French Robinson Tells Group Oil Men Are Sure Of Supply

Oil men are sure they can supply all of America's military needs for petroleum products, even in case of another all-out war, French Robinson, president of the West Central Texas Oil and Gas Association, told those attending the joint meeting of the Lions and Rotary clubs, the senior and junior chambers of commerce Thursday.

Speaking in connection with the observance of Ranger's Oil Progress Week from October 14th to 20th, Mr. Robinson said that no shortages of petroleum products for civilian use are now in sight and that America's thousands of oil companies are working around the clock in an all-out effort to keep ahead of rising demand.

"While military needs for oil products today are more than double those of a year ago," he said, "they are still only about five per cent of total oil demand in this country. All military requirements have been filled promptly and they will continue to be filled promptly, even though they rise many times higher than five per cent."

Turning to a discussion of civilian requirements for oil, Robinson told his audience that these have been mounting at an unprecedented rate ever since the end of World War II. In 1950, he said, civilian and military uses combined caused an increase in U. S. domestic demand for oil products of almost 12 per cent over 1949. This year, he added, it is expected to rise another 8 to 10 per cent over 1950. That increase represents new American consumption equal the total consumption of all the nations of Western Europe.

After making a detailed analysis of the ways in which oil companies are using new capital investment of more than two billion dollars a year to expand their facilities and engage in competitive research leading to production of more and better products, Robinson concluded:

"In spite of all the things being done to increase America's oil supply, my industry realizes it has a big job ahead to keep up with the constantly accelerating demands for its products. To get that job done, it needs plenty of capital, manpower and raw materials for expansion. In addition, the industry must remain free. It must never be regimented. If ever it stops operating according to the

principles of free, competitive enterprise which alone have allowed it to prosper and progress in the past, there will be dark days ahead for all of us.

"Meanwhile, oil companies are making an all-out effort to keep pace with the growing needs of the nation and of Ranger and the oilbelt."

About 75 persons attended the meeting, including representatives from the four organizations, guests and Mrs. John M. Gholson, Mrs. Roy Jamison, Mrs. C. E. May, and Mrs. Saule Perlestein as special guests at the Oil Progress program.

After Mr. Robinson's address the group was shown a film that brought agriculture up from the dark ages to the present mechanized form, showing the importance of the oil products have shown in the development.

Civic Leaders Discuss Ranger Youth Problems

The 1920 Club held a town forum at the Community Club house Thursday evening at 7:30 p. m. for the purpose of discussing youth conservation.

The meeting was opened by Mrs. Saule Perlestein, president of the club. She gave the opening address of welcome and presented Mr. G. B. Rush forum moderator for the evening.

Mr. Rush introduced the panel members, Rev. Jasper Masseege, Mr. H. L. Coody, Mr. Price Crawley, Dr. Jack Booth and Dr. G. C. Boswell.

Mayor Price Crawley spoke on behalf of the city and stated that the City Council had agreed to back the youth program and to render any assistance they could. That they had been using their maintenance crew to provide a miniature golf course near Young school for recreational purposes. He said Ranger was fortunate in having the fine type of young people that are citizens here and they deserve the best that can be had.

INSPECTS SOUTH LANCASHIRE REGIMENT — Major Gen. Sir John Winterton, Commander of the Anglo-American zone of Free Territory of Trieste, inspects the South Lancashire Regiment prior to its departure to Khartoum, capital of the Anglo-Egyptian Sudan. (NEA Telephoto).

BULLDOG "B" TEAM PUTS OUT ANOTHER CISCO FIRE, 37 - 0

The Cisco Lobo "B" team should have stayed home and went to bed last night.

The Ranger Bulldog "B" squad defeated them 37 to 0, did not allow them to make a first down, held them behind their own forty yard line, blocked two of their five kicks, and allowed them to gain a minus 64 yards for the night.

While holding the Cisco squad to a total of nothing the Ranger team made 105 yards rushing, 107 yards passing, 9 first downs, and scored 37 points.

The defensive work of Eddie Joe James and Tommy Hinds kept the Loboes on the backward march all night, while the offensive passing combination of quarterback "Runt" Perrin to end Hinds was near perfect. Hinds' fingers seemed to have glue on them as he would suck in passes tossed by Perrin.

"Runt" Perrin scored one Ranger TD and made one extra point. Tommy Hinds made two; Jack "Racehorse" Allen made two more; and Jimmy Littlefield was responsible for the other Ranger touchdown.

The "B" team had two touchdowns called back, one on a long run by Littlefield on a clipping penalty, and the other when a pass from Perrin to Hinds was caught to deep in the end zone.

