PRICE FIVE CENTS No. 57

Again the United States Marine Corps is offering the men of Texas the opportunity of enlisting as a group. As their forerunners the North Texas Marine Recruit Company pictured above, this select group of Texans will enlist together, travel together, train together, and return home on leave together. The group to be known as the "Longhorn Leatherneck Platoon" will be limited to seventy-five men, and will depart from Dallas on the 24th of August.

Peace Talks To Resume On Stronger Guarantee Neutrality Of Kaesong

PEIPING RADIO CHARGES UN VIOLATION OF NEUTRALITY

By Robert Vermillion
United Press Staff Correspondent

TOKYO, Aug. 7 (UP) — Gen. Matthew B. Ridgway flatly refused today to resume Korean cease-fire talks until the Communists gave a stronger guarantee that armed troops will be kept out of the conference zone.

The Supreme United Nations Commander also told the Reds that the talks would be broken off altogether if there are any further violations of the Kaesong area's neutrality. Even if the Communists give the requested guarantee, a UN spokesman said, the truce conference probably cannot be resumed before Thursday.

Communist radio stations still had not replied to or commented on Ridgway's sharp rebuff to the Red Commanders eight hours after it was first broadcast.

However, the Chinese Communist Radio at Peiping countercharged U. S. forces with violating Kaesong's neutrality. It said specifically:

1. About 20 American troops fired on Panmunchong within the neutral zone three times with carbines and machine-guns between 5:40 a. m. and 6:10 a. m. on July 16.

2. American and South Korean troops from July 19 through 24 penetrated to the vicinity of the neutral zone on 17 different occasions.

3. American planes out to bomb North Korea pass over Kaesong day and night, "thereby causing tension in the atmosphere of the conference site."

4. Bombardment of the fringes of the zone by American warships is heard distinctly in Kaesong daily.

"Despite these acts of violation by American troops," the Peiping broadcast said, "the Communist did nothing beyond calling the attention of the Americans to these incidents—"

"From these two different attitudes on the part of the two parties concerned, it may be clear that it is our side that really desires early realization of a truce and it is the American side that intentionally tries to block the progress of negotiations."

Ridgway sent his sharpest message yet to the Communist commanders in reply to their request for "immediate" resumption of the deadlocked cease-fire talks.

Ridgway said he doubted the Communist explanation that mortar and machine-gun squads were inside the supposedly neutral zone Saturday by accident. He in effect rejected Red orders against a repetition as insufficient.

"It must be clearly understood that my acceptance of the armistice talks is conditional on complete compliance with your guarantees of neutralization of the Kaesong area," Ridgway said.

"Any further failure in this regard will be interpreted as a deliberate move on your part to terminate the armistice negotiations. I await your acceptance of this condition."

Ridgway bluntly told Gen. Kim Il Sung, North Korean premier and supreme commander, and Gen. Peng Teh-Huai, Chinese commander in Korea, that Saturday's incident was neither "minor accident" nor "trivial," as they had contended.

The message threw responsibility for continuation of the cease-fire talks squarely back to the Communists. Vice Admiral C. Turner Joy and the three other American members of the UN negotiating team remained in Tokyo, apparently pending a Communist reply.

Ridgway's message was broadcast to the Communists shortly before 1:30 p. m. (1:50 p. m. Monday EDT). The Reds customarily do not reply for at least 24 hours to such messages.

That means that the armistice talks probably cannot be resumed in Kaesong before Thursday at the earliest, Ridgway broke off the talks Sunday after the UN delegation complained that a company of armed Communist soldiers marched past within 100 yards of the conference house Saturday during the 19th truce meeting.

It was the second time that the truce conference had been interrupted by the presence of armed enemy troops in Kaesong.

David Pickrell Appointed OIC County Chairman

Dave Pickrell, associated with Premier Oil & Refining Company has been appointed Ranger community chairman of the Oil Industry Information Committee. He will administer the American Petroleum Institute information program in this community for 1951-52 and is in charge of plans now in their formative stage for Oil Progress Week, October 14-20, according to an announcement from Abilene today by W. C. Barnes, OIC West Central Texas area chairman.

"In broadening the OIC program in Texas this year", Mr. Barnes said, "we feel fortunate in enlisting Dave Pickrell's leadership in the vital Ranger community."

W. C. Barnes explained that Texas has been divided geographically into 14 OIC areas this year with almost 700 oil and gas men serving on 331 volunteer community committees throughout the state.

