## Diehard Chinks Fight With Backs To Wall

### Ranger Is City Of Progress With Or Without Oil Activity

The lusty oil booms which have played a major part in the history of the mighty Southwest have come and gone, leaving in their path many a ghost town where once stood a roaring frontier of wildness.

Such isn't the case with Ranger. True, the major part of her oil boom may be gone forever. But Ranger is a thriving community in a prosperous Texas town. Her oil activity isn't all gone with wells being drilled at this writing on all sides of Ranger and promise of more to come.

Ranger is the kind of little place where a stranger feels at home immediately. Her stores carry a nice line of goods and the customer is served by a nice group of people. In this article, effort has been made to name a large number of activities which have been noticed in Ranger this week.

A group of charming high school girls were noticed enjoying ice cream sodas in the Oil City Pharmacy. They make good milk shakes there too. E. E. Crawford does a large volume of business.

Just down the street is the Texas Drug Store where you find a nice selection of drugs and courteous fountain service. Enjoy going in there.

Joe Fraley runs specials in his Western Auto Store ever so often. Needed a battery for my auto the other day and sure enough he was running specials on batteries enabling the buyer to save a few bucks and still get a good battery.

The J. C. Penney store here is serving Ranger and the surrounding community today as they have for several years. They like for you to just go and look around if you don't want to buy anything.

At the King's Cafe at noon. Enjoyed well cooked steak and enjoyed talking to some of the high school football team who were catching a quick bite before hurrying back to classes.

Crawley and Tibbels Appliance Company have some nice products for sale. Why not go down there and look over their stock. You may see something you need.

H. H. Vaughan sells Firestone Products in his store on Main Street. You usually find a number of old timers around his store swapping stories of yesteryear and of the oil activity of today. Go by sometimes.

When you need a plumber why don't you try Page Plumbing? They tell me that you can get mighty quick and efficient service from them.

Noticed some nice furniture over at Killingsworth Furniture Company. They have some pieces which would look mighty nice in your living room.

Have you tried Trader's Grocery and Market lately? If so you need not read a newspaper article to learn of their service and goods. If not you may be missing something. Try them.

E. L. Martin & Sons Ready To Wear have one of the nicest selections of sport shirts you will find

(Continued On Page 3)

### Government Is Ruining Valley

HARLINGEN, April 10 (UP)—Rio Grande Valley farmers, already irritated by the government's attempt to stop them from hiring "wetback" workers, had equally harsh feeling today for out-of-state recruiting of their citizen workers.

Austin Anson, manager of the Texas Citrus and Vegetable Growers and Shippers, said if out-of-state sugar beet growers and railroads continue their recruiting for another 30 days, the Valley would not have enough local workers "to harvest a 10-acre tomato patch."

L. A. West, a representative of the Pennsylvania Railroad with an employment office in McAllen, said his recruiting would be a big boost to Valley workers.

He said he had hired 625 workers at a rate of \$1.38 cents an hour compared to the some 40 cents usually earned by Valley farm workers.

"I hope to be back for 600 more at the end of the month," West said. "The people need work badly."

He said the workers will live in company-owned camps, at a cost of \$2.35 a day, and will have jobs until next December in Ohio and Pennsylvania.

Meanwhile, the furor over the crusade against "wetback" labor mounted.

"To lose our Mexican labor would be a bigger blow to the Valley than we have been dealt by the freezes of recent years," said Horace Etchison, chairman of the Texas Citrus Commission.

"I can't believe the (President's Migratory Labor) Commission has a true picture of the situation in the Valley," he added. "A labor pattern that would fit the nation in general would not fit our situation."

### Firemen Fight Flames

GARLAND, April 10 (UP)—Firemen from Garland and Dallas waged a two-hour battle early today before bringing under control a raging fire in a portion of a plant housing the firm of Engine Rebuilders, Inc.

Main damage to the plant, which rebuilds automobile motors, was to the personnel and office sections, plant superintendent Warren Brooks said. He estimated damage at \$100,000, mostly covered by insurance.

Origin of the blaze, which started in the main office, was not immediately determined.

RANGER STREET SCENE—Pictured above is a Ranger Street Scene during a drawing which was held here a few years back.

### Ranger Junior College Believes In Hard Run Practice Sessions

By Darrell F. Holmes, Jr.  
Apparently the Ranger Junior College Coaching staff follows the ole line of famous Georgia football coach Wally Butts, in believing that the success of a football team lies as much or more in the physical condition as in the skill of well operated plays or a flashy halfback.

In any event the boys playing ball for the RANGERS are going to be in good shape when football season comes to RJC. They were put through every conceivable exercise during their practice session yesterday.

After toughing - up exercises were completed for the day, they settled down for an afternoon of scrimmage. The team was without the services of Star Dean Elder who was on the sick list. Several other prospects for this year's team were out of action for one reason or another but there was still plenty of action out there that afternoon.