The team was a little over-anxious last night getting quite a few penalties for off sides and backfield in motion.

They still retain their record of no defeats, unscored on, and untied.

Britian Sends More Warships To Egypt

Rangers Leave For Game At Corpus Christi

The Ranger Junior College Rangers left this morning for Corpus Christi where they will meet the fourth ranking junior college in the nation in a football game Saturday night.

The Rangers will be outmanned by about forty pounds per player in the line and a little less in the backfield.

Coaches Yarbrough and Henderson have been grooming the passing attack of the team during the past week for the Del Mar game. Both coaches are of the belief that any resistance that Ranger may give to the powerful Del Mar eleven will come through passing or running around the bigger team.

Some changes have been made in the Rangers line-up lately, placing Tommy Wilson and Ken Chapman, speedy Ranger ends, at the defensive halfback positions to give the Rangers a better pass protection. Don Ashcraft has been working at the right end slot on offense for the Rangers in some of the past games.

The squad will be minus the services of Leon Jones and Dale Halley at Del Mar, both out with injuries. They will be back in play for the following week.

If the passing has improved over that shown against the San Angelo Rams last week the Rangers' chances of victory will be much better.

Community Chest Meeting Tuesday; Chairman Named

A meeting of the directors of the Community Chest, together with the chairmen of the various committees has been called for Tuesday, Oct. 23 at 4 p. m. to lay plans for the kick-off breakfast, and to set the date for the starting of the campaign for raising funds for the seven member agencies of the Chest, according to Charles Joe Owen, president.

In addition to the directors the following committee chairmen are urged to attend the meeting Tuesday: Mrs. J. A. Bates, chairman of the committee to call on the barber and beauty shops; Buddie Vinson, cafes; S. A. Hightower, hotels and drug stores; Lonnie Marshall, grocery stores; L. T. Eubank, cleaners, laundries and theatres; Wesley Poyner, service stations; F. P. Brashier, Sr., retail stores; T. J. Anderson, Auto agencies and supply stores; James A. Smith, building material establishments; C. J. Owen, farm stores; Allan Smith, public utilities; Mrs. B. A. Tunnell, CIO's; Mrs. J. R. McLaughlin, insurance and transportation firms; Pat Thomas, oil service supplies; Public Schools, B. B. Rush; Ranger Junior College, Dr. G. C. Boswell; Company employees, W. A. Robinson; T. C. Wylie, miscellaneous; Mrs. F. M. Kuykendall, professional firms; Mrs. Saunders Gregg, individuals.

At the meeting Tuesday the group will set the date for the kick-off breakfast and the starting of the campaign. The names of about 85 workers have been turned in by the various directors of the Chest, most of whom have been contacted and have agreed to work during the campaign.

President Owen states that it is very imperative that all directors and the chairmen of the various committees mentioned above, are present at Tuesday's meeting.

President Owen states that it is very imperative that all directors and the chairmen of the various committees mentioned above, are present at Tuesday's meeting.

Two Egyptian Officials Are Barred From Going To Sudan

By Walker Collins United Press Staff Correspondent CAIRO, Egypt, Oct. 19 (UP)—Britain sent two more warships to the Suez Canal Zone today, served notice on Egypt that she will demand damages for anti-British rioting, and barred two top Egyptian officials from the Sudan.

There were unconfirmed reports also that 1,000 more British troops have left Cyprus for the Canal Zone. Planes shuttled 3,500 paratroopers from Cyprus.

Dispatches from Malta said the 1,710-ton British destroyers Chequers and Chevron sailed today for the Canal Zone to join the 8,000-ton cruiser Gambia, which arrived at Port Said yesterday.

The Frigate Cygnet also is patrolling the eastern Mediterranean and other warships, including the cruiser Liverpool, are standing by at Malta awaiting orders.

The British minister in Cairo delivered a note to the Egyptian government protesting anti-British demonstrations in Egypt and warning that Egypt will be held responsible for all damage to British property.

"They (the British government) reserve their full rights of compensation for damage caused on this occasion," the note said. It said British troops had intervened in the Canal Zone only because Egyptian authorities had failed in their duty to protect foreign lives and property during rioting.

Robert G. Howe, a Briton and governor of the Sudan territory Egypt is trying to annex, ordered Lew Beshary, chief of staff of Egyptian troops in the Sudan, and Abdul Hadi, Egyptian director of education in the Sudan, not to return there from Cairo.

Religious preachers in Moslem Mosques called on Egyptians to close ranks behind their government in its dispute with Britain. They asked the people to remain calm, however, so as not to prejudice the national cause.

