### REPUBLICANS ELATED AT APPROPRIATIONS CUT

WASHINGTON, May 11 (UP)—Republican-led economy forces claimed a smashing victory today in House approval of the \$29,000,000 omnibus appropriation bill.

GOP experts said they had realized their goal of chopping \$1,000,000,000 from the measure by the adoption of two amendments by Rep. John Taber, R., N. Y., and Ben F. Jensen, R., Ia.

But Democrats disputed this claim. They said the effect of the GOP amendments would not measure up to the estimates of their sponsors.

The House passed the measure, the first single-package spending bill in history, on a roll call vote of 362 to 21 late yesterday. It would provide \$28,894,346.164 for the operation of almost all government agencies in the fiscal year beginning July 1.

Taber, leader of the House Economy Bloc, based his claim to have achieved a \$1,000,000,000 cut through House adoption at the last minute yesterday of two amendments. They were:

1. An amendment sponsored by Taber himself to lop \$600,000,000 off the bill. This called for a 10 per cent reduction in personnel by all federal agencies except the defense department, which would undergo a two per cent cut, and for heavy reductions in expenditures for travel, telephone calls, telegrams, rents, utilities and other similar items.

2. An amendment devised by Taber and sponsored by Jensen providing that not more than 10 per cent of the personnel vacancies occurring in the government during the next fiscal year could be filled from the outside. Both Jensen and Taber estimated this saving at \$400,000,000 to \$500,000,000 next year. Congressional sources estimated

### RJC Quartette, Choir Present Rotary Program

Heartily applause greeted numbers by the Ranger Junior College Quartette and Choir when they were presented at the regular meeting of the Rotary Club held Wednesday at noon at the Ghoulston Hotel Coffee Shop dining room.

The quartette opened the program with two numbers after which the choir under the direction of Fred Baumgardner, head of the fine arts department of the college, sang three numbers. The mixed choir's numbers were well received by the club and guests.

The program was arranged by John Winder who also extended an invitation to the club to hear a full program by the choir at the High School that afternoon.

G. B. Rush, president, presided at the meeting and at the close of the program explained some of the plans and ambitions planned for the music department of Ranger Junior College. He introduced Bob Gilchrist of Eastland who was visiting Rotarian at the luncheon.

### BAPTIST CONVENTION MOVES TO ACCEPT GRANT

CHICAGO, May 11 (UP)—The Southern Baptist Convention has taken the first steps toward acceptance of a \$12,000,000 grant from the Reynolds foundation, established by the Reynolds tobacco family.

The convention voted unanimously yesterday to buy Wake Forest College, Wake Forest, N. C., one of the conditions of the trust. The college will be removed to Winston-Salem, N. C., where it will be expanded into a major university.

Under the terms of the trust, the denomination and the college must match the funds offered by the trust. Already, \$4,300,000 has been subscribed by various North Carolina groups toward meeting the requirement. The college was reported to have a \$4,000,000 endowment of its own.

The North Carolina convention tentatively accepted the trust in 1946 with the agreement that construction of the new school be undertaken by the state.

For Good Used Cars (Trading in the New Olds) Osborne Motor Company, Eastland

that the two amendments might result in a decline of 200,000 to 250,000 employes on the federal payroll.

Jensen exempted the armed forces, atomic energy commission, presidential appointees, and the judicial and legislative branches from the effects of his amendment.

Appropriation committee chairman Clarence Cannon, D., Mo., belittled the effect of the GOP amendments, particularly that sponsored by Taber. He insisted that the appropriations committee already had cut deeper in many times, and said Taber's proposal was only "window dressing."

Before yesterday's decisions, the House had tacked an additional \$449,310,000 onto the bill during floor debate. Of this, \$350,000,000 was for more airplanes and for more anti-submarine equipment.

The appropriations committee had cut \$1,567,905,044 from President Truman's budget estimates. As approved by the House, the bill was \$1,718,590,504 below the budget estimates.

No date has been set for Senate consideration of the bill. Senate appropriations subcommittees still are holding hearings.

### Testimony Due In Johnson Trial

AMARILLO, Tex., May 11 (UP)—Jury selection was complete and testimony was scheduled to begin today in the Ewald Johnson murder trial.

Johnson and his 21-year-old wife are charged jointly with the tourist cabin slaying here last June 22 of W. A. (Tex) Thornton, famed oil-field troubleshooter.

The final juror was chosen and sworn in late yesterday as the 500-man venire neared exhaustion. The attorney for Johnson's blonde wife, Diana, indicated the state had agreed to dismiss the murder charge against her. But she still would face a Dyer action charge, resulting from her alleged flight from Amarillo in Thornton's stolen automobile after the murder.

Special prosecutor George McCarthy denied the claim, however, "I am not filing a motion (dismissal) of any kind," he said.

### Two Drown As Car Washed Off Bridge

TECUMSEH, Okla., May 11 (UP)—Two persons drowned when their car was washed off a bridge into flood-swollen Salt Creek near here last night. Two others clung to partly-submerged trees and were rescued.

The Oklahoma Highway Patrol identified the victims as Mrs. Hazel Dalen, 29, mother of seven children, and Jack King, 25, both of Shawnee, Okla. King's survivors include two children.

The patrol said they were in an automobile with Marie Berry, 23, and Floyd Shackelford, 23, on U. S. 82. The patrol said the party drove into "hip-deep" water on the bridge despite warnings from other persons in the area.

The first person upon the scene was Frank Fulps of Mineral Wells, a passing motorist. He dragged the victims from the crumpled automobiles and said they must have died at the time of the impact.

Russians Prepare Camps For Yanks

FRANKFURT, Germany May 11 (UP)—All Russian officers in Soviet prisoner-of-war camps are required to learn English, a German prisoner who spent five years in a Siberian camp said today.

