213 Bales Cotton Ginned To Date At Local Plant

Ranger gin operator, T. D. Lauderdale said yesterday evening that 213 bales of cotton have been run through as of October 10.

Mr. Lauderdale said that there have been a good turn-out on the cotton in this area under the drought conditions.

C. N. Dempsey has ginned 57 bales at the Ranger gin this year and his yield has averaged about one-third bale per acre.

Lauderdale quoted two farmers yields as examples of the good turn out of the cotton that was made this year. M. C. Carey brought in 1850 pounds of burrs that ginned out 590 pounds of lint.

D. C. Stepp of Stephens County brought in 1900 pounds of burrs that turned out 540 pounds lint on one load, and 1910 pounds of burrs in another bale that weighed out 555 pounds of lint cotton.

The Ranger gin this year is buying the cotton from some of the owners at 35c per pound straight through, and \$73 per ton for seed.

Cotton from Eastland, Stephens and Palo Pinto Counties has been ginned here this year, with the gin operating as long as there is cotton to run through. Lauderdale said that in some cases the gin operates at night to keep ahead of the work.

State X-Ray Unit Coming To This Area

The State Department of Health will send to Eastland County this year the Tuberculosis X-Ray machine and will make X-Ray pictures of any person over fifteen years of age.

A representative of the State Department of Health will be in Cisco and Eastland with the machine with the purpose of taking X-Ray pictures. This excellent service is free of charge. All persons over fifteen years of age may take advantage of this opportunity. The representative will be in Cisco, at the West Texas Utilities Company on November 3rd and 5th from 8:00 a. m. to 5:00 p. m. He will be in Eastland at the King Motor Company on November 7th and 8th from 8:00 a. m. to 5:00 p. m.

These are the only two places in Eastland County that they will render this service; therefore, it will be necessary for you to make arrangements if you are interested in securing this free service at the time specified.

Danley Well Estimated At 35 Barrels

In a test run on the Number One Danley, about three miles northwest of Ranger, this morning, the well made 7 barrels of oil on pump in four hours.

Estimations on the production of the well indicate that it will probably average about thirty-five barrels per day after the pump is installed.

The well was drilled to 3606 feet by the Robinson Drilling Company of Abilene for the lease holders.

GIRL SCOUTS WILL BENEFIT FROM THE COMMUNITY CHEST

"On my honor I will do my best to do my duty to God and my country..." "A girl scout's honor is to be trusted." Thus begins the pledge and the laws of the Girl Scouts of America.

The Girl Scout movement was brought to America from England by Juliette Lewis, who organized the first troop in Savannah, Ga., in 1912. That first troop had a membership of 12 girls. Since that time, the organization has grown to include over half a million girls in all parts of the United States, as well as being an international organization serving many foreign countries.

The program of the Girl Scouts is broad, and covers eleven different fields. They are agriculture, arts and crafts, homemaking, health and safety, international

friendship, sports and games, nature, out-of-doors, music and dancing, community life and literature and dramatics.

The Girl Scouts in Ranger were organized in 1949. In November the girls will register for their third year. There are about 75 girls registered at the present time. These girls range from 8 years of age to 14. New troops for the 7 year olds will soon be organized. The Brownie Scouts are 7, 8 and 9 years old, the Intermediate Scouts from 10 to 14 and the senior scouts from 15 to 18.

This organization is meeting the needs of the girls in Ranger. It is only through the cooperation of the community and the help and support of the individuals that it can be continued.

This year the Girl Scouts have been placed in the Community Chest and many girls will benefit from the contribution that is made to this cause.

TWO MIGHTY FOOTBALL TEAMS TO MEET HERE NEXT TUESDAY

Two unheralded Ranger teams are scheduled to take the field at Bulldog Stadium Tuesday, October 16 at 3:00, in what is shaping up to be one of the biggest games on the football picture for the Ranger fans this year.

In past encounters the teams have each won one and lost one, this will be the playoff to bring the honor to the home school.

These two teams, both operating from variations of the double wing, are well supplied with material for this bitter encounter.

Paul Rogers will field a squad twenty-seven strong, sporting a big bruising 110 pound guard as the big man on his roster of the Hodges Oak Park team.

