The Minstrel Is Coming Here Tonight

What Kind Of Law Enforcement?

AN EDITORIAL
To The People Of Eastland County
By Darrell F. Holmes, Jr.

Criminal investigating committees from Austin to Washington, from New York City to Los Angeles, and from Kansas City to Memphis, have declared without avail that the job of combating crime in the United States, lies with local, county and state law enforcement officers.

Eastland County is no little Chicago or for that matter can not compare with the vice of counties like Scurry. However there is crime in this county which would shock some of its citizens. This is not the fault of your elected and appointed officers of the law.

This is the fault of the people of Eastland County who have done nothing toward getting two or three way police radios for our officers. Crime can never be halted without the proper equipment. The radios on police cars are as much standard equipment as are the pistols which the officers wear on their hips.

The officers of this county work under handicap. For instance a car loaded with narcotics or maybe whisky comes taring through Ranger. This car is high powered and souped up for extra speed, therefore out-running the Ranger Patrol car. What happens? Before the Ranger officers can phone ahead, locate a police car, and give the details, the car is gone. The dope or liquor are free to add to the vice of this or other counties. Had there been a radio hook-up between Ranger, Eastland, Cisco, and the county units, the car would have stood only one chance in twenty of getting through. As things now stand, the car stands 19 chances out of twenty.

(Continued on Page Two)

UN FORCES ROLL NORTHWARD AGAINST LIMITED OPPOSITION

TOKYO, May 8 (UP)—United Nations forces rolled north against little or no enemy opposition today in twin counter-offensives at either end of the 100-mile Korean front.

They drove within 12 miles of the 38th Parallel above Seoul in the west and nine miles or more beyond it on the east coast, reclaiming much of the territory lost in the Red offensive two weeks ago.

UN tank-infantry patrols stabbing deep into Central Korea between the two offensive columns, also found few enemy troops. However, there were ominous reports that the Reds have ended their withdrawal and were preparing to strike south within 48 hours in the second round of their spring offensive.

Air spotters reported Communist build-ups north and northwest of Inje, five miles east of the 38 Parallel on the east-central front and north of Chunchon, 8 miles below the parallel on the central front.

A front dispatch said South Korean troops were fighting an estimated Communist battalion in the mountains east of Inje this afternoon.

Shivers Isn't Discouraging The Petitions

AUSTIN, May 8 (UP)—Gov. Allan Shivers wasn't exactly in the 1952 U. S. Senatorial race today. But on the other hand, he wasn't exactly out.

The governor revealed yesterday he had received "about a half dozen" petitions urging him to oppose Sen. Tom Connally next year. The governor only smiled when asked about his intentions. But he admitted that the petitioners were receiving an acknowledgment.

"I'm not discouraging them," he explained.

Warner Baxter Dies In Sleep

BEVERLY HILLS, CALIF., May 8 (UP)—Debonair Warner Baxter, who charmed moviegoers for 28 years in both silent and talking pictures, died in his sleep last night at his home.

The 58-year-old former matinee idol succumbed to bronchial pneumonia after a long illness. His wife of 33 years, Winifred, and his friend and business agent, Phillip Schiefer, were with him when he died.

Baxter, second actor to win an "oscar," was admitted to St. Joseph's Hospital last month for a cranial operation. He had been suffering for several years from an ailment that made it difficult for him to eat and caused malnutrition.

More than 3,000 enemy vehicles were sighted from the air last night for the second straight night rushing Communist reinforcements and supplies toward the front.

UN forces with strong U. S. tank, artillery and aerial support drove 18 miles northwest of Seoul today on the second day of a limited new counter-offensive designed to end the Communist threat to the former capital.

The 5th Air Force reported that four F-51 Mustangs killed 15 Communists and destroyed 3 enemy field guns in a close support mission east of Munsan, a vital road and rail hub 21 miles north west of Seoul.

Cotton Crop Is Slightly Larger

WASHINGTON, May 8 (UP)—The Agriculture Department estimated today that the 1950 cotton crop was 10,912,000 bales. That is slightly more than the 9,864,000 bales forecast by the department last December. Production in 1949 totaled 16,128,000 bales.

Production estimates are based on Bureau of the Census final findings, with allowances made for interstate movement of seed cotton.

Last year's cotton crop, severely hit by drought and the worst boll weevil infestation in recent years, was barely sufficient to meet the nation's annual domestic needs.

As a result of increased consumer demand for cotton goods and stepped-up defense needs, the Agriculture Department has asked farmers to produce a 16,000,000-bale crop this year.

Girl Scouts And Brownies Will Meet

Mrs. Arthur Deffebach, Girl Scout official, announces that all Ranger Girl Scouts and Brownies are to meet at the Methodist Church Thursday night at 7:30 p. m. to attend the revival in a body. Everyone is urged to attend.

