

83RD YEAR

RANGER, TEXAS, TUESDAY, DECEMBER 4, 1951

PRICE FIVE CENTS No. 157

SEEN OR HEARD

For a small sum the members of the Ranger High School Band will give you the opportunity to take home a very tasty homemade cake Thursday night.

On that date at 6:30 p.m. the band will have a cake walk in front of the Gholson Hotel. There is one more thing—as an added bonus free ticket to the midnight show, Friday night, at the Arcadia Theatre.

You housewives can save your weary back from enduring another season in baking if you'll come on down Thursday and get in there and win yourself a cake.

The doctors took another look at Charles Massege's busted leg yesterday and said he'll be as fit as a fiddle when football time rolls around next fall.

He and Bill Brazda will watch their teammates "sweat" in spring training, but they'll be ready to go come fall.

The first double-header for the High School teams will be played here tonight at 7:30 against Carbon.

Mrs. Ellis Cooper, who lives about 3 1/2 miles northwest of Ranger on the Wayland Road was in the Times office this morning advertising her pecans for sale.

She said they will make about 1000 pounds from the 65 trees they have in their orchard. They have five different varieties of the paper shell pecan this year.

Mrs. Cooper said the oldest of the trees are about twenty-five years old. They vary on down in age to some that are quite young. The orchard came about by the process of planting a few native pecan trees each year and the budding of the paper shell stock onto native stock.

As to damage of the crop this year she said the crows were their worst threat to loss of the crop. The orchard had to be watched "nearly all the time to keep them from getting the whole crop."

Walker Trial Is Again Postponed

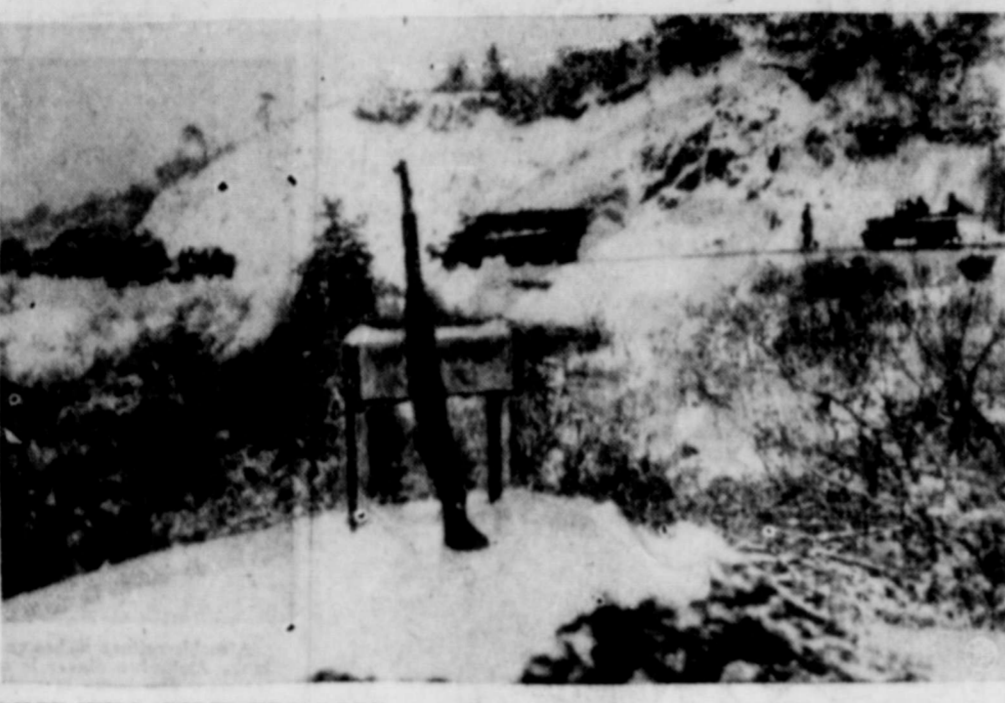

Trial of Horace Walker, former collector of delinquent taxes in Eastland county, was postponed by District Judge Floyd Jones at Breckenridge, Monday. Walker was found not guilty in a similar trial some two weeks ago. He faces three additional cases in State courts and one in Federal court, all stemming from alleged embezzlement charges in Eastland. The Federal charge has to do with using the mails to defraud. Absence of witnesses caused postponement, it is said.

