

The above is a panoramic view of what will be taking place in Ranger for the next four days. Mayor Price Crawley's hand should get tired after he's shaken hands welcoming all the cowboys and girls to the big event. In the above he is welcoming to two local riders into town. Furnishing as many thrills as any other two events is the bulldogging. There's some top hands here for this event. And Steiner's rodeo stuff is wild and mean. The clown is going to have his hands full getting the bulls away and taking care of himself. No job for sissies—but something the girls like awful well—is barrel racing. To be a winner in this event you've got to have a fast and nimble horse. And then you got to be able to stay on that kind of horse.

One of the last night's extra events will be the twirling of axes from the twirling school being held here. This should draw a large group of Ranger and Eastland people, and from towns further away. The teacher at the school is rated one of the better twirlers in the state. The rodeo was kicked off at noon today with a joint meeting of Rotarians, Lions and Jaycees. Ted Gouley's Texo Hired hands will play for three American Legion dances here, tonight, Thursday and Friday. Two sheriff's posses and four high school bands will appear in the parade this afternoon. Probably the biggest attraction of the parade outside of the music will be the horses and horsemanship displayed. Also due to attract a lot of interest is the big truck that carries Levi's Rodeo puppet show. The truck is worth seeing—and according to reports, the puppet show is a big show in itself.

President Calls For 10 Billion Dollars For Military Spending; More Taxes; Curb Civil Goods

WASHINGTON, July 19 (UP)—President Truman today authorized mobilization of National Guard and Reserve units and asked Congress to remove its statutory limits on the size of the Armed forces. But it still was not clear how many will be called. A top Defense spokesman said some National Guard units will be called up very soon, possibly tomorrow. He said present plans are to call the Guard and the organized Reserve in "selected units" as needed. National Guards will not be called by complete divisions. The spokesman said that for security reasons all figures on the number of men to be mobilized will be kept secret, except for those disclosed in draft calls. The President said he has empowered Defense Secretary Louis Johnson to mobilize as many National Guardsmen, Reservists and draftees as necessary—within the existing statutory limits. Under that directive, up to 550,000 men could be called up immediately. The president did not say, however, that he wanted the full expansion to statutory strength right now. The best indication was that less than 500,000 additional men would be called soon. The president today sent Congress a tough preparedness program calling for \$10,000,000,000 in new military spending, heavier taxes, "substantially" bigger armed forces and curbs on output of civilian products. He said that these are needed to win a "hard and costly" Korean war and prepare against the possibility of world conflict. Truman grimly warned that further Communist aggression in the world "might well strain to the breaking point the fabric of world peace"—in other words, bring on World War III. He revealed in a 6900-word message that he has authorized Defense Secretary Louis Johnson to call up as many National Guard and organized reserve units as may be needed. And he asked Congress to remove the present 2,005,000-man limit on the strength of the armed forces because "we may need to exceed these limits." Truman urged Congress to enact promptly legislation authorizing the government to enforce priorities and allocations; materials; limit the use of materials for non-essential purposes; prevent inventory hoarding; requisition supplies and materials needed for the national defense; restrict consumer credit, and curb credit used for commodity speculation. Truman did not specify where he thought evil production would have to be checked, but the allocation and limitation powers he sought are devices which could be used, for instance, to require (Continued on page 6)

