point for the atomic bomb, as Air Force officials denied reports of a radio-active explosion.

A spectacular column of flame that rose from the plane as it crashed provoked rumors in this atom-conscious city that "something might have been touched off" at the heavily-guarded base, but officials said the "mushroom-shaped" cloud was caused by aviation gas, not fissionable material. Little is known about the Sandia Base, but local residents believe that huge underground caverns have been built in the Manzano Mountains, where it was believed the plane hit, to hold stockpiles of atomic bombs.

The Air Force would not reveal the exact location of the crash, but one officer said it happened in a "very touchy spot."

Witnesses reported a blinding flash of light as the craft plowed into the side of a hill at the base.

"All of a sudden there was a huge light," A. A. Simballa, tavern owner, said. "It was in the mountains — a big mushroom of smoke and fire."

Air Force officials, however, said the plane, of the same type as those used to carry the atom-bomb to Japan, was loaded with 6,000 gallons of high-octane gasoline. They said that quantity of fuel could produce an explosion of the force described by witnesses.

A plane crash could not set off an atomic bomb in any case, they added.

CLEAR THE TRACKS FOR SPRINGTIME—With a mighty "swoosh," a big rotary snow plow bucks its way to the outskirts of West Yellowstone, Mont., in the yearly spring chore of opening the Union Pacific railroad's Yellowstone branch line. Here, Old Man Winter's last stand is a solid one. Twelve feet of snow were moved to clear the 56-mile rail route from Ashton, Ida., to Yellowstone National Park for the rush of summer vacationers.

CHEERED BY RAINS, WEST TEXAS HOPES FOR MORE

By United Press
 Jupiter Fluvius paid his respects to West Texas today and farmers and ranchers hoped he would stick around for a while.

But thus far, the weather picture was only a promise of what is needed. The rains, while good in some areas, were not scattered enough. Most of the downfalls were from Dallas westward to Big Spring, with very little north or south of that area.

There was still no moisture in the Panhandle or in Wichita Falls where the farmers need it the most.

Most crop observers agreed that two to three inches of downpour are needed before the dry grounds of North Texas will be able to nourish the crops.

North Texas crops still can be saved by a good soaking rain, while in another two weeks or so, it will be too late.

Dallas county agricultural agent A. B. Jolley said that April is the most critical month of the year for the North Texas farmer. A drought any other time is not nearly so bad, he said.

"This is the critical month because it is the month that crops get started," Jolley said. "We needed two to three inches of moisture quick."

The North Texas farmer must

have rain for his wheat, onions, clovers, grain sorghums, corn, pasture grasses and cotton, he said. The onion crop is probably the hardest hit. Planters kept out of their fields during January because of wet weather. Now they find their late-planted onions drying up in the soil.

But there were some hopes for continued rains over the state. The East Texas forecast was for occasional rains this afternoon and tonight, with occasional rains in the Northeast portions and near the upper coast Friday. The West Texas forecast was for occasional rain from the Pecos Valley eastward and in the South Plains this afternoon and tonight.

Rains reported up to 6:30 A. M. at the U. S. Weather Bureau included: Burleson, 1.98; Mineral Wells, 1.38; Big Spring, 1.14; DeWitt, 1.08; Abilene, 1.01; Fort Worth, .99; Carrollton, .86; Dallas, .63; Ozona, .60; Del Rio, .47; Lubbock, .45; San Angelo, .32; Palestine, .25; Tyler, .24; Lufkin, .11; Presidio, .07; Bryan, .06; Austin, .04; Laredo, .01; Junction

SIX BURN TO DEATH, ANOTHER KILLED IN TRAFFIC ACCIDENTS

By United Press
 Six persons burned to death in Texas traffic crashes late yesterday and last night and a seventh victim died in another related accident.

The worst smashup occurred near Kountze in the piney woods of East Texas, when three large trucks tangled on U. S. Highway 69.

Four persons met fiery death when two of the big vehicles burst into flames at the moment of impact. The lone survivor was the driver of the third truck.

The dead were identified as: Englebert Bob Lightfoot, 48, Liberty, Tex., driver of a heavy construction truck of the Duke Bros. Contracting Company, Livingston.

Edward J. Cruse, about 19, also of Liberty, a passenger in Lightfoot's truck.

Roscoe Grayson, about 45, Muskogee, Okla., driver of a milk truck.

Dolores Irene Kline, Home address unknown, whose mother lives at Tacoma, Wash. The Kline woman, officers said, was in the milk truck.

The survivor was J. T. Reynolds of Kountze, driver of a loaded log truck. He aided firemen from Kountze and nearby Silsbee in fighting the blaze.

