Russia Opens Slovakian Uranium Mine

WASHINGTON, Aug. 16 (UP)—Russia has opened a new uranium mine in Czechoslovakia and has started vigorous prospecting of other areas for this vital atomic metal, underground sources reported today.

The new uranium pit was said to be at Hermanovs Seisy near Jachymov, Czechoslovakia. Jachymov was the largest uranium mine behind the Iron Curtain.

Soviet engineers and highly-skilled workers from Jachymov were reported rushed to the new uranium find at Hermanovs Seisy. The pit has been put into production, but its output is not known.

The atomic developments were reported by the Liberty Legion, a "underground" organization, through the committee for liberation of Slovakia.

The Liberty Legion said Soviet engineers are searching for uranium in the areas of Kremnica, Spisnava and Banska Bystrica in Slovakia — the eastern part of Czechoslovakia. Mines there long have turned out gold, silver and copper.

The Russians, in addition to searching for uranium, were reported, to be industrializing Slovakia, which touches the Soviet Union. A large iron works capable of turning out 1,000,000 tons of pig iron annually is going up at Kosice, and Slovakian coal miners have been ordered to triple production to fuel the plant, according to the underground reports. A new hydro-electric plant to serve 16 war plants also was reported under construction.

County Polio Chapter Receives Emergency Check

A check for \$3,250.00 to help provide care for local polio patients has been received by the Eastland County Chapter of the National Foundation for Infantile Paralysis, it was announced today by Mrs. Merle Barthelmy, chapter chairman.

When March of Dimes funds are raised, half stays with the local chapter and half goes to national headquarters for research, professional education and emergency aid such as the check just received.

Record-breaking polio incidence during the past three years have exhausted the treasuries of hundreds of chapters across the country. Up to July 31, the National Foundation had sent almost that number in 42 states might carry on their patient-care \$4,000,000 in emergency funds so disbursements.

At present the Eastland county chapter is providing funds for the care, in whole or in part, of two patients afflicted this year in addition to underwriting the patient care costs of four stricken prior to January 1, 1951.

Shotgun Fails To Stop Heat

HOUSTON, Aug. 16 (UP)—Some heat-wearyed soul fired a shotgun at a thermometer hanging in the east window of the Cedar Bayou Post Office.

He missed the thermometer and broke the glass window.

HIGH SCHOOL STUDENTS WILL REGISTER STARTING AUG. 29

Registration for Public School students will start Wednesday, August 29. Parents and students are asked to please observe and register on the following days:

Seniors and Juniors—Wednesday, August 29.

Sophomores—Thursday, August 30.

Freshmen—Friday, August 31.

Grades 1 through 6 in Young, Friday, August 31.

Grades 1 through 6 in Hodges, Friday, August 31.

Seventh and 8th grades (Junior High) Friday, August 31.

Hours for registration are from 8:30 to 12:00 and from 1 to 5 p.m. daily as scheduled.

At the present time all teaching positions are filled. Faculty members are as follows:

High School and Junior High: Sam Aills, Guyle Greyhound, Robert R. Gans, Barbara Getts, Hel-

en Hagaman, A. G. Koenig, Lillie Robinson, Lillian B. Strain, O. C. Warden, Mary Joe Wilson, B. J. Finley, R. S. Dudley, Jr., Verner Owen, Billie Jean Crawley, Wanda Sue McIntire and Homer L. Coody, principle.

Young School: Eva Bobo, Addie Harris, Clara Landers, Lorene Oliver, Cozette Penney, Johnnie Young and Morris Jeffries, principle.

Hodges Oak School: Mary V. Anderson, Mildred Balch, Jettye Fallenger, Grace Carter, Iselta Daniels, Margaret Lemley, Vester Wallace, Margaret F. Worden and Paul Rogers, principle.

Slaughter: (Colored): Bertha Lyons.

Regular class schedules will be followed Tuesday, Sept. 4. All school will operate from 8:30 to 4:00. Regular bus schedules will be observed beginning morning of Sept. 4. The school system urges that the parents, where possible, have their children register on the day set aside for registration.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

STREET CLOSED—This is a tense moment at the height of a dispute on a suburban street in Detroit, Michigan, when residents threw up a human barricade and finally won their fight to have the street closed to race track patrons. City Manager Robert J. McNutt gave the order to close the street after the child, right, was injured in the street skirmish. Police Chief Ray Hunt, left, backs up the City Manager's order as Mrs. Edward Sharkus, whose 4-year-old son was injured last week, stands in front of McNutt's car. (NEA Telephoto).

