UN ARMIES TAKE LAST HILL ON HEARTBREAK RIDGE TODAY

By Jack James
United Press Staff Correspondent
8TH ARMY HEADQUARTERS
Korea, Oct. 12 (UP)—United Nations forces mopped up the last Communist dike on "Heartbreak Ridge" today, seized two nearby hills and sent another tank force rampaging into northernmost and last Communist-held peak on the east-central front's "Heartbreak Ridge" fell to the U. S. 2nd Division at 8 a. m. today (6 p. m. Thursday EST) after 29 days of the most bitter fighting of the war.

On the western front, however, U. S. 1st Cavalry Division troops suffered a setback in their attempts to close a pincer on savagely-resisting Chinese Reds eight miles northwest of Yonchon.

Two more Communist counterattacks south southwest of P'yonggang at the apex of the old enemy "Iron Triangle" on the central front were repulsed without loss of ground.

American and French troops of the 2nd Division's 23rd Regiment won "Heartbreak Ridge" north-ermmost peak after one of the most prolonged and costliest battles in the 17-month-old war.

Fierce fighting with isolated enemy holdouts determined to die in their bunkers rather than yield still raged on the bloody ridge, but the issue had been decided.

Communists north of the peak, however, were reported retreating to avoid encirclement by other 2nd Division troops pushing deeper into enemy territory.

In the air, outnumbered American Sabrejets ripped into a formation of 100 Communist MIG-15.

Jet fighters 35,000 feet over north-west Korea, shot down one of them and damaged six more in a vicious 20-minute dogfight. All 32 Sabrejets returned safely to base.

West of "Heartbreak Ridge", a large American tank-infantry task force began its third deep foray into the Mundung Valley in as many days.

Sherman tanks bombarded enemy positions on both sides of the valley with 76-millimeter guns as they rumbled north on their mission of death and destruction.

First reports put the armored task force at least two miles north of the Allied lines and under heavy fire from Communist mortars and artillery.

Still farther west, South Korean troops captured two strategic hills northwest of Yanggu in hand-to-hand fighting with a mixed force of Chinese and North Koreans.

Hand-to-hand bayonet and grenade fighting also raged on the western front above Yonchon and some 40 miles north of Seoul.

Jury Will Get Case Soon In Craig Slaying

SAN ANTONIO, Tex., Oct. 12 (UP)—The murder trial of salesman Raymond Donnell, charged with shooting a Lubbock dentist who shared an apartment with Donnell's wife, Ruby, was expected to go to the jury today with only final arguments yet to be heard.

Both sides rested their cases yesterday after the defense introduced six "love letters" in which Dr. Clyde C. Craig referred to Donnell's wife as "my sweet little baby, my precious baby, my honey darling."

Another of the letters read "I'm anxious to see how you are going to make love to your daddy."

Still another said "keep June (June Roberts, 11-year-old daughter of Mrs. Donnell by another marriage) calling me daddy so she will get used to it."

Donnell admitted shooting Craig last June 3 after forcing his way into the swank San Antonio apartment where he found Mrs. Donnell, Craig and the daughter.

Judge W. W. McCrory overruled a defense motion for a directed verdict of not guilty.

Ranger Police Apprehend Two Teen-Agers With Stolen Car

The Ranger Police apprehended two teen-agers last night on the outskirts of Ranger, driving in what appeared to be a drunken manner.

Closer investigation of the car and its contents showed that the two boys, Billie Waller of Stephenville, and William Sandifer of Strawn, had a quantity of canned goods, a .22 caliber rifle, and a carton of 25 caliber ammunition in the 1950 Mercury.

After finding the contents of the car, the Ranger policemen, Ed Freeman and L. L. Tackett, questioned the two boys as to their destination and the ownership of the car the boys were unable to satisfy the two policemen with their answers to the questions.

Freeman and Tackett took the

Lions Reminded Of Their Ideals By Dr. Watkins

Dr. W. P. Watkins spoke to the Lions at their luncheon yesterday at the Gholson Hotel on Lionism.