The second flaming wreck happened at Lubbock when a light

pickup vehicle skidded into a trailer-truck. Two high school youth riding in the smaller vehicle were burned to death.

They were Scott McCoy, 16, son of Mr. and Mrs. O. D. McCoy, and Lowell Leon East, 17, son of Mr. and Mrs. Elmer V. East. The elder East is vice-president of the Lubbock National Bank.

About 50 minutes later, passenger car skidded into a truck near the scene of the accident. Mrs. Blanche Dysart, about 56, of Lubbock was thrown from the automobile and killed when run over by the truck.

Police say traffic was heavy in the area at the time as hundreds of curious flocked to the scene of the earlier accident.

TEXAS NEWS BRIEFS

HASKELL, Tex., April 13 (UP)—Mrs. Johnnie Farrar, 38, was free today after a jury acquitted her of murder in the fatal shooting of her husband at their farm home between Rochester and Rudd last Feb. 14.

The two-day murder trial ended last night in 39th district court. Farrar died of a bullet wound in the abdomen after he threw beer bottles in a drunken attack

on his wife.

AMARILLO, Tex., April 13 (UP)—Amarillo authorities today held John Asman of Springfield, Colo., for Utah authorities.

Asman, who was charged with burglarizing an Amarillo hardware warehouse early Sunday, confessed yesterday to the robbery of a packing house at Johnson, Kan., and a gas appliance store at Vernal, Utah.

AUSTIN, Tex., April 13 (UP)—Caso March promised today to unveil about May 6 the picket-fenced, three room mobile cottage from which he plans to conduct a "front porch" campaign for Gov-

ernor of Texas.

Mounted on the rear of a flat-bed trailer, the white house will be the "home" for the former law school professor and five other persons during the campaign. They will sleep, eat, talk and travel in it.

"If I get beat, at least I'll get beat comfortably, surrounded by all the conveniences of home," March commented.

A sodded yard will even be provided for the campaign caravan, made of March, three fiddlers, a ventriloquist and a truck driver.

RAYMONDVILLE, Tex., April 13 (UP)—If there were tears shed here today, they must have been tears of joy. It was onion Fiesta time.

Willacy county residents thronged into Raymondville for the hanging in effigy at 4 P. M. of a character known as T. (for Thrip) Gripping Gloom. Following that ceremony on the courthouse lawn, homage will be paid through Sunday to the Onion upon which the county bases much of its farm economy.

A fireworks display tonight will be climaxed by the crowning of the Queen of Noino, which happens to be onion spelled backwards.

Parades, beauty contests and barbecues will be part of the 17th annual celebration. The County's new water outlet, Port Mansfield, is to be officially dedicated Saturday.

Carl Crawford, veteran Oklahoma aviator, will attempt 2,000 flying loops Saturday to break a record of 1,633 loops set in 1928.

AUSTIN, Tex., April 13 (UP)—Some 800 delegates registered today for a three-day conference of the Texas Elementary Principals and Supervisors Assn.

A theme of "techniques in supervision" was announced for the meeting, sponsored by the University of Texas and the State Department of Education.

Among the speakers will be Dr. Dan Patterson of the U. S. Office of Education, Washington, D. C.; Robert Koopman of the Lansing, Mich., Department of Public Instruction; Dr. Kate Wofford, professor of Elementary Education at the University of Florida, and Dr. Harold D. Drummond of Peabody College, Nashville, Tenn.

Truman Admits Ordering Kansas City Cleanup

WASHINGTON, April 13 (UP)—President Truman said today he personally ordered the federal Grand Jury investigation of crime in Kansas City where two chief witnesses before the Grand Jury, Charles Binaggio and George Garfotta, were slain last week.

The president declined to tell a news conference, however, whether he would order the FBI into the Binaggio slaying. He said this is a matter for attorney General J. Howard McGrath to

determine.

Democratic boss Binaggio and Garfotta, his lieutenant, were cut down by gunmen in a democratic party clubroom. The killers have not been found.

Gabby Enjoys Going to The Dentist

One of my molars was giving me a bad time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby—doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines... they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way?

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Says Navy Could Take Any Steps To Collar Subs

SAN FRANCISCO, April 13 (UP)—If a Navy ship should find any Russian submarines off the California coast, it may "take any steps" to bring them to port, Adm. Russell Stanley Berkey said today.

Berkey, who is enroute to Washington to take over duties as the Navy's chief of informat-

ion, said, however, that any foreign ships must be within the three-mile limit.

"Inside territorial waters, an American vessel could take any steps to bring a submarine to port," he said.

International law calls for an exchange of identifications.

