O'DWYER DENIES KNOWLEDGE OF PAY-OFFS—Former Mayor of New York City, William O'Dwyer, right, talks with reporters at a press conference in New York City, explaining his chief reason for returning to the city. He wanted to "reassure" his friends in New York that he had no knowledge of "all this"—the sensational stories of pay-offs to police by big-time bookies. Nearly a score of police have retired since the alleged head of the ring was taken into protective custody. (NEA Telephoto).

County Peanut Exhibit At Fair Receives Acclaim Of Officials

The Eastland County Peanut Exhibit at the State Fair at Dallas, viewed by thousands on opening day last Saturday, received the acclaim of Fair Officials even before opening day according to reports received here.

The exhibit stresses the financial importance of peanuts to the farmers and business men of the county. Included in the exhibit are shelled and unshelled nuts, two types of peanut candy, peanut meal, unrefined peanut oil, peanut butter, salted nuts, peanuts on vines, peanuts growing in eight gallon containers and other types of peanuts and peanut by-products.

The map on the background is drawn to scale of one inch to one mile, giving highways, towns and

peanut growing areas in the county. Other boards give the number of farms growing nuts, principal towns of the county with several items about each.

The Chamber of Commerce of Ranger, Eastland, Cisco and Rising Star as well as the Southwestern Peanut Growers Association and Commissioners Court contributed financial support to make the exhibit possible. It is expected that thousands of people from all over the state and other states will see the booth during the Fair.

Other firms whose aid made the exhibit possible were Texas Electric Service Co., Gorman Peanut Co., Carbon and Cisco Peanut Companies, Curtiss Candy Co., Perkins Tractor Co., and the Osborne Motor Co., Eastland.

About twenty-five pounds of shelled raw peanuts were handed out by George I. Lane at the booth Saturday to hundreds of boys and girls. It was estimated that ninety thousand club boys and girls attended Saturday. The booth needs one hundred pounds each day for Saturday and Sunday of this week. This exhibit has a great attraction for the young people as well as groups.

George I. Lane, County FHA Supervisor, County Agent J. M. Cooper and Ed Steele, Jr., Assistant County Agent planned and erected the exhibit. They also put up the 1949 booth it was said.

Visitors from the county who attend the Fair are urged to go by the Agricultural Building there and see it.

October 19 has been officially designated as Eastland County Peanut Day at the Fair. County Judge P. L. Crossley will be interviewed that day over Murray Cox's noon farm program on peanuts.

Beard Services Held At 2 P.M. Today In Ranger

Interment will be held at 2 p. m. today at the Evergreen Cemetery for Frank Beard who died in Grand Prairie, Oct. 8.

Services were held in Grand Prairie this morning in the Church of Christ. Bro. Wesley Mickey, minister of the North Side Church of Christ, will conduct the services, assisted by Bro. Logan Buchanan.

Mr. Beard was born in Warren, Indiana, March 30, 1878. He lived six years in Grand Prairie and belonged to the Church of Christ for 21 years.

Mr. Beard married Ida Stephens Sept. 20, 1905 in Warren.

Survivors include: his wife, Mrs. Ida Beard, of Grand Prairie; one son, Wilbur Beard of Taft, Calif.; two daughters, Mrs. E. M. Abraham of Leon, Kans.; Mrs. Bob White of Hockley, Tex.; one sister, Mrs. H. F. Schoonover of Fort Worth; three grandchildren and numerous nieces and nephews. Mr. Beard was the brother-in-law of Mrs. Dick Judy of Ranger.

Tito Agrees To Sell Strategic Metals To US

BELGRADE, Yugoslavia, Oct. 11 (UP)—Communist Yugoslavia agreed today to send the major part of its output of strategic metals to the United States through 1951.

The Tito government concluded the deal with Philipps Brothers, Inc., of New York, the main American importer of Yugoslav metals since Tito's break with Russia in 1948.

It calls for the shipment of \$15,000,000 to \$20,000,000 worth of lead, copper, antimony, chrome and other non-ferrous metals in 1951 alone.

The United States is stockpiling these ores, which are rapidly becoming scarce and costly under the impact of the rearmament program on the already booming American economy.

Truman, M'Arthur Talks May Bring Clearer Asia Policy

TOKYO, Oct. 11 (UP)—Diplomatic quarters said today that Gen. Douglas MacArthur probably will advocate an Asia-wide anti-Communist program at his meeting with President Truman.

They said that the talks will result in a stronger, clearer American policy for the whole of Asia. Diplomats believed the president is concerned over the Communist threat to Asia as a whole, including the Red campaign against the French in Indo-China and the precarious position of the Chinese Nationalists on Formosa.