Men and women from all segments of the petroleum industry over the nation have been banded together since 1947 as volunteer workers to keep the public informed about their industry.

In commenting upon his appointment as the new community chairman, Mr. Pickrell said that his objective and that of the local committees serving with him was:

"To help re-affirm the faith of the American people that their individual interests, as well as those of the nation, are best served, in peace or in war, by competitive, privately-managed oil and gas companies."

Legion To Elect, Install Officers Thursday Night

Post Commander "Chick" Usery announced that there will be a special meeting of the Ranger American Legion Post, Thursday night at 8:00 p. m.

All Legionnaires are urged to attend this very important meeting. New officers will be elected and installed.

Light refreshments will be served at the meeting.

PARENTS CONVERGE ON POINT TO CLEAR DISMISSED CADETS

WEST POINT, N. Y., Aug. 7 (UP)—Fourteen of the 99 Army cadets facing dismissal from the U. S. Military Academy for classroom cheating, have had their final hearing and are being sent back to their parents.

It was learned that the cadets have been put to work clearing shrubbery while Army officials discuss their case.

Maj. Gen. Frederick A. Irving, superintendent of the academy, scheduled a press conference today and was expected to give the Army's official stand on the cheating scandal exposed last Friday.

At West Point said parents of any cadets were hurrying to help clear their sons' names and that one father, an officer on active duty, was traveling "more than 1,500 miles."

Parents already on the scene begged President Truman last night to forgive their sons in a "fatherly" way and let them re-pay the nation in service for the "error of their youth."

Marines Recruit All Texan Platoon

DALLAS — Major E. L. Hale, Jr., Officer in Charge of the Dallas Marine Recruiting Office, has announced that the Marines are again offering young Texans an opportunity to enlist in the Marines as a group, with the formation of the Longhorn Leatherneck Recruit Platoon.

The Longhorn Leatherneck platoon will be composed entirely of Texans, who will enlist together, travel together, train together, and return home on leave together.

Unlike its forerunner the North Texas Marine Recruit Company, the Longhorn Leatherneck Platoon will be restricted to 75 men.

"Young men who meet the exacting requirements for Service with the Marines may apply for enlistment with the Longhorn Leathernecks," the Major said. "However, men with previous Marine Corps service are not eligible, because they are not required to undergo marine recruit training again," he added.

The group will be sworn in, in Dallas on the 24th of August, and will be transferred to the Marine Corps Recruit Depot, San Diego, California the same evening.

"Because of the limited size of the Longhorn Leatherneck Platoon, interested young men are advised to apply immediately, in order to assure themselves a place in the platoon," Major Hale pointed out.

Residents of Ranger may apply for enlistment with the Longhorn Leathernecks at the Marine Corps Recruiting Office located at room 203, Post Office Building, in Breckenridge.

Mrs. David Jones Dies At Gordon

Word was received Monday of the death of Mrs. David C. Jones of Longview, a long time resident of Gordon.

She is survived by three sons, Harold Overleece of Longview; Wilbur E. Jones of Gordon; Rufus M. Jones of Ranger, and one daughter, Mrs. Sam Milstead of Fort Worth.

Funeral services will be Wednesday afternoon at 2:30 in the Baptist Church of Gordon.

Shivers Accepts Chairmanship Of Polio Foundation

AUSTIN, Aug. 7 — Governor Allan Shivers has accepted the general chairmanship of the Gonzales Warm Springs Foundation committee of Texas for the third successive year, it was announced today, and will spearhead the fall campaign to provide additional facilities for the Gonzales treatment center, dedicated to the welfare of the thousands of physically handicapped children of Texas.

The Gonzales hospital of physical medicine and rehabilitation is state-wide in scope and since its founding in 1937 has treated patients from the majority of Texas counties. Non-profit and non-sectarian, it accepts any Texas child regardless of color, creed or financial condition, who can benefit from the treatment program.

In accepting the chairmanship, Gov. Shivers pointed out that because of the pressure of his many duties he has been forced to reluctantly decline active participation in many worthy causes, but that the welfare of the crippled children of Texas was most close to his heart.

"The Gonzales Foundation must continue and enlarge its program for the benefit of our physically handicapped little ones," he said, "to the end that they become happy, useful citizens. We must provide a treatment center for our crippled children that is second to none."