Special prayers were said for Egyptians killed in rioting in the Canal Zone earlier this week—estimated variously at 10 to 17.

NEWS BRIEFS

By United Press
Minneapolis — Dr. George Gallup, head of the Gallup Poll, says the Republican party still is a minority group.

HONG KONG — A "Vivacious," 14-year-old girl is flying on bomb mission: for the North Korean Air Force, Peiping radio said today. The girl pilot, identified as Tai Sen-Hi, set a warehouse afire on her first mission, the broadcast said.

DALLAS — Forlorn silence, instead of the accustomed crowds, hung about 44 of the 45 gambling booths at the State Fair of Texas today.

LAS VEGAS, Nev. — A "mechanical fault in an electrical circuit" forced postponement of an atomic test scheduled today at the atomic energy commission's Frenchman Flat Proving Grounds.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

Ranger Invited To Have Day At Fat Stock Show

Ranger has been invited to have a special "day" at the 1951 Southwestern Exposition and Fat Stock Show. The invitation is conveyed in a letter from President-Manager W. R. Watt of the Fort Worth exposition (Jan. 25 through Feb. 3) to the Chamber of Commerce. The letter declares:

"Because of the fine help which your city gave, the 1951 Southwestern Exposition and Fat Stock Show was a record-breaker in many ways.

"The purpose of this letter is to say 'Thank You'; to tell you we are hard at work on plans to make the show coming up the best one yet; and extend a special invitation to your city to have a 'day' designated in your honor.

"By having a 'day,' and bringing your band and naming a Cowgirl Sweetheart, your city will reap wide publicity and your citizens will have more fun by coming in a delegation, thereby making a real impact on the throngs, with your handbags and badges publicizing your own route, fair or other civic enterprise.

Farmer Will Appeal Life Sentence

CANTON, Oct. 19 (UP)—U. S. (Ullie) Denny, Van Zandt County farmer, planned today to appeal a sentence of life imprisonment passed on him for the murder of 80-year-old Steve Bolt.

Denny, also under indictment for two other slayings, was convicted here yesterday after only one hour and five minutes deliberation by the trial jury.

The 49-year-old defendant had pleaded innocent by reason of insanity.

Freight Train Collision Kills 1 Crew Member

DENISON, Oct. 19 (UP)—One man was killed and another critically injured today when a southbound Katy railroad freight train telescoped the rear end of another freight four miles north of here.

At the Katy Hospital here, the dead man was identified as George Essex and the injured man as W. A. Hutchings. They were believed residents of Denison.

No details of the accident, which occurred shortly before 5 a. m., were available here because communications to the scene were disrupted by the crash.

The accident occurred just south of the Red River bridge, the dispatcher's office here said, where the Katy's freight and passenger lines separate, the former leading into the railroad's big freight yards at Ray just west of Denison, and the latter into Denison.

Both trains were being pulled by diesel locomotives, the dispatcher's office said.

He is survived by his widow, Mrs. Raymond C. Grounds, two sons, Jimmie Joe of Brownwood and Roy Dale with the infantry in Japan; and a daughter, Margaret Ann Grounds of Ranger.

Wives Amazed At Attention

ROCK ISLAND, Ill., Oct. 19 (UP)—Two young wives who legally swapped husbands said today they were "amazed" that the trade had stirred up such nationwide attention.

"It's no different than if we had been divorced and married some other men later," said Mrs. Robert Irvin, 26, the former Mrs. John Shields.

Mrs. John Shields, 25, the former Mrs. Irvin, agreed.

The women lived next door to each other for two months with their former husbands and families. They divorced their former husbands on grounds of cruelty, each keeping custody of her three children and her home. Then each married the other's husband. Both men are factory workers.

The Snyder Sheriff said that the two teen-agers were from Ft. Worth that were caught in the Ranger car. Chief Pounds said that the Gray Ford recovered here was stolen in Tarrant County and that he thought there may have been a connection between the two. The Gray car was left in front of the high school about 11:00 p. m., and Mrs. Morris said that she knew her car was still in front of her home at 10:40.

FBI Crack Draft Card Theft Ring

BUFFALO, N. Y., Oct. 19 (UP) FBI agents cracked down today on a ring of high school students charged with stealing selective service registration cards and selling them to other teen-agers for 25 cents to \$1.

Assistant U. S. Attorney Henry W. Killeen said the youths had been taking the cards to beat the draft and convince bartenders they are old enough to drink whisky.

Mrs. Edith I. Dodge, co-ordinator of the Erie County Selective Service Boards, said the cards started to disappear in "wholesale lots" early in 1950.