How big a part Russia has played and will play in the future in the Communist drive in Asia also will be studied. Russia supplied North Korea with almost everything used by the Communist invaders from bandage packs to tanks.

It will be a secret conference that President Truman and Gen. Douglas MacArthur will hold in the Pacific this week-end, but it isn't any secret what they will talk about. One problem over-rides everything else right now and it is:

How can they keep the Korean war from spreading into a world war?

The United States took a bold gamble when it went to the aid of the South Koreans. If the Chinese Communists or the Russians had decided to send troops and planes into the fight, World War III would be going on now. Apparently we have won that gamble. But as victory comes closer in Korea, there are other danger points in the Far East. Even a slight miscalculation could result in war.

MacArthur believes Formosa is vital to our Far Eastern defense line. He wants to hold it as military insurance. But Mr. Truman has given evidence that he believes our continued protection of Formosa could be a liability on the stage of international politics. His reasoning probably is that if he held onto Formosa the Chinese Communists would say, in an I-told-you-so tone of voice, that America was out to conquer all of Asia.

On his return from the Pacific, Mr. Truman will make a foreign political speech to the nation from San Francisco at 8 p. m., PST, Oct. 17.

Services will be conducted by Rev. Jasper C. Massegee. Funeral arrangements are in charge of Killingsworth's Funeral Home.

Mr. Caraway was born in Lee County, Tex., Dec. 21, 1887. He married Mary Crawford, Nov. 19, 1908. Mr. Caraway operated the Caraway Body and Paint works in Ranger.

Survivors include: His wife, Mrs. W. O. Caraway of Ranger; three sons; Clifford Caraway of Fort Worth and Floyd Earl Caraway of Ranger; two daughters, Mrs. E. O. Crenshaw of Fredericksburg, Tex., and Mrs. Vera Walker of Fresno, Calif.

One brother, B. F. Caraway of Rockdale; five sisters, Olive Presley of Corpus Christi, Ethel Wilkinson of Eddy, Ida Wilkins of Eddy, Lillie Glenn of Dallas, and Pearl Glenn of Waco; seven grandchildren.

Paliborers will be T. I. Collins, Clyde Fisher, J. D. Nichols, Clyde Rodgers, C. F. Chestnut, E. P. Robinson, all of Ranger.

Polio Toll Increases HOUSTON, Tex., Oct. 11 (UP)—Houston's polio toll so far this year stands at 179 cases with 15 deaths, the city health department reported today.

"W. Gail Reeves and his supporters have been blackening my name," Payne said. "I am today making his police record available to all newspapers."

The photostatic record indicated Reeves had been arrested and charged with assault to murder in connection with a shooting; arrested in connection with a burglary, and again in connection with a disturbance at a tavern.

Mayor Holcombe, who appointed Payne chief in May, 1947, seeks re-election next Saturday. Opposing candidates W. Gail Reeves and Bob Tucker had promised they would fire Payne, if elected, following recent disclosures that all was not well within the department.

Payne, who blamed much of his troubles on a state civil service law he said strips the chief of sufficient authority over his men, issued a broadside at Reeves as he bowed out.

MacArthur believes Formosa is vital to our Far Eastern defense line. He wants to hold it as military insurance. But Mr. Truman has given evidence that he believes our continued protection of Formosa could be a liability on the stage of international politics. His reasoning probably is that if he held onto Formosa the Chinese Communists would say, in an I-told-you-so tone of voice, that America was out to conquer all of Asia.

On his return from the Pacific, Mr. Truman will make a foreign political speech to the nation from San Francisco at 8 p. m., PST, Oct. 17.

Caraway Rites Held In Second Baptist At 3:30

More American Troops Head For Berlin

BERLIN, Oct. 11 (UP)—The First American Army reinforcement's for Europe's defense now are arriving on the continent, the U. S. commander in Europe said today.

The commander, Lt. Gen. Manton S. Eddy, said the troops were destined for Berlin and warned that any attack on Berlin by the Soviets would mean war.

Eddy, who arrived here this morning from his Heidelberg headquarters, told a press conference: "The first U. S. reinforcements are arriving in Germany about now. These troops are coming in the form of replacements rather than as units."

Eddy explained that the new troops in Berlin would be used for tactical deployment of forces rather than for occupation functions. And he said they would defend Berlin in the event of attack.

1st Division Routs Enemy Out Of Hills

By Ralph Teetsorth
TOKYO, Oct. 11 (UP)—American forces, with British and Australian troops close behind them, have spearheaded more than 12 miles into North Korea. They have by-passed fanatical Communist defenders who are fighting to the death rather than surrender.

