PRICE FIVE CENTS No. 142

SEEN OR HEARD

With the deer season right at hand some of the local hunters are heading for the tall timbers to bring home the bacon...

Frowning the brush about 20 miles southwest of Harper for the four-legged animals are A. E. Crawley, H. O. Woods, Sr., F. U. Hourland, "Chick" Usery, J. T. McClesky, and Clyde Fisher.

Yesterday afternoon at the football field, Don Varner took the ball on a handoff and went over the right side of the line. Alfred Black came in for the tackle on Varner and there was one very loud thud.

He came around in a few minutes and went right back to play. From all indications he is going to make the team a heads-up line backer.

The Ranger Junior College Rangers go to Henderson County tonight for a non-conference game with the Junior college at Athens.

This will be a breather for the team in their conference play until they meet Schriener Institute.

Veteran's Land Bill Only One Of Five Passed

DALLAS, Nov. 15 (UP) — Texans vetoed four of the proposed amendments to the state constitution voted on Tuesday and passed only that which increased bonds for veterans' farm loans.

The Texas Election Bureau's final report, issued last night, showed the provision for issuance of another \$75,000,000 in bonds for the Veterans' Land Program passing by a vote of 99,807 to 86,899.

An estimated 50,000 votes still were uncounted. So far, 192,425 ballots had been tabulated. The figures came from 211 of the state's 254 counties, with 60 of them complete.

The final report killed chances for passage of the amendment which would have allowed University of Texas Regents to invest the school's \$122,000 permanent fund in private securities. The late total showed 97,626 against the amendment and 85,678 for it.

The strong thumbs-down vote came from the state's smaller population centers, with the 11 largest counties favoring the amendment. All the big-city returns were in, which made defeat of the proposal almost certain.

Voters also opposed the much-discussed amendment to increase the State's Public Welfare ceiling from \$95,000,000 to \$42,000,000 a year.

The count on the welfare amendment was 108,289, against and 84,196 in favor.

Statewide retirement and disability pensions for appointive county employes was defeated most decisively. The bureau counted 120,670 against, with 64,938 for it.

A 47-cent raise per \$100 valuation in rural fire prevention districts also was badly beaten. The vote was 117,092 to 66,786.

Collie Dog Leads Searchers To Two Year Old Boy

HUGO, Okla., Nov. 15 (UP) — A mute, two-year-old boy, who was lost for 20 hours in a mountainous area, was in good condition after he was rescued because of a "noisy little part-Collie dog."

Beged Convington, the son of Mr. and Mrs. Devo Convington, was found asleep under a bush yesterday three miles from his home in the Kiamichi foothills after he had strayed in to the brush.

More than 200 searchers had joined in the hunt before Boyd was found by his grandfather, Reh Bowden.

"If it hadn't been for that noisy little part-Collie," Dowden said, "I might not have found the boy. The dog scared my horse and attracted my attention."

HAVEN OF REST—Alexander Ranezey, right, the one millionth DP to be resettled by the International Refugee Organization, kneels in prayer with his family at St. Patrick's Cathedral in New York after arriving in U. S. from Europe.

Union Thanksgiving Service Sunday At First Baptist Church

The people of Ranger and the surrounding area are invited to participate in the annual Union Thanksgiving Service that is to be held in the First Baptist church, this Sunday night, November 18, at 7:30 p.m.

The following churches are cooperating in the service of Thanksgiving this year: First Baptist church, Second Baptist church, Assembly of God, Church of the Nazarene, First Methodist church, and the First Christian church.

The principal speaker for the assembly this year will be Rev. A. Lynn Robbins, pastor of the First Christian church. His topic will be "Things Too Wonderful."

Bill Bullock of the First Baptist church will lead the congregational singing, and Mr. Fred Baumgardner of the Ranger Junior College will direct the massed choirs in a special Thanksgiving Anthym. Organist for the services will be Lida Jane Smith and the pianists will be Joy Hull and Mildred Balch.

The presiding pastor and host leader will be Rev. Rapi Perkins, pastor of the First Baptist church, and he will also offer the special prayer.

The report, as you can see, shows that the football team thus far has been self supporting.

Athletic Reports Shows Football Pays Own Way

The Ranger Public School System has released the Athletic Report for the period starting September 1, 1951 until November 12, 1951.

The report, as you can see, shows that the football team thus far has been self supporting.