Wilhelm Berman, who was released recently, said a guard told him English was required "because we expect to have these camps full of American and British war prisoners in four or five years."

Berman has compiled a 200-page report on Siberia on the request of American intelligence officers.

He also charged the group with holding "the balance of power politically" in the United States.

WEST TEXAS OFFICERS STAGING BIG MAN HUNT

MONAHANS, Tex., May 11 (UP)—Heavily armed officers patrolled the streets and outskirts of this West Texas town today in a hunt for two dangerous convicts who escaped the Ward County Jail.

Another former convict who broke out of jail was recaptured last night after he inquired about the progress of the search from a hospital where he had gone for treatment of an injury.

Sheriff W. B. McNeill said the manhunt was the biggest in West Texas in recent years. More than 30 automobiles, carrying Highway Patrolmen, Sheriff's officers and City policemen, cruised the area.

Light airplanes swept low over brushy territory on the outskirts of Monahans yesterday after the trio and a teen-ager charged with housebreaking bolted from the jail.

Jack Cuzick, 26, charged with abduction, injured his arm when an automobile he and another fugitive had stolen crashed into another car while speeding from the downtown area. The stolen automobile was abandoned later.

Cuzick went to a hospital for treatment and telephoned the jail to inquire about the manhunt. Jail attendants became suspicious and engaged Cuzick in conversation while the call was traced. Cuzick was still talking on the telephone when he was arrested.

McNeill identified the two men still at large as James Corbin, 47, awaiting trial on burglary, and Fred Hamm, charged with forgery. Cuzick had been charged with armed robbery and abduction.

The Sheriff said Hamm gained permission to leave the cell block yesterday morning, and suddenly turned on the jailer. He released the other three men, then the four of them rode an elevator to the second floor of the courthouse building and ran down stairs to the ground level.

Woodley Horn, the teen-ager who fled with the older men, was picked up as he walked along the outskirts of Monahans later.

Four Killed In Summer Months

ANTELOPE (Jack County), Tex., May 11 (UP)—Two automobiles collided head-on a mile north of Antelope yesterday, killing their four occupants.

The dead were identified by Sheriff Lee Roberts as Mr. and Mrs. Wayne Cooper of Jackboro, Tex., and Mrs. Hazel Osborne and Joe Schuyler, both of Enid, Okla. Roberts said the accident on U. S. Highway 281, was one of the worst in Jack County in many years.

Through regular savings we build up reserves against misfortune and provide income for our later years, thus lessening the burden upon others. We accumulate funds for worthwhile purchases and investments. The buying power we store up (individual savings in E Bonds alone exceed \$34,000,000,000 in cash value today) helps to stabilize business and employment through the years.

As your mayor, I urge all who are able to help the volunteer Savings Bonds Committee of this city reach every possible Bond buyer during the campaign. The more we exceed our Independence Drive quota and the more we spread the habit of regular saving, through Payroll Savings Plan or purchase of Bonds at banks and post offices, the more we shall have done for ourselves, our community and our nation.

In honor of the Liberty Bell, hallowed symbol of the American principles by which we live and grow and prosper, I call upon our citizens to signal the opening of this Independence Drive by the ringing of bells throughout the city at noon and the displaying of our nation's flag on Monday, May 15.

PRICE CRAWLEY Mayor

### Urges Planting Of Black-Eye Peas At Once

Eastland county farmers planning to plant black-eyed peas for the dry pea market are urged to plant them now just as soon as possible, County Agent J. M. Cooper said today.

The L. R. Barron Company of Athens, Texas, will not only buy dry peas of the black-eye variety but also the cream, clay, crowder, Chinese red and purple hull varieties. The best prices however are paid for the cream and the black-eye varieties.

It has been suggested that at least 25 pounds of seed per acre be planted and the seed inoculated with the E type of inoculant just prior to planting. The crop should also be fertilized with 4-12-4 fertilizer.

Farmers may purchase seed of the above variety from any seed house or store that they desire. There is no written contract between the grower and purchaser. The Barron Company recently brought a truck-load of seed of the above varieties into the county. They can be purchased at the Golden Oak Feed store in Gorman.

Peas planted now will be ready for harvest by combine in July and will bring a cash price when cleaned. The Barron Company agreed to set up a cleaning plant and buy the dry peas in as many as 1,000 acres were planted. It was not known just where the cleaning plant would be located. There would not be any charge for cleaning the combine run peas.

Due to the possibility of many farmers planting peanuts for oil stock in the peanut and pea growing areas there was a definite chance for the price of the dry peas to be higher than at first anticipated.

It is hoped that all farmers who plan to grow them for the market plant them immediately so as to have all of the acreage in the county mature along about the same time.

Joint Services For Wreck Victims

GRUVER, Tex., May 11 (UP)—Joint funeral services will be held at 2 P. M. tomorrow in the Gruver High School auditorium for two students killed in a car-train crash.

Leslie Cator, 17, basketball and football star, and Glenna Bell Sparks, 16, were killed when their car crashed into a Rock Island freight train standing at the Gruver Station Tuesday night.

Two other students in another car also were injured in colliding with the freight. They were Alvin Kauffman and Pat Holt, both 18. They were hospitalized at Spearman.

Editor Appointed Shivers Stand-In

AUSTIN, Tex., May 11 (UP)—Wes Izzard, managing editor of the Amarillo Globe-News, will represent Gov. Allan Shivers Tuesday at dedication ceremonies of the new Denver (Colo.) Post building.

Shivers named Izzard to represent him after he decided he was unable to accept an invitation to attend the dedication ceremony.