Testimony Expected To Start Off Today

EDINBURG, May 8 (UP)—Testimony is expected to begin today in a suit brought by Hidalgo County seeking to recover some \$26,000 from Former County Clerk Dodge Hogan.

Hogan is charged with misapplication of funds and will go to trial on that charge June 25.

For Good Used Cars (Trade-ins on the New Olds) Johnson Motor Company, Eastland

MacArthur Says He Disagrees With Truman

NEW YORK, May 8 (UP)—Gen. Douglas MacArthur disagrees with President Truman's belief that an extension of the Korean War might invite Atomic attacks on U. S. cities.

Through his personal advisor, Maj. Gen. Courtney Whitney, MacArthur said last night that Soviet nations were more concerned about the vulnerability of their own cities to atomic attack.

"General MacArthur has outlined his views on the most effective means to bring the Korean conflict to an end, save countless American lives and avoid a global war," Whitney said after Truman spoke.

"But the ultimate responsibility of decision, of course, rests with the President," he added.

"I hope that sight is not lost, however, of the fact the general so clearly pointed out and which some seem to find difficulty in recognizing that the decisions of the Soviet on war or peace in the final analysis will depend upon the potentiality of destruction to Soviet rather than American cities."

Russia Enters Olympic Games

VIENNA, May 8 (UP)—Soviet Russia, which has not competed in the Olympics since 1912, joined the International Athletic family today as a fore-runner to participation in the 1952 Olympic Games.

By a vote of 31 to 0—with three unidentified delegates abstaining—the U. S. S. R. was admitted to the International Olympic Committee yesterday after pledging itself to the Olympic principles.

The vote renewed a three-hour debate during which Konstantin Adrianov, chairman of the Russian Olympic Committee, assured the delegates that his country would abide by the Olympic code.

Avery Brundage, chairman of the U. S. Olympic Committee said the Soviet had agreed to abandon its practice of giving cash prizes and other financial rewards to athletes.

Record-Breaking Oil Demand Seen

DENVER, May 8 (UP)—The Independent Petroleum Association of America forecast a record-breaking oil demand of 7,955,000 barrels daily for the first quarter of 1952 as industry leaders met to discuss the production demands to increase the production demand to a worsened international situation might impose.

The petroleum demand for the first three months of next year, the IPAA's economics committee reported, would average slightly more than a half-million barrels daily above the average expected demand for the current year.

The committee emphasized yesterday its estimate was based on continuation of business activity at current levels, no new international crisis and normal weather conditions.

Wildcats Set For County

Leland Fikes of Dallas will drill the No. 1 E. Freyschlag, a wildcat, two miles south of Eastland. Location will be 1,420 feet from the west and 330 feet from the north lines of the Thomas R. Foster Survey. Contract depth is 3,500 feet with rotary. The well is due to be started May 15.

Also in Eastland county, McElroy Ranch Co., Ft. Worth, will drill the No. 1 W. E. Cooper sixteen miles south of Cisco. It will be 1,500 feet from the east and 467 feet from the north lines of the F. Vornbauman Survey. Slated depth is 3,600 feet with rotary.

Flowers for Peace MICHIGAN CITY, Ind. (UP)—One of the most spectacular flower exhibitions in the Midwest will be held at the International Friendship Gardens here May 6.

It's the "Tulips on Parade" festival, featuring blooms from Holland. The gardens are dedicated to the promotion of "peace through friendship and beauty."

23 DIE IN B-36 CRASH—Rescue workers probe the wreckage of an Air Force B-36 bomber for bodies and personal belongings of 23 airmen who died when the giant plane crashed and exploded during a landing at Albuquerque, N.M. The small plane at the right was one of several damaged when the B-36 struck the Kirtland Air Force base runway and bounced into the flight line. (NEA Telephoto).

Regular Meeting Of Country Club Moved Up To 6 O'Clock

Tonight's regular meeting of the Ranger Country Club has been moved up to 6 p. m. at which time food will be served. The meeting previously was scheduled for 8 o'clock. The meeting was moved up because of other activities in town.

Al Larson reminded members that it is important for everyone to attend tonight's meeting because of the final tournament

plans which will be made for the pending golf tournament. It will be held at the Ranger Country Club June 1, 2 and 3. A number of outstanding awards will be given to the winners in the classic.

The prizes which will be awarded at the tournament will be purchased by the Country Club. They will be of the nature of those which were presented at last year's tournament. The prizes last year

created favorable comments and a great deal of interest was shown over the winning of the prizes.

Barbecue and entrance tickets will be available at tonight's meeting. This is the 16th annual tournament which has been held by the Ranger Country Club. A large following of the annual tournament is evident in the fact that there were 143 entrants last year. This was the largest group ever in attendance.