Morris Jefferies, of Young School, will bring twenty-four would be all-Americans to Bulldog field to test the strength of the Hodges team.

Traveling with the Young team will be their cheerleaders, Linda Plumley, Barbara Ruth Bray, and Gail Ann Rapp, who will give demonstrations at half time.

Senator Johnson Gives Warning To Soviet Union

DALLAS, Oct. 11 (UP)—Sen. Lyndon B. Johnson, D. Tex., bluntly warned Soviet Russia today that its next aggression may mean a full-scale war with this country.

He said that "unless those who plot the destruction of our civilization change their ways, it will come and the time may not be too far distant."

This nation cannot go on forever draining away its lifeblood, battling the satellites of the Soviet star, the tall Texas Senator said.

The action, he said, may be a solemn proclamation to "the masters behind the walls of the Kremlin that the next aggression will be the last. We will recognize that you, and not your puppets, are the real aggressors."

"And we will strike back with all the dreaded might that is within our control, and it will be a crushing blow," Johnson warned. Other possible actions he brought out would be a warning to Communist leaders of North Korea to make peace or "we will hit you with everything we have; or a declaration to the Communists of the world that we are ready to move at the next sign of aggression."

"I can foresee a time when we will call a halt to this slow march to the ultimate destruction of our liberties," he said.

Johnson addressed a luncheon meeting in his honor here today sponsored by civic clubs and other organizations of Dallas.

He said our action in Korea "is a strange and untried path."

Comacho Chosen Back Of Week By Star-Telegram

Phil Collier, Sports Editor of the Fort Worth Star-Telegram, chose Jimmy Comacho as his back of the week after Jimmy's spectacular performance in the Hamilton game last Friday night.

In the Hamilton game, Comacho scored 21 of the 27 points, rolled off 201 of the 294 yards gained rushing, and played a beautiful game in general.

For the season Comacho has scored 58 of the team's 125 points; scoreless only in the game with Stamford, and figured in the majority of the Bulldogs' ground gaining plays.

Comacho also handles the kicking duties for the Bulldogs on kick offs, extra points, and punts, averaging about 35 yards per kick with his punts.

This is Comacho's fourth year of play for the Bulldogs and has made the all-district team three years straight.

"Wherever we fight, or wherever we fight, we know there can be no victory in this current pattern of putting out fires," he said.

Bulldogs Will Go After The Coleman Bluecats Friday Night

Friday afternoon about twenty-four local boys will board a bus here on its way to Coleman, slip quietly into their fair city out there, play a ball game and come home.

Not much will be said on the way down by the Bulldogs, but if you are going to be anywhere around after they wallop those Bluecats, for gosh sakes take yourself some earmuffs.

The Bulldogs are going to Coleman with the idea of evening up the score from their bi-district defeat at the Bluecats hands last year.

The Ranger squad will be in better shape this week than it was for the Hamilton game last Friday night. Back in the line-up will be Charles Massague to make those fast runs he is famous for.

Bobby Justice is the only Bulldog that will be unable to play against Coleman Friday night. Bob is still recuperating from surgery.

There has been plenty of head bumping going on at the Bulldog practice sessions this week in the way of improving their play. Passing an dpass defense were the main concern of the coaches and have had their share of going over.

With Jimmy Cantrell and Chico Mendoza efficiently handling the two end posts; and possibly tackle, Donald Varner and J. L. Barnes upsetting any offensive desires that the Bluecats may have; Al Tune and Wayne Hargraves stooping all penetrations over the guard posts; an John Rush holding down the important center slot the Bulldogs will be able to more than hold their own on the line.

Taking advantage of the offensive play of the Ranger line will be Jimmy Comacho at half; Charles Massague at the other half position; Jimmy Cole calling teplays at quarterback; and Billy Moreland picking the yards in a pinch at the fullback slot.

Coleman who operates from the T-formation, running out a flanker and then running to the opposite side to decoy the defenders. Coleman has played Cisco this year and was defeated by the Lobos by two points.

At ends for Coleman will be Cleveland, 140, an dCarr, 154; Tackles: Abbey, 182, and Gipson 190; Guards Jenkins, 180, and Maples, 170; Center, Beal, 170.