Patterson, Stiles, Bumpass, and Gerth played heads up ball all afternoon. Dale Hatley and Mickey Foster were in there hustling every minute. A kid from down south Texas way, Jack "Bull Rider" Turner of Bastrop showed up as well as any man on the field. Hamm, Byrn, Escobar, Morrow, and Wilson stood out in the attacks.

The blocking of guard Bentley from Burk Burnett was savage and well timed. All of the boys were giving the game their all and the scrimmage showed improvement over previous days. It took up the greater part of the afternoon.

This writer is now covering the Junior College practice from the practice field while wearing a football uniform and taking part in the practice in order to get a clearer picture of who hits hard and who is playing good football. Watch this paper for further items on the progress of the Rangers.

Permits Are Filed Daily In Valley  
HARLINGEN, April 10 (UP)—With five days left in which to file permits, Rio Grande Valley cotton farmers today had less than 70,000 acres to go toward reaching a million-acre crop quota.

J. A. Alderdice of the State-Federal Inspection Service said permits for Cameron, Willacy and Hidalgo counties totaled 872,625 acres. County Agent J. B. Talcott of Starr County reported 58,000 acres of cotton for a Valley total of 930,625.

Hidalgo county led with 363,275 acre permits; Cameron, 352,385; and Willacy 174,965. Permits are not needed in Starr county.

Supreme Court Again Minds State's Business  
WASHINGTON, April 9 (UP)—The Supreme Court today reversed the convictions of two young Florida Negroes sentenced to die for the rape of a 17-year-old white girl in 1949.

Walter L. Irvin and Samuel Shepherd successfully challenged their convictions on grounds that racial bias figured in the selection of the jury which tried them on charges of raping Mrs. Norma Padgett near Groveland, Fla.

The two men are in state prison at Raiford. It was thought likely that the state would try them again.

The court acted without formal opinion. It merely cited a Texas case decided last term which held that race should not be a factor in jury selections.

First Traffic Death  
HAMILTON, April 10 (UP)—Jacob Rogozinski, 43, of 202 Chevy Chase Drive) San Antonio, became Hamilton County's first traffic fatality of the year yesterday.

He was fatally injured when his automobile overturned on a curve on U. S. Highway 281 ten miles south of Hamilton. He was alone in the car.

### Arkansas Guard Is In Front Line

SAN FRANCISCO, April 10 (UP)—The First National Guard outfit to go into action in Korea now is in the front lines, exclusive photos from Acme Photographer Ed Hoffman revealed today.

The pictures, which were cleared by Pentagon in Washington, show members of a National Guard Unit from northwest Arkansas digging in about six miles south of the 38th Parallel.

Information received at Acme Headquarters here from Hoffman said the unit was called to duty on August 21 of last year and trained at Camp Carson, Colo. The outfit has been supplemented with Regular Army and enlisted Reserve GI's, the Acme Photographer said.

Hoffman, who has been in Korea since shortly after the outbreak of the war there, identified the unit as the "First National Guard outfit in action in Korea."

He said it left the States on January 23, arrived in Korea on February 10 and went into the line for the first time on March 30, less than two weeks ago.

The unit is attached to a Field Artillery Battalion of the 8th Army, Hoffman said. This would indicate that the unit is small. Most of the GI's in it are from Bentonville, Ark.

Youth Is Sent To Nut House  
TEXARKANA, April 9 (UP)—The 16-year-old youth who shot to death Mrs. George Coleman, 72, of New Boston because of an "urge to kill" was sent to the State Hospital at Terrell, today for observation as a mental patient.

Bowie County Attorney Bun Hutchison said the youth, Loyd Herschel Pierce of Malta was committed to the hospital on a court order.

### GOOD LAW PASSED IN OKLAHOMA

OKLAHOMA CITY, April 10 (UP)—Oklahoma's State, County, Municipal and School District employees must sign Non-Communist oaths by May 9 or be fired from their jobs.

Gov. Johnston Murray signed a bill into law last night requiring public employees in the state to swear that they were not Communists, did not belong to a Communist-Front Organization, and would bear arms in defense of the country.

Murray said, however, that he believed two provisions in the bill were unconstitutional.

"I assume somebody will test it," he said.

There was little doubt that somebody would. Already, three professors at Oklahoma A&M College have said flatly they will not sign the oaths, as has one English instructor at the University of Oklahoma.

And President George L. Cross of the University of Oklahoma said he would have to check carefully all organizations to which he belongs before deciding whether to take the oath.

Truman Hasn't Made Up His Mind Yet  
WASHINGTON, April 9 (UP)—President Truman took up the controversy over Gen. Douglas MacArthur today but there still was no sign of what he will do about it.

T o p Democratic Congressmen and cabinet members emerging from a series of White House meetings remained unusually silent on the subject, which has caused national and world debate. At least some of his callers got the impression that Truman has not made up his mind what to do.