Ranger Resident Dies While On Visit In Ohio

Mrs. Cara Alioe Hazard, of 1301 Oddie Street, Ranger, died Saturday, December 1, in Sidney, Ohio, while visiting her daughter, Mrs. Clyde George. She had lived in or around Ranger her entire life. She is survived by two sons T. W. Hazard of San Jose, Calif., and George Hazard of Ranger; and a daughter in Sidney, Ohio, Mrs. George. Arrangements are pending arrival of the deceased from Ohio.

ALLEY OOP SEZ: SHOPPING DAYS TO CHRISTMAS

Well hath no fury like a woman who knows that you have not yet bought her Christmas gift. Don't get left out in the cold like Alley Oop. Shop now! Also, it is only 2 more days until the Ranger merchants have their first pre-Christmas bargain days—Friday and Saturday, Dec. 7-8. For Good Used Cars (Trade-In on the New Olds) DeBorne Motor Company, Eastland

TRUCE WILL COME TOO LATE—A rifle on a snow-covered mound marks the temporary grave of a UN soldier killed in battle in Korea. For him the cease-fire is already in effect, but any truce will come too late. On the road, winding past the spot, a UN convoy moves up to the front. (NEA Telephoto).

Mail Early, Address Properly And Wrap Securely, All Letters, Cards Packages Intended For Christmas

Once again the post office department is faced with the problem of Christmas mails—probably the heaviest in the history of the department. If patrons will cooperate fully it will mean better service for them and a great help to the department. Below are a few suggestions, which if followed, will aid materially in handling the heavy mails: I. Shop early. Pack articles carefully and tightly in strong durable containers. Wrap and tie packages securely with good quality paper and cord, but do not seal them unless name and address of sender are shown together with a printed parcel post label reading, "Contents, Merchandise—Postmaster: This parcel may be opened for postal inspection if necessary," as sealed parcels not so labeled are subject to letter rate of postage. To encourage early mailing senders are permitted to mark parcels "Please Do Not Open Until Christmas."

II. GREETING CARDS: Send Christmas cards as first class mail to obtain the following advantages: they may be sealed; they are dispatched and delivered first; forwarded if necessary, without additional cost; and if undeliverable, returned at no further expense to the mailer provided the sender's return address is shown on the envelope; they may contain written messages. UNSEALED Christmas cards sent as third class mail without unauthorized writing enclosed are chargeable with 2 cents postage if weight does not exceed 2 ounces. However, cards paid at this rate may not be sealed, cannot obtain a written message, cannot be forwarded or returned, and are treated as circulars.

Connally Denies He Had Part In Moving Camp

BROWNWOOD, Dec. 4 (UP)—Sen. Tom Connally, veteran democratic party leader and chairman of the powerful Senate Foreign Relations Committee, struck back last night at "slanders" he said were circulating about his part in the reactivation of Camp Bowie, an Army post near here. Connally, Texas' senior senator, said certain unnamed persons have spread rumors that "I had a hand in moving part of Camp Bowie to Fort Hood because Mrs. Connally and I own land near Fort Hood."

"I want to make a categorical denial of these slanders," he said. Connally made his denial in a departure from a prepared speech at a county-wide banquet in his honor.

He said he did take part in negotiations for reactivation of the base, but he vehemently disclaimed any personal motive in the transfer of equipment and personnel to Fort Hood, near Temple, Tex.

"I don't own a foot of land near Fort Hood and Mrs. Connally not an inch," he said. In his prepared speech, Connally repeated earlier warnings that the United States must prepare for any eventuality, but said there is little danger of war with Russia.

Members Work On New Hope Baptist Church

Having outgrown their original quarters the members of the New Hope Baptist church No. 3 are contributing their time, money and labor, when they can spare it, to do something about it.

An extensive project is underway at the church. A new addition has been united with the original building, a new roof is planned for both the old and new sections of the church, the side of the building will be covered with composition siding, and the interior of the recently purchased addition is to be remodeled.

Pastor Bill Hogue said his church has approximately 75 members, and both the men and women of the congregation have helped in the actual labor of adding the addition, and the remodeling.

Some \$2,500 has been spent in the acquisition of the former Caddo Church of Christ building that will be the new addition to the New Hope Baptist church. The new addition will be used as an auditorium and the original structure will be partitioned off and used as Sunday School rooms.

Other than the hiring of a carpenter to help with the joining of the roofs of the two buildings, all the work has been done by the pastor and the men and women of the church.

Zela Perrin Passes Away

Mrs. Zela M. Perrin of Route 1, Ranger, passed away in a Ranger hospital this morning.