ONE AMERICAN SAYS IT'S EVEN MONEY THAT U.S. TROOPS WILL BE DRIVEN OUT OF KOREA

By Harry Ferguson United Press Foreign News Editor Americans have two more enemies facing them today—over-optimism and over-confidence. On the surface all the news from Korea seems good. The Communists have come to a halt in the Taegon sector. Two more U. S. divisions have landed in Korea and one of them—the First Cavalry—made an amphibious landing through waters apparently swarming with submarines. The United States Air Force is hammering rear lines and communications. A typhoon that threatened to handicap the Americans just when they were beginning to build up their strength has swerved away from Korea. In the face of all these favorable factors it would only be natural for all of us to feel a surge of confidence and optimism. That's fine so long as we don't assume that the war is about over and that the United States can relax. A prominent American who knows all about war cast a cool, logical eye over the Korean situation no later than yesterday and arrived at this conclusion: Right now it is an even money bet that the Americans will be driven out of Korea. If that happens, we will have to assemble forces in Japan and perform the most difficult of all military operations—an amphibious landing on a hostile shore. We are not the only ones having trouble. The Korean Communists have theirs, too, and the rapidity with which they solve them will mean the difference between defeat and victory for the United Nations. Here are the things that have slowed down the Communist drive: 1. The U. S. Air Force has done a good job of knocking out river bridges and the Reds must repair them before they can get their tanks up to the battle line. 2. A modern army is impotent without gasoline and oil and the Communists must bring their fuel down from depots above the 38th parallel. 3. The North Koreans have swept 90 miles in a little more than three weeks. Units have to be regrouped. Men who have gone too long without sleep have to be pulled out of the front lines and rested. 4. The Communists may be considering a change in strategy and tactics in view of the arrival of American reinforcements. All those problems can and probably will be solved. And when they are, the hard facts in Korea still indicate a long tough fight. The Communists have 150,000 tough troops in action. We have between 30,000 and 40,000. The Russian-made Communist tanks can still shoot and outpace the American tanks. There are plenty more weapons and plenty more expert advisers in the same place where the Korean Communists got the ones they now have—Russia. A pre-induction call for 20 men on August 8, has been received by the local draft board, Mrs. Jewell Reeves, board clerk, has announced. Men who have reached their 25th birthday will be the first called, Mrs. Reeves stated. No men 26 years of age will be called. After all 25 years old have been called, the 24 year old group will be next, and on down through the 19 years olds. No 18 year olds are to be called, Mrs. Reeves added. The men will be sent to Dallas for examination only, and then will be returned to Eastland to await induction call. According to the present draft law, the induc-

Eastland 4-H Lads Attending Camp At Cisco

J. M. Cooper, Eastland county agent, and Ed Steele, assistant county agent, are attending the 4-H Camp at Lake Cisco which will end today. Several Eastland county 4-H boys also are attending the camp which began yesterday at Cisco. The camp is for 4-H members of six counties. It had been participated in by five counties previous to this year. R. G. Burwell, district extension agent from Stephenville, was to be a special guest at the camp this year. Cooper and Steele were scheduled to return to their office in the Eastland courthouse Thursday.

BULLETIN

The Ranger softball team beat Gustine three to two in an extra inning at Gustine last night. The local team has canceled all games during rodeo week. The boxscore of the game will be carried tomorrow. Texas Senator Lyndon B. Johnson believes this country will use the Atomic bomb "if and when" and describes the Korean war as "the first battle of a greater struggle" between Communism and the Western world. The Junior Texas Senator, a member of the Armed Services Committee, expressed his views in a speech transcribed for delivery last night over the Texas State Network. He called for all-out military and industrial mobilization to win the fight for "unconditional peace." He said he expected this country to "use the Atomic bomb—if and when it can be used to stem the tide of aggression." "This nation is face to face with the most critical hour we have yet encountered in the 20th century," he said. "There is no easy way out—the Korean struggle may last one year—or several years." He said we must win in Korea, although our military position there is "in grave and immediate peril" and "our troops could be driven into the sea," because Korea is only the first battle of a "greater struggle."