In the backfield Williams, 150, at the quarterback slot; McRea, 155, Marrs, 158, and Rankins 156.

This will be the last non-conference game for the Bulldogs before they meet Cisco at the Lobos field for the first district game.

King Will Part With Gloria; Marry Dancer

CAIRO, EGYPT, Oct. 11 (UP)—Red-haired Sheppard W. King III of Houston an shimmy dancer Samia Gamal hit the Cairo champagne circuit early today to celebrate the wealthy Texan's conversion to the Moslem faith.

The 26-year-old former Marine became Abdullah (slave of Allah) King yesterday in his first step toward becoming a Moslem an marrying the blue-eyed, Auburn haired dancing favorite of King Farouk of Egypt.

King, who became engaged to Samia last month after they met in a Paris nightclub, had a busy day yesterday.

He announced he would divorce dark-haired Gloria King, whom he married twice, when he returns to the U. S. next week.

He signed a document testifying he already had converted himself to the Islamic religion and substituted for his christian name of Sheppard the Moslem name of Abdullah.

He emphasized the date for his marriage in Cairo with the dancer, known for her version of the "Virgin of the Nile" dance, still was December.

King an Samia spent an hour with her lawyer, Anis Atta, preparing papers to be submitted to the Cairo Personal Status Court—the Shari—requesting acknowledgment of his new faith and name.

King hesitated some time before choosing his Moslem name. Atta reeled off numerous common Moslem names. King picked "Abdullah," and Samia agreed.

The Texan, whose wealthy mother, Mrs. Bonner King, said she would disown him if he married Samia, inferred he had accepted the Moslem creed:

"There is no God but Allah, and Mohammed is his prophet."

The papers, drawn up yesterday in Arabic and signed in English by King were to be presented to the personal status court today. The young Texan may be called to take the Islamic oath again before the court.

TANK OFFENSIVES GAIN; UN INFANTRY STOPPED BY REDS

By Jack James United Press Staff Correspondent 8th ARMY HEADQUARTERS, Korea, Oct. 11 (UP)—Helicopters flew an entire battalion of U. S. Marines into battle on the eastern front today and a powerful tank force simultaneously struck deep into Red positions to the west.

The helicopter airlift—the largest in military history—was completed in six hours and 15 minutes within mortar range of Communist defenses. However, the Reds made no attempt to interfere.

On the east-central front, an American tank battalion blasted its way north to a point 28 miles above the 38th Parallel in a fresh effort to weaken Red resistance on bloody "Heartbreak Ridge."

The 72nd Tank Battalion rolled through ineffectual Communist resistance up the Mundung Valley several miles north of "Heartbreak," where remnants of a North Korean battalion beat back the second American attempt in 12 hours to take the northernmost peak.

Part of the tank-infantry task force cut west up the Naedang Valley to support other 2nd Division troops on "Kim Il Sung Ridge." The yanks on this ridge were more successful, taking a key hill from fresh Chinese troops.

Another armored spearhead rolled up the Satao Valley east of "Heartbreak Ridge" and blasted enemy bunkers from that side.

The task forces returned to the main Allied lines at dark.

The U. S. 23rd Infantry Regiment's latest attack on the northernmost peak of "Heartbreak Ridge" was launched after a 10-minute barrage by 76-millimeter cannon of massed U. S. Sherman tanks on the enemy bunkers.

However, the Reds stopped the Yanks dead in their tracks with a rain of hand grenades and intense mortar fire after an advance of only 40 yards.

A third regiment of a Chinese Division which relieved the North Koreans was identified as being in the line on the east-central front when a prisoner was taken by South Korean troops northwest of Yanggu.

In the air, B-29 Superfortresses blasted the strategically located Communist airfield at Sunan, 20 miles north of Pyongyang, the Red capital, with 65 tons of bombs.

They aimed their 100-pound bombs at two 6,500-foot paved and dirt airstrips. The Communists had been working frantically to repair the strips since the last UN raid Sept. 8.

The bomber command reported a "noticeable increase" in the number of anti-aircraft guns spotted around the field and said at least 36 protective revetments were found.

HOT CHECK ARTIST HELD ON SWINDLING COUNT IN EASTLAND

Jack Gibbs of Wichita Falls, was lodged in the Eastland County jail yesterday following his arrest in Fort Worth Tuesday night by members of the city detective force in that city.