The Americans took the small town of Yuga, 12 road miles above the 38th Parallel and continued to push northward. Behind them, but also across the border, were the British and Australians.

To the west, above Kaesong, the Communist hurled two charges against American 1st Division units. Both were thrown back with heavy losses.

Eyley Nephew Plays Guard For Wranglers

There will be two Ranger fans cheering at least one Odessa Junior College player when he plays here Saturday night.

Mr. and Mrs. W. M. Eyley will have their eyes on their nephew, Eddie McMillan, six foot, one inch, 220 pound guard for the Wranglers.

McMillan is the son of Mr. and Mrs. E. E. McMillan of Breckenridge. The former Breckenridge Buckaroo griddler is a returning letterman on the Odessa squad and will be seeing lots of action, Saturday.

McMillan, who is 18, is in his second year at Odessa Junior College. He plans to enter senior college but it wasn't known which school he will attend, Mrs. Eyley said.

After finishing school, McMillan wants to coach football.

Oil Week

Harley Sadler Will Address C of C Meet, Oct. 17, As Oil Progress Week Gets Under Way Sunday

Harley Sadler, well known West Texas show man, former State Representative and oil man, will address the monthly membership meeting of the Chamber of Commerce at the Gholson Coffee Shop Tuesday, October 17th.

Next week has been designated as Oil Progress Week, and in addition to Mr. Sadler's address, a 28-minute film, "24 Hours of Progress", will be shown. This film was produced by Lewis de Rochemont, producer of "March of Time", with Ralph Bellamy as commentator. The theme of the film is "The Part Oil Plays in Every Day Life in America."

This program is being arranged for by David D. Pickrell, and is furnished by the American Petroleum Institute in celebration of Oil Progress Week.

E. P. Brashier, Chamber of Commerce president, in keeping with the new policy of his administration, has asked the aviator and legislative committees to sponsor the drive for attendance at this meeting and each standing committee chairman is asked to contact each of his group and see that they attend.

The price of the luncheon will remain the same customary 50 cents and the program to be presented is free. The Lions and Rotary Clubs will attend in a body and every citizen in Ranger has an invitation to attend.

However, the Chamber of Commerce must know by Monday noon how many will attend in order to notify the coffee shop. Those who do not return their reservation cards are asked to phone the Chamber, number 31, and let them know if they want a reservation.

What's Wrong with FREEDOM?

Our business is selling merchandise—the best we can buy—at the most economical price to you. It's a good business, and we like it.

But being in business in America is more than skillful buying and selling. It's the exercise of a fundamental right—freedom to venture, freedom to plan, freedom to succeed by serving best.

All freedoms stand or fall together. That's why we take our stand today, with the doctors of America, for the Voluntary System. At home and abroad, it's worth defending!

Citizens Want Better Schools For US Defense

Thirty-six prominent citizens today called upon Americans to continue to fight for better public schools during the period of mobilization, and were immediately supported by statements from Warren Austin, Bernard Baruch, General Eisenhower and Mrs. Eleanor Roosevelt.

The 36 are members of the National Citizens Commission for the Public Schools, a non-profit organization to encourage citizen participation in public school improvement. The commission which has now been in operation for about a year and one-half is financed by the Carnegie Corporation and the Rockefeller Foundation. Roy E. Larsen, president of Time, Inc., is chairman of the commission.

"Of course, it will be necessary to adapt our plans for our schools to the immediate requirements of our expanding program for defense," the commission members said in a public statement.

"But those who are in the fight for better schools should be alert to secure for our schools a top priority in the new line-up of civilian activities that lies ahead."

Mr. Baruch, in commenting on the commission statement, said "I owe one of my greatest debts to the teachers of my boyhood and feel that our teachers do most for our society and are recognized least. They have moulded the character and conscience of the nation and implanted our people with ethics, decency, character and the will to do the very best."

General Eisenhower said, "To

neglect our school system would be a crime against the future. Such neglect could well be more disastrous to all our freedoms than the most formidable armed assault on our physical defenses."

Hurricane Rams Into Veracruz At 110 MPH

MEXICO CITY, Oct. 11 (UP)—A vicious tropical hurricane walloped the 400-year-old gulf port of Vera Cruz with a 110-mile an hour punch today and lashed the Mexican coast with mountainous waves and torrential rains.

The furious winds ripped off the tin roofs of flimsily-built homes in poor sections of towns up and down the coast and sent huge sections of metal spinning through the air.

All telephone lines from Vera Cruz were knocked out soon after the full force of the storm roared in from over the gulf.

The U. S. Weather Bureau in New Orleans said the center of the storm struck about 30 miles south in the Alvarado Bay area where there are a number of small towns.