County Mobilization Committee To Study Agricultural Groups For Suggestions On Improvement

The programs and activities of the different agricultural agencies and program of the U. S. Department of Agriculture in Eastland County are being reviewed by the County Agricultural Mobilization Committee to see how they can be strengthened and made better, E. (Bud) Blackwell, chairman of the group announced recently.

Representatives of the different agencies of the Department of Agriculture operating in the county compose the Agricultural Mobilization Committee. The review locally is part of a nation wide plan to examine the program and activities of the different agencies working with the rural people in an attempt to make them more effective and to better serve the people, Blackwell said. The program has been instituted by Secretary of Agriculture Charles P. Rosen.

A number of meetings are planned by the committee before several community meetings are held to get the best thoughts of some of the farmers and farm women as well as business and professional people concerning the different agencies and program.

The more active agencies of the Department of Agriculture operating in the county include the PMA, the Soil Conservation Service, the Farmers Home Administration and the Cooperative Extension Service. Others include the Rural Electric Administration, Agricultural Research Administration, Bureau of Agricultural Economics, Forest Service, Farm Credit Administration.

A report on the recommendations of the committee as well as from farmers and farm women, business and professional people is to be compiled and submitted to Washington within the next 30 days from the county. Reports from counties all over the nation are expected to be combined. More attention to the family farm is expected to receive emphasis in the report.

In addition to Blackwell, other members of the committee who have been working on the report include A. Z. Myrick, PMA, Cisco; D. J. Perkins, PMA, Rising

en Hagaman, A. G. Koenig, Lillie Robinson, Lillian B. Strain, O. C. Warden, Mary Joe Wilson, B. J. Finley, R. S. Dudley, Jr., Verner Owen, Billie Jean Crawley, Wanda Sue McIntire and Homer L. Coody, principle.

Young School: Eva Bobo, Addie Harris, Clara Landers, Lorene Oliver, Cozette Penney, Johnnie Young and Morris Jeffries, principle.

Talks Halt While Special Team Confers On Zone

UN Forces Hit Reds In 2 Points

8TH ARMY HEADQUARTERS Korea, Thursday, Aug. 16 (UP)—United Nations forces battled desperately - resisting Communists on two sectors of the Korean front Wednesday and drove them back with heavy losses in one of the fights.

Infantrymen stormed the Communist positions on the hills southwest of Kaesong on the central front in face of intense machine gun and mortar fire. The Allied troops took the heights and sent the enemy retreating toward the north.

In a battle which still was in progress at last report, Allied troops fought to capture the third of three hills dominating the eastern end of the front.

The other two hills west of Kaesong, 27 miles north of the 38th Parallel, were seized yesterday. It was the third time in three weeks that the key heights had changed hands.

The Allies advanced only 600 yards up the third hill in 19 hours yesterday. They renewed the assault at dawn today and the result still was in doubt at last report.

Elsewhere along the 135-mile wide front only scattered patrol activity was reported. An under-terminated number of Communists clashed with an Allied patrol Tuesday south of the cease-fire conference city of Kaesong.

Night fighters combing North Korean skies early Wednesday reported fires set by B-29 Superfortresses in a daylight raid Tuesday on Pyongyang, the North Korean capital, still reflected in heavy clouds.

At sea, UN warships carried their non-stop bombardment of the Communist east coast port of Wonsan through its 183rd day and night.

A Navy announcement said the rain of shells and bombs had shut down industrial plants and slowed efforts to supply their front lines through Wonsan, one of the main junction points on east coast highways and railways.

A Navy announcement said the rain of shells and bombs had shut down industrial plants and slowed efforts to supply their front lines through Wonsan, one of the main junction points on east coast highways and railways.

Berlin Police Alerted Against Red Youth Riot

BERLIN, Aug. 16 (UP)—West Berlin police rushed to three points in the western sector of the city today as Communist youth delegates massed apparently for another organized "invasion" similar to yesterday's smash by 14,000 Red youths.

The young Red delegates to East Berlin's monster "peace" rally apparently intended to stage another anti-Western demonstration. Yesterday's attempt ended in a bloody hand-to-hand fight with police in which 432 persons were reported injured—many seriously.