Frank C. Smith, Houston, president of the Texas Division; Mrs. Joseph M. Perkins, Eastland, and Dr. G. V. Brindley, Temple, vice-presidents, are expected to stress in their reports the inter-relationship between the lay men, women and medical leaders who make up the "Triangle of Leadership" of the cancer control program.

Plans for the April membership Cancer Crusade will be highlighted during both the morning meeting and the panel discussions to be held in the afternoon. Texas Division officers for the new year will be elected by the membership at the morning business session.

No. 1 Suspect Turns Out To Be A Victim

RICHMOND, Nov. 15 (UP) — Police began an investigation in to a murder here "all over again" today after discovering that their chief suspect was the slayer's second victim.

A head found in a clump of honeysuckle near Norfolk, Va., was "positively" identified by Virginia's chief medical examiner with units of the Pacific Amphibious force of Washington, N. C. Princess Ann County authorities had been seeking Barr for questioning in the murder of a 57-year-old North Carolina woman, Mrs. Mamie Smith, at Camp. Before entering the Navy, a lake near Norfolk, Oct. 6. She had been beaten and strangled.

She is survived by her husband, a daughter four years old, and a son, one and one-half years old. Funeral services are scheduled for 3:00 p.m. Friday at the Court Memorial Methodist church in Weatherford.

More than 200 searchers had joined in the hunt before Boyd was found by his grandfather, Reh Bowden.

"If it hadn't been for that noisy little part-Collie," Dowden said, "I might not have found the boy. The dog scared my horse and attracted my attention."

Reds Make Threat Of All Out Fight Today

THREAT COMES AS LEVER TO GET IMMEDIATE CEASE-FIRE

By ARNOLD DIBBLE United Press Staff Correspondent PANMUNJOM, KOREA, Nov. 15 (UP) — The Communists made a thinly-veiled threat today to unleash a new all-out offensive in Korea unless the United Nations agree at once to a cease-fire line.

The United Nations retorted that the quickest way to stop the shooting in Korea is to clean up the full armistice agenda — including arrangements for the release of thousands of UN war prisoners in Communist hands.

A UN communique said the joint armistice subcommittee meeting "failed to bring the two sides any closer to agreement." The subcommittee will meet again at 11 a.m. tomorrow (9 p.m. today EST).

The indirect threat to loose a new full-scale Red offensive against the allied line first was made in the subcommittee Wednesday, but was disclosed publicly by the Communists only today.

Communist newsmen — propagandists distributed copies of the statement made by North Korea. The Communist representatives said this time they had no objection to continuing the fighting until an armistice agreement is ready for signature, but stuck to their demand for immediate designation of the cease-fire line.

Lt. Col. Howard S. Letle of New York City, acting UN briefing officer, said the apparent Communist concession left the basic situation unchanged. Any designation of a definite cease-fire line at this time would result in a de-facto cease-fire, he said, because it would relieve the Communists of allied military pressure.

Then the Reds well might stall indefinitely on settlement of the remaining items of the armistice agenda, he said. Those include the fate of thousands of allied war prisoners in Communist hands.

The prisoner of war question was lent new emphasis by an 8th Army officer's official statement Wednesday that the Chinese Reds already have executed 2,643 UN war prisoners, all but 130 of them Americans, and about 7,000 South Korean prisoners.

The North Koreans are believed to have killed some 3,000 U.S. prisoners since the outbreak of the war.

Mal. Gen. Henry I. Hodes, chief UN representative on the subcommittee, told the Communists that "the quickest way to end military action in Korea" is to clean up the full armistice agenda.

On Wednesday afternoon the Girl Scouts visited the American Aggregate Corp to help them with their badge for Community Life.

Beginning in the Company office they were shown the Quarry where the company extracts raw shale which is processed in the plant. From there they were conducted through the plant seeing the various machines such as the Drypan Crusher, Electric Feeders, Rotary Kilns and finish Crusher.

Refreshments of candy and coke were enjoyed by the following: Misses Bobbie Sue Estes, Nancy Lavender, Betty Estes, Helen Carroll, Sue Williams, Anna Beth Deffebach, Nel Warren, Barbara Ann Rodgers, Dorothy Eppley, Virginia Belknap, Joy Campbell, Livda Shaffer, Peggy Jean Gentry, Maxie Rainwater, Brenda Brooks, and their leader Mrs. Brooks.