Congress Asked In Speech To Remove Limits On Army Size "As May Need To Exceed Limits"

WASHINGTON, July 19 (UP)—President Truman today authorized mobilization of National Guard and Reserve units and asked Congress to remove its statutory limits on the size of the Armed forces. But it still was not clear how many will be called. A top Defense spokesman said some National Guard units will be called up very soon, possibly tomorrow. He said present plans are to call the Guard and the organized Reserve in "selected units" as needed. National Guards will not be called by complete divisions. The spokesman said that for security reasons all figures on the number of men to be mobilized will be kept secret, except for those disclosed in draft calls. The President said he has empowered Defense Secretary Louis Johnson to mobilize as many National Guardsmen, Reservists and draftees as necessary—within the existing statutory limits. Under that directive, up to 550,000 men could be called up immediately. The president did not say, however, that he wanted the full expansion to statutory strength right now. The best indication was that less than 500,000 additional men would be called soon. The president today sent Congress a tough preparedness program calling for \$10,000,000,000 in new military spending, heavier taxes, "substantially" bigger armed forces and curbs on output of civilian products. He said that these are needed to win a "hard and costly" Korean war and prepare against the possibility of world conflict. Former Ranger Man Dies In Albuquerque

Albert I. Crow, formerly of Ranger, died in Albuquerque, N. M. Tuesday. Among the survivors are two of his cousins—Elbert and Albert Hill of Ranger. Crow lived in Ranger for 30 years before moving to New Mexico about 15 years ago.

Services Set For Former Ranger Man

Services for Robert Lee (Freshman) Phillips, 43, were tentatively set for today in Fort Worth. Phillips was a former Ranger high school boy and football star. Phillips died at his home in Ft. Worth, Sunday. A tool dresser who worked in oil fields in California, Illinois and East Texas, he had resided in Fort Worth for the past eight years. He is survived by his parents, Mr. and Mrs. B. R. Phillips; three brothers: Luis and Harry of Fort Worth; and E. C. Phillips of Wright Field, O.

Grand Jury Back In Session Today

The Grand Jury of the 91st district court returned to session this morning in the Eastland county courthouse. Several cases are expected to be given hearings this week.

Gorman Indian Trail Festival Is Big Success Despite Bad Weather

By Buena Van Winkle

"What is this Indian Trail Festival?"

A brochure which was put out by the Gorman Quarterback club and other cooperating clubs of Gorman helps answer this question.

The front page of the booklet gets right into the spirit of the Festival. The mere mention of Indians takes us back immediately to a past period in the history of our country, and of Texas. Most of us had ancestors who helped to carve this present civilized area out of rawest and wildest wilderness, less than 100 years ago.

As late as 1870, Indians still held parts of the Comanche area. They were raiding in Dublin and other places which are such distinguished places as Uncle Tipton Ross of Gorman can recall quite vividly.

Thus the name Indian Trail Festival is fitting. It is a festival of the past and the present, because in

the middle of the front page is the date, 1950.

Just as the quarterback in a football game so often carries a large part of the weight of the game, just so the Quarterback Club of Gorman, composed of young businessmen under 25, carried the load of sponsoring and selling this entertainment.

The Grand Parade for the Festival was to have formed Thursday, July 13, at the High School with numerous entries of floats. Bands from all neighboring communities were booked to attend the band clinic Thursday morning under the auspices of the Hardin-Simmons Band from Abilene, and the local band director, Sam Houston, a member of the HSU/Cowboy Band.

But the weather in Texas is notorious for its lack of cooperation, so it rained and mopped the parade beautifully. The clinic was held Thursday, but there were only two bands of six or eight who were expected to participate. The parade was

Above picture shows Cooper Robbins, Jr., in full Indian regalia, who has charge of Indian Lore and Campfire Programs for Camp Billy Gibbons, Comanche Trail Council Scout Camp which is in session from July 14 to August 4. Robbins is a World Jamboree Scout and Second Year A&M student and in his third year with Camp Billy Gibbons.

postponed until Friday. A free movie was given at the local theatre through the courtesy of Hubert Craddock, theatre operator and Quarterback member.

The coronation of the queen was held on schedule Thursday night. It was a beautiful pageant doing full credit to the efforts of the members of the Woman's Study Club under the direction of Mrs. John Wright, president.

Miss Joy Hampton was the Festival Queen, and Bob Brogdon the King. Visiting royalty included Duke Carl Ellis and Duchess Joyce Willis of Comanche; Duke Doug King and Duchess Janice Day of Eastland; Duke Ben R.