Experiments Due With High Analysis Fertilizer On Grain Sorghums In County This Year

Several experiments with high analysis commercial fertilizer on grain sorghums are to be tried on five different sandy land farms in Eastland County this year according to word from the County Agents office in Eastland.

Per acre yields of grain sorghums on sandy fields in the county are usually low, many years not over 400 to 500 pounds per acre. The high analysis, pelleted fertilizer will be used at various amounts under the grain planting time to see if the yields cannot

be materially increased economically.

The Mathieson Chemical Corporation, Houston is cooperating in the demonstrations by furnishing free to the cooperating farmers several hundred pound of both 10-30-10 and 16-20-0 analysis fertilizer. The former themselves are to furnish some 4-12-4 analysis fertilizer, the type, ordinarily used under grain sorghums, cotton and peanuts in that county. The 10-30-10 fertilizer has 50 pounds of plant food per 1000 pound sack.

Grain sorghums to be used include Hegari and Plainsman maize popular varieties in the county.

Farmers cooperating in the undertaking include Bill Caraway, L. R. Higginbotham and John Henderson of the Kokomo Community, A. E. Guy of Carbon and Jim Sparks of Deadeona. Their soils are of the Nimrod or Windthorst series it was said.

R. V. Pinson representative of the Houston concern has been in the county several times lately to confer with J. M. Cooper, County Agricultural Agent and the farmers on the experiments.

Results of the tests will be made available after the grain sorghums are harvested and weighed this fall, Cooper said.

Red Soldier Almost Brings Down Plane

SOMEWHERE IN KOREA, May 8 (UP)—An enraged Red foot soldier nearly brought down an American fighter plane by hurling a rock.

1st Lt. Ellison E. Carroll of Tulsa, Okla., said he was strafing enemy troops for the third time when one Communist tossed a rock into the mouth of his F-51 Mustang's cooling system.

Carroll reached his home base just as the temperature gauge climbed into the red danger area. If the temperature had gone any higher, he would have been forced to bail out or crash-land.

Whose Ally

LONDON, May 8 (UP)—Britain has banned shipment to Communist China of all goods "which assist China's military operations," but has not imposed a total embargo on trade, the government announced today.

The announcement was made in Commons by Sir Hartley Shawcross, president of the Board of Trade. Shawcross denied General Douglas MacArthur's charges that British goods were of substantial assistance to Red China's armed forces.

HOUSE GIVES ITS APPROVAL

AUSTIN, May 8 (UP)—The House of Representatives gave final approval today to a measure re-appropriating the State's Congressional Districts.

The bill was approved by a vote of 72-34 without debate and sent to the Senate.

The proposal would consolidate the districts of four Congressmen into two districts, forcing them to run against each other at the next election.

Congressmen Olin Teague of College Station and W. R. Poage of Waco would be placed in the same district, and the measure would pit O. C. Fisher of San Angelo against Ken Regan of Midland.

Harris County would be represented by two congressmen, as a result of the 1950 census under which Texas is entitled to have 22 Congressmen instead of the present 21.

Partners in Vineyard Jamestown, N. Y. (UP)—The Rev. Russell D. Goodwin gets plenty of cooperation from his assistant pastor at the Calvary Pentecostal Church. The assistant is his wife, also an ordained minister.

Mary Astor Is In Hospital

VAN NUYS, Calif., May 8 (UP)—Screen star Mary Astor was treated at Valley Emergency Hospital today for an "overdose of barbiturate," a common sleeping compound.

The actress was rushed to the hospital in a police ambulance which was sent to her home after a priest, Father William J. Smith, called police and said Miss Astor had "taken poison."

She was given emergency treatment and removed to Culver City Hospital, attendants at the Valley Hospital said. The Culver City Hospital, however, refused to confirm she was a patient.

Jaycees Urge Ranger Citizens To Attend This Civic Event

Allen Full, president of the Ranger Junior Chamber of Commerce urged all Ranger citizens to remember that when they purchase a ticket to the Eastland Quarterback Club's Minstrel, they are purchasing a share in the future of Ranger's youth.

Full said that everyone must remember that the show is being put on to raise money for a Ranger Youth Center. The curtain

will raise at 8 p. m. in the Ranger High School tonight and an outstanding show will follow.

For some time a need has been shown for some place for the teen-agers to gather and feel at home. The Youth Center will belong to the youth and will become the center of Ranger Youth activities. The dances and gatherings which will be held there will be well supervised and stress will be put upon developing the character of the youths, by those in charge.

Jaycees will sell tickets all day and met last night to make further plans. During the meeting, plans were discussed and reports were made on ticket sales. The Jaycees hope to have a large crowd on hand for this top-flight show.