Gibbs is facing at least two counts on hot checking. The first check was given to owners of Ranger's livestock auction sale, in the amount of more than \$5,100. From Ranger he moved on to Mineral Wells, where he attended another auction sale, it is said, and there another check was given for more than \$8,400. It is reliably reported that he is wanted in another Texas county, where he is wanted on similar charges.

He was returned to Eastland county by Sheriff Frank Tucker.

Justice of the Peace Bobo of Ranger, set bond at \$10,000.00 for the Eastland case. Unable to make the bond at that time he was lodged in jail. Later however, lawyers in Wichita Falls, contacted Eastland officers by telephone and bond will likely be made within a short time.

This, however, will not spell absolute freedom. The sheriff of Palo Pinto county holds a warrant for his arrest on similar charges in that county, and will likely be here to take charge of the prisoner when he is released from the Eastland county jail.

Student Riots Still Going On In Cairo, Egypt

CAIRO, Egypt, Oct. 11 (UP)—Approximately 2,500 students, shouting "down with Britain" surged today through the streets of mid-town Cairo but police watched their movements carefully.

The students, who have staged anti-British demonstrations in connection with the announcement Monday that Egypt will abrogate its 1936 treaty with Britain, moved through main streets. They shouted the praises of Prime Minister Mustaf El-Nahas Pasha. It was he who announced the treaty would be ended and British troops forced to withdraw from the vital Suez Canal Zone.

King Farouk was to receive Prime Minister Nahas Pasha today. Political quarters attached since it will be their first since the premier's announcement of the abrogation of the treaty.

Egypt also has demanded the Anglo-Egyptian Sudan, bordering Egypt in the south, as a part of King Farouk's nation.

Is the keeping of production records necessary for the dairyman?

The Dairy Herd Improvement Association was first established

for the purpose of giving the dairyman a true picture of his business.

In the keeping of DHIA records, the dairyman knows the amount of milk production, the per cent of butter fat, amount of feed consumed, and the cost of feed for each cow in the herd.

Without keeping records how can the dairyman know which cows in the herd are costing him money, and which cows are making him money?

Records are important when selecting replacement for the milking herd. The keeping of records enables the dairy man to feed his cows according to the amount of their production.

The rule of thumb for the feeding of dairy cows grain with all the roughage they want is as follows:

One pound of grain to three pounds of Jersey milk of four pounds of Holstein milk, or:

Ten pounds of grain for one pound of butterfat on air roughage.

The dairyman should find out what the DHIA has to offer him in the dairy business.

Some states forbid use of elevated blinds for hunting deer.

HOW TO MAKE \$1000. [U. S. "E" BONDS]

1. Finish this sentence in 50 words or less: "Mrs. Tucker's wanted in kitchens because..." Well, this is EASY because there are SO MANY reasons why good cooks want Mrs. Tucker's SPEED-MIX Shortening.

You could say: (A) "Mrs. Tucker's is the CREAMIEST Quick-Mix Shortening in the world, and it mixes so smoothly with other ingredients." You could say: (B) "It makes cakes lighter, richer, more moist and tender." (C) "It's the shortening that gives GUARANTEED CAKE INSURANCE." (E) "It will not pop or spatter when used for frying, and it does not absorb odors or flavors of foods fried in it..." And on and on...

The only hard part of this Contest is holding what you say to 50 words! Send your statement along with a Mrs. Tucker's Shortening carton top with the "Tested and Guaranteed" seal on it, or a key strip of tin from a Mrs. Tucker's can, to Mrs. Tucker, Sherman, Texas, before midnight Saturday, and you may win a \$500 U.S. Bond for this week's best statement about Mrs. Tucker's!

Another \$500.

2. Finish this sentence in 50 words or less: "Meadolake is wanted on tables because..."

This is EASY, too, because there are SO MANY good things you can say about Meadolake Margarine that you can hardly stop at 50 words.

You could say: (A) "Mrs. Tucker makes it BETTER!" (B) "Meadolake is always sweet and fresh—just as if I churned it myself." (C) "This is the spread with the famous flavor that everybody loves." (D) "Every pound of Meadolake has at least 15,000 units of Vitamin A, and it's always uniformly nutritious." (E) "It's the better spread for our daily bread..."