Poyner, Terry Shell, Harry Gale Hilley, Joe Harrison and Johnnie Davis.

After the program, the Queen's party retired to the Fire Hall for the Queen's Ball which began at 9 p. m. Music for the coronation was furnished by the Gorman Band under the direction of Sam Houston.

After a morning of cloudy mugginess, Dame weather came through with a beautiful afternoon Friday so that the parade was held at 4 p. m. with the Gorman and Eastland Bands furnishing the marching music.

Loving cups were presented to Eastland for being the best all round band present and to Gorman for having the best first year band. An estimated 2,500 persons lined both sides of the main street of Gorman from one end of the business section to the other, and the parade of colorful floats fully repaid their interest.

First prize of \$25 went to the Preston Florist for the best float. It was in the form of a huge flower. Second prize of \$15 went to Blackwell Sanitarium whose float was an actual scene from everyday hospital routine. Third prize was awarded the Brownie troop of the Gorman Girl Scouts. Honorable mention went to the Corner Drug, Progressive Study Club and Excelsior Club floats.

The bathing revue was held at 7:30 p. m. Friday at the Gym auditorium. The revue was divided into groups of 3 to 6 years of age and 14 years up. Winner in the 3 to 6 group was Dona Faye Stewart of Gorman, and Bobbie Shero was winner in the other group. Miss Shero is from Eastland.

Saturday's program was hindered by the war situation which caused cancellation of all aerial displays scheduled. Bascom Giles, who was to have been the principal speaker at a rally Saturday, was called to Washington to help fight for the State's Rights in the tidelands issue.

A softball game was played at 8 p. m. with Lingleville playing Gorman. Lingleville beat the socks off Gorman, 12-4.

The three day Indian Trail Festival, despite all drawbacks, handicaps, and disappointments came to a successful conclusion with a spectacular display of fireworks at 10 p. m. Saturday. The event was engineered by Billie C. Pittman and Floyd Rider.

Decorations for the entire town were arranged and planned by Bill Harbin, decorator from Dublin.

TEXAS NEWS BRIEFS

By United Press

HOUSTON, Tex., July 19 (UP)—Funeral plans were incomplete today for Dr. Elva A. Wright, 83, founder and president of the Houston anti-tuberculosis league.

Dr. Wright died suddenly at her home last night, only a few hours after she had attended to business at the league's headquarters.

Dr. Wright, a native of Pennsylvania, was a graduate of the Northwestern University School of Medicine, and did post-graduate studies in Berlin, Vienna and Edinburgh.

Survivors include two brothers and one sister who live in Pennsylvania.

HOUSTON, Tex., July 19 (UP)—Mickey Robinson, 42-year-old cook, drowned late yesterday when he dove into shallow water in the San Jacinto River near Sheldon.

Robinson and nine other men swam the river, and then Robinson scaled a 15-foot cliff to dive into the water. At that point, officers said, the river was only four feet deep.

The Harris County emergency corps recovered the body and administered oxygen.

ROSENBERG, July 19 (UP)—The first bale of the 1950 cotton crop in Fort Bend County was ginned yesterday and brought a \$200 premium above the market price.

It was owned by Louis Ehrlich and weighed in at 649 pounds.

By United Press

FORT WORTH, July 19 (UP)—Cattle 2600. Slow. Steers, heifers and cows steady to 50 lower, bulls another 50 and more lower, stockers about steady. Good fed steers and heifers 28.00-29.50, three loads steers 29.50, common and medium lots 20.00-27.50. Beef cows 19.50-23.50. Mostly 20.00-22.50, canners and cutters 13.00-19.00, some cutters to 19.50. Sausage bulls 17.50-23.50, very few over 23.50. Medium and good stocker yearlings 24.00-28.00.

Cattle 900. Slaughter calves slow, steady to 50 lower, stockers steady. Good and choice killers 26-30.00, common and medium 19-22.00.

