Truman Urges Campaign Of Truth To Fight Russia

SAYS NATIONS MUST POOL EFFORTS TO COMBAT SOVIET PROPOGANDA

By Merriman Smith
United Press White House Reporter
WASHINGTON, April 20 (UP) — President Truman today urged other Democratic nations to join this country in "a great campaign of truth" against Russia's world-wide propaganda.
"We must pool our efforts with those of the other free peoples in a sustained, intensified program to promote the cause of freedom against the propaganda of slavery," the President told a luncheon meeting of the American society of newspaper editors.
He disclosed that he had directed Secretary of State Dean Acheson to step up this government's overseas information program to avoid "the risk that nations may be lost to the cause of freedom."
Mr. Truman said in his broadcast speech the people of too many nations do not know the facts about "imperialistic Communism."
"We must make ourselves heard 'round the world in a great campaign of truth," he said.
The chief executive decried "Partisan presentation" of foreign policy and reminded the editors of their "tremendous responsibility" in carrying out that policy.

RJC Musicians Make Second Tour Of Schools

Members of the Ranger Junior College band, A Cappella Choir, Male Quartet and the Four Hits and A Miss, made the second in a series of tours to schools in this area Wednesday and reported on the return a very successful trip and warm reception at the schools they visited.

As the opening of a series of tours to schools in this area, the aggregation, M. C. D. by Jimmie Heinlen, president of the Student Council, an accompaniment by R. F. Webb of the Public Relations Department, visited schools in Carbon, Gorman, and De Leon. The tour yesterday included programs at Strawn, Gordon, and Santo.

In each instance the program was very well received, each of the school supervisors expressing both surprise and gratitude that college of this area could and would send them a program of such variety and merit. Hearty invitations to return at any time were received at each school. The total number of students who heard the concert, would be around 2,000, with direct contacts made to several hundred graduating seniors.

Next Tuesday the entire group starts a two-day tour with an overnight visit in Albany where they will present two-hour concert under the sponsorship of the sophomore class of Albany high school. Towns to be included in the itinerary are Putnam, Moran, Albany, Woodson, Throckmorton and Breckenridge.

On May 5th the group will travel to Graham to present a program in the high school, a broadcast at the Rotary luncheon, and a separate broadcast in the afternoon from the Graham station.

Seven Children Instead Of Three Home Reports

It now comes to light that Mrs. Mary Haag, the woman who was killed last week in the truck pickup wreck just west of Olden was the mother of seven children and not three, as before reported.

This information was relayed through the Sheriff's office from the Catholic Charity Bureau in Indianapolis, Indiana.

Hanner Funeral Home reports that an attorney representing the family has been in contact with officials here and will forward information concerning burial plans for Mrs. Haag.

The children range in age from 16 to five and one-half. Three of the children are inmates in a Catholic Home in Indianapolis and the other four are living in foster homes. The mother of Mrs. Haag, Mrs. Ida Cummings, lives in Greenville, Miss.

FIREMEN TO STRIKE RAILROADS WEDNESDAY

CHICAGO, April 20 (UP)—The Brotherhood of Locomotive Firemen sent orders to 18,000 members today to strike against seven major railroads next Wednesday to enforce demands for an additional fireman on whistle-unit diesel engines.

Union spokesmen said the strike would tie up passenger and freight service over thousands of miles of trackwork from Harrisburg and Buffalo west to the Pacific Ocean. Shippers and passengers could still use other routes between the east and west coast, however.

The strike will go into effect Wednesday at 6 A. M. in each time zone.

All trains in the struck areas will be stopped, the union said, including those pulled by diesel, steam and electric engines.

There was still a possibility, however, that the dispute might be settled by negotiation.

The eastern section of the country was not affected by the strike order.

A & M Muster To Be Held Friday At Country Club

An invitation is extended to all ex-Aggies to attend an open air barbecue at the Ranger Country Club beginning at 2:30 P. M. Friday, April 21, 1950. This occasion is an annual affair where A & M men muster together to pay tribute to Aggies who have passed on and to observe the anniversary of the Battle of San Jacinto—Texas' greatest battle victory.

This year on April 21st, A & M men are observing officially for the forty-seventh consecutive year a day which ranks in history as a memorable turning point in the destiny and freedom of the State of Texas. They will come together to pay solemn tribute to their fellow A & M men who have gone before and to honor the troops under General Sam Houston who bludgeoned their way through the Mexican Armies of Santa Anna in the historic Battle of San Jacinto on April 21, 1836.

On April 21, 1903, the A & M College Student Body felt that some ceremony or observance of this battle was vital to the military spirit upon which the A & M Cadet Corps was founded. The students carried the matter to the highest level of authority, The President, and at that time it was agreed that "Forever Afterwards" April 21st would be a day of mustering for all A & M men to pay tribute to the Texans who won their freedom with the grit and raw courage that has symbolized Texans every since. Also, the students decided that April 21st would be a time to pay homage to all A & M men who have passed on and that some living comrade would call out "here" when the roll call for the absent was read.

And so it had been over the nearly half a century since that group of students brought to an issue the observance of Texas' Battle for Freedom fought 114 years ago. Each year the muster grows in intensity of purpose and in numbers of A & M men participating. The tradition is symbolic of the great loyalty which binds A & M men to their college and to each other in what is one of the most sincere devotions in the world today.

