32nd Year

RANGER, TEXAS, THURSDAY, OCTOBER 12, 1950

PRICE FIVE CENTS

No. 112

R. P. Hargis, president of Premier, L. G. Dufilho, general superintendent of Premier refining operations, N. Y. Jones, J. E. Bullock, Lawrence Connelley and Elmer Smith, Premier officials, were on hand Oct. 10 in Ft. Worth to remove the first few scoops of earth which signals the beginning of construction on the new Platforming process.

Premier Oil Co. Will Build First Tex. Platforming Unit

Officials of Premier Oil Refining Co. of Texas participated in ground breaking ceremonies on October 10, at their Fort Worth refinery, site of the new Platforming process which is expected to be completed and in operation shortly after the first of the year.

R. P. Hargis, president of Premier, together with L. G. Dufilho, general superintendent of Premier refining operations, who will supervise the construction work, N. Y. Jones, administrative refinery superintendent at Arp, J. E. Bullock, administrative refinery superintendent at Baird, Lawrence Connelley, refinery superintendent at Fort Worth, and Elmer Smith, superintendent of Premier's Longview refinery were on hand to remove the first few scoops of earth which signals the beginning of construction on the Platformer.

In a statement to the press, Mr. Hargis emphasized that the Platforming process will be of extreme importance to the refining operations of Premier as well

as to the jobbers and dealers handling Premier Ranges and Sky Ranger gasolines. It will also prove of special interest to the motoring public who are demanding the finest in motor gasolines.

The Platforming process was discovered and developed by Universal Oil Products Company of Chicago, for the purpose of improving the quality of motor fuels. The first Platforming unit was placed in operation just a little over a year ago and has proved to be an ideal method for converting present motor gasolines into higher quality products with octane number even better than those of the usual premium grade gasolines.

This means that the high quality motor fuels now being produced by Premier will be substantially improved when the new process is placed in operation.

Mr. Hargis also proudly pointed out that this will be the first Platforming unit to be built in the State of Texas. Other units now under construction are located in the states of Michigan,

Pennsylvania and Oklahoma, but Premier is the first Texas refiner to install the process.

The unit being installed at Fort Worth will have a capacity for 1500 barrels per day. Construction will be carried on as rapidly as possible, and the company hopes to have the unit in operation shortly after the first of the coming year.

Jobbers, dealers and the motoring public will be continually advised of the progress at Fort Worth, and Premier is making every effort to get the unit on stream at the earliest possible time so that this new and different type of gasoline will be available to all motorists in the areas that Premier Ranger and Sky Ranger gasolines are sold.

Gulf Hurricane Sinks 20 Ships In Mexico

VERACRUZ, Mexico, Oct. 12 (UP)—A howling tropical hurricane whistled south over Gulf Coast jungles today, leaving a trail of at least 20 sunken ships, millions of dollars damage, and hundreds of groggy refugees.

No deaths were reported although the storm was the worst to hit Mexico in 10 years. About 15 persons were injured here.

Weather Bureau officials said the storm which packed 110-mile-an-hour winds at the height of its fury, was breaking up over the jungles of sparsely populated Tabasco and Chiapas states, rich coffee and fruit areas.

Travelers to this battered city reported that many smaller towns in southern Veracruz state were without light or water.

Full damage reports were slow in coming in because telephone and cable facilities were knocked out early yesterday when the hurricane barreled in from over the Gulf of Mexico.

Texans To Have Choice Between 2 Turkey Days

AUSTIN, Oct. 12 (UP)—Texans can take their pick of two legal Thanksgivings this year.

Gov. Allan Shivers yesterday proclaimed both Nov. 23 and Nov. 30 as "Thanksgiving Days."

The Governor said "the people of Texas have a great deal to be thankful for and should not necessarily be limited to one day a year on which to count their blessings."

'BIG MO' PULVERIZES INDUSTRIAL CENTER

Truman Goes To Wake Island

By Merriman Smith
United Press White House Reporter
ST. LOUIS, Oct. 12 (UP)—President Truman takes off today for a historic Wake Island conference with Gen. Douglas MacArthur on U. S. foreign policy in the Far East and the military clean-up of North Korea.

He was scheduled to leave here about 3 p.m. CST aboard the DC-6 Independence and will stop briefly tonight at Fairford Station Air Force Base in California before flying on to Hawaii and Wake for his first face-to-face meeting with MacArthur on Saturday.

The chief executive was intent on what he hopes will be a world peace mission.

But informed quarters in Washington said his trip coincided with a "serious" military situation in Indo-China, where Communists recently have scored important military successes.

These sources said the Indo-China situation will receive much attention at the mid-Pacific conference.

Meanwhile, U. S. military reliable sources in Tokyo said that MacArthur is expected to ask the President to "draw the line" against Communist aggression in

the Far East if he is given an opportunity.

MacArthur will let his commander-in-chief run the conference but will answer fully and without reservation if he is asked for his views.

According to the Tokyo sources, MacArthur will almost certainly make these points in his talks with Mr. Truman:

1. Communism is the world's biggest problem and its threat must be met with firm measures such as were used in Korea.

2. Asia is just as important as Europe to the United States and the importance of Asia in world affairs is growing.

3. Something must be done to prevent Formosa, Indo-China and other non-Communist areas from falling into the Communists' hands.

4. The U. S. has a responsibility of leadership in Asia that it cannot dodge without disastrous results.

5. Most Asiatic nations prefer to line up with democratic nations but they want assurance they won't be left out in the cold when the chips are down.

300 Members Attend Baptist Meet In Cisco

The Cisco Baptist Associational workers conference met with the First Baptist Church of Cisco, Oct. 10. Over 300 messengers and members attended the meeting. Twenty-seven churches attended. Many visitors from other associations were present.

