"A Merry heart maketh a cheerful countenance: but by sorrow of the heart the spirit is broken". Proverbs 15:13.

This is the time of the year that hearts should be light and gay. We are still carrying with us a thankful spirit for the blessings of the Almighty. Our heads were bowed and our hearts lifted up in thanksgiving as we observed the anniversary of the landing of our pilgrim fathers. Now we are prepared to carry a light and merry heart into the Christmas time. Can we do this unless we do our part toward alleviating the suffering of humanity. This Christmas time should be a time of sharing. Various calls will be made that will provide opportunities to share. The call of the Orphans home, the observance of the silent guests at our tables and many other ways to make hearts merry. By sharing with others, we make our own hearts merry.

Your church needs you during the holidays. You are invited to worship with us next Sunday and every Sunday. Church School 9:45, Morning worship at 11:00 A. M., Evening worship at 7 P. M., with the MYF groups following the evening service.

in field to maneuverable dirt mover.

Here's a machine that makes LAND LEVELING easy. The automátic action of the EVERS-MAN planes off the high places, fills in the low ones as the machine moves along. While automatically leveling it also breaks clods, mulches the soil, forms a firm, well pulverized seed bed.

Makes possible "table top" land for irrigation farmers, saving time, labor and water, eliminating spots that drown out or high places that burn out. The EVERS-MAN, by producing smooth, level fields saves wear and tear on cultivators, combines, mowers and balers, makes harvesting faster, results in better yields and better recovery. Also efficient dirt mover operated

Here's a 3-purpose machine for land leveling, dirt moving and seed bed preparation - a machine you'll need year after year. One man and your present tractor