He spoke primarily to the new members that had been voted into the club recently, Watkins told them of the background of the International Lions Clubs; the work it is doing in foreign relations throughout the world, and what the clubs are doing in the United States.

He also went over the more important parts of the ideals of Lionism that apply to the individuals, and the home town clubs, giving all the Lions pointers on what they may do to make the Lions Club more beneficial to their community, and themselves.

The Safety Committee reported that the safety drive that the Lions are working on, is progressing exceptionally well.

Nine of the ten signs that the Lions are going to place near the Ranger schools are paid for. The bases and stands are ready and waiting on the ten signs to arrive that have been ordered for them.

R. V. Galloway reminded the Lions of the joint observance of Oil Progress Week by the civic clubs of Ranger in a joint luncheon, October 18.

Lion Galloway reported that the Lions had been invited to a supper to be prepared by the La Casa Home Demonstration Club in the near future.

Educator Says U. S. Playing Power Politics

COLLEGE STATION, Oct. 12 (UP)—America, for the first time in its history, is accepting the burdens and risks of playing power politics, even to the point of fighting local hot wars as well as the global cold variety, a leading educator said here today.

"Korea is the most recent case in point," Dr. Gale W. McGee, of the University of Wyoming, told members of the association of governing boards of State Universities and Allied Institutions, who are holding their annual meeting at Texas A & M College.

Dr. McGee spoke at a meeting of the association scheduled here this morning.

Dr. Francis R. Manlove of the American Medical Association spoke earlier on the medical science needs of both civilian and military agencies.

Ranger Police Apprehend Two Teen-Agers With Stolen Car

The Ranger Police apprehended two boys to the Ranger Police station where they confessed to taking the car and the contents from several Strawn stores earlier in the evening.

Chief Pounds stated this morning that the boys said in their confession that they had broken into the Leo Cozy Garage, Watson Brothers Store and another place of business in Strawn.

The Ranger police department contacted Ben Bradford at Strawn telling him what the two teen-agers had in their car and of their confession of taking it from the businesses in Strawn.

Bradford later called the Ranger Police and verified the loss of the goods and asked that the boys be held here until he could come after them.

Reds Charge Allies With New Neutrality Violation

RANGERS PLANNING TO UPSET PIONEER CONFERENCE CHAMPS

Tomorrow night's game with the San Angelo Rams will be the big test for the Ranger Junior College Rangers in their new Pioneer Conference play.

The Rams are the defending conference champions and are favored to repeat again this year, unless some one comes along and upsets their apple cart.

Ranger Junior College has just the team to do that. The team that the college is playing this year can in no way compare with that of previous years. The team is in better condition, has a better spirit, and is well balanced from line to backs.

No one reason can be cited that has changed the football picture and the mental outlook of the players.

New methods of conditioning and training might be one of the reasons that the Rangers are in a better frame of mind for the games than they have been in past years.

Maybe the quality of the players as a whole is better.

Many new ways of improving the lot of the team is being used this year that removes some of the drabness from the practice sessions. Whether it will pay off in conference competition remains to be seen.

Some of the new training aids that are used at the college are a blocking sled and rubber tires to give the players training in running with their knees high and with a wider, more balanced stance.

These two methods break the routine of the usual practice sessions and keep the team out of a mental rut.

All told the Rangers are a good team and will be pushing someone mighty close in their first try for the Pioneer Conference crown.

If they get by San Angelo Saturday night they will have one

of their toughest games on the record books.

What is lacking is the support of the town for the team. Ranger Junior College is helping to support the city of Ranger and the surrounding territory, and Ranger should show their appreciation and interest in the college by helping the football team in their games.

If possible, make plans to go to San Angelo with the Rangers Saturday night and give them that little boost that they need when things are going slow in the game.

Everything is just ripe for Ranger to upset the plans of the Rams to take the conference title again this year.

Decisions Are Made In Court Civil Appeals

The following proceedings were had in the Court of Civil Appeals Eleventh Supreme Judicial District:

Affirmed
Western Cotton Oil Company, West Texas Division vs. Glenn Mayes, et al. (Opinion by Judge Grissom)

Reversed and Remanded
Bruce C. Howell vs. Texas and Pacific Railway Company. (Opinion by Judge Long)

Leon H. Stanley vs. Frederick G. Lieb, et ux. (Opinion Per Curiam)

Bexar County Mutual Insurance Company vs. Leon Ward, et ux.