Ft. Worth Zoo Gets New Pet

FORT WORTH, Aug. 7 (UP)—The Fort Worth zoo added an extra alligator to its population today after police captured the three-foot reptile on the front lawn of a home here.

The "gator was discovered by Mrs. C. B. Grafs, Jr., late last night, cooling itself under a water sprinkler on the front lawn. It turned out to be one captured at Eagle Lake last week by 16 year old Dick Jones, but which later escaped from a pen in the boy's back yard.

Informed by police that they had captured the alligator, Mrs. Ray Jones, mother of the young owner, directed that it be given to the zoo.

F&R Oilers Take King Motor 6-0

The F&R Oilers journeyed to Eastland last night and defeated King Motor to the tune of 6-0. Simpson pitching to Hamrick allowed the Eastlandites only hits and their teammates did not allow an Eastland man to cross home plate.

Maynard pitching to Beck for Eastland gave up eight hits and allowed six Ranger runners to reach home plate safely.

The F&R Oilers had a good night in the fielding department with no errors credited to them. Eastland didn't fare so well with two errors.

Convair Workers Get Wage Hike

FORT WORTH, Aug. 7 (UP)—General wage increases of four per cent will go into effect next week for the more than 30,000 workers at the Convair Aircraft Plant.

The pay boosts were announced yesterday by union and company officials. Unions represented were International Association of Machinists, Federate Independent Texas Union, International Brotherhood of Electrical Workers and Office Employees International Union.

THREE-DAY BAN PLACED ON NON-ESSENTIAL WATER USE

The use of water for non-essential purposes will be prohibited in Ranger for a period of three days. Mayor Price Crawley and Water Commissioner Addie Williams in a statement urged that the citizens of Ranger cooperate in this ban on watering lawns, washing cars, and other non-essential use of the water supply.

The amount of water used daily has increased from 600,000 to 900,000 gallons. Efforts are being made to speed up the processing of the water so that the supply on hand in the water tank may be increased. At the present there is a very limited supply on hand. Mayor Crawley stated that in the event of a fire or other emergency there is only enough water at the present to last about two hours.

The lack of water is not due to a low supply at the lake. The shortage exists in the rapidly that the water is purified at the plant. An additional pump is being placed into operation at the plant that will boost the output to the tank 100 gallons per minute.

In the low consumption periods that will ensue at night and during the ban on the use of water, repairs and changes will be made to increase the output capacity of the water plant. A supply that will suffice for a long period must be gotten into the tank on the hill before the adjustments can be made.

UN-Red Patrols Meet In Feeler Skirmishes

8TH ARMY HEADQUARTERS Korea, Aug. 7 (UP)—United Nations and Communist patrols felt out each other's defenses today during the suspension of cease-fire talks.

Patrol skirmishes were reported all along the 135-mile front, with the heaviest activity on the central sector below the Communist stronghold of Kumsonng.

UN patrols stabbed out as much as seven miles ahead of their lines Monday. One reached a point just southwest of Pyongyang, 29 miles north of the 38th Parallel at the apex of the old enemy "Iron Triangle."

In the air, 16 B-29 Superfortresses hit enemy airfields, marshalling yards and supply centers in North Korea without loss. The heaviest attack was on Pyongyang Airfield in northwest Korea. Seven B-29s dropped 50 tons of demolition bombs there.

Youth Steal Car To Be Popular

Two youth and a car they had stolen at Tucson, Ariz., were apprehended over the weekend between Eastland and Cisco, Terry Barrett, highway patrolman, said.

Barrett said the youth had stopped to put the top down on the convertible they were driving when he approached them because they had not pulled completely off the road.

They told him the car belonged to the father of one of them and they were taking it to Fort Worth for him.

When Barrett told the boys he was taking them to Cisco where they would confirm the boys' story by telephone, they admitted that the car was stolen from a Tucson used car lot. Authorities in Arizona have been notified and the youth are awaiting their disposition.

Barrett said he asked them why they had stolen the car and one replied, "A boy is just not popular without a car, can't get any girl friends."

Applications For Housing Lagging

A check on the progress of the Ranger Housing Project revealed that the applications for the units at the project are lagging behind. So far only twenty five applications have been received prospective renters. There are fifty units that are to be rented to families that meet the income requirements.

There has been some delay in the completion of the houses and the authorities does not expect them to be ready for occupancy until about September 15th.