The Mothers of the Ranger Pups football team will meet in the high school auditorium Monday afternoon at 8 p.m. Plans will be made for Pups banquet. All mothers of Pups players are requested to be present at this very important meeting.

Supreme Court Allows First WAF Lawyer

By HARMAN NICHOLS United Press Staff Correspondent WASHINGTON, Nov. 15 (UP) — The dignified gentlemen of the United States Supreme Court bowed politely forward and asked permission to practice before the highest court of the land.

Fred M. Vinson, the Chief Justice, a-hemmed a little, put his hand on the ancient Bible, and swore her in.

Virginia Brennan, a brunette Air Force captain from Omaha, Neb., this became the first woman at that branch of the military service to get the honor.

The Supreme Court sometimes has cases involving the Air Force. From here on the affable captain, who is now stationed in the Judge Advocate General's office at Wright Field, Dayton, O., may do a lot of the pleading.

If she turns on the charm like I know she can, Virginia will take a lot of starch out of the nine old men.

In a long chat with Virginia, I learned that she was born in Omaha, studied at the South High School, Lucesne College and the law school at the University of Omaha.

After she graduated from the last one, she put out her shingle and practiced law in Nebraska for five years.

Virginia already knows one Supreme Court judge, Justice Hugo Lafayette Black. She met the justice when he visited Nebraska to campaign for the late Senator George W. Norris and they have been friends ever since.

Besides being lovely and a lawyer, Virginia also is something of a writer. She used to write speeches for Gen. Lewis Pick when he headed the Army Engineers out in Nebraska.

The young lady has ambitions beyond the Air Force. While she is flying back and forth from Wright Field in Dayton and Washington to appear before Supreme Court, she hopes to drop something resembling an anchor. Eventually, she says, she would like to appear before the federal district court here.

I don't know how she'll do, but she has my vote. She knows the parlance of the legal profession. But she also can give out with what a garden variety reporter can understand.

Incidentally, fellows, Virginia is still single.

M. W. Raulston Passes Away At Lipan Yesterday

Notice has been received here of the death of M. W. Raulston yesterday evening at his home near Lipan.

Funeral services were held today at the Lipan Church of Christ and interment was in the Caddo Cemetery.

Mr. Raulston was a resident of Ranger for twenty years before moving to Lipan.

Henry Davenport Reports To Ship

Henry V. Davenport, seaman apprentice, USN, son of Mr. and Mrs. Henry V. Davenport of 812 Blackwell, Ranger, recently reported aboard the attack cargo ship USS Skagit for duty.

The Skagit, commanded by Capt. G. R. Over, USN, has just returned to the U.S. from the Far East where it has been operating with units of the Pacific Amphibious force.

UN Will Probe Mass Killing Of UN Prisoners

TOKYO, Nov. 15 (UP) — Gen. Matthew B. Ridgway's headquarters opened an investigation today into the 8th Army's unexpected release of a statement charging the Chinese Reds with murdering 9,643 Allied war prisoners.

The U. S. Defense Department in Washington also was reported to have made inquiries into the circumstances surrounding release of the statement.

Ridgway neither authorized nor planned publication of any such statement for propaganda purposes at this critical moment in the armistice talks, an informed source said.

The statement was released by Col. James Hanley, Judge Advocate of the 8th Army, at a press conference in Pusan, provisional capital of South Korea, Wednesday.

It charged the Chinese Reds with murdering 2,643 United Nations war prisoners, all but 130 of them Americans, and about 7,000 South Korean prisoners since China intervened in the Korean war more than a year ago.

North Korean troops murdered an additional 147 American prisoners during the same period, Hanley said. Unofficial estimates of the number of American war prisoners killed by the North Koreans before China's intervention ranged up to 3,000.

Altogether, it was believed, the Communists have murdered some 12,790 Allied war prisoners since the start of the Korean war. Hanley said it had been estimated that the Reds have put to death "upward of a quarter of a million" South Korean civilians.

4 Amendments Fail; Approve Reallocation

Only one of the five proposed Constitutional amendments met with the approval of Eastland County voters. Amendment No. 4, the Veterans' Land Fund amendment carried by a vote of 747 to 603.

In the special county election voters approved the Commission's proposal to reallocate county tax funds. The vote was 756 for and 556 against. This means that county commissioners may transfer certain money from one fund to another. In the past they have not been able to do this, and at times it has worked a hardship.