The FBI obtained warrants for two Seneca Vocational High School students, who were to appear today before U. S. Commissioner Royce H. Butterfield on charges of illegal possession of registration cards.

Killeen said more high school students will be rounded up. He criticized draft registration methods that made possible theft of the cards.

LIVESTOCK FORT WORTH

By United Press
FORT WORTH, Oct. 19 — Cattle 250: Steady. Medium and good slaughter steers and heifers 26-33, two steers 950 lbs, 35. Beef cows 20-25, canners and cutters 14-20. Halls 20-27.

One Car Recovered; Another Reported Stolen Wednesday

The Ranger Police Department recovered one stolen 1950 Ford Tudor early Wednesday morning and received a report that a 1950 Tudor Ford (belonging to Mrs. Alva Rae Morris of 430 Pine St. in Ranger, had been stolen from in front of their home on Pine St.

After the night patrolman found the Gray Ford parked in front of Ranger High School Wednesday morning, they notified the Chief of Police who contacted State authorities and ascertained that it was stolen.

Three DWI Cases Filed Thursday

Three DWI cases have been filed here this week. All of them originated in Ranger, and arrests were made by the Ranger police department. Bond has been posted in each case, and trial will come up in December, it is thought.

DANCE MEET POSTPONED

It was announced this morning that the planned meeting Thursday night of the Ranger Dance Club has been postponed until further notice.

THE WEATHER

FACES IN THE NEWS—American delegate to the United Nations Warren Austin, upper right, gestures during his speech in Flushing, N. Y., in which he squarely backed Britain by telling the Iranian Premier Mohammed Mossadegh, above, left, that he is dead wrong in challenging the legal right of the UN to act in the Anglo-Iranian oil dispute. Lower right, Bonneau Peters, president of the AA Texas League, as he told the House Monopoly Subcommittee in Washington of the troubles an "independent" team has competing with "farm system" clubs in the Minor Leagues. Gen. Sir Brian Robertson, lower left, leaving recent conference in London, British Commander in the Middle-East, left London by plane for the Suez Canal Zone under orders to keep British forces there. (NEA Telephoto).

All St. Louis Breweries Are Out On Strike

ST. LOUIS, Oct. 19 (UP)—Nary a drop of beer was brewed in St. Louis today as strikes shut down all four of the city's breweries. Bars imposed a six-to-a-customer ration on bottled beer and a few taverns turned off their draft beer spigots. The supply was running so low that a downtown liquor store refused to sell beer to "strangers." The situation reached a parching crisis yesterday when 2,500 workers at three breweries joined the 5,000 who were already on strike at the huge Anheuser-Busch plant. AFL Teamsters set up pickets at the Hyde Park, Falstaff and Griesedieck Brothers breweries in a campaign to organize office workers into the union's warehouse and office workers' unit. Most white collar workers strode past the lines, but drivers and production employees stayed away. The Anheuser-Busch trouble started three weeks ago over the elimination of 47 CIO bottle inspection jobs. AFL Teamsters officials said their organization drive at the three smaller breweries had no-

Fort Worth Man Waits Governor's Action Today

AUSTIN, Oct. 19 (UP)—Possible extradition of a Fort Worth, Texas insurance man who "walked away" from an Ohio reformatory in 1939 depended today on a decision from Texas Gov. Allan Shivers. Slender, nervous Leo Martin, 40, testified that his record has been clean since he was convicted of car theft in Ohio when he was 16 years old. He served three years for the offense, then escaped. Martin is fighting the extradition move on the grounds that he was a juvenile when convicted. Under questioning by Fort Worth attorney Clyde Mays, Martin said he had been detained in several cities connected with the Ohio charges, but each time was released because authorities found he was not wanted.

WASHINGTON — House democratic leaders believed they had the votes to pass the new \$5,691,000,000 1 x increase bill today. But they weren't giving any odds.

thing to do with the Anheuser-Busch dispute. The only brewery left open in the area was the Griesedieck-Western (Stag) Plant across the Mississippi River in Belleville, Ill.

OBLIVIOUS FARM WORKERS—Korean women employ ancient fails to thresh grain, near Kaesong, Korea, oblivious to passage of U. S. and N. Korean liaison officers who return from investigation of alleged zone violations. Identifiable is Col. Don O. Darrow, coatless-light shirt of the U.S. (NEA Telephoto).

