RANGER, TEXAS, WEDNESDAY, SEPTEMBER 19, 1951

PRICE FIVE CENTS No. 94

Shown is the unit rig engaged in the recovery project of the Allman well at Olden, and persons involved. Reading left to right are: Otis Bivins, rough neck, Grandville England, rough neck, Jack Chamberlain, operator, and G. T. Hamm, drilling contractor who with, James R. Wood, (not pictured) contractor, both of Montexo Drilling Company of Eastland.

## Operations Begin On Secondary Recovery Project In Olden

By H. G. Vermillion

In an attempt to get unrecovered petroleum out of oil-rich sands, the first secondary recovery project in northern Eastland County was begun this week at the No. 1 Allman well on the northern outskirts of Olden.

Location is 600 feet from the east line and 300 feet from the southeast line of the Charles Allman tract, Matt Finch survey.

Jack Chamberlain, Eastland independent oil operator whose Geneva Petroleum Co. has the lease on the 90.5 acre tract, said he hopes to make a successful producer of the Allman well, which was drilled in the early summer to a depth of 1839 feet and plugged.

Bottomhole pressure found by the operator then was 35 pounds, not enough to make the well a producer. The hole was abandoned and plugged from 1839 feet to 1791 feet, and at the top from 120 back to 90 mm feet.

Tuesday, Chamberlain's drilling contractors, G. F. Hamm and James R. Woods of Eastland, had the bit of their new rotary rig setting on top of the concrete top plug, ready to drill it out.

Chamberlain said the plan is to produce from the well if possible, and to drill four more wells on the tract and produce from them if possible.

If the wells can make profitable producers, oil will be taken from them as long as they make enough production and then they will be turned into a secondary recovery unit, with a center well injecting water and four outside wells producing the oil shoved along by the water pressure, Chamberlain said.

If the wells cannot make producers now, the secondary recovery project will be set under way at once, he said.

"We're going to have to come to it, sooner or later," he said. "Our wells will be spaced with that in mind."

Chamberlain estimated that not more than 10 per cent of the oil in the Strawn sand at the 1456 foot level, where he intends to try for production, has been taken out of the sand.

"Back in the early days all this area was drilled out, but all they did was take off a skimming of the oil, and almost all of the bottom hole pressure in the form of gas," he said.

Chamberlain said the development in the immediate Olden area planned by his firm will take two years of work, and \$250,000 in money before any appreciable returns are expected.

"Our company is backed by Hollywood money, with some of the big names in show business involved," he said. "Our Hollywood office is in the Hollywood Roosevelt Hotel."

## McCamey Man Killed Near Rising Star

Lenton P. Brown, of McCamey, died in a Rising Star hospital at 8:30 this morning from injuries sustained when his 1950 Chevrolet pickup collided with a Studebaker pickup driven by M. M. Henson of Rising Star, one and six-tenths miles east of Rising Star on Highway 36.

Sheriff's Deputy Joe Faircloth investigated the wreck and said that Henson had been taken to a specialist in Abilene for treatment, due to his critical condition.

Faircloth said there were no witnesses to the collision and the cause had not been determined.

Neither of the two vehicles was on the highway after the collision. Both of them were thrown clear of the road by the impact.

## County Wide X-Ray Survey Planned Sept. 26

Dr. L. C. Brown, Eastland County Health Officer has received a letter from Charles H. Hoover, field representative of the Tuberculosis Division of the state department of public health, saying that he planned to be in Eastland September 26 for a 2 p.m. meeting to organize workers for the proposed mass chest X-ray survey of Eastland County.

Dr. Brown was asked to contact representatives of the civic organizations of Eastland, the County and City government and the press and in addition all other people, who are interested in the X-ray program and ask them to be at the meeting.

This organizational meeting will be held in the annex of the First Christian Church in Eastland.

## Project Staked In Eastland County

An Eastland County offset project has been spotted four miles northeast of Cisco.

It will be Cooper and Hemphill of Cisco No. 3-B J. S. Hart, 1,263 feet from the north and east lines of section 65, block 4, H&TC survey, in the Bankline-Owens North Lake Sand field.

Operator made application to test 3,700 feet with rotary.

## Eastland Chapter To Host District FHA Meeting, Saturday, September 22 At High School

The Eastland chapter of the Future Homemakers of America will be host to the annual fall meeting of District 3, Saturday, September 22. The meeting will be held in the Eastland high school auditorium. Registration will be at 9:30 a.m.

Following the registration the group will be welcomed by Wendell Siebert, coach and teacher in the Eastland high school.

Mrs. Joseph M. Perkins will be the speaker for the morning's program. A movie will be shown by the hostess chapter. Visiting chapters will contribute to a talent show.

## Highway Patrol Sends Warning Tickets In

AUSTIN, Sept. 29 (Sp)—Remember that last Highway Patrolman who stopped you for a traffic violation and warned you but didn't write you a ticket because you "talked him out of it"? Well, don't be so sure that you got off scott free!

W. J. Elliott, Chief of the Texas Highway Patrol, announced today in Austin that every time one of his men stops a motorist and lets him off with a warning ticket which contains the operator's name and address, his driver's license number, the vehicle type and registration, the date, location and nature of the violation. The motorist doesn't get a copy of this ticket, Chief Elliott says, but a copy of it is forwarded to the headquarters of the Texas Department of Public Safety where it becomes a part of his permanent driving record.

And, here's the hitch—too many of those warnings, just like too many arrests or traffic accidents will bring the motorist up on the carpet to see whether his driving privileges should be revoked.

The procedure was placed into effect on September 1st and according to Elliott the best way to avoid having your record catch up with you is to refrain from having accidents, from getting tickets, or getting warnings.

"Safe, sane and courteous driving that comes through observance of the traffic laws is the way to avoid this unpleasantness," says the Chief.