The conference voted to divide the association into two zones for Training Union work. The tentative plans call for the division north and south. All churches east of the line drawn north and south from Breckenridge, Eastland and Carbon will be in the "east zone." Those churches west of this line will be in the "west zone."

A Stewardship rally program opened at 2:30 and the program was conducted by the team composed of Dr. Floyd Chaffin, Dallas, Rev. B. P. Bennett, El Paso, Rev. Cecil Goff, Dumas, Rev. Ralph E. Perkins, Ranger and Rev. Henry Littleton, 17th District Missionary.

The Cisco Associational officers for the next year are: Rev. Ralph Perkins, Ranger, Moderator; Rev. Jasper Massee, Ranger, Vice-Moderator; Rev. Bill Bell, Moran, Chairman of Executive Board; Rev. Van Martin, Rising Star, vice-chairman; Mr. J. C. Allison, Eastland, Treasurer; Rev. H. D. Blair, Cisco, Associational Missionary; Mrs. Van Martin, Rising Star, president of W.M.U.; Rev. E. P. Kilburn, Breckenridge, S. S. Supt.; Mr. Shobal Houston, Cisco, Brotherhood President; Mrs. R. E. Jones, Cisco, T. U. Director.

The next meeting will be in the First Baptist church, Oiden, November 14.

Shrill Of Siren Brings 'Em Out; Just Testing

One person actually phoned in to ask if it was an air raid. Other ran outside and looked in four directions. There was a lot of siren blowing—but no smoke and no fire engines moving.

What sounded like a four-alarm fire yesterday turned out to be a siren test. Up until yesterday the siren would stay at its high pitch.

W. T. Jacobs, driver said. With the automatic cut-off, the siren now sounds the way a respectable siren should sound—a low, high, low shrill and—mean which means 'fire' to anybody's ears.

Tramp Swings When Kid Calls Him Santa Claus

BERKELEY, Calif., Oct. 12 (UP)—A white-bearded tramp with a long record of arrests for vagrancy was in jail today for taking a couple of swings at a little boy who thought he was Santa Claus.

Arthur Smith, 4, was walking down the street with his mother when he spotted Arthur Jamieson, 69.

"Mommie, there's Santa Claus," he shouted in delight.

Jamieson stopped, glared at the child and suddenly swung at him with his fist. He missed. Mrs. Smith pulled Arthur away, trying to smother him.

"But mommie, that is Santa Claus," Arthur insisted.

Jamieson, purple with fury, swung at the boy a second time, but again he missed. Then Mrs. Smith got mad herself. She called her husband, a policeman.

"No little kid is going to swear at me," Jamieson muttered as he climbed into the police wagon.

DeLeon Fireman Killed In Fall Under Truck

Johnny Stewart, 23-year-old volunteer DeLeon fireman, was killed yesterday when he slipped as he attempted to board a moving fire truck and fell beneath its wheels.

Monty Stewart, Ranger city employee, said that he had known Johnny for about a year. W. T. Jacobs, Ranger fireman, remembered seeing Johnny at the Desdemona fire, Sept. 21.

A Ranger citizen who has the same name as the DeLeon fireman said that they were not related.

Delbert Boney Enrolls For Fall At STSTC

Delbert Boney of Ranger is among the 1850 students who are registered at Southwest Texas State Teachers College for the fall term. Dr. J. Lloyd Read, College registrar, has announced.

To The Public Of Eastland County:

The resignation of Mr. Don Parker, who has served Eastland County for many years as auditor, has reached me, the same being effective October 15, 1950.

While we regret Mr. Parker's resignation, I feel that the citizens of Eastland County will feel as I do, that we are indeed fortunate in being able to secure the services of Mr. C. H. (Harb) O'Brien, who has had many years of experience in this character of work, and in the auditor's office.

Mr. O'Brien has lived for many years in Eastland County; has held many responsible positions and he and his wife are well and favorably known.

Mr. Parker assigns as reason for his resignation an opportunity of getting into broader and more lucrative fields than are available in this position. He has served Eastland County for many years, first as Assistant Auditor under Mr. W. S. Michael, now deceased, and as Mr. Michael's successor as auditor. He has established for himself an enviable record, both locally and throughout the State in his line of work.

George L. Davenport
Judge 91st District Court

(Editor's note: Mr. Parker has accepted a position with the Gorman Peanut Co. He will continue to make his home in Eastland.)

Ranger Wranglers Sponsor Roping

The Ranger Wranglers will sponsor a jackpot roping contest Saturday night at 7:30 in the Lodeo Arena. After the roping 39 calves will be actioned.

Two Days Left To Buy Tickets For Band Show

Only two more days are left to buy tickets for the special midnight show sponsored by the Ranger Building Fund. The show will start at 11:30 p. m. at the Dixie Drive-In Theater in Oiden. All proceeds from the show will be given to the band to purchase new band jackets this year. The movie is "Make Believe Ballroom," a first re-release in this area.

Price of admission is 50 cents. Those who wish to go as early as 9:30 will be admitted to the regular Saturday night feature plus the midnight show.

Tickets may be purchased from any bandman or will be delivered by calling 412-W. Robert Gans, band director, said that ticket sales have been going slow. He said that he hopes the townspeople will speed up ticket-buying for the worthy cause.

Rising Star FFA Boy To Attend Kans. City Meet

Cecil Barton of Rising Star will attend the national FFA Convention in Kansas City. Cecil and 14 other boys received checks and certificates of merit from the Santa Fe Educational Awards presentation in the Livestock Arena at the State Fair in Dallas.

