

Ranger Rambling

On the street corners there's lots of yak-yaking going on about Washington politicians fouling things up in general.

But the street corner talk does not get the country anywhere.

The only place to change things is at the polls. The August 26 election is your last chance this year—considering that your a Texan that you live in Texas and that your daddy voted Democrat.

In some of the other states, voters will have a chance to express themselves in November. But they probably won't in Maine and Vermont, because those states are predominately Republican and don't know what it's like to vote for a Democrat.

Of course some folks will say quite justly that there's not much to choose between an economy minded Republican and a spend-thrift Democrat. They'll tell you that the Republicans who were worrying about slandering Democrats, chasing unions via the 'I smell a Commie' route are just as much to blame as wishy-washy Democrats afraid to tell the American people the truth.

An these folks have a point—a good point. And about the only way to change that state of affairs is to vote the old gang out, vote a new gang in—about what you want—an if they don't come through, vote them out and another new gang in.

Maybe in that way the Republicans will get the idea that a lot of us are working men; the Democrats will get the idea that we can take the truth, that we believe in the U. S., and that we want the government to have fiscal stability.

One of the paradoxes of the Republican policy at this writing is that a large bunch of them are fighting a tax hike. Which is okay except they are ignoring the fact that the people are demanding a welfare state, and a successful completion of the war with Russia. These Republicans also say they're against a welfare state. The best way to destroy that state is by high taxes.

Low taxes means heavy government borrowing. Which the Republicans are asking for obscene backwads.

They're forgetting that when the national debt reaches such proportions that the government is collapsing under the attempt to pay interest that the next move will be cancellation of the debt—which would throw our whole economy out of gear and into a Communist hell-a-boo which the Republicans say they don't want—and which you and I sure as heaven have no wish for.

Yep, it's easy to criticize politicians. But maybe you and I better wake up to the fact that the U.S. can't beat Russia and keep a welfare state economy.

PORT WORTH, Aug. 22—Mrs. Hettie L. Lehmer, 50, a pedestrian, was fatally injured last night as she walked across Meadowbrook drive after leaving a bus.

Here was the 38th traffic fatality of the year in Tarrant County.

DALLAS, Aug. 22—Mrs. Bertha Mae McDonald, 36-year-old private nurse, faced charges today of murder with malice in connection with the death of Thomas J. Wester, 66, of Celina.

Police said Wester, a brick mason, was stabbed at Miss McDonald's home. A cafe operator told police Wester and Miss McDonald had a dispute earlier in his place of business after she danced with another man.

CORPUS CHRISTI, Aug. 22—Mrs. Edna L. Finch filed a \$23,885 damage suit yesterday against the Corpus Christi Marble and Granite Works where her daughter was crushed to death by a tombstone.

Five-year-old Rebecca Finch was killed May 19. She had accompanied her mother to the headstone company while Mrs. Finch was buying a tombstone for her husband, who died four days earlier.

BROWNWOOD, Aug. 22—Logan Patterson, Jr., 14, died yesterday in a Brownwood hospital of injuries received when he was hit by an automobile Saturday.

Patterson, an Early community schoolboy, had a leg torn off in the accident near his home northeast of Brownwood.

Finis J. Steffey Fatally Injured In Well Accident

Finis John Steffey, 36, Breckenridge, was fatally injured Monday while working on the plugging of a well a few miles east of Breckenridge.

Steffey was a brother of Mrs. Cyrus Miller of Eastland.

Milton Decker and his sons, Robert and Davis were working with Steffey at the time of the accident. Decker said that Steffey was on the jin pole when it fell with him. The pole fell across Steffey.

Decker said that Steffey talked a little after he fell, but had stopped breathing when the ambulance arrived. He was pronounced dead upon arrival at the hospital.

Funeral arrangements had not been announced. Burial was scheduled for the Breckenridge cemetery.

Survivors include his widow, Wanda, and two daughters, Laydia Valeria and Donna Valois; his father and mother, Mr. and Mrs. Fred Steffey of Cisco; three brothers, L. D., Fort Worth; Fred, Jr., Austin; and Frank of Cisco; three sisters, Mrs. Cyrus Miller; Mrs. Wayne Stacy and Mrs. Laverne Smith of Abilene.

TO THE VOTERS OF EASTLAND COUNTY

I am sure the people of this County are not interested in personalities, but are more interested in the general welfare of our County, and are demanding some changes in the present policy.

If lected your County Judge I pledge you my very best efforts to conduct the affairs of the office in a fair and impartial manner.

In the first primary I led my opponent in HIS HOMETOWN by 71 votes, in MY HOMETOWN by 260 votes, and in the entire County by more than 300 votes. Leading in 17 of the 26 boxes.