Speaker Sam Rayburn confirmed that the matter of MacArthur's issuance of statements criticizing United States and United Nations policy in the Far East came up when the Democratic "big four" saw the President at a regular Monday conference. Cabinet members wouldn't say that much.

At the State Department, press spokesman Michael J. McDermott said the United States and Great Britain, along with the other 12 nations with forces in Korea, have not yet agreed on a new declaration of Korean policy.

Presidential Press Secretary Joseph Short gave the "no comment" reply to whether Truman had or would rebuke MacArthur for the policy statements.

Among the non-commenting visitors was Sen. Brian McMahon, D., Conn., chairman of the joint congressional committee on Atomic Energy. He was called by the President but refused to say anything at all about the visit.

### Try Keeping Americans At Bay While They Release Flood Waters

By Frank Tremaine  
United Press Staff Correspondent  
TOKYO, April 10 (UP)—Diehard Chinese Reds battled grimly through a second day today to keep besieging Allied troops at bay until they can unleash the full fury of the huge Hwachon Reservoir's flood waters.

U. S. and French infantry drove around the southwest shore of the Central Korean reservoir to within a mile of the key dam, eight miles north of the 38th Parallel, but enemy guards still held the sluice gates.

By late today, the Communists had fully or partly opened 10 of the 18 flood gates. But the water from Korea's third largest reservoir has been released so gradually

ly so far that the Pukhan River into which it flows has been able to take the extra load without bursting its banks.

However, engineering specialists reported that the Pukhan was up 2 feet 3 inches, 4 feet 6 1/2 inches and 5 feet 4 1/2 inches at three check points this afternoon.

The water surged swiftly south through the Chunchun Valley and into the Chongjyong Reservoir, half-way between Chunchun and Seoul, without causing serious damage or delaying the Allied advance north of the 38th Parallel.

The Reds began opening the Hwachon Reservoir gates yesterday to cover the withdrawal of their main forces from the reservoir and Hwachon itself, four miles to the west.

Officers believed the Communist plan to loose great torrents of water suddenly failed because each heavy gate had to be opened in turn by hand. Thus the flow was much more gradual than the Reds had intended.

The smoke of battle and a fog obscured visibility in the dam area, but some aerial photographs indicated that the reservoir was down about eight feet this afternoon.

U. S. and French troops battled into the narrow neck of land in the Pukhan River loop just west of the dam. Enemy rear guards fought with their backs to the raging torrents to delay the advance.

More People Coming Here  
FORT WORTH, April 10—Approximately 30 Service Pipe Line Co. employees have been moved to Albany, Ranger and other communities in the area to operate the Albany gathering system recently purchased by Service Pipe Line from Humble Pipe Line Co., Ft. M. Willenburg, Fort Worth, East Texas division manager, said today. The system is under supervision of R. R. McAnear, district superintendent.

Willenburg expressed thanks in citizens of the communities for their aid in finding homes for families of the men transferred from other parts of Service Pipe Line's 10-state crude oil transportation system.

The company plans to establish a connection crew of about 16 men at Ranger, Willenburg said. At Albany a field office has been set up at 419 South First Street for a division machinist, division gauger, connection foreman and a small connection crew.

Division machinist is Hal McClintock, transferred from Tomball. W. A. Grimes was promoted from district gauger at Electra to division gauger at Albany. J. L. McClintock was transferred from Mexia to be chief station engineer at Albany pump station. Fred C. Deitemeyer, formerly in charge of a Mexia connection crew, is connection foreman at Albany.

District gaugers named are Willie W. Webb and G. O. Ragland, headquartered at Albany, and C. A. Randolph, J. D. Wilson, B. C. Hamner and W. K. Eubanks at Woodson. Relief district gaugers based at Albany are L. K. McClure and L. B. Felix. All of the district gaugers formerly were stationed in the company's West Texas division, where relief gaugers are filling jobs vacated in the transfer until permanent assignments are made.

Service Pipe Line in March announced the purchase of Humble Pipe Line's Albany gathering and trunk line system serving 320 leases and 1,638 wells with a calendar-day allowable of about 10,000 barrels of oil. Most of the production is in Shackelford and Throckmorton counties with a few leases in Haskell and Stephens counties. Oil from the Albany system is pumped into the company's Ranger station for movement to refineries.

Tenders required by the Railroad Commission of Texas for production served by the Albany system will be handled at Abilene, Texas, by Mary E. Garden, Service Pipe Line Co.'s tender representative for the West Central Texas area.

### Murder Is A Nasty Business

CANTON, April 10 (UP)—The murder trial of Mrs. Meddle Bowles of Rockwell, charged with poisoning her husband, has been postponed until May 21 because Mrs. Bowles was sick.

Mrs. Bowles was charged with putting strychnine in fudge and feeding it to her husband, Mike Bowles. He died Dec. 19, 1949.