Supervisory Trainmen Ambushed In Gunfire

KNOXVILLE, Tenn., May 11 (UP)—White collar crewmen manning two Southern Pacific freight trains here were ambushed by a barrage of gunfire today and railroad officials charged striking firemen with acts of sabotage.

Manager D. W. Brosnan of the Southern's central lines said crewmen on two moving freights were fired on from bushes along the right-of-way between Knoxville's John Sevier yards and the Beverly station.

H. A. Porch, International vice-president of the striking Brotherhood of Locomotive Firemen and Enginemen, counter-charged that union pickets at John Sevier were stoned earlier in the day.

Union officials flatly denied responsibility for "some acts of sabotage on the part of the strikers" which Brosnan said had occurred in the Knoxville division.

There has been absolutely no violence or sabotage by striking employees," Porch said. "I did hear that a train was cut in two (uncoupled) at John Sevier yards yesterday.

But strikers were not involved. Such a break in a string of cars could have been accidental." A statement issued by Brosnan did not specify what the alleged sabotage involved.

The statement said Knoxville division operations had been "considerably slowed" but not stopped. Brosnan said six trains were operated into the John Sevier yards after the strike began at 6 a. m., yesterday and five went out of the yards.

The freight trains were manned mostly by regular transportation employes. Some office workers signed on as crewmen.

### Most Of Czech Embassy Aides Ordered Out

PRAGUE, Czechoslovakia, May 11 (UP)—The United States instructed all but 15 of the American employees at its embassy today to leave the country after Czechoslovakia warned it would not be responsible for their safety beyond Sunday.

The instructions were issued by Ambassador Ellis O. Briggs. American officials said Briggs had decided to bow to a Czechoslovak demand on April 28 that the United States cut its diplomatic staffs in this country by two-thirds.

The Czech government supplemented the demand last night by informing Briggs orally that it would not be responsible for the safety of American diplomats if the staff cut was not completed by Sunday.

The Czechs said that unmarried members of the Embassy Staff affected by the reduction should leave Czechoslovakia before midnight Friday.

The Czech note of April 28 accused American diplomats of "anti-state activities" and charged that they had aided persons who worked against the "security of Czechoslovakia."

"These activities have nothing in common with the usual activity of diplomatic and consular officers—looking after the interests of their state in Czechoslovakia, activities which, of course, they have only pretended," the note said.

Former Resident Dies In Midland

Word was received last night of the death in Midland of W. A. (Dub) Nolan, nephew of the late Mrs. L. M. Cook, and a former Ranger resident.

Mrs. Nolan died suddenly at his home in Midland, Wednesday afternoon at 5 o'clock. Funeral services will be conducted in Midland Friday and the body brought to Ranger for interment in the Bullock Cemetery.

The service at the cemetery will be at 4 o'clock.

Ask Intervention Of UN On Charges

LAKE SUCCESS, N. Y., May 11 (UP)—A group including 10 Hollywood screen writers and directors have asked the United Nations to investigate their contempt-of-congress convictions.

The group of 25 persons addressed its appeal to the UN commission on human rights yesterday. They charged that their contempt convictions, for refusing to answer questions before the House Un-American Activities Committee violated the international declaration on human rights.

Desdemona Man's Rites In Ranger This Afternoon

Last rites for Robert Andrew (Curly) King of Desdemona were conducted this afternoon at 3 o'clock in the Morris Funeral Chapel in Ranger. The Rev. Tiekner of the Methodist Church at Desdemona officiated and interment was in Evergreen cemetery in Ranger.

The deceased who died at his home in Desdemona Monday, May 8, 1950 was born in MacArthur, Ohio, May 26, 1885 and had been a resident of Desdemona for 32 years.

Survivors are his wife of Desdemona and one sister and four brothers, all of Ohio.

Burial services were Pasa Walker, Dutch Nabors, Charlie Lee, L. E. Clarke, Bill Greenham, John Arnold and Raymond Joiner.

THE WEATHER

East Texas: Considerable cloudiness, showers and occasional rain in the North and central portions this afternoon, tonight and Friday. Not much change in temperature. Moderate to locally fresh southerly winds on the coast.

West Texas: Considerable cloudiness with scattered light rain in the Panhandle, South Plains, and from the Pecos Valley Eastward, this afternoon, tonight and Friday. Warmer Friday.

"Buck Ahead" With Oklahomans Osborne Motor Company, Eastland

### BRINGS TOTAL FOR YEAR TO DATE TO 9.20 INCHES

Soaking rains which began about 7:30 o'clock Wednesday evening and continued intermittently throughout the night deposited a total fall of 1.64 inches of rain.

This makes a total of 9.20 inches of rainfall for 1950. Up to April 12 only 2.76 inches had fallen but heavy rains in the second half of April and 2.54 inches which have fallen in May make a big difference in the picture.

However from January 1 through May 10, 1949 a total of 15.81 inches had fallen. But for the same period in 1948 only 4.77 inches had fallen and in the same period in 1947 5.84 inches fell. Precipitation this year while considerably below that of 1949 is about twice as much as fell in the two previous years.

Indications were that the rains might continue through today and possibly tonight.

A slow-moving cool front brought turbulent weather to other parts of Texas.

The new rain from thunderstorms and showers as the front collided with the mass of warm air which had hung over the state for the past few days.

Boiling black clouds, brilliant lightning displays and high winds marked the front's movement across West Texas yesterday and last night.

Hail fell in scattered sections, with the heaviest in the area immediately west of Wichita Falls, where some wheat crop damage was expected to result. Pecos also reported hail damage.

Winds hit near-hurricane velocity in other sections. Lamesa suffered minor wind damage during a violent thunderstorm that dumped more than an inch of rain on that South Plains city.