## Twelve Youths Arrested In Sex Ring

CANTON, Mass., Sept. 19 (UP)—Twelve youths were arrested early today and accused of participating in a series of sex parties with a 14-year-old state ward, now expectant mother.

State and local police routed the suspects from their beds. They were scheduled for arraignment on statutory rape charges later, four of them at a juvenile session.

The raids followed a week-long investigation prompted by a complaint to state police from the temporary foster parents of the state ward.

They notified authorities when they discovered that the girl whose identity was not disclosed, was pregnant.

Authorities said the sex parties took place over a period of several weeks in a barn which the accused youths used as a clubhouse. All live in the same neighborhood of this Boston suburb and most are high school pupils.

## Gentleman Was No Gentleman

SAN FRANCISCO, Sept. 19 (UP)—Mrs. Rejane Gentleman won a divorce yesterday after complaining her husband, Joseph was no gentleman.

Mrs. Gentleman, 28, testified that two months after their marriage in Nanjing, China, four years ago, her husband sailed for the United States. She said she has not seen him since. She won the divorce on grounds of desertion.

## American Legion Meeting Thur.

The American Legion will meet Thursday evening at 8 p.m. at the Legion Hall.

All members are urged to attend this meeting.

# Reds Free Korean DDT Team After Neutrality Violation

## Ranger Will Pit Their Speed Against Midwestern Brawn Thurs.

Conditioning has been the word for the backfield; holding down the line for the Rangers will be Wilson and Jones at ends; Jones and Gilly at tackles; Morrow and Keller at guards; and Compton at the center post.

Coaches Paul Brotherton and Dallas Clynch will bring 25 hefty young men to Ranger with the intention of stopping the Ranger winning streak before its gets too far underway. With Midwestern holding a large weight advantage the game may turn out to be power versus speed. The visitors will use the split "T" against the Rangers flanker "T" and the TC U spread.

When they engage the Midwestern "B" team here Thursday night, they will go into the game outweighed some sixteen pounds per man overall. Coach Yarbrough would not predict the outcome of the game under these circumstances, but did say that it would not be a runaway for either side, like the Ranger and Decatur game of last week.

Hammick will probably start as the man under for the Rangers tomorrow night; getting help from Sanders, Smith and Byrnes in the backfield; holding down the line for the Rangers will be Wilson and Jones at ends; Jones and Gilly at tackles; Morrow and Keller at guards; and Compton at the center post.

## All But One Pioneer Teams Will Play

ARLINGTON, Sept. 19—All Pioneer Conference eleven, except the San Angelo Rams, 1950 league champions, will see action this week against non-conference foes.

The Ranger Junior College Ranger, 32-0 victors over Decatur last week, will face a real test with a strong Midwestern University "B" team of Wichita Falls at Ranger Thursday. The Rangers exhibited real power in downing Decatur in the running and passing of Buddy Hammrick, Jimmy Gerth, Kenneth Burton, and H. B. Chapman.

On Friday Schreiner Institute will engage Uvalde Junior College at Kerrville, and Arlington State College will make its season bow at Arlington with the Decatur Baptists.

The Schreiner Mountaineers, runners up in the conference last season, are depending largely on high school recruits this year. The rejuvenated and newly named ASC Rebels will be improved, but should get a real battle from the Decatur eleven, which was a power in the Texas Junior College Conference last season.

The Tarleton State Plowboys, 13-0 winners over Cisco Junior College last week, will wind up the week's schedule by playing Blinn Memorial at Stephenville Saturday. The plowboys last week unveiled an excellent passer in Tommy Hildepeth, whose tosses accounted for 107 yards, and three outstanding runners in Edal January, Gene Harden, and Gus Wilson, who accounted for most of the yardage the Plowboys picked up in the running game.

## New Members For NATP

OTTAWA, Ont., Sept. 12 (UP)—Diplomatic sources said today that the North Atlantic Treaty Council will agree to recommend admission of Greece and Turkey to the 12-nation defense pact.

Denmark, it was said, plans to inform the council this afternoon that it will go along with the 11 other nations which favor expansion of the alliance for the first time.

Danish Foreign Minister Ole Bjorn Kraft said he was hoping to have a reply from my government on Greece and Turkey between noon and 2 p.m. today. But American officials said Denmark already had let it be known it would not stand alone and block final agreement.

Canadian Minister of External Affairs Lester B. Pearson told a news conference that Norway had expressed its general support for bringing Greece and Turkey's 750,000 man military forces into the treaty.

"All we are waiting for now is the report by the Danish foreign minister," Pearson said.

The council met shortly after 10 a.m. EDT to consider creation of a top pact committee that could study ways to mesh military requirements and financial resources of the 12 powers.

Pearson said there was "general agreement" on the need for a council of "wise men" as a temporary measure to speed unity and defense of the Atlantic area. The job should be done in 60 to 90 days, he said.

The council also has before it a recommended "Ottawa Declaration" pledging new social, economic and political cooperation in the treaty.

Agreement also was expected on a program to share the cost of building European airfields and establishing communications facilities for Gen. Dwight D. Eisenhower's forces. Canadian defense minister Brooke Claxton said the amount "runs to a huge sum."

The United States meanwhile was meeting European bids for more American dollar help for rearmament with suggestions that Europe must do more for itself. This blunt attitude has been stated by Secretary of Treasury John W. Snyder.

The Greek-Turkish issue remained as the last important business before the council adjourns tomorrow.

## Hunters Are Warned Of Poison On Posted Lands

A group of farmers and ranchers in the vicinity of Grapevine and Pleasant Valley Communities south east of Cisco have pooled their land and are serving notice to dog-owners that they are placing out poison for dogs, that are causing damage to stock and to poultry on their farms.

Goats and calves have been killed, young calves separated from their mothers, and chicken houses have been raided, W. D. Thurman said.

There have been quite a few hunters this season, who must have made these raids. Such dogs will be destroyed he said.

