PRICE FIVE CENTS No. 300

Commissioners Meet, Outline Work To Come

Loading Zone System Is Due For Over-Haul

City commissioners met last night.

With only three members present they conducted little business but they outlined problems to be handled in the future when the whole board is in attendance.

J. D. Johnson, local electrical appliance dealer, asked the city to provide him with a loading zone. He pointed out the inconvenience of loading at his rear door. He stated that the alley leading to the rear door was oftentimes blocked. He also pointed out that he has a small back door with a high stoop.

The commissioners tabled any permanent action on his request but stated that they would instruct the police to cooperate with him for the next week or two.

The commissioners discussed hiking the permit cost for a parking zone. The commissioners admitted that mistakes had been made during the present trial period.

Some had got loading zones that didn't need them; others hadn't got parking zones which did need them. (Parking zones were established after the commission studied the request of various individuals.)

The commissioners also heard a request from one lady asking the city to mow a vacant lot. It was pointed out that the city could not do this type of work without being paid. Some discussion followed about the city installing this service—to be paid for by the lot owner.

The commissioners also discussed methods of cleaning up the city streets—getting rid of trash at various places in the city.

Lester Crossley, city secretary, reported that the fire station renovation was supposed to be completed by next Tuesday. But he said that there was considerable work to be done yet.

The fire station is being renovated by the commission's orders and as part of the program to organize a volunteer fire department here.

Commissioners present at the meeting were O. G. Lanier, protem; N. M. McCallum, and A. H. Williams.

Accused Woman Still Has Job

WASHINGTON, May 24 (UP)—A woman accused of trying to "get away" with 700 servicemen's checks still has her job at the Army's Finance center in St. Louis, Missouri.

Charles Johnson, legislative attorney for the general accounting office, told a House Armed Services subcommittee that the woman is Miss Burdella Faday. He said she is working at the center now.

Britain Says Is Willing To Talk

LONDON, May 24 (UP)—Britain announced today that it is willing and ready to resume talks with Russia within the United Nations on atomic energy as soon as the deadlock over China has been settled.

Foreign Undersecretary Ernest Davies announced Britain's position in commons. He also disclosed that the whole subject of atomic energy was among questions discussed by United Nations Secretary-General Trygve Lie with British officials in London.

Police Call On Bookies

DALLAS, May 24 (UP)—Police swooped down upon bookmakers for the fifth time in less than a month last night, breaking up operations in an old, abandoned hotel building.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

Number Of Rotary Rigs Reach Peak

DALLAS, Tex., May 24 (UP)—Number of rotary rigs operating in the U. S. and Canada reached a new peak for the year during the week of May 22, the American Association of Oilwell Drilling Contractors announced today.

The gain was attributed to increased drilling activity in most of the principal oil development areas.

The new peak of 2,164 active units was a gain of 53 over the previous week.

McCarthy Says Will Disclose Parts Of Files

WASHINGTON, May 24 (UP)—Sen. Joseph R. McCarthy, R., Wis., said today he will disclose publicly tomorrow night portions of Office of War Information loyalty files to expose "deliberate fraud and deception" by the state department.

The files have "a bearing" on his Communist charges against Far Eastern expert Owen Lattimore, McCarthy said. He said he will disclose photostats of the OWI file material in a speech before the national convention of Catholic editors at Rochester, N. Y.

McCarthy said he is taking such action because the State Department sought to "discredit the facts and evidence" he has produced. He referred to a letter written newspaper editors by Edward Barrett, assistant secretary of State for public affairs.

Barrett issued a point-for-point denial of McCarthy's charges made recently before the American Society of Newspaper Editors that the department is infiltrated by Communists and bad security risks.

McCarthy said that if he were "merely to inform the public" of what is in the OWI files, Secretary of State Dean Acheson's "official spokesman would say 'McCarthy lies. There is no such evidence in the files.'"

McCarthy said that the photostats came from the now defunct wartime OWI. Lattimore was a deputy director for Far Eastern operations of OWI.

Tobin Called Foe Of Labor By Electric Union

Lynn, Mass., May 24 (UP)—Secretary of Labor Maurice J. Tobin was called "an enemy of labor" in a speech last night by the president of the Independent United Electrical Workers Union who denied charges his organization was Communist dominated.