The units at Ranger will be for Anglo-Saxons. The Latin and Negro members of the authority waived the part of the law that requires that equal facilities be made for the colored and Latin-American groups. The waiver for Ranger was made due to the lack of a need for the housing for these two groups here. The fifty units that are constructed here will be rented to the white population of Ranger.

Further information on the income requirements and method of making application may be had by contacting or calling Joe Neusse, Telephone 410 or go to his office at 113 South Bunk. The sooner that enough applications are received to fill the units, the quicker the papers will be processed and the parties will be notified of the action taken in each case.

The ceremony was performed Saturday, August 4, 1951 by Peace Justice Charles Bobo.

Mr. Ball and the bride were teenage sweethearts in Ranger in 1918, but drifted apart when employment. After fifty three years they again met and decided they would like to be married in Ranger where they first met.

Mr. Ball is employed by an oil company at Anson. He has a brother here, W. A. Ball, custodian of the Ranger Country Club.

The newly weds left Ranger for east Texas where they will spend their honeymoon visiting relatives.

Six men have been mailed orders to report for induction into the Armed Forces by the local draft board No. 86, it has been announced.

The list includes Harold Leon Everett and Melvin Dean Duffield, both of Eastland and Robert Louis Cutshall, Bernard Ray Emerson, Owen Milton Sparks and Rayford Morales, all of Breckenridge.

Texas' draft call for October is 742 men, Brig. Gen. Paul L. Wakefield, state Selective Service Director, has announced. The draft call for October compares with 619 in September and 772 in August.

Russians Bring "Figurehead" To Light In Peace Offensive

Russians 3-36 PJ J newspaper?

The Russians have suddenly pushed their rarely-heard-from president to the fore in the Communist "peace offensive."

His name is Nikolai Shvernik, and he bears the impressive title of President of the Presidium of the Supreme Soviet of the U. S. S. R. In rank, he is supposed to correspond to Harry S. Truman, President of the United States. But in reality he is little more than a convenient figurehead.

He is only an alternate member of the Communist Party Politburo, the real rulers of Russia. The boss man in the Politburo is Premier Josef Stalin, otherwise known as the council of ministers and secretary-general of the central committee of the Soviet Communist Party.

1918 Romance Ends In Marriage

Shvernik sent a letter to President Truman acknowledging the American president's letter of July 7, which included a congressional resolution expressing America's friendship toward the Russian people.

The government-controlled Russian Press hasn't published President Truman's letter or the congressional resolution. But it may do so now that it has Shvernik's letter and a resolution by the Presidium of the Supreme Soviet to run alongside.

Under the Soviet constitution, the Presidium is the most powerful body in the Soviet Union. Even the council of ministers—the Soviet cabinet—headed by Stalin is responsible to it.

The Presidium is elected at a joint sitting of the two houses of the Supreme Soviet, Russia's parliament. Among other things, it can annual laws adopted by the council of ministers, appoints and removes the high command of the armed forces, proclaims martial law and declares war.

But, in fact, the presidium is only a collection of stooges virtually unknown outside the Soviet Union and completely under the thumb of the all-powerful Politburo.

The Presidium's resolution, moreover, is just another reply of the Kremlin's let's-be-friends propaganda record which U. S. Assistant Secretary of State Edward Barrett has called as "phony as a three-dollar bill."

The resolution again urged a joint sitting of the two houses of the Supreme Soviet, Russia's parliament. Among other things, it can annual laws adopted by the council of ministers, appoints and removes the high command of the armed forces, proclaims martial law and declares war.

T-MEN TAKE TAX MONEY FROM BANK ACCOUNTS OF WOMEN

MARSHALL, Aug. 7 (UP)—The "T-Men" of Uncle Sam's Internal Revenue Service stood by today for a second swoop in to the bank accounts of Marshall's anti-social security tax housewives, but the women said they were ready.

The agents, armed with warrants, went to Marshall banks yesterday and withdrew \$36.09 from the accounts of eight of the 19 housewives who have determined not to pay the taxes on household employees.

The T-Men said they would ride again today.

But they faced a bit more difficult situation. Of the 11 re-

maining housewives the government says one owe it money, 10 have closed their accounts and one has a joint account with her husband.

Yesterday's action seemed given to intensify the bitterness of the rebellious little group and make them more than ever determined not to yield.

"It doesn't sound like we are living in a free country," said Mrs. P. L. Martin whose account was touched for \$7.69.

"Hear, hear!" echoed Mrs. Carolyn Abney, leader of the group. "We're burned up about the whole thing," she said.

