RANGER DAILY

33RD YEAR

RANGER, TEXAS, TUESDAY, NOVEMBER 6, 1951

SEEN OR HEARD

Mr. and Mrs. Ed Eubank received a telephone call from their daughter, Mrs. Stanley Beaubien Shaeffer the former Frances Ann Eubank, telling them that she landed a nine foot sailfish while on her honeymoon at Acapulco, Mexico. That must be a lot of fish, maybe she should bring it home and we could put it in place of the derrick as a turning point.

Old man winter has done dealt us two dirty blows this year. Last night he kicked the mercury down to 26 that is stationed behind the building. Although it seems to be getting warmer today, we may have fall again soon.

Out at the college the main worry about the weather is what will it do to the homecoming. Maybe it will be warmer, come Saturday.

The Main Street of the town sure can get bare when the north wind starts whipping around the corner.

Coach Warder was in this morning — asked about the ball game and he said those people are coming up here to beat Ranger, they are going to be plenty mad if they don't.

Probably the first ex to be back for the homecoming is Nancy Phillips, someone said this morning that she was here and ready for things to get underway.

Enter A Float

Everybody wants to show off a little when they have the opportunity. Now is your chance. Saturday afternoon the Ranger Junior College Homecoming parade will be chance enough for all civic minded business and people that believe in supporting the college to do their part.

The College has invited everyone to enter a float in the parade. Let's not put a car in it with a couple of cards, with a little writing on them, go all the way and show the exes and the visiting Arlington fans that the people here can support their college in a better and bigger way than these other towns have done.

There will be approximately 1000 Arlington fans here for the parade and the football game that night along with the returning exes of the college. Let's make it a slam bang homecoming for the students and put on a good parade for the Arlington people.

Tickets On Sale For Exes-Banquet

President of the Ranger Junior College E-Students Ass., Pete Braisher, said this morning that tickets are now on sale for the Exes Banquet that is scheduled for 6:00 p.m. at the Community Clubhouse Saturday, November 10, 1951.

Tickets are available at the Ranger Furniture Exchange, the Commercial State Bank, Anderson Chevrolet, or at the Ranger Junior College.

Due to the shortage of time during the Homecoming Festivities the Registration desk for the Ex-Students will open at the Community Clubhouse at 5:30, prior to the banquet.

Ranger Will Have District Title Clash; RJC Homecoming

Football fans in Ranger will see two outstanding games right here at home this week. The Ranger Bulldogs will meet the Dublin Lions and the Ranger Junior College Rangers will tackle the Arlington State Rebels.

The game coming up between Ranger and Dublin will be the decisive game of district 2A-10. Both teams are undefeated and untied in district play. Last week Ranger blanked Eastland 33 to nothing, and Dublin took a high scoring tilt from the Comanche Indians, 42 to 27.

This will be the game to decide who will go on to bi-district from this league and who will stay at home as also rank.

Last year Dublin fell before the Bulldogs, this year they are seeking revenge for beating Hamilton and letting the Bulldogs in.

300 Attend Quarter Century Club Dinner Of TESCO; 2 Eastland Men Awarded Watches; Rand Is Speaker

More than 300 Texas Electric Service Company officers, employees and their guests, enjoyed their annual Quarter Century Dinner at the High School gymnasium Monday evening at 6:30.

The new members to the club were added last evening and were presented with watches by J. B. Thomas, president of the company, and resident of Fort Worth. Those receiving watches were Frank T. Hightower and Howard McDonald of Eastland.

To say that the dinner and program were complete in every way would be stating a fact very mildly. The dinner began at 6:30 p.m. though the crowd began arriving quite a while before that time. The dinner proved to be one of the best ever held. As advertised it consisted of barbecued ham and beef, green vegetables, strips, pinto beans ranch style, assorted relish, French bread, ice cream, coffee, milk and soft drinks. And there was an abundance of every item mentioned.

Eastland area has quite a number of Quarter Century Club members, many of them residing in this area. Other than the two new members who were awarded watches last evening, Eastland area members are: J. F. Collins, O. L. Hooper, A. Fauth, H. M. Hart, W. B. Pickens, Marjorie Van Hoose, Earl Woody, and Roy Young of Eastland; W. W. Laney, A. R. Lowmire, Guy Quinn and O. M. White, Leon Plant; H. R. Shackelford, and R. E. Lee, Breckenridge; L. D. Stewart, DeLeon and A. N. Larson of Ranger.