Poison will be placed on these posted farms September 20th and anyone entering with dogs will do so at their own risks.

## Ticket Sales Open For Band Booster Play

Tickets to the Band Booster's 3rd annual play, "Hobogoblin House", by Jay Tobias, will go on sale this afternoon at 5:30 p.m.

The mystery will be presented September 24 and 25 at 7:30 in the high school auditorium.

Despite the increase in production cost the admission will be the same as last year.

High School Band members and Band Booster members will have tickets for the advance sale, or they will also be available at the door.

Don't miss it.

## Trade Talks With Reds Delayed Iran Sentences Soviet Spy

TEHRAN, Iran, Sept. 19 (UP)—Iran condemned a Soviet spy to death today and declared a three-day postponement in the scheduled opening of trade talks with Russia.

The move came amidst other swift developments cropping out of Iran's bitter oil dispute with Britain. They included:

1. Finance Minister Mohamed Ali Varamatch resigned and a cabinet reshuffle was anticipated shortly.
2. Iran asked four British communications experts to return to their jobs because no Iranians could do the work.
3. Opposition newspapers urged the Shah to "use his prerogatives" to halt Premier Mohammed Mossadegh's drastic oil policies.
4. Retiring U. S. Ambassador Henry F. Grady left for home by plane with a ringing denunciation of Mossadegh as a man who "cannot see beyond his nose."

Grady told associates: "It is a government of chaos. It is not a strong but rather a stubborn government. This government is getting Iran nowhere." Only a few Iranian officials appeared at the airport for Grady's departure.

Iran had sought a conference today with Russian officials to arrange a barter deal for vital materials cut off by Britain's blockade.

But the postponement was announced as the military court of appeals upheld a death sentence originally passed two months ago on Abdullah Uzbek, a Soviet citizen. He was arrested last March near Gorgan on Iran's northeastern border with Russia.

Uzbek was carrying a pneumatic tire at the time of his arrest. Evidence showed a radio transmitter was concealed inside the tire.

The court deliberated three hours, then voted four to three for the death sentence. If the Shah approves the sentence, Uzbek will face a firing squad.

Details of the alleged spy's plans were not disclosed. It was believed his mission was either for purposes of sabotage or spreading subversive propaganda. Iranian officials recently found dynamite embedded in several bridges near the frontier.

## TWO SEPARATE MEETINGS OF LIAISON OFFICERS SET

By Robert Vermillion  
United Press Staff Correspondent  
TOKYO, Sept. 19 (UP)—The Communist cease-fire negotiators asked tonight for two separate meetings of liaison officers after freeing four South Korean soldiers who had wandered into the Kaesong neutrality zone by accident.

The United Nations command at once agreed to both meetings.

It was indicated the Communist high command might deliver a reply to the offer by Supreme United Nations Commander Gen. Matthew B. Ridgway to resume the armistice negotiations.

A series of rapid-fire developments pointed toward a decisive turn soon in the long deadlock which began with Communist charges the United Nations had violated the neutrality of Kaesong, where negotiations were conducted until the Reds broke them off Aug. 23.

## NAM Association Defends Price Control Bill

WASHINGTON, Sept. 19 (UP)—The National Association of Manufacturers today defended the provision of the price control law assailed by President Truman as "the terrible capchert amendment."

The NAM urged a Senate banking subcommittee to reject a proposed revision. The full committee already has turned down Mr. Truman's request for outright repeal.

The manufacturers' group said the administration-drafted substitute would restore too much discretionary power to the administration to hold down prices and prevent industry from recouping "all legitimate costs."

The administration contends the revision is the "minimum" change required to make the provision "workable."

The CIO testified yesterday that the revision is no good because it doesn't go far enough. It urged outright repeal.

The big labor organization today threw its support behind an administration bill to restore quotas on meat animals slaughtered. Otherwise, the CIO said, un-

## Band Booster's Will Present Mystery Play

(EDITOR'S NOTE: The Band Boosters Club of Ranger is putting on a play to raise funds for the band. Each day you will be given a quick picture of parts of the play. The play is a mystery and will be September 24 and 25, at 8 p.m. at the high school auditorium. The other parts of interest will come out in the articles by the Band Boosters.)

Hanging over a door, in "Hobogoblin House" you will find black velvet curtains. They were put there by Horace Hobogoblin former master of the house, who was haunted to death because he dared violate the closet—a closet called "Bluebeard's Closet".

Do you remember the fairy tale of Bluebeard? Could "Hobogoblin House" have possibly been the scene of Bluebeard's activities? (The only way you will find out is to see the play.)

(Don't miss the next of the series on the "Hobogoblin House.")