The trial was transferred to 86th District Court here on a change received from Rockwell.

### Tidelands Issue Threatens Sovereignty Of Every State Texas Congressman Announces

GALVESTON, April 10 (UP)—Congressman J. M. Combs told the annual convention of the Texas Hotel Association last night that the Texas tideland issue threatens the power and sovereignty of every state in the union.

Combs, a former judge and now representative of the Second District of Texas, said the issue is not merely an oil fight.

"It involves not only oil but a vital principle—relationship between the federal government and the states," he said.

Although the U. S. Supreme Court ruled against Texas and Louisiana last June in their fight for state ownership of tidelands, Combs said that didn't close the

issue. A bill is pending in the House that would "clear up the title to the tidelands," he said.

### Meeting Is Set For Men In I-A

M-Sgt. Frank E. Lockman, U. S. Army and U. S. Air Force recruiting officer in Eastland, will hold a special meeting for all young men who are in Class I-A in the Selective Service, Friday April 13 at 7:30 p.m., at the Eastland Recruiting Station, 311 West Main.

Purpose of the meeting will be to acquaint all men of this class with the pay, training, technical schooling, officer's candidate school, and what they can do and the opportunities afforded them.

### THE WEATHER

By United Press

EAST TEXAS—Partly cloudy this afternoon, tonight and tomorrow; cooler tomorrow and in the northwest portion this afternoon and tonight. Scattered showers in the east and south portions tonight, and along the lower coast tomorrow. Moderate southerly winds on the coast, shifting to fresh to locally strong northerly late tonight and early tomorrow.

WEST TEXAS—Partly cloudy this afternoon, tonight and tomorrow; cooler tonight and in the Panhandle and South Plains this afternoon and elsewhere Wednesday. A few showers in the Panhandle and South Plains this afternoon and tonight, with a few snow flurries in the Panhandle tonight.

Max. 71. Min. 42. At 8 a.m. 52.

THE REBEL YELL

By Darrell F. Holmes, Jr.

Before the people of Texas knew what was going on, the radical Truman administration in Washington picked their pockets, broke a treaty, and made off with some of the most valuable land in the world. WHAT ARE WE GOING TO DO ABOUT IT? DO THE PEOPLE OF THIS GREAT STATE TAKE THINGS LIKE THAT LYING DOWN??

Under the constitutional laws of the state of Texas, all of the remaining Public Domain in Texas has been dedicated to her permanent Public Free School Fund. The administration of these lands constitutes one of the major duties of the office which State and Commissioner Bascom Giles holds and has held for 12 years.

This general Land Office was created when Texas was an Independent Nation. This office has continuously exercised control all of the public lands in Texas including the Tidelands. As an Independent Republic and as a state, Texas has owned, controlled and administered these lands.

The United States signed a treaty upon annexation of Texas to the union which gave full right and title to the retention of these lands by the state of Texas.

In 1836 Texas became an independent nation and gained ownership of those tidelands in the gulf of Mexico.

In 1876 the Supreme Court of the United States, acting in the case of McCready Vs. Virginia, ruled that the State of Virginia owned the lands lying off her coast line. Mr. Chief Justice Waite said: "The principal had long been settled in this court that each state owns the beds of all tidewaters within its jurisdiction."

Wouldn't this apply to the lands lying off the Texas coast? The Constitution itself adopted and established as the laws of the United States, approved rules of the

general maritime law.

Yet, the same Supreme Court which ruled that Virginia owned those lands now states that NO STATE Texas, Virginia, Florida, California, Mississippi, or any other, owns their off shore lands. The constitution has never changed. How can this Court?

If the Federal Government can legally appropriate the submerged areas within the boundaries of Texas, it can similarly appropriate the nearly two million acres of unsold public free school lands, as well as the oil-rich lands of the University of Texas and of the A&M College, of Texas. This can jeopardize the entire school system and is unconstitutional but the Trumanocrats don't worry about such "MINOR" details when they control the Supreme Court. I guess they will come get my car next because some fool in Washington wants something to turn into a scrap drive.

The dirty deal which has been handed Texas is both unjust and without Constitutional power. The land grabbing Socialistic Truman administration would like to have everything under Federal supervision so that in that way they would have unlimited powers. There is no legal authority, express or implied, for the Federal Government to adjust the boundaries of Texas on the basis of the location of submerged natural resources. Texas never went through the process of being a territory.

If a man walked into your home and began to gather all of your prized belongings, would you do anything about it? If he reached in your pocket, took your bill fold and stole all of your larger bills, would you just forget it? This writer doubts very much that you would. Well, they have done just that. You will pay taxes for every cent of the tidelands which has been stolen from YOU by the Federal Government (Truman was papa of the deal). Don't let them get away with it.