She was born in Eastland County, August 4, 1899, and has been a resident of this area all her life, and was a member of the First Methodist Church of Desdemona. She is survived by one son, Therrin Perrin of Odessa; two daughters, Leona Young and Evelyn McElbroom both of Odessa; two brothers of Hobbs, New Mexico, J. O. and S. O. Sparger, and one brother, M. W. Sparger of Ft. Worth; she is also survived by a sister, Ranger, Mrs. Clara Ivy and three grandchildren.

Funeral services will be at the Morris Funeral Chapel Wednesday afternoon at 2:00 o'clock, with interment in the Alameda Cemetery. Morris Funeral Home will be in charge of arrangements.

Training Course For Firemen To Be Held Here

A field instructor from Texas A&M College will be in Ranger Wednesday and Friday evenings to hold a fire training course at the Ranger Fire Department. The instructor is with the fire fighting school of the college.

The training periods will be held at 7:30 p.m. each Wednesday and Friday of this week. Fire Chief Isbell said this morning all volunteer firemen here are urged to attend these training courses that will be offered to them this week. Other courses will be given to the fire departments of Cisco and Eastland in connection with the ones here in Ranger.

UN Marines Strike 125 Miles Behind Red Lines

Eastland Area Enlistments In Armed Service

M-Sgt. Frank E. Lockman, local Recruiting Officer for the U. S. Army and U. S. Air Force, announced today that nineteen men from this area were forwarded to Ablett, Main Station for processing and enlistment into either the U. S. Army or U. S. Air Force.

They are as follows: Darwin C. Bostick, Rising Star, US Army Ft. Sill, Okla.; Max Lasater, Eastland, US Air Force, San Antonio; E. G. Hendegson, Eastland, US Air Force, San Antonio; Robert Atchison, Gorman, US Air Force, San Antonio; Billy Shelton, Ranger, US Air Force, San Antonio; John Monk, Cisco, US Air Force, San Antonio; Charles Warren, Cisco, US Air Force, San Antonio; Billy Williams, Cisco, US Air Force, San Angelo; Harold Ellis, Eastland, US Air Force, San Antonio.

Owen Gatewood, Eastland, US Air Force, San Antonio; Lee Roy Ails, Breckenridge, US Air Force, San Antonio; Billy Ray Altman, Breckenridge, US Air Force, San Antonio; Rama Doyere Ott, Strawn, US Air Force, San Antonio; Lewis Dunn (Colored) Ranger, US Air Force, San Antonio; Gale Hallmark, Dublin, US Air Force, San Antonio; Travis Hallmark, Dublin, US Air Force, San Antonio; Joe F. Reeder, Eastland, US Army, Ft. Sill, Okla.; Bobby Rector, Breckenridge, US Army, Ft. Sill, Okla.; Alvin Gressett, Cisco, US Army, Ft. Sill, Okla.

Sgt. Lockman, also stated that Air Force enlistments are limited to four a day for the month of December and that all men who have either received notice for a pre-induction or have taken their pre-induction may enlist in the US Army or US Air Force until 31 December.

Mexican Coffee Supply Larger Than Last Year

Official reports received by the National Coffee Association indicate that Mexico will produce a record coffee crop in 1951-52. The total is expected to be 1,200,000 bags of 132 pounds each which is about 10% above last year's returns. Since the high prices paid for coffee since late 1949 have reduced consumption in Mexico itself to a very considerable degree it is expected that a fall 192,000,000 pounds will be available to the United States market.

Better harvesting methods and increased planting resulting from good prices are accounted as reasons for the increased output which is expected to show further improvement in successive crops. Mexican coffee is highly regarded in the United States for its good flavor and characteristics.

Traffic Confuses Ex-Prisoner After 26 Years In Jail

DETROIT, Mich., Dec. 4 (UP)—Vance Hardy would have started his 27th year in prison today if he hadn't won his freedom in a new trial.

Hardy, now 56, was taken to Southern Michigan Prison exactly 26 years ago to serve a life term for murder in the slaying of a bootleg saloon operator. He walked out of prison a free man yesterday because his sister, Mrs. Gladys Barrett, saved \$3,000 by scrubbing floors, washing dishes and working in a factory to plead his case and prove his innocence.

Hardy's first look at Detroit's downtown traffic prompted the remark that "this is the most confusing thing I've ever seen." "I didn't know there were so many cars," he said. "I don't know whether I'll live to enjoy my freedom if I try to cross the street."

Sixteen vessels aggregating 77,855 tons were launched in the new Japan during the period Aug. 21-Sept. 20.