Public Invited To Sing In Carbon Sunday

Carbon is to entertain with an all-day singing Sunday. The singing will start at 10:00 a. m. in the high school auditorium. Many good singers are expected to be in attendance, and the public is invited to attend.

More than 93 tons of bituminous coal are used in the manufacture of steel that goes into a medium tank for the Army.

MARY MURPHY—One of the starlets that will appear in a thirty minute show in front of the Gholson Hotel, Monday at noon, in connection with Movie Time U.S.A. tours that are appearing over the entire nation.

Movie Time U.S.A. Unit Will Be In Ranger Monday

Ranger theatre owners Herbert Rapp and Bran Garner are planning a gala welcome to the unit of Movie Time U.S.A. that will be in Ranger Monday.

The troop will give a thirty-minute performance in front of the Gholson Hotel at noon.

Mayor Price Crawley, the Ranger High School Band, the Police Department and the Texas Highway Patrol will be on hand to welcome the Hollywood stars here for their show.

After the thirty-minute show scheduled for the people of Ranger, the troop will stay in Ranger and have their lunch in the Gholson Coffee Shop.

The unit is appearing in Fort Worth today, where the mayor there presented them with the key to the city and the people gave them a very rousing welcome.

When the show made its appearance in Austin the Governor of Texas was one of the official greeting party.

From the looks of things today this visit by these well known Hollywood performers has all the earmarks of a gala affair for the people of the Ranger area.

Reward Offered For Gunman That Shot Sheriff

HOUSTON, Oct. 12 (UP)—A \$500 reward was offered today for the capture of a negro former convict who shot and critically wounded Deputy Sheriff Jeff Spencer early yesterday.

The Negro, who was charged with liability to murder, was identified as Felogen Simon, 33-year-old dishwasher, who had served time in Louisiana for theft and in Texas for armed robbery.

Elbert D. White, 23, the second of two Negroes who, officers said, engaged the deputy in a gun battle when he stopped to find out what they were doing in a filling station, was shot and killed three hours later in an empty house.

White, also an ex-convict and a dishwasher, was trailed to the house by bloodhounds. Sheriff's Capt. J. D. Walters killed him with a shotgun blast after White allegedly fired at him through a window.

Meanwhile, doctors at St. Joseph's Infirmary gave Spencer a 50-50 chance to live after removing a .38 caliber bullet from his body.

The reward was offered by Horace Cook, owner of the Cook Mortgage and Investment Company and the Cook Bond and Surety Company. He said he offered the reward as a citizen who appreciated the fact Spencer was protecting property when he was shot.

CHARGE CAME AFTER LIAISON OFFICERS AGREED ON SITE

UN ADVANCE BASE, MUNSAN, KOREA, Oct. 12 (UP)—The Communist cease-fire delegation charged today that an Allied plane attacked the Kaesong neutral area at 5:35 p. m. (3:35 a. m. EST) and the United Nations officers left immediately for the zone to investigate.

The charge came in a radio-telephone call from the Communist base camp in Kaesong at 7 p. m. (5 a. m. EST), three hours after Allied and Red liaison officers had met and agreed on all "ground rules" for resumption of the Korean armistice talks, except the size of the neutral zone around the new meeting site.

U. S. Air Force Col. Donald O. Darrow and Army Lieut. Col. Norman B. Edwards left to investigate the Red charge less than an hour after it was made.

Communist charges that UN forces had violated Kaesong's neutrality broke up the cease-fire talks in the first place on Aug. 22 and numerous Red complaints of other violations followed rapidly.

The fresh complaint threatened to throw a new block against quick resumption of the cease-fire talks.

Brig. Gen. William Nuckols, spokesman for the UN truce delegation, said the Communists never have given formal notice that the five-mile Kaesong neutral zone no longer exists and therefore "this gives us an implied obligation to respect it."

Nuckols said that because of darkness UN officials probably would be unable to do more tonight than get additional facts.