It is the duty we owe to the dead who dies for us but whose memories can never die. It is a duty we owe to prosperity that our children shall know the virtues

Marriage Is More Popular

NEW YORK—Married life has become more popular in the United States over the past decade, report the Metropolitan Life Insurance Company's statisticians. The proportion of persons in the population who are living with a husband or wife has gained steadily since 1940.

While the primary factor has been the upsurge in marriage and remarriages, the reduction in widowhood has also played a part. Separated persons likewise declined in relatively frequency, cutting drastically into the backlog of such persons which has been built up during the depression.

In 1950 there were some 13,800,000 widowed, divorced, or separated persons in our population. If the relative frequency of such persons had continued at the 1940 rate, the figure would have been 1,800,000 higher.

Among those for whom married life has been disrupted, only the divorced group showed an increase, reflecting the record total of more than 4,000,000 marriages legally dissolved during the 10-year period. The increase in the proportion divorced, however, has been very small. This is explained by the high remarriage rate for the divorced, especially for those who had married hastily during the war.

"These facts prove that the American people have a deep and abiding faith in family life," the statisticians observe. "Whatever the disruptive forces of contemporary society, they are outweighed by the strong desire for home and children."

and rise worthy of their sires—Jefferson Davis."

Army Must Learn To Defend Self From Air Attack

TOKYO, April 10 (UP)—Gen. Douglas MacArthur's highly mechanized army must be prepared for a massive enemy air blow "with little advance notice," a U. S. Congressman warned today.

Rep. W. J. Bryan Dorn, D., S. C., said MacArthur had confirmed his views on air power in a personal conference today. Dorn

spoke to newsmen before departing by air for Washington to report on his Korean tour.

"Our highly mechanized army largely dependent on the roads, presents a tempting target for the Red air commander and his strafers," he said.

"There is every indication that he is building up a serious air potential. Our ground forces must be prepared and instantly ready to defend themselves against Communist strafing attacks for these attacks can well come and with little advance notice."

Don't Be Satisfied With Symptomatic Relief YES, HADACOL MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF Aches and Pains, Stomach Distress, Weak, Run-down Conditions and Nervousness When Due To Lack of Vitamins B1, B2, Niacin and Iron In Your System

Mrs. A. Plonka of 3202 S. Aberdeen, Chicago, Ill.: "My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays she suggested I give Carmelita HADACOL. I bought a large bottle of it that same day and was amazed at the change in Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it."

G. E. Moncus, 221 Columbus St., Montgomery, Ala.: "Quite some time ago I began to have indigestion and sour stomach. My food just didn't digest right. I'd get a full, gassy feeling after I ate. This affected my appetite and my weight. I was run-down, too. My wife started taking HADACOL and so did my daughter. I saw how much it had helped them, so I started taking it. And HADACOL has certainly helped me, too. My stomach never bothers me any more. I have a terrific appetite and have gained weight. I have lots of energy and just feel good in every way. I think HADACOL is wonderful. I wish I could tell everyone just how wonderful it really is."

Mrs. F. O. Jones, 7244 N. Bell St., Chicago, Ill.: "I am a housewife and mother of three children. I had been feeling very run-down, would tire so easily, and just felt listless. My mother-in-law suggested I take HADACOL, as she had heard of it through friends of hers. I just took it for a few days, when I noticed I was feeling stronger and seemed to have more energy. I continued taking HADACOL and it has certainly built up my strength. I am no longer run-down, don't tire nearly as much. I am now on my sixth large bottle of HADACOL, and intend to continue taking it."

William J. Dunlap, 4404 Freer St., Apt. 2, Detroit, Mich.: "Along with the pains I suffered my body had a tired, worn-out feeling. I had to force myself to keep going. I read about HADACOL and decided to give it a try. Am now on my fifth bottle and would not be without an ample supply. My first bottle gave me astonishing relief, and at this time of writing I feel better, without a pain or ache. Am a dairy employee, 54 years old. Veteran of two world wars. Active overseas in both. I have given your HADACOL every praise to friends and relatives and know some are using it with just as astonishing results as I myself have found."

Give HADACOL A Chance To Help YOU

If your system lacks these essential elements, you will be amazed at the wonderful results HADACOL can bring you, as it has to thousands of other fine folks who suffered a deficiency of vitamins B1, B2, Niacin and Iron, which HADACOL contains. HADACOL is that wonderful new preparation—promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), as well as that general run-down condition, and annoying aches and pains, if due to a lack of vitamins B1, B2, Iron and Niacin in your system. Don't go through life suffering with conditions caused by such deficiencies when relief may be as close as hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only \$1.25. Large family economy size, \$3.50. Refuse substitutes. There's only one true and genuine HADACOL.

Advertisement for HADACOL. Text: MANY DOCTORS RECOMMEND DEMAND THE GENUINE HADACOL Only Hadacol Gives You That WONDERFUL HADACOL FEELING. Includes an image of the HADACOL product bottle.

in any town regardless of the size of the city. Go by and look them over. They are really nice.