West Berlin police, who had strengthened their border patrols, said several thousand blue-shirted members of the "Free German Youth" were concentrating this morning at Potsdamer Platz, where the British and American sectors meet, in American-occupied Neukolln and in French-occupied Wedding.

Several hundred members of the West Berlin police specially trained riot squad were rushed to the danger points. The entire 12,000 man police force has been on the alert since the "peace" rally started Aug. 3.

Checks Mailed To Derby Victors

Checks have been mailed to all owners of winning toads in the 1951 Old Rip Horned Road Derby, H. J. Tanner, manager of the Eastland Chamber of Commerce, has announced.

A racing form with the list of winners has been mailed to everyone outside of Eastland who had an entry in the derby, Tanner added.

Tanner expressed the appreciation of the derby committee to everyone who had a part in making the annual event a success.

Dies May Enter Fight Against Tax Collection

MARSHALL, Aug. 16 (UP)—Marshall housewives said today they might call on a legal big gun—former congressman Martin Dies—in their bitter social security tax battle with the government.

Miss Carolyn Abney, spokeswoman for 18 women who have refused to pay social security taxes on household servants, said a definite announcement about hiring Dies as counsel would be forthcoming later today. She said that the delay was caused by the women checking to see if they had sufficient funds to employ Dies.

Dies said he was willing to represent the women if they could obtain sufficient backing "to take the case to the supreme court."

The housewives' firm stand against paying the taxes has attracted national attention. They claim the government seeks to make them unpaid federal tax collectors under provisions of the law.

Internal Revenue Agents recently tapped the bank accounts of 12 of the women for \$55 to satisfy tax demands.

The women met last night with Dies, former head of the House Un-American Activities Committee. He told them he was willing to take the case and hoped to "get right into the matter."

Dies, of Lufkin, announced recently that he would re-enter the political arena in 1952, either as a candidate for the U. S. Senate or as a congressman at large. He retired from politics in 1944 after seven terms as representative from the second Texas district.

Dies said his decision to aid the Marshall women had no connection with his political plans.

"I'm a lawyer," he said. "The women asked me to handle their case as such. My decision has nothing whatsoever to do with politics. I believe the ladies have very good grounds for attacking this provision of the Social Security Law. I do not believe congress has the right to pass a law forcing housewives to become tax collectors."

New Twist To An Old Tale

NEWARK, N.J., Aug. 16 (UP)—Two steeplejacks have written a variation on the theme of the painter who paints himself into a corner.

Robert Rheinburg and George Griener, were tearing down a 125-foot smokestack at an old brewery yesterday. They entered the stack through a door at the bottom. They climbed to the top on the built-in inside ladder and ripped bricks from the stack. They threw them down inside.

The two men were so busy ripping brick off they forgot all about clearing the stuff away from the door at the bottom. When quitting time arrived they found they were trapped.

They yelled. No one heard them. They started to chisel a hole through the wall. Two hours later someone heard the screams and called the police emergency squad which rescued them.

Bullock Cemetery Association To Meet Mon. A. M.

The Bullock Cemetery Association will have a meeting at the cemetery Monday morning, August 20.

Work will be undertaken to prepare the grounds for spray to kill Johnson Grass.

All interested parties are urged to attend and assist in the preparation of the cemetery for the spraying.

Sunday Singing Set

The regular Sunday afternoon singing class will meet at the Church of God in Eastland, Sunday at 2 p.m.

Everyone is invited to attend the classes.

Wood Production Shop Opened By James Smith

Mr. James Smith, owner and operator of the L & J Supply Company that opened here in March, announced that he has opened a wood shop to run in conjunction with the supply company.

Mr. Smith has been in the woodworking business in Ranger since 1942. Prior to opening the woodshop for commercial purposes he operated a cabinet making school at the present location.

The wood shop will produce cabinets, windows, doors, store fixtures, custom built furniture besides repairing furniture, and building truck and trailer bodies. The shop is equipped to handle any type of specialized mill work.

The wood shop is completing the fourth defense contract since the reopening for commercial work.

Some of the stock carried by the shop will include foreign and domestic hardwood and all types of plywood.

Charlie Warden and Bill Nicks will supervise the production of wood work for Smith. Three other persons are employed in the shop.

A credit plan has been worked out by Mr. Smith whereby purchases at the shop may be had on payments extending a maximum of three years. Under government regulations a minimum and maximum payment is set up and the business will abide by these regulations.