But the hurricane winds reached out a distance of 50 miles from the "eye" of the storm and Vera Cruz received a major portion of the blow. Gusts of wind reached 110-mile an hour speeds.

COMMUNITY PUBLIC SERVICE COMPANY Regulations For Gas Piping

Community Public Service Company will install the gas service from the main to the meter at its expense and customer shall install service from meter to building at his expense and shall own this portion of the line and be liable for its operation and upkeep.

The company shall ordinarily locate the meter at the curb line or not nearer than 1 foot outside property line and customer shall bring his service to this point. If customer desires a different location, permission shall be secured from company to set meter at different point. Where customer is required to furnish part of distribution line, then meter shall be set at end of company's line.

If customer requires a meter to be moved for his convenience, then company may require customer to pay company its cost of moving service line and meter.

Customer must install his half of meter riser in accordance with drawing attached and in such a manner that riser is vertical and so no strain will be placed on company's half of meter riser.

Customer must install gas stop at a point outside building so as to permit cutting off gas in an emergency or for repairs to house piping without using company's stop.

Company may refuse to serve customer unless company's rules and regulations are complied with and until customer's plumbing has been inspected and approved by city plumbing inspector. Where no city inspector is available, then company may refuse to serve customer unless it is satisfied that customer's plumbing is properly installed and safe to use. The company, however, shall not be under any obligation or duty at any time to inspect the customer's facilities.

No person other than employees and agents of company shall move or remove meters, make connections to or disturb any piping on the company's side of the meter. If meter stop is closed, it shall not be opened under any conditions except by company, its employees or agents.

Company shall not install meter or turn on gas unless at least one appliance is connected and all other outlets are capped and if possible, unless customer, his employee or agent are present.

The minimum size of pipe permitted on customer's service line shall be 1", if not more than 3 outlets are served, and if length of service line does not exceed 60 feet. If more than three outlets and less than 12 outlets are served and the length of service line does not exceed 100', then 1-1/4" pipe shall be used. Company should be contacted to determine proper pipe size in all other cases. If city plumbing or gas fitting code requires a large pipe size than set out above, or any other more specific requirements, then city code requirements shall govern.

Dallas 'Cat Call' Turns Out Pet Puma

DALLAS, Oct. 11 (UP)—Dallas police viewed all "cat calls" with extreme suspicion today as a result of their experience with Tom, a Mexican mountain lion.

It all started yesterday when police got a telephone report that a "tiger is roaming North Dallas."

The report brought action—plenty of it. The dispatcher sent a squad car—occupied by two apprehensive patrolmen—to the home of J. L. Foxworth, where the "tiger" had been seen by the unidentified caller.

"Why, someone must be playing a joke," Mrs. Foxworth calmly said. She then showed the officers her pet puma, Tom, who was safely pacing back and forth in his cage.

Tom took the whole thing with an air of boredom. But Mrs. Foxworth was kept busy explaining that the cub had not broken loose from his cage in the rear of the Foxworth home.

Texans Can Join Guard If Draft Orders Not In

AUSTIN, Oct. 11 (UP)—Young men who are ripe for the draft may join the Texas National Guard—but not if they already have received orders to report for induction physicals.

The policy was outlined yesterday by Adjutant General K. L. Berry, who said he believed many draft registrants were unaware that they could enlist in the National Guard after registration and classification.

But the draftee, he pointed out, "will have to make his decision without the pressure of the order to report" for his physical.

"Violation of this policy," the Adjutant General said, "necessitates more paper work and calls for more men to meet local board quotas."

Scribe Picks SMU And Texas Over Oklahoma Teams; Notre Dame To Bounce Back With Tulane Victory

By Milton Richman, United Press Sports Writer
NEW YORK, Oct. 11 (UP)—'C'mon in, the water's fine! Lets wade into this weekend's football winners.

National Army over Michigan — a faster backfield, passer Bob Blair and a stronger defensive line add up to a comfortable Kaydet victory. The East, Penn State over Syracuse; Rice over Pittsburgh; Temple over Rutgers; Brown over Rhode Island; Bucknell over Washington and Jefferson; Maryland over Georgetown and La Fayette over Muhlenberg.

The South, Notre Dame over Tulane — The Irish get their dander up. Georgia over Mississippi State — The Bulldogs are on a tear. Georgia Tech over Louisiana State — The Rambling Wreck in an upset.

North Carolina over Wake Forest — It'll be tough all the way. Mississippi over Vanderbilt — just by a shade. The Southwest, Texas over Oklahoma — The Sooners to taste defeat after 23 straight wins.