The county votes for constitutional amendments follows: County pensions 398 908, University fund 486 790, Fire prevention 406 921, Vets. Land fund 747 603, State Welfare 671 717.

The vote was very light all over the county, and the figures above represent about 95 per cent of the vote. Two small boxes have not, as yet sent in their returns, but the votes from these boxes are not large enough to change the results.

Baruch Believes Britain Should Be Helped Now

STRATFORD, Conn., Nov. 15 (UP) — Bernard Baruch, elder statesman and adviser to President Truman, last night advocated increased dollar aid for Great Britain and "action of a more definite nature" in Korea.

At an informal question-and-answer period before the Ladies Auxiliary of the Stratford Veterans of Foreign Wars, Baruch said that if British Prime Minister Winston Churchill requests additional financial aid the U. S. should grant it.

"I have never heard him (Churchill) make an ignoble proposal in the 36 years I have known him," he said. "The voice of Churchill will be heard in the world more than any other. He's the man to help Gen. Dwight D. Eisenhower build a solid defensive force in Europe."

More Women Needed By The Services

NEW YORK, Nov. 15 (UP) — A lot more women will enlist during the next six months to be trained as the core of the Women's Army, Navy, Air Force and Marines, which could expand to a total of 2,000,000 in case of major mobilization.

Women, as one veteran male Army officer commented, have passed the experimental stage of uniformed service and will be used far more extensively than ever in the event of another war.

In an effort to swell the present force of 40,000 uniformed women to 112,000 by next summer, the four branches of the service now are keeping their strict peacetime qualifications in an effort to get girls who will succeed in the technical jobs now turned over to them and who will produce a high percentage of officer material.

Requirements for Women's Army Corp and the Women's Air Force even have been tightened since the Korean war began. A girl must have a high school diploma before she can enlist, where before she was allowed to take a high school equivalency examination. Both Waves and Women Marines still are permitted to take the high school equivalency examination.

"We're really getting a cadre of girls who in the event of an all-out war would go up several grades," explained Col. Stanley Bacon, director of the military personnel procurement service for the First Army. "We want women with officer potential."

Colonel Bacon, a veteran of 35 years in the Army, confessed that among officers "of my vintage," there was a tendency to be doubtful of turning military jobs over to women even in World War II.

"By now there is no service unit which hasn't experienced the attitude and performance of women in uniform, and accepted them wholeheartedly," the colonel said.

Horace Walker Not Guilty Says Stephens Jury

It took a Stephens county jury just 45 minutes to return a verdict of not guilty, in the Horace Walker embezzlement case, tried in that court yesterday. The verdict was returned at 6:40 p.m.

Walker is a special Eastland County delinquent tax collector. The case was called for trial early this week, and almost two days was spent in the taking of testimony.

Key issue in the trial was whether Walker embezzled \$970 of a \$1,200 delinquent tax payment made in 1949 by I. J. Allen of Corpus Christi.

He faces four additional embezzlement indictments, a \$101,299 civil collection suit and a federal mail fraud indictment, all stemming from Eastland county during his five year stay there.

The case was tried in Breckenridge on a change of venue from Eastland county. Another case has been set for trial on December 3rd.

Virgil Goswick Leaves For Saudia, Arabia

Virgil Goswick left today for Dallas where he boarded an American Air Lines plane to New York. From there he will fly to Saudia Arabia, where he will be employed by the Arabian Oil Co. as a driller on a 100 National Rotary. His family will follow later.

C-82 Wreckage Found; All 36 Aboard Are Reported As Dead

LYON, France, Nov. 15 (UP) — Rescue teams found the twisted and burned-out wreckage of a U. S. Air Force Flying Boxcar half-buried in the snow on the slopes of Mount Dore today and reported all 36 servicemen aboard were dead.

The twin-engine C-82, which crashed two days ago on a routine flight from Frankfurt, Germany, to Bordeaux, France, crashed into the mountainside only 150 feet from the crest of the jagged peak.

The charred bodies of 34 of the 36 passengers and six crewmen were found in the fire-blackened wreckage of the plane. The body of another crew member, apparently thrown clear by the impact, was 45 feet from the plane.

**Nation Colleges Favor Cutting Sports Emphasis**

CHICAGO, Nov. 14 (UP)—The nation's colleges overwhelmingly favor drastic limitations on athletic practices to cut down emphasis on intercollegiate sports.