The minstrel is really good, according to those who have seen the performances which were given this year at Eastland, Olden and Cisco. The show is worth twice the price paid for the ticket as well as being for an unusually worthy cause. Go to the minstrel and support the youth of your town, Ranger.

OPEN HOUSE AT RENNER

RENNER, May 8 (UP)—Annual Open House and Barbecue of the Texas Research Foundation will be held at the foundation's plant here May 16, C. L. Landell, director, announced today.

A tour of the foundation property at Renner, immediately north of Dallas, will precede the barbecue.

Dr. William A. Albrecht, scientist of the University of Missouri will be principal speaker, discussing the relationship of good soil to human, animal and plant vigor.

Winners of the horticulture agriculture awards for outstanding contributions to Texas Agriculture in 1948-50 will be announced.

In addition to supporters of the foundation, Landell has invited the Dallas Chamber of Commerce, the citizens council of Dallas, and East and North Texas Bankers to attend.

Former Slave Celebrates 113th Birthday

CROCKETT, May 8 (UP)—Former slave Maria Hopkins celebrated her 113th birthday here yesterday, much as she used to spend many evening with her family on a Georgia plantation.

Around her she gathered her four surviving "children"—all in their 80's—and with remarkable clarity recounted stories of her own childhood in Georgia and of her life "under the overseer" on the plantation.

She also had vivid recollections of many events that happened in East Texas before the turn of the century.

She raised a family of 13 boys and three girls. She now lives with a son and daughter-in-law in Crockett.

Jeff Davis, editor of the Crockett Democrat, said Maria Hopkins' age went undiscovered until last year when a census taker questioned her. The census taker set her age at either "113 or 114."

"As far as we can determine, she's the oldest living person in Texas," Davis said.

He added that no one has come forth to dispute the claim.

BULLETIN

WASHINGTON, May 8 (UP)—Defense Secretary George C. Marshall disclosed today that Gen. Douglas MacArthur was under strict orders to keep troop and naval units away from Soviet Siberia and portions of Northern Korea adjacent to it.

UNIVERSITY PROFESSORS SAY THEY WILL NOT SIGN OATH

OKLAHOMA CITY, May 8 (UP)—A group of university professors announced today that they would refuse to sign Oklahoma's new anti-Communist oath and planned to take their fight to court.

It was believed the educators—University of Oklahoma A&M and the University of Oklahoma—would seek an injunction until the constitutionality of the oath can be settled in court.

The deadline for signing the oath was only two days away and only about 5,000 of the state's 20,000 employees had signed oaths.

The law, passed by the current session of the state legislature, subjects these employees who refuse to sign to be discharged.

Truman Has A Birthday Today

WASHINGTON, May 8 (UP)—President Truman was 67 years old today, "still seeking peace but finding only the sword."

Buffeted by Korean war decisions, international crisis, and domestic discord, the president nevertheless was still confident he would see an end to war and strife.

The White House said Truman planned no special observance of his birthday, and would have his usual heavy schedule of callers during office hours.

Much to his displeasure the president is more restricted in his daily life since the assassination attempt last Nov. 1.

Once the president used to stroll freely in the early morning hours for his pre-breakfast walk in downtown Washington. He was accompanied by only two or three secret service agents. Now he doesn't walk—he rides.

Dallas Hood To Plead Innocent

DALLAS, May 8 (UP)—Dallas underworld character Jack Todd said he would enter a not guilty plea when his trial for carrying explosives aboard an airliner opened in federal court here today.

Todd, identified by police as one of the original members of the famed Dallas "Band of 40 Thieves," was arrested Jan. 19 as he boarded an American Airlines plane at Love Field carrying a stick of nitroglycerin jelly in his overcoat pocket.

He was indicted by a federal grand jury last week. The offense is punishable by a maximum of one year in jail and a \$1,000 fine.

Inventor Due In Chicago Now

CHICAGO, May 8 (UP)—Oklahoma City inventor L. I. Hughes is due to land at Meigs Airport today in what he says is the first airplane powered with propane gas.

After landing, he is scheduled to take a propane-powered automobile to the Stevens Hotel, to attend the convention of the Liquefied Petroleum Gas Association.

THE WEATHER

By Daniel Price

EAST TEXAS—Partly cloudy this afternoon, tonight and Wednesday, a few showers Wednesday. Warner Wednesday. Moderate northeast to east winds on the coast, becoming moderate to occasionally fresh in the southeast portion Wednesday.

WEST TEXAS—Clear to partly cloudy this afternoon, tonight and Wednesday. Warner this afternoon and tonight. Max. 67—Min. 46—at 8 a.m. 55.