SMU over Oklahoma A. & M. — Kyle Rote and co. take over. Texas Christian over Texas Tech — Horned Frogs in a romp. Texas A. & M. over V. M. I. — The Aggies are out for exercise. Baylor over Arkansas — maybe even a tie.

Also: Arizona over Texas Western; West Texas over New Mexico; Arkansas Tech over Arkansas College and Trinity, Tex., over Sul Ross.

The Midwest, Ohio State over Indiana — Vic

Rice Fans Yell 'Dirty Ball' After LSU Game

HOUSTON, Oct. 10 (UP)—Rice Institute fans howled today that their team was a victim of "dirty football" at the hands of Louisiana State University and pointed to a king-sized crop of facial bruises as "evidence."

The Owl defeated LSU, 35 to 20, in a rough intersectional clash last Saturday night. But they weren't alone in absorbing a full share of lumps and bumps.

At Baton Rouge, the home of the LSU Tigers, Dr. J. J. Mato said that it was doubtful if either star fullback Ebert Van Buren or left halfback Lee Hedega would be able to play against Georgia Tech next Saturday.

LSU Coach Gaynell Tinsley said 10 other varsity players were bruised enough to be withheld from contact work for a "few days."

But the news from the LSU campus was small solace to back Billy Burkhalter of Rice, who had a humbled visage. Burkhalter said he was slugged "right in front of the Rice bench" by tackle Paul Miller just before the game ended. He was restrained by fellow players when the final gun sounded, but many other players milled together briefly.

Rice Coach Jess Neely, ordinarily soft spoken, was quoted by Houston Press Sports Editor Clark Nealon as having strong words with Coach Tinsley after the game.

"I told him (Tinsley) that a good hard football game could be played without all that stuff. We could play a whole season over here and not get our boys' faces marked up like they were Saturday night," quoted Nealon.

"In addition to Burkhalter's marked face, the Owl's had two other backs—Sonny Wyatt and George Clouser—suffering from bad bruises. Several linemen also were black and blue.

One Rice official, who asked to remain anonymous, said the rough game might signal an end to further football relations with LSU after their present contract expires. The schools have played their traditional series since 1910.

Coach Tinsley wasn't available for immediate comment today at LSU, but Nealon quoted him as saying after the game:

"I thought it was a hard, rough football game, but it was rough on both sides. Football is a rough game."

Saturday night's statistics showed the game truly was rough. LSU was penalized 28 yards, two thirds of them for roughness. Rice drew 50 yards in penalties, including 30 for rough tactics.

Hill Climb Held Near Mineral Wells

MINERAL WELLS, Oct. 11—Motorcycle riders from as far as Iowa are registered to take part in the State Championship Hill Climb to be held at Metcalf Gap, 25 miles west of Mineral Wells on Highway 180, Sunday afternoon, October 15, beginning at 1:00 p. m.

The hill climb is sanctioned by the National AMC, and is for the championship of the state of Texas, sponsored by the Mineral Wells Asphalt Aviators Club.

Already registered is one of the top leading professionals, Mac Cummings, of Wichita, Kansas. Texas threats for the prize money will be Pete Dalio, Fort Worth; Les Meyers, Wichita Falls; Fred Husky, Lubbock. Riders from Iowa, Kansas, Oklahoma, and other states, as well as many from all sections of Texas, over forty contestants to date have registered.

This is the third annual hill climb to be staged at Metcalf Gap each year, attended by record-breaking crowds, more than 5,000 there last fall.

The hill has been improved this year, another 100 feet added, making it 500 feet high, with a 70 per cent grade, a cable and winch installed to let the motorcycle down after the attempt or climbs of the

This is truly a dare-devil sport and an entertainment of thrills and spills, as the machines often leave the ground, with the rider, and go high into the air, and no telling where or how they will land.

... to build up an abstract plant to the point where it is considered safe to offer title information to the public for sale. The public generally does not realize this, but some do. If an abstract comes from a plant with adequate facilities, an established reputation and sufficient financial responsibility to protect the customer, it should be safe. The best title attorneys steadfastly refuse to render an opinion on an abstract which they believe to be sub-standard, and they should.

Here's a "week" with some sense

Lots of so-called "weeks" are a little silly, but there's a lot of good sense to FIRE PREVENTION WEEK.

This is a week to concentrate on cleaning up the trash and rubbish in basements and attics and elsewhere around the premises — trash which often causes fires. It's a week to examine electrical wiring, etc., which may breed fires.

Most big fires are started in some absurd little way — so don't neglect to attend to the "silly" little things that may burn down your property some day.