Life Is Saved By Misfire

HOUSTON, Aug. 16 (UP)—An utter stranger rushed up to 39-year-old G. W. Johnson last night, leveled an automatic pistol at his head, and shouted, "move out of my way or I'll blow your brains out."

The pistol snapped.

Said Johnson today, "I'm the luckiest guy in town." The pistol failed to go off.

Johnson then knocked the gun from his assailant's hand and, with help, subdued the man until police arrived.

It turned out that the man with the pistol, Leonard W. Parnell, 38, was looking for Johnson's brother, W. H. Johnson.

Parnell was charged with a threat to take life.

Mace Oylor Will Receive BA At Denton Aug. 24

DENTON, Aug. 16 (UPI)—Mace Masters Oylor, son of Mrs. M. B. Oylor of Ranger, has made application for the bachelor's degree at North Texas State College.

Commencement exercises will be held at 8 p.m. on Aug. 24 in the new men's gymnasium. Dr. Ben H. Wooten of Dallas, chairman of the NTSOC Board of Regents, will be speaker.

Oylor has made application for the bachelor of business administration degree with a major in general business. While at the college Oylor was a member of the Talons, social fraternity.

EXPLOSION AT BATON ROUGE REFINERY KILLS TWO WORKERS

BATON ROUGE, La., Aug. 16 (UP)—A thundering explosion ripped through four or five tanks at Standard Oil's huge North Baton Rouge refinery today, igniting a fire and breaking windows three miles away.

Two unidentified men were killed and "at least 12" hurt, according to W. B. Cotton, Jr., public relations director for Standard Oil.

Four or five were seriously injured, Cotton said, and there were rushed to Our Lady of the Lake Sanitarium. The less seriously injured were taken to the sanitarium earlier.

Standard Oil's fire department—big enough for a good sized city since there is an ever-present danger of fire and explosion on the 1,032 acres of plants and tanks

COMMUNISTS MAY AGREE ON COMPROMISE AT MEETINGS

By Peter Kalischer
United Press Staff Correspondent
UN ADVANCE BASE BELOW KAESONG, Korea, Friday, Aug. 17 (UP)—A four-man subcommittee meets in Kaesong today under an almost complete news blackout in a new attempt to fix an armistice buffer zone between the United Nations and Communist Armies in Korea.

Cease-fire negotiators agreed yesterday to turn the knotty buffer zone problem over to the subcommittee and put it to work at once.

Two UN delegates and two Communists, each side with one staff assistant and one interpreter, will meet at 11 a.m. (7 p.m. Thursday CST) the main negotiating committee will remain in recess while the subcommittee talks.

There were unofficial intimations that in the informal atmosphere of the secret subcommittee meetings the Communists may agree to a compromise.

Two Leftist British Commonwealth correspondents in Kaesong, who have proved to be well-versed in Communist thinking, suggested yesterday that the Reds may be willing to compromise. One of them said he believed the Communists might accept a straight truce line based on the present battle front, without any buffer zone between the two armies.

The Communists accepted the United Nations proposal for a subcommittee on the 16th day of deadlock over the location of a cease-fire line across Korea and establishment of a demilitarized buffer zone between the opposing armies.

The biggest step yet toward breaking the stalemate on the second item of the armistice conference agenda was taken at a 55-minute meeting, one of the shortest since truce talks began July 10.

The Reds suggested only one change in the UN proposal—that the subcommittee comprise two delegates from each side instead of one. Chief UN Delegate Vice Admiral C. Turner Joy agreed.

The subcommittee will compromise agenda was taken at a 55-minute meeting, one of the shortest since truce talks began July 10.

hit 'n miss

With the increase in population and the increased need for local recreation for the teen-agers of Ranger, there is the ever growing need for a recreation center for the young people.

There has been some effort in the past to secure such a center

for the kids. For some reason or the other, it has always ended without success. Some people are prone to realize that the youngsters here are normal human beings and have the same desires and needs in their spare time as the teen-agers of other cities.

When the younger people themselves go before a group of citizens and state their needs and the people will not respond, there is definitely something the matter. When it has gotten to the point that the kids have to go to that extreme, something should be done. If another effort of this description ever comes up; before it is let die out, why not some of the city fathers take it on themselves and do a little investigation and see if the need does exist?