Third Well Being Drilled On J. L. Eddleman Place

"They're sure ruining a lot of good farming land," is what Mr. J. L. Eddleman of the Lacasa community has to say about the small oil boom going on around and on his property.

The third well is down now on the Eddleman place and two others have been completed. The two completions have both been producers making about 25 barrels per day.

Right now another well is drilling just across the fence from the Eddleman No. 3 on the Neumann place and two other wells have been brought in in that general vicinity.

The wells on the Eddleman place are on the T&P Survey, Block 6, Tract 44, about 13 miles north of Ranger in Stephens County.

All the producers in this vicinity are shallow wells, hitting the sand at about 2000 feet, most of them being drilled with cable tools.

"Gimmicks" Show Up In Reds Truce Proposal Plans

PANMUNJOM, Korea, Dec. 4 (UP)—The Communists demanded today that the U. S. stop its troop rotation program in Korea during an armistice and insisted on their own right to build airfields during a truce.

The Reds offered to let the present American troops in Korea go to Japan temporarily on "rest and relaxation" leaves, but banned their replacement by fresh soldiers.

Communist truce delegates went into details of their proposals for a total arms and troop freeze with "neutral" inspection at a meeting of a subcommittee, to which the full truce teams entrusted the Red program.

The "gimmicks" in the enemy proposals became clearer as the Communists gave nine answers to the 21 questions posed by the allies yesterday.

Seeing further clarification, the two UN representatives on the subcommittee gave the Reds a new series of questions just before the meeting adjourned for the day.

A Communist liaison officer will deliver the answers in writing to an allied officer at Panmunjom at 11 a.m. Wednesday (9 p.m. today EST). The allies will study them and go to the subcommittee meeting at 1 p.m. (11 p.m. today EST) prepared to discuss them.

The chief executives over creating a special general unit to combat discrimination in factories and plants doing business with the government was accepted among members of his staff as further evidence that Mr. Truman has no intention retreating from the Far Deal in the 1952 political war.

The White House staff and the president were so unconcerned about the southern storm kicked up by the executive order that no messages of reaction were relayed from Washington.

"If any messages have come in to the White House in Washington I suppose we will hear about it in due time," one staff member said.

MARINES CUT VITAL CONTACT OF REDS WITH RUSSIAN PORT

By WARREN P. FRANKLIN United Press Staff Correspondent 8th ARMY HEADQUARTERS, KOREA, Dec. 4 (UP)—U.S. and British Marines cut North Korea's main link with Vladivostok at least temporarily Sunday night in a daring raid 125 miles behind enemy lines, the Navy disclosed today.

The fighting Leathernecks waded ashore under a hail of Communist machine-gun fire and grenades near Tanchon, 20 miles south of Songjin and 155 miles from the Soviet Siberian frontier.

They blasted railway lines and a railway tunnel on the main east coast line over which pass supplies from Manchuria and the big Soviet base of Vladivostok. The raiders left "a wake of Communist dead" behind them, the Navy said.

The Navy also confirmed that 1,600 Communist troops two nights earlier had recaptured three small islands off the mouth of the Yalu River and only 30 to 35 miles from the Manchurian frontier on the opposite side of Korea.

Some of the South Korean garrison escaped in junk, but the rest were believed captured by the Communists, who swarmed ashore from a ragtag invasion fleet.

More Increases Granted By The Government

WASHINGTON, Dec. 4 (UP)—Employers got government permission today to grant wage increases to correct intra-plant inequities in pay scales.

The wage stabilization board employers could make pay scale adjustments without special board approval if they are made within these limitations:

1. An employer changing the entire rate structure in a plant must limit the increase to one percent in the overall level of rates or to a three percent increase in the payroll.

2. To change individual job ratings, the adjustment must not affect more than 30 percent of the employees. The increase also is limited to one percent of the plant payroll and 10 cents an hour in an employee's wages.

3. In fixing bottom and top rates for a particular job, the company must have a spread of not less than five percent and not more than 35 percent, with overall average not to exceed 25 percent.

Truman Shows No Concern Over Protest To Civil Rights Action

KEY WEST, Fla., Dec. 4 (UP)—President Truman watched today with no trace of concern the gathering storm of southern protest over his latest move to put his Civil Rights program into action.

Mr. Truman's attitude seemed to be—if the south wants to scrap about Civil Rights, let them do it.

The chief executives over creating a special general unit to combat discrimination in factories and plants doing business with the government was accepted among members of his staff as further evidence that Mr. Truman has no intention retreating from the Far Deal in the 1952 political war.