Crippled Kids' Society Hears Actor's Wife

Dr. J. G. Flowers of San Marcos president of the Southwest Texas State Teachers College, was re-elected president of the Texas Society for Crippled Children in Houston Saturday. Election took place at the 13th annual convention of the Society.

S. A. Kerr, Jr., of Conroe and Lon Herbert of Alice, Texas, were elected vice-presidents. Mrs. Larry Nabholz of Dallas was elected treasurer. Alex McDonald, Lubbock Alvin Wylie, Kilgore, Mrs. Herman Olenbush, Waco, were elected members at large of the executive committee. R. L. Thomas of Dallas was named ex-officio member at large of the Texas Society.

Feature speaker of the convention was Mrs. Spencer Tracy, wife of the famed movie star and founder and president of the noted John Tracy Clinic of Los Angeles. She told of her early efforts to find good training methods for the Tracy son, John, who was born deaf. She also outlined the work of the clinic which deals with hearing problems in very small children.

"Parents of handicapped children have a great job to do," she said. "I have sometimes wondered what God saw in me to make me worthy of being the mother of a deaf son."

Mrs. Tracy explained that the clinic sends a correspondence course free of charge to anyone needing information on hearing problems in children. It is sent all over the world, she said, and

It was decided that the Texas Society would meet in San Antonio next October for its 14th annual convention. Headquarters of the Society are at 3703 Worth Street, Dallas, with Martin Ricker, as executive director.

Rural Youth Day Helps Swell Fair Attendance Day

The 1950 State Fair of Texas racked up a whopping 321,982 attendance figure for the first two days of its Mid-Century Exposition—and the Fair's biggest weekend is yet to come.

The 92,000 Rural Youth Day youngsters—composing the largest gathering of farm boys and girls in history—agreed heartily with other week-end visitors that this fair has 'em all beat from every angle.

Saturday, Oct. 14, an unprecedented day-night football extravaganza is scheduled for the Cotton Bowl—pitting Texas against Oklahoma at 2 p.m. and SMU against Oklahoma A & M at 8 p.m. All four teams are undefeated and three are ranked in the top ten teams of the nation!

The Fair expects its biggest throng of fun-seekers this weekend, and attendance is expected to push the 2,225,000 mark by the time the mammoth exposition ends Oct. 22.

The second week of the Fair will offer the maximum in entertainment and thrills. Orriand Signal Vol. Sabie—better known as Sensational Sabie, the world's champion milk-producing cow—will be on exhibit at the fair all week. She could not be at the fair during the first week because she had a calf shortly before the fair opened.

The finest Jersey cattle in the nation will go on parade Friday,

Princess Pat Bradley, a lovely "Indian" maiden from San Francisco, will fly to the Texas State Fair, Dallas, and give bunches of California grapes to fair-goers at the Val-Sweet Grape Nectar booth during the show, October 7-22.

Oct. 13, for the All-American Jersey Show, world's largest cattle breed show, which will run through Oct. 20. They will compete for \$10,000 in premiums and trophies valued at \$35,000.

Pro Grid Team Faces Fines For Loafing In Tilt

NEW YORK, Oct. 11 (UP)—The San Francisco Forty-Niners, biggest flops of the young pro football season, face firings and fines unless they end their four-game losing streak against the New York Yanks.

Even if they do win, wrathful Coach Buck Shaw vowed today, heads are likely to roll anyway.

"If the pictures of last Sunday's game against the Detroit Lions show some of my men letting down, I'll either release them or assess them with stiff fines," said the silver-haired skipper of the West Coast entry.

been with the team for years—were singled out by Shaw as the players at fault.

"If the pictures show what I suspect they are going to show—that some of our veterans let down and didn't do their best—then some changes will be made when we get back home," said Shaw. The Forty-Niners lost that game, 24 to 7. Counting exhibition gam-

es, it was their eighth loss in nine games' this season.

Texas Increases Citrus Fruit Crop Over 1949

WASHINGTON, Oct. 11 (UP)—Citrus fruits will be more plentiful during the coming year, the Agriculture Department said today.

Making its first production forecast for the 1950-51 season, the department predicted the grapefruit yield will be up almost 40 per cent over last season's small, freeze-battered crop. The incoming crop will be "almost average" in size.

More oranges are in prospect too. The department forecast production of an early and mid-season orange crop of 52,400,000 boxes, or two per cent more than last season's crop and 17 per cent more than average. These oranges usually provide about half the total season's supply.

Grapefruit production forecasts, by states, included Texas 12,000,000 boxes, compared with last season's 8,400,000.

Orange production, by states, including the late crop Valencia: Texas 3,500,000 this season and 1,700,000 last season.