District Manager W. B. Pickens served as master of ceremonies. After introducing guests the program began. Invocation was

delivered by S. B. Harbison. President Thomas made a short talk and delivered the watches. After which the meeting was turned over to the guest speaker, Clayton Rand.

Mr. Rand who resides in Gulfport, Miss., is one of America's outstanding entertainers, and columnists, and he kept his hearers uproariously happy from beginning to end. There wasn't a dull moment.

Mr. Rand has ideas all his own. He is more or less opposed to the New Deal, Fair Deal and Raw Deal. He thinks pretty well of Texas, and wants the world to know that Mississippi helped Texas become an independent nation. There were more Mississippians killed in the Alamo than there were Texans.

SANTA CLAUS WILL BE IN RANGER ON DECEMBER 19

Santa Claus and his reindeer will make a pre-Christmas visit to Ranger Wednesday morning, December 19.

The directors of the Retail Merchants Association voted at a recent meeting to invite Santa Claus to Ranger as their guests on that date.

Santa very graciously accepted the invitation of the Ranger merchants association and will bring four of his reindeer pulling

a bright red sleigh driven by old Santa in person.

When Santa told the Retail Merchants here that Ranger was on his pre-Christmas schedule he had not decided just what he would do while he was here, but that he would tell them before his visit here in December.

He did say that he would try to see as many of the youngsters here as he could as he was passing through town in his sleigh.

TEXANS REMINDED OF SAFETY RESPONSIBILITY LAW PASSED

Public Safety Director Homer Garrison, Jr., reminded Texas motorists tonight that their licenses to own or operate an automobile will be suspended if they are involved in a traffic accident and fail to meet damage claims up to \$15,000 when the state's new Motor Vehicle Safety Responsibility Law becomes effective on January 1.

Declaring it "will greatly affect the personal safety and economic security of every man, woman, and child in the state," Director Garrison gave the public its first official analysis of the new law since its adoption by the last session of the legislature. He spoke from Austin over a state-wide radio network and announced that during the next two months the Texas Department of Public Safety will fully acquaint the people with the purpose and requirements of the law through the press and radio and by means of an official leaflet that may be obtained at any service station.

Director Garrison pointed to the rapidly increasing number of traffic accidents and public indignation over the failure of motor vehicle owners and operators to pay for the damage they cause through negligence as the reasons that prompted the legislature to enact the law, which closely follows safety responsibility statutes in 34 other states. He declared the law's primary objectives were to deny all motoring privileges to owners or operators who do not meet just damage claims resulting from accidents and to put chronic accident causers off of the highways permanently.

In a carefully summarized explanation of the law's principal features, Director Garrison explained its operation as follows: The operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or property damage to any one person exceeding \$100, must file with the Texas Department of Public Safety a new report in addition to the regular accident report that is now required by the state's Uniform Traffic Law. The regular accident report must be filed within 24 hours, but motorists have up to 10 days to file the new report form. Both reports are mandatory regardless of who caused the accident.

The law does not apply, except with respect to filing the new report form, to insured owners or operators, provided the insurance covers possible damage claims resulting from a traffic accident, up to \$15,000. Uninsured motorists will receive a notice from the Texas Department of Public Safety that they must deposit sufficient security to cover the damage they caused, as determined by the Department. This may range anywhere from \$101 to \$15,000, and the collateral may be in the form of cash or negotiable securities. The deposit must be made with the Department within a maximum of 60 days after the accident report was filed.

An uninsured motorist will not be required to deposit security, however, if he files satisfactory evidence, within the 60-day period, that he has been released from lia-

bility, been finally adjudicated not to be liable, executed a duly acknowledged written agreement to pay damage claims up to \$15,000, or that his motor vehicle was legally parked or was being operated without his permission at the time of the accident.

Should an uninsured motorist fail to meet any of these requirements within 60 days after filing his accident report, both his operator's license and registration of ownership will be suspended until he does or until a year has elapsed without court action for damages being filed. Suspension of registration will apply to all cars owned by the defaulting motorist.

TB Tests To Be Made Wed.; X-Ray Pictures

The State Health Department is moving X-Ray equipment to Eastland today and on Wednesday and Thursday of this week free X-ray pictures and examinations will be made. Primarily this is a service used to combat TB. Not only will lives be saved, but the state figures it a good investment.