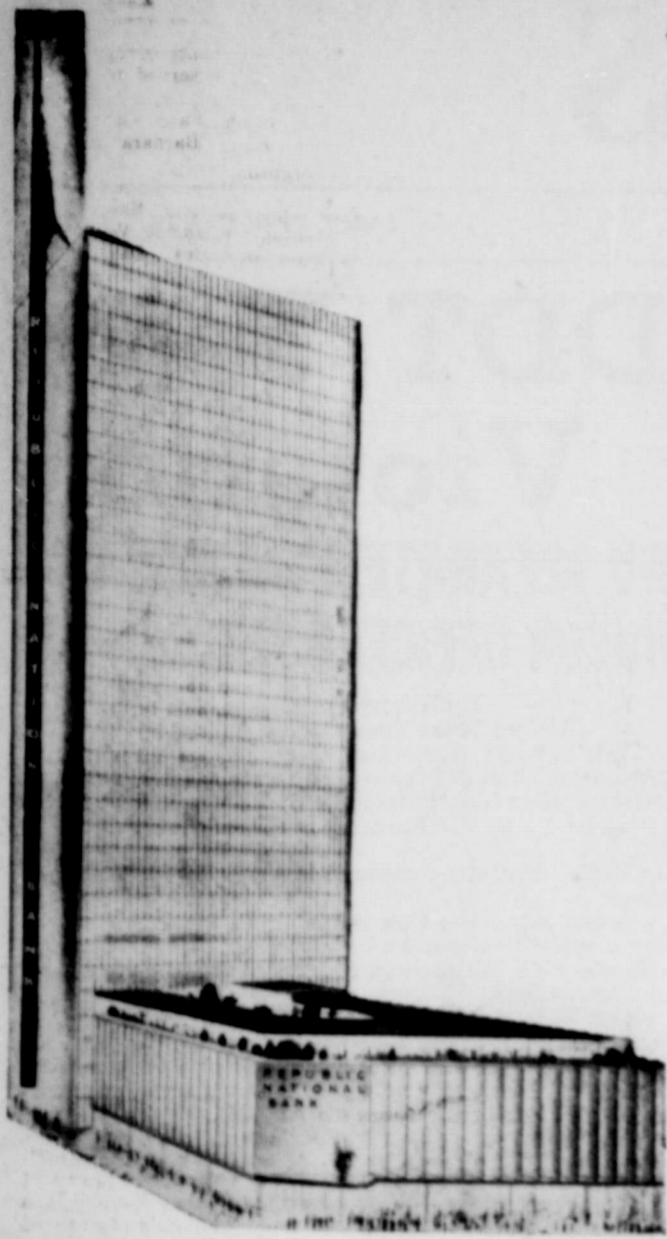

## Ride The "ROCKET" And Save

Osborne Motor Company, Eastland

**RESERVED SEATS GO ON SALE**

Reserved seat tickets for the Ranger Junior College and Midwestern "B" team game are now on sale at the Paramount Hotel.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

### New Industry Thriving In This Area

DALLAS, Sept. 20 (Spl) — New attention has been focused on a thriving Texas industry, born since the war, with the announcement that expanded shale aggregate will be used in the structural concrete work on the new 40-story Republic National Bank Building in Dallas, scheduled for completion in 1953 as the South's tallest skyscraper.

The industry, nearly five years old and growing like the beanstalk of Jack and the Giant Killer, is the production of expanded shale aggregate for use with Portland cement in making lightweight concrete.

The first expanded shale aggregate ever produced in Texas came out of the Strawn, Palo Pinto County, plant of The Featherlite Corporation in October, 1946. This company, which markets its product under the trademark name "Featherlite," was developed by Jack Frost of Dallas, well-known oilman, rancher and industrialist. Frost is president of the company, which has executive offices in Dallas. Alex T. Mickle is executive vice president.

Expanded shale aggregate recently has been specified for the structural concrete in around a dozen tall buildings in the Dallas-Fort Worth area. The Republic Bank Building alone will use some 20,000 cubic yards of Featherlite aggregate.

Lightweight concrete masonry units made with expanded shale aggregate are used throughout the Southwest in residential and commercial building.

Expanded shale aggregate combines lightness of weight with great strength, Mickle pointed out. "This combination is the foundation on which the new industry has been built. One very important factor in this period of national emergency is that the use of lightweight concrete results in great savings in steel due to the reduction in dead weight."

Independent laboratory tests show that concrete made with expanded shale aggregate is light in weight, high in strength, fire-proof and insulating. The new Texas industry is soundly based. Authorities say it is revolutionizing building in the Southwest.

A new Texas industry, the production of expanded shale aggregate for making lightweight concrete, will play a prominent part in construction of the 40-story Republic Bank Building in Dallas, scheduled for completion in 1953. Approximately 20,000 cubic yards of the aggregate (Featherlite) will be used in the skyscraper.

### Humble Will Broadcast Top Games Again This Year In SW

Humble Oil & Refining Company launches its eighteenth consecutive season of football broadcasts this weekend with five big inter-sectional games. The Texas Aggies open Southwest Conference play on the road at the nation Friday night when they invade U.C.L.A. Southern Methodist tangles with Georgia Tech on Saturday, as the University of Texas takes on powerful Kentucky Saturday night Baylor engages the University of Houston, while T.C.U. and Kansas square off in another night contest.

All five games will be broadcast over the Humble networks of radio stations which dot most of Texas. Listeners will hear familiar voices describing the action as the veteran Humble announcers return to the microphones for the 1951 season.

Charlie Jordan and Eddie Barker will broadcast the A&M-UC LA tilt from the Los Angeles Memorial Coliseum, Los Angeles, California. Broadcast time will be 9:20 p.m. (CST) on stations KPBC, Houston; WFAA-WBAP-820, Dallas-Fort Worth; WOAI, San Antonio; KRIS, Corpus Christi; KVAL, Brownsville; KORA, Bryan.

The SMU-Georgia Tech meeting will be described by Ves Box and Jerry Doggett, from Grant Field, Atlanta, Georgia. Broadcast time is set for 1:20 p.m. on stations KRLL, Dallas; KWPT, Wichita Falls; KTRH, Houston; WOAI, San Antonio.

Kern Tips and Alec Chesser will give the account of the clash between Texas U. and Kentucky, from Memorial Stadium in Austin, beginning at 1:50 p.m. on stations KPBC, Houston; WFAA-WBAP, Ft. Worth-Dallas; KTSB, San Antonio; KRIS, Corpus Christi; KRGV, Weslaco; KFYD, Lubbock; KGNC, Amarillo; KFDX, Wichita Falls; KPET, Lamesa; KRIG, KVMM, Monahan; KRUN, Pecos; KVLB, Alpine; KSET, El Paso; KTRC, Abilene; KTRB, Tyler; KXOX, Sweetwater; KWTF, Waco.

Baylor versus the University of Houston will be covered by John Ferguson and Dave Russell. The broadcast, direct from Houston Stadium, will begin at 8:00 p.m. on stations KFJZ, Ft. Worth; WRR, Dallas; WACO, Waco; KVET, Austin; KABC, San Antonio; KTHH, Houston.