The White House staff and the president were so unconcerned about the southern storm kicked up by the executive order that no messages of reaction were relayed from Washington.

His latest action set up the machinery to make it tougher on contractors and sub-contractors who follow discriminatory policies.

The statement by Sen. Walter F. George (D-Ga.), Chairman of the Senate Finance Committee, that he would oppose the president for the Democratic nomination next year caused no ripples on Truman beach. The president would like to have George's cooperation on administration tax policy but since George is so unalterably opposed to the spending policies of Mr. Truman, the staff around the president could see no loss or gain in George's latest position.

Some members of the president's staff said George was wrong in regarding establishment of the committee on government contract compliance as evidence that Mr. Truman will run again.

"He would have issued this order whether he plans to run again or not," one staff member said.

Mr. Truman still has not confined in any member of his staff what he will do in 1952. Some members of his staff are just as convinced that he will run again as some are sure he will retire to Independence, Mo., next year.

of canoes, canvas boats sampans and towed barges. The Communist claimed to have killed or wounded 400 UN troops in taking the islands.

On the main Korean fighting front, the only activity reported by the 8th Army was three Communist squad-sized probing attacks. A communique said all three—two southwest of Kum-song on the central front and one northwest of Punchow Valley in the east—were repulsed.

Temperatures plunged close to zero at the eastern end of the 145-mile front, but were higher in the west.

Four unidentified planes swept high over Seoul Monday and it was not determined immediately whether they were Communist or allied. They were sighted after another unidentified aircraft bomb and strafed U. S. troops on the western front earlier in the day.

Forty-four American Sabrejet fighters clashed with about 100 Mig-15 jets in two separate dog-fights over northwest Korea and damaged one of the Russian-built planes.

It was the ninth straight day of jet air combat over "Mig Alley." In the last five days alone, 18 enemy planes have been destroyed and 15 damaged.

The Navy reported that American and British Marines made their hit-run landing on the northeast Korean coast Sunday night under protective fire from the destroyer U.S.S. Tingey and high speed transport U.S.S. Horace A. Bass.

The Marines struck under cover of a moonlight night, but the Communists spotted them on the mirror-like surface of the Japan Sea and opened up with machine-guns.

The allies knifed through resistance, blasted communications lines off reembarmed with only two wounded, a communique said. The assault force was commanded by Lt. Col. Ferris N. Grant of London.

Communist recapture of two of three islands held by the South Koreans off the northwest corner of Korea first was reported by the Red radio at Pyongyang Monday.

The Navy confirmed some 12 hours later that the Communists had recaptured not only Taehwa and Yo-I, but also Soхва. The South Korean Garrison had used the islands as bases from which to raid mainland and spy out Communist troop movements along the northwest coast from Manchuria.

The British destroyer Cockade sped to the Taehwa area at first report of the Communist attack and sank at least two troop-laden junks. Some of the South Korean garrison escaped in 14 junks while Red troops were closing in from the northwest and northeast beaches. The rest of the South Koreans were quickly surrounded and captured.

The British cruiser Ceylon, two destroyers and Marine Corsairs from the aircraft carrier Rendova covered the evacuation.

The Canadian destroyer Athabaskan returned to the island Saturday night and searched close shore. They observed large fires and explosions on the island, but found no more South Koreans.

THE WEATHER

By United Press EAST & SOUTH CENTRAL TEXAS—Partly cloudy this afternoon, tonight and Wednesday. No important temperature changes. Moderate southeast to south winds on the coast, becoming fresh Wednesday. NORTH CENTRAL TEXAS—Partly cloudy this afternoon, tonight and Wednesday. No important temperature changes. WEST TEXAS—Partly cloudy this afternoon, tonight and Wednesday. Cooler in the Panhandle, South Plains and El Paso areas late tonight. Ride The "ROCKET" And Save Osborne Motor Company, Eastland

**START THE DAY WITH A PRAYER**—Factory workers at the Gerber Plumbing and Fixture Company, Plymouth, Ind., hold a 25-minute chapel service in the firm's shipping department before beginning their day's work. The religious service is a daily custom inaugurated by the boss for the plant's 100 employees. Services are usually conducted by the Rev. Ernest Armstrong, a Presbyterian pastor.

**Odessans Clean Up Town To Halt Polio Epidemic**

ODESSA, Dec. 4 (UP)—Odessans put away their brooms and pitchforks today and prayed that they had swept away the polio virus which has struck down 49 of their fellow townsmen and claimed nine lives since Nov. 1. Business almost came to a halt yesterday while nearly every citizen grabbed his cleaning gear and went to work. At least 15 businesses in the town of 30,000 people closed completely, while most others were manned by skeleton crews.