The Treasury Department gave

the housewives a "final" warning 11 days ago and announced that warrants had been issued for seizure of personal property to pay the tax bills.

When the agents arrived at the banks yesterday, bank officials offered no resistance, explaining there was "no other course left open to us."

The women earlier submitted their case to Secretary of the Treasury John Snyder, but to no avail.

"We had petitioned legally and orderly for a hearing," Mrs. Abney said. "We got nothing, except this high-handed and contemptuous action by the government."

The government men nicked Mrs. Abney for \$2.34.

The agents obtained \$2.51 from the account of Mrs. Lew Clements.

"They took property of conscientious citizens without a hearing," she said.

The women's long-range object is to arouse public sentiment against payment of social security taxes on servants. They claim they would be unjustly forced to act as unpaid tax collectors under the terms of the recently-enacted law.

The next phase of the battle may take one of the two courses, the women indicated:

- 1—Filing claims for full refunds from the Collector of Internal Revenue.
- 2—Requesting Rep. Wright Patman, D. Tex., to introduce legislation granting them permission

(Continued From Page 1) five-power pact. This would mean U.S. recognition of the Communist government of China and already has been rejected twice in the UN general assembly.

It urges a ban on atomic weapons with international inspection. But it fails to mention that the UN already has rejected the Soviet plan for a ban on grounds that it would permit inspections only when scheduled in advance.

It also proposes a limitation on armaments and armed forces. The western powers also would go along with any foolproof formula for controlled disarmament, but Russia has balked at any control plan.

As for the President's assertion that the Soviet Union has "no aggressive plans and does not threaten any country of any peoples," Moscow never has disowned Stalin's statement that Russia:

"Should stand up against the remaining capitalist world, attracting to itself the oppressed classes of other countries raising revolts in those countries against the capitalists, (and) in the event of necessity even coming out with armed force against the exploiting classes and their governments."

Air Force Needs Foreign Workers

Despite the large number of applicants now being processed for overseas employment hundreds of vacancies still exist at Air Force installations throughout the world.

One of the newest Air Force bases to be established is in Morocco, North Africa. Only qualified male applicants can be placed in positions at this base. Among some of the jobs now open are Supt. of Aircraft Shops \$7600; Electronic Engineer, Industrial Engineer, Production Specialist, Supply Officer and Training Officer at \$5400 per year; Also open are other top jobs requiring experience in either aircraft repair supply or vehicles.

Just as there is a shortage in the States, so there is a shortage overseas for qualified typists and stenographers. Persons interested in this type of employment can take their pick of 175 jobs now open in such places as Alaska, Azores, Germany, Guam, Japan, Okinawa and the Philippines. The pay for these jobs ranges from \$2650 to \$2875 per year.

Other jobs are also open for qualified administrative, professional and mechanical applicants. Persons interested in working for the Air Force at an overseas base may obtain further information from the Board of U. S. Civil Service Examiners, Post Office Building, San Antonio, Texas.

Baseball Man Favored In Poll

NEW YORK, Aug. 7 (UP)—Five Major League club owners said they favored a baseball man and the Washington Senators began an active campaign to elect minor league President George Trautman as the game's leaders convened today to pick a new commissioner.

Warren Giles of the Cincinnati Reds, Bill Dewitt of the St. Louis Browns, Cal Griffith of the Senators, Bob Carpenter of the Philadelphia Phillies and Lou Perini of the Boston Braves all said before the meeting they favored a man from within the game itself. Fred Saigh of the St. Louis Cardinals leaned away from a baseball man, and Del Webb of the New York Yankees, Walter O'Malley of the Brooklyn Dodgers and Charles Comiskey of the Chicago White Sox were undecided.

There was doubt that a commissioner could be elected at the meeting today. It takes 12 of the 16 votes to elect A. B. Chandler's successor.

Perini, a member of the screening committee to line up candidates for the \$65,000-a-year job, said the list was down to 20 names. But Comiskey added that some names will be presented that are not on the screening committee's list.

In addition to Trautman, Giles and Ford Frick, president of the National League, are the top candidates from within baseball. Some club owners said they considered James Farley a "sports" candidate. Farley is most famed for his services within the Democratic Party, but he once was chairman of the New York Boxing Commission and attempted to buy the New York Yankees from the estate of the late Col. Jacob Ruppert.