Cecil was one of 13 boys chosen from the 30,000 FFA members in the state for outstanding work done during the past year. All expenses for the Kansas City trip will be paid by the Santa Fe Railway.

Tune's Brother Dies In Forney This Morning

T. A. Tune received word that his brother, W. R. (Mose) Tune of Forney died this morning at 1:50 in a Dallas hospital.

Mr. and Mrs. Tune will leave after noon today for Forney. Funeral services will be held at 10 a. m. Friday in the Presbyterian church in Forney.

Mr. Tune's brother was a former Ranger resident. He worked for the J. E. Matthews Supply Co. in 1920. Mr. Tune was born May 18, 1895 in Forney. He is survived by six brothers and four sisters.

Doug May Have Second Surprise For N. Koreans

By Ernest Habercht
United Press Staff Correspondent
TOKYO, Oct. 12 (UP)—The big guns of an allied naval task force, led by the giant U. S. battleship Missouri, have pulverized the Communist industrial center of Chongjin, only 49 miles from Russia.

The bombardment started speculation that Gen. Douglas MacArthur was preparing another surprise for the Korean Communists which might shorten the war considerably.

The main batteries of American, British and Canadian cruisers and destroyers backed up by the 16 inch guns of the "Big Mo" in the bombardment. Five hundred tons of high explosive were hurled into the city by the raiding force.

Chongjin, a city of 150,000, is one of Communist Korea's main industrial centers. Facilities there include steel and nickel smelters, an oil refinery, an aluminum plant, chemical works and munition plants.

It lies only 34 miles from the Manchurian border city of Haeryang, and 120 miles from the great Soviet far eastern base of Vladivostok.

The 1951 which attacked Chongjin included the U. S. cruisers Helena and Worcester, the British cruiser Ceylon, unidentified American aircraft carriers and a number of American, British and Canadian destroyers. The Naval force ranged north to strike one of the two east-coast ports left to the Korean Reds.

By land six United Nations divisions surged through North Korea against diminishing Communist resistance.

A spokesman for Gen. Douglas MacArthur said enemy resistance was waning all along the front. The 1st Cavalry Division, advancing north of Seoul, was meeting the stiffest resistance of any allied unit, but the spokesman predicted that the division soon would break through along the main road to Pyongyang.

Other reconnaissance reports indicated that Russia and Red China may have written North Korea off as lost. Fewer and fewer supply columns were seen moving toward Pyongyang from the north.

Radio Moscow today broadcast the text of a message from Russian Premier Joseph Stalin, offering his best wishes to Red Korean Premier Kim Il Sung. The performance tone of the message was taken as an indication that Russia intends to offer nothing else.

Funeral services will be held Friday at 3 p. m. in Dublin.

Pickrell, Galloway And 10 Others Will Attend 33rd Convention Of W. Texas Chamber Of Commerce

Headed by D. D. Pickrell, district director, about 10 members of the Ranger Chamber of Commerce will attend the 33rd annual convention of the West Texas Chamber of Commerce, Oct. 19-20, in Mineral Wells.

R. V. Galloway, secretary-manager of the Ranger Chamber of Commerce, said that in addition to him and Pickrell, at least eight other members are expected to be present at the meeting.

First session is a general assembly at 2:30 p. m., Thursday, October 19. WTCC President J. M. Wilson, Sr., of Floydada, has called the group meetings for 2 p. m. to permit all West Texans attending the convention to have a voice in determining the future activities of the regional chamber.

Members of the WTCC's 1951 Program committee will attend each of the group panel meetings for the purpose of reporting proposals, recommendations, and suggestions for the coming year's program of work to the Board of Directors at a later session.

Registration for the meeting is scheduled to begin at 11 a. m., Thursday in the lobby of the Baker Hotel.

At 7 o'clock in the evening, a barbecue dinner honoring local chamber of commerce managers and wives has been planned, with Hubert M. Harrison, General Manager of the East Texas Chamber of Commerce, delivering the principal address. Harrison will talk on the proper relationship between regional and local chambers of commerce.

At the director's assembly, panel meetings will report on the committee meetings held the previous afternoon, and on resolutions, auditing and property inventory, nomination and election of directors for 1950-51, and treasurer's report.

Officers who will serve for the coming fiscal year will be elected following a luncheon to be held on the roof of the Crazy Hotel Friday noon. Speaker for the occasion is John Ben Shepperd, Secretary of State.

Confusion

Screwy Kidnaping Case Involves Seven Joneses; Two Formerly Married To Two They Kidnaped

TYLER, Tex., Oct. 12 (UP)—A bunch of the Joneses were involved here today in an interstate kidnaping case more complicated than any work of fiction.

The case involved four Texans, who allegedly kidnaped four Shreveport people at endpoint and took them to Carthage, Texas.

Here are a few of the perplexing details:

Seven of the eight persons involved have the same last name—Jones. None are related except by marriage.

Two of the Texans formerly were married to two of the people they are accused of kidnaping.

"I've been in this business several years and this is the screwiest case I've ever run against," said one married federal agent.

The accused persons were released pending a decision by U. S. Attorney Warren G. Moore on whether to file charges.

Victims of the reported kidnaping were a man, a woman, a 13-year-old girl and a five-year-old boy—all of Shreveport.

The alleged kidnapers are a man and woman from Houston, a Terrell woman and a Dallas private investigator. Officers said all

wanted the Shreveport people for different reasons.

The Houston man, formerly married to the Shreveport woman, was the father of the 13-year-old girl. Officers said he was looking for his daughter.

The Terrell woman, former wife of the Shreveport man, was the mother of the five-year-old boy. Investigators said she was looking for her son.