Military Needs Will Slash The Civilian Output

SAN ANTONIO, Oct. 19 (UP)—Military requirements will cause civilian production to be cut as low as half of its highest volume in the first six months of 1952, Manly Fleischmann, Defense Production Administrator, said last night. During the first quarter of 1952, for example, more than 40 per cent of the nation's aluminum and copper will go to the defense producers, Fleischmann said. "The real shortage is in copper and aluminum, not in steel as such," the administrator explained. Manufacturers who can replace the scarce metals with wood or some other plentiful material will be hardest hit, he added. "They'll have to get along with 11 to 20 per cent of what they were getting in the best years, such as 1950," he said.

Speaking before the Texas Manufacturers' Association, Fleischmann said consumers will feel no market shortages because warehouses all over the country are full. He hopes a "selective relaxation of controls will begin in early 1952, Fleischmann said. The government official told a news conference earlier that he expects to resign in the spring of 1952 because "the pressure of this job shouldn't be endured by anybody." He also told he thinks it is a good policy to shift government officials from time to time.

Col. Andrew J. Kinney, Chief UN Liaison officer, said the two liaison teams made "very nice progress" at Friday's two-hour meeting in a circus tent at Pansanjon, the site on the Munsan-Kaesong road chosen for the resumed truce talks. "I think it is going to work out all right," Kinney said.

Communists OK UN Proposal; Talks May Start

UN ADVANCE BASE, Munsan, Korea, Oct. 19 (UP)—The Communists accepted a United Nations compromise proposal today and a UN spokesman cautiously predicted early resumption of the Korean armistice conference. Red liaison officers withdrew their demand for five-mile security zones around each truce delegation's base camp and agreed instead to a UN proposal for three-mile zones. The agreement removing the biggest obstacle still preventing reopening of the truce talks. Two other major problems remain, however—the width of the "no-attack" corridor to be established between the Communist base at Kaesong and the UN base at Munsan, and the right of UN planes to fly over the security zones. The Communists already have shown a readiness to compromise on the width of the corridor between the two camps. They proposed a two-mile wide corridor today instead of the three-mile zone they had sought previously. The UN wants the zone limited to the road itself between the two camps.

The Reds were more adamant over the UN demand that planes be permitted to fly over but not attack the base camp security zones. A radio feigning broadcast the demand "unreasonable" and an example of "American bad faith."

Col. Andrew J. Kinney, Chief UN Liaison officer, said the two liaison teams made "very nice progress" at Friday's two-hour meeting in a circus tent at Pansanjon, the site on the Munsan-Kaesong road chosen for the resumed truce talks.

No Shirts No Bail

BALTIMORE, Md., Oct. 19 (UP)—Two Chinese laundrymen here have left their customers shirtless, not because of "no ticket" but because of no bail. The laundrymen—Soo Hoy Popy and Soo Hoo Gong—have been unable to make bail since they were arrested on lottery charges. Their customers finally went to court yesterday to get their laundry out of the shop. Judge Joseph Sherbow said that if the laundrymen are unable to make bail by Monday he will allow them to be taken to their shop under police guard to deliver the finished laundry.

Girdle Snatching On The Upswing

PHOENIX, Ariz., Oct. 19 (UP)—Police said today they expect an outbreak of girdle-snatching by teen-age boys who have discovered a new use for the elastic undergarments. Two boys were questioned yesterday after they allegedly admitted stealing a girdle from a clothesline, and officers said the youths told them girdles make fine bathing suits. Swimming in the concrete chute of an irrigation canal, is hard on ordinary bathing suits, the boys said, "but girdles can take it."

Falling Meteor Narrowly Misses Denver Home

DENVER, Oct. 19 (UP)—A family here thanked their lucky stars today that a 35-pound chunk of a "star" missed their home. The hissing, red-hot meteorite buried itself in the back yard some 20 feet from where five-year-old Paul Puckett was playing yesterday. "A fireball just landed from heaven" the terrified lad yelled to his nine-year-old sister, Dorrine. Mrs. Puckett, attracted by the yells, found the smoldering meteorite still too hot to touch. It missed the Puckett home by 15 feet.

NEWS FROM Morton Valley

The Amateur Hour sponsored by the home demonstration club last Monday night, was a success from every point of view. The auditorium was filled and everyone reported a good time. The contestants were all so good that the judges found it difficult to say which one got the best ovation. First place was won by Christine and Sam Houston who sang and whistled. Second place was won by a children's quartet from Carbon and third place went to Ray Rogers from Olden. Rogers played a guitar and sang. Extra music was supplied by "Cap" Houston and his son Billy Bryant Houston, Mrs. Ima Taylor T. L. Wheat, Mrs. Verna Harper, Kenneth Mayhall, Oze Hale and Herman Dempsey, Master of ceremonies was James Wright, and the club want to thank him for doing a fine job. The club would also like to thank Mrs. Brandy Humphries, Mrs. Harrell and Curtis Simpson for acting as judges. Mrs. W. O. Graham spent the first part of the week in Fort Worth with her grandson, Ronnie Guess, who underwent an operation Monday morning. He is doing well and will be able to leave the hospital this week end. Mrs. Toke Morton has gone to Wink for a visit. The Joe Stuard family has been on the sick list with that old virus X lately. Guests in the John Nix home last Thursday were: Mrs. Culley White and Mrs. Hickman Baird of Oxford, Miss., Mrs. Tom Lindley and daughter, Jo, Mrs.