Addressing some 1,800 workers from the Lynn and Everett plants of the General Electric Co., Albert J. Fitzgerald spoke sharply against Tobin and CIO President Phillip Murray who favored the opposition CIO International Union of Electrical Workers at a Sunday rally.

A national labor relations board election will be held at the plants tomorrow to determine which union will represent the 16,000 employees in collective bargaining negotiations.

Fitzgerald compared the Tobin and Murray attacks on his union to the charges against the state department brought by Sen. Joseph R. McCarthy, R., Wis., who claimed the department was honey-combed with Communists.

It was the Communist issue that led to the expulsion of the UE from the CIO at the national group's convention last November. "The only thing Tobin has done as secretary is to permit shoe manufacturers and sweatshop operators throughout the country to pay lower than the new 75-cent minimum wage," Fitzgerald charged.

Department officials said there are 228 Americans on Formosa. They include 70 official personnel.

Methodists Drive

The First Methodist Church is now conducting a drive for some \$400 to complete their financial program for the year.

Christian Church Sets

The First Christian Church will hold a pot-luck supper at 7 p. m. today at the church, Rev. Raymond C. McGard, pastor said.

CANADIAN PRIME MINISTER INSPECTS FLOOD DAMAGE—Prime Minister Louis St. Laurent dons hip boots and wades into flood-stricken Winnipeg. The inspection party included, left to right: Lt. Col. H. J. Bird; Brig. R. E. A. Morton; Prime Minister St. Laurent; and Premier D. L. Campbell of Manitoba province. Water now covers 17 per cent of the city, but the river has begun to recede. (NEA Telephoto.)

Thirsty—Atom Power May Hold Answer To Growing H₂O Shortage, Beer Says

PHILADELPHIA, May 24 (UP)—America's growing water shortage can be solved by the construction of huge coastal atomic plants to distill salt water into fresh water, the American Water Works association was told.

"The current water problem within the United States almost requires such treatment," Norman R. Beers, editor of the Magazine Nucleonics, said in a paper read before the association's annual convention yesterday.

Beers said that a "good, workable plan" for construction of low temperature nuclear reactors, or "atomic furnaces," along the nation's coasts could be drawn up in relatively short order.

"There do not seem to be any unsolved engineering problems in the proposal," he said.

Some of the leading water experts attending the convention pointed out that the use of sea water to supplement public water length in the United States. They predicted that it would be an international issue for the next quarter century.

Beers also asserted that his proposal would have other advantages, including the "mining" of valuable mineral elements from sea water.

New Volunteer Fire Department Elects Officers

The embryo volunteer firemen's organization met this week and elected officers:

They are Virgo Johnson, chief; Gerald Lee, assistant chief; Jesse White, fire policeman; Jack Mace, fire marshal; and L. T. Rushing, secretary-treasurer.

Johnson is chief only of the volunteer fire department.

The new department is expected to submit its by-laws for city commission approval at the next meeting.

The city commission at an earlier meeting this month, authorized the department.

The commissioners voted to pay \$100 bonus in December to the first five men enlisting in the group and a \$50 bonus to the next five men.

The commissioners also voted to set aside \$15 each month for the improvement of the department.

Americans Asked To Leave Formosa

WASHINGTON, May 24 (UP)—A U. S. request that Americans get out of Formosa does not mean that this government believes the Chinese Communist will try an invasion right away. State Department sources said today.

Officials said the evacuation notice sent out by the U. S. Consulate at Taipei was based solely on the difficulty of getting transportation.

Department officials said there are 228 Americans on Formosa. They include 70 official personnel.

Brakeman Dies On Southern Ry. Line, Tuesday

Fifth Fatal Accident Conductor Has Seen In 35 Years

The fifth fatal accident he's seen in thirty-five years.

Conductor A. C. Bart of the Wichita Falls Ranger and Southern Railway company still acted a little stunned.

Yesterday, he'd seen the torn body of Derl Hendrickson, Breckenridge brakeman, after Bart's freight train had cut him in two across the middle.

"He was coming over the head," Bart said. "I guess he missed a step crossing from one box car to another" . . . "One car and the caboose ran over him."

The fatal accident happened at 2:25 p. m. Tuesday about five miles north of Breckenridge. The train was going up grade about 12 or 15 miles an hour, Bart estimated.