The investigator had been hired by a firm in Dallas which financed a car for the Shreveport man. He was looking for the car.

How they all got together wasn't clear.

The Houston man had in his possession a court order which would allow him to see his daughter. But the order was issued by a Texas court and hence invalid in Louisiana.

The alleged kidnaping victims said they arrived home after a visit with friends and were forced into a car by the Texans, who were waiting there. A friend, they explained, followed them and notified officers when the car headed toward Carthage.

The Shreveport people claimed they had been forced into the car at gunpoint, but officers who picked up the group at Carthage failed to find a gun.

CONFESSES AMBUSH MURDER—Gerald Killinger, 17, left, has confessed the ambush murder of Harold Mast, 23, Medina, Ohio, farmer. Killinger said he fired shotgun blast at Mast as he walked from his car to rear of his home on October 5. He told authorities he fired shot to give his friend Max Amerman, 27, right, a "clear field" with Mast's wife, Rande, 24, a Norwegian war bride. Both men are being held in a Cleveland, Ohio jail. (NEA Telephoto).

WASHINGTON COLUMN

Army's Information Program Helps Prepare GI's for Combat

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—(NEA)—A big "Troop Information and Education" program is being rushed into expansion by the Army to whip up some enthusiasm among the men for the fight in Korea, and for the mobilization against Red aggression.

Like a lot of the Army's modernization programs this one had lagged seriously until Korea. An Army spokesman admits that this lag was responsible for the famous quote from a young lieutenant about the Korean fighting being a "damned useless war" at the start of the conflict.

But, they say, the T. I. and E. program is wiping out that kind of thinking in Korea already. And further, they hope, it will quickly change the attitude of the draftees and men being called back to active duty, who have expressed various stages of bitterness at being put in uniform while the rest of the country enjoys life as usual.

The most important function of T. I. and E. in the peacetime Army is the "E." education. Its goals are to give every man at least a fifth-grade education, non-coms a seventh-grade certificate and officers at least the equivalent of two years of college. In times of emergency the emphasis is shifted to preparing the men for combat and keeping up the morale of the men who are doing the fighting. That's what is being done now.

BIG TIME AIRLIFTING IN KOREA—How did the U. S. Armed Forces succeed in getting so many heavy trucks to the fighting front in Korea where ports are jammed and highways are few? The "flying boxcar" solved the problem. The "boxcar," you know, is the nickname of the big USAF C-119, a plane that carries a 15-ton cargo and swallows a 3 1/2-ton truck, whisking it in a space of minutes over mountains and out into the open close to the battle lines. Within an hour this truck, mounting the "boxcar" cargo, will carry needed supplies to GIs struggling against the enemy.

Official Department Of Defense Photo

Kids From 200 Counties Swarm Tex. State Fair

A total of 92,000 Future Farmers, Future Homemakers, 4-H Club boys and girls from more than 200 Texas counties swarmed the grounds of the Mid-Century Exposition for the annual Rural Youth Day sponsored by the State Fair of Texas.

These youngsters were admitted free of charge to the grounds and were treated to a lunch through the courtesy of the Dallas Chamber of Commerce and Dallas business leaders. Carlton Lawler, manager of Dutton's Cafeteria, Dallas, was in charge of the food committee that obtained the food for this hungry mob of young future farmers and ranchers.

ROADS GETS—Leonard H. Dalton, seaman apprentice, USN, of Houston, Texas, on plane receives a belt of 20-mm ammunition from Gene A. Ragan, airman, USN, of Woodward, Oklahoma, to equip the extended ammunition boxes of a Panther jet of a task force of aircraft carrier. Panthers are used primarily to intercept enemy aircraft and in close support of U. S. ground forces.

NEWS FROM Desdemona

Miss Regina Reed of Eastland visited Tuesday with friends here.

Mrs. T. Parks was shopping in Gorman Tuesday.

Mr. and Mrs. W. H. Davis drove Waco, Sunday.

Mr. and Mrs. John Arnold have returned to their home after a month's vacation. On their trip they visited with Mr. Arnold's mother, Mrs. Luda Koonce and sister, Mrs. Otis Wright at Sundown, Texas; their daughter, Mr. and Mrs. Frank Leaza of Post and attended the fair in Lubbock; visited a daughter, Mr. and Mrs. Thomas May and sons of Houston and a son, Mr. and Mrs. Paul Arnold and children of Edna, Texas.

Mr. and Mrs. Doyle James and son, Eddie, who have been staying with her parents, Mr. and Mrs. Bill Parks, have moved to Handley where he is to work for Consolidated in Fort Worth.

Mr. and Mrs. Paul Norris of Carbon visited Sunday with her parents, Mr. and Mrs. Russ Burleson.

Mr. Claudia McIntosh visited with a brother in Lueders recently.

Joe Bailey White and Adwin White of Odessa were in Desdemona on business this week.

Mrs. Nina Lohman is visiting in Oklahoma with her daughter, Mr. and Mrs. Ester Pilgrim, who are the parents of a baby boy.

Mr. Edward May of Abilene and his mother, Mrs. Katie May

The FORMER MISS FREY

By Edwin Rutt

THE STORY: The former Miss Frey, who eloped with a fortune hunter, has been placed by the terms of her father's will in full charge of Frey & Company, a successful advertising agency. Jeff, Ed's older brother, recalls this. Myron, her younger brother, seems satisfied as does Jenn, Ed's sister. Ed, however, is infatuated with an older man, Hamilton Greave. She interviews Dan Reagan, one of the high ranking members of the staff, and makes it clear that Dan must take orders from her "or get out."