It's Getting Difficult to Maintain a Good Front

Pete Hodges and children, all of Fort Worth. Mrs. Miller and Mrs. Baird are sisters.

Police Hunting Admitted Slayer Of Politician

TEXARKANA, Ark., Oct. 19 (UP)—A city-wide police search was underway today for a stranger who said he killed Charles Binaggio. Binaggio, the Kansas City politician who allegedly was shot for falling to "deliver" open gambling to the local underworld, was slain April 6, 1950, in a Democratic club headquarters. Officers said there had been no trace of the swarthy, gold-toothed man who disappeared after trying to arrange with an attorney to surrender. The attorney, Preston Dowd, reported the incident to police as soon as the man left his office. Dowd said the man entered his office late yesterday afternoon, related the story of the Binaggio murder and asked Dowd to arrange for his surrender. He identified himself as Bob Costello, Dowd said and claimed to be a relative of Frank Costello. In New York, Costello's lawyer said he knew of no Bob Costello and twin sister were in the hospital.

tello. The Metropolitan gambler was due in Hot Springs, Ark., today. Dowd said the man repeatedly threatened to kill him if he informed police of the interview. The man claimed to be armed, Dowd said, and claimed to be a weapon. He wanted to surrender later, Dowd said, but sought to make the arrangements ahead of time. He told the lawyer he had heard of him from "someone else." Other tenants in the office building where Dowd practices reported seeing the man, but none knew who he was. He was said to have placed a long distance call to Chicago.

Seamen Shortage Will Get Worse

WASHINGTON, Oct. 19 (UP)—A shortage of trained seaman will get worse as new ships are added to the nation's Merchant Marine fleet in the mobilization drive, the government reported today. The Bureau of Labor Statistics said some sailings have been delayed by shortages of radio operators, marine engineers, able seamen, and skilled engine room workers.

When we deliver an insurance policy, nobody ever says: "Oh boy, what a beautiful policy!"
But when somebody has a fire or a robbery or a lawsuit or a loss of some other kind, and we deliver a check from the insurance company —
—THAT is when people really like us. It happens frequently.
Bear with us when we try to get you to carry the insurance you should—but love us when we help you meet your loss. That's all we ask.
When you really like us
You buy insurance because you're smart — not because you get a kick out of it at the time.

Hot And Cold Wars Show Good And Bad News

By Harry Ferguson
United Press Foreign News Editor

Balance sheet for the week between good and bad news in the hot and cold wars:

GOOD NEWS

1. Prospects for a cease-fire in Korea appeared to be improving although there always is the chance that another snag will be struck. There is increasing indication that the Chinese Reds would like to stop the shooting and are prolonging the negotiations merely as an attempt to save face.
2. The British election now is less than a week away and the affairs of the western democracies will be in much better shape when the issue is decided. It has been almost impossible for London to make any long-term commitments to her Allies while she has been going through the period of uncertainty an election always brings.
3. The Communist authorities in Czechoslovakia — Russia's foremost industrial satellite—are having increasing trouble in keeping the people under control. There have been fresh incidents of Czechs fleeing the country and seeking asylum in nations beyond the Iron Curtain. This week Dr. Jiri Fial, deputy chief of the Czech Military Mission to Western Germany, resigned and was granted asylum by American officials.

BAD NEWS

1. British and Egyptian troops clashed in the controversy over the Suez Canal Zone, and neither side was giving ground.
2. The Communist authorities in Czechoslovakia — Russia's foremost industrial satellite—are having increasing trouble in keeping the people under control. There have been fresh incidents of Czechs fleeing the country and seeking asylum in nations beyond the Iron Curtain. This week Dr. Jiri Fial, deputy chief of the Czech Military Mission to Western Germany, resigned and was granted asylum by American officials.

appeared willing to back down. The big danger is that the controversy will spread throughout the entire middle east where Britain already is having serious trouble over Iran's nationalization of the Anglo-Iranian Oil Co.