In the passing of time since the final rifle shot rang out across the rolling prairies along Buffalo Bayou, other battles have been fought by Texans which have added to the April 21st muster tradition. The day has a double significance for A & M men since April 21, 1942, when that little group of twenty-five men joined each other in the tunnel on the Island of Corregidor to muster before returning to their battle posts against the invading Japanese forces.

The April 21st muster is a pledge and responsibility of A & M men which has been handed down to them through the years to carry on. From the courage of that charge at San Jacinto and the unbreakable defense of Corregidor has sprung a new luster to man's willingness to give up life itself for a right and just cause. It is a way for A & M men to renew each year their loyalty and unity which constitutes the foundation of their friendship for each other and love for their school, the A & M College of Texas.

Roy Lane files for re-election.

Roy L. Lane announces his intentions to seek re-election to the office of District Clerk, the office he now holds. "I sincerely appreciate the cooperation and courtesies shown me by Eastland County citizens during my time in office," Lane says. "I promise to continue to render conscientious and faithful service."

He will make a formal statement at a later date.

Be Calm Officer! CAMBRIDGE, Mass., (UP)—"Where do you think you're going—to a fire?" No longer will that traditional salutation greet speeders in Cambridge. New instructions issued to rookie traffic officers warn that: "If you are angry, excited or nervous, give yourself a cooling-off period before you approach the violator."

The world's top post office is at Cerro de Pasco, Peru, says the National Geographic Society. It is at an altitude of 14,385 feet.

Speaker Praises Recent District Rotary Meeting

Dr. Claud P. Jones of Cisco, formerly of Ranger, was the guest speaker at the Rotary Club meeting at noon Wednesday and heaped high praise on the District 186 convention that has just closed at Brownwood.

He stated that the meeting was one of the most inspirational that he had ever attended and praised Dr. G. C. Boswell, district governor, for the fine program and manner in which he carried it out. Archie Robinson, delegate from the club to the convention, stated that it was one of the finest meetings that he had ever attended.

Dr. Jones was introduced by Dr. Boswell who arranged the program. In a business session of the club at which G. B. Rush presided, members voted to hold one meeting in May at Lucas and also endorsed unanimously the Community Chest move in Ranger.

Other guests at the meeting were B. H. Peacock of New Orleans, formerly of Ranger, Floyd Sheppard of Cisco and the Rev. Morris Bailey of Eastland.

Publisher Made Director Of Safety Council

Joe Dennis, publisher of the Ranger Daily Times and Eastland Telegram, today received word of his appointment as a director to the Texas Safety Council.

Word of the appointment was received in a letter from Pierce Brooks, president of the council. In the letter Brooks praised Dennis for the contributions his newspapers have made toward safety education in Texas.

The Safety Council is a non-profit organization devoted to safety education and composed of prominent business men and women over the state of Texas.

Legion Meeting Hour Changed

D. B. Holmes, commander of the Carl Barnes Post of the American Legion, stated today that the Legion meeting tonight has been moved up to 7 o'clock instead of 7:30 o'clock.

The change was made in order for the meeting not to conflict with the annual Chamber of Commerce banquet tonight at 7:30 o'clock.

Singers To Give Concert Sunday

Fred Baumgardner announced today that the Madrigal Singers of Ranger Junior College will give a concert Sunday evening at the First Methodist Church.

Tornadoes Strike In Alabama

Two tornadoes struck at four communities in the Mobile bay area, injuring fourteen persons. The Stallworth Pine Products Company plant at Whistle, Ala., was demolished by the first high winds but no one was injured. (NEA Telephoto).

RAILROAD TO BEGIN NEW TRAINING PROGRAM SOON

Texas & Pacific Railway Western Division supervisors in Baird and other West Texas points will begin unit No. 2, "Human Relations," in the railroad's system-wide supervisory training program, inaugurated in 1949.

Held in a special railway conference car which moves from station to station and sponsored by T & P's Public and Employee Relations Department, the 20-hour course is conducted by personnel from Texas A & M College in conjunction with the State Board of Vocational Education.

Unit No. 1, "Analyzing the Supervisor," was held in Baird last year. Chris Hobson, assistant director of public & employee relations for the T&P, says approximately the same supervisors will take Unit No. 2.

Bass Hoyer, conference leader for the Texas A&M staff during the classes beginning in the special car in the railroad's Baird yard at 10:00 a. m. Monday, said that emphasis throughout this second phase of the program will be laid upon everyday application of the principles of good human relations to railroad problems.

Unit No. 2 opened in Dallas on September 26, 1949. Since that time this phase of the program has been completed there and at Fort Worth, Marshall, Texarkana, Shreveport, Alexandria, New Orleans, Longview and Mineola. After Baird conferences will be held with supervisors at three other important T&P terminals from Big Spring to El Paso.

Fifteen of T&P's Western Division supervisors are scheduled to attend the Baird conferences.

They are W. A. Fetterly, General Foreman, Baird; H. L. Ross, Car Foreman, Baird; C. M. Gunn, Section Foreman; W. P. Haley, General Yardmaster; K. L. Hart, Asst. Gen. Yardmaster; H. R. Rogers, Asst. Gen. Yardmaster; M. D. Bell, Agent; A. J. Pierson,

Banquet Tonight Is A Sellout

H. C. Henderson, chairman of the ticket committee for the annual Chamber of Commerce banquet tonight, stated today that the banquet is a "sellout."

All tickets were disposed of by the deadline Wednesday. The banquet will be held at 7:30 o'clock tonight in the Blue Room of the Gholson Hotel and John Ben Sheppard, secretary of the state of Texas, will be principal speaker. He will be introduced by mayor Price Crawley, a personal friend of the secretary.