People are thinking, talking and arguing football. The first game for Ranger High School is only three weeks away. The first game is a home affair, September 7. Fall training is slated to start August 27, for the high school, and September 4 for Ranger Junior College.

There is quite a bit of activity at the coaching headquarters at

RJC with the prospective athletes dropping around to see about the availability of scholarships. The two coaches are spending a great deal of their time out hunting and existing material for the coming year.

RJC will participate in the Pioneer Athletic Conference for the first time this year. This will mean rougher competition and better played football. The Pioneer Conference is the top in Junior College athletics for Texas. Competing in a new conference will mean more work on players and coaches as well as ball games that are faster and better played.

The football field is progressing very well and should be in good shape for the first games played there this fall. By having a smoother and better field the local teams should not suffer as many injuries as in previous years.

The damage keeps mounting and the heat keeps getting higher as the Texas heat wave rolls into the seventh week. This will effect the economy of this territory in a bad way if a rain does not relieve the drought soon.

of Sunday School, Training Union, Brotherhood, Woman's Missionary Union, ministry with minorities, student work, church music, evangelism, offices of the executive secretary, assistant secretary and treasurer of the Texas Baptist convention, the evangelism department of the Southern Baptist convention, and the Dallas Baptist association.

The Baptist Book Store, now located on the first floor of the former Baptist building, will begin moving this week to 1917 Elm Street.

Texas Baptist headquarters coordinates the work of 3,300 Baptist churches in the state. A budget of ten million dollars a year is required to carry on the activities of the Baptist convention.

Billy Wayne Robinson is spending the week with relatives in Plainview.

**Police Question
New Suspects In
Dallas Bombings**

DALLAS, Aug. 16 (UP)—Police questioned five new suspects today about the bombings of Negro-owned houses in south Dallas.

Deputy Police Chief Harry T. Riddle said the suspects also were being interrogated about six mysterious fires that broke out in the troubled area.

The latest round up brought to nine the number of white men arrested in connection with 12 bombings which terrorized South Dallas during an 18-month period.

Charges of arson by bombing were filed against the four men arrested earlier. Assisting Riddle in making the latest arrests were Texas Rangers and Fire Marshal L. W. Moore.

**Headquarters
For Baptist In
Temporary Office**

DALLAS, Aug. 16—Headquarters for over one-million Texas Baptist this week completed their moves to temporary quarters in Dallas.

The move of some twenty departments and agencies was made in order to vacate the Baptist building located in downtown Dallas at Ervay and Pacific streets. This building has been sold.

New located in several different parts of the city, the Baptist offices will occupy the temporary quarters until the new Baptist building now under construction is completed early in 1952. The new denominational headquarters will be a four-story and basement structure at the corner of San Jacinto and Ervay streets. It will cost approximately one million dollars and is to be completed in January of next year.

Besides fourteen offices and departments of the Baptist General Convention of Texas, also involved in the move are radio station KYBS, the Baptist Foundation of Texas, the Baptist Book Store, the Southern Baptist Relief and Annuity board and the Southern Baptist department of evangelism.

The departments and their temporary locations are as follows: Relief and Annuity board, Trinity Universal building, 820 N. Harwood; Baptist Foundation of Texas, 711 N. St. Paul; endowment department, 795 N. St. Paul; radio and public relations and station KYBS, 417 N. Ervay.

In the Jefferson Tower building in Oak Cliff are departments

James Frost To Fill Pulpit Sun.

Rev. James Frost who is associated with the Texas Baptist Training Union Department will speak at the regular evening service of the First Baptist Church Sunday, Aug. 19th.

Rev. Frost will be the principle speaker Sunday afternoon at the Associational Training Union rally at Eastland. Following the rally he will return to Ranger for the evening services.

The Baptist Training Union work in Texas has grown from one little struggling union in 1888 to 13,284 unions in 1951. Even as late as 1915 there were only 512 unions with a total membership of 16,841.

The scope of the Baptist Training Union program and organization has been enlarged to take care of the training needs of every member of the family; therefore, the ministry of the Training Union Department is to all Baptist churches and all Baptist families.

Brother Frost is now making a special study of the 119 associational training union organizations. He will devote much of his time this next year to associational training union work.

Lone Star Picnic To Be Saturday

The annual picnic for the employees and families of the Lone Star Gas System will be held Saturday, August 18, at the Eastland Park at 7 p.m.