IX

FOR a moment, after Ed's words, a dead silence settled over the office. Then Reagan began to laugh with a throaty roar and his ex-like shoulders shook. "You're all right," he said. "I'll stick."

Ed breathed easier. "I'm glad of that," she said simply.

Reagan was still studying her. "You aren't at all what I expected."

"And just what did you expect, Mr. Reagan?"

He looked embarrassed. "Well, after all, Miss Frey, I mean Mrs. Frey."

"Miss Frey will do for business purposes."

"You see," Reagan was having a bit of trouble now. "I've heard quite a lot about you. Your father told me—certain things and then, of course, you used to get a lot of publicity—I used to read about you in the papers. And—" he hesitated.

"And you probably concluded that I was a useless light-minded woman with nothing much going on in her head, Mr. Reagan. That's the natural conclusion." Suddenly Ed's mouth became a hard bitter line. "I assure you, though, that it isn't quite that bad."

Reagan said slowly, "No. I see it isn't. Now then, Miss Frey, let's get to business. What do you want to know about this agency?"

"Everything," said Ed, sitting back in her chair.

And Mr. and Mrs. R. H. Abel visited friends in Dublin Sunday.

Mr. and Mrs. Elbert Wall of Stephenville and Mrs. Sallie Huffman and niece, Mrs. Jack Jenkins of Alaska and Mrs. Huffman's sister, Mrs. Emma Hammonds, visited Sunday with Mr. and Mrs. Elmer Lee Anderson.

Mrs. Joda Lewis was a patient in the Gorman hospital this week.

Mr. and Mrs. H. H. Williams are moving to Eastland. Mr. Williams is the Star Route mail carrier from Eastland to Desdemona.

Mrs. Vickie Fox visited recently with her brother, Mrs. Claudia McIntosh and family.

Rev. and Mrs. J. W. Tiekner attended the funeral of Oliver H. Phillips at Cisco, Wednesday.

Mr. and Mrs. Willey Thompson spent Sunday with Mr. and Mrs. W. W. Mitchell.

TOO LATE TO CLASSIFY WANTED: Man or boy to do general work around store, including delivery. O. K. Grocery.

Reagan frowned. "Two are. One is Lyons' Bread, but I'm not worried too much about it. Lyons himself, the president, is an old comma-chaser with a comical kick about something or other. He's always threatening to leave us, but he never has yet. He evidently believes he'll get more service if he keeps us on edge."

"And the other?" Ed asked.

"The other," Reagan's frown deepened. "It's really giving me a headache. Because it's the biggest business we've got. Morn-Glo Soap."

"Morn-Glo Soap?" Ed repeated.

"Isn't that the account Jeffrey handles?"

Reagan met her eyes. "Yes. It's Jeff's account."

"Well, is that the trouble?"

REAGAN seemed to pick his words. "We're dealing with quite a guy over there. Miss Frey. His name's Northcott and he's got the title of advertising manager. But he's a lot more powerful than the average. You'd call him a sort of super advertising manager. I guess. Anyhow, he could take the business away from us with a flick of his finger. By the same token, he could hand us more of the Loman & Smith advertising, if he wanted to. Morn-Glo Soap's only one of their products. They've half a dozen others, with other agencies."

"Do you know why Mr. Northcott is dissatisfied?" Ed asked.

"Frankly, I don't. I wouldn't even say he is dissatisfied. He's been complimentary about the work lately and Morn-Glo sales are up. But I can't get rid of the feeling that something is cooking. Something that doesn't include us."

"I take it," Ed said, "that it wouldn't be so good if we lost that account?"

Reagan was lighting a cigaret. Over the flare of the match he regarded her steadily. "It would be very bad," he said. "To begin with, Morn-Glo spends over two million. But, worse than losing that, our prestige would take a terrific nose-dive. And that might upset some of our other business. We can't afford to lose Morn-Glo."

RECKLES AND HIS FRIENDS BY MERRILL BLOSSER

VIC FLINT BY MICHAEL O'MALLEY and RALPH LANE

ALLEY OOP BY V. T. HAMLIN

SCENES AROUND RANGER

Do you remember sitting in a football stadium—in the unfortunate position of having to crane your neck around the light posts which some "anti-football fan" planted at the sidelines?

Do you know that there aren't many stadiums with an unobstructed view afforded the fan. Ranger's is one of them. The new lights are slowly being paid for. But an individual fan can't and isn't expected to contribute a large sum for the payment of the lights.

So, naturally, it will require more people to chip in. Texas is a football mad state and Ranger is just about as insane over the sport as any other city—large or small. This year saw the welcome improvement of the lights and if they can be paid for soon, then plans can be made for more improvements.

Brady has one of the finest fields for a city its size. The large, electric scoreboard is a boon to the fan, officials and sportswriter. Perhaps Ranger can have one within the next few years.

But slow payment for one improvement postpones indefinitely—perhaps definitely—any future improvements. If you see a box kick out of the way, under High Jumper plays a part. Note a buck or two of that money you see for payment of the new lights.

If you do you'll get a personal satisfaction of belonging to the team—for, after all, the field is for the purpose of watching the teams play. And improvements to the field go hand-in-hand with better enjoyment of the game.

Might be a good time to send out a little call for help. Being new in Ranger—I can call myself a "two-week's" citizen, now—it is naturally taking me a while to get acquainted with the people. And when you are still a stranger

In town it makes it somewhat difficult to know where to go for stories.

Several Ranger citizens have gotten me out of tight squeezes by phoning in some local story or giving me the "dope" on a story and then I go out and get it.

Just like grandpaw said—"Son it takes connections." The old boy never said truer words. The more "connection" I have the faster I can get the stories in for that day's paper, and, more important still, the more accurate the stories are.