A United Press survey of district reports to the national collegiate athletic association's policy-making council showed wide agreement on all but two points of a 12-point program proposed last August to eliminate "intensifying emphasis upon athletics."

The two points on which there was disagreement called for abolition or limitation of off-season practices (football spring practices), and reconsideration of football's substitution rule, which makes possible the platoon system.

Even on spring football there was agreement that something must be done either to eliminate or restrict the practices.

On the free substitution rule, most schools favored reconsideration, which should result only in modification of the platoon system, than opposed it.

The council, it was announced today, will meet here Monday and Tuesday to discuss the district reports and agree upon a program to be presented to the N.C.A.A. convention in Cincinnati Jan. 9-12.

Other points in the program, on which there was nearly unanimous agreement, would limit the number of games, re-examine post-season games, possibly with the idea of banning bowl contests, insist on normal academic program for athletes, limit financial aid to athletes, deny eligibility to a student not admitted on regular entrance requirements, reduce recruiting, eliminate excessive entertainment of athletes, supervise the curriculum of athletes, demand adherence to the spirit of the rules, and make ineligible an athlete who enters in collusion to receive subsidies.

While the Lions were making yards against Kansas, even though losing, the Cowboys ran wild to pile up 574 yards against Texas Western, including 137 through the air on passes thrown by Bob Hart.

The Cowboys had their hard workouts of the week Tuesday and Wednesday night on the Parnassus stadium field. Woodson reports that he expects his squad to be in good physical condition, as there were no major injuries in the Texas Western game.

It is possible that Klosterman may receive one of his biggest tests of the season. Hardin-Simmons ranks fifth in forward pass defense and has allowed an average of only 76.5 yards in eight games. Last Friday night against Texas Western, Harold Barrett,

**Texas Tech To Meet Powerhouse Next Saturday**

Texas Tech's Red Raiders tackle one of the nation's football powerhouses when they meet the Tulsa University Golden Hurricane in Tulsa Saturday afternoon.

Rolling along at the top of the Missouri Valley Conference and headed toward a possible bowl bid, Tulsa has won six and lost one game. The Golden Hurricane ranks second in the nation in rushing and total offense.

Only direct comparison of scores gives Tulsa a 25-point margin over the inexperienced Raiders. Houston downed Tech 6-0, then fell before Tulsa 56-27.

Tulsa has also dominated over Hawaii, Marquette, Wichita, Oklahoma A&M, and Kansas State. Cincinnati defeated the Hurricane 47-35. Tech's victories have been over West Texas, Texas Christian, Arizona, and Texas Western. Losses have been to Texas A&M, Baylor and Houston.

DeWitt Weaver, Tech's new head coach, and assistant, Jack Mitchell, both were on the Tulsa staff last year, assisting J. O. (Buddy) Brothers. Incidentally, Brothers played for Tech in the '30s.

In seeking revenge for last season's 59-7 defeat, Tech will utilize the same type offense run by Tulsa—the split T.

Tied with Hardin-Simmons for the Border Conference lead, Tech meets New Mexico in Albuquerque Nov. 24 and Hardin-Simmons in Lubbock Dec. 1.

Riley Cross, Bill Murray, Chester Lysay and Sammy Walker all got into the act to intercept six passes bringing to 32 the total of enemy attempts which have backfired. The Cowboys are hoping for some measure of success in this department against the Lions.

**Hit 'n miss**

By DON NORRIS

There are four likely candidates for the halfback position that was vacated by Jimmie "Fambly" Mudge.

Seeking to carry on with the team are Eddie Wallace, Billy Don Browning, Gerald Bagwell, and Scott Farney.

Wallace has seen quite a bit of service this year with the team. He has shown he is willing to get in there and move with the ball when given half a chance. From all indications he will probably see service against Comanche.

Billy Don Browning another candidate for the position is a little smaller than Wallace and seems to run a little better in close quarters, but doesn't drive as hard as Eddie straight up the middle. He suffered a broken foot before the start of the season and has had some trouble with it up till now.

Gerald Bagwell is another likely man for the half slot. Gerald has seen plenty of action as an offensive half with the Bulldogs and has shown that he can hold down that position as well as anyone.

Scott Farney has done well this year in the limited playing he has had. Scott is a fourteen year old freshman, making up what he lacks in experience with determination to get the best of old man football.