The group will enjoy swimming before the picnic lunch is served.

Hospital News

The Ranger General Hospital reports the following new patients today: Tommy Robinson of Ranger; W. M. Turnbow of Strawn; F. G. Smith of Eastland.

The following went home Wednesday: Mrs. Hershel Gibson of Strawn; Mrs. R. E. Beaman of Ranger and Miss Olivia Holloman of Gordon. Also Mr. T. A. Arney and Mrs. Carol Boone of Ranger and Mrs. L. P. Johnson of Gatesville.

Mr. and Mrs. Ben Yung and family have returned from visiting in the home of Mrs. Yung's sister and family, Mr. and Mrs. M. H. Alexander of Monahans.

Melba Rose Patton will return to her home Saturday. She has been away vacationing for sometime.

Auxiliary To Plan Hospital Program

The Auxiliary to the Veterans of Foreign Wars of the Ralph McKinney Post No. 5837 will meet at their headquarters Thursday evening at 8 p.m. for a very important meeting.

The Auxiliary has received from the state headquarters the program for the year and this month has been given to hospitals.

The local auxiliary will be assigned one of the Veteran's hospitals to assist. Tonight the Auxiliary will lay plans for this program.

All members are urged to be present tonight.

Ladies Of The Country Club To Meet Friday

The Ladies of the Country Club will meet Friday afternoon at 2 p.m. for bridge and canasta with Mrs. Earle Pittman, Mrs. Ronald Prute and Mrs. Paul Rogers as hostesses.

All members are requested to be present.

Homemakers Class Enjoys Picnic

The Homemakers Sunday School Class of the First Baptist church met Tuesday evening at the Willow Park for a picnic.

The class members were invited to bring their children to the picnic, and seventeen boys and girls were guests of the class.

Those attending beside the children were: Mrs. F. E. King, hostess; O. I. Cantrell, N. E. Landers; Bruce Harris, Glenn Covington, Earle Pittman, J. G. Belknap, Marvin Edwards, D. A. Fawcett, Eva K. Milmo, and Rev. and Mrs. Ralph Perkins.

Father And Children Have Same Birthday

Mr. and Mrs. G. A. Graham of 1027 Vitalious Street are the parents of a baby boy born August 8. He weighed 7 lbs. and 11 ozs., and has been named John Clarke.

Mr. and Mrs. Graham have a little girl, Glenda Sue five-years-old, and her birthday is also August 8. This is rather unusual because this date happens to be the birthday of the father of these children.

Sermon Subject For Tonight

Rev. H. H. McBride, evangelist speaker at the revival in progress this week at the Second Baptist Church, emphasized last night the importance of our heavenly record concerning our faith and service. "What will our record be?" asked Rev. McBride. He further asked if our record would show that we have been saved by the grace of God. If our record in heaven recorded that we have been saved, the speaker asked if our heavenly record would show that we were also obedient consecrated Christians. "Would the record reveal that we are soul-winners?" the evangelist asked.

Speaking to a near filled house Rev. McBride called upon members of the congregation to realize the great importance of faithfulness to our task as Christians.

The services will continue each night beginning at 8 p.m. Mr. J. O. Strother is leading the congregational singing and also rendering special musical numbers at each service. A morning service will be held at 10 a.m. Friday morning. There will be a Saturday evening service and the guest speaker and singer will be in charge of the services Sunday morning and night.

Rev. McBride will speak tonight on the subject: "Seeking the Lost." The general public is invited to attend the services.

Challenger's Union To Play Volley Ball

The Challenger's Training Union of the First Baptist church will meet Friday evening at 7:30 on the church lawn for a watermelon fete.

Volley ball will be the main entertainment of the evening.

The nursery will be open for the children, and all members are urged to come.

ANNOUNCES NEW LOWER CARPET PRICES

EFFECTIVE IMMEDIATELY

You will be pleased as we are that our everyday prices for broadloom carpeting are now substantially lower than they've been in a long time. It is always the policy of Montgomery Ward to bring price-advantages to our customers as quickly as possible. Now—lower costs to us from the carpet mills result in these immediate reductions on our entire line of wool and wool-blend carpetings. Now you can select that new rug you've been wanting—or decide on a smart wall-to-wall carpeting with the satisfaction of spending many dollars less than you'd expected to pay.

"This summer, I have put in a great many extra hours of work for my customers every day.