Bill Michaels, backed by Bob Walker, will describe the TCU season-opener with Kansas in TCU Stadium, Ft. Worth. This game will be broadcast at 8:00 p.m. over stations WBAP-WFAA-870, Ft. Worth-Dallas; KXYZ, Houston; KMAC, San Antonio; KNOW, Austin.

### Former Governor Believes "Ike" Will Run

NEW YORK, Sept. 19 (UP)—Walter E. Edge, former governor of New Jersey, returned from Europe today and said he was "quite confident" Gen. Dwight D. Eisenhower would accept the Republican presidential nomination if it were offered him.

Edge said he would support Eisenhower "without qualification" for the nomination.

He arrived here with Mrs. Edge, aboard the Cunard liner Queen Mary after a six weeks visit in England and France during which he talked with Eisenhower in Paris.

"Of course I have no authority to speak for the general," he said. "However, during our talk I was greatly impressed with his consistent and conscientious response to previous duty calls—I am quite confident that if the Republican convention displays good judgment and indicates General Eisenhower as its choice for the presidential nomination he would respond to the call and be triumphantly elected."

WASHINGTON, Sept. 19 (UP)—Sen. George D. Aiken, R., Vt., says the 1952 Republican presidential nominee will be either Sen. Robert A. Taft, O., or Gen. Dwight D. Eisenhower—and that the GOP could win with either man.

Aiken, interviewed on the Columbia Broadcasting System's Capitol cloakroom radio program last night, did not venture to guess which man he thought would be his party's nominee next year.

### More Money For Drivers License Now

AUSTIN, Sept. 19 (Spl) — Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today in Austin that a survey conducted at the end of the first week of the increased fees for driver's licenses indicated that 48 per cent of the applications for renewal of operator's and commercial licenses failed to include sufficient money.

This, Garrison pointed out, was in spite of the fact that newspapers and radio stations cooperated wholeheartedly in publicizing that the cost of both of these type of licenses were doubled by the 52nd Legislature and became effective September 7th.

The Public Safety Director again reminds Texas motorists that the fee for an Operator's License is \$1.00 and for Commercial License, \$2.00. The price for a Chauffeur License remains at \$3.00. As before the Operator's License is valid for a period of two years and the latter two for a one year period each.

Remitting of the proper amount with your renewal application will expedite a more prompt return of your new license, Garrison said.

### Royalty Gets US Passports

LONDON, Sept. 19 (UP)—The United States Embassy granted visas yesterday to Princess Elizabeth and her husband Prince Philip, Duke of Edinburgh, for their visit to the United States, it was announced today.

Embassy officials said the visas were given without a loyalty check, and noted that there has been no apparent British desire to overthrow the American government since the War of 1812.

Return will expedite a more prompt return of your new license, Garrison said.

### Pamela Britton Keeps Record

DALLAS, Sept. 20—When Pamela Britton joined the cast of "Guys & Dolls," State Fair Auditorium show for October 6-21, she upheld an enviable record of "never having been in a flop."

Pert, blond Miss Britton portrays a Romyesque heroine to whose talent fall the hit songs "Bushel And A Peck" and "Take Back Your Mink." The Damon Runyon-inspired musical starring Allan Jones, Jeanne Bal, Julie Oshins, Maxie Rosenbloom and Miss Britton will play 24 performances during the 16-day State Fair of Texas. Tickets may be obtained through mail order or at the downtown box office, 1203 Elm Street, Dallas.

Miss Britton made her Broadway debut as Ado Annie in "Oklahoma." She was comedienne "Meg" of Broadway's "Brigadoon" and now is a star of one of Broadway's all-time great musicals.

"The point that bothers me," explains the actress, "is that I've spent so much money perfecting my English and every one of these has been a dialect part in 'Oklahoma.' I spoke with a middle-west twang; in 'Brigadoon' I had a Scotch accent, and now in 'Guys & Dolls' I'm strictly Broadway, speaking Broadwaysese."

The State Fair Auditorium show will be the only Southwest appearance of the sensational "Guys & Dolls." Before opening in Dallas, it will be seen only in New York, San Francisco and Los Angeles. Ticket prices, including tax and admission to the Fair Grounds, are \$4.90, \$4.30, \$4.00, \$2.80, \$2.20 and \$1.30.

Religious Sect Won't Light Their Buggies

DES MOINES, IA., Sept. 19 (UP)—A state highway patrolman said today that police anticipate a bit of trouble trying to get members of the Amish Sect to equip their horse and buggy rigs with proper lights.

"Some of them don't even accept the telephone—why should they put headlights on their surreys?" he said. He asked that his name not be used.

The highway patrol said it had received a number of complaints that members of the sect were creating a serious traffic problem by clip-clopping down the highways at night without sufficient lights on their buggies.

The Amish, a strict sect associated with the Mennonites, frown on most manufactured items. They wear homespun clothes without buttons, preferring homemade hooks and eyes or ties for fasteners.

### Religious Sect Won't Light Their Buggies

Choking Smog Hits New Jersey

ELIZABETH, N. J., Sept. 19 (UP)—State authorities promised an investigation today of the second choking chemical smog here in six days, which made about 500 persons ill and caused 20 others to require first aid.

The smog, which health officer George E. Lauback said "apparently contained sulphur from industrial smoke," affected workers yesterday in the Phelps-Dodge Copper Products plant and the telephone radio factory in the Bayway industrial area.

The workers complained of nausea, tightness of chest, irritation of the nose and throat and smarting of the eyes from the fumes, which one worker described as "just like tear gas."

### FUNNY BUSINESS

"George squawks about indirect lighting, so he made a chandelier out of the new floor lamp!"

### FOR A BETTER CROP

TAKE the trash out of seed wheat for more uniform stands.