Three Men With "Rhythm System" Still Beat Slots

LEWISTON, IDAHO, Oct. 12 (UP)—Three slot machine players who developed a "rhythm method" for cleaning up on the one-armed bandits said today they plan to spend "years" in Idaho at their chosen work.

"Anyone can watch us for 20 years and they'll never figure out our method," gloated Danny Foster, one of the three.

Foster and his companions, Johnny Pugh and Robert E. Black, said they will pay no attention to "warnings from several local operators" to "lay off Lewiston slots."

They previously had been asked to leave Reno, Nev.

"We're waiting for someone to lay a hand on us and we'll file charges right now," they said. "We're clear. It's time the operators realized it."

They explained their method, worked out over a period of 18 months, is based on a certain "rhythm" in pulling the handle of the slot machine. They said magnets or jamming had nothing to do with it.

A Washington state slot machine distributor, who refused to let his name be used, confirmed their story that it's the rhythm that counts. He said he could fix the machines so that they would be impervious to the method, while maintaining the regular payoff—usually about 85 to 95 per cent.

However, the distributor said he could not help the Lewiston slot machine owners because the law forbids him to cross to state line on such an errand.

In Reno, Morrie Brodsky, Club Cal Neva manager, said three players, presumably Pugh, Foster and Black, were asked to leave after winning at least \$1,000 in a few hours.

Nebraska is the only state which lies wholly within the Missouri River Basin.

from the Reds on the alleged violation and prepare for a full-scale investigation "if the preliminary reports bear out the statements."

United Nations and Communist liaison teams will meet again at 10 a. m. tomorrow (8 p. m. today EST) for another attempt to resolve the Kaesong zone problem.

Brig. Gen. William Nuckols, spokesman for the UN truce delegation, confirmed that Pan Mun Jom had been agreed upon as the site for resumption of the cease-fire conference.

Pan Mun Jom is a dusty village of four midhuts six miles southeast of Kaesong, where the truce talks were held until their rupture by the Communists Aug. 23.

Nuckols said the liaison officers also have agreed that:

1. The truce conference shall be resumed in the same Communist-created "cease-fire" tent in Pan Mun Jom where the liaison officers have been meeting since Tuesday.

2. A neutral zone extending for a radius of 1,000 yards around the tent will be policed jointly by Communist and UN military police, who shall be permitted to carry small arms.

3. There shall be "no action of armed forces" inside either of the proposed neutral zones around the UN base camp at Munsan, 11 miles southeast of Pan Mun Jom, and the Communist camp at Kaesong. Armed troops may be in both areas, however.

4. The neutral zone around the UN camp at Munsan shall extend for a radius of 3,000 yards.

5. Safe-conduct shall be granted Communist delegation vehicles from Kaesong and UN delegation vehicles from Munsan to Pan Mun Jom.

All the agreements are subject to ratification by the full truce delegations at their first meeting.

However, even these tentative agreements represented a victory for the UN command. The UN had demanded that the security arrangements be worked out by the liaison officers in advance, while the Reds had wanted to leave them to the main plenary sessions.

The UN command already has selected 15 men and two officers of an American Infantry battalion to police the Pan Mun Jom conference area, but Nuckols said the number from each side might be raised to 25.

The "no action of armed forces" inside either truce camp neutral zone might, he said, that each side agreed not to attack or shoot into the area of the other.

Nuckols said only the question of the size of the neutral zone around Kaesong remained to be settled.

During the afternoon session, the UN liaison team offered a counter-proposal agreeing to the 3,000 yard radius around Munsan and suggesting a similar zone around Kaesong, Nuckols said.

He said the UN wanted the smaller zone to lessen the chance of accidental UN violations of the area's neutrality. The Reds broke off the truce talks in August on the pretext that UN planes had bombed the area. They subsequently brought 200 other charges of UN violations, all but two of which the UN command denied.