"Air conditioners, attic fans, evaporative coolers, and portable fans have been going full blast around the clock—24 hours a day practically every day. High temperatures, lack of rainfall and many nights without our usual cooling breeze have combined to make it an exceptionally hot summer. Electric refrigerators have had to call on their reserve power to keep food fresh and wholesome at constant temperatures under 40 degrees and to maintain ready supplies of ice cubes and cooling beverages.

"Some electric bills may be higher during such extreme hot weather because of this extra work but now—when you're able to stay cool and comfortable in spite of the heat—is when your electric service really proves to be the biggest bargain in your home."

STRAWN WOMAN TAKES AGE HONORS AT OLD MAID DAY

DENTON, Aug. 16 (UP)—A disquieting voice was heard today in the ranks of 200 bachelor girls who celebrated Denton's second annual Old Maids' Day.

Miss Doyle Squires, a secretary, advocated inviting "old bachelors" to next year's Old Maids' Day. The reaction couldn't be printed. Two hundred self-styled "old maids" attended yesterday's celebration, and they heard good news from Miss Dorothy Babb whose suggestion that bachelor girls needed publicity led to the observance.

Miss Babb, a Latin teacher at North Texas State College here, disclosed that she had received 60 invitations to marriage since the Old Maids' Day was first publicized last year. "They came from as far away as Florida, Pennsylvania and West Virginia," she said. But like most of the delegates, Miss Babb said she was a happily confirmed bachelor girl.

The old maids celebrated their non-martial status with a tea and a "stag party." The tea was served by Denton civic leaders, all males and all definitely married. To avoid doubt, they wore small signs saying, "I Am Married."

The stag party was held in a theater. The 200 chattering old maids, wearing corsages of bachelor buttons, lustily sang a parody of "Stout Hearted Men."

Miss Mae Marshall, 76, of Strawn, Texas, was honored as the oldest old maid present. Miss Blanche Griffin, 23, of Denton, officially was the youngest.

The delegates, mostly middle-aged or older, indicated they might make the celebration a national affair next year. This year's Old Maids' Day attracted women from as far as Chicago and Washington state.

Mr. and Mrs. James Ratliff are spending sometime in Colorado Springs.

Mail Bride Looks And Backs Out

INDIANAPOLIS, Aug. 16 (UP)—A greying romeo went job-hunting today for the Arabian beauty who flew all the way from Iraq to marry him but changed her mind the moment they met.

Vaughn McCordley, who protested he was only 27 was determined to do everything he could for pretty Miss Yvonne Essaye in hopes of winning her back.

Their romance, conducted entirely through lonely hearts club correspondence, came to an abrupt halt yesterday when Miss Essaye alighted from an airliner and clapped eyes on McCordley's greying temples.

"I knew the minute I saw him that I couldn't marry him," said Yvonne. "He's so much older than I thought."

But Yvonne, who is 26, petite and talks with an accent, had nothing against staying in "this beautiful city" and going to work.

Wage Board Opens Office In Dallas

DALLAS, Aug. 16 (UP)—The Dallas Regional Office of the Wage Stabilization Board was opened for business today to process wage adjustments in Texas, Oklahoma, Arkansas and Louisiana.

Regional Director Byron R. Abernethy, who opened the office yesterday, said he hoped the Dallas operation would "cut down the time between filing a petition and the date final action is taken."

Driver Sorry He Left Home

MINNEAPOLIS, Aug. 15 (UP)—John C. Grave was sorry today that he ever left little Watertown, Minn.

Grave, 28, was fined a total of \$35 for illegally driving his car into a parking space ahead of another auto and slapping the other driver's wife in the argument that followed.

"This would never have happened back home in Watertown," he said. "Back there I just walk to town."

Mr. and Mrs. Royce Kim of the Leon Plant Village are the parents of a daughter, whom they have named Connie Lynn. She was born Saturday morning, August 11, at the Ranger General Hospital. She has an older sister, Paula Bell, 3.

Grandparents of the children are Mr. and Mrs. Lester Kim of Ranger, and Mr. and Mrs. W. W. La Baume of Dublin.

**Cotton Insect
View In Texas**

Beneficial rains and destructive hail have fallen in some sections, especially in certain western areas, but most sections of the state are still suffering from the drought and extremely high temperatures. Non-irrigated cotton over much of the state continues to deteriorate and open prematurely.