Berkey told a press conference he heard many reports of Russian submarines operating off south-east Asia during the two and one-half years he commanded the seventh task fleet in the western Pacific. However, he added he had "no actual knowledge of any au-

Young School P-T.A. Has Meet

The Young School Parents Teachers Association met at the school Tuesday afternoon.

Mrs. Joe Young, president, presided at the meeting at which the third and fourth grade students under the direction of Mrs. Evis Landers and Mrs. Howard Oliver gave an informative program on the life and music of Stephen Foster. Several readings were also given.

Dr. G. C. Boswell spoke on "The Measure of Responsibility" in which he urged parents to encourage their children to assume responsibility by setting worthwhile examples for the children, by making their children feel secure and loved, by providing them opportunities to assume responsibilities, within the limits of their capacity to achieve and commending their success generously.

Members attending the meeting were urged to attend the County Council of Parents and Teachers to be held at 2:30 o'clock, April 14, at the Ranger High School auditorium. Ranger Junior High School's association will be the host.

It was also announced at the meeting that an Eastland County school of instruction will be held in Cisco April 12.

Plans were made at the meeting for a number of members to attend the district conference in Stephenville on April 25 and 26.

During a business session, Mrs. Arthur Deffenbach was voted a life membership which was won by Young School P-T.A. for the best attendance at City Council meetings.

Mrs. C. H. Lacey has returned to her home in Big Spring after a visit with her niece, Miss Nettie Sudderth.

Junior Choir Has Supper

Members of the Junior Choir of the First Baptist Church were entertained Wednesday evening at 6:30 o'clock at the church with a supper. Following the supper and rehearsal, they sang at the revival service at the church and will sing again tonight at the evening service.

Those attending the supper were Michael Fuller, Jerry Don Cantrell, Howard Oliver, Vernon Soreg, Jackie Williams, Claud Koenig, Jonelle Penney, Linda Kay McKinney, Deanne Hazard, Dorothy Brit, Barbara Harper, Dorothy Harrison, Glenda Webb, Barbara Bray, Gayle Soreg, Brenda Brooks, Kenneth Falls, Billy Arrendale, Julia Deal and Deana Eakin.

Hostesses at the supper were Mrs. R. F. Webb, Mrs. F. R. King, Mrs. Owen Bray and Mrs. J. W. McKinney.

County Council To Meet Here

The Eastland County Council of the Parents and Teachers Association will meet Friday afternoon at 2:30 o'clock in the Ranger High School auditorium with the Junior High School P-T.A. as host.

A short business session will be held and officers elected and installed.

All members of the Parents Teachers Associations in Ranger are urged to be present.

One Hurt In Harvard Blast

CAMBRIDGE, Mass., April 13 (UP)—A dynamite bomb blasted a Harvard dormitory early today, slightly injuring one student.

The bomb exploded on the window sill of a first-floor suite in Thayer Hall.

Robert W. Dobbie, 21, of Allentown, Pa., was injured when glass fragments showered on his bed.

The blast ripped the window panes and frame from the casing and narrowly missed three other students studying five yards away.

Harvard Police and local authorities said a lead pipe, a dynamite cap and traces of black powder found near the scene led them to believe it was a dynamite bomb.

Students in bathrobes and nightclothes gathered from surrounding dormitories as a black billow of smoke lifted from the scene. Even as they collected, a fire cracker exploded in Lowell House, six blocks away.

Yard police said they were lured from the scene by a telephone call from an unidentified source who complained that the gates to Thayer Hall were locked.

Harvard officials theorized the explosion was a prank.

Dobbie complained: "I don't know why anybody would do this to me."

Want Water Fluorination

FORT WORTH, Tex., April 13 (UP)—The Fort Worth district dental society today planned to recommend to the city council a water fluorination project to reduce tooth decay.

The system was explained here earlier in the week by a state health department dental official, and would cost an estimated 9 to 13 cents per person.

Mrs. J. C. Jones and children Johnnie Ki and Karen Lee, of Denver City, are the guests of Mrs. Jones' mother, Mrs. Johnnie Boyd and Mr. Boyd.

WINGLESS CHICKENS
SATURDAY, APRIL 15th

Yes, folks, just ordinary chickens, but bred so they were hatched WINGLESS... and think of it... 95% of their offsprings hatched are WINGLESS... A REALLY NEW BREED OF CHICKENS... BAUMANS WINGLESS!

They will be shown all day in our Work Clothes Department, through courtesy ALLEE SHIRTS & PANTS, whose fine matched Work Shirts & Pants we carry and recommend. These chickens sell for \$500 a pair and eggs are \$10.00 each. See them FREE... as Guests of our Store... no obligation to buy.