So, if you think you have something the Times can use, phone it in. I won't promise that I'll print every word you send in, but I'll bet that I can use most of it.

ROK Forces To Attack

WONSAN, North Korea, Oct. 12 (UP)—South Korea's defense minister flew to Wonsan today and announced that he has ordered his forces to continue the attack until they reach the Manchurian border.

Hadacol Helps Arkansas' Oldest Timber Estimator

He Suffered Deficiencies of Vitamins B1, B2, Niacin and Iron

B. J. Chandler, 518 Lacer Blvd., in Hot Springs National Park, Ark., will be 85 years old in October and is believed to be the oldest timber estimator in Arkansas. He feels better now than he has in a long time since HADACOL has helped him relieve deficiencies of Vitamins B-1, B-2, Niacin, and Iron.

Here is Mr. Chandler's statement: "I suffered with aches and pains in the shoulders, hips and knees. It was almost impossible to sleep and I had lost my appetite. HADACOL has done me more good than anything else. I have taken about 35 bottles of HADACOL. The pains have been greatly reduced."

Why HADACOL gives Such Fine Results

HADACOL does not just bring symptomatic relief—HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs, and arms, certain nervous disorders, and a general run-down condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B-1, B-2, Niacin, and Iron but also helpful amounts of important Calcium and Phosphorus elements to help maintain good health and physical fitness. Why These Vitamins and Minerals Come In Liquid Form

There is a very good reason why HADACOL comes in special liquid form. These precious vitamins and minerals are easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas' After reading Mr. Chandler's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B-1, B-2, Niacin, and Vitamins B-1, B-2, Iron and Niacin?

What HADACOL did for Mr. Chandler, it can do for you if you're suffering annoying aches and pains and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you should start taking immediately? Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to every part of the body. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if your system lacks B-1, B-2, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50.—Adv.

US Has Second Rate Education Says Educator

NEW YORK, Oct. 12.—Americans are providing a second-rate education for 16 million of their children, Dr. Benjamin Fine, education editor of the New York Times, declared last night in an address at the 19th annual meeting of the Save the Children Federation at the Hotel McAlpin.

Accepting the Federation's first annual award for distinguished service to children, Dr. Fine warned that "we are neglecting the potential resources of our nation, particularly at this time when education of children is at least as important as an army in the fight against Communism."

Dr. Fine attributed the second-rate, educational opportunity largely to the fact that rural teachers "on the average are not well enough prepared and do not receive adequate pay."

In order to begin to do an adequate job in preparing Americans for democracy, Dr. Fine advocated doubling the funds for national child education from the present five billion dollars a year, to ten billion.

In addition, one billion dollars is needed for new school buildings, one half of which should be devoted to rural schools, he said.

This will need Federal aid, said Dr. Fine, in order that the next generation of American citizens may develop the intellectual qualities needed to protect and improve democracy against the onslaughts of totalitarian aggression.

Gov. Shivers Dedicates New Grass Exhibit

"Texas' foremost crop" was honored Saturday when Governor Allen Shivers dedicated the State Fair of Texas' lush new grass exhibit.

US TROOPS REACH YUGADONG—United States troops have reached Yugadong (1), in an end run around Reds holding up the Yank advance along the main Seoul-Pyongyang highway. United Nations forces have formed possible prong of pincers movement (broken arrows) at the North Korean capital. Other arm of pincers would be formed by South Koreans striking westward from Wonsan (2)—these troops would be in a position to cut off all Red troops in 80-mile-wide belt north of 38th parallel. On central front (3), Republic of Korea forces reached Kumchon and drove north from Yonchon. If these troops link up (shaded area) with South Koreans at Wonsan, a potent striking force will be ready for the Sunday punch at Pyongyang. On West coast, British carrier planes struck at Chinnampo (carrier symbol) as Reds were haunted by fear of amphibious landing. (NEA Telephoto).

Speaking at the informal ceremonies amidst 41 varieties of Texas grass, Gov. Shivers said the nursery showed "how grass can improve ranches and soil."

The 20,800 foot square nursery—a permanent, year-around Fair exhibit—was established by the Fair in collaboration with the Texas Research Foundation at Renner.

E. L. Thornton, Fair president, described the new exhibit as "an outpost for future grass developments."

"Purpose of the nursery," said Fred Shaw, State Fair public relations official, "is to further push and show the importance of grass to the State of Texas."

Supervised and maintained by the Research Foundation, the nursery includes many grasses developed by the Karl Hobbeltzelle Agricultural Laboratory of the Foundation.

Among the most important grasses on exhibit are Evergreen, Bermuda, St. Augustine, carpet grass, centipede, Alta Fescue, smooth bromegrass, Blue Panic and Weeping Love.

Death Stand By KoReds Easier Said Than Done

By Harry Ferguson

The commander-in-chief of the Korean Communist army has rejected Gen. Douglas MacArthur's demand to surrender, and has called upon his troops to fight to the death.

That's easier said than done. The chances are that Kim Il Sung, head of the Korean Reds, has no intention of taking his own advice. He is much more likely to give up the idea of fighting to the death when the going really gets tough and scamper over the border into China. No doubt he is familiar with the old maxim that he who runs away will live to fight another day.

The mere fact that Kim Il Sung has issued a stand-or-die order proves that his army is in bad shape. Such a proclamation usually is the last resort of a hard-pressed general. He knows that his army is melting away, for by now

the North Koreans probably have lost something like 250,000 men in killed, wounded and captured. Mostly in captured because after the Inchon landing the Reds began surrendering in big bunches.