Officials pronounced the clean-up a rousing success, but the specter of disease remained. Another polio victim was admitted to Medical Center hospital while the campaign was going on. The year's total jumped to 61 cases.

"I think it was a big success," said county sanitation officer R. M. Williams. "We're not going to stop, either. It's such a good idea that we're planning to have one every year."

The mayor, Dr. C. W. McCollum, put on his work clothes and pitched in, too. "It was great," he said. "People cooperated just wonderfully."

More than 2,500 carloads of debris had been dumped, burned or buried by the time work stopped shortly after dark, the mayor said.

Police captain J. J. Wise said the finishing touches would be put on the job today. "I think it helped a lot," he said. "The town looks cleaner than it has in years."

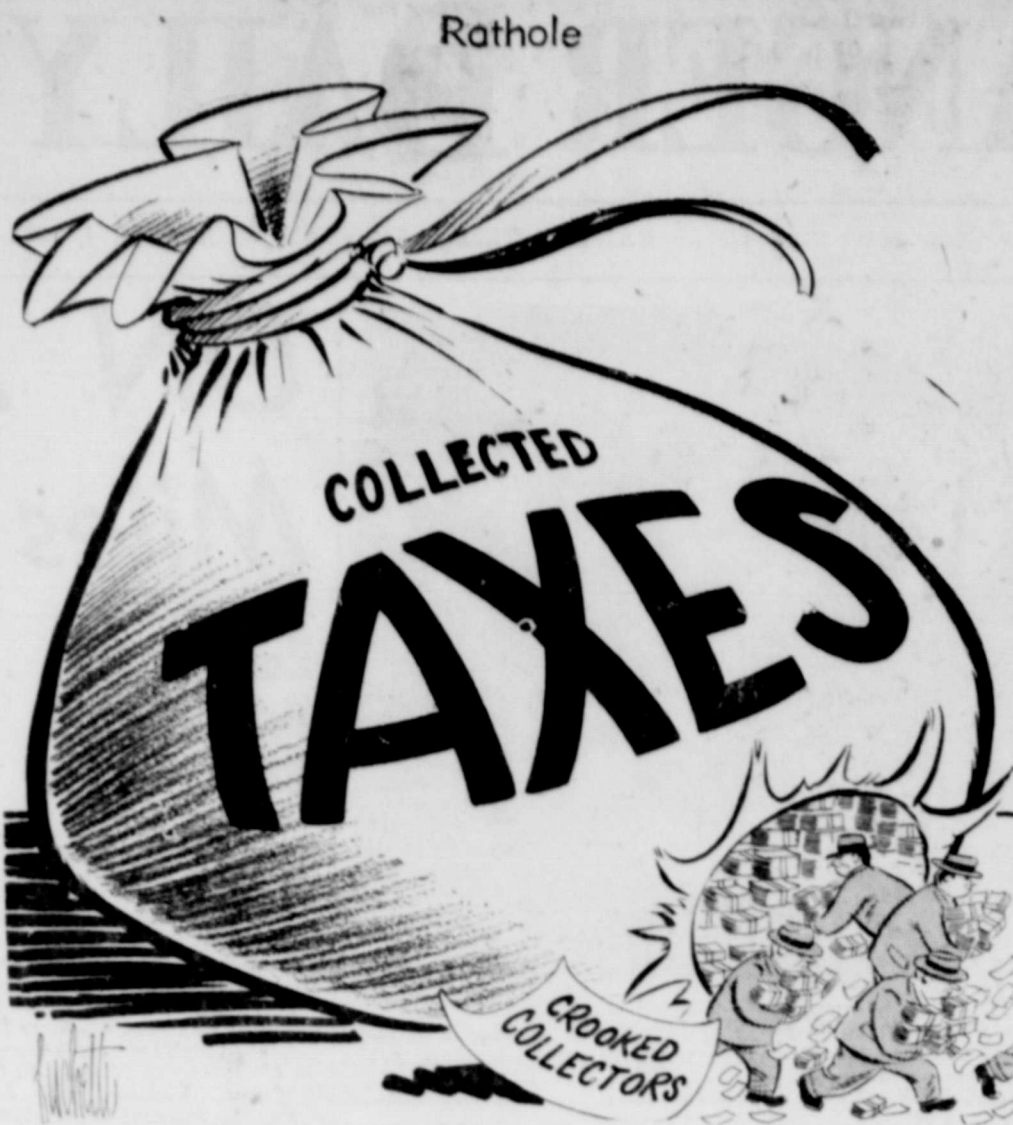

City officials were not certain the cleanup actually would bring a letup in the polio epidemic, but the town at least was clean.