Coach Warden said this morning he had made no decision as to who would take over the slot. He would play them all and see

who turned out the better. In some instances one of these boys could be better than another one.

The Bulldogs meet a good ball club here Friday night to end the season's conference play. Comanche looked as if it might be the district dark horse for awhile, but bowed to its second opponent.

There was some dissatisfaction after the Comanche Eastland game as the officiating and the manner in which the Comanche players conducted themselves on the field. If they were to come here with the intention of playing a tough game they have nothing to gain and all to lose.

The Bulldogs are smart enough to know they can't play dirty ball and score touchdowns at the same time. Good officials will stop any rough treatment in a game. Friday night the Ranger team will be playing to complete the season undefeated in conference play, not to see who can slug the most.

This game Friday night stacks up as a game to go see for the pure love of football, also to see two teams playing their best for

**Pacific Coast League To Get Higher Boost**

NEW YORK, Nov. 15 (UP)—Baseball commissioner Ford Frick's plan to raise the Pacific Coast League to a new status where it could prove its right to be a major league drew a mixed reception today from P.C.L. officials.

Generally, the coast league heads looked with favor on the proposal, but comments ranged from the "we are thankful" of league president Clarence Rowland to the description, "nothing that solves the problem," from owner Paul Pagan of the San

Francisco team.

The Frick plan, recommended by the major league's special committee on the Pacific coast league, calls for the creation of a new type of league higher than the P.C.L.'s current "triple-A" status but not quite a major league—to be called an "open classification."

## Science Tells Homemakers to Throw Cold Water on Coffee Complaints

No more zero hours at breakfast! The latest development to solve one of the family's weightier problems is a new cold water coffee extractor that makes completely bitter-free coffee, uniformly good, cup after cup. It speeds things up, too, for you extract a full pound of coffee at any convenient time, then in the meal-time rush you can prepare any amount of coffee in a moment.

It is all very simply done with this Filtron, a new three-piece glass appliance which takes just moments to set-up and use. You fill the top bowl with cold water, place a pound of your favorite coffee in the center bowl, and that's all there is to it! About nine hours later the bottom bowl is filled with approximately 48 ounces of pure coffee extract which stays fresh under normal refrigeration for months. For a cup of full flavored coffee just pour hot water over an ounce of the extract.

The cold water coffee extractor was created after scientific tests proved that the bitter elements in the coffee bean are far less soluble in cold water. Hence, making coffee with cold water brings out only the good, aromatic coffee flavor.

Filtration is a great help to budgets, too, for you use only as much coffee as you need when you need it. There are no partly-filled pots of stale coffee to throw away. No messy grounds to deal with every time you make coffee, either, for you only have to contend with grounds once for each pound of coffee.

Nice idea for a Christmas gift for harried wife, bachelor or career girl.

CHILDRESS, Nov. 15 (UP)—Attorney Sheffy Mahan, hired to reconfirm Children's city charter and statutes, is sleeping on his job these days.

Mahan told city fathers he would do most of the work at home, and asked permission to take the books away from the city hall.

"Certainly," councilmen said, "but you have to lock them in a fireproof safe at night."

## FARM NEWS

By MAC CROW, Ranger Junior College

Hog producers are warned to be on the alert for swine flu. The weather during this season of the year—warm days and cold nights—is favorable for flu development, says Dr. C. M. Patterson, Extension veterinarian of Texas A & M College.

Hogs should be protected from the elements. A well-bedded shed that is clean and properly ventilated is the best shelter for hogs at this season of the year. Better check to see that the hogs use the shelter you provide, because they will probably prefer to stay outside.

Swine flu says the veterinarian is seldom fatal, but the loss of flesh is mighty important. In addition to the losses on fat hogs, gilts that are being kept for brood sows may also be affected. Small, weak litters often result when the gilts have had a bad case of flu.

Whoever there is doubt about the diagnosis of sick hogs, call a veterinarian; for there is a chance the hogs might have a disease that would prove fatal. Hogs that have flu should be provided with a comfortable house that is free from drafts and should be fed on a light, slightly laxative diet.

Patterson says it's a good idea to check all hogs daily, especially those running in the field.

## Egypt Warns That It Will Continue Ouster Campaign

CAIRO, Egypt, Nov. 15 (UP)—Egypt defiantly warned Britain today it will proceed "without hesitation or delay" in its campaign to oust British forces from the Suez Canal zone and the Sudan.

