PRICE FIVE CENTS No. 90

"Rangers" Defeat Decatur Indians 32 To 0 Last Night

The Ranger Junior College "Rangers" overwhelmed the Decatur Baptist College "Indians" to the tune of 32 to 0 last night in Ranger.

Fine defensive and offensive work was turned in by all members of the "Rangers" to allow the team to score five times and convert two of the extra points.

Buddy Hamrick was the first man to tally for Ranger when he took a quarterback sneak over from the one-half yard line. Weldon kicked the extra point for the Rangers, but it was ruled no good.

The Rangers remained idle for the remainder of the first and second quarters with the next score not coming until Kenneth Burton, the Ranger fullback, went over left guard from the four yard line to rank up another TD. Again Harry Weldon failed to convert for the extra point.

The fourth and final quarter saw the Rangers turning on all their offensive power to score three more times, despite all attempts of the Indians to stop them. Burton again scored, over left guard, from the four yard line this time, and Weldon's try for the extra point was good.

Jimmy "Goat" Gerth then took the ball on a handoff on the one yard line and went directly over the center for another tally, and Weldon toed the ball between the goal posts to give the team an extra point.

H. B. Chapman wound up the scoring spree for the Rangers in the fourth quarter when he took a pickout from Jimmy Bridges, in for Hamrick as QB, and romped 71 yards behind good blocking and interference. Weldon's try for the extra point failed and this left the score at 32 to 0.

The Rangers' offense and defense was working over time last night. Joe Angel was the only Ranger player that suffered any injuries. He returned to the game after he was injured the first time, but was taken out later when he again had trouble with

his leg. Joe turned in a good game for the Rangers before he was taken out.

No individuals can be singled out as extraordinary in the game last night unless it would be Tommy Wilson on snaring a 29 yard pass that seemed to be impossible to catch and Wayne Morrow, defensive tackle, who was always in the Indian backfield after the ball carrier.

Ranger gained 308 yards on the ground compared with a minus 32 for Decatur; Ranger completed 5 of 8 passes for a net gain of 84 yards, Decatur tossed 19 passes for 99 yards; Ranger punted once for 42 yards, Decatur punted 8 times for 206.

The Ranger fumbled the ball six times and recovered four times, the Indians, 6 also, and recovered only 3 of them; Ranger was penalized five times for 55 yards; Decatur received 5 for 55 yards; only one pass was intercepted and that was by Decatur.

Armour Strike Still Going

FORT WORTH, Sept. 14 (UP)—Union officials today foresaw a continuance of the strike by beef killers at Armour & Co., here until at least Monday.

Officials of the United packinghouse workers union and Armour representatives ended six hours of conferences late last night with little progress toward a settlement of the walkout that began yesterday.

About 75 members of the beef killing gang walked off the job in protest against increased job loads and lower pay rates for certain members of the slaughter crew, union officials said.

A. J. Pittman, district UPWA director, said the union offered several proposals at the conferences, but none was acceptable to the company.

A counteroffer by Armour for workers to return to the job while a committee investigated the points in dispute was rejected by the union.

Brother Returns From The Dead

NEW YORK, Sept. 14 (UP)—Timothy Murray gave his sister the surprise of her life last night. He paid her a visit while she was tearfully attending his wake.

The case of mistaken identity ended happily for Murray's family and numerous friends when the 67-year-old man unexpectedly "walked in" and shouted to his sister, "Hi ya, Ag!"

According to police a group of taxi drivers found a dead man on the street last Tuesday and the body was taken to the city morgue.

There Murray's sister, Mrs. Agnes Lindberg, identified the body as that of her brother.

Last evening, however, while Mrs. Lindberg was serving coffee to sympathetic neighbors in her apartment, the buzzer sounded. Mrs. Lindberg went to the door and walked Tim.

Do You Believe In Ghosts?

Do you believe in "ghosts"? If you found a human skull in a fireplace of a supposedly haunted house, would you leave the house?

Every mystery lover has often imagined himself in such a situation, but the people in "Hobgoblin House" are not using their imagination—they are faced with this very thing.

Watch the Times for more about "Hobgoblin House."

Suicide Verdict In Austin Death

AUSTIN, Sept. 14 (UP)—Justice of the Peace Travis Blacklee returned a verdict of suicide yesterday in the shotgun death of Byron Earl Summers, 31 year-old telephone executive.