**Microscopic Bugs Appear On TV**

NEW YORK (UP)—Thousands of New Yorkers are watching with great delight the antics of some microscopic animals called paramecia as they cavort on television.

They are magnified 2,000 times to a length of three inches and appear on two big video screens at the RCA exhibition hall.

The bugs, too small to be seen by the naked eye, perform on the stage of an instrument called a television microscope. The device operates by means of a small television camera placed over the microscope eyepiece.

**Dedication Ends For New Baylor Library Monday**

WACO, Dec. 4 (UP)—Two-day ceremonies dedicating the Armstrong-Browning Library ended here yesterday on the Baylor University campus.

The \$2,000,000 structure is named for 19th Century English poet Robert Browning and for Dr. A. J. Armstrong, 78-year-old Baylor professor of English.

It contains what is probably the world's largest collection of Browning's first editions, manuscripts and personal effects gathered by Dr. Armstrong the past 40 years. The drive for funds for the library was spearheaded by Dr. Armstrong. He was one of seven persons awarded honorary doctor of laws degrees by the university at the dedication.

**Rent Controls Out In Temple**

TEMPLE, Dec. 4 (UP)—Rent controls in the city of Temple were abolished last night by the city council.

Eighty-one opponents of controls attended the session. None of those who were present favored the regulations.

All of Bell and Coryell counties and two precincts in Williamson county remain under controls. The rules were put into effect Oct. 23 on the basis of rent charged July 1, 1950, after the area was declared critical because of nearby military installations.

School books are laid aside for functional instruction at the Scottish Rite Hospital for Crippled Children in Dallas in helping the kids adjust to normal, well-rounded lives. Participating in the occupational therapy classes are Travis Lacey, seven years old, who is learning to lace his shoes on an artificial form; Betty Berry, also seven years old, practicing the manipulation of buttons, snaps and bows by means of a button-board doll; and fourteen-year-old Marie Mills, who is learning to handle her table utensils. The children are supervised by Occupational Therapist Dorothy Spearman.

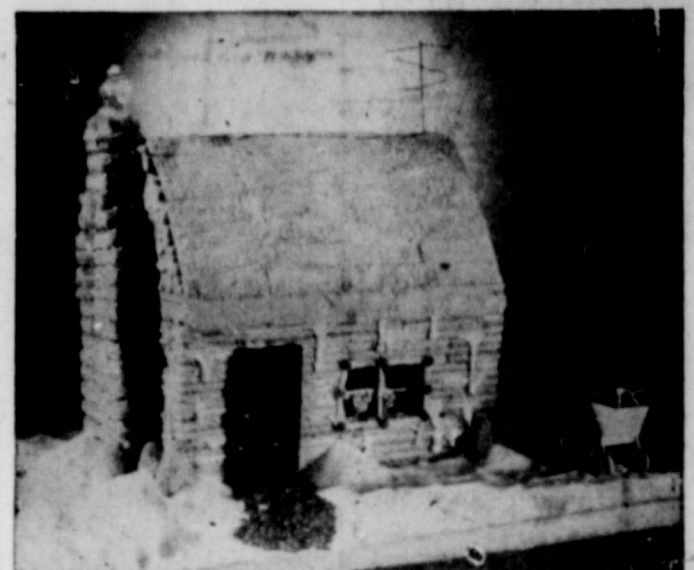

**Shivers Makes 2 Appointments**

AUSTIN, Dec. 4 (UP)—Tom C. C. O'Neil, Amarillo, was named Canadian River Compact Commissioner and Henry L. Woodworth, Orange, was appointed Interstate Compact Commissioner yesterday by Gov. Allan Shivers.

The post of Canadian River Compact Commissioner was created by the 52nd Legislature and the other had been vacant since resignation of E. V. Shouse last year.

**'AN INDIAN SUMMER COMES AT LAST'**

INDIAN SUMMER — SOFT, SUNNY DAYS OF LATE FALL, WITH AN APRIL MILDNESS IN THE AIR.

AS WE PREPARE FOR THE AUTUMN OF OUR LIVES, WE IN AMERICA, ARE CONSTANTLY STRIVING THROUGH THE CULTIVATION OF CULTURAL AND MORE ACTIVE INTERESTS, AND THROUGH ATTENTION TO HEALTH, TO PROVIDE GREATER SATISFACTIONS FOR OUR YEARS OF RETIREMENT.