So if you are in doubt of your physical condition plan to take the examination. Offices at the King Motor company have been procured, and volunteer workers from various city clubs will act as hostesses.

Remember it all free. Just go to King Motor Co., Eastland, and tell a hostess what you want. Two days only—Wednesday and Thursday.

Eastland County Gets Wildcat

John V. Tuttle, et al. Ranger, has staked no. 1 Houston Bra-sher on an Eastland County wildcat seven miles east of Eastland.

Ghol Under Renova

Since the purchase of the Gholson Hotel, the present management has had some very noticeable changes in the appearance of the guest house.

The hotel is now undergoing a process of complete renovation. As they can, each of the 150 rooms of the hotel is to be redecorated and repaired by Mr. Fabian and his associates that are operating the hotel.

To date, the color scheme of the lobby has been changed to a very eye-pleasing green that gives the hotel a very clean and neat appearance.

The 150 rooms of the hotel are divided off into 59 guest rooms and 24 apartments.

Some damage was suffered to the partially painted lobby during the wind and rain storm that knocked out 29 windows in the hotel, from water.

The job of renovating the hotel will be carried on over a period of eighteen months or longer, taking each part of the hotel as the opportunity arises.

It is very evident that the hotel will be much more modern and cleaner in appearance, as can be seen by the work completed.

Larger Draft Call Ordered

AUSTIN, Nov. 6 (UP)—Texas Selective Service headquarters yesterday announced a state draft call of 1,471 for January, the largest since April.

The new figure compares with a December call of only 362 men, and represents Texas' share of the January national quota of 59,650.

The quota will boost the total called from Texas since start of the Korean War to 31,903.

State Selective Service Director Brig. Gen. Paul L. Wakefield said his office had expected the larger quota an "it finds us ready. We believe calls are likely to get bigger before they get smaller again."

Robert A. Taft of Ohio, the only announced candidate for the Republican nomination.

Starting at 9 a.m. yesterday, Eisenhower went from one conference to another until after 5:30 p.m. He took an hour out to go to the Army's Walter Reed hospital to get his teeth cleaned and checked, but even then he took along Gen. Walter B. Smith, head of the Central Intelligence Agency, for a chat during the drive.

Eisenhower conferred with Mr. Truman at a private luncheon, and also met with Defense Secretary Robert A. Lovett, Army Secretary Frank Pace, Jr., Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff, and Gen. J. Lawton Collins, Army Chief of Staff.

Other Defense and State Department officials joined them for a full dress conference at the White House in the afternoon.

Informed sources said Eisenhower urged that shipments of American military aid be stepped up greatly so that 43 ground divisions could be fully equipped and made ready in Western Europe in the near future to meet a possible Russian attack.

Another Ranger business has been reported to have given 100% to the drive. Art's Tool and Supply company is the latest addition to the one hundred per cent group.

Chest secretary, Mrs. J. P. Morris, said that the drive had been given a big boost by the Premier Oil and Refining Company, and the twenty six employees that contributed to the drive. Superintendent David D. Pickrell gave the chest on behalf of the company, the employees, and himself donations amounting to \$43.50.

The workers of the chest and the contributors are urged to do their utmost to bring the drive to a successful end this week.

McMurry Meets Howard Payne In Conference Tilt

McMurry College gridmen will be playing their final Texas Conference game of the season Saturday night before an expected homecoming crowd of approximately 4,000 when the Indians meet the Howard Payne Yellow Jackets in Abilene.

If the Indians, now standing in fourth place in the TC race, could defeat the Yellow Jackets, who are currently leading the conference, it would put the Abileneans in a possible tie for third place, depending on other wins and losses of the remaining conference games.

The game should prove to be a high-scoring affair with the leading passers and pass-receivers of the conference in the game. Howard Payne's ace passer, Sonny Davenport, HPC's ace passer, will be vying for honors of the night against the Indian's Carl Jowell, who's trailing Davenport by a slight margin.

Another Howard Payne conference leader, Gene Mettes, end, who holds first place in the receiving department will be out to hold his position against Indian center Stephen Brock.

Some call it success, but we like to think of it as a lot of hard work. In a nutshell, that's it!