Orval Huse, the second brakeman on the train, saw Hendrickson fall. Other members of the crew were E. Gibbs, engineer and Ed Leatherwood, fireman.

Bart has seen five fatal accidents in his thirty-five years of railroad service. Two of them were on the Wichita Falls line in the last thirty years.

Hendrickson is survived by his wife, a son, and two daughters. He was somewhere in his forties, Bart said.

Stassen Calls For Church To Spend More

BOSTON, May 24 (UP)—President Harold E. Stassen of the University of Pennsylvania has urged the nation's churches to devote, additional "time, talent, and funds" to stem the "advance of Communist dictatorship."

He made the plea before some 6,000 cheering delegates and guests at the 43rd Annual North-ern Baptist Convention, calling upon them to "realize as never before how the advance of stewardship is needed."

Avoiding topics of political nature, the one-time candidate for the Republican presidential nomination said the stewardship advance must rise to first place above two other advances in the past five years: The rise in solution to atomic energy mysteries and the growth of Communist dictatorships.

"At this mid-century point there is vital need of rekindling and revitalizing the spirit of stewardship in the churches of all six faiths in America," the former Minnesota governor said.

He was introduced as "Deacon Stassen" by the pastor of his church, Rev. R. Carney Hargroves of the Second Baptist Church of Germantown, Pa., where Stassen is a deacon.

Stassen, one-time vice-president of the convention, refused either to confirm or deny he had been mentioned as next year's convention president.

Rep. Knowland Says US May Need Tougher Spy Laws

WASHINGTON, May 24 (UP)—Senator William F. Knowland, R., Cal., said today in commenting on the Amerasia case that the United States may need tougher espionage laws in any future war.

He referred specifically to the contention of some members of Congress that legal difficulties in prosecuting spy cases prevented stiffer penalties for those involved in the 1945 stolen documents arrests.

He said he intended to discuss the justice department's handling of the Amerasia case in a Senate speech soon.

"I think the country is entitled to a thorough airing of the case," he said. "It may turn out that everything was done that could be done and that would be good news."

"But there are a lot of odd angles which warrant looking into. This Cold War (with Russia) may turn into a hot war. In a hot war, we may need new and tighter legislation on such things as espionage."

Construction Sited

PORT WORTH, May 24 (UP)—Construction is scheduled to begin June 1 on a 750-vehicle, seven-level parking garage in downtown Fort Worth. The Jesse Jones interests announced plans for the \$700,000 garage and a downtown office building yesterday.

Sen. Tom Connally, chairman of the Senate Foreign Relations Committee, will introduce the secretary.

Russia Halts Boats Bound For Berlin

British Marshall Wavell Dies; One Of Britain's Best

LONDON, May 24 (UP)—Field Marshal Earl Wavell, 67, one of Britain's most distinguished commanders in the first half of the second World War, died today.

Wavell died at 11:05 a. m. (5:05 a. m. CST) at the nursing home where he underwent an abdominal operation May 5. He suffered a relapse Sunday.

During the war Wavell successively took command of the areas where Britain's power was at low ebb and by his ability retrieved the British fortunes.

His chief military fame of the war was won as Commander in Chief in the Middle East. As Viceroy of India in the last half of the war, his efforts contributed to turning India from a state of near revolt whose hearted backing of the allied war effort.

Wavell became commander in chief in the Middle East in 1939. Weakened by setbacks in Greece, Crete and the Western desert campaigns, the British forces were required to undertake simultaneous campaigns in the Western desert of North Africa, and in Syria and Iraq.

Two were successful. That in the Western desert was not, and in 1941 Wavell was sent to India to take over as commander in chief.

Born Archibald Percival Wavell, son of a general, he almost inevitably turned to a military career. He was educated at Winchester, one of the country's leading schools.

He was an author, and literature was his second love after the army. He published a shelf of books on both military and literary subjects. His anthology of verse, "Other Men's Flowers," was a best seller at the end of World War II.

When he returned to Britain from his wartime adventures, Wavell had more honors heaped upon him than any other wartime figure except Winston Churchill.

R. B. Anderson, chairman of the late board of education, was the principal speaker. President Harold G. Cooke conferred honorary doctorate degrees upon Anderson, the Rev. J. Edmund Kirby of Sweetwater and the Rev. A. C. Douglas of Las Cruces, N. M.