Those in charge of the banquet stated today that Gloria Graham and LaGene Bates will be at the head of the stairs at the hotel tonight to register guests and all guests are asked to pause long enough to register.

Rummage Sale Opened Today

Members of the Martha Dorcas Class of the First Methodist Church opened a rummage sale today in the Arcadia building space formerly occupied by the Ervin Jewelry Shop.

Well... I Dunno, But...

We came across something this morning that certainly is worthy of passing on to the public. We've often thought that a manager of a Chamber of Commerce is one of the most "put-upon" persons that we've ever come across and at the same time gets less credit for his behind the scenes efforts than any other official.

Frank Grimes, editor of the Abilene Reporter News, in a recent editorial, which we have permission to print, states the case in excellent manner. Grimes is also a past president of the Abilene Chamber of Commerce.

And here is his editorial.

"Today's Chamber of Commerce" Used to be, the chamber was a windy individual with a loud voice and louder attire who laid claim to everything within a radius of fifty miles, spent his time glad-handing everybody like a candidate for constable, and tried to high-pressure the newspapers not to print news he considered unfavorable to the town.

Thank goodness, times have changed, and chamber of commerce managers have changed with them. Today's manager is more likely to be quite than noisy, more given to using the far range segment of his bifocals than the short-sighted segment, and couldn't be mistaken for a one-eyed mule in the dark.

The latest model manager oozes statistics at every pore, is more familiar with freight rates and basing-point lore than with three-sheet posters boosting the town, gets a haircut regularly, and is respected as a real force in the community.

The typical chamber of commerce isn't the fruitful source of wisecracks and jokes its forerunners were, and with good reason. It takes less and accomplishes more. It finds an answer to community problems, and lays it on the line, let the chips fall where they may. It substitutes facts for oratory and the old run-around when prospecting for information. It substitutes business methods for balldoo, fixes a budget and stays with it, keeps its membership list up to date, sees that every member has something to do at least once a year, and distributes its work among committees that really work.

The Chamber of Commerce has become a real dynamo of civic achievement, the giver of a hot foot to the sluggard, and a battery-charger to the lazy elements in the population.

We like it the new way much better. If the chamber of commerce isn't getting its job done, we should do some self-examining. Maybe the fault is with the membership, not with the management. A citizen who does nothing for the chamber of commerce but mail it a check is falling down on his civic job.

From 1882 to 1948 inclusive, there were 4,719 lynchings in the United States.

Coal is found in 43 of West Virginia's 66 counties.

FAIR, WARMER WEATHER DUE IN WEST TEXAS

By United Press
Clear skies and cool temperatures were forecast for most of Texas today, with only the extreme southeast part of the state expecting any rainfall.

West Texas could look for fair weather and a little warmer in the Panhandle and south plains this afternoon and tonight, the weatherman said. East Texas could expect clear to partly cloudy skies in the northern parts and considerable cloudiness in the south portion, where scattered showers were expected.

Meanwhile, the Trinity River left its banks in the Dallas area today, the result of heavy rains yesterday. However, the U. S. weather bureau noted that it was not a serious rise. At 9 A. M., the river was at 31.6 feet and almost

at its crest. The river leaves its banks at 28 feet, but levees prevent damage to nearby industrial areas.

Laredo reported the highest temperature in Texas yesterday with 87 degrees, while Junction and Waco tied for the lowest maximum at 57. Lowest reading this morning was recorded at Dalhart, 34, and the highest minimum was 70 at Brownsville.

Rainfall reported during the 24 hour period ending at 6:30 A. M. included Lufkin .60 inches, Palestine .38, Tyler .35, Corpus Christi .15, Bryan .14, Beaumont .11, Victoria .09, Texarkana .07, San Antonio .07, Dallas .06, Fort Worth .06, Galveston .06, Laredo .05, Houston .02, and Cotulla .01.

Rain was reported just before dawn at Bryan, Austin, Cotulla and Laredo. Victoria reported a thundershower, while small patches of ground fog obscured sections of Dallas and Brownsville.

Six Of Eight Joyriders Killed

VESTAL, N. Y., April 20 (UP)—Six of a party of eight gay, joy-riding teenagers were killed last night when their borrowed sedan skidded on wet pavement and crashed head-on into a tractor-trailer.

State Police Lt. Joseph A. Murphy said the car "must have been traveling at least 65 miles an hour."

The impact tore the motor loose and tossed it 250 feet down the highway, he said. "The bodies were thrown out of the car and we found them anywhere from 45 to 100 feet away from the scene of the crash."

He said "the kids were singing and joking" when the car crashed during a rainstorm while enroute back to nearby Binghamton after a joyride.

All the victims, except the driver, Raymond Scudder, 19, of Owego, were high school students.

The other victims were Donna Pudiak, 17, Ida Diute, 18, Joseph Combs, 14, Patricia Riegel, 16, and James Winfield, 16, all of Binghamton.

John Pudiak, 15, brother of Donna, was discharged from a hospital after treatment for minor abrasions. Kenneth Schwartz, 17, Owego, was hospitalized with a broken leg and other injuries.

The driver of the truck, Louis C. Bolis, 46, of Buffalo, escaped injury.

Contract Is Let For Hiway Work

A contract, calling for asphalt leveling from the Eastland County line to the South edge of Breckenridge, and from the T&P Railroad in Eastland to the Stephens County line, has been awarded to Public Construction Company of Denton. The low bid was for \$76,266.