OUR DEMOCRACY — by Mat MERIT RATING

THE REAL TEST OF YOUR WORTH AS A CITIZEN OF OUR DEMOCRACY AND A WORKER IN OUR COMPETITIVE ECONOMY IS WHAT YOU CONTRIBUTE TO YOUR COMMUNITY, TO YOUR JOB AND TO YOUR FAMILY. THESE CONTRIBUTIONS ARE THE BASIS FOR YOUR REWARDS—SPIRITUAL, AS WELL AS MATERIAL.

YOUR ABILITY—YOUR INITIATIVE—YOUR THRIFT—YOUR INTEREST IN THE WORLD AROUND YOU—ARE YOUR REAL ASSETS. THE RETURNS THESE ASSETS YIELD ARE SELF-RESPECT, THE GOOD WILL OF YOUR NEIGHBORS AND THE SATISFACTION OF BEING ABLE TO PROVIDE FOR YOUR OWN—ON YOUR OWN.

FIRST DECADE OF THE PENTAGON—The Pentagon, headquarters of the Department of Defense, the world's largest office building is now in its tenth year. Construction was begun in September, 1941. The building covers 34 acres. It has five floors, a mezzanine, a basement, and a sub-basement. The National Capitol would fit into any one of its wedge-shaped sections. Framework of the Pentagon is steel reinforced concrete. Outside exposed walls are of monolithic architectural concrete. The mile-around perimeter wall is faced with limestone. It was ready for occupancy in October, 1942.

The corridors of the Pentagon are 17 1/2 miles long. The Department of Defense telephone system, operating 20,000 telephones and staffed with 200 persons, is the largest branch exchange in the world. A system of this size normally would provide service for a city of more than 200,000 residents. The building has complete banking services, medical and dental clinics, post office, barber shop, uniform and tailoring shop, shoe shine and repair shop, jewelry store, railway and airline ticket service, dry cleaning and laundry shop, florist, bakery, cafeteria and dining rooms, a department store, drug store and a book store. Daytime population of the Pentagon now exceeds 30,000. Peak daytime strength during World War II was 37,000 in April 1945.

HEALTH TALKS

If the theory is right that human beings are born only with "wants," then the process of "feeling out" how far those wants can go before they bump into someone else's wants might be considered the setting up of habits, the building or response, or the development of intellect. And the importance of training of a child is certainly way to as certain when you realize that restrictions and limitations must be set

when the child starts reaching out to get what he wants. The idea is that the child will expand his desires when he gets disapproval for his action. In mental health circles, that is known as reward and punishment he grows intellectually with reward and stops growing with punishment. So reward for proper behavior is as essential as punishment for unfavorable behavior. If there is no approval of good behavior, theoretically, there will not be normal mental and physical growth.

To apply such theories to the "wheel," which might be called the will that hub, the self-centered core, is going to be there no matter what reaction the child gets from expressing his wants. His wants radiate from the hub to form the spokes of the wheel and his limitations from the rim of the wheel. That rim, mentally speaking, is an elastic thing which can be ever-widening as new experiences lead to extension of those "spokes," human desires.

Tulips Glorify Spring in Front Yard Flower Gardens

The front yard flower gardens which attractively frame and decorate so many new ranch-type houses throughout our country can display flowers in bloom during seven to eight months every year.

Annual flowers alone will provide color from early summer until the winter freeze-up, but for flowers before the annuals bloom it will be necessary to plant fall bulbs. For almost six spring weeks tulips will provide a variety of coloring which not even June can surpass, provided all the available kinds of tulips are used.

Poor Old John Doe Will Pay More Taxes On November 1

WASHINGTON, Oct. 12 (UP)—Income taxes will go up Nov. 1, and it will cost you more to buy a pack of cigars, liquor, or beer, and to take that Sunday drive in your car.

The income tax increase will be about 11.75 per cent, unless you are in a relatively high income bracket. In that case, it will be slightly less.

A compromise bill to increase taxes on individuals, corporations and on some items subject to excise, or so-called sales taxes, was approved yesterday by a Senate-House conference committee. The committee adjusted the differences in bills passed by the two houses.

The House is expected to okay it Tuesday, and the Senate that same day or the day following. President Truman's signature then will make the measure law.