McCurry seniors included: Paul Mosley, James Earl Pollard, and Forest Scott, all of Cisco, a n d Mrs. W. W. Heathington, an August graduate from Gorman.

Ranger Men Go To Scout Meet

Several Ranger men attended the North District Scouters' Pow-wow held this week at Cisco. Summer plans and a summer program were discussed. The proposal to hold annual district meetings was made and accepted by the district committee.

Attending the meeting from here were Rev. Jasper Massey, cubmaster; O. L. Cantrell, post advisor; H. A. Shockey, scout master of troop 15 and L. E. Russell, assistant scout master.

Three Die In Wreck

BAYTOWN, May 24 (UP)—Three men died in a head-on collision near here last night when two cars piled up in a heap of jagged steel and glass.

J. C. Dailes, 26, of Baytown, was pronounced dead upon arrival at a hospital. Two other victims, Algie M. Mitchell, 46, Hamilton, and Fred H. Dennis, 43, died after midnight in a hospital.

Church Sets Meeting

The First Methodist church will hold a "Methodist Men's Fellowship" supper and program, Wednesday night, May 31.

Apparent Move To Stop West During Rally

BERLIN, May 24 (UP)—Russia halted 60 Berlin-bound barges from Western Germany today in an apparent move to cut off Western access to the capital during a giant Communist youth rally this week-end.

British Maj. Gen. Geoffrey F. Bourne sent an official protest to Soviet Maj. Gen. Alexander Kotikov demanding release of the canal barges. They were stopped at a checkpoint in the Soviet zone bordering Western Germany and Berlin.

The Russians also have announced restrictions on inter-zonal traffic over the super-highway running from Western Germany to Berlin during hours when delegates will be flocking to Eastern Berlin for the youth rally.

The United States, Britain and France contend that any interference with the usual Allied traffic on either the canals or highways between Western Germany and Berlin would violate a four-power agreement guaranteeing the Western powers access to the former capital.

West Berlin police headquarters reported the first casualty connected with the youth rally. Police said a 50-year-old doctor died last night after a fight in a West Berlin restaurant over the forthcoming demonstrations.

Some 60,000 Communist youth already have gathered in Eastern Berlin for the week-end demonstrations. Red officials claim 500,000 will take part.

Rites Pending For T. Davis, Died At Home

Thomas S. Davis, 75, died at 12:25 a. m., Monday at his home in Eastland. Death was attributed to a heart attack.

Mr. Davis, a retired rail road man, has lived in Eastland since his retirement in 1938. He was employed by the Mo. & P. Railroad Company for approximately 40 years, near Louisiana.

Funeral arrangements are pending the arrival of out-of-state relatives but will probably be held Thursday afternoon at the First Baptist church. The Rev. L. M. Chapman, pastor, will officiate.

Survivors include the widow; three daughters, Winona Davis, and Mrs. Richard Bell, Eastland; and Mrs. J. N. Nation, Caddo, Oklahoma, four sons, Lee and John of Oklahoma City; Walter, St. Louis, Mo.; and Bill, Baton Rouge, La.; nine grandchildren and four great grandchildren.

Funeral arrangements will be announced later from Hamner Funeral Home, who is in charge of burial services.

BULLETIN

The Fire department answered a call about 11 a. m. today to put out an acetylene drum fire in A. H. Williams shop on main street. The department said that damage was slight.

Columbia To Play Rice

HOUSTON, May 24 (UP)—Columbia University will come to Houston in December for a basketball game with Rice Institute, it was announced today.

Ranger Rambling

The Jaycees held a work session at the Rodeo grounds Monday night to get ready for the big July round-up.

Fortunately, I had to be out of town and so was unable to attend. For this reason, I'm not able to make any reliable report on the number of Jaycees who also found urgent business elsewhere.

But kidding aside, several Jaycees are really working to make this Rodeo even bigger than last year's. From the information that reaches me this is going to be hard to do.

Making the rodeo better than last year's will probably be like making a better fighter than Jack Dempsey. But if work will do it—this year's will be even bigger and better.

Joe Dennis, publisher of the Ranger Times, and Walter Murray, former publisher, are directors on the Texas Safety Council. Also rated as a director is Bill Mays.