The Communist high command is beginning to pay the penalty for some of the mistakes it made. For one thing, it drafted Koreans who hardly knew how to handle a rifle and threw them into the front lines. A United Press dispatch this week told about a 16-year-old North Korean prisoner who said he had been pressed into the army

and ordered to report to the range for rifle practice. The "range" turned out to be the front line where he was looking into the muzzles of American rifles. No army that depends upon that type of recruit is likely to make many heroic stands.

Husbands! Wives! Want new Pep and Vim?

Thousands of people are weak, worn-out, exhausted, and nervous because they lack iron. For new vim, vitality, try **WATER'S FOUNTAIN**. Contains iron, zinc, copper, and other essential vitamins. Low cost. Introduction's size only. 50¢. For sale at all drug stores everywhere.

Palestine Ceremony Unites Miss Woodard And Joe Frank Sparks, Jr.

Miss Ethel Marie Woodard, daughter of Mr. and Mrs. C. N. Shelton of Route 2, Palestine, became the bride of Joe Frank Sparks, Jr., son of Joe Frank Sparks of Eastland, in a ceremony read Saturday afternoon, October 7, 1950, at 4 o'clock, at the home of the bride's parents in Palestine.

Rev. John McLean, pastor of the Palestine Methodist Church, officiated before an altar banked with fern and baskets of white gladioli.

The bride, given in marriage by her father, wore a Dacia tissue faille dress with brown accessories. Her corsage was of white carnations.

Her only attendant was her sister, Mrs. T. E. Gibson of Palestine. She wore an aqua gabardine dress with black accessories and a corsage of pink asters.

The bridegroom was attended by his father, Joe Frank Sparks of Eastland, as best man.

The bride's mother wore a rose crepe dress and a corsage of white asters.

Immediately following the ceremony, a reception was held in the dining room of the home. The table was decorated with the two tiered wedding cake trimmed with wedding bells and roses and topped with a miniature bride and groom.

First Graders To Sell Lunches At School Friday

Students of the first grade of Young School will have lunches for sale at the school Friday at noon.

The lunches consist of sandwiches, home made cake, and home made ice cream.

Proceeds from the sale of these lunches will go to the P-TA to help purchase equipment for a lunch room for the school.

All pupils are urged to buy these lunches.

Gen. Krueger Heads Texas' March of Dimes

NEW YORK, — Gen. Walter Krueger (Ret.), of San Antonio, Texas, has accepted appointment as Co-Chairman of the 1950 March of Dimes in the Lone Star State. It was disclosed today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

In his capacity as co-chairman, Gen. Krueger will work with Texas State Chairman Ed S. Stewart, of Abilene, in coordinating the National Foundation's campaign director's activities in counties and cities throughout the state.

Gen. Krueger has had a long and distinguished military career. He was graduated from the Infantry-Cavalry School in 1906 and from General Staff College the year following. He attended the Army War College in 1921 and the Naval War College in 1926.

Gen. Krueger served as private, corporal and sergeant in the U. S. Army 1898-1901, and in Second Lieutenant. Subsequently he was promoted through grades to Brigadier General, Major General, Lieutenant General, and received the rank of General, March 5, 1945.

He served in the Spanish American War, the Philippine Insurrection, on the Mexican border and with the AEF as Assistant Chief of Staff, G-3, 84th and 26th Divisions, Chief of Staff, Tank Corps. After World War I Gen. Krueger was a member of the War Plans Division of the War Department General Staff and also served in the Southwest Pacific Theater in operations in New Britain, Admiralty Islands, New Guinea, Leyte and Luzon and participated in the occupation of Japan. He retired July, 1946.

Do you suffer distress from Periodic FEMALE WEAKNESS which makes you NERVOUS several days before? Do female functional monthly ailments make you suffer pain, feel so strangely restless, weak—at such times, or just before your period? Then start taking Lydia E. Pinkham's Vegetable Compound about ten days before to relieve such symptoms. Pinkham's Compound works through the sympathetic nervous system. Regular use of Lydia E. Pinkham's Compound helps build up resistance against this annoying distress. Truly the women's friend! Note: Or you may prefer Lydia E. Pinkham's TABLETS with added iron. LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Pigeon Takes Pass At Peanuts And Girl's Lip

TEXARKANA, Tex., Oct. 12 (UP)—A peanut-pecking pouter pigeon was blamed today for four-year-old Betty Jean Sava's swollen lip.

Betty stuck her head out of an automobile window while munching peanuts. The pigeon made a pass, pecking both the peanut and Betty's lip.

Mrs. Sava said "Betty is not partial to peanuts or pigeons any more."

Texas Cities Ask CAB For Direct Service

WASHINGTON, Oct. 12 (UP)—Spokesman for Austin and Beaumont joined representatives of other Southern cities yesterday in asking the Civil Aeronautics Board to approve direct air service to the west coast.

J. M. Taylor, traffic manager of the Beaumont Chamber of Commerce, said he favored approval of an application by Eastern Airlines to provide the through service.

The Gulf coast area "can no longer tolerate perpetuation of control of all Texas air traffic by one carrier—American Airlines," Taylor said.

John Connolly, Austin, said his city is one of the nation's few state capitals lacking through East-West air service, although it is one of the fastest growing cities in Texas.

Blessed Relief from Cramp Pains

Boxes of happy girls and women are finding that when they take Cardol each month they get blessed relief they never knew before, from functional periodic pains. That's because unlike pain-relieving drugs, pills and tablets, Cardol helps correct painful contractions of the uterine muscles and thus helps Nature resume a more normal rhythm. In this way it actually aids in overcoming a frequent cause of painful cramps. If your pains are due to simple functional disturbances—don't wait—ask for a bottle of Cardol. You'll have the day you first tried this tested relief.