When you want some ice cream you can find it at the Ranger Ice Cream Palace. They have milk shakes, sodas, and other ice cream products.

The Ranger Dry Cleaners can give you fast and efficient service. They do a job with care. They are another business that is helping to keep Ranger alive and prosperous.

Breeze by the Ranger Jewelry Company sometimes and look over their stock. They do watch repairing there too.

Send her flowers from the Peterson Floral. They have a very good arrangement of flowers. Next time send her some from Betty's Flower Shop. The third time try Bonner's Flower Shop. All three have such nice arrangements that this writer wouldn't try to choose the best. They are all good. Use the facilities of all three.

The Gholson Hotel here in Ranger prides itself on being fire proof and offering outstanding service. It is a meeting place for all of the civic organizations in town and is becoming one of the centers of local oil activity.

Ranger has a number of automobile dealers. Anderson Chevrolet is displaying a mighty nice looking Chevy in their show window. If its a Ford for your pocketbook then you can buy it from Leveille Motor Company. For Pontiac's you just have to dial the letter P for Price and Price Right will be right along.

Clarke Motor Company will be glad to sell you a Chrysler or Plymouth. Collins Garage will always have a number of used cars on hand. All of the other dealers usually can scrape up a good used car if you don't want to purchase a new one.

Understand the Pulley Insurance Agency, the C. E. Maddocks & Company, and C. E. May are all working together for a better Ranger despite being stiff competition for each other in the insurance business. GOOD.

The L. E. Gray Barber Shop gives you a personalized hair trim. When they cut or shampoo your hair you know it is done right.

Ranger is fortunate to have such businesses here as the Ranger Plumbing, the Taxi Tavern, Ranger Steam Laundry, Parnell Radio Service, Capps Studio, D. E. Pulley Jewelers, Johnson Appliance Co., The Tip-Top Feed & Hatchery, Ratliff's Feed Store, where you can get that hard to find cotton seed, Central Hide & Rendering Company, the Porkey Pig, Lloyd Clem's Department Store, Frank Penn's Service Station, the Matthew's Supply, Miss Ranger Cafe, Wood's Grocery & Market, Lone Star Gas of which Johnnie Bates is district manager, Duke & Ayres, Joseph's, the Ranger Livestock Commission Company, Burton-Lingo Lumber

Company, The Globe, the Ranger Mattress Factory, Smart Shop of Ranger, Sweetbriar Shop, Curley's Laundry, Garner Boot and Shoe Shop, Ranger Lumber & Supply, Merchants Fast Motor Lines and the following grocery stores, Adams, Aishman, Blacklock, Davensport, Hess, Motley, OK Gro. & Mkt. Powell, Woods, Quality Food Store, and the Piggly Wiggly Store.

Ranger is proud of businesses like the Chicken Inn, Gholson Coffee Shop, the Paramount Hotel and Coffee Shop, where good friends meet, Harrell's Cafe, Ranger Hill Cafe, Swoveland's Cafe, Regal Restaurant, the Ross Pharmacy, Swaney's Pharmacy, Montgomery Ward, Owen Implement Co., the two Ranger Hospitals, the Ranger Housing Authority, the various pipeline companies, the large number of service stations including the super service at Hill's Station and others, the Ranger theatres, the Ranger Junior College, the high school and other schools and every business, club, organization, and society in town.

If you are not mentioned in this story it is not because you were meant to be left out or because your business is not considered important. It is because this writer hasn't had a chance to get by your place and talk to you. There will be other stories on Ranger in which you will be included.

Let's all keep pulling for a better Ranger. Ranger is tops now and is as nice a town as can be found anywhere in the county, the state, the union, or the world. Let's appreciate it.

## Always Doubles

TYLER, April 10 (UP)—They still come in pairs for Tyler Junior College athletic director Floyd Wagstaff.

The last two years, Wagstaff's teams won both football and basketball championships.

At 9:15 a.m. today, Coach Wagstaff became the father of twin girls. Mother and daughters were reported "doing nicely."

## Married Gals Can Go Back To School

MT. MORRIS, Mich., April 10 (UP)—High school students who went on strike protesting a rule that married girls could not attend classes unless a doctor certified they were not pregnant went back to their books today.

## Army Takes Lesson From Korea Will Stress On Night Fighting

WASHINGTON, April 10 (UP)—The Army, taking a lesson from Korea, said today that "more time and stress" during training are being put on night fighting and anti-guerrilla tactics.

Gen Mark W. Clark, Chief of Army Field Forces, six months ago announced that one-third of all tactical training exercises were being conducted at night.

But the Army more recently started bringing home Korean combat-experienced commissioned and non-commissioned officers to add their experience to night tactics.