Again I thank you for the splendid LEAD YOU GAVE me in the first primary; your continued confidence and support will certainly be appreciated August 26th.

25TH INFANTRY DIVISION

JAPANESE BOMBS at Pearl Harbor on December 7, 1941, opened hostilities for the 25th Infantry division which occupied defensive beach positions and was charged with defending naval installations on Oahu island. The division had been activated only two months previously from the old Hawaiian division, two of its infantry regiments—the 27th and the 28th—having been assigned to the new division. The 161st Infantry regiment, enroute to the Philippines at the time of the Pearl Harbor attack, was stopped at Oahu and joined the 25th. For a year it garrisoned the Hawaiian islands and trained in jungle warfare and amphibious tactics.

General J. Lawton Collins, now Chief of Staff of the Army, commanded the division in training and led it into its initial action at Guadalcanal in January, 1943. Heroic action on Guadalcanal which saw that unit triumph over the Japs on New Georgia, during the bitter fighting on Vella LaVella and on Luzon. When Guadalcanal was conquered the division spent five months in garrison duty, and in July, 1943, arrived off New Georgia island where the 161st Infantry regiment went into the fight for Munda air field. Later the division took part in the historic 19-day march through jungle mud to secure the important harbor of Bairoke. Units of the 25th helped to take Arundel island while other elements secured Vella LaVella island despite intense Jap air raids.

In February, 1944, the division moved to New Caledonia where experience in fighting the enemy in the open furnished valuable training for the eventual campaign for the liberation of the Philippines. In January, 1945, it arrived on Luzon and soon was engaged in taking the gateway to the Cagayan valley and three months of almost continual fighting followed. After the capitulation of the Japanese the division moved to Japan for occupation duty.

The Distinguished Unit Citation was awarded to six components of the division and five of its personnel were presented with the Congressional Medal of Honor.

The 25th is commanded by Major General William B. Kean who was born in Buffalo, New York, and graduated from the U. S. Military Academy, and was commissioned a second lieutenant of infantry in 1918. He was chief of staff of the II Corps in the Tunisian and Sicilian campaigns in 1943 and served as chief of staff of the 1st Army from the Normandy landing throughout the European campaign.

The shoulder patch of the 25th is in the form of a taro leaf in red on which is superimposed a flash of lightning in gold. Use of the taro leaf signifies that the division stems from the old Hawaiian division. The lightning flash represents the speed with which the division carries out its assignments.

It Was An Error In Judgment—
... when the rejected candidate was led to believe that he had his race in the bag because every voter he met told him so. And about as disillusioned is the person who is convinced that an abstract is a lot of extra expense, and unnecessary, in a real estate transaction. There's another error in judgment. He stands to lose more, perhaps, than the candidate who lost the election. A winner always insists on an abstract when he buys real estate, and you can't beat that for good judgment.

UP Correspondent Says Soldiers In Korea Figure It'll Be Two Months Before US Takes Offensive

EDITOR'S NOTE: United Press War Correspondent Peter Kalischer was one of the first American newsmen to reach the fighting front after the outbreak of the Korean war. He was cut off behind enemy lines with an American battalion in the early days of the fighting, but made his way back to safety two and one-half days later. He recently suffered an ankle fracture at the front and has returned to Tokyo to recuperate.

By Peter Kalischer United Press Staff Correspondent TOKYO (UP)—New attacks by the North Koreans on the north and southeast fronts have sobered up the optimists who interpreted United Nations' victories of the past week as the kick off to a major Allied offensive.

Instead of readying for the great counteroffensive that will come in time, Allied commanders are bracing themselves for more convulsive efforts on the part of

the Reds to make a last ditch try for victory before winter.

The best guess—and it's only a guess—is that the Allied counter-offensive is at least two months away.

Military sources point up the fact that the decisive but minor victories in the 1st Cavalry sector around Waegwan, by the Marines and the 24th Division in the Nakdong bulge, and by the South Korean and American units at Pohang were chiefly "defensive triumphs."

The attacks wiped out enemy bridgeheads on the Nakdong and held—temporarily—a major Red push on Taegu from the north. The Pohang drive, while it gained mileage, was not against a major Red force.

Top military sources credit American and South Korean successes in the past week to (1) a better understanding of the enemy's field tactics; (2) a steady increase in supplies and manpower, and (3) American air power.

Fraley Says

National League Clubs Start Worrying About Philadelphia

By Oscar Fraley United Press Sports Writer NEW YORK, Aug. 22 (UP)—The ever-present pressure on the league leader was beginning to tell today on the Philadelphia Phillies and while the "Whiz Kids" still were proving whizzes they weren't looking much like kids any more.