The leveling will include 26.64 miles of improvement on Highway 6, right-of-way. The project was tabulated by the Texas Highway Department in Austin.

There are 6,335 hospitals in the United States. They contain 1,423,520 beds.

Large Crowd Attends Revival

Floyd J. Spivy, minister of the Church of Christ, stated today that a large crowd was present for the opening service of the revival which began at the church Wednesday night.

Robert C. Jones is delivering the messages and spoke last night on the subject of "Neglect." He spoke this morning at 10 o'clock on the subject "Do Your Best."

He will speak tonight on the subject "Make It Sure." Services are being held each morning at 10 o'clock and each evening at 7:30 o'clock.

THE WEATHER

By United Press
EAST TEXAS—Clear to partly cloudy in the north. Considerable cloudiness in south portion this afternoon and tonight. Scattered showers and cooler in the extreme south portion. Moderate to locally fresh northeasterly winds on the coast becoming moderate east and southeast Friday.
WEST TEXAS—Fair. A little warmer in the Panhandle and South Plains this afternoon and tonight. Friday partly cloudy and warmer.

WASHINGTON COLUMN

Old Chestnut Given New Twist At Defense Chief's Expense

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—There's a story going around the Pentagon about a psychiatrist who died and went to the pearly gates, demanding admission.
"What's a psychiatrist?" demanded St. Pete.
"He's a doctor," the spirit explained patiently. "He treats people's mental illnesses—like when they're out of their heads."
"Walk right in and go up to the throne," said St. Pete quickly. "See what you can do about God. Here of late he's been thinking that he was Secretary Johnson."

Newest lobby to put in an appearance is "The Association for the Abolition of Farm Price Supports, Inc." So far it hasn't opened Washington offices, but is soliciting memberships from New York. Later it plans to work for reduction of price supports, which it now estimates cost \$1,400,000,000 a year, and to stop the Brannan plan.

A PLEA "to permit the importation of more European-made goods on the basis of fair competition," has just been made by U. S. Council of the International Chamber of Commerce, in support of Marshall Plan objectives. President of this U. S. council is Philip D. Reed, who is also chairman of General Electric Company's board of directors. G. E. is the company which recently succeeded in beating out a British manufacturer—"on the basis of fair competition"—in bids to sell electric power transformers in the Northwest.

Serial numbers assigned to men in the armed services during the war, for their "dog tags," were supposed to identify them as distinctively as fingerprints. So when GI insurance dividends were mailed out, they were checked against serial numbers on the assumption that no two persons would have the same number.

The serial number bookkeeping has now been found to be a little faulty. The first check by Veterans' Administration when they set up their mailing priority list disclosed nearly a million men with duplicate numbers. A second check showed that only a few of these duplications were the result of writing wrong numbers on application forms from veterans. The great bulk were simple mistakes and duplications by the various services. In one case the same serial number had been assigned to seven different officers.

EASY explanation for recent drops in coffee sales has been that consumers have been on a buyers' strike against high prices. A variation of that explanation is that during the coffee "shortage" of last fall and winter, many consumers hoarded supplies. That shot up the price and made the shortage worse. Now that coffee is in more plentiful supply, the hoarders are using up their reserves. This is supposed to have cut sales.

Paul Hadlick, counsel for Sen. Guy M. Gillette's Agriculture subcommittee investigating food prices, has another explanation. When coffee prices are high, he says, people aren't so wasteful. They don't make that extra cup for the pot, and they don't throw leftover coffee down the drain. They leave it, and warm it up, and drink it later instead of making fresh.

Since defeat of the Federal Aid to Education bill in a noisy wrangle of the House Labor Committee, proponents of this measure have taken a different tack. The plan they are discussing now is to concentrate on a bill which would appropriate federal funds for extra payment of teachers' salaries only. Such a bill would not carry with it the explosive religious issue which has hamstrung federal aid to education legislation thus far. National Education Association, which has been backing this legislation for years, is expected to swing round and support the modified teachers' salary bill, as the best that can be obtained at this session of Congress.

HOLDREGE, Neb., (UP)—Everybody had the tax jitters during March but one local business man had something worse than the usual case. After spending ten minutes praising the merits of a new building he had just constructed, the business man turned around and saw the county assessor dutifully making over the structure with an eye to next year's taxes.

Negro Given Life Imprisonment

FORT WORTH, Tex., April 20 (UP)—A 21-year-old Negro faced life imprisonment today after a district court jury found him guilty of raping a 71-year-old grandmother.
Arthur Lee Sherrod, who still is under indictment for three rape attempts, was so happy at escaping the death penalty the prosecution had asked that he did not plan to seek a new trial.
The verdict was returned late yesterday after the jury sent a note to the court during deliberations, asking if a jury could give a life sentence "and be assured that the defendant will never be free."

The judge replied by note that under the law he could not answer the question.
The jury later reported it was "hopelessly hung" by a six to six vote. However, the decision was reached after five hours and 20 minutes of deliberation.

Corporal's Wedding Costs Bit More

TEMPLE, Tex., April 20 (UP)—It cost Cpl. William G. Horton of Fort Hood a little more than the usual \$2 license fee to marry his fiancée.
In addition to the fee, Horton also plunked down \$15 for long

distance telephone charges.
His bride was Gudrun Marie Mollen Fogg at Augsburg, Bavaria, Germany, whom he met while serving as a guard at war crime trials.
Justice of Peace R. W. Watts of Temple conducted the six-minute overseas telephone marriage yesterday.