One of the top infantry men brought back to Ft. Benning, Ga., from the Korean Front is Maj. Gen. John M. Church, formerly Commander of the 24th division.

The Army is trying to get trainees accustomed to handling weapons and equipment in darkness as deftly as in daylight, moving silently and detecting direction by sound when darkness prevents seeing an object.

One army expert who just returned from Korea, said American Ground Forces were upset when they first heard eerie whistles, bugle blasts and sometimes even soft sweet music from the enemy lines at night.

They stood their ground waiting for what they expected was a major attack, he said, but they were scared.

After a few of these whistles and horns were captured and duplicated for use of American troops this night; fright gradually wore off.

The Army also has announced a new training policy—"more sweat and less blood." The better trained, more skilled and "tougher" a footslogger is, the less likely it is that he will become a casualty.

In addition, the Army also told a reporter that its pet "night eye," weapon, the "sniperscope," is in general use by ground troops in Korea.

The sniperscope has an infrared light source and is an electric telescope operated by a portable power pack carried on a soldier's back. Mounted on a rifle, a soldier points it toward a sound in the darkness and the infrared rays reflect the object through the scope.

The Army said the scopes are in general use by night patrols in Korea, and are in quantity production in this country.

## Student Is Shot By Watchman

FORT WORTH, April (UP)—Three Texas Christian University students, one of whom was shot in the ankle by a night watch man, face disciplinary action when the wounded sophomore recovers sufficiently, school officials said today.

The shooting followed a campus disturbance early yesterday in which John A. Currie, of Big Spring was shot in the left ankle with a .38-caliber revolver.

## FORT WORTH LIVESTOCK

By United Press

FORT WORTH, April 10 (UP)—Cattle 1500. Generally steady.

Good and choice slaughter steers and yearlings 32-36, load heifers 35.75, odd head club yearlings to 38, utility and commercial 28-32. Beef cows largely 25-28, canners and cutters 18-25. Bulls 24-30. Medium to choice stocker steer yearlings 30-40, two loads good feeder yearlings 33.50 and 35.

Calves 500. Steady. Choice slaughter calves 34-36, commercial and good mostly 30-33, cull and utility 22-29. Medium to choice stocker calves 30-45, most good grade offerings 38-42.

Hogs 1400. Butcher hogs mostly 25 lower, some lights steady. Sows and pigs steady. Good and choice 185-290 pounds 21.25 and 21.50, good and choice 155-180 pounds 20-21. Sows 18-19. Feeder pigs 15-19.

Sheep 3,000. Milk fed lambs 50-1.00 higher, shorn saugter and feeder lambs steady to strong. Yearlings and aged sheep scarce. Medium to choice milk fed lambs 32-35. Good and choice around 100 lb. shorn slaughter lambs No. 1 pelts 32.50. Shorn feeder lambs, fresh shorn to No. 2 pelts 28-31. Few shorn cull slaughter ewes 12.

## Mrs. P. C. Long Was Hostess To All WMU Circles Monday

All circle of the W.M.U. of the First Baptist Church met together Monday afternoon in the home of Mrs. P. C. Long to continue their mission study. Mrs. Lee Mitchell, president, presided over the meeting which was opened with a prayer led by Mrs. Glenn West. Mrs. Mammie Ruth Hamrick reviewed the book "Community Missions." Mrs. Lee Mitchell urged all church members to bring the eggs for Buckner's Orphan Home to the church before next Monday. The closing prayer was led by Mrs. Ralph Perkins.

Refreshments were served to the following: Meses. Mammie Ruth Hamrick, Jim Houghton, Earl Pittman, Earl Blackwell, Jr., Glenn West, A. Kirk, W. P. Powell, A. A. Daniel, Miss Ethel Adams, Hugh Smith, R. J. Webb, O. L. Robinson, Roy McCleskey, J. M. Fuller, F. E. Langston, Bob Hodges, T. J. Fuller, T. J. Anderson, L. T. Rushing, Lee Mitchell, Charles Dowden, W. L. Poyner, J. B. Houghton Sr., W. R. Rain-

water, J. L. Clem, Ralph Perkins, Alan Smith, L. D. Tankersley, C. B. Pruet, O. L. Cantrell, J. W. White, H. E. Brooks, A. W. Warford and the hostess Mrs. P. C. Long.

## Miss Gafner To Wed Soon

Mr. and Mrs. O. R. Gafner announce the engagement and approaching marriage of their daughter, Dora Jean, to Cpl. Robert M. Williams of Panama City, Florida. Cpl. Williams is the son of Mr. and Mrs. M. C. Williams of Ranger. The wedding date is indefinite but the couple will be married in the home of Mr. and Mrs. G. H. Robinson, 423 Elm St. They will reside in Florida where Cpl. Williams is stationed with the United States Air Force.

The bride-elect is a graduate of Ranger High School and attended Ranger Jr. College. The bridegroom is a graduate of Bay City High School and also attended Ranger Jr. College for one year.