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

Ranger W.S.C.S. Is Guest Of Breckenridge W.S.C.S. Monday

The Breckenridge W. S. C. S. served hostesses to the Ranger W. S. C. S. at 3 o'clock, Monday afternoon in the Methodist Church in Breckenridge.

Mrs. Cain Kirk and Mrs. Garland Coady received the guests. Mrs. Erv Anderson was in charge of the guest book.

Mrs. E. D. McDowell played the music.

Mrs. Sid Rhodes, The W. S. C. S. president, presided and welcomed the Ranger ladies.

The opening prayer was offered by Mrs. W. H. Palmer.

Mrs. T. P. Mobley, secretary of Mission Study, began the new study, "Toward A Christian Community," and presented Mrs. E. R. McCathren who directed the study.

Mrs. Sloan Baker brought the devotional, "We Are Stewards of

God," using Genesis 1 as her text.

A discussion on Rural Community was given by Mrs. Guy Hart and Mrs. D. T. Bowles.

Following the study, Mrs. J. E. Powers told of the past history of the Pignah and Pecan Churches and explained the manner of their merging into the present St. Paul Methodist Church of Breckenridge.

Mrs. Sloan Baker read the Rural Creed.

Ten birthday candles were lighted on the birthday cake which was brought by the Ranger members, showing the fulfillment of the goals of the Breckenridge W. S. C. S.

A social hour followed with Mrs. E. D. McDowell, Mrs. E. M. Shearer, Mrs. Hugh Tolland and Mrs. H. D. Tolland as hostesses.

Those attending the meeting from Ranger were Mmes. Arthur Deffebach, John Bates, Charles Ashcraft, J. B. Rayfield, Emmett Hightower, George Williams, C. W. Alworth, R. C. Cravey, A. J. Ratliff, R. S. Balch, R. B. Patterson, J. T. Killingsworth, S. M. McAnelly, and Miss Ruth Hightower.

Engagement Announced

Mr. and Mrs. L. B. Gordon announce the engagement and approaching marriage of their daughter, Camilla, to H. G. Adams, Jr., son of Mr. and Mrs. H. G. Adams, Sr.

The wedding will be held at 3 o'clock, Sunday afternoon, October 22, 1950, at the home of the bride-elect's parents on Route 2, Ranger.

The bride-elect is a graduate of Ranger High School and Ranger Junior College. Mr. Adams is a graduate of Ranger High School and attended Ranger Junior College. He is now associated with his father in the grocery business here.

The couple will make their home in Ranger.

Couple To Observe Anniversary With Open House Sunday

Mr. and Mrs. George T. Williams will hold open house from 3 to 6 p. m., Sunday, October 15, in the home of Mr. and Mrs. George Rogers, 309 South Marston Street, to celebrate their Golden Wedding anniversary.

They have lived here since 1919 and are extending an invitation to their many friends to visit them Sunday afternoon.

The Voluntary Way is the American Way

America always fights on the side of Freedom. At home or overseas, America champions the right of the individual to live peaceably and to work out his own destiny.