He was editor here, I understand, many years ago. Some not so important mail—waste basket stuff generally—comes addressed to him yet. This is just a tip for publicity staffs to get their mailing lists up to date.

Tuesday afternoon at 4:30 p. m. a news source reported seeing a strange object flying in the sky. With all the saucer talk, this caused much excitement. The staff took a breather.

Unfortunately, everybody here is insisting that the object was just a simple plane leaving a vapor trail.

That's what is known as find staff loyalty. Amarillo has had flying saucers, Houston has had them — other editors get flying saucers so they can sell newspapers—but here, no—the staffs got to be practical minded.

Having nothing else to do Tuesday afternoon, I wandered into the Globe. There I learned that Mr. Perlestein was out of town on a buying trip to Dallas. But I met Mrs. Perlestein.

Drifted from the Globe to the Starr Clothing Store. Met Mr. Starr, who I learned I had met before.

Dropped by to see Rip Gallo-way at the Chamber of Commerce, found him busily at work sealing envelopes.

He is mailing letters of congratulation to all high school seniors in this area and incidentally pointing out the advantages of Ranger Junior College.

See by the front page of the Ranger Times, that the annual Boy Scout finance drive is going to get underway Thursday.

about leaders hope to complete the drive in one day.

To do this they must have your cooperation.

It has got to the point where every businessman and every citizen should look at these various drives with a critical eye.

Legionnaires To Amarillo For Dist. Convention

The Fifth Division of the American Legion will hold its annual convention in Amarillo on May 27-28, George E. Broome, convention chairman, announced today.

Legionnaires from this part of the country are tendered a cordial invitation to journey to that Panhandle city and take part in the affair.

The cities of the 16, 17, 18, 19, and 21st, districts comprise the fifth division and Legionnaires from Oklahoma, Kansas, Colorado, New Mexico, and Texas are expected to attend the convention.

General Ernest O. Thompson will be on hand to dedicate the new \$100,000 home of the Hanson Post of the American Legion.

There will be fun and business for everyone of the Legion, Auxiliary and Forty and Eight, Broome promises.

Legionnaires from this area desiring to make the convention should contact Broome for further information.

Brock To Teach At Texas Tech

Francis J. Brock, son of Mr. and Mrs. Howard Brock, Eastland, has been named to the faculty of Texas Tech, according to information received here. Brock has just completed requirements for a master's degree in agricultural economics and will teach that course at the college.

He will assume duties in September.

There's several organizations that need funds—and are using the funds wisely.

But there are a few others with national reputations that are doing some service—but not enough for the money they raise.

The Boy Scouts from all indications is not one of these organizations. The organization works on a local level. Most of the money goes to benefit boys right around home.

It gives boys good leadership training. Reputable men in Ranger who like boys work are working in the organization.

Being in contact with such men can not help boys become better equipped for dealing courageously with the problems of life.

The organization is one of the few in this area that supplies the proper activity for a boy in his early teens.

At this age, they need well-planned activity. They've got a tremendous amount of energy that must be channel.

The Boy Scouts, I think, channels it properly. For this reason, an investment in this organization may be an investment not only in some boy's future, but an investment in your country.

The opinions expressed here are not necessarily those of the Ranger Times.

'Red Dean' Calls Eggs 'Birth Pangs'

CALGARY, Alta., May 23 (UP) — The Very Rev. Dr. Hewlett Johnson, "Red Dean of Canterbury," said today that the rocks, eggs and vegetables thrown at him during his current Canadian tour are just the "birth pangs of a new world for peace."

He got the full treatment again when he spoke here last night. He ducked out of a rear door when a crowd outside the meeting hall started heaving rocks through the windows. One fell at his feet.

Dim Your Lights And Save A Life

IT'S NONE OF OUR BUSINESS—

... but we can't help noticing that the customer who is particular about the kind of abstract he wants usually gets his money's worth. Since there are as many different kinds of abstracts as there are companies producing them it stands to reason that some may be better than others. Main points to consider are: Plant equipment, experienced personnel and the degree of responsibility behind the abstractor's certificate. A combination of these factors will give the customer reasonable assurance that he will get a dependable abstract.

TEXAS NEWS BRIEFS

BROWNSVILLE, May 24 (UP)—Eddie Rickenbacker, world war I ace and now general manager of Eastern Airlines, predicted here yesterday that the Gulf coast eventually would become the most beautiful resort area in the country.