"ROCKET AHEAD" With Oldsmobile Johnson Motor Company, Eastland

What—

(Continued From Page 1)
 This is only one of many problems which could be solved with the use of the police radio. Every day, noon, and night, stolen cars drive unchallenged through Eastland county. Your local police or sheriff can't stop every car that comes through and check to see if it is stolen or to see if it is carrying a "hot cargo". That would not only take several hundred officers but would invade a motorist's civil rights.
 But, if there were police radios on these cars, the officers could get the license numbers of stolen cars almost as soon as they were stolen. If a man held up a bank in Dallas, the officers would be after him before he ever got to Ranger. The radios would enable the counties to get more work done in every phase of criminal, civil, and investigational work. The radios would pay for themselves in eight months.

Almost every county in almost every state gives their cars these radios. Through 24-hour-a-day operation of the sets, the officers always know what is going on all over their area. Descriptions of known thugs are broadcast to the officers.
 The way things stand today, a Dallas or Fort Worth thug could come to some Eastland County town, when the heat got on him on his home ground and check in at a local hotel. He could live here unnoticed and during the black of night go to places like Breckenridge, Abilene, Weatherford, and others and commit some crime. If he was missed by officers in the town where the offense was committed, he would be safely back in Eastland County where he wouldn't be known. However, if there were police radios here, the police here would be looking for his car, and would be looking for a man meeting his description.
 This is only one of a series of editorials to follow. Each will give

more reasons why we need these radios in this county. Write or go to see the officials of the towns of this county, get behind the County Commissioners, and get them to put in police radios. A central station could be set up in the court house at Eastland with officers from the rest of the county hooked to this system. A deal could be made with the telephone company to let all calls come to this station and a car could be dispatched to the location of the crime. Each car should be required to give their location every time they answer the radio.
 For instance, a call comes to the station in Eastland, the radio operator answer the phone and gets the message written down on a daily report log. Then he immediately alerts all units if the call involves a car coming through. In case it was a drunk raising Cain in a business place in Ranger, he would call the Ranger unit. The unit would tell him his location and the operator would give the call. The call could be answered at once. The way things stand, you may not be able to find a car if you need one.
 For the sake of yourself, your family, your loved ones, the community, and in the name of law enforcement, lets get those boys some radios.

Senate Passes Legislation To Recruit Mexicans

WASHINGTON, May 8 (UP)—The Senate has passed legislation to recruit Mexican farm labor for seasonal employment on U. S. farms which are short-handed.
 The measure puts into effect an agreement between Mexico and this country allowing temporary immigration to relieve the labor shortage.
 The bill establishes reception centers near the Rio Grande to process Mexicans to American farms. This government has agreed to pay the employer's traveling expenses to the reception centers, but farmers have to pay the fare from the centers to the farms.
 The government also is committed to pay medical and funeral expenses of workers who become ill or die while under American jurisdiction.

Businessmen Are Warned

DALLAS, May 8 (UP)—Businessmen were warned today to be vigilant over the American free enterprise system because of what a speaker termed the "bankruptcy" and "incompetency" of the national leadership.
 The warning came in a speech by Edgar E. Rand of St. Louis, president of International Shoe Company, before a meeting of the Southwestern Shoe Travelers Association here.
 Rand said the U. S. is in a "state of limbo" which is neither peace or war, but "I doubt that my fellow Missourian is still calling Korea a police action."
 He said the country is tense with "an underlying feeling of uneasiness" which "stems from a national realization of lack of leadership among those who have taken the responsibility of conducting our affairs."
 Uncertainty in business and economics is the result, Rand said, of "the petty graft, the shoddy characters who flit in and out" of the Washington scene.

"RANGER DAILY TIMES ADVERTISING PAYS! IT SELLS HADACOL IN RANGER and EASTLAND COUNTY"
 --Sen. Dudley J. LeBlanc

Senator LeBlanc goes on to say: "Without the help of the Ranger Times advertising, I could never have achieved and kept up the volume of sales I have in Ranger and Eastland County. With it's help, HADACOL sales have been booming and zooming. I certainly do want to thank the Publisher of the Ranger Times of Ranger."

HADACOL KNOWS HOW TO ADVERTISE!

HADACOL, the famous dietary supplement, has, in a very short time, through the advertising genius of Senator LeBlanc, jumped from scratch into a twenty million dollar business in 1950, and will probably sell seventy five million this year. Newspaper advertising, especially in the 'grass roots' sections of the country, has been the backbone of the HADACOL campaign. The Senator has learned that Weekly readers READ their Weeklies, and BUY what they read about! From two column readers to full pages, HADACOL has sold thousands of cases through the powerful, resultful advertising columns of the Weeklies of America!

Almost everyone in this section of the County reads the Ranger Times. County correspondents cover news from all over the trade area, which assures a wide reader interest. By advertising through the pages of the Times, an advertiser is assured that the name of his product is before the people. This paper is helping to sell Hadacol. Therefore we can sell feed, farm implements, building material, paint, clothing, shoes, or a bale of hay. If you haven't advertised in this paper then you aren't doing all you can to sell your product. Try us and see.