Summers was found dead on the screened-in porch of his home by his wife Tuesday. A .12 gauge shotgun was beside the body.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

RIISING SUN OVER JAPAN—The once conquering flag of the Rising Sun of Japan flew again in the breeze from stores and building windows along Tokyo's main stem, Ginza Street. The humble flag flew over a new Japan, a Democratic Japan upon the signing of the Peace Treaty September 8, 1951. (NEA Telephoto).

RANGER MEETS STAMFORD AS UNDERDOG IN GAME TONIGHT

The Ranger "Bulldogs" meet the Stamford "Underdogs" in what is one of the top tilts in this region in schoolboy football. Coach Stubby Warden said that his boys are going into the game as underdogs, but don't figure the score until the game is over.

The Ranger team has the urge to win ball games, is in good shape, and has all the ability in the world—plus all that they have two of the best running backs in the state, Jimmy "Santa" Comacho and Charles "Rabbit" Masseege.

Ahead of these and the other runners, for Ranger will be a well balanced, hard hitting line. Just when the Stamford team thinks they have Ranger stopped by watching Comacho and Masseege double well, Bill Moreland or Jimmy Cole will sneak out for a good run.

The starting line-up for the Ranger squad will be the same as last week with the exception of Wheeler, who will start at guard for the squad.

The Stamford team will outweigh the Bulldogs about six pounds in the line and twenty in the backfield.

Tommy Hinds Elected Head Of Sophomores

The sophomore class of Ranger High School has elected officers for the school year 1951-52.

Tommy Hinds was elected president; Roddy Carter, vice president; Jo A. A. Ball, Sec-treas; Charles Masseege reporter; and Bill Brazas was elected as representative to the student council.

Mr. Edwards ran an ad in the Times asking that the billfold and money be returned, after the wallet was returned to him he stopped the ad, but still has not recovered his other \$60 dollars.

The person or persons that have the money are urged to return it to Mr. Edwards, he is elderly and is not able to be employed. He needs that money desperately, so, why not return the money and make a happy man out of a downhearted one.

Cow Runs Wild In Atlanta

ATLANTA, Sept. 14 (UP)—A 900-pound western beef cow's midtown stampede toward freedom became a shortcut to the meat lockers today.

With stockyard men in hot pursuit the cow plunged down one of the city's busiest streets, broke a plate glass window, damaged two parked trucks and defied would-be ropers until police felled her with bullets.

Proof Enough

MIAMI, Fla., Sept. 14 (UP)—When James F. McCutcheon could not produce a birth certificate to prove he is old enough to receive social security benefits he produced a birth certificate for his 65-year-old son Robert.

Alice Is Flooded By 14 Inch Rains

Sen. Connally Opposes Labor Head Tobin

WASHINGTON, Sept. 14 (UP)—Sen. Tom Connally, D., Texas, disclosed today that the Labor Department is opposed to a bill which would exempt some petroleum wholesalers and distributors from the Fair Labor Standards Act.

Connally released a copy of a letter from Secretary of Labor Maurice J. Tobin and his own reply rejecting Tobin's reasoning as "ridiculous."

Connally is sponsoring the bill to exempt employees of petroleum dealers whose business is primarily intrastate.

Tobin, in expressing "wholehearted" opposition, said there seems to be "no unique reason" for giving employees covered by the bill special treatment. Connally retorted that at least 15 business categories now have such special status.

Connally said the department itself could handle the question, without the proposed change, by "a common-sense interpretation" of the present statute.

Reds Hurl New Threats

TOKYO, Sept. 14 (UP)—Radio Peiping hurled new Communist charges of Kaesong neutrality violations against the United Nations today. The Communists gave no hint that the Reds were any closer to resuming cease-fire talks.

The radio, official propaganda organ for Red China, charged that the UN "still has no intention of stopping their provocative acts" and claimed that American planes had again "violated" the Kaesong area by flying over it three days this week.

Radio Peiping said UN planes flew over Kaesong 49 times Monday, 16 times Tuesday and 29 times Wednesday.

The Reds ignored repeated Allied reminders that there never has been an agreement that Allied planes would not fly over the neutral zone.

Gen. Matthew B. Ridgway's admission that a UN B-26 had strafed Kaesong accidentally before dawn Monday was used for more propaganda. Peiping claimed the UN admission proved the "bankruptcy" of the American "policy of threats and denials."