Washes and Rinses Clothes Really Clean and Bright

LIVE-WATER ACTION

...and only FRIGIDAIRE has it!

Frigidaire's exclusive Live-Water Action produces rolling, penetrating currents of hot, sudsy water that wash clothes through and through with no pulling or yanking. Clothes are in water all the time—not half-in, half-out. And the same Live-Water Action that washes clothes cleaner, rinses them twice in fresh, clean water. See a demonstration of Live-Water Action. There's nothing else like it!

Only FRIGIDAIRE has all these features!

- All-Porcelain inside and out
- Lids from the top
- Put it anywhere, no bolting down.
- Clog-Proof Water Pump
- Underwater Suds Distributor
- Flow-Temp Water Valve
- Direct-Drive-Unitmatic Mechanism

FRIGIDAIRE AUTOMATIC ELECTRIC CLOTHES DRYER

No more clothes lines or weather worries! Dries clothes as fast as you wash them. In 15-25 minutes clothes come out sweet-smelling, soft, fluff-dried, ready for immediate use or for ironing.

WASHINGTON COLUMN

Old Chestnut Given New Twist At Defense Chief's Expense

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—There's a story going around the Pentagon about a psychiatrist who died and went to the pearly gates, demanding admission.
"What's a psychiatrist?" demanded St. Pete.
"He's a doctor," the spirit explained patiently. "He treats people's mental illnesses—like when they're out of their heads."
"Walk right in and go up to the throne," said St. Pete quickly. "See what you can do about God. Here of late he's been thinking that he was Secretary Johnson."

Newest lobby to put in an appearance is "The Association for the Abolition of Farm Price Supports, Inc." So far it hasn't opened Washington offices, but is soliciting memberships from New York. Later it plans to work for reduction of price supports, which it now estimates cost \$1,400,000,000 a year, and to stop the Brannan plan.

A PLEA "to permit the importation of more European-made goods on the basis of fair competition," has just been made by U. S. Council of the International Chamber of Commerce, in support of Marshall Plan objectives. President of this U. S. council is Philip D. Reed, who is also chairman of General Electric Company's board of directors. G. E. is the company which recently succeeded in beating out a British manufacturer—"on the basis of fair competition"—in bids to sell electric power transformers in the Northwest.

Serial numbers assigned to men in the armed services during the war, for their "dog tags," were supposed to identify them as distinctively as fingerprints. So when GI insurance dividends were mailed out, they were checked against serial numbers on the assumption that no two persons would have the same number.

The serial number bookkeeping has now been found to be a little faulty. The first check by Veterans' Administration when they set up their mailing priority list disclosed nearly a million men with duplicate numbers. A second check showed that only a few of these duplications were the result of writing wrong numbers on application forms from veterans. The great bulk were simple mistakes and duplications by the various services. In one case the same serial number had been assigned to seven different officers.

EASY explanation for recent drops in coffee sales has been that consumers have been on a buyers' strike against high prices. A variation of that explanation is that during the coffee "shortage" of last fall and winter, many consumers hoarded supplies. That shot up the price and made the shortage worse. Now that coffee is in more plentiful supply, the hoarders are using up their reserves. This is supposed to have cut sales.

Paul Hadlick, counsel for Sen. Guy M. Gillette's Agriculture subcommittee investigating food prices, has another explanation. When coffee prices are high, he says, people aren't so wasteful. They don't make that extra cup for the pot, and they don't throw leftover coffee down the drain. They save it, and warm it up, and drink it later instead of making fresh.

Since defeat of the Federal Aid to Education bill in a noisy wrangle of the House Labor Committee, proponents of this measure have taken a different tack. The plan they are discussing now is to concentrate on a bill which would appropriate federal funds for extra payment of teachers' salaries only. Such a bill would not carry with it the explosive religious issue which has hamstrung federal aid to education legislation thus far. National Education Association, which has been backing this legislation for years, is expected to swing round and support the modified teachers' salary bill, as the best that can be obtained at this session of Congress.

HOLDREGE, Neb., (UP)

Everybody had the "tax jitters" during March but one local business man had something worse than the usual case. After spending ten minutes praising the merits of a new building he had just constructed, the business man turned around and saw the county assessor dutifully looking over the structure with an eye to next year's taxes.

Negro Given Life Imprisonment

FORT WORTH, Tex., April 20 (UP)—A 21-year-old Negro faced life imprisonment today after a district court jury found him guilty of raping a 71-year-old grandmother.

Arthur Lee Sherrod, who still is under indictment for three rape attempts, was so happy at escaping the death penalty the prosecution had asked that he did not plan to seek a new trial.

The verdict was returned late yesterday after the jury sent a note to the court during deliberations, asking if a jury could give a life sentence "and be assured that the defendant will never be free."

The judge replied by note that under the law he could not answer the question.

The jury later reported it was "hopelessly hung" by a six to six vote. However, the decision was reached after five hours and 20 minutes of deliberation.

Corporal's Wedding Costs Bit More

TEMPLE, Tex., April 20 (UP)—It cost Cpl. William G. Horton of Fort Hood a little more than the usual \$2 license fee to marry his fiancée.
In addition to the fee, Horton also plunked down \$15 for long

distance telephone charges. His bride was Gudrun Marie Mollen Pogge at Augsburg, Bavaria, Germany, whom he met while serving as a guard at war crime trials.