In many areas weevils are migrating in search of food, either squares or young bolls. Farmers who have cotton that is still fruiting or that has immature bolls that are expected to mature should watch such cotton closely and use insecticides to protect the bolls when weevils appear in damaging numbers.

The bollworm appears to be the insect of most concern at the present time in western areas. In some counties this insect is attacking both irrigated and dry land cotton. Bollworms can be controlled by timely applications of the proper insecticides. DDT is the most effective insecticide known for bollworm control. Aphids (plant lice) often follow the use of DDT alone. For that reason it is usually safer to use it mixed with BHC or with toxaphene. When DDT is used alone farmers should be ready to follow up with some good aphicide if necessary.

On the whole, other insects such as cotton fleahoppers, webworms, armyworms, lygus bugs, etc., are doing little or no damage.

One leafworm was found in Mitchell County on August 9. This makes three confirmed findings to date this year, namely, in Cameron, Lamb and Mitchell Counties.

Early Destruction of Cotton Stalks — The unusually early maturity of cotton in many areas of the state, from the Lower Rio Grande Valley to the Oklahoma line, will make it possible for more growers than ever before to destroy their stalks early this year and prevent a late-season build-up and spread of boll weevils and pink bollworms.

The tremendous value of early destruction of cotton stalks has been demonstrated in many com-

munities and counties in the southern half of Texas during recent years. With favorable harvesting conditions, it now appears that this valuable farm practice can be put into effect throughout practically all boll weevil areas of the state this year.

Early fall destruction of cotton stalks, which cuts off the food supply and breeding place for weevils, is one of the best and most economical ways of reducing damage from the boll weevil for the next season. Late summer or early fall rains would cause a new growth of squares on cotton plants and allow millions of boll weevils to breed up and go into winter hibernation. To prevent this, stalks should be destroyed immediately after the cotton is picked. Do not give the cotton a chance to breed up late generations of weevils or pink bollworms.

The earlier the stalks are destroyed, or the longer the period between stalk destruction and frost the greater the number of weevils that die of starvation. The destruction of stalks even a few days before frost is worth while, but a 30-day or longer starvation period is much better. Although early stalk destruction will pay when practiced on individual fields or farms it is more valuable when practiced on a community-wide or county-wide basis.

**Hubby Goes To
Court To Stop
Comic Books**

DALLAS, Aug. 15 (UP)—A husband's plea that his wife be rationed to one comic book daily because they interfered with her household duties has been denied by Peace Justice Bill Richberg.

The irate hubby complained to Richberg: "She can't get any housework done for reading those funny books, judge. She's neglecting our three kids."

The wife replied in court that she needed to read comic books to relax. She also tossed in a counter charge — her husband lashed her with his belt because he was angered by her reading habit.

The judge, also a comic book reader, dismissed the case, but only after issuing a double warning:

To the wife—"I'm not going to ration you to one comic book a day. I like to read funny books myself. But if your funny book reading gets in the way of taking care of your house and kids, the court may have to do something."

To the hubby—"Don't whip your wife again—funny books or no funny books. If you do, I won't put you in jail, I'll put you under the jail."

**UN Planes Hit
Truck Convoys**

8TH ARMY HEADQUARTERS Korea, Aug. 16 (UP)—United Nations bombers and fighters struck heavily today at Communist truck convoys speeding reinforcements and supplies to the western and central fronts.

Low-lying clouds gave the enemy some cover, but returning pilots reported they attacked 309 vehicles today. They said they destroyed 50 and damaged 30 others.

The largest volume of traffic was sighted near Sinnak on the main Pyongyang-Kaesong highway in western Korea and in the Sonchon and Yongdok areas in eastern Korea.

The situation on the ground was the quietest in recent days, an 8th Army spokesman said.

In the east, firmly-entrenched Communist forces on high ground

**BUY SEVEN-UP
BY THE CARTON**

between Kansong and Inje turned back an Allied attack Wednesday. The UN troops gave up their assault about midday without taking their objective.

Allied patrols in the west crossed the 38th Parallel east, of the cease-fire conference city of Kaesong and north of Korangpo, but ran into stubborn resistance. They returned to their own lines south of the Parallel at dusk.

The 8th Army spokesman disclosed that Ethiopian troops have gone into action for the first time in Korea. He said they clashed with the Communists recently south of Kumsong, big Communist base of the central front.

**Two Treated