"Seed cleaning and treating is the first step toward increased yields of quality grain." The pictures above help explain why farm experts offer this advice. You can plainly see that if your grain drill is loaded with an assortment of seed grain, pieces of straw, grain hulls and weed seeds, your standing crop will show up with many bare or thin spots, where you have sown trash instead of good seeds. Thorough machine cleaning takes out almost all of this foreign matter.

It is not easy to see spores of bunt on the seed. In fact, to the unaided eye, the seed may appear free of stinking smut and with certain weather conditions the resulting field may be 50 percent bunted. So wheat growers should not take this chance when they can be absolutely sure of not having bunt for only 1¢ to 5¢ per acre. This insurance may be had by treating the seed with a good disinfectant just as it leaves the cleaner or 24 hours or more before planting. Your County Agent can direct you to a cleaning and treating machine, or tell you how to do it yourself.

**Miss Leonhardt And Mr. Fox, Former Olden Resident, Marry**

Miss Delores Leonhardt and Mr. Bill Fox, both of Coleman, were married at 4 o'clock Saturday afternoon, September 1, at the Church of Christ in Coleman. Mr. Dan Fogarty, Church of Christ minister, read the ceremony.

The bride is the daughter of Mr. and Mrs. Henry Leonhardt of Gering, Nebraska. Mr. Fox, a former resident of Olden, is the son of Mr. and Mrs. G. A. Fox of Dallas.

Mr. and Mrs. G. A. Fox, Jr., of Eastland were the couple's only attendants.

The bride wore a ballerina length skirt of white museline dasau topped with a white imported lace jacket with a ripple plenum. The jacket was buttoned from the high neck to the waist with tiny white lace covered buttons.

Her hat was a powder blue Bonnet edged with tiny pink rose-

buds and blue maline. Her shoes were a matching shade of blue.

The bride's bouquet of white carnations was arranged on a white Bible. She also carried a lace-edged handkerchief, crocheted and given her by her mother for the occasion.

Mrs. George Fox, as matron-of-honor wore a blue and white sheer dress, matching blue and white shoes, and a white hat. Her corsage was of white carnations.

**Services At First Baptist**

The mid-week services at the First Baptist Church will be held as usual this evening. The teachers will meet at 7:30 p.m. for the teaching of the Sunday School lesson for Sunday.

At 8 p.m. the regular mid-week prayer service will be held. Immediately following the prayer service choir rehearsal will be held. Rev. Perkins will teach the lesson to the teachers this evening in the main auditorium.

**Jerry Wilson Enrolls In H-SU**

Jerry Wilson has enrolled as a student in Hardin-Simmons University for this term of school. He is the son of Mr. and Mrs. R. C. Wilson of 115 Elm Street.

His parents are sending him the Ranger Daily Times so that he can keep up with the news at home while he is away.

Mrs. Fox graduated from Gering High School in Nebraska. She is employed in Coleman as secretary for the Western and Westates Petroleum Company of Texas. She was chosen Miss Coleman of 1950 in a contest last year.

Mr. Fox, who is program director and chief announcer of Coleman radio station, KSTA, is a graduate of Olden High School and attended Durham Business College. He is also a graduate of the Institute of Radio Broadcasting at Dallas.

When the couple left for a wedding trip to Fort Worth, Dallas and points in New Mexico, Mrs. Fox was wearing a pale orchid dress with deep orchid accessories and a corsage of white carnations.

**Auxiliary To Meet Thursday**

The Ladies Auxiliary to the Ralph McKinley Post 5873 will meet Thursday night at V.F.W. Headquarters at 8 p.m.

All members are urged to be present.

**Subjects For Second Baptist**

"The Co-operative Program" of the Texas Baptist plan for the support of world missions will be the theme for the mid-week prayer service tonight at the Second Baptist Church, according to an announcement by the pastor, Rev. Jasper C. Masseege.

Various phases of mission work will be discussed including the work in Texas and on foreign fields. The Texas Baptist's financial goal will be discussed with a call for increased giving on the part of the members. The church is seeking to attain the goal of every member contributing one-tenth or the title of his income for the support of the Lord's work.

Refreshments were served to Vernell Warren, Virginia Belknap, Zula Fonville, Wanda Raney, Dorothy Eppley, Linda Shaffer, Bobby Estes, Anna Beth Deffebach, Farena Box, Brenda Brooks and the leader.

This troop has received the following awards: membership stars, Dorothy Eppley, Carol Getts, Dorothy Harrison, Julia Deal, Janell Penny, Helen Carroll, Virginia Belknap and Farena Box.

Second class badges, Nell Warren and Zula Fonville.

**Troop 3 Elects New Officers**

The Girl Scout Troop 3 met on the lawn at the home of the troop leader, Mrs. H. E. Brooks, 912 Cypress St., Tuesday evening at 4 p.m. for their regular meeting.

The meeting was presided over by Vernell Warren and during the business meeting the following officers were elected: chairman, Brenda Brooks; vice president, Dorothy Eppley; secretary, Wanda Raney; telephone, Virginia Belknap; Nibbles, Bobby Sue Estes and Linda Shaffer.

Wanda Raney was accepted as a new member. After plans were made for future meetings the group joined in a number of games.

Refreshments were served to Vernell Warren, Virginia Belknap, Zula Fonville, Wanda Raney, Dorothy Eppley, Linda Shaffer, Bobby Estes, Anna Beth Deffebach, Farena Box, Brenda Brooks and the leader.

This troop has received the following awards: membership stars, Dorothy Eppley, Carol Getts, Dorothy Harrison, Julia Deal, Janell Penny, Helen Carroll, Virginia Belknap and Farena Box.

Second class badges, Nell Warren and Zula Fonville.

**Hospital News**

New patients at the West Texas Clinic this morning are Elvira Marilleus, Ranger; S. J. Savage, Ranger; Ranger; Baby Bobby England of Ranger.