Justice of Peace R. W. Watts of Temple conducted the six-minute overseas telephone marriage yesterday.

TEXAS NEWS BRIEFS

By United Press

AUSTIN, Tex., April 20 (UP)—A rusted trigger plate of a rifle or shotgun was found yesterday in the hollowed top of a pillar at the capitol. Painters discovered it but no one knew how it got there.

AUSTIN, Tex., April 20 (UP)—More new businesses were started last month in Texas than in 14 previous months and employment hit the highest peak since last November, the Texas Employment Commission reported late yesterday.

There were 48 new businesses started in March, equalling the January, 1949 figure and topping the February, 1950 figure by 16. Dallas led with 10 new firms; Corpus Christi had nine; Waco, San Antonio and El Paso four each.

LAREDO, Tex., April 20 (UP)—A search was under way today for Leroy Holmes, 30, salesman for a packing company who has been missing since Monday.

SAN ANTONIO, Tex., April 20 (UP)—Gov. Raul Lopez Sanchez of Coahuila, Mexico was here today with his wife and small daughter for a visit. En route here, he told reporters in Laredo that a vast public improvement program in his state would be completed this year. He estimated its cost at 110,000,000 pesos (about \$13,000,000 with the government and state sharing the cost).

SWEETWATER, Tex., April 20 (UP)—Nolan County Sheriff Cal Montgomery and deputy Ted Lambert were injured yesterday when their automobile overturned on a curve on a gravel road 12 miles south of Roscoe.

Montgomery suffered a broken ankle and other injuries. Lambert was treated at a Sweetwater hospital for possible internal injuries.

ABILENE, Tex., April 20 (UP)—Four persons were seriously injured and five others less severely hurt last night in a grinding two-car collision here.

The seriously injured were Mrs. C. M. Lawrence, 52, Abilene; Mrs. J. A. Mash, 20, Roby, and her year-old daughter, Lynda Sue Mash, and Mrs. A. W. Polk, 27, Newport News, Va.

Pigeons as Is Pigeons

CAMBRIDGE, Mass. (UP)—Homing pigeons are dull witted compared with the birds trained by a Harvard psychologist, B. F. Skinner. In his psychology experiments, prof. Skinner has taught pigeons to play piano, table tennis and slot machines.

ISLAND DWELLERS MEET CENSUS TAKER — After a journey by Coast Guard cutter, census taker Helen Mabbott lines up almost all of the inhabitants of Farallon Island to be counted. In all she found nine men, five women and five children.

American Girl Slain In Nassau

NASSAU, Bahamas, April 20 (UP)—A sex maniac was sought today as the slayer of an American former FBI girl whose body, nude except for a brassiere, was found doubled up in an abandoned well.

Bettie Renner, of Washington, D. C., a five-foot, 11-inch brunette on vacation in this millionaire's playground, was savagely beaten on the head and jammed into a narrow well opening in an abandoned stone quarry, according to the police.

Nassau Police Chief G. H. Ranoo said an autopsy report showed the

37-year-old Miss Renner had not been raped but that there were "certain indications" that the slaying was a sex crime.

Ranoo said Miss Renner's slacks and blouse had been ripped from her body and she wore only a brassiere. He said he hoped to announce an arrest soon but that "I'm never optimistic."

The attractive former G-girl, now an attorney in the Washington office of the New York legal firm of Riegelman, Strasser, Schwarz and Spiegelberg, apparently was attacked shortly after noon Tuesday while on a bicycle ride through the lonely pine forests of the Nassau countryside. The quarry where she was found yesterday is five miles from downtown Nassau.

Police said Miss Renner's body

Truman Signs Housing Bill

WASHINGTON, April 20 (UP)—President Truman today signed the \$3,500,000,000 Housing Bill intended to spur home building and development of rental dwellings for lower and moderate income families.

Mr. Truman signed the Legislation although it did not contain a provision which he sought—A \$1,000,000,000 program of direct federal loans to housing cooperatives.

But his signature set in motion the stalled operations of the Federal Housing Administration and the Federal National Mortgage Association. It will make it easier for ex-GI's to get home loans. It provides, too, for limited direct federal loans to schools and colleges for housing.

Oil Boom Hits Kansas Town

JETMORE, Kan., April 20 (UP)—Jetmore, with a normal population of 1,000, became a boom town today as oil lease makers swarmed into the community.

Editor Howard Wilson of the Jetmore Republican said the influx of outsiders started after Shell Oil made a discovery on a farm two miles north of the town last Saturday.

Wilson said drillers told him the well would be a good commercial producer.

NEWS FROM Olden

Mrs. Dick Yielding and Mrs. Ruth Chancellor were in Electra last Friday to meet Mrs. Yielding's daughter, Mrs. Joe Crawford and small son. Mrs. Crawford will visit here for a week before returning to Electra. They will go to Ulysses, Kansas, where they live, the later part of the week.

Mrs. Charles Hodges is ill with the flu.

Quintuplets Use 'Musterole' For Chest Colds!

To relieve coughs—achy muscles
The Dionne Quinta have always had the best care. Ever since they were babies, they've used Musterole to promptly relieve coughs and local congestion of colds. Because your kids enjoy Musterole's great benefits!

Mr. and Mrs. Clarence La Buff and son were visiting relatives in Breckenridge Saturday.

Mrs. Nora Butler of Crane is here at the bedside of her father, Mr. W. A. Partin.