Australian Wilfred Burchett, correspondent for the Communist Paris newspaper Ce Soir, said in one dispatch broadcast by Radio Peiping that Ridgway must deal with all Red charges of neutrality violations before the talks can be resumed.

It seemed certain that Ridgway could never back down from his blanket denial of all the Red charges except the Kaesong strafing incident.

Burchett said Ridgway "cannot wipe out all responsibility by a half-hearted admission of one accidental incident. Let him deal with all these (Red Charges) seriously and the talks can start."

Steamer Leads Hot Rod Race

BUFFALO, N. Y., Sept. 14 (UP)—John H. (Jack) Brause, 70, and his Stanley Steamer boiled into Buffalo last night in the battle of the ancient "hotrods" a full two hours ahead of his rival R. H. (Rube) DeLaunty, 76, and his gasoline powered Stoddard Dayton.

The septuagenarians battled rain storms and temperamental quirks in their jolops during yesterday's Cleveland-Buffalo leg of the Chicago to New York race.

The trustee Stanley Steamer fared well. Brause's only trouble was that despite rainfall most of the way he couldn't find water for his steamer.

Communist Fail To Halt Marine Steady Advances

8TH ARMY HEADQUARTERS Korea, Sept. 14 (UP)—Waves of screaming Communists failed to halt the U. S. Marine advance on the eastern front today as United Nations forces drove resolutely on into North Korea.

Fighting was heaviest on the eastern sector where the Marines have sparked the drive which carried American troops deeper into North Korea than any other push this year.

In a dusk till dawn battle the Communists tried to crack the Marine lines and stop their steady advance. Shoulder to shoulder, the Reds poured in against the Leathernecks in one attack after another. But barbed wire and murderous concentrations of mortar, artillery, machine-gun and rifle fire chopped them to pieces.

The Marines counted 40 enemy dead hanging in the barbed wire this morning. There was no estimate of how many dead and wounded the enemy hauled away under cover of darkness. Marine casualties were "extremely light."

On the central front, UN troops gained 3-4 of a mile northeast of Kumhwa and their drive continued.

Planes and artillery attacked six Russian-made T-34 tanks and two self-propelled guns dug in near the Allied lines on the western front Friday. Napalm and high explosive bombs were dropped on the enemy armor and 20 Communist soldiers were killed.

West of the port of Kaesong, on the east coast, three Red battalions launched two attacks on UN troops Thursday. Fighting ended at nightfall when the Allies pulled back slightly to dig in for the night.

On the western front, action was light Thursday except for one machine gun attack during the night which was beaten off in less than an hour.

Troops on the central front shot down an enemy plane with ground fire Thursday.

Thursday's air action, which started off with the war's biggest night air assault, wound up as the heaviest all-day air operation since June. UN warplanes flew 943 sorties.

Oil Marketers Open Convention

HOUSTON, Sept. 14 (UP)—The second annual meeting of the Petroleum Marketers Association of Texas opens tomorrow at the Shamrock Hotel.

R. O. Canon, Odessa oil marketer and president of the association, will open the two-day meeting with an address tomorrow morning.

Speakers at the meeting will include Walter Hochul, general sales manager of the Texas Company, E. H. Thornton, Jr., of Galveston, chairman of the Texas Highway Commission, and Bob Atwell, Dallas public relations official.

Amarillo Offers Negro's Courses

AMARILLO, Sept. 14 (UP)—An extension offering basic arts and commercial courses will be set up by Amarillo College in the new Carver High School building, president A. M. Meyer has announced.

Meyer said the extension school was set up after the Junior College received 53 requests from prospective Negro students.

Explosion Fatal To Woman

WELLINGTON, Sept. 14 (UP)—Mrs. W. J. Uselton, 64, burned to death in the cellar of her home yesterday apparently the victim of a flash hydrogen fire. A jar which had contained kerosene was found near the body.

Governor Declares Emergency; No Outside Help Needed Now

ALICE, Sept. 14 (UP)—Rising floodwaters from a 14-inch cloudburst flowed across more than half of Alice today and the Red Cross said the entire city of 16,400 might be inundated unless the rains ceased.

More than 2,000 persons were driven from their homes. Motor boats and high-wheeled trucks cruised the streets all night to evacuate other residents.