New patients admitted to the Ranger General Hospital include Mrs. Blair Clark, Cisco, and Arthur Terriel, Eastland.

Patients dismissed were Mrs. Lee Richardson, Brad; Jack Robinson, Ranger; Mrs. Doris Elliot and baby of Olden; Mrs. Nora Graham, Eastland; Mrs. Pearl Williams, Caddo; Mrs. W. C. Brashiers of Ft. Worth and Mrs. W. L. Van Geem, Eastland.

**Frankell Church To Have Services**

Rev. Ernest Rippeto will hold services at the Frankell Baptist Church Thursday and Friday nights, September 20th and 21st. The public is invited to attend these services.

Those awarded Brownie Wings for having been a Brownie are Norma Mae, Anna Beth Deffebach, Jeannie Getts and Brenda Brooks.

Anna Beth Deffebach and Bobby Estes received Scout pins.

**Jackie Neeley Honored On 12th Birthday**

Jackie Rae Neeley was honored with a party on his twelfth birthday, Sept. 14, at the Willow Park, by his mother, Mrs. C. R. Neeley.

A large group of his friends gathered at the park to enjoy the fun and fellowship and to wish Jackie a "Happy Birthday."

Each guest was presented favors from the honoree. Various outdoor games were participated in by the entire group.

Refreshments of cup cakes and punch were served to Desma Eakin, Barbara Rogers, Ann Robinson, Odus Faye Carwie, Linda Ferguson, Barbara Ruth Bray, Linda Plumley, Peggy Joyce Neeley, Angela Rogers, Don Deffebach, Tommy Sawyer, Jerry Mack Ball, Jackie Williams, Alex Eakin, Charles David Warford, David Wharton, Robbie Robinson and Teddy Joe Neeley.

Jackie received many gifts from the guests present and a number of gifts were sent by Mrs. T. W. Chambers, Mr. J. W. Jones, Mrs. Noel Hubbard and Mr. and Mrs. T. I. Lee.

Mrs. Neeley was assisted at the party by Mrs. Reese Rogers, Mrs. Joe Young and Mrs. Carl Eakin.

## Man From Planet X Comes To Tower

A scene from the film "The Man From Planet X" which plays Wednesday and Thursday at Your Tower Theatre.

## hit 'n miss

By DON NORRIS

If you stop and think about these radios that the towns and the County of Eastland are studying, you will find that the cost per town will be very small.

At the meeting in Eastland the other day something was said about the county paying two-fifths of the \$6150 cost and the towns paying one-fifth each. The county will pay the greater part on the basis of the increased revenue from fines for the county from the radios.

If that plan was approved the county would be out \$2460, and each town would be out \$1230. Another suggestion was made at the meeting that the county pay half of the cost and the towns pay one-sixth. At that ratio the difference would only be a difference of \$250 dollars less for each city and \$615 more for the county.

At any price the radios would soon pay for themselves in the added protection and increased fines that the cities and county would receive.

Take our city for instance, if the police are out patrolling the highways, protecting the citizens against speeders, drunken drivers, burglars and other criminal activity, they are not available if you call the station and ask for help.

They have a system here to summon the police when they are out of the station, but that does not always work, because they may be out of range of the device used.

Think it over, \$1230 invested in radio equipment would take the place of another police car, two more patrolmen working at night. You would have the sheriff and Highway Patrol, and any of the other law agencies in this part of Texas as close as your telephone.

## Cat Hunt Ends Suddenly; Pup Is Blamed

SAN ANTONIO, Sept. 19 (UP)—A full-scale panther hunt for San Antonio's mysterious marauding "cat" was postponed last night when the prime suspect turned out to be "Gus," an overgrown pup.

By Sheriff Owen Kilday said "Gus" couldn't be held responsible for all the reports of a "big cat" roaming in east San Antonio and promised to re-organizing the hunt if more residents spot the animal.

The sheriff had a group of trained "cat" dogs and a small posse armed with high-powered hunting rifles ready to pounce through Comanche Park where a deputy reported seeing the "cat" Monday night.

Just before the hunt began, though, the sheriff spotted "Gus," a Great Dane pup belonging to George Housos, San Antonio cafe operator. Housos said the dog had been loose for 24 hours.

"Gus" very well measured up to the dimensions of a "big cat"—He's seven feet long from nose to tail and stands 3 1-2 feet high. Several residents have reported seeing a beast roaming the area in the past eight days. One, a 12-year-old boy, said a "tiger" attacked and severely slashed his large German Shepherd dog.

## LOOK WHO'S NEW

The West Texas hospital reports some unusual news this morning. They have three new football players and one cheer leader or at least prospects for such.

Mr. and Mrs. Henry Lester Gibbs are the parents of a baby boy born September 15 and weighing 9 pounds. Mrs. Gibbs is the daughter of Mr. and Mrs. J. W. Fox, of Olden and resides in Olden while her husband, Pvt. Lester is stationed at Fort Bliss but arrived home an hour before the arrival of his son.

Mr. and Mrs. C. T. Botts of Ranger are the parents of a baby boy born last night and weighing 7 lbs. and 2 oz. Mrs. Botts is the daughter of Mr. and Mrs. B. C. McNabb and Mr. Botts is the son of Mrs. Mamie Botts and is employed at the Morris Funeral Home. The baby had not been named this morning, but would probably be named after his father.

Mr. and Mrs. Denver Stagner are the parents of a baby boy born this morning and weighing 8 pounds and 10 ounces. The paternal grandmother is Mrs. Girtle Exline of Cisco and the paternal grandparents are Mr. and Mrs. J. W. Fox.

## Flood Threat Decreasing On Rio Grande

Brownsville, Sept. 19 (UP)—A general fall in the rain-glutted Rio Grande occurred at all river check stations today, erasing the earlier threats of flooding.