2. The State Department revealed it had made an attempt to enlist the aid of Russia in the Korean truce negotiations, but had made no progress. President Truman reiterated his belief that Russian promises were not worth the paper they were written on. However, State Department officials still hoped the two nations could discuss cold war problems at the forthcoming Paris meeting of the United Nations.

3. A staunch foe of Communism and a friend of the western coalition was removed from the political scene when Prime Minister Liaquat Ali Khan of Pakistan was assassinated. He generally was regarded as a stabilizing influence in Asia where unrest offers a fertile field for Communist exploitation.

SOCIETY

P-TA Of Hodges Oak Park School Sponsored A Style Show Tuesday

The Parent-Teachers Association sponsored a style show at the recreation building Tuesday night for the purpose of obtaining funds to purchase chairs for the new auditorium which is under construction at the school.

The recreation building was very attractively decorated and the stage was bedecked with colored leaves and fall flowers provided by the Betty's Flower Shop. The coffee table had a very attractive arrangement of fall flowers for the centerpiece.

The show was opened by Mr. Paul Rogers, principal from the school, giving the welcome and the tonnet band composed of the sixth grade from the school gave several musical numbers under the direction of Mrs. C. C. Harris.

The musical background for the show was provided by Mrs. David Pickroll, violinist and Mrs. Gwen Meacham of Eastland, as accompanist. Mrs. George Rogers was the commentator for the children who modeled for the Genia Lou Shop. The beautiful models for the children's wear were Jill and Jane Watkins, Annette, Marcie Jan and Vickie Harris, Mariani Milmo, Kay Hooper, Norma Gayle Estinger, Cathy Rogers, Mary Katherine Rush, Karen Killingsworth, Phyllis Jane Hale, Dorothy Eppley, Malinda Dean, Patsy Norris, Sue Williams, Bobby Sue and Pamela Gans, Patsy Entler, Polly and Wynona Rains, Gail Garner, Barbara Flowers, Billy Fox, Kay Vaughn and Kay King.

Several boys and girls presented a novelty number in song during the modeling intermission.

The high school ensemble presented several musical numbers. The beautiful fall fashions for women were featured by the Smart Shop. Myra Sue Pruett and Gene Crowley were commentators with the following models Jean Ratliff, Betty Brasher, Ann Aills, Betty Wolford, Deanna Pulley, Marcella Harris, Myra Sue Pruett, Roberta Newham, Linda Furney, Billie Jean Crawley, Gene Valentine, Retha Beth Perlestein, Mildred Pickrell and Dorothy Watkins.

The newest in fashions and colors were shown for children and women and also the new corsages that will be worn without ribbon on them. The Parent-Teacher Association is grateful

Turkeys Donated For Banquet

The Bulldogs Mothers Club is making progress toward having the necessary things for the football banquet.

The contributions that were made at the football game will now go along ways toward providing food since Dr. and Mrs. A. W. Brazda have donated two large turkeys for the banquet.

Mrs. Capps of the Capp's Studio has also offered some help on the place cards and favors.

By the time for the banquet, the Club is expecting to have money and other things to have a fine banquet for a deserving group of boys.

"Love" Selected As Class Name

The newly organized Sunday school class of the First Baptist Church, with Miss Ann McEver as teacher, held their first business meeting Thursday night at 8 o'clock in their class room.

Mrs. Ralph Perkins installed the new officers, comparing them to the body of Christ, emphasizing the fact that every part must function in order for the body to be what it should.

Mrs. Frank Hicklin was installed as president and compared to the head; Mrs. W. H. Gay, membership vice president, compared as the feet to go carry good tidings to the members; group captains were represented as arms to encircle and protect the members, these were not named at the meeting; Mrs. C. C. Harris, stewardship and represented as the heart of the work; Miss Anise Lock, fellowship and compared to the ears which are ever listening for opportunities for fellowship.

Mrs. Millie Williams, personal ministries as eyes, always looking for ones that might need help; Mrs. Roy McCleskey, secretary; Mrs. A. E. Estes, assistant secretary and Mrs. Earle Horton, reporter, were all compared as fingers to keep accurate records of memory and history of the class.

Miss McEver as teacher was compared as the brain to direct the whole body.

Mrs. Hicklin presided over the business meeting and encouraged the members to work at their jobs. The name "Love" was selected for the new class. The next meeting will be November 8.

Those present were Meses. Perkins, Harris, Hicklin, Gay, Williams, D. C. Singleton, Zora Lee Wheat, Homer Summerall, McCleskey and Misses McEver and Lock.

Men's Meeting Postponed

The monthly meeting of the Methodist Men's Club has been changed during the revival at the church from the last Wednesday in this month to Wednesday, October 24.