Rickenbacker made his observa-
tion on what he called a "grass
roots" inspection tour of the in-
ternational airport himself and 24
executives of the airline.

"I just brought the generals
down to meet the doughboys in
the ranks," Rickenbacker ex-
plained before moving on to an-
other inspection at Port Arthur.

WESLACO, May 24 (UP)—
Dr. Earl M. Kroth, Cornell Uni-
versity, will assume duties as
chemist for the research program
of the Texas Citrus Commission on
June 15. He was hired to the post
yesterday.

EDINBURG, May 24 (UP)—
Truett Hubbard, Hidalgo county
Tax Attorney, today could record
a new occupational hazard. Hub-
bard was absent from work yester-
day after a courthouse record
book fell on his toes.

DALLAS, May 24 (UP)—Dal-
las today recorded its third polio
death of the year.

Eight-year-old Thomas P.
Young, son of Mr. and Mrs. Andrew
E. Young, Tyler, died in Parkland
hospital of polio yesterday.

DALLAS, May 24 (UP)—The
United States Department of Agri-
culture yesterday announced the
sale of 3,000 tons of 41 per cent
protein cottonseed cake and meal,
processed from cottonseed pur-
chased under the price support
program.

Cake prices quoted included \$55
a ton in south central Texas, and
\$58 in west Texas, Oklahoma and
New Mexico, while meal prices
varied from \$60 to \$62 a ton.

Farm Roundup News

Guar, a new Summer legume,
introduced by the Upper Leon Soil
Conservation Districts last year,
is proving to be the best soil
builder tried in his area, since
the advent of vetch, according to
reports from district cooperators,
James Smith of the Lakeview
Conservation Group, was one of
the farmers who tried guar last
year. He planted it after he had
harvested vetch and rye. He com-
bined 500 pounds of seed per
acre and then drilled the land
to vetch and rye again.

From one end of the field to
the other the old guar rows can be
seen.

Allan Shivers announced today
he has re-appointed Frank Wil-
liams of Winters as state fire-
men's pension commissioner to a
term expiring July 1, 1951.

Williams has been serving as
commissioner since the death of
H. B. Satterfield about two years
ago.

AUSTIN, May 24 (UP)—Texas
added 38 new businesses during
April which hired 1,148 employes,
the Texas Employment Commis-
sion reported today.

The number of new firms fell
10 below the total established in
March, but average employment
was higher, the TEC said. The
new businesses in April hired an
average of 30 workers each.

The commission said that new
manufacturing industries ac-
counted for 45 per cent of total new
employment by hiring 519 work-
ers.

Wholesale and retail trade in-
dustries established 17 new firms
to rank number one in new busi-
nesses.

HOUSTON, Tex., May 24 (UP)—
A 25 year old warehouse work-
er was crushed to death yesterday
afternoon under heavy boxes he
was loading into a box car.

The man was identified as Jos-
hua Brooks.

picked out, as the grain is much
taller where it crosses the row
than in the middle.

Buck Maples stripped his pe-
nuts with guar on a 2 and 8 basis,
and then drilled the whole area to
vetch and rye last fall. At the
present time the strips are easily
identified by the dark green,
vigorous strips of rye, following
the contour rows of guar, while
the rye following the peanuts
is much paler in color, and has
much less foliage on it. The vetch
is also better in the guar strips
than where following peanuts.

L. K. Gregory, district conserva-
tionist at Kennedy, Texas, re-
ports that corn, flax and other
crops have almost doubled their
guar.

Fred Brizendine reports that
his guar made excellent growth,
reaching almost shoulder height.

George Goss planted two small
plots of guar which produced 700
pounds of seed per acre. This
compares favorably with any grain
sorghum grown here.

The seed from this crop can be
ground and fed to livestock as
a high protein meal, or if cut
for hay, the protein content aver-
ages about 2 per cent higher than
alfalfa.

The plant was introduced from
India where the people have ground
it into flour for bread, cooked the
green pods much as we do string
beans, and fed the forage to live-
stock for centuries. The seed does
not shatter and are easily com-
bined.

To seed are available at as little
as fifteen cents per pound, and
in 3-foot rows, only ten pounds
per acre are needed for plant-
ing.