Send your statement along with a Meadolake carton End Flap, with Mrs. Tucker's picture on it, to Mrs. Tucker, Sherman, Texas, before midnight Saturday, and you may win a \$500 Bond for this week's best statement about Meadolake!

Creative Ability Can Be Expressed Right At Home

COLLEGE STATION, October —Homemakers who have an urge to try out their creative ability can do it right in their own kitchen. Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, says to "just let the artist in you go to work" when it's time to make a salad.

The first rule in making an attractive salad, the specialist says, is to keep it simple. Second, fit it to the rest of the meal. Foods used in the rest of the menu should not be used in a salad. Colors and flavors should be in harmony and the salad as a whole should provide foods that are needed in the meal.

A third rule is to keep foods for cold salads cold, and those for hot salads, hot. Fourth, select a dressing that suits the salad. Fifth, make the salad attractive. Miss Reasonover points out that the food used should be cut into pieces large enough that the food can be identified and small enough to handle with ease.

Other things to remember include keeping fruits fresh and bright in color and see that all foods used in a salad are well drained. Fix salads at the last possible moment, the specialist advises, and toss lightly. Do not over-mix. Select the serving dish for the salad with care. It should be large enough and of the right shape to "set off" the salad, Miss Reasonover adds.

Hornfly Reaching The Danger Point

COLLEGE STATION, October —The hornfly population of the state has reached the danger point. That's the word from James A. Deer, associate Extension entomologist of Texas A&M College. He reports the weather of the past few weeks—repeated showers with warm temperatures and above average humidity—has been responsible for the hornfly population increase.

Deer says cattle owners should immediately take the necessary steps to rid their herds of these pests. Here's why: a heavy infestation will cause cattle to go into winter in a weakened condition and if they become heavily infested with lice during the winter, there'll be more trouble. Hornflies and lice are both blood suckers and the result will be anemic cattle.

According to Deer, cattle treated now for hornflies may also be treated for lice. This combination treatment will save time and labor and is insurance against cattle going into the winter in a weak condition. For the combination treatment, Deer recommends that livestock producers spray their animals with a solution containing four pounds of 50 per cent wettable DDT powder and four pounds of six per cent gamma wettable BHC powder to each 100 gallons of water. Toxaphene may also be used. He recommends using a spray containing only five-tenths of one per cent of this material.

Finally, Deer suggests that live stock owners contact their local county agricultural agents if they need more information or help in preparing and using these sprays. The important thing is—get rid of the pests now.

We've got it!

"Wiggling Tooth Party" Latest New Kid Fad

By Harman W. Nichols
United Press Staff Correspondent
WASHINGTON, Oct. 11 (UP)—A small fry fad—"wiggling tooth parties"—is in the making. And it may spread around the country.

This is the business of cheating the dentist by getting rid of baby teeth without pliers, or whatever the man in the white coat uses to extract a tooth.

It all started when an epidemic of loose teeth broke out among third-grade students at Lynbrook school in nearby Bethesda, Md. Kids sat around the classroom wiggling their loose teeth instead of concentrating on addition and subtraction, the A's to Z's and crowning drawings of Mickey Mouse and the lovely Petunia.

One of the students, eight-year old Jan Waring Tupper, decided to take steps, Jan's mama, Mrs. Richard Tupper, said she would go along.

So they planned what probably was the first "wiggling tooth" party.

It was a different kind of kid party. Nothing like the usual thing. No kid was invited who didn't have a tooth that was aching to come out.

There was no ice cream or cake. Instead the babes gnawed on apples, lollypops, taffy and other gooey and sticky things calculated to coax a loose tooth from its moorings.

(When I was a kid, dad used to tie the tooth to the door knob, back us off a few feet and slam the door. No lollypops and no dimes under the pillow—the rewards the modern young'un's get).

Guests at Jan Tupper's first "wiggling tooth" party were her pals, Caroline Bryant, 7, and Penn Robinson, 8.

They wiggled and they twisted. It was a success in a way. In another way, there was tear-dripping tragedy.

Caroline and Penn managed to push-pull and wiggle on their loose molars and incisors enough to report success a few hours later.