Gov. Allan Shivers declared Alice an emergency area.

"Things are getting worse" said George Wall, Jr., disaster chairman of the Alice Red Cross Chapter. "However, there is one thing to be thankful for. So far no one has been drowned or hurt."

Intermittent rain continued to pelt the city early today. The forecast was for more showers.

Robert L. Scott Laid To Rest At Flatwood

The Rev. Alfred Nelson pastor of Olden Baptist Church, officiated at the final services held Wednesday at Hanner Funeral Home in Eastland for Robert Lee Scott, who died Saturday September 8th in a Santa Fe, N. M. hospital from injuries received when struck by an automobile on Cerrillos road, a week earlier.

Mr. Scott had made his home in Santa Fe at the Ray Ham Ranch, where he was employed for the past three years.

He is survived by his wife, Sara Jenn and a daughter, Mrs. Jeanette Throne, both of Eastland, a son Jean Edwards of Burnette, two brothers, Emory Scott of Ralls, and Walter Scott of Pan Buren, Ind., and four grandchildren.

Funeral services were held at 10 a.m. Monday at the Memorial Chapel at Santa Fe, with the Rev. Kenneth Keeler officiating. Special services were held Monday evening by the Eagles Lodge No. 2811, of Santa Fe, of which he was a member.

Burial was in the Flatwoods cemetery under the direction of Hanner Funeral Home. Pall bearers were Clyde Benton, Barto Wilson, Lee Alton Harbin, Finn Johnson, Bryant Lee Johnson, and J. D. Yancey.

Four Eastland County Men Are Inducted

Among 18 draftees inducted into the Marine Corps and the US Army and Air Force Recruiting station in Abilene, are Richard S. Brown, James L. Christie, Russell A. Cox, and Billy J. Eakin all of Eastland County, who were inducted into the Army through the local draft board.

Plans For Livestock Show To Be Discussed Monday Night

Plans for the annual fall barbecue and spring livestock show will be discussed at a meeting of the Eastland County Livestock Raisers Association at the Chamber of Commerce office in that city next Monday night, Sept. 17, Judge M. S. Long, Eastland, president of the organization announced today.

All members of the association were being urged by President Long at attending the important meeting, which is expected to get underway at 8 o'clock.

The annual barbecue held annually in the City Park at Eastland will be discussed, the date set and committees named. The barbecue usually highlights the activities of the organization for the year. Usually held in early October the affair usually draws over 200 ranchers and business men interested in the progress of the livestock industry from Eastland and adjoining counties.

The flood was expected to crest about noon (EDT) today, barring another deluge.

The cloudburst drenched Alice for 12 hours yesterday, sending two creeks out of their banks in this flat, south Texas region.

Water stood six feet deep in low-lying areas, and more than three feet in some houses.

All utilities continued to operate, and Wall said there was no immediate danger of water contamination. The city is served by deep wells that need no filtering.

Two freight trains were stranded in Alice as bridges washed out on the Texas-Mexican and Southern Pacific Railways. One highway remained open but it could be traveled only by large trucks.

Wall said the city was not seeking outside relief "at this time."

He said a local National Guard Company, all available police officers and scores of volunteers were "keeping abreast of the emergency."

The relief forces were estimated to total 400. Twenty boats look marooned persons from their homes.

Water began flowing early today through business district, on slightly higher ground than most residential areas.

Evacuated persons spent the night with friends and relatives or at emergency shelters set up in the Jim Wells County Courthouse, schools and other public buildings.

Several wholesale grocery supply houses had abundant stocks of food and supplies were considered adequate.

The cloudburst was capped by a cold front abruptly halting in South Texas. Warm, moist air collided with the cool air and the rain was lashed.

"It was the worst rain I can remember in my 38 year here," said Wall.

Ranger High Has New School Song

Ranger High School has new words for their school song. They are sung to the tune of Alma Mater of Cornell University. We are publishing them for your convenience so that you may have a copy of them to take to the games and sing with the other fans.

The words are:

You've the school we honor, Ranger
You've the school we praise
You've the school we'll stand and fight for
You're banners high we'll raise
In the years to come we'll cherish
Hours within your halls.
Now we pledge to you 'oh' Ranger
We will give to you our all.