## New Members Initiated Into Royal Neighbors

The Royal Neighbors of America met Monday night April 9th in regular session with Oracle Laura Todd presiding. Maxine Landtroop, Montez Warren, and Claradell Dupree were initiated and accepted as members. Plans were made to hold a birthday dinner Monday April 16th honoring fourteen members who have birthday's this month. The penny prize furnished by Claudia Cambell was won by Josephine Strickland of Eastland.

Refreshments were served to the following: Laura Todd, Maudie Ellis, Leona Arterburn, Julia Brown, Bertie Shipman, Lena McDunough, Laura Melton, Edna Huffman, Ethel Wright, Callie Lee, Ellen Jones, Audis Lammis, Alberta Miller, Opal Kelly, Izetta Smith, Elona Horton, Tilly Hicks, Winnie Pirkle, Claudia Cambell, Irene Sides, Lorena Harrod, Josephine Strickland, Maxine Landtroop, Montez Warren, Claradell Dupree.

## Weekend Guests

J. H. Lyon and Mr. and Mrs. R. C. Sawyer had as weekend guests, Mrs. A. A. Lyon and Ramona of Kilgen; Mr. and Mrs. Paul Lyon, Carolyn Joy Slaughter, Mrs. Nan Long and Mr. Shirley of Ft. Worth; Mr. and Mrs. Howard Lyon and Linda of Dallas; Mr. and Mrs. G. K. Keen of Brownwood and Mr. and Mrs. Forrest Lyon, Janice and Beckie of Eastland.

## Child's Study Asso. Meeting

The Child's Study Association Pre-School will meet Thursday evening at 7:30 in the home of Mrs. J. W. Elder, Jr.

All members are urged to be present for this meeting.

## Child Welfare Club Notice

The Child Welfare Club will meet Wednesday afternoon at 3:00 p.m. in the home of Mrs. T. C. Wylie. All members are urged to be present.

Mr. and Mrs. L. J. Lemons of Kerrville spent the week-end with her mother, Mrs. Nance and her sisters, Mrs. Pearl McNurlen and Mrs. Mary Hise.

## Miss Sullivent Weds H. White

Miss Verna Sullivent, daughter of Mr. and Mrs. H. E. Sullivent of near Eastland, became the bride of Howard White, Saturday at 7 o'clock in the evening at the home of Mrs. Clim Thomas of Olden, grandmother of the bride. Mr. White's parents are Mr. and Mrs. H. F. White of Ranger.

The Rev. Clifford Nelson officiated. Mrs. White chose for her wedding a white crepe dress trimmed in black, with black accessories. Her shoulder corsage was of pink carnations.

About 25 relatives and friends attended.

Mr. and Mrs. White will make their home in Ranger, where he is employed by the T & P Railway Company.

## Look Who's New

Mr. and Mrs. Daniel Villalon of Fort Worth are the parents of a baby girl born Monday night, April 9th at 6:30 p.m. in the West Texas Hospital.

The baby was named Dorothy Marie and weighed 7 lbs. Mrs. Villalon is the former Miss Marie Womack of Ranger.

## Personals

Mrs. Harry Wheelon of Amarillo has been visiting her parents, Mr. and Mrs. R. A. Jones and a sister, Mrs. James Higdon. Mrs. Jeff Elrod of Dallas and Nan Story of Arlington were also visitors over the weekend.

Mr. and Mrs. Odell Cole spent the weekend in Amarillo visiting his father.

## MacArthur Is In Need Of More Troops

TOKYO, April 10 (UP)—Gen. Douglas MacArthur has asked U. S. Army Secretary Frank Pace, Jr., for more troops and a free hand to use them as he sees fit to defeat the Chinese and Korean Reds, informed sources believed today.

MacArthur had a long conference with Pace last night shortly after the Secretary's arrival in Tokyo. Usually well-informed quarters believed MacArthur made these points: 1. More U. S. troops for the United Nations Fighting Forces in Korea.

2. Other United Nations members should increase their contributions of manpower and equipment.

3. Present limitations on UN forces should be removed.

4. Chinese Nationalist Forces should be employed.

5. The Chinese Reds will be willing to compromise on a peace settlement only when they lose hope of a military victory.

6. Communist aggression must be dealt a telling blow now or it will spread.

7. Asia cannot be neglected while efforts are being made to build up European defenses.

## NEGRO COPS SUSPENDED

HOUSTON, April 10 (UP)—Two Negro policemen have been suspended on charges they failed to report an incident in which they allegedly struck a Negro prisoner.

The suspended officers, W. R. Perry and A. V. Young, were accused by Edward Cole, 41, who said he was struck without pro-

vacation March 26. The two officers said they hit Cole when he resisted arrest, but Inspector W. P. Haley said they failed to report the incident. He recommended the suspension.