Shortly after daybreak today, the front extended from Del Rio, eastward to a point south of San Antonio, then curved northeastward to Corsicana and northeast Texas. It was expected to reach the southeast coast by night.

Amounts of rainfall varied sharply because of the scattered thunderstorms, but most sections behind the front received some moisture.

Bone-dry areas around Big Spring got about an inch; Abilene reported 1.06 inches; San Angelo, 1.50; Lubbock, .39; Dallas, .62; Fort Worth, .68; Waco, .62; Amarillo a trace, and Wichita Falls more than 1 1/2 inches. San Antonio had .14 and Palestine .02.

The rain and chilling temperatures forced postponement of all baseball games in the west. Texas, New Mexico and Longhorn baseball leagues as northerly winds reaching 20-25 miles per hour generally accompanied the cool wave.

Plots flying through the thunderstorm area last night reported the air extremely turbulent, with jarring air drafts rocking their planes.

While the area behind the front had inclement weather, other sections of the state basked in warm temperatures and clear to partly cloudy skies.

The mercury hit 101 degrees at Presidio in contrast to the maximums of the upper 60's in the Panhandle.

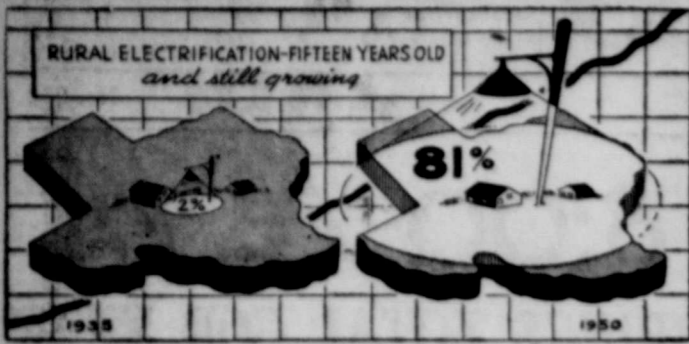

Supervisory Trainmen Ambushed In Gunfire

There has been absolutely no violence or sabotage by striking employees," Porch said. "I did hear that a train was cut in two (uncoupled) at John Sevier yards yesterday.

But strikers were not involved. Such a break in a string of cars could have been accidental." A statement issued by Brosnan did not specify what the alleged sabotage involved.

The statement said Knoxville division operations had been "considerably slowed" but not stopped. Brosnan said six trains were operated into the John Sevier yards after the strike began at 6 a. m., yesterday and five went out of the yards.

The freight trains were manned mostly by regular transportation employes. Some office workers signed on as crewmen.

May 11 is an important anniversary for Texas farmers. For on that date in 1935 President Roosevelt ordered the establishment of the Rural Electrification Administration, and such previously indispensable rural gadgets as the coal oil lamp, the wood cookstove, and the old-fashioned washboard were on their way into oblivion. In 1935 only 2 percent of rural homes in Texas had electricity, while today 81 percent of Texas farms and ranches put electricity to more than 300 different uses. Texas' 77 rural electric co-ops now serve more than 256,000 rural homes over 104,000 miles of wire, enough to reach four times around the world. These co-ops have a monetary value of more than \$125 million, and they are owned by the rural families they serve. Each of Texas' 77 rural electric co-ops is repaying its loan to the federal government on or ahead of schedule.

**Defends Atomic Scientist**

OAKDALE, Calif. May 11 (UP)—Atomic scientist Dr. J. Robert Oppenheimer is "a completely loyal American to whom the people of the United States owe a great debt of gratitude," says a Republican member of the House Un-American Activities Committee.

Witnesses at a State Un-American Activities Committee hearing have accused Oppenheimer of attending Communist party meetings in 1941. Rep. Richard Nixon, R., Calif., said yesterday, however, that he has "complete confidence" in Oppenheimer's loyalty. "I am convinced that Dr. Oppenheimer has been and is a completely loyal American to whom the people of the United States owe a great debt of gratitude for his tireless and magnificent job in atomic research," said Nixon.

**NEWS FROM Desdemona**

Sunday, May 14th is Mother's Day. Make your mother happy, visit or call her or send a card—every mother is happy when she knows her children think of her.

Harold (Buckshot) Lewis is reported resting nicely at home, following a gunshot wound received late Saturday evening, May 6 when a .22 rifle was accidentally discharged. The bullet passed through the flesh just under the left arm. His friends wish for him a speedy recovery.

Mrs. Elbert Wall of Stephenville visited one day last week with her mother, Mrs. Sallie Huffman and sister, Mr. and Mrs. Bill Greenhaw.

Messrs. Denty Moss, Pug Guthery and Gallard Batinfeld went fishing at Lake Brownwood Sunday. Reported catching a large number of fish.

Mr. and Mrs. Richard Kropf of Fort Worth visited the week end with her mother, Mrs. W. C. Clayton and her aunt, Mrs. Ollie Fein.

Mrs. Maggie Quinn visited the week end with her brother-in-law, Mr. and Mrs. Joe Quinn.

Messrs. T. H. Key, Will Johnson and N. J. Keith spent part of last week fishing near Goldthwaite and reported a good catch.

Mr. and Mrs. Ed Pointer of Colorado City visited Saturday with his cousin, Mrs. Nina Lohman and aunt, Mrs. Sally Eaton.

Mr. and Mrs. Aaron Hensley and son, Aaron E., visited a while Monday with her parents, Mr. and Mrs. W. H. Davis.

Mr. and Mrs. Mitchell and daughters, Mrs. Lester Baker and Mrs. Autrey Hood, attended the funeral of their aunt and sister-in-law in Dallas last week.