Weathermen and river experts agreed the 100-yard break on the Mexican levee 20 miles upstream from Matamoros, Mexico, took the assured harmless passage of the South Texas flood drainoff to the Gulf of Mexico.

Arthur J. Moore, International Boundary and Water Commission engineer at San Benito, said the river is "less than bank full" from Mercedes to Brownsville and "any flood threat we might have had is over."

The floodways paralleling the huge international river were almost dry today. A few farm fields in Cameron County, near the Cameron-Hidalgo County line had slight flooding. But crops already were harvested, and this will "do more good than harm," Moore said. "It amounts to cost-free irrigation."

The U. S. Weather Bureau said the river stood at 6.8 feet at Rio Grande City, a drop of 2.4 feet since yesterday; 15.2 feet at Hidalgo, a 4.4-foot decline, and 20.5 at Mercedes, a fall of .8 in the past 24 hours.

Here the river stood at 16.3 feet today, as compared to a flood stage of 18 feet. The measurement was .1 foot above yesterday morning's reading, but well below the 17-foot peak reached yesterday afternoon.

The river forecast was for a slow fall throughout the day, and a moderate steady fall all along the giant Rio Grande during the next two days.

The levee which relieved pressure of the stream occurred yesterday, across from Los Indios and near the Mexican farming village of Soliseno.

The break permitted flooding of thousands of acres of rich

Mexican farm land. But E. H. Selleck, engineer for the International Boundary and Water Commission, said depth could not exceed two feet and the overflow meant "just darn good irrigation" for the area. No towns were threatened.

Bulldozers were used yesterday to carve another big hole in the damaged Mexican levee. The opening funneled muddy water into Mexico's Lake Culebron Reservoir, further relieving the river load and accomplishing important water storage.

limited bidding by slaughterers will eventually force higher retail ceiling prices.

The controversial Capehart amendment, like the ban on quotas, was written into the controls law last July. The Capehart amendment permits sellers to pass on to consumers virtually all cost increases from the start of the Korean War to last July 26.

"It spells out definitively what are allowable costs and gives industry a reasonable assurance that the rules of the game will not be changed by a government agency," the NAM said in a statement filed with the subcommittee.

The CIO's views on quotas were set forth by CIO research director Stanley H. Rittenberg in a statement prepared for another Senate subcommittee.

"The prohibition of quotas permits slaughterers to engage in almost unlimited bidding," he said. "Wholesale and retail ceiling prices on beef cannot stand under the pressures of almost unlimited bidding by slaughterers. The upbidding of prices of beef on the hoof has already cracked ceiling prices. OPS has announced beef ceiling price increases within the past few days."

The subcommittee planned to wind up hearings today and present recommendations to the full committee for a vote tomorrow.

Meanwhile, investigators began checking slaughter houses in Chicago, Cleveland, Philadelphia, and Newark, N. J., in a search for price ceiling violators among cattle and beef buyers.

**Getting Married May Cost More**

WASHINGTON, Sept. 19 (UP)—The price of getting married may go up.

The government today exempted from price control justices of the peace, advertising agencies, dues and assessments of social and other non-profit clubs, and 18 other assorted trades and services.

If, for instance, you're an actress, actor, or athlete, the cost of having a manager may go up. The office of price stabilization said that these services either have "little effect on the cost of living" or "cannot practically be controlled."

**Bob Balch On HSU Grid Squad**

ARLENE, Sept. 19 (Sp) — Bob Balch of Ranger is among the 57 candidates remaining on the Hardin-Simmons University football team after two weeks of drill.

Balch, a senior, has seen action on the line as a tackle but has not lettered. A well built player, Balch stands 6' and weighs 210 pounds.

He is 21 years old.

The Cowboy roster this season consists of 17 lettermen, including ten two-year men, six sophomores, a like number of transfers, five 1950 squadmen, one 1949 squadman, and 21 freshmen.

Under new Border Conference rules, freshmen can now play varsity football.

Local fans will be able to see the Cowboys in action three times this season. The first home game for the year will be against the University of Cincinnati Bearcats in Fair Park Stadium Nov. 3. It will be the homecoming game.

The other two games will be against Texas Western College at Parramore Stadium on the HSU campus Nov. 9 and Arizona University Nov. 24.

When the Cowboys open the season against College of Pacific at Stockton, Calif., Sept. 22, they will be trying to protect a record of not having been held scoreless in their last 50 games.

The last goose egg was made when the Cowboys and the Texas Tech Red Raiders battled to a scoreless tie in 1942.

**ROSES FOR A QUEEN** — Miss Catherine Roberts, blue-eyed junior at the University of Texas, picks roses in one of Tyler's many blooming fields for the 14th Annual Texas Rose Festival, October 5, 6, 7.

Others on the schedule include: Trinity University, Sept. 29 at San Antonio; Midwestern University, Oct. 6 at Wichita Falls; Arizona State, Oct. 13 at Temple, Arizona; University of Houston, Oct. 20 at Houston; West Texas State, Oct. 27 at Canyon.

Loyola University, Nov. 17 at Rose Bowl, Pasadena, Calif.; and Texas Tech College, Dec. 1 at Lubbock.

**FBI Seizes More Slot Machines**

NEW ORLEANS, La., Sept. 19 (UP) — The Federal Bureau of Investigation held 1,644 slot machines and a large number of crates filled with spare parts today following seizure, of the second part of a shipment of the machines from a Dallas concern.

Sixty-four of the machines, all bound for Latin America, were picked up at a New Orleans railroad yard yesterday.

Last week, FBI agents seized 1,600 of the machines. Agent Julius M. Lopez said the two seizures were parts of one shipment from the General Distributing Co., in Dallas to its Latin-American countries.

George Prosk, owner of the firm, said last week most of the 1,600 slots were bound for El Salvador.

Lopez said that several in last week's seizure came from the Port Arthur Novelty Company of Port Arthur, Texas.