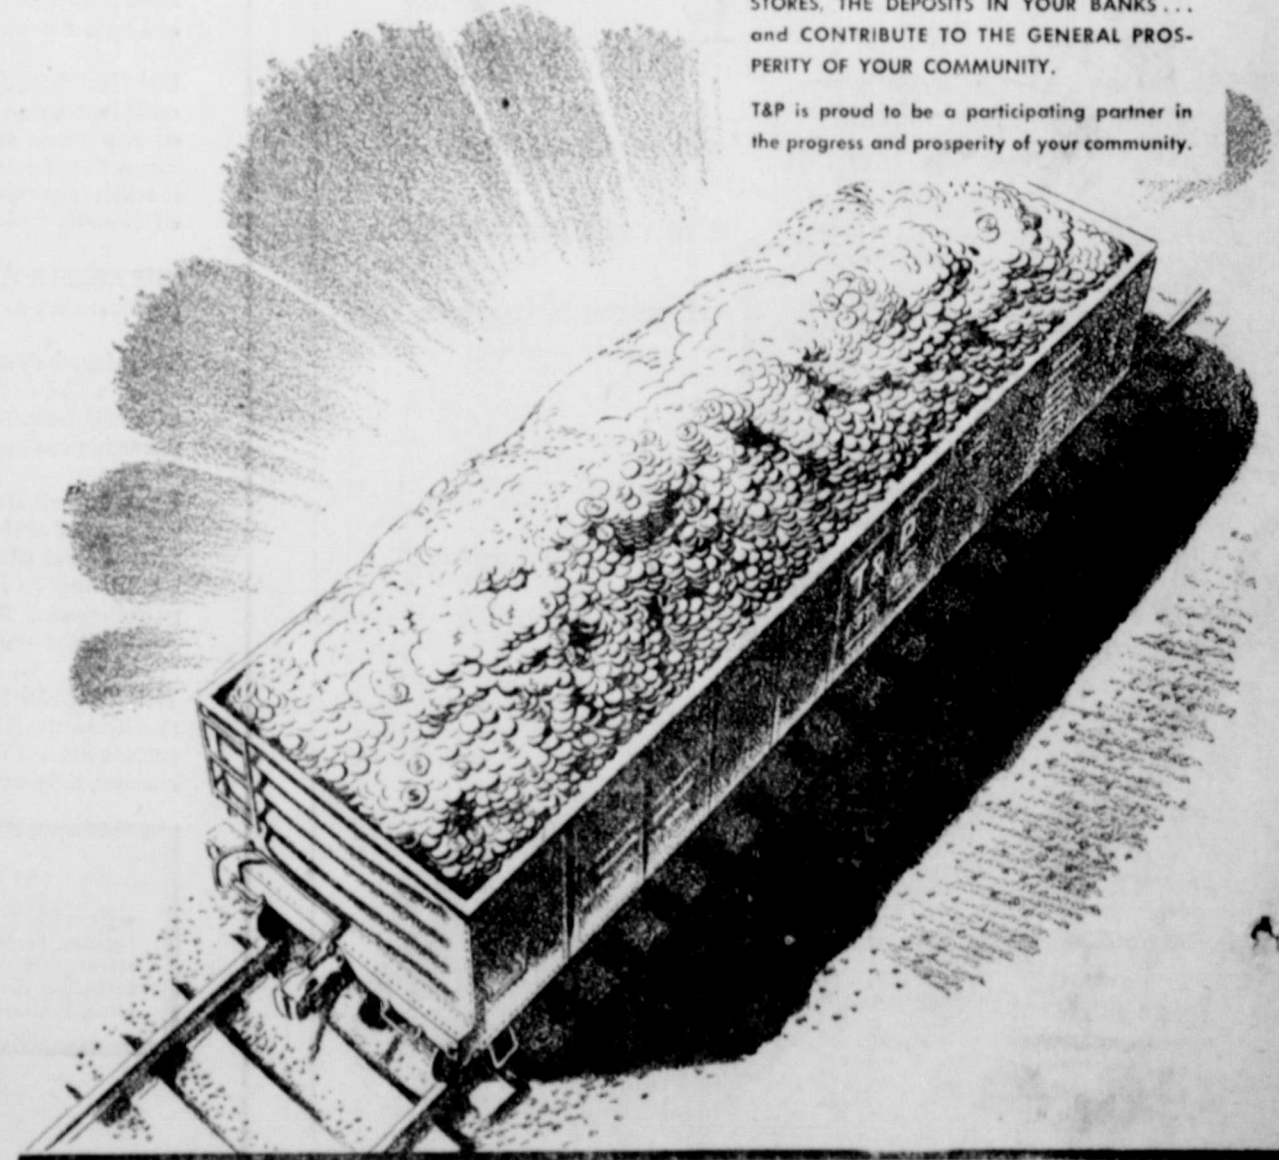

Through Voluntary Health Insurance 70 million Americans now protect themselves against the financial shock of illness. Now officially on record opposing Compulsory Health Insurance are more than 10,000 great, responsible organizations, representing millions of citizens throughout America. Here are just 10 of them:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Association of Retail Grocers
- American Legion and Legion Auxiliary
- National Fraternal Congress of America

- National Association of Retail Druggists
- National Association of Insurance Agents
- Veterans of Foreign Wars
- National Retail Hardware Association
- National Retail Dry Goods Association

FREEDOM IS WORTH DEFENDING—at home as well as abroad!

One Gondola of Gold

To pay the yearly wages of the Texas and Pacific employe family you'd need a gondola of gold. In 1949 alone, T&P men and women earned more than \$32,000,000—the equivalent of 54,621 pounds of gold!

Within the past ten years, T&P employes have earned a total of \$261,860,648—nearly a quarter of a billion dollars! This means: THE T&P EMPLOYEES IN YOUR COMMUNITY (and in 122 other towns of Texas, Louisiana, New Mexico and Arkansas) not only are good citizens, but INCREASE THE SALES IN YOUR STORES, THE DEPOSITS IN YOUR BANKS... and CONTRIBUTE TO THE GENERAL PROSPERITY OF YOUR COMMUNITY.

T&P is proud to be a participating partner in the progress and prosperity of your community.