AMERICAN AND UN FLAGS OVER KOREAN CITY—The town was taken by 1st Cavalry Division troops. Left American and United Nations flags are raised over the City Hall at Kaesong, Korea, just below the 38th parallel. To right: Lt. George E. Miller, Indianapolis, Indiana; Cpl. James East, Lincoln, Nebraska and Sgt. Edward Brazleton, Chicago. (Exclusive NEA Telephoto by Ed Hoffman, Staff Photographer).

Abandoned One Room Schools Can Be Used

One-room rural schoolhouses that are being abandoned over the nation at a rapid rate might well serve again. Don H. Morgan sees the old schoolhouse as the nucleus around which a community service center can be developed. Morgan is community consultant in the University of Illinois Bureau of Community Planning. Capper's Farmer says he has provided a plan for developing such a center.

"With a little remodeling, Morgan says the building could be come a meeting house, a home of community clubs and a hall for neighborhood parties and dances. "Add 3 or 4 acres to the schoolyard and it could become a park with baseball diamond, game courts and picnic tables," the story says. "There could be a place for church, too, which might be built there or moved from another location. A parking area would handle cars."

Morgan points out that most schools are on good roads, often in attractive locations. The consultant explains that relatively modest funds will buy a building, pay for remodeling and add facilities for indoor and outdoor play. He estimates \$5,075 will buy a 4-acre site and building and take care of costs in building a parking area, picnic area, playground, baseball diamond and an all-weather play court for games and moonlight dances.

"How such a center may be secured and developed depends on local organizations and leadership," the story continues. "Neighbors may organize as a private group and pay dues to meet expenses. In other communities a permanent legal organization would be better. A corporate park district would have advantages."

More Women Senators But No Fem Pres.

By Elizabeth Toomey United Press Staff Correspondent NEW YORK, Oct. 12 (UP)—More of today's girls will grow up to be senators, Mrs. Millicent O. McIntosh, dean of Barnard College, believes, but we won't have any lady presidents.

"Only because other women wouldn't vote for her," Mrs. McIntosh answered when asked to explain why a woman wouldn't run the country.

"Women themselves are extremely conservative about other women. They still prefer men doctors or lawyers or bosses," she said, sitting at her desk in the high-ceilinged dean's office.

The college plans a conference next month, titled "Conference on Women in Public Life—An Appraisal of Their Accomplishments and an Analysis of their Frustrations."

"Women have had the vote for 30 years, but very few have been elected to office," Mrs. McIntosh said. She definitely does not believe any woman should be elected to anything if she isn't qualified.

"But we'll have more time in the next few years than men."

BOMBS FOR NORTH KOREANS—Ordnancemen check bomb fuses on a heavily loaded Navy skyraider attack bomber before plane is launched for its target in Korea. Left to right, G. E. Spangler, aviation structural mechanic USN, Nashville, Tenn.; John W. Ramsey, aviation electrician airman USN, Marshalltown, Iowa, and W. R. Brunette, aviation mechanic airman, of Ingleside, Texas.

the next few years than men. We'll be at home while they're in uniform. It's our job to conserve and promote the spiritual and human values of Democracy," she continued. "It is kind of foolish to arm ourselves against Russia if we neglect the values of our own form of government while we're at it."

Mrs. McIntosh is a friendly, unassuming woman who prefers to be called "Mrs." instead of "Dean." She and her husband, Dr. Rustin McIntosh, M. D., have five children. In her opinion, women don't need to lose any of their feminine rights if they start assuming a more progressive role, politically speaking.

"I never find that because I have a position equal to my husband's he is any less polite or considerate," she said. "Men realize that the days of the strong male and puppet female are over."

First Southwest Fair Will Draw Fifty Countries

SAN ANTONIO, Oct. 12—Sweden, the United Kingdom, Haiti, Italy, Norway, Nigeria, Korea, Japan and Burma are represented among early signers for exhibit space in the first Southwest International Trade Fair, to be held at the Foreign Trade Zone in

San Antonio, Nov. 3-12. The San Antonio Chamber of Commerce, sponsor of the fair, also announced that Samoa, Alaska, the Philippines and Africa, as well as numerous American exhibitors, have signed for display space for the big show.

Foodstuffs and machinery, primitive art and beer, scientific exhibits and communications devices, gems and money from all parts of the world are represented in the wide range of displays that will be on view at the huge 10-day show.

One feature of the fair which has attracted wide attention is "the world's largest smorgasbord" which will feature foods from more than 50 countries. Hundreds of foods will be offered on huge revolving tables, with 60 of the products coming from Sweden.

Gov. Allan Shivers, in a message to the San Antonio Chamber of Commerce, hailed the Southwest International Trade Fair as a Texas "contribution to the building of world trade, world peace and world prosperity." He congratulated the chamber on its "courageous and progressive" program.

Mr. and Mrs. McLawren of Crane are here visiting in the home of her mother and sister, Mrs. J. W. Ranson and Miss Reba.

From where I sit... by Joe Marsh

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House, "Tiby" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiby said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Joe Marsh

AUTOMOBILE INSURANCE COMPANY

This Week is FIRE PREVENTION WEEK

America Fore INSURANCE GROUP

Here's a "week" with some sense

Lots of so-called "weeks" are a little silly, but there's a lot of good sense to FIRE PREVENTION WEEK.

This is a week to concentrate on cleaning up the trash and rubbish in basements and attics and elsewhere around the premises — trash which often causes fires. It's a week to examine electrical wiring, etc., which may breed fires.

Most big fires are started in some absurd little way — so don't neglect to attend to the "silly" little things that may burn down your property some day.