Mrs. Sallie Huffman was made happy over the week end as she had all but one of her children with her. Mr. and Mrs. Raymond Anderson, Mr. and Mrs. Elbert Wall of Stephenville, Mr. and Mrs. Elmer Lee Anderson of No. 1; also Mr. and Mrs. Bill Greenhaw and Dalton Anderson of Desdemona. Two sisters, Mrs. Emma

**MRS. VOGELER RENEWS FIGHT TO FREE HUSBAND**

Editor's Note: Mrs. Lucille Vogeler has flown to London from Vienna, Austria, to ask aid of the U. S. Secretary of State Dean Acheson in a renewed effort to obtain the release of her husband, Robert A. Vogeler of Jackson Heights, N. Y., from a Hungarian prison.

Vogeler, an assistant vice-president of the International Telephone and Telegraph Company, was sentenced by a Budapest court to 15 years in prison as an American spy. In the following dispatch, Mrs. Vogeler described what the cold war has meant to her and her two sons.

By Lucille Vogeler  
Written For United Press  
LONDON, May 11 (UP)—They arrested Bob on the morning of Nov. 18 as he was driving away from the American Legation in Budapest. I have not heard from him since.

"I don't even know where they're holding him. Of course, I'd like to get word from him. But

Hammonds and Mr. and Mrs. H. J. Gilbreath of Stephenville were also present.

Among the ones who attended the free barbecue in Lingeville Friday were Mr. and Mrs. John Arnold, Mr. and Mrs. W. H. Davis, Mr. and Mrs. Anse Brown, Mr. and Mrs. Ed Parks and Mabourn Wilcoxson; also Mr. and Mrs. H. H. Williams.

The regular monthly singing will be held at the Desdemona Methodist Church next Sunday, May 14. All lovers of good singing are invited to be here at 2 o'clock. This being Mother's Day, bring your mother and let her enjoy the afternoon with you.

Bishop Wm. C. Martin of the Methodist Church of the Dallas area will dedicate three new buildings at Glen Lake, Glenrose, May 18, 3:30 p.m. All Methodist and friends are invited to attend this very impressive ceremony, and to look the beautiful camp over. If our people will visit and see the christian environment that is being thrown around our youth and young folks there, you will make it possible to send more of them there.

even more, I'd like to get word to him. After six months, I don't know what he thinks has happened to the children and me—or what they've told him.

I'd like to tell him that Bobby had a fight last week. He and Billy went back to school in April after being cooped up in the house with police guards since the trial.

Bobby wouldn't tell me much about it, but it seems that one of his schoolmates referred to his dad as a "jailbird" and there was a scrap.

Bobby is ten years old and Billy is eight and one-third. Bobby went back to school the next day with a stack of those Hungarian "white books" on the trial and gave them to his school mates. He told them, "Have your folks read these, and they can tell you why my dad is in jail."

Even the official propaganda on that so-called "trial" is so thin you can see right through it.

The boys worry a lot. They feel that people might not understand why their father is in jail if he's innocent. Nothing that happened before the trial seems important to them. Everything is dated "before the trial" or "since the trial" when they talk.

I want Bob to know that he'd be proud of them. When he went away on trips before, he always told them:

"You're the only men in the house, so look after your mother."

No matter how long he's away, they'll never forget that. They worry about my worrying and once before I entered the room, I heard them warn our guests not to talk much about the trial in my presence.

I want Bob to know that we're not moving from our house in Vienna until he's released. Nor are we going to stop moving Heaven and earth to get him out of Hungary.

We won't even consider the possibility that Bob won't be released, and I know that people in the states aren't going to forget him. We get letters from the American Legion and "free Vogeler" rallies, and I'll never forget those people who refused to forget Bob.

Mr. Acheson has promised to see me tomorrow, and I hope this will give the fight to free my

**TWO MORE ARRESTED IN BIG COUNTERFEIT RING**

BUFFALO, N. Y., May 11 (UP)—Secret Service agents who smashed "one of the biggest" counterfeiting rings in the nation's history picked up some more loose ends today with the arrest of two more men in on the plot.

The ring, operating in 28 states and Canada, had printed more than \$1,000,000 (M) in Canadian and American money and also turned out thousands of fake Irish sweepstakes tickets, postage stamps and OPA ration coupons during its five-year existence.

Assistant U. S. Attorney Roy M. Cohn of New York City, one of the authorities working on the case, announced the apprehension of Alphonse Stabiewski, 41, of Buffalo and Henry Stevens, 45, Cheektowaga.

Cohn identified the pair as owners of the Superior Printing Co. here and said they were taken into custody on charges of conspiracy in connection with the ring's activities.

The bogus bills, manufactured in the cellar of a suburban Depew home, were cut and trimmed in the Superior Printing shop with the knowledge of the establishment's owners, Cohn said. Cohn disclosed simultaneously that James E. Wagner, 45, night

foreman for a printing supply company in Niagara Falls, N. Y., had been held in protective custody in New York City in connection with the case since April 23. He was held in \$100,000 bail. Wagner was revealed as a link in the ring who supplied ink and bank printing plates to the counterfeiters which he stole from his employers.

**NEW TIGER TEETH**—Second Baseman Jerry Priddy, left, and Dick Kryhoski give Detroit a new right side to the infield, make Red Rolfe's Tigers a serious contender in American League race.

**Bootlegger's Body Still Not Identified**

BIG SPRING, Tex., May 11 (UP)—The body of a flying bootlegger killed Sunday when his liquor-hauling airplane crashed here was still unidentified today.

Howard county authorities said a woman telephoned yesterday from Clarkston, Ga., expressing certainty that the victim was her brother, whom she identified as Carol E. Tillman.

But Sheriff Bob Wolfe's office said, "there's nothing definite on it. We've had four or five aliases on him so far, and we still don't know who he is."