The tax increases provided in the legislation will yield the government about \$3,750,000,000 a year in additional revenue. President Truman asked for \$10,700,000,000 to help pay for the rearmament program.

Excise taxes are to be increased on liquor, beer, cigars, automobiles, gasoline and numerous other items. The liquor tax increase will be 30 cents on a fifth of 100 proof whisky; the cigar tax one cent a pack, making the tax eight cents instead of one and one-half cents; the beer tax \$9 a barrel instead of \$8. And the automobile tax 10 percent instead of seven.

The tax on corporations will go up five percentage points. Corporations earning \$25,000 a year or less will pay a 30 per cent income tax instead of 25, and corporations earning more than \$25,000 will pay a 52 per cent tax instead of 47. Excess profits taxes also will be increased about \$120,000,000 a year.

Under the individual income tax increase, a single person earning \$5,000 a year will pay \$544 in taxes instead of the present \$488; a single person earning \$8,000 a year will pay \$1,994 instead of \$1,780; and \$20,000 a year \$7,764 instead of \$6,942.

A married couple with no children will pay \$847 instead of \$750 on an income of \$5,000 a year; \$3,648 instead of \$3,260 on \$8,000; and \$7,512 instead of \$6,724 on \$20,000.

A married couple with two children will pay \$579 instead of \$520 on an income of \$5,000 a year; \$1,777 instead of \$1,592 on \$8,000; \$5,004 instead of \$4,464 on \$20,000, and \$21,992 instead of \$18,884 on \$50,000.

In each of these cases the percentage increase is about 11.75 in the case of single persons earning more than \$25,000 a year and married persons earning more than \$57,600 a year, the increase figures nine per cent.

WASHINGTON, Oct. 12 (UP)—The tables below show how annual federal income taxes would be increased under the compromise plan agreed to by a Senate-House conference committee.

The income figures listed are annual income, after the taxpayer has subtracted allowable deductions for contributions, interest, etc. Increased tax rates would take effect as of Nov. 1. The figures in the "new tax" column show the effect of the increase on

1952 income—the first full year in which the new rates will be in effect.

Single Person

NEWS FROM Morton Valley

Alan Teal is the name given the son born to Mr. and Mrs. Jack Robinson. He was born in Ranger Saturday evening and weighed 6 pounds and 11 ounces. Grandparents are Mr. and Mrs. John Nix and Mr. and Mrs. Homer Robinson of Ranger.

Mr. and Mrs. Billy Gearl Thompson, Mr. and Mrs. Joe Baggett, and Mr. and Mrs. A. C. Thompson have just returned from a visit in Arkansas and Oklahoma. A. C. Thompson bought a place in Oklahoma and plans to move there as soon as he can get possession.

Cpl. Gene Trout of Camp Carson, Colo., has been spending a 15-day furlough with his parents, Mr. and Mrs. L. F. Trout, Melvin Keith of Eastland visited them Sunday.

Mr. and Mrs. W. E. Tankersley,

OUR DEMOCRACY—by Mat

—LETTING OFF STEAM

ONE OF THE FACTORS OF STABILITY IN OUR DEMOCRACY IS THE FREEDOM TO "LET OFF STEAM"—THE OPPORTUNITY EACH OF US HAS TO LESSEN THE PRESSURES OF LIVING IN OUR INDIVIDUAL FASHIONS.

FREEDOM TO SPEAK OUR MINDS IS A BASIC ELEMENT IN THIS, BUT FREEDOM TO CHOOSE OUR ASSOCIATIONS, AS WELL AS OUR VOCATIONS, IS PART OF IT. WE AMERICANS, THROUGH OUR INITIATIVE, INDUSTRY AND THREAT, HAVE STEADILY BROADENED OUR OPPORTUNITIES FOR PLAY... IN RECOGNITION OF THE INDIVIDUAL'S NEED TO "LET OFF STEAM," WE HAVE MADE TIME OFF FROM THE JOB—AN ANNUAL VACATION—A GENERAL PRACTICE IN OUR DEMOCRACY.

J. B., Gracie and Larry visited Mr. and Mrs. Paul Joe Sturn in Abilene, Sunday afternoon.

Your reporter thinks the Shultz studio window in Eastland is very beautiful. It is probably because the young lady in the center of the group is her daughter, Lendy Lou.