Mr. ADVERTISER! Profit by HADACOL'S experience. We sell HADACOL for Senator LeBlanc -- WE'LL SELL FOR YOU TOO!
 REMEMBER--HADACOL HAS PROVED
Ranger Times Advertising Pays!

ATTIC FAN
 EVAPORATIVE COOLER
 REFRIGERATED ROOM CONDITIONER
 PORTABLE FAN

"EVERYBODY TALKS ABOUT THE WEATHER..."
 NOW'S THE TIME TO
Do Something About it!

CALL YOUR DEALER NOW! Let him check your cooling equipment and get it in good working condition. Then, Reddy Kilowatt can do a better cooling job for you this summer. Small portable fans usually require only cleaning and oiling. Larger units, such as evaporative coolers, attic fans and refrigerated room conditioners will probably need expert attention from your electric appliance or air conditioning dealer. Call him today and enjoy greater summer comfort from your cooling equipment.

SUGAR WITH A SALTY TASTE

(A Continued Feature Of The Ranger Daily Times)
By Darrell F. Holmes, Jr.

Chapter Eleven
Lance Runyon walked down the street and turned into the general store. He walked with the length of a panther and muscles rippled through his body with a muscular grace.

"Morning Hank," he drawled to the store keeper.
"Morning Bill," the store keeper returned, using the name Lance had given the people of Sweetwater.

"Let me have a few rounds of shells Hank," Lance said as he held out a bill.
"You kinda taming the town down a bit, young fella," the store keeper informed him.

"That so?"
"Yesure, he returned, you struts aw."

"Well I'll be seeing you," Lance turned and walked out of the store. Suddenly a shot rang out near his head and he hit the dirt. Lance crawled on his stomach until he could see the man had shot at him. The man was behind a water trough.

The man didn't know whether or not he had hit the marshal but wasn't going to raise up to see. He waited. Lance did the same. Finally the man stood up as he saw crowds coming his way. He started to run but Lance leaped to his feet and sent a bullet tearing into the man's leg which brought him down.

"Drop that gun or next one will be in your head."
The would-be-killer wanted no more fight. He reached for the sky. Lance was over him in a few jumps and jerked him to his feet.

"Don't, I can't stand up."
"Shut up," Lance slipped him on the nose.

"If you weren't wounded, I'd whole the far out of you," Lance roared.
Then Lance jerked him back to his feet again. "Now why did you shoot at me?"

"I don't know what you are talking about."
"You're a liar."
"Honest, I didn't shoot at you. I had my gun go off by mistake and when I saw it hit near you, I got scared. That's all."

"You are a bare-faced liar. Well gotta get the doc to patch you up."
Two days later, three more attempts had been made on Lance's life but he didn't apprehend another subject to question. The man he had arrested was unknown in town and refused to give a name. He carried no identification.

Lance realized that he would need a deputy. He ascertained from the mayor that he would be allowed to hire one and penned a letter to a friend in El Paso. He knew that some one wanted his life. He didn't want any one to kill him but went out of his way to go into danger spots to see if

any one would try. He lived in a reckless manner. He had to kill several men in self defense but not once did he draw first.

It was one of the rare days when it rained in West Texas that Chick Johnson rode into Sweetwater. His hair was clipped close to his head, he wore a beaten pancho and his weather-beaten combbers looked like it had seen better days. Lance had explained every thing in his letter.

Chick was a big man with a great deal of hard fat on his huge body. He looked like a man who would move slow. But it was surprising how fast he could move when the situation required it.

(Continued)

Old Soldier Sends Back His Famous Plane

NEW YORK, May 8 (UP)—Gen. Douglas MacArthur's chief aide, announced today the general had directed that his military plane, the constellation Bataan, be returned to the Defense Department.

Maj. Gen. Courtney Whitney, the aide, said the plane would be flown from New York International Airport to Washington late today.
Whitney, answering questions of reporters at the Waldorf Astoria Hotel, said MacArthur regarded his testimony before the combined Foreign Relations and Military Affairs Committees as "his final official act."

Asked whether that statement precluded a MacArthur appearance before a House committee in Washington, Whitney said the general felt that the text of his Senate hearing "is before Congress in such detail that other committees will have the record before them."

POLICE ACTION

SAN FRANCISCO, May 8 (UP)—Bodies of nine Texans killed in Korea have been returned to the United States aboard the Lynn Victory, according to the Department of Defense.

Next of kin have been notified of the arrival and the bodies are being sent with escort to the point designated by the relatives.