The body was still being held at a Big Spring funeral home.

The bootlegger-pilot died when the plane approached short for a landing Sunday afternoon at Municipal Airport, crashed and burned. Its cargo was a load of liquor, bootlegged from Chihuahua City, Mexico.

State Police officers and U. S. Customs men were trying to unravel the mystery of the pilot's name.

They said papers found on the body at first indicated the pilot was Donald James Mann of (Route 1) Tulsa, Okla., but Tulsa police said Mann was there and alive. Registration records on the single-engine, trainer-type plane were in Mann's name, sheriff Wolfe said.

More than 22,000,000,000 pounds of meat, almost half of it pork, were produced by the packing industry in 1949, according to the American Meat Industry.

**The Bell and Bond Campaign Leader of the Movie Industry**

Samuel Finanzi, New England exhibitor, president of the Theatre Owners of America, appointed by secretary of the Treasury John W. Snyder to be chairman of the Savings Bonds Independence Drive, May 15 through July 4.

**Reveals Double Life Of Wife At Divorce Trial**

CLEVELAND, O., May 11 (UP)—William F. Buerkel, 42, was divorced from his wife, Harriette, today when he told the court that for the past seven years she had lived with him by day and with another man by night.

Buerkel said he just found out about his wife's "double life."

For seven years, Buerkel said, he had watched his wife leave every evening for her job as a "practical nurse."

"I wasn't suspicious at first," he said, "because I was too busy raising our 16-year old son as well as cooking our suppers and cleaning the house."

Buerkel finally hired a private detective who trailed Mrs. Buerkel, 40, and found her living each night in an east side apartment with another man.

Buerkel told common pleas Judge Harry A. Hanna that he broke in on his wife one night and asked her: "Is this the nursing you've been doing for seven years?" Buerkel said she admitted that was so.

The other man, whom Mrs. Buerkel saw every night, said he considered her his "common law wife." He told Buerkel that "I never she had another husband."

Buerkel was awarded custody of his son. The Buerkels had been married for 21 years.

**Pensions Of \$200 Goal Of UAW**

ATLANTIC CITY, N. J., May 11 (UP)—It will be 10 years before workers in the automobile industry get the \$200 monthly pensions to which they are entitled, president Walter Reuther of the United Auto Workers (CIO) said last night.

Reuther told the annual convention of United Steelworkers (CIO) that his union was "just opening the door" as far as pensions are concerned, "\$100 is not enough," he said.

"We don't ask for what the executives get but we can build bit by bit so that in 10 years we can get the type of pension we are entitled to and the industry can afford," he added.

**Sanatorium Has Fourth Fire In Sixteen Months**

PHILADELPHIA May 11 (UP)—Fire today damaged the now unoccupied wing of the Belle Vista Sanatorium where 10 patients died in a blaze set by an inmate last March 29.

Today's fire also was the work of an arsonist, authorities said. "The place reeked with gasoline," district fire marshal Edward

H. Chew said.

The damaged section had been unoccupied since the last fire and repairs were being made. Fourteen women patients were removed from a nearby ward as a precaution, but other inmates were not disturbed.

It was the fourth fire in 16 months at the sanatorium. Nicholas A. Verna, 29, a convicted arsonist, admitted setting the fatal March blaze and was committed to the Fairview State Hospital for the criminal insane.

# JUDGE SAYS DECISION NO BASIS FOR A&P SUIT

The Great Atlantic & Pacific Tea Co. today revealed for the first time that, contrary to the claims of the anti-trust lawyers, a previous decision against the company at Danville, Ill., in the words of the presiding judge, could not be the basis for the current suit to destroy the A & P. In a nationwide newspaper advertisement, A & P disclosed that Federal Judge Walter C. Lindley, who presided over the 1946 Danville case, said shortly thereafter in a letter explaining his decision: "I have not condemned the A & P system. I have not made a finding which could be the basis for a suit of dissolution." The letter contradicted the claims of the anti-trust lawyers that the same Danville decision is the basis of their present suit in federal court at New York to compel A & P to dispose of its seven retail store divisions and its manufacturing plants, and to dissolve the Atlantic Commission Company, its fresh fruit and vegetable buying subsidiary. "So many," the advertisement said, "we have the anti-trust lawyers saying that their suit to dissolve A & P is based on Judge Lindley's decision while Judge Lindley himself says his decision could not be the basis for a suit of dissolution." A & P explained that in the Danville case it was the dual role played by the Atlantic Commission Company in buying produce for A & P and selling produce to the trade for growers that Judge Lindley objected to and which he said was the real basis of his decision. Since then, the food chain disclosed, ACCO has discontinued this dual role even though it has been licensed for many years by the U. S. Department of Agriculture to act as both buyer and seller of produce. The ad said ACCO now buys produce only for A & P. "In other words we stopped doing the thing which Judge Lindley said put us in violation of the Sherman Act," the ad stated. "What, then, is the real reason why the anti-trust lawyers want to destroy the company, which have given the American people methods of distribution which for 90 years has pioneered the more food for their money?" Today's advertisement reviewed in detail the Danville case and the charges against the company. Precious ads in the series discussed other times when the anti-trust lawyers made serious and damaging charges against A & P which federal courts decided were not true. "At Danville," the ad said, "the anti-trust lawyers made all the charges which they are making against A & P today. They were the same charges they had made and dropped at Dallas, Texas, after four judges had objected to some of them as 'inflammatory.' A & P pointed out that the anti-trust lawyers have consistently maintained in the press and on the radio that the company was found guilty at Danville of all their charges. A & P denied this and stated that Judge Lindley 'threw some of the charges out of court (and) he did not make any decision on others.' The ad told how Judge Lindley even 'took occasion to praise A & P for the efficient job of food distribution it had done.' Judge Lindley said in his decision: 'to buy, sell and distribute to a substantial portion of

130,000,000 people, one and three-quarter billion dollars worth of food annually at a profit of one and one-half cents on each dollar is an achievement one may well be proud of.