Mr. and Mrs. L. B. Owens and infant daughter of Morton Valley visited Mrs. G. T. Nabors Sunday.

Mrs. Bill Noblett, her daughter and son-in-law, Mr. and Mrs. James Howell of Henderson, visited her mother, Mrs. Nettie Fox; Mrs. Dick Yielding and Mrs. E. T. McKelvin last week.

Bobby Warren was absent from school several days last week with the flu.

Miss Nannie Allman is suffering from an injured knee which was hurt while she was playing on the school ground last Thursday.

Dinner guests in the home of W. H. Norton Sunday were Mr.

and Mrs. Edgar Rose and children of Ranger, and Mr. and Mrs. William Edwards, also of Ranger.

Mrs. Dick Yielding and Wanda and Mrs. Melba Nabors and Connie spent last Thursday with Mrs. Gordon Woods of Cisco.

Miss Eunice Hamilton and Miss Mollie Green were shopping in Fort Worth Monday.

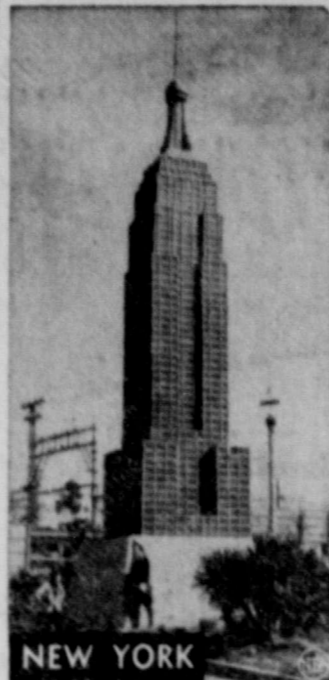

Mr. W. E. Rice is home from the hospital in Fort Worth.

Bro. Jack Thompson and Jack Myers were dinner guests Sunday of Mrs. Birtha Owens.

Mr. E. T. McKelvin is home from Pecos where he has been working for the past two weeks.

Junior Hamilton of Pampa, visiting with his parents Wednesday night.

Mr. and Mrs. Johnie Mitchell of Colorado City visited Mr. and Mrs. Hugh Vermillion over the week end.

NEW YORK
MANHATTAN IN OSAKA—A miniature replica of New York's towering Empire State Building is included in a group of U. S. landmarks built for display at a fair in Osaka, Japan.

Brother Jack Thompson, Jack Myers, Mrs. Ida Simer and Mrs. Katy Barnhill visited Mr. and Mrs. Jim Stiffner Sunday.

Mrs. Gorman Morten of Ranger visited her sister, Mrs. V. M. Hamilton Friday night.

Mrs. Mary Fox of Eastland spent the week end with her daughter, Mr. and Mrs. Johnie Mitchell.

Mr. and Mrs. W. C. Stark visited his mother of Comanche over the week end.

Mrs. Jessie Kelley was shopping in Ranger Saturday.

Mr. and Mrs. Vernon Red's daughter, Mrs. Robert McKune and grandson of Abilene, visited the Reds last week.

Mr. and Mrs. A. D. Baker of Albany visited with Mr. and Mrs. Bob White last week.

Mr. and Mrs. W. A. Wharton had friends from San Angelo visiting last week.

The seniors returned from their trip Monday night. They all reported having a good time.

Mrs. Vernon Red has been ill in the hospital in Ranger.

Mr. and Mrs. Horton of Alice have been transferred here by the Magnolia Company. They are living in the Strand house.

Mrs. Bill Edwards and daughters visited her sister, Mrs. Artie Long, and with Miss Thelma McCune, and Mrs. Fisher, all of Fort Worth, over the week end.

Bowling Briebs

Premier Bowling League News
In a whirlwind finish, the Auto-Air took four points from the league leading Gang and thereby took first place in the final half of the league play. A. L. Rainwater was leading kegger for the Auto-Air with a 461 series and for the Gang, J. B. Weekes took the honors with a 516 series. With C. D. Beck rolling a 509

series, the Office took three points from the gaugers and in so doing emerged in second place tie, in the final half, with the Gaugers. Chesley Tipton was again high man for the Gaugers with a 516 series.

URGES PROGRAM TO AID INVALID ADJUSTMENTS

DALLAS, Tex., April 20 (UP)—American general hospitals need a dynamic training program to help chronic invalids live independently within their own homes, an associate editor of the New York Times said today.

Dr. Howard A. Rusk, speaking at the 55th annual convention of the American Association for Health, Physical Education and Recreation yesterday, added that medical treatment alone will not solve invalids' problems.

A "diversified but integrated program" must be developed to aid such patients in meeting day-to-day situations in life, he said.

"It would seem logical that medical rehabilitation would be an important service in every civilian general hospital," he said. "But there has been little or no attempt

until recently to establish such programs in civilian hospitals."

Veterans hospitals have shown increasing interest in rehabilitation services, Rusk said.

He asserted that chronic illness is taking the place of infectious disease as the primary medical problem in many parts of the world because of an increase in the population of the aged.

Rusk credited important advances in medicine and surgery as primary factors in increasing longevity.

"Two thousand years ago, the average length of life was 25 years," Rusk said. "At the turn of the century, it was 49, and today, in the United States, it is 66."

By 1940, "we may need nearly double the amount of medical services that is available today," because as people grow older their

medical needs change, Rusk said. "Lacking specific measures in the cure of many of the chronic diseases, medicine must look to rehabilitation to teach those afflicted by chronic disability to live and to work," he said.