As sleepy-eyed club owners trooped into the swank Fillemont Suite of the Waldorf-Astoria Hotel for their session, O'Malley cracked, "we won't be out until cocktails."

Umpire Defeats Abilene Team

"Umpires never lose an argument," and there was additional evidence to support the old saying today.

Manager Hack Miller of the Abilene Blue Sox became embroiled in an argument with the umpires last night at Pampa during a West Texas-New Mexico League game, and he lost.

Miller, never known as a shrinking violet, argued so long and lustily that the ump ordered the game forfeited, 9 to 0, to Pampa. Abilene had led, 1 to 0, going into the last of the fourth.

Other games were less spicy, being largely confined to straight play.

Albuquerque defeated Amarillo 1 to 0, behind the five-hit pitching of Jesse Priest. The lone run came in the seventh inning.

Borger took another one-run margin victory, 8 to 7, over Clovis. The Clovis Pioneers threat-

Managers Are Confused As Well As Fans

NEW YORK, Aug. 7 (UP)—Only one National League manager refused to pick the runaway Dodgers for the National League pennant today but four teams were named as likely winners in the American League race in a poll of the 16 major league pilots conducted by the United States.

Eddie Sawyer, manager of the defending champion Phillies, was the only national league manager who did not admit the Dodgers "were in." Sawyer refused to pick the finish, 1-2-3, as requested in the poll.

On the other hand, the American League pilots seemed as confused by their torrid race as are the fans.

Yankee Manager Casey Stengel, Red Sox manager Steve Neill and Tiger Manager Fred Rolfe refrained from picking the race at all.

Cleveland manager Al Lopez would not pick the race 1-2-3 but said the Indians would win, barring the loss of Larry Doby or Luke Easter.

Stengel said he thought his club "the strongest in the league but that tough breaks can decide the race."

"I'll say we would win," Stengel said. "But I'm no mind reader. I don't know who's gonna."

O'Neill said he still thought the Red Sox were the best team in the league but that he could not pick the finish.

Paul Richards manager of the skidding White Sox, stood by his team and picked it to win.

Zach Taylor of the Browns and Bucky Harris of the Senators picked the Yankees. Jimmy Dykes of the A's voted for the Red Sox and Lopez picked the Indians.

At Lubbock, the Hubbers scored seventh and eighth inning runs to nip Lamesa, 3 to 1.

Tonight's schedule: Pampa at Borger, Lubbock at Amarillo, Lamesa at Clovis, Abilene at Albuquerque.

163 Group Air Arm Proposed

WASHINGTON, Aug. 7 (UP)—Chairman Carl Vinson of the House Armed Services Committee called today for immediate action to build a 163-group Air Force and two additional super aircraft carriers.

The Georgia Democrat, one of the most powerful figures in Congress on military matters, said this extra air power is imperative to America's defense.

"If we are to have this force in time" Vinson said in a statement, "the decision to allocate the necessary resources must be made immediately, and the fund should be included in the next budget to be submitted to the Congress."

A \$56,000,000,000 defense appropriation approved yesterday by the house appropriations committee, which comes up in the House tomorrow, includes funds

able to air attack," Vinson said. "The most effective defense against such an attack is adequate air power to meet it, and, above all, to strike back at its sources."

"It is impossible in modern warfare to postpone or avoid decisive action in the air. No matter how much strength we may be able to assemble on the ground or the sea, we cannot hope to defeat Soviet power unless we have superior strength in the air."

It takes money from a lot of PIGGY BANKS to build a power plant!

Yes, money from piggy banks, and commercial banks too money from the savings of a lot of people. Thousands of people supplied the money for Texas Electric Service Company to build power plants, power lines and the other facilities that provide your dependable electric service. They invested their savings in the securities of our company, or they have a stake in this company as owner of an insurance policy or shares of a trust fund in the large groups of insurance companies and trust funds that have investments in our securities.

The part of Texas we serve is growing rapidly and the need for electric service is growing even faster. Texas Electric Service Company has spent more than \$60,000,000 since 1946 to build new power plants, power lines and other facilities so Reddy Kilowatt can provide plenty of dependable electric power for the areas he serves. Yes, this construction program is still under way and is costing a lot of money. Most of it is "borrowed" through the sale of securities to folks who have faith in our future, and in the area we serve. The money you pay for electric service is used for the most part to pay our day to day expenses, such as wages, fuel and other costs of doing normal business, including the wages of capital. The additional new capital which is constantly being needed must come from the sale of securities.