The date and preliminary plans for the annual Eastland County Livestock Show will also be discussed at the meeting. The county show has been held at Cisco for the past five years. The directors voted a few months ago to relocate the annual show at Eastland. It is to be held at the airport one mile north of Eastland according to reports.

Peter G. Thomas v. Ollie Sue Theous, order of dismissal.

Suicide Club Investigated By Police

HOUSTON, Sept. 14 (UP)—Police opened a full investigation into reports of thrill-driving clubs in Swank River Oaks after three teen-age girls wrecked their car to avoid a carload of boys who drove head-on at them at an estimated 65 miles an hour.
Two of the three girls were injured slightly in the accident. They were Cynthia Wayman, 15, and Carol Townsend, 15. The driver of the car, Nancy Lynne Patton, 15, escaped injury.
The driver told accident investigator H. R. Coats that she looked up and saw a dark sedan, loaded with teen-age boys, coming head-on toward her—on her side of the street at a high rate of speed.
She whipped her car across the street and the onrushing car passed on her right side. Her car crashed into a parked automobile.
Police have received many reports of the thrill driving clubs since an accident in River Oaks about two months ago killed four persons, three of them teen-agers.
The teen-agers, the reports to police say, play a deadly driving game for thrills.
Each gang loads up a car and the two vehicles race toward each other head-on. The trick is to see how long they can hold the course and still escape a crash.
The winner and supposedly the braver, is the driver who refuses to swerve.

All-Out Red Air Attack Expected Soon

5TH AIR FORCE HEADQUARTERS, Korea, Sept. 14 (UP)—Maj. Gen. Frank F. Everest, commanding the 5th Air Force, said today he "would assume" that an all-out Communist aerial attack would mean the lifting of present restrictions against bombing Red air bases in Manchuria. There are increasing signs that such an attack may be imminent.
Everest said he had noted an increasing Red air build-up. It is estimated that the Communists now have more than 1,100 planes, "predominantly jet fighters," and including twin-engine light bombers of an improved World War II type, he said.
"Current restrictions do not permit me to attack airdromes across the Yalu River," Everest told this correspondent. "But I would assume that if the United Nations forces were attacked in force from the air, some of these restrictions would be lifted."
Everest said the Communists would rely upon their beefed-up Soviet-trained air force if they decided to launch another big ground offensive.
"I do not think they would try another push like the one they tried last spring, where we have

Mr. and Mrs. Charlie Norris Celebrate 45th Anniversary

The forty-fifth anniversary of Mr. and Mrs. Charlie Norris of Carbon was celebrated at the family's annual reunion at Lake Cisco, September 8 and 9. Fifty-five relatives and friends attended the reunion.

Members of the family who were at the reunion were the honored couple, Mr. and Mrs. Charlie Norris of Carbon, Mr. and Mrs. Less Dorsey and daughters, Mr. and Mrs. G. A. Norris and family, Mr. and Mrs. Olie Duncan and children, Mr. and Mrs. Paul Norris and daughters, Mr. and Mrs. Walter Maynard and daughter, Rhonda—all of Eastland.

Mr. and Mrs. Elmer Norris and children Doyle, Cheryl and Dalton of Ralls, La Gene and Rayne Norris of Lubbock, Pfc. Carlos Norris of Keesler Air Force Base, Miss, Mr. and Mrs. A. F. Pullig and family of Sweetwater, Mr. and Mrs. D. A. Hadderton and sons of Wichita Falls, Mr. and Mrs. Buddy Rogers of Ranger.

Only one daughter, Mrs. J. A. Phelps, and her family of Cloud-

G. A.'s Observe Week Of Prayer

The Girls' Auxiliary to the Woman's Missionary Union of the First Baptist Church met Monday afternoon at the church for their Mary Hill Davis Week of Prayer program.

Mrs. Lee Mitchell met with them as sponsor and assisted in the program. In the room where the program was presented the American flag was displayed on the table with an open Bible by it and an outline map of the State of Texas with pictures of the different nationalities to be ministered to placed on it. The theme of the program was "That They Might be Saved."

The program was opened by a prayer and two songs and Mrs. Mitchell read some verse from the open Bible in Rom. 10, preceding each part on the program. Ann Robinson gave the devotional based on Mary 1:35-38; Barbara Patterson talked on "vision," Louise Jacobs on "Faith"; Brenda Sue White on "Believe" and Gene Smith on "Preach and Teach." As each girl gave their part, they carried a placard with the title on it.