At the same time, it announced missions will be sent abroad to purchase arms and line up foreign experts to build up Egypt's production of land and air weapons of war.

Premier Mustapha El Nahas Pasha unfolded his government's course of action to the opening of the new session of parliament. He spoke from the throne in the name of King Farouk.

"It would have been better for Britain if she had accepted the facts and decided for peace," he declared. "... but Britain preferred violence and brute force."

Nahas added that his government was hastening to carry out the last parliament's decision to junk the 1936 Anglo-Egyptian treaty permitting Britain in the Canal Zone and the Sudan. The program, he said, is proceeding along its charted course without hesitation or delay.

"My government is doing its utmost," he added, "to spread Egyptian and Arab culture all over the world. It has established an institute for Arabic studies in Algiers this year after having set up the Farouk El Awai Institute in Madrid last year."

Backing up the Premier's warning to Britain, the government for the first time began organizing "underground" liberation battalions to drive the British from the Canal Zone.

Prompt and proper attention for the sick animals is a must for all farm animals if they are to produce maximum returns for their owners.

## Farmer Hopes Hunters Will Hold Their Fire

RENNVILLE, Minn., Nov. 15 (UP)—A Reville County farmer said today he will put a red shirt on his pet fawn when the deer hunting season opens Saturday, "and I hope hunters will see it and hold their fire."

Gene Schmidt found the fawn last spring. He said his wife fed her warm milk from a baby bottle to keep her alive. They named her Sally.

He said he keeps the fawn in a stable at night, but lets her run during the morning and evening. He ties her up during the day.

"Sally means a lot to us," Schmidt said. And apparently Sally means a lot to someone else.

Schmidt said she's got a boy friend now—a young buck who started courting her a few days ago.

## Turkey Calling Contest To Be This Weekend

YELLEVILLE, Ark. Nov. 15 (UP)—Wild turkey hunters from 30 states will crowd Yelville this weekend to enter the 1951 world's championship turkey calling contest.

More than 10,000 visitors are expected by the town's American Legion Post, which will sponsor the sixth annual celebration.

A turkey shoot and a huge "turkey trot" victory dance will feature this year's festival, which is dedicated to the conservation and restoration of wild turkey flocks in the United States.

### Baptist Workers' Conference At Olden, Tuesday, Well Attended

A Baptist Workers' Conference held in Olden Tuesday of this week, proved to be one of the best meetings of its kind, for several months. Attendance was good the program was excellent and ladies of the Olden church, of which Rev. Alfred Nelson is pastor, served a noon-day luncheon to 224 visiting guests. The luncheon was held in the high school gymnasium.

Theme for the day was "Our Baptist Benevolence Work in Texas."

The meeting was called to order at 10 a.m. Following the song service, scripture reading and prayer, Dr. E. M. Collier of Hendrick's Memorial hospital in Abilene, discussed "Hospitals." His address was educational and very instructive.

At 10:40 a.m. Rev. Vernon Shaw brought an address which described this branch of work. Rev. E. J. Gregory discussed the Mexican Baptist Orphan's Home.

A representative from the Buckner home made a general report concerning that institution.

At 11:45 Rev. C. Melvin Rathael, pastor of the First Baptist church, Eastland, delivered the sermon. At 12:15 lunch was served.

During the afternoon the WMU had a special program and board meeting. Ministerial relief was discussed by G. W. Adams. Following a business session the meeting adjourned.

### First Baptist Choir Practice Is Scheduled

The choir practice of the First Baptist church will be held at 6:30 Thursday evening in the main auditorium of the church according to Bruce Harris, president.

The choir voted to have their

### Crime Increasing In Rural Areas

TERRELL, Nov. 15 (UP)—Fred Meridith, chairman of the legislature's State Crime Committee, said here yesterday that early committee hearings indicated juvenile delinquency was increasing in rural villages and small towns in Texas, rather than big cities.

"I was agreeably surprised to learn the sale of narcotics to juveniles was not as great a problem as we had thought it to be in large cities," Meridith said.

He pointed out that State Public Safety Director Homer Garrison had estimated a 20 per cent increase in crime over the state, and said when crime increases juvenile crimes also rise.

Since there is only a small increase in juvenile difficulty in the larger centers, he continued, it seems logical that the increase must come in the smaller areas.