"No place in the world I would take it are people so well fed as in the United States. Nowhere else, I suppose, do food distributors accomplish efficient distribution at so low a margin of profit. In contrast we are told in other nations the problem is not one of adequate diet, but of no diet at all." A & P contended it has "clearly demonstrated its sincere desire to abide by the spirit as well as the letter of the law." The company said that when Judge Lindley's decision showed he was "critical of some of activities," even though he did not base his decision on them, A & P made operating changes in these activities to avoid the possibility of future criticism. "We did even more than this," A & P said. "We went down to Washington and asked the anti-trust lawyers what else they thought we should do to conform to their new interpretation of the vague anti-trust laws. The only answer we ever got was that we should break up this company. We were still trying to

# HOUSTON OFFICERS SEEK 2 DANGEROUS ESCAPEES

HOUSTON, Tex., May 11 (UP)—Bloodhounds and police squad cars searched all parts of the city today for two young Negro prisoners who staged a near-riot before smashing out of the Harris County jail last night. Jesse Matthews, 23, and Ellis Stoneham, 21, both serving sentences for theft and burglary, overpowered five guards in their wild break for freedom. They tore a hole in a rusty steel wall on the seventh floor of the jail. More than 30 prisoners could have made a break during the ruckus, officers said, but they remained calm. Only one started to go along with Matthews and Stoneham, but decided against it and crawled back to his cell. The break occurred when jailer J. M. McPhail went to the seventh floor for a routine check-up, accompanied by Deputy Jasper Leago. When McPhail opened the door

of the run-around, he was tackled by three men hidden behind a door. They had battered a small hole in the wall of a shower room, where the steel had rusted, and gained entrance to the run-around. Two of the men grabbed Leago and took a ring of keys, and then tore loudspeaker wires loose to prevent an alarm. The prisoners then rushed downstairs, where they grappled with E. J. Buckley and Fred Bauer in the office where prisoners are booked. Bauer said the Negroes tried to reach the gun cabinet, but finally gave up and ran to the back door. There, they found another momentary hazard. C. A. West was on duty at the rear entrance. The escapees roughed him up and took the door key. They fled in the darkness. It was the first major break from the Harris County jail in four years. Sheriff Buster Kern

# Youth Dies In Blackout Attempt

COLORADO SPRINGS, Colo., May 11 (UP)—An 18-year-old high school senior died by "accidental strangulation" while trying to conjure a "blackout" vision described in Indian lore, a coroner's report said today. Richard Cline was found dead Sunday, a rope around his neck from a water pipe in his parent's basement. His father, Robert H. Cline, told a coroner's jury yesterday that his son had been intensely interested in a book which told how Indian chiefs choked themselves into unconsciousness and saw "visions of the future." Police officer Horace Stokes, a family friend, said evidence showed the boy bathed and removed his clothing before starting the ceremony. The preparations were described in the book. "The wall was rusted under the paint, and it was impossible to tell that it was so thin," the Sheriff stated. "The cells are carefully inspected twice a month."

**TEXAS NEWS BRIEFS**  
By United Press

**TEXARKANA, Tex., May 11 (UP)**—Sherman A. Goodwin was convicted yesterday in Federal Court for escaping from the Miller County Jail here in May, 1949, and sentenced to a year and a day in the penitentiary.

The escape was the second of Goodwin's long criminal record. He fled the Dallas County Jail earlier, while awaiting trial on a forgery charge.

**WACO, Tex., May 11 (UP)**—The Planned Parenthood League of Texas adjourned a two-day conference yesterday with the election of Mrs. Scott Snodgrass of San Angelo to its presidency.

Other officers chosen were Mrs. Ripley Dawson, San Antonio, first vice president; Mrs. Ernest Day, Waco, second vice president; Mrs. A. R. Fletcher, El Paso, secretary, and Mrs. Noelle Houser, San Angelo, treasurer.

**DALLAS, May 11 (UP)**—Need some crude cottonseed oil? The U. S. Department of Agriculture put 14 tank cars of cottonseed oil on the auction block yesterday, and offers must reach the production and marketing administration's commodity officer here by 10 A. M., May 12.

Latham White, area commodity director at Dallas, said no offers of less than 13 1/4 cents per pound will be considered.

**EDINBURG, Tex., May 11 (UP)**—Two more polo cases were recorded in the Rio Grande Valley today. A six-year-old Edinburg

boy and a two-year-old Mission boy were admitted to the Edinburg polo clinic yesterday.

**TYLER, Tex., May 11 (UP)**—Sheriff's deputies theorized today that J. E. Shamburger, 73, drowned when an earthen dam on which he was working broke.

Shamburger's body was recovered yesterday from the backwash of the dam nine miles north of Tyler.

**TYLER, Tex., May 11 (UP)**—Red Fezzes will be the most important headgear in Tyler Saturday.

East Texas Shriners will converge in Tyler for the first Shrine ceremonial ever held in a Texas city without a Shrine Temple.

A parade will precede the ceremonial.

**MERCEDES, Tex., May 11 (UP)**—Valley Farm Bureau Director C. B. Ray today wondered why prices offered for Valley red tomatoes are so low.

Ray said the low prices could be blamed in part on wage and hour legislation which lifted workers' wages and on increased freight rates. Excessive rainfall or frosts had caused the crop to be late, too.

"But these combined forces do not justify the complete demoralization of the market," Ray said.