There were twelve girls present for the meeting.

"Aunt Mary" Hearn Celebrates 92nd Birthday In Morton Valley

A bar-be-que dinner and an open house Sunday honored Mrs. M. L. Hearn of Morton Valley on her 92 birthday.

The dinner, which was served by her relatives, was attended by Mr. and Mrs. A. M. Hearn, Mr. and Mrs. H. O. Hearn and their daughters, Opal, Robin Peacock, and Mr. and Mrs. Carl Daniel of Morton Valley.

Mrs. J. P. Hearn and Mr. and Mrs. Sam Johnson of Eastland, Mr. and Mrs. Elmer Gilbert of Roby and Mr. and Mrs. Earl Trout and their son Terry of Seminole.

Many of Mrs. Hearn's friends called during the afternoon open house at her home. Gifts, and flowers were presented by many of the guests to the honoree.

Known to her friends as "Aunt Mary," Mrs. Hearn has lived in Eastland County since December 13, 1853. She and her husband, who was known as "Uncle Joe," and their two small sons arrived on that date from Sebastian County, Ark.

They settled near Carbon, where they lived until 1902 when they moved into Carbon. Mr.

Leaders For The New Church Year

In the meeting of the Board of Education and Worker's Council of the First Methodist Church September 10, the following officers and teachers were approved for the year beginning Oct. 1, 1951 and ending Oct. 1, 1952.

Pilots Killed In T-33 Trainer

SAN ANTONIO, Sept. 14 (UP)—Two T-33 jet trained pilots were killed last night when their plane crashed into the tail of a grounded C-54 transport while attempting a ground-control approach at Kelly Air Force Base.

Milk Hearing Set For Sept.

FORT WORTH, Sept. 14 (UP)—A "show case" hearing seeking to block a recent federal marketing and pricing order for the North Texas Milkshed has been transferred from Dallas to Fort Worth.

Ranchers Request Railroad Rate Fare Reduction

AUSTIN, Sept. 14 (UP)—A plea by Texas Ranchers for sharp reductions in railroad freight rates for livestock feed needed in drought-stricken areas is under consideration by the state Railroad Commission.

There was no indication today when the commission would announce its decision.

The ranchers presented 40 witnesses during a day-long hearing yesterday before the commission. Six railroad officials, all opposing the cut, and several railroad attorneys also testified.

The summer-long drought seared Texas pastures, causing the cattlemen to ask the Railroad Commission to halve rail freight rates on hay. They also asked a cut of one-third on rates for livestock feed and threatened to make a similar plea for reduced truck rates.

Railroad attorneys countered with a charge that the demands were "discriminatory." They argued that the hearing should take in trucks as well as rail lines. J. G. Fender of Houston, railroad counsel, said a reduction in rail rates would represent a "dangerous precedent." He contended that Texas law clearly permitted the commission to consider truck rates at the hearing.

Commission members, however, ruled that statutes permit "emergency" relief against railroads but not against truck lines.

Ranchers sought the tariff slashes for some 175 counties, roughly covering the southern two-thirds of the state.

"Something has to be done at the present time to get us through this winter," said George V. Holmes, agricultural representative of the Gonzales State Bank.

Farmers and ranchers face winter with very little cured grass on the ground, the stockmen contended. Most witnesses said that even ample rains throughout the winter would not restore grassland to normalcy until May. Some said it would take two to three years for portions of the range to recover.

The commission ordered a temporary reduction in rates last January when an early and less severe drought was at its height.

Railroad witnesses claimed ranchers did not "extensively" use the reduced charges at that time.

Fender said merchants then showed "a lot closer connection between the drought and freight rates than the ranchers."

Railroadmen also claimed that most livestock feed is moved by rail but the finished livestock is transported in trucks. This, they said, would make the rail lines absorb a loss on feed while truckers profited.

Grocer Charges Jailer Beat And Hit Him

HOUSTON, Sept. 14 (UP)—Police Chief L. D. Morrison today ordered a full investigation into a complaint of a 45-year-old grocer that he was beaten by three jailers after he had been arrested on a traffic violation charge.

Norris H. Hooks said he was taken out of a drunk cell after a fight with other prisoners and hit and stomped by three police jailers who accused him of starting the fight.

His body bruised and swollen, Hooks was taken to a hospital after newsmen noticed his condition.