Bernal Hickman plans to try
drilling guar this year on a re-
cently purchased sandy hill, which
is too poor to grow anything else.
He will close half of the spots
in order to get a fourteen inch
spacing of the rows.

Mrs. Mayfield Honored At Tea

As a compliment to Mrs. E. P. Mayfield, Mrs. C. F. Hinman entertained at her home Friday afternoon with a gift tea.

Mrs. R. G. Barry, Mrs. Jim Sanders, Mrs. Roy Pickett and Mrs. Leonard Wylie were co-hostesses.

For the occasion the home was decorated with arrangements of spring flowers and the refreshment table was centered with an arrangement of snapdragons. Mrs. Pickett and Mrs. Wylie presided at the refreshment table.

Mrs. Barry and Mrs. Hinman received the guests and Mrs. Sanders was in charge of the guest book. Patsy Hinman assisted Mrs. Mayfield in opening the gifts.

Those present were Meses. Geo. Harris, D. C. Ham, Sissie McCraw, Lola Ben Mason, Alla Ray E. Kuykendall, Alla Ray Morris Opal Harrison, Vonille Hopper, Mary Frances Maddocks, Catherine Houghton, Cha Cha Kirk, Margie Pittman, Mary Houghton, Beane Beck, Clara Faye Arterburn, Cleo Houghton, O. L. Justice, L. E. Wallace, Joe Graham, Homer Gay, Pink Woods, T. K. Hardy Faye McCleskey and Bob, and Patsy Hinman and the hostesses.

Those sending gifts were Meses. Ann Rains, A. L. Stiles, Homer Gay Jr., T. J. Anderson, Mary Houghton, Sr., George Richardson, Margaret Osterhout, Hortense Matthews, Lottie Davenport, Anice Locke, Barnes, Sarah Cantrell, Lettie McKinney, Joe Weekes, W. A. Lewis, Porter Barry, Bobby Ann Culpepper and Luther Kirkpatrick.

Mrs. Peterson Honored At Tea

As a compliment to Mrs. Sue Peterson, Mrs. Jasper Masseege, Mrs. Ina Peterson, Mrs. Era Eggleston, and Miss Vera Stewart entertained at the home of Mrs. Masseege, Tuesday from 7:30 to 9:30 p. m., with a gift tea.

Mrs. Jess Morgan, mother of the honoree, and Mrs. Ina Peterson received the guests and Mrs. Stewart was in charge of the guest book.

The refreshment table was laid with a lace cloth and centered with an arrangement of garden flowers. Mrs. Eggleston and Mrs. Masseege presided at the refreshment table.

During the evening about 45 guests called and presented Mrs. Peterson with a shower of lovely gifts.

Vida Elliott Group Meets

The Vida Elliott group of the First Christian Church met with Mrs. Henry Marin, Monday afternoon for their weekly Bible study. The lesson was the last five chapters of Hebrews.

Next Monday the Vida Elliott and Jessie Trout groups will meet at the church at 3 o'clock.

Those present were Meses R. C. McCord, E. T. Matthews, Dick Jongs, W. R. Falfer, Tom Adama, B. G. Pirkie, Lottie Davenport, and the hostess, Mrs. Martin.

Spring Pageant Presented Again

By popular demand the Young School presented their spring pageant again Tuesday night at the High School Auditorium.

A large, appreciative crowd attended and the pageant was termed a big success.

BOUQUETS TO THE GRADUATE

Congratulations are in order — and an order of flowers is the best way to express them! She'll treasure a gift of flowers second only to her diploma on this grand occasion! Phone or come in and place your order today!

Elizabeth Wants A Girl This Time; First Was A Boy

By Geraldine Hill
LONDON, May 24 (UP)—Princess Elizabeth, who is expecting her second child the last week in July or the first in August, is hoping for a daughter, a source close to the royal household said today.

Elizabeth's first baby was a boy Prince Charles, born 18 months ago.

The new baby will be third in line of succession to the British throne — behind Elizabeth and Charles.

The 24-year-old Elizabeth is debating whether to have her next child in England or in Scotland. Odds were reported in favor of Scotland.

Princess Margaret, Elizabeth's sister, and Queen Elizabeth herself were born in Scotland. And the Royal Family knows how much the Scots would appreciate it if Elizabeth does choose Scotland for the birthplace.