Aboard the ship were the bodies of Pvt. William R. Harrison, Jr., of Amarillo; Cpl. James I. Mandrean, Jr., of Beaumont; and Sgt. Robert W. Smith of Houston, all Marines; and Pvt. Billy E. Hough of Cronwell, Pfc. Howard V. Kleopfer of El Paso, Pfc. Cristobal Lopez of El Paso, Cpl. William H. Miles of Fort Worth, Lt. Col. Samuel E. Spitzer of El Paso and Pfc. James W. Wyche of Mabank, all Army men.

Olden Pupils Enjoy Outing Hosted By Teacher, Parents

Students of the 5th and 6th grades of the Olden schools were entertained by their teacher, Mrs. J. T. Weaver with a picnic supper Friday evening at the Eastland City Park followed by a private skating party in the Morton Valley Gym.

Those present were Sue Day, Jerry Ruth Duncan, Joy Dunlap, Wilma Edwards, Joyce Ray Fox,

Tommie Sharp, Patsy Stedum, Jean Weaver, Dixie Butler, Virginia Caraway, Ruby Hobbs, Mary Ann Reese, Betty Weaver, Carol June Hilliard, Steve Fox, Jack Hilliard, Eddie Munn, Ray Rogers, Gary Woods, John Bockman, Danny Boyd, Don Cox, Charles Hutto, Joe Dale Langdon, Ray Lowmire, J. W. McKelvain and Albert Snyder.

Parents attending were Mr. and Mrs. Turney McKelvain, Mr. and Mrs. Marvin Hutto, Mr. and Mrs. Ross Lowmire, Sr., Mrs. W. P. Edwards, Mr. and Mrs. Travis Hilliard, Mr. and Mrs. L. J. Woods, and Mrs. Weaver and Mr. Weaver.

Highway Patrol Look For Car

RIO GRANDE CITY, May 8 (UP)—State Highway Patrolmen searched today for a hit-and-run driver who killed 75-year-old Emiliano Cabrera during the week end. Cabrera was hit by a late model car on a highway in front of his home west of here.

Another Valley traffic fatality over the weekend was that of Leandro Perez, Jr., 3, who was killed when his father back a truck over him in the family driveway.

Christian Church To Support Youth Work

At the recent meeting of the Official Board of the First Christian Church it was voted that the local church would accept their financial goal in support of the newly proposed Christian Student Foundation at Texas Tech in Lubbock. This is a united effort of the Christian churches of West Texas to place trained personnel at Texas Tech to care for the worship and recreational needs of the more than 300 students from Christian churches who attended that school each year.

A Bible Chair for Christian churches has been approved by the college authorities and students can take Bible work that will give credits to apply on their degrees. A building will also be constructed in the future that will give the Disciple students a center for their religious activities in that community.

The local pastor, Rev. A. Lynn Robbins will attend the first organizational meeting of the new

Foundation that will be held in the First Christian church of Lubbock on May 29.

Further action by the local church board will provide for a pastor's study in the church. The pastor's hours for the new study will be Monday's through Fridays from 9:00 a.m. till noon each week. Persons desiring to contact the study hours a means of counseling. The Board also voted to allow the local pastor to serve on the faculties of the Christian Youth Fellowship Conference the first week of June and the Chi Rho (Junior High Age) Camp the second week of June. Both youth programs will be held at the church on Lake Brownwood Camp Grounds.

Today a group from the First Christian Church are attending a Worker's Institute for the Christian Women's Fellowship being held in the First Christian Church of Brownwood. This meeting includes the officers from the Women's organizations of all the Christian churches of the Abilene district.

How you can make America Strong — 1

**WORK
SAVE
VOTE
PRAY**

Perhaps you feel you should "do something" to help our country in its crisis. Most of us do. But not all of us can take places in the Armed Forces. Not all of us can build tanks or airplanes or guns or bullets. Many of us... particularly in the present national emergency... must stay at our own jobs, do the same things we've done for months, for years. How, then, can we help? How can we "do something"? The answer is simple:

First, we must work. We must work harder. We must work better. We must produce more. Second, we must save. We must save money. We must save materials. Third, we must vote. We must vote for statesman-like leaders. We must vote for men who have courage. Fourth, we must pray. We must pray to God for guidance. We must pray to God for peace. We must pray to God in gratitude for all He has done for us and for our country. That is our job. Yours and ours. If we do it well... we'll help make America strong.

60&P TEXAS AND PACIFIC RAILWAY

Yours is the power to make us strong spiritually, morally, politically and economically. Write today for a reprint of the article, "The Four Pillars of Freedom—Work, Save, Vote and Pray." Mail your request to: J. B. Shores, Public Relations Department, Texas and Pacific Railway, Dallas, Texas. No charge, of course!