Tunnel Takes Walk
HULL, Mass., (UP)—The wind moved a railroad tunnel 10 feet but no one was injured and damage was slight. The 50-foot tunnel was built of wood for a miniature railroad in a Nantasket Beach amusement park.

Ingrid Wins Fight Over Pia

HOLLYWOOD, April 20 (CP)—Ingrid Bergman won her bitter transatlantic fight today to have Dr. Peter Lindstrom give her joint legal custody of their 12-year-old daughter, Pia.

full custody of the little girl, changed his mind and agreed yesterday to share her with her mother.

But he's determined to divorce the beautiful movie queen "immediately."

Greg Bautzer, Miss Bergman's attorney, said she will not contest the suit.

He said he will hurry up Miss Bergman's wedding to Italian film director Roberto Rossellini, the father of her two-month-old son and the man who wooed her away from her husband, child and Hollywood career.

Meanwhile, friends of the actress, said, she is making plans to come here in the next two months to be with Pia. If she wants, she can take the little girl to Rome with her for a vacation.

"That's the point we fought hardest for," Bautzer said. "She can take her any place she wants to without asking anybody's permission."

SOCIETY

League Shown Health Films

The regular meeting of the Ranger Civic League was held Wednesday afternoon at 3 o'clock at the Community Clubhouse with the president, Mrs. C. A. Strong, presiding.

Mrs. J. A. Johnson was in charge of the program and presented Mrs. A. W. Brasda who directed a health program. Mrs. Brasda with the aid of the Rev. Jasper C. Masseege and Mrs. Masseege presented two medical society films, one on cancer and the other on tuberculosis.

In a business session reports were made on the house numbering campaign being directed by the League. Indications were that the captains have met with cooperation in their effort to get every house in Ranger properly numbered.

The next meeting of the League will be held May 17 at which time Mrs. J. J. Kelly and Mrs. M. L. King will be in charge of the program.

Jessie Trout Circle Meets

The Jessie Trout Circle of the First Christian Church met Monday afternoon in the home of Mrs. B. E. Patterson. Mrs. R. A. Jones was leader of the program which was based on the 13th through the 18th chapter of First Samuel.

Those attending the meeting were Meses. J. E. Bryan, Frank Weeks, Elsie Frasier, Sue Crawford, Jones, O. R. Ervin, R. H. Clifton, B. S. Dudley, R. C. McCord and R. C. Crawford.

The next meeting of the circle will be in the home of Mrs. Weeks.

Personals

Mr. and Mrs. C. B. Pruet and daughter, Carolyn, left Wednesday for Centralia, Illinois where they will visit Mr. and Mrs. Ronald Pruet. The three went by plane as far as St. Louis.

Mrs. W. C. Palmer left Dallas by plane this morning for Houston where she will attend the wedding of her son, Bob Palmer to Marilyn Durelle Johnson. The wedding was to take place at 8 o'clock this evening.

Aristotle, Greek philosopher, and Demosthenes, Greek statesman, died during the same year, 322 B. C.

TWO HOUSTONIANS SEE "SAUCER-SHAPED THING"

HOUSTON, Tex., April 20 (UP)—A noisy, saucer-shaped "thing" that moved upward in a shower of sparks was spotted here today by two men who said they didn't believe in flying saucers.

W. C. Easterlin, a painter, thought at first it was the moon. Then, before he could get a second look, the silvery object shot into the sky at a 50-degree angle, leaving a trail of glowing sparks, Easterling said.

"I thought it was the moon until I saw it moving," Easterling told newsmen. "The more I looked, I could tell it wasn't round like a ball, but was shaped more like a saucer. But I don't believe in those flying saucers that everybody's been seeing."

Easterling stated the contraption whipped up into the sky "like a bolt," letting off a sort of "mild roar that went 'whoosh'."

Steve Dobos, nightwatchman where Easterling had reported for an early morning painting job, also caught a glimpse of the fleet disc.

"If I hadn't heard so much about flying saucers, I would have said right off that it was the work of the almighty. As it is, I just don't know what it could have been," Dobos commented.

Dobos said he saw "that thing" while it was standing still, and that it suddenly took off "like it was jet-propelled, sparks and all."

Regardless of what they saw, Easterling and Dobos both were skeptical that it was a flying saucer.

"I never actually believed that people saw flying saucers when they said they did. I just figured their eyes were deceiving them," Easterling said. "And I still don't say this thing was a flying saucer—but it was something like I have never seen before, and it was shaped like a saucer."

Dobos was even more mystified. "I don't know what it was and I can't guess where it came from. All I know is that it was there and

I got a little shaky about it."

FORT WORTH, Tex., April 20 (UP)—The Air Force said today it still does not believe in flying saucers, but a weather officer suggested unofficially that they might be weather observation balloons.

The suggestion came from Maj. R. G. Bounds, Eighth Air Force Weather Officer in charge of the 24th Weather Squadron's detachment stationed at the Carswell base here.

Some of the larger Rawinsonde balloons sent up every four hours daily from Carswell and 20 other Air Force weather stations as well as 25 or 30 civilian stations might "easily be mistaken for flying saucers when they glisten in the sunlight."

Bounds said these balloons go up to 150,000 to 180,000 feet sometimes before they burst and a parachute brings down the radio transmitter.

He said the Rawinsondes shimmer in the sunlight as a metallic object would and as they expand in high altitudes, become somewhat distorted into disc-like or elongated shapes.

Each carries a red parachute at-