Mr. and Mrs. Roy Harbin, Gwynn and Lynn of Kermit spent Saturday night with Mr. and Mrs. J. B. Harbin.

Those of the Harmony W.M.U. attending the Royal Service at Mangram Monday were Mesdames:

There may be a time when man aside from fish. Small plants and animals known as "plankton" have nutritive value equal to rye flour and meat, respectively. The main difficulty is harvesting the food. A biologist who studied the matter has said that to meet the normal food energy requirements of one person would require the

animal plankton each day from a volume of ocean equal in size of a football field, and about five feet deep.

When we deliver an insurance policy, nobody ever says: "Oh boy, what a beautiful policy!"
But when somebody has a fire or a robbery or a lawsuit or a loss of some other kind, and we deliver a check from the insurance company — THAT is when people really like us. It happens frequently.
Bear with us when we try to get you to carry the insurance you should—but love us when we help you meet your loss. That's all we ask.

Officers Elected For 4-H Club

The 4-H club of the Young school met Thursday afternoon for the purpose of electing officers for the year.

Miss Evelyn Bigby, assistant Home Demonstration agent, met with the club and discussed the qualities of good club officers and members.

The following officers were elected: President, Linda Plumley; vice president, Carrol McClure; sec. Ann Robinson; news reporter, Nancy Warren; song and game leader, Barbara Ruth Bray and

LOOK WHO'S NEW

Mr. and Mrs. C. S. Bost of Cisco are parents of a baby boy born Thursday night in the Ranger General Hospital.

Mr. and Mrs. D. C. White of Cisco are the parents of a baby boy born in the Ranger General hospital Thursday night.

Mr. and Mrs. W. D. Rankin of Ranger are the parents of a baby girl born this morning in the Ranger General Hospital.

Linda Ferguson, and Parliamentarian, Gail Ann Rapp.

The club will meet the second Thursday of each month.

SOCIETY

Mrs. Arterburn Honors Group With Breakfast

Mrs. E. F. Arterburn, district president of the Royal Neighbors of America, honored the local camp with a breakfast Thursday morning in her home in appreciation of the fine work they did in being host to the Convention.

She served a full breakfast including hot biscuits and old time corn molasses from a beautifully set table covered with a lace cloth. Mrs. Calla Lee returned thanks for the food.

The group reported a wonderful time partaking of the delicious meal and conversing with each other.

Those attending were Mrs. Calla Lee, Mrs. Lillie Anderson, Mrs. Tillie Hicks, Mrs. Elenora Horton, Mrs. Laura Todd, Mrs. Carla Daniels, Mrs. Edna Huffman, Mrs. Bertie Shipman, Mrs. Irene Sides, Mrs. Claudia Campbell, Mrs. Claradell Dupree and Lawayne and the hostess Mrs. Arterburn.

Dorcas Class Elects Officers

The Dorcas Class of the First Baptist church met in the home of Mrs. Hugh Dawley Thursday evening for their regular business and social meeting.

Mrs. W. W. Mitchell, president at the meeting and Mrs. L. A. Braddy gave the opening prayer.

The following officers were elected to serve, president, Mrs. W. W. Mitchell, vice president and membership chairman, Mrs. J. F. Byas; Fellowship, Mrs. W. P. Powell; class ministries, Mrs. Verna Long and Mrs. Hugh Dawley; stewardship, Mrs. Tammie Merrick; secretary, Miss Ethel Adams and assistant, Mrs. W. M. Weber; treasurer, Mrs. Matt Robinson.

The Halloween theme was carried out in the games and refreshments.

Those attending were Mrs. W. W. Mitchell, Mrs. Lee Mitchell, Mrs. Matt Robinson, Mrs. Amy Brown, Mrs. Verna Long, Mrs. F. E. Langston, Mrs. Mabel Williams, Mrs. Anna Mae Fuller, Mrs. T. O. Rawls, Mrs. W. S. Adamson, Mrs. L. A. Braddy, Mrs. J. B. Shirley and the hostess, Mrs. Dawley.