Another Great Value—

... in the field of many values is the abstract of title. Years ago when the records were few there was not so much need for an abstract in many cases. But today we have about 700 volumes of 600 pages each. The task of compiling your abstract from this mass of records is not only an undertaking of great responsibility but one which requires that it be fashioned by an institution with all the records and a long history of successful achievement behind it.

Miss Hawkins Is Guest Speaker At Delta Kappa Gamma Founder's Day Tea In Eastland Woman's Club

Miss Eudora Hawkins of Abilene read poems from the works of Alfred Noyes, John Masfief, Shakespeare, Burns, Sir Walter Scott and others preceding the showing of films on the background of the Scotland and English literature, for members of the Eastland-Callahan Beta Upsilon chapter, Delta Kappa Gamma Sorority and their guests at the Founders Day tea held Saturday afternoon at the Woman's Club in Eastland.

Mrs. Ruth Poe Herring, Mrs. Jay Whalley and Misses Verna Johnson, Nettie Thornton and Louise Snoddy, Eastland members were hostesses.

Olga Fay Ford assisted by Mrs. Bernice Carter conducted a candle lighting ceremony in honor of the Founders of the Sorority. Mrs. Minnie L. Hill, president, presided at a business meeting preceding the tea.

Baptist Youth Rally Monday Nite, May 14

Next Monday night, May 14, the young people of the Cisco Baptist Association will have a Youth Rally in the First Baptist Church of Rising Star.

This rally is sponsored by the Associational Training Union of which Mrs. R. R. Jones of Cisco is the director. Rev. Van Martin, Rising Star; Rev. Paul Stephens and Rev. Ralph Wooten of Cisco, compose the Youth Rally committee.

The program will feature singing, a message by "Dab" Jackson and a film, "Mid-Century Crusade" of the Billy Graham meeting.

Young people from some thirty-four Baptist churches will be present and visitors are welcome to attend.

Methodist Revival Report Given

The following report of the Methodist revival was given by Rev. Garland Lavender.

Members of the W.S.C.S. of the First Methodist Church will be special guests at the revival service this evening at 7:45. Each of the 4 Circles will put forth every effort to have a 100 per cent attendance. Monday night's crowd was the largest thus far during the revival that is entering its second week. The auditorium was well filled, making it necessary for the choir to remain in the choir-loft during the service.

The 32 boys and girls from Young School, under the direction of Mrs. Harris, gave a fine account of themselves as they sang 3 numbers. This was one of the high-lights of the service. Miss Carolyn Pruitt was the accompanist for the chorus.

The Visitation program got off to a good start, with 22 men and 12 women present for the dinner and the period of instruction given by the evangelist. The teams from "A" group visited from 7 until 9 o'clock, returning to the church to make their report. This evening, after the instruction period, the teams from "B" group will visit under the same plan. This visitation will continue until Thursday evening.

Prayer meetings were well attended, 24 in the adult service and 16 in the youth meeting. Earl Ward is leading the youth meetings each evening at 7:15. Rev. Parmer is in charge of the adult prayer service which meets at 7:20. Everyone is invited to attend these prayer services. The Hooster Choir meets each afternoon at 3:45 through Wednesday.

The evangelist will speak tonight on the subject: "The Lost Christ," based on the second chapter of Luke. He is especially anxious that our people hear this soul-stirring message this evening at 7:45 at the First Methodist Church.

Annual May Dinner Thursday 7 P.M.

The Child's Study Club Association of Pre-school will meet Thursday afternoon at 7 o'clock at the Regal Cafe for their annual May dinner.

After the dinner, the members will go to the home of Mrs. R. V. Robinson on Deadman Road for the installation of officers. All members are urged to be present.

The Minstrel promises fun.

Special Treat For Those Who Work

The Woman's Missionary Society of the Second Baptist Church met at the church parsonage Monday afternoon at 2 o'clock for their regular monthly business meeting.

There were a number of phases of the work discussed and some definite plans laid for this month's work. The group voted to send letters to the Hendricks Memorial Hospital in Abilene for hospital

day. Gifts to be sent to the scholarship girls were discussed and decided upon.

The women will furnish ice cream and cake for all of the men that work at the church Thursday night. They will strive to have the auditorium finished for the Mother's Day services.

Mrs. Lee Mitchell had as visitors over the week end her brother and his wife, Mr. and Mrs. J. M. Havins and their son and his wife, Mr. and Mrs. Kenneth Havins of Quanah, Texas.

NEW Marvelous, Motorless
New Servel
World's longest guarantee - 10 years
New low prices start at \$239⁹⁵

IT'S AMAZING... But Servel (and Servel alone) makes ice and cold without motor or machinery... without a single moving, wearing part! There's nothing in Servel's freezing system to wear or need fixing. So Servel lasts longer—gives you the world's longest freezing-system guarantee—ten years. Eight beautiful models.

STAYS SILENT... LASTS LONGER
Servel