When ginned at the Pleak community near Rosenberg.

LUBBOCK, July 19 (UP)—Dr. W. H. Irwin of Dallas and T. H. Griffin of Austin were chief speakers today at a school administrators conference in the Texas Tech campus.

00-25.00, culls 17.00-19.00. Medium to choice stocker calves 24.00-30.00.

Hogs 700. Butcher hogs 25-50 lower than Tuesdays average, sows steady to 50 lower, pigs scarce and steady. Good and choice 190-265 lb. butchers 23.50 and 23.75, good and choice 160-180 lbs. 22.00-23.25, good and choice 280-400 lbs. 20.25-23.25. Sows mostly 17.00-19.50, a few to 20.00. Feeder pigs 20.00 down.

Sheep 1500. All classes steady. Most spring lambs, medium and good grades, at 25.00. Few good and choice spring 26.00-27.00. Medium and good shorn slaughter yearlings 20.00-50, latter price for 109 lb. yearlings. Cull to good slaughter ewes 10.00-12.00. Common to good feeder lambs 18.00-23.50.

Manhole Covers Vanish

YOUNGSTOWN (UP)—The rise in the scrap iron market may be to blame for the disappearance of 60 manhole covers and sewer lids in Boardman Township. The 90-pound iron disks, costing \$5 each, have been slipping away a few at a time.

University of Illinois scholars believe cattle were introduced to the Western Hemisphere in 1007, when Norsemen landed on the New England coast.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B1, B2, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was . . . I couldn't eat, I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different

Countless thousands are benefiting from HADACOL . . . even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B1, B2, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these precious Vitamins and Minerals to every organ and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back! Only \$3.25 for Trial Size; Large Family or Hospital Size, \$3.50.

American F-80 Jets Destroy At Least 18 Commie Planes Today

By Charles Corddry
United Press Staff Correspondent
AN AMERICAN AIR BASE, Japan, July 19 (UP)—American F-80 jet shooting Star fighters destroyed at least 18 Communist planes in Korea today. Three of them in a dogfight over the Taejon front.

The other 15 were destroyed on an enemy airstrip in the first F-80 raid north of the 38th parallel border between North and South Korea.

It was the U. S. Air Force's biggest one-day bag in Korea and brought the total of Communist planes destroyed since the outbreak of the war to 46.

The American airmen also claimed eight more enemy planes probably destroyed in the two operations. One American plane was lost, presumably to ground fire, in the dogfight over Taejon.

The biggest total—15 "kills" and seven "probables"—was claimed by seven planes led by Lt. Col. William T. Samways, 32, of Pasadena, Calif., a group commander.

Samways said his force swooped on the 22 aircraft poorly camouflaged on an airstrip near the town of Pyongyang, of the same name but not to be confused with the capital of North Korea.

Samways got the first plane, a two-engine type, possibly a light bomber. The others all were fighters.

"We all looked over the field afterward and counted 15 planes burning," he said. "I believe we hit all of them. The official claim is 13 destroyed and seven probables."

Officers at Fifth Air Force

headquarters were in high glee, not only because of the large number of planes destroyed, but because the mission demonstrated the ability of Shooting Stars to make long-distance strikes.

The planes made the 800-mile round-trip in two hours and 25 minutes, including 15 minutes spent straffing the airstrip.

Another flight of four F-80s caught four Soviet-built Yak fighters strafing and bombing American positions around Taejon at the Western end of the Korean front.

The four U. S. planes swooped down on the Red aircraft and blasted them from the skies in rapid succession during a dogfight that ranged from 10,000 feet to almost ground level.

One of the American planes was lost, apparently to ground fire. The pilot's name was withheld.

The jet fighters were operating almost as usual despite threatening weather. The weather man reported that one of two typhoons moving through the Korean straits seemed to have subsided, but the other still was advancing and high winds were expected tonight.

First reports said the fighters today damaged two trucks, four other vehicles, a railroad car, buildings and a railway yard. Yesterday they damaged six tanks, 45 trucks, five bridges, two railroad tunnels and assorted other targets.