Mr. and Mrs. Joe Graham of Ft. Worth, formerly of Ranger, were here Thursday transacting business.

Grow Christmas Flowers From Bulbs in Water

Growing flowers for Christmas in the modern home is not easy, but it can be done if Paper White Narcissus bulbs are started Nov. 1, and grown in carefully regulated temperatures. Without such care the flowers are likely to be inferior, and the stems weak, because the bulbs have not matured to the degree most favorable for "forcing."

"Forcing" is the florist's word for making a plant flower out of season, and the formula for accomplishing this is much the same with all bulbs. Bulbs develop, even in storage, and take time to reach the stage where they are ready to grow. If planted then, they first must produce roots, since top growth without good roots is weak, and seldom flowers.

Paper White narcissus, planted in bowls filled with gravel or pearl chips, should be kept in a temperature below 60 degrees for four weeks; preferably in dim light. When root growth is sufficient, top growth will begin, and then they should have all the light possible. Best flowers will result when the temperature never exceeds 70 degrees; keep them away from radiators and steam pipes, and cut off overheated living rooms.

Instead of gravel, bowls may be filled with bulb fibre, or potting soil. Containers should be deep enough to allow two inches of gravel, fibre or soil below them. Set the bulbs close together but do not let them touch; and only the necks should emerge from the soil.

Yellow Paper Whites (so-called) and Narcissus Early Perfection can also be grown by these methods; but they take longer to make flowers. The best time to start all these is Dec. 1, for mid-January flowers.

Large bulbs of hyacinths can be grown in water in special glasses; and both bulbs and glasses are available this year for the first time since the war began. The glasses support the bulbs just above the water, into which their roots drop. It takes 10 to 12 weeks for the roots

Junio Hyacinth Bulbs Will Flower in Hyacinth Glasses, Filled with Water.

to develop, in a dark place, in cool temperature. When roots fill the glass and top growth begins, accustom the plant gradually to light, and grow slowly in a temperature below 65 degrees. The water should not be changed, but merely replenished.

When top growth begins, these bulbs must have all the light you can give them. They should be kept near windows, in a sunparlor or room where ventilation can be given and temperatures kept down. By arranging shelves in front of a window on which the plants can stand, an attractive display is made.

Lily of the Valley pipes can be flowered in bowls of moss and water.

AAUW To Help Community Chest Drive With \$25

The Ranger Branch of the American Association of University Women met Thursday evening in the home of Mrs. D. L. Penny.

The meeting was called to order by the president, Mrs. Walter Daniels. The Association voted to donate \$25 to the Community Chest and to continue to assist with scholarships in Ranger Junior College for deserving girls.

The meeting was turned over to Miss Mildred Balch, program chairman, who introduced Mrs. J. R. McLaughlin.

Mrs. McLaughlin gave a very interesting and delightful review of the book "Thanks to Noah" by Helen and George Papashvity.

Delicious refreshments were served to Mrs. Arthur Deffebach, Mrs. Howard Oliver, Mrs. E. H. Robo, Mrs. Pat Thomas, Mrs. Hal Hunter, Mrs. Verne Deffebach, Mrs. Peggy TheBerr, Mrs. Walter Daniels, Mrs. J. R. McLaughlin, Mrs. Jettye Ballinger, Miss Mildred Balch, Miss Anna McEver and the hostess Mrs. Penny.

Rebekah Class Hosts Picnic

The Rebekah Sunday school class of the Second Baptist Church met at the Willow Park Thursday afternoon at 6 o'clock for a wicker roast and picnic supper.

The class had as their guests their husbands and children.

Mrs. Hazel Beighley is the class president and Mrs. Jack Donowho is the teacher.

Those attending were Mr. and Mrs. George Beighley, Mr. and Mrs. Monroe Myers, Phyllis and Terry; Mrs. Wilson Robinson, Benny and Danny, Mr. and Mrs. Eddie Squires, Dwight and Anna, Mr. and Mrs. J. D. Nichols and Twana Joy, Mr. and Mrs. Donald Norris and son, Mrs. F. E. Oak-