Meridith said further meetings of his committee will be held in order to give "insight on any legislative measures that we might recommend to the legislature."

practice on Thursday evenings until after the holiday music has been presented.

### NEWS FROM CHEANEY

Mrs. Bill Tucker  
Drilling has already started on the Henry Perrin farm near Cheaney. Reports say they will drill to the Strawn sand on this lease. Some other leasing has been done quite recently in this neighborhood.

Farmers are very busy getting their frosted hay into bales, with very few peanuts for combining. Cover crops are going into the ground in a hurry, some which are already up and making substantial growth. Cotton fields are also being gathered out these pretty days.

Mrs. Eva Underwood has been suffering an attack of rheumatism these past few days. She's such a lovable character and has borne her lost eyesight like a good soldier for two years or more. Let's hope that rheumatism will just fade away this beautiful sunshiny weather.

Mrs. Zelia Perrin continues to be seriously ill (with an uncurable malady) at the Ranger General Hospital. Her daughter Mrs. Leona Young of Sweetwater has been here at her bedside.

Charles Neger of Snyder and Junior Love of Sweetwater, were both home for the week-end with their parents, the Herman Negers and Arthur Love's.

Mr. and Mrs. Ray Gillispie and family of Goodlet, Texas, were visitors at the Cheaney Bible Study, Sunday morning. They were here visiting their parents, Mr. and Mrs. Joe Butler.

Other visitors recently in the Butler home were their other children, Mrs. Goldi Compton and her family from Weatherford; and Mr. and Mrs. G. Y. Gillespie and their children from Dallas. They all enjoyed a birthday dinner with their father on Sunday November 4th.

Mr. and Mrs. John Love made a trip to the Pioneer Community Sunday afternoon.

Mr. and Mrs. Joe Hudson of Rochester were Sunday attendants at Alameda Church Services, visiting with neighbors and friends and having dinner with her parents, Mr. and Mrs. Leo Huddleston of Salem.

Mr. and Mrs. Will Melton of Coolidge are visiting here this week with his brother William Melton and Mrs. Melton.

Other folk here the past week end have been Mr. and Mrs. Luther Melton of Levelland.

### Police Of Two Counties Hunt Escaped Robber

SEAGOVILLE, Nov. 15 (UP)—Squads of police from two counties and the State Highway Patrol searched a three-square-mile pasture near here today for an escaped robber who hates Safeway grocery stores.

Ernest George Bland, who escaped from a Terrell jail last night, was to have gone on trial this afternoon for robbing one of the chain's groceries.

Dallas County detectives C. L. Lewis and Pat McEntee stopped a car which resembled Bland's getaway automobile near Seagoville late last night. They turned a spotlight on the vehicle and the driver jumped out and ran for the pasture.

Kaufman County police and Terrell officers joined the hunt this morning along with several more squads from Dallas.

Bland told police last year that he "hated" the Safeway chain because a store manager had reported his theft of a package of chewing gum to his mother. He had escaped from the penitentiary at that time while serving a term for robbery of several other stores belonging to the Safeway organization.

The United States is dependent in whole or in part on the importation of four essential drug materials: cinchona bark, ergot, opium, and radium salts.

### Girl Plunges To Her Death From Circus High Wire

BALTIMORE, MD., Nov. 15 (UP)—Fretty Evy Trostl plunged 60 feet to her death from a high wire last night, only a few days before she was to have left her family's daring circus act and gone back to high school.

The 17-year-old beauty, youngest member of the "Great Artistic" acrobatic trio, lost her balance at the climax of her solo Spanish dance on a 3-8 inch cable.

The Shrine Circus audience of

7,500 and the girl's father and cousin, who were on one of the high wire platforms, watched in horror as Evy hurtled to the sawdust-covered floor.

Arturo Trostl, Evy's father and head of the troupe, slid down a rope and ran to the girl's crumpled body.

"I can't breath, daddy," Evy screamed. "Help me. It hurts."

Trostl and the girl's cousin, Eric, gave the victim first aid until an ambulance took her to Maryland General hospital. However, she lapsed into unconsciousness and died about half an hour later. Her father collapsed at the bedside, but refused to be admitted to the hospital.

The audience, including 5,000 women and children, was quiet for a moment after the tragedy. Then the crowd began to moan and scream. Two small girls had hysterics.

The sea unicorn or narwal gets its name from its long, spiral and tapered tusk that sometimes protruded from the upper jaw for 10 feet.