The Royal Family customarily goes to Balmoral, their Scottish residence, the first week in August.

Charles was born in Buckingham Palace, but that was before Elizabeth and her husband, the Duke of Edinburgh, had moved into their own London residence, Clarence House.

Friends of Elizabeth said the Princess is looking and feeling extremely well. She spends her days quietly visiting her family and closest friends and sorting out Charles' baby clothes for the newcomer.

"She will use many of them for the new baby," the household source said. Queen Elizabeth, Princess Margaret and Queen Mother Mary also are making a number of new white garments. The Queen Mother is squeezing in a new carpet between sessions on a new carpet.

COW-GAL—Carolina Cotton, 22, blue-eyed and blonde, is showing Hollywood's he-man cowboys a thing or two that's new about the old (colloid) west. Soon to be starred as a ridin', ropin' and rip-snootin' cowgirl heroine of a horse opsy, Carolina—who hails from Arkansas—has also lassoed a television serial patterned after Pearl White's early cliff-hanging movie serials.

Southern Union Has

DALLAS, May 24 (UP)—Southern Union Gas Co. experienced its greatest growth last year in its 22-year history, stockholders were told yesterday as the utility announced regular quarterly dividends.

Dwight Squiers Honored At Party

Mrs. Eddie Squiers entertained at the Willows Park, Tuesday afternoon with a party honoring her son, Dwight, on his sixth birthday. During the afternoon a series of games were enjoyed and refreshments of birthday cake and cold drinks were served.

Those attending the party were: Mary Masseege, Renate Squiers, Mary Fron, Jay Dell Baker, Sharyn Watson, Linda and Mike Landtroop, Doris and Joyce Sharp, Twana Nichols, Patricia Ann Walton, Anna Marie Squiers, Dale Squiers and Dwight.

Lone Star Ladies Club To Meet

The Lone Star Ladies Club will have their regular meeting at 2 p. m., Thursday, May 25, at the Lone Star Production office club room.

All members are urged to attend.

Church Group To Have Picnic

All members of the Church of Christ are invited to a picnic at 6:30 p. m. Thursday, at the home of Jess Cole, located on Jimmie Carr's place. Everyone is asked to bring a picnic lunch.

Personals

Mr. and Mrs. Willis Clark, Jr., are the parents of a baby daughter, born Saturday, May 20, at the Ranger General Hospital. The baby has been named Kathryn Lynn. Grandparents of the baby are Mr. and Mrs. W. H. Clarke, Sr., of Ranger and Reverend and Mrs. Dunson of Coleman.

Lt. Col. J. E. Fletcher of Japan, who is enroute to Washington, visited with friends in Ranger today.

Mr. and Mrs. S. A. Hightower have as their guests their daughter, Mrs. Ben E. Blitch of Fort Worth and Mrs. Hightower's mother, Mrs. Dudley Hudson of Aquilla.

Mrs. Billy Wynn and daughter, Sandra of Benton, Ill., formerly of Ranger, and Mrs. Lola V. Park visited Saturday and Sunday with their mothers, Mrs. Smith and Mrs. Wynn of De Leon.

Mr. and Mrs. M. S. Wade and daughter of Mineral Wells visited their son and brother, Max, and friends Sunday.

Mr. and Mrs. T. J. Anderson will leave today for Crockett to be with Mrs. Anderson's sister who will undergo surgery Thursday.

Mr. and Mrs. Frank Arrendale have had as their guests, Mrs. Mae Eastham of Sonora and Mrs. Betty Davis and daughter, Velma of Gordon.

GM To Talk With Union Men

DETROIT, May 24 (UP)—General Motors announced today that it would start immediate contract talks covering 35,000 electrical workers who expect to get the same benefits as GM auto workers.

The biggest auto maker of them all signed a new five-year contract with the United Auto Workers today, covering 35,000 electrical workers who expect to get the same benefits as GM auto workers.

Sergeant, Woman Drown

DALLAS, May 24 (UP)—An Air Force sergeant and a woman drowned today in a water-soaked gravel pit near Grand Prairie when their fishing boat capsized, but two others swam to safety. The Dallas county sheriff's office identified the victims as Sgt. J. D. Burleson, 29, and Mrs. Walter Jones of Irving. The survivors were Mrs. Burleson and the husband of Mrs. Jones.