Not too long ago when they were darkhorses of the most Seppian hue, the club celebrated every victory with vociferous cries of triumph. That was during the days when the rest of the National League considered them summer wonders who would fold rapidly when the wire came in sight.

Then the National League war cry was "stop the Dodgers." But now, suddenly, the league has realized that the Phillies aren't going to beat themselves. And every club in the league has shifted its sights and put them on the "Whiz Kids."

Day and night bombings and strafings of behind the lines targets by superfortresses, light bombers and fighter planes have virtually wrecked Communist supply lines.

The North Korean forces are "hurting" for want of food and ammunition and have to use small convoys of humans or pack animals traveling at night to keep front lines supplied.

With all these factors stacked against them, the North Koreans—and presumably the Russians—must realize that their only chance for victory is to move and move fast.

For even a slim chance to knock out the Allied bridgehead, the Reds must keep pushing now at any cost.

It is this expected Red thrust—possibly a last major attack—that Allied commanders are preparing to meet before they think of a counter-offensive.

It has made a distinct change in the ball club, probably convincing them that they can win the pennant. So no longer do they celebrate the victory of the day with cheers and back slapping. It's a long-range plan now, one which ends brilliantly or miserably when the pennant races come to a screeching halt on Oct. 1.

Their game with the Giants yesterday was a case in point. Curt Simmons, the tall southpaw, flattened the onrushing Giants with a masterful four hitter as Brooklyn beat Pittsburgh. That kept the Phillies' lead at 5-1-2 games over the Brooks, when a loss would have reduced the lead to 4-1-2 games.

But, in the dressing room afterwards, there was no great jubilation or mass descent on the calmly undressing Curt. Each man relaxed in front of his locker, the strain lines strong on every face, and the conversation was low and punctuated by only a few laughs.

The Phillies are a young club, truly "kids" among the many veteran outfits performing in the postwar major leagues. Of the regulars against the Giants only three of them—Andy Seminick, Eddie Waitkus and Dick Sleser—are 29 years old.

Two of them are 25, Del Ennis, and Willie Jones, while Mike Golt-

at is 24 and Richie Ashburn and Granny Maner are 23 and Simmons is only 21. That's an average of just over 23 years of age.

They realize fully by now that from here on in they will have to face the best of every team in the league, and conquer it if they are to realize their dream on sundown on Oct. 1.

"Sure, they're tense and tight,"

admitted Manager Eddie Sawyer, a fatherly man whose bland exterior doesn't quite hide the worry in his brown eyes. "But I'm sure that the kids can do it. And I believe that they, too, are more certain of it now than they ever have been."

THERE IS NO SUBSTITUTE FOR EXPERIENCE

It's Time For BROOKS BECAUSE

Something must be done now about the runaway cost of our State Government—a cost which had increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

J. F. (Frank) TUCKER FOR SHERIFF

To the Citizens of Eastland County:

Having been unable to see everyone, I take this method to solicit your vote and support in the run-off Primary Election to be held Saturday, August 26th.

I have been among you in Eastland county my entire lifetime. I invite each and everyone to investigate the kind of man I have been in my home community. I have no "rocks to throw" at anyone and am basing my request and solicitation of your vote on my own merits, and am not the candidate of any special group or clique. If you elect me as your Sheriff, I shall comply to the letter with the tenets set out in the Official Oath of Office which is required of everyone elected or appointed as a Public Official. This Oath as follows, I hope to take on next January 1, 1951 and same will be my sole guide in administering the duties of the Office of Sheriff.

"I, Frank Tucker, do solemnly swear (or affirm), that I will faithfully execute the duties of the Office of Sheriff of Eastland County, of the State of Texas, and will to the best of my ability, protect and defend the Constitution and Laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly or indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God.

I regard this oath with humble sincerity and promise you if elected your Sheriff I will never give you cause to regret your having done so. Will have as my deputies the best men available and their duty and orders will be this same oath of office.

Thanking each of you with all sincerity, I am,

Gratefully yours,

J. F. (Frank) TUCKER

Candidate For Sheriff, Eastland County

Don't Be Satisfied With Symptomatic Relief—It's Now Possible To

RELIEVE THE CAUSE OF YOUR STOMACH DISTRESS

Indigestion, Gas Pains After Eating, Bloat, Heartburn, Constipation When Due to Lack of Vitamins B1, B2, Iron and Niacin in the System

Here's some wonderful news for you folks who can't enjoy the delicious foods you like without suffering indigestion, gas pains, heartburn, belching or bloating afterwards because your system lacks the important Vitamins B1, B2, Iron and Niacin. Start taking this great new HADACOL at once!