Bakers can bake up to 200 loaves of bread in a pan lubricated with a silicone lubricant before re-greasing.

NORTH KOREANS CLOSE IN ON TAEJON—The jagged symbol on the map shows where U. S. ground forces fought rear guard action as thousands of fanatical North Koreans pushed into Taejon. Pincer movements threatened retreating GI's as Reds, (small black arrows) crossed Kum River on American's right flank and threatened to cut off U. S. retreat on road leading southeast from Taejon. On left flank, Communist troops were attempting to push down the other great arm of the pincers. (NEA Telephoto).

Thoughtful Under Stress
MOUND, Minn. (UP)—Mound police have a warm spot in their hearts for the driver who left his car overturned in a marsh near Lake Minnetonka. A sign was posted in the firm ground which read, "We all are out—don't wade in."

Let There Be Music
CHARLOTTE, Mich. (UP)—Eaton County farm bureau workers won't be at a loss for music even though they have only a piano and drums. They've organized an "off key symphony" with kitchen utensils for instruments. The 30-piece orchestra hopes to book public concerts when they've had enough practice.

Gen. John Stark, who died in New Hampshire in 1822, was the last surviving American general of the Revolutionary War. Unscathed by years of Indian warfare and a dozen battles of the Revolution, he lived to be 93.

TO THE VOTERS OF EASTLAND COUNTY

I believe a vote for me for County Judge means a vote for the best interest of every person in the county. I promise you that I will be fair and impartial, being at all times courteous and kindly to all alike. I will practice and mete out plain justice in preference to legal technicalities. I will fight for and obtain the maximum aids for our Farm to Market roads, the aged and needy, our various clubs and civic organizations. In short, I will sanction and support every worthy cause with every energy and means at my commands.

Again I assure you that I am well qualified to try any and all cases coming under the jurisdiction of the County Judge. I will finish a law course and obtain my license as quickly as possible.

I shall not forget my duty and imitations toward the Commissioners Court, co-operating with and aiding it in every way possible, remembering always that I am your humble servant and am your county judge because of you.

If you elect me I want you to come in to see me, be my true friend and help me in every way you can and by so doing we can make it what it should be. "If at first you don't succeed, try, try again." Nothing can be made better until it is changed.

If you elect me I'll do my part to make you glad you supported me.

Your friend,
C. S. (Clabe) ELDRIDGE

ELECT L. R. PEARSON

Representative 107th Dist.

L. R. PEARSON

To the Voters of the 107th Representative District:

We are addressing you this brief note about a very important matter—the 107th Representative District, comprising Eastland and Callahan Counties.

The office of Representative, as you doubtless know, is one of the lowest paid, but one of the most important in our State. The kind of state government we will have for the next two years will be determined, in a large measure, by the kind and character of men we elect to the Legislature on July 22nd.

The Legislature runs Texas. It not only makes our laws, but levies our taxes and spends the money. The Texas Legislature has grown until it is now a billion dollar institution.

We are convinced that Mr. L. R. Pearson is the best qualified man for this important job. He served us ably in the 49th and 50th sessions. He is sound and experienced. He knows state government. He does not favor spending the State into hopeless debt or high taxes. Whatever Pearson does, he does well. We will need his ability and good judgment in the 52nd Legislature which convenes next January.

We believe his election is in the interest of good government.

Sincerely,

- | | | |

Among those to whom automobile value is a living... Plymouth is the overwhelming choice!

Think of it! Of all standard-built cars registered as taxicabs, Plymouths outnumber all other makes combined! This puts Plymouth way out ahead of any make of car—with those whose very living depends on the all-around performance of their cars.

Think about it! If value-wise taxicab owners say that Plymouth is by far the best car of all for the money—Isn't this convincing proof that the new Plymouth is by far the best car of all for your money? Why not find out? Ask your Plymouth dealer for a demonstration drive.