But poor little Jan, the hostess overdid it.

Before the Acme cameraman arrived, she sneaked into the kitchen for a practice session. She worked her little jaws on some taffy her mammy had stirred up. She ate an apple. She got into the ice box and found the left-over end of a tough and very expensive steak.

She was sobbing rather noisily when Acme showed up. Jan's tooth came out before the camera clicked.

Average weekly earnings of production workers in the auto industry was \$73.25 in 1950 for an average work week of 41.2 hours, according to the Automobile Manufacturers Association.

This compares with an average of \$65.07 for 38.9 hours in 1949.

The Automobile Manufacturers Association says that tests show that the average car is driven 12,260 miles its first year but that the figure decreases each year. The average number of miles driven in 1950 by 1937 models was only 5,890.

Gertie Mae Galloway Exchanged Vows With Corp. John Slaughter

Gertie Mae Galloway, 504 Alice Street, became the bride of Cpl. John D. Slaughter of Carswell Air Force Base, Fort Worth at the First Baptist Church in Ranger, October 2 at 5:00 p.m.

The bride is the daughter of Mr. and Mrs. V. A. Galloway and the bridegroom is the son of Mr. and Mrs. M. Slaughter, 707 Avenue D, Cisco.

The Rev. Ralph Perkins, pastor of the church, read the ceremony before, an altar banked with Fever Few, White Mums and Ester Ree Daisies.

Miss Mildred Balch rendered pre-nuptial music on the console and played the traditional wedding march. Mr. and Mrs. Bruce Harris sang "I Love you truly."

The bride was given in marriage by her father and wore a navy blue suit with matching accessories. Her corsage was of white carnations. For something old she carried a handkerchief that her mother had owned for 35 years; something new was a heart necklace; for something borrowed were earrings belonging to her sister and the traditional blue was her dress.

She was attended by her sister Mrs. Della Chandler of Arlington who was dressed in a tan suit with black accessories and a corsage of pink carnations.

The best man was Kenneth Mayhall of Ranger and ushers were Ellis M. Slaughter of Eastland, uncle of the bridegroom and William Earl Hart of Aspermont, cousin of the bride.

Mrs. Slaughter attended school at the Ranger High School and Mr. Slaughter attended Cisco High School and Ranger Junior College.

A reception was held in the fellowship room of the First Baptist church immediately following the wedding.

The bride's table was covered with a coffee lace cloth and centered with an arrangement of fever few, white mums, an ester Ree daisies in a crystal bowl. The three tiered wedding cake was topped with a miniature bride and bridegroom. Appointments were crystal and silver.

Mrs. Jordan Hart of Aspermont presided at the beautiful satin bride's book and registered a large number of relatives and friends.

Madolyn Bond laddled the punch and Mrs. J. D. Johnson, Mrs. Glenn West, Mrs. J. B. Houghton, Sr., and Sarah Johnson assisted in the serving.

Out of town guests were Mr. and Mrs. M. Slaughter and Jerry Mr. and Mrs. R. L. Slaughter and Judy; Mr. and Mrs. C. E. Hatley; Mrs. C. T. Cole and Mrs. Owen King all of Cisco; Mr. and Mrs. E. M. Slaughter, Eastland; Cpl. George Pantalone, John's buddy from Carswell Air Base; Mrs. Jordan Hart and Rose Marie, cousins of the bride from Aspermont; Mrs. Alton Stewart and Norma Jean, aunts of the bride from Goldsmith.

After a short wedding trip, Cpl. and Mrs. Slaughter will be at home at 1501 S. Adams, Fort Worth.

Corp. and Mrs. John D. Slaughter

Bucking the Line of Scrimmage—

... if we may borrow from football parlance, is the sort of exercise that toughens fibre and prepares the participant for heavy duty ahead. As in sports, so it is with those who attain success in life. The weak falter while the strong survive. Getting the job done is bucking the line, a sure demand of the public in business life. Some call it success, but we like to think of it as a lot of hard work. In a nutshell, that's it!

THE STORY: John Clayton, former civilian scout from West Virginia, is stranded and captured by Crazy Horse's Sioux warriors at the scene of the Veteran massacre. Clayton already has won a reputation as "Crazy" because of his Indian ways and he is turned back to Crazy Horse by the Sioux. Clayton is told to take him to his camp.