The regular meeting, had it not coincided with the revival would have been on Wednesday the 31st.

Dr. Jack Booth announced that he will have a sound and color film to show at the meeting entitled "The Red Wagon."

The film is a history of the growth of the American Meat Industry.

Mrs. Tucker Reviews "Home Country" For Club

Mrs. Bill Tucker reviewed "Home Country" by Earnie Pyle for members of the Flatwood Home Demonstration Club at their meeting Thursday in the home of Mrs. J. S. Turner.

Refreshments of sandwiches, cakes and cake was served following the program.

Present were Mmes. Lon Palmer, Bessie Bennett, C. A. Webb, Bill Tucker, M. W. Grieger and Mrs. Turner, hostess.

Seventy-one Attend Clinic

Seventy-one teachers and officers of the First Baptist Sunday School met last night for the Instruction Clinic which featured a challenge to the workers by Rev. H. H. McBride, pastor from Breckenridge.

Rev. McBride pointed out the need for consecrated teachers who could teach not only by word but also by their example of living. After giving a brief history of the early Christians and their attention to the matter of Stewardship and personal soul winning he went on to point out how these two aspects of Christianity were not encouraged during the time when the worship was taken from the hands of the people and placed in the hands of the church heads. After the period of domination by the Roman Catholic church, when Luther brought about the Reformation the two principles of Personal Soul Winning and Stewardship were not emphasized. Only in our present day, said McBride, do we find a definite return to these two practices. He further stated that this was one of the reasons that the Baptist as a denomination were experiencing a growth.

Rev. Ralph Perkins presented a challenge to the Teachers and Officers in asking them to accept a goal of a ten per cent increase in all departments, in the next six months. He explained that it should be a 10% net-increase based upon present records.

The officers and teachers voted to accept the challenge and to work for the increase.

Wilson Guest, expressed his appreciation to the teachers and officers for the spirit that they had shown in the first weeks of the new work and reminded them that concentrated effort would do much for the strengthening of the organization in the next few months.

Auxiliary To Send Packages

The Ladies Auxiliary to the Ralph McKinley Post 5873 met Thursday night at the Veterans of Foreign Wars headquarters with Vivian Butler, president presiding.

Tuesday afternoon October 20 was set as the date when the auxiliary members will meet at the home of Pearl Wheat to pack the overseas Christmas packages. A number of names of service men have been received.

The Auxiliary will have a chicken dinner Monday November 12 at 7 p.m. This will be in celebration of Armistice Day.

Vivian Butler, read a letter from Ruby Jo Roe, Eighth District president, inviting the Ranger Auxiliary to attend the Eighth District Convention at Brownwood, October 20 and 21.

BARBS

BY HAL COCHRAN
SLEEP is good for everyone, but these days, it's just as well not to be caught napping.

Two armed women robbed an Indiana fur store. They apparently got no place crying for a coat.

When Junior finally gets out of the fruit cellar all the highways to it are jammed.

If things keep on, the government will start taxing us on what we think we're worth.

About the only way to make hard work seem easy is to enjoy doing it.

Family Reunion In Bastoland

"Family reunion" doesn't have reference to the people in this picture, but rather to the airplane and house trailer. The plane was made in Pennsylvania, the trailer in Texas, but both belong to a family of 586 missionary vehicles operated all over the world under the "Speed-the-Light" program of the Christ's Ambassadors, youth organization of the Assemblies of God. They are shown meeting for the first time in mountainous Bastoland, South Africa.

Serving as temporary living quarters for two young missionaries, the trailer is pictured on the spot where a permanent mission station is soon to be built. Tied down for the night on the edge of a primitive airstrip prepared beside the trailer is a plane used by missionaries for transportation in an area which extends from the lakes of Central Africa to Capetown. A group of Basuto natives are looking on, awed by their first airplane. A-fraid his curious people might damage the missionaries' plane, the local chief threatened a 45-cent fine on anyone who touched it.

The Christ's Ambassadors of the Assembly of God church, on Clay Street, Ranger, from an active part of the nation-wide group sponsoring and financing the purchase of these and other missionary vehicles, as well as printing presses and radio equipment—all to speed the Light. On Sunday, October 21, they will join in observing National Speed-the-Light Dollar Day by presenting a special program giving emphasis to these projects. The program is open to the public and will be given at the Assembly of God church at 11:00.

The last major Indian campaign of the U.S. Army ended on Oct. 5, 1877, north of Montana's Bearpaw Mountains. There, Chief Joseph of the Nez Perce tribe, surrendered after a retreat of 1,600 miles that has few parallels in military history.