**CARRIZO SPRINGS, Tex., May 11 (UP)**—Former Dimmit County Commissioner Francis Webb faces trial June 8 on charges of forging county warrants and embezzling \$4,510 of county funds.

Webb was indicted yesterday on 16 counts.

**SILSBEE, Tex., May 11 (UP)**—The Beesmay Lumber Mill, oldest in East Texas was destroyed in a spectacular fire last night that left huge lumber store unharmed.

The plant, property of the Kirby Lumber Company, caught fire shortly after 5 p. m., and firemen and volunteer crews battled the flames four hours. Lost were the mill, fuel houses and engine room.

Kirby officials said dry kilns, a planer shed and stacks of lumber in the yard were not burned. The mill had a capacity of 100,000 board feet during any eight hour shift, and employed 350 persons.

**HOUSTON, Tex., May 11 (UP)**—Funeral services were to be held today for Tom W. Waldrop, vice-president and general manager of the Southern Pacific Transport Company.

Waldrop, 60, died unexpectedly early Wednesday at his home here.

Mr. Doc Hunt of Ranger visited his brother, O. J. Hunt, Sunday.

Mrs. Edna Hamilton is visiting her son in Pampa.

Dim Your Lights And Save A Life

From where I sit... by Joe Marsh

**Mud Lake Gets "Cleared Up"**

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards. Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact. County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners. From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

Joe Marsh

**To Celebrate Anniversary**  
Mr. and Mrs. R. L. Hise of Route 1, Ranger, will celebrate their 60th wedding anniversary Sunday and will hold open house from 2 o'clock in the afternoon until 6 o'clock. Their friends are invited to attend.  
Mr. and Mrs. Hise were married in Springdale, Arkansas and have lived in this vicinity 55 years. Mr. Hise will be 81 years old June 22 and is still an active farmer. They have 10 living children, 21 grandchildren and 25 great grandchildren.

**Society-Clubs**

**Young School P-T.A. Has Meet**

The Young School Parents-Teachers Association met at the school auditorium Tuesday afternoon at 3 o'clock for the final meeting of the school year.  
Mrs. F. R. King was in charge of the program which opened with the group singing "God Bless America." Mrs. J. W. McKinney gave the devotional on "God's Institution of the Home." Mrs. King spoke on home and family life, pointing out that the home is the place of refuge in times of sorrow, happiness and stress, and a place where love should be the guiding factor.

**Vesper Choir Has Lawn Party**

Members of the Vesper Choir of the First Methodist Church were entertained Wednesday afternoon from 4:30 to 6:30 o'clock at a lawn party at the home of the director, Mrs. David D. Pickrell.  
During the afternoon a baseball game was played and games of croquet enjoyed after which films of the choir's last picnic were shown. Comic films were also shown to the group.  
At the close of the afternoon refreshments were served to the following: Bill Creager, Mike Dean, Annabeth Deffebach, Don Deffebach, Mary Ellen Deffebach, Diane Ellis, John Hagaman, Patsy Hise, Betty Howell, Lee King, Stanley McAnely, Archie Bill Robinson, Rose Marie Sawyer, Tom Sawyer, Kay Vaughn, Analee Wolford, John Harvey Wylie, Lois Herring, Melba Rose Patton, Florence Aschcraft, Sara King, and Mrs. Charles Dean, Mrs. Arthur Deffebach and the Rev. Cecil Ellis.  
Before departing from the party those attending presented Mrs. Pickrell with a handsome gift.

DENNIS O'KEEFE, JOHN PAYNE AND RHONDA FLEMING in a scene from Paramount's "THE EAGLE AND THE HAWK," color by Technicolor.

**Rebekah Lodge Meet Tuesday**

Members of the Ranger Rebekah Lodge No. 244 met at the Odd Fellows Hall Tuesday evening for a business session which was presided over by the vice grand, Mrs. O. F. Sides.  
Routine business was transacted and sick reports made. The degree team under the direction of the team captain, Mrs. J. W. Ivy, practiced the initiatory work. All team members are requested to be present at the next meeting as another rehearsal will take place.  
Talks were made for the good of the order and the penny pit furnished by Mrs. Ray Todd was won by Mrs. E. J. Greer. Twenty-two members attended the meeting and it was reported that committees will meet soon to make plans for memorial services.

**Club Hears Guest Book Reviewer**

Mrs. Claude Whittaker of Fort Worth formerly of Ranger was the guest reviewer at the regular meeting of the Columbia Study Club held Tuesday afternoon at 3 o'clock in the home of Mrs. W. D. Conway.  
Mrs. Whittaker was introduced by Mrs. Stanley McAnely who entertained Mrs. Whittaker as her house guest while she was in Ranger. The speaker gave a delightful review of Carson McCullough's "The Member of the Wedding." A play taken from the book is currently playing on Broadway.  
At the close of the meeting refreshments were served to the following: Mmes. J. R. McLaughlin, McAnely, J. E. Matthews, M. L. King, James P. Morris, P. M. Kuykendall, E. E. Crawford, Saunders Gregg, W. L. Downtain, L. E. Pearson, Leslie Hagaman, David D. Pickrell, Conway and Margaret Meacham.  
E. C. White, who is a medical patient in the West Texas Hospital, is reported slightly improved.

"No," say lots of lucky girls  
Maybe you, too, can look back on those "broaded days" each month and revel in blessed relief from pain. For if you suffer from functional periodic cramps, however — as so many other women have — the wonderful help Cardol may bring.  
Cardol works internally to help minimize painful contractions of the organ muscles. Thus it aids in overcoming a frequent cause of cramps. Maybe your suffering is needless, too. See what aid of this modern type can do for you. Ask for a bottle of Cardol.