SHE had been captured, as a girl of five or six, by the Oglala, in a raid on a Crow Village far to the west and north. She was not a Crow, that tribe in turn having captured her, but where she was taken or what her origins had been, Crazy Horse's people had never been able to determine. There had been a sort of half-story related by an old Crow medicine woman, which said the child had been brought up from Mexico by the Apaches and sold into slavery among the Comanches, from whom the Crows stole her. But Tashunka Witko did not couch for this.

She was, even then, a child of startling beauty, her peculiar green eyes at once commanding the imaginations of the Oglala, for in their legends the Sioux had all sprung from a common origin, the Earth Mother. The stories handed down by uncounted generations of old village tellers of tales, had dimmed somewhat the details of the Earth Mother's appearance, but on one particular all descriptions agreed: her eyes had been green as lake-ice.

They built her a great ledge in the heart of their magnificent homeland, the mysterious He Sapa, the Black Hills. Throughout the year she divide her time, visiting various of the Seven Sioux Council Fires, living now with this tribe, now with that, carrying always and everywhere her magic power to heal.

OUR course led through Pte Ta Tiyoqa, the historic "Gateway

of the Buffalo" into the Black Hills. We would ride at daybreak, as usual, on the sun, pushed his burning scalplock above the world's edge.

When Crazy Horse had gone, I sat alone in the tipi trying to make some sense of my predicament.

Here was I, J. B. Clayton, ex-captain of Confederate cavalry, proud by training as well as birth, squatting by an Indian tipi fire in the hostile heart of the Dakotas, clad in doakim leggings, shirt and moccasins, smoking a stone pipe loaded with reeking kinnikinnick leaves, rocking on my leather-covered heels, staring into a Sioux fire, talking in the Oglala tongue, thinking with an Indian girl I had never seen and could never possess.

When I awakened I was stiff with cold. Above the smoke-hole gray dawn paled. Over the steeled Crazy Horse, dressed in black wolfskin winter clothes, arms folded, a rare smile on his grim lips.

"It was a good dream, my brother?"

"Truly it was," I answered. "I have seen the Star again. And she told me to hurry to her."

A shadow passed over his dark face. "The horses are ready," he grunted. "Even now they are ready, standing outside."

"We shall depart, my brother," I muttered quickly and lost no time donning the gray wolfskin coat he had brought me.

As we passed through the tipi flap, a fierce neigh shattered the morning quiet. I was nearly beaten down by the rearing and hoof-lashing of a gaunted-up bay horse.

Hussein! He found him where you had tethered him. Since none could approach him, I shot his tether through. He ran with us, ever following the bravos upon which we bore you. In each camp he stood by your tipi. Nor would he

Tone, Barbara Together Again

NEW ORLEANS, Oct. 11 (UP)—Franchot Tone, his profile still bearing marks of Tom Neal's fist, and his bride, sharely Barbara Payton, were together again today following a six-day interruption of their honeymoon.

"I thought to myself I would never come," murmured Mrs. Payton, who arrived for personal appearances here on her tour to promote her new picture "Drums in the Deep South."

They greeted each other at Moisant International Airport yesterday with a long and passionate kiss. Tone had arrived an hour earlier from Los Angeles and waited at the airport for her arrival via Atlanta.

"Let me wipe off the lipstick," Tone said after their kiss. "Oh, baby," said Barbara. "I don't want to work today." But she had to go on stage almost immediately after that.

State Fair Attendance Above 1950

DALLAS, Oct. 11 (UP)—State Fair attendance for the first five days totaled 627,191, compared with 466,976 for the first five days last year, officials announced today.

However, the officials pointed out that today was Dallas Day and 176,885 persons came through the gate. Last year Dallas Day did not come until Thursday, the sixth day of the fair.

Communist Leader In Federal Jail For Safekeeping

TEXARKANA, Oct. 11 (UP)—Mexican authorities today named Fernando Goldberg, a Juarez, Mexico, technician, as the man who drove Communist leader Gus Hall to Mexico City in an unsuccessful flight to escape jail.

They said Goldberg bore a striking resemblance to Hall. Goldberg was believed to be employed by a soft drink bottling plant in Juarez.