Don't Be Satisfied With Symptomatic Relief

HADACOL is not a quick-acting antacid pill which gives symptomatic relief—HADACOL now makes it possible for you to relieve the real cause of such painful stomach disturbances. Know the joy of being able to eat the food you want without blowing up with gassy bloat—without suffering heartburn and painful after-eating distress when you have such deficiencies.

The great advantage of HADACOL is that continued use helps prevent such stomach distress from coming back. That's the kind of product you want!

Get That Wonderful HADACOL Feeling!

If you suffer from stomach disturbances due to lack of Vitamins B1, B2, Iron and Niacin and are putting off relieving the cause of your trouble—HADACOL will give you these needed elements and start you on the road to feeling better—often within a few days.

HADACOL has brought relief almost beyond belief to thousands upon thousands of people with such deficiencies. Why keep on doubting it will help you? Don't give up hope without at least giving HADACOL a chance. You owe it to yourself! You owe it to your loved ones. Get that wonderful, wonderful HADACOL feeling!

THE MAN WHO GAVE THE WORLD THE GREAT NEW HADACOL

Senator Dudley J. LeBlanc

Senator Dudley J. LeBlanc—great statesman, and humanitarian—has always been a firm believer in helping his fellow men. He was the first candidate for Governor in Louisiana to advocate a specific Old Age Pension. As State Senator he introduced the law that pays a \$50.00 monthly Old Age Pension in Louisiana. Senator LeBlanc has been a champion for the cause of the underprivileged. He has been in public life and has served his people faithfully since 1924.

For a long time Senator LeBlanc had been aware that a number of men, women and children (even from the wealthiest families) were suffering untold ailments and sickness because they had deficiencies of Vitamins B1, B2, Iron and Niacin. And Senator LeBlanc after years of research created HADACOL—the product everyone is talking about—the product that is accomplishing such remarkable results for thousands upon thousands of men, women and kiddies who have such deficiencies.

Just a Few of Thousands of Folks With Such Deficiencies Who Have Been Helped

Mrs. John Coerr, 840 Uraline St., New Orleans, La.: "I've been sick quite some time with a nervous stomach. I was unable to eat regularly and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all."

Mr. John Cox, 1224 Lander St., Springfield, Ohio, a retired gentleman says: "I had nervous indigestion and stomach bloat and gas. After taking HADACOL, I have no more stomach distress and sleep well."

Mrs. Hilton Shuff, Rt. 1, Box 42, Villa Platte, La.: "My son, Mark Wendell has been sick from stomach trouble for some time. He could hardly hold anything on his stomach. Then I started giving him HADACOL. He started improving in a short time, and gained weight."

Mr. Link Robinson, steel worker, 519 Lindsay, Newport, Kentucky: "When your stomach is in bad shape as mine was, you couldn't eat gas pains, stomach bloating and nervousness then your body doesn't get the proper food it needs. My boss told me about HADACOL, and I started taking it. After the second bottle I could tell a definite improvement. Now I eat anything."

Why HADACOL Comes In Special Liquid Form

When you drink HADACOL'S precious Vitamins and Minerals (B1, B2, Iron and Niacin), with helpful amounts of Calcium, Phosphorus and Manganese—they are ready to go to work for you. There's no waiting for them to dissolve. They come already in a pleasant liquid form so that they are more easily and quickly absorbed by the blood. That's why wise folks now drink these Vitamins and Minerals in HADACOL!

HADACOL not only feeds deficient systems with more than the daily needs of Vitamins B1, B2, Iron and Niacin but also precious Calcium, Phosphorus and Manganese—elements so vital to maintain good health.

Vitamins and Minerals to be readily absorbed must be in soluble or emulsion form. That's why HADACOL comes in special liquid form. The fact that HADACOL comes in liquid form makes it easier to digest, makes the Vitamins and Minerals more available, more quickly absorbed and assimilated than when the same essentials are offered in many types of pills or tablets. And the scientific blending of HADACOL'S Vitamins and Minerals intensifies HADACOL'S effectiveness.

REFUSE SUBSTITUTES. THERE IS ONLY ONE TRUE AND GENUINE HADACOL. Trial-size bottle, \$1.25. Large family or hospital size, \$3.50.

Refuse substitutes. There's only one true HADACOL.

NAVY'S NEW EIGHT-BLADED AIRCRAFT PROPELLERS—One of the largest propellers ever developed for Navy aircraft is this experimental contra-rotating installation for use with turbine engines of over 5,000 horsepower, and is part of the Navy's continuing development program. The blades are 14 feet in diameter. The new propeller actually consists of two four-bladed propellers, placed one in front of the other, on a dual shaft and geared to turn in opposite directions. This eliminates the "torque" effect of propeller-driven aircraft. "Torque" is that force which tends to turn a plane in the opposite direction to that which a single propeller unit turns.