The Mexican authorities said the pair made the trip in a grey 1942 Dodge sedan with Texas license plates.

They did not say whether they had any clues to Goldberg's whereabouts.

The FBI replied "no comment" to all queries about Goldberg. Hall was picked up in Mexico City Monday and returned to the United States early yesterday.

He was arrested as he entered Mexico City from a suburban motel. With him were two men and two women. None of them was arrested, and it was not known

whether any of them was Goldberg.

Hall had jumped bail three months ago along with three other Communist leaders freed on \$80,000 bond. All faced prison terms.

The Communist party secretary was brought to the Federal Prison here yesterday.

He was questioned intensively by the FBI and there was speculation that he might have tipped authorities to the whereabouts of his bail-jumping associates, Henry Winston, Gilbert Green and Robert George Thompson.

It was thought that the three missing Reds might be hiding in Mexico, long a favorite contact point between U. S. and Russian Communists.

The four were convicted along with seven other top-ranking Communist leaders of conspiracy to teach and advocate overthrow of the U. S. government by force.

Hall drew a five-year term. The Justice Department in Washington said he would be held at Texarkana Federal Prison for the time being.

He was placed in the orientation and quarantine unit, the customary procedure with new arrivals at the prison.

Warden Albert McDonald said a "complete study of the prisoner" would be made. Later, he said "we might make some recommendation. He'll be treated just like any other prisoner."

Hall, born Arvo Mike Halberg, was trained in Communist tactics in Moscow for two years beginning in 1931. When he returned from Russia, he was named district organizer of the Young Communist League for Minnesota, Wisconsin and northern Michigan.

Later he was state party chairman in Ohio and in November, 1950, was assigned to build circulation for the Daily Worker.

Letter To King From Arizona Brings Results

APACHE JUNCTION, Ariz., Oct. 11 (UP)—Grizzled rancher Barney Barnard has brushed shoulders with royalty and come away with an "esquire" after his name.

Barnard, who has been ranching on the Arizona desert for 46 years, has received a letter from Buckingham Palace in London thanking him for inviting ailing King George VI to his ranch for a rest.

And the letter was addressed to Barney Barnard, Esquire. The letter said no plans have been made yet for the British monarch's convalescence following his recent lung operation.

Wagon Travel Tough Today

MALTA, Mont., Oct. 11 (UP)—Crossing the plains in a covered wagon today is just as dangerous as it was in 1843, according to Mrs. Jessie Lacinak, Montana's 1951 "Covered Wagon Woman."

The 59-year-old "pioneer," on the final lap of a round trip from Big Sandy, Mont., to Lakeville, Minn., has only 100 more miles to do. She may be home for Thanksgiving—but not if perils of the trip continue to plague her.

No Pigskin USU-Georgia Ball Game

ATLANTA, Oct. 11 (UP)—Fans may have trouble following the "ole pigskin" in the football tangle-dangle nowadays, but in the Louisiana State-Georgia Tech game here Saturday they won't see the "pigskin" at all.

For the first time in a major football contest the football used will be made of rubber. Some coaches believe rubber more durable than the traditional leather, and easier to handle in wet weather.

Winston Churchill called coal the "foundation and, to a very large extent, the measure of our whole war effort."

Attending the couple who were married in Alice in the W. L. Cornelius home were close friends and members of the family. The bride wore a navy blue dress with red accessories. A reception followed and a triple tiered wedding cake topped with miniature bride and groom was on Italian cut work cloth. The wedding trip was to New Mexico where Pvt. Cornelius caught a plane to Seattle Washington, where he is stationed. Mrs. Cornelius will continue with her job at the Alice National Bank, while her husband is in the service.

Wife Of Actor Seeks Divorce

HOLLYWOOD, Oct. 11 (UP)

—Francesca De Scafa Cabot, 20, sought a divorce today from actor Bruce Cabot for the second time in less than six months, charging mental cruelty.

Mrs. Cabot, whose real name is Etienne Palliasier De Bujac, filed suit against Cabot in Santa Monica Superior Court yesterday and demanded a share of their community property and alimony.

She filed a divorce suit in the same court last May 14, but it was dismissed 10 days later at her request.