WITH FORESIGHT AND THRIFT, WE CAN, THROUGH LIFE INSURANCE AND SAVINGS, CREATE THE FINANCIAL MEANS TO ASSURE THOSE SATISFACTIONS, GIVING AN 'INDIAN SUMMER' QUALITY TO OUR LATER DAYS.

**SAVINGS GOING UP**—At the rate Americans are saving, 1951 may be the biggest year since 1947 for "liquid" savings. Newschart above shows the amount of money put into banks, bonds, insurance and other savings since 1941. Security Exchange officials say the rise is due to consumer good scarcities and credit control restraints which make it more difficult to spend money.

J., also seems happy as they look at the baby who is in incubator in New York. (NEA Telephoto).

**116 Killed Or Wounded In New Canal Zone Riot**

CAIRO, Dec. 4 (UP)—Egyptian police fired over the heads of rioting citizens here today and the government proclaimed a state of national emergency after British-Egyptian clashes in the Canal Zone yesterday in which 116 persons were killed or wounded.

More than 5,000 university students, led by their professors, surged through the streets demanding arms to fight the British and yelling "blood for blood" and "Egypt will avenge her martyrs."

Two thousand students massed outside parliament and nearby government departments, shouting "we want arms."

Police fired over their heads to keep them out of the Khedive Ismail Square in the heart of the city.

Other police fired over the heads of 3,000 students, some of whom shot pistol bullets into the air, who paraded in military formation at Foad El-Awal University, shouting against the British.

There was a brief flare of trouble before dawn today at Ismailia, in the Canal Zone, when terrorists covered by sniper fire threw a bomb at a British gas station in the suburbs. The bomb did no damage and there were no casualties.

Latest announcements of casualties in yesterday's bloody clashes in the Suez Canal Zone gave a total of 30 killed and 86 wounded. The breakdown according to official Egyptian and British figures was: Killed, 19 Egyptians and 11 British Commonwealth troops; Wounded, 78

**Arcadia Gets Famous Stage Play Today**

**KIM HUNTER** is embraced by **MARLON BRANDO** in the scene from Warner Bros' "A STREETCAR NAMED DESIRE."

Egyptians and 8 British Commonwealth personnel.

Anti-British student demonstrations spread through Egypt.

The Cairo demonstrators also shouted anti-government slogans. They charged the government had remained "inactive" in face of aggression by British troops.

In Alexandria, hundreds of students swarmed through the streets, shouting, "we want revenge. Give us arms. Let's drive the British into the sea."

Official Egyptian figures on

casualties in three skirmishes in Suez yesterday were 19 Egyptian dead, including three policemen and one woman, and 78 wounded, including 13 policemen.

British official casualties were listed at seven killed and two missing and believed dead.

In Suez, British troops in Bren Gun Carriers guarded strategic points after the heaviest fighting in the two-month-old Suez Canal Zone crisis.

Both Egyptian and British officials were investigating yesterday's clashes, trying to fix responsibility. It was believed casualty figures would be revised after a final check of the Suez suburban area. The city was a quiet today, although sporadic sniping and other gunfire were heard during the night.

**DC-3 Cargo Plane Crashes Near Denver, Colorado**

DENVER, Colo., Dec. 4 (UP)—A United Air Lines DC-3 cargo plane crashed in a field seven miles northeast of here today and police said at least three persons aboard the plane were killed.

Fire equipment was sent to the scene from the Rocky Mountain Arsenal and from Lowery Air Force Base, but police at the arsenal said they believed there was no fire.

United Air Lines officials here said they did not have any details of the crash.

The crash was reported to have occurred in an open field on the sprawling arsenal reservation, which is operated by the Army Ordnance Department.

There are 17 1/2 miles of corridors in the Pentagon in Washington.

**Water Law Expert Dies In El Paso**

WASHINGTON, Dec. 4 (UP)—The death of Frank B. Clayton, counsel for the International Boundary and Water Commission, in El Paso Saturday "deeply grieved and shocked" acting Secretary of State James E. Webb.

Webb yesterday called Clayton "one of our foremost experts on water law." Clayton had been commission counsel more than a decade and Webb credited him with an important part in the 1924 water treaty with Mexico.

Army neuro-surgical teams in Korea are now capable of performing delicate head and spinal surgery within 20 miles of the battle lines.

**BIG FOUR MEET ON DISARMAMENT**—This was the line-up as the first United Nations Big Four conference since the settlement of the Berlin blockade got underway in Paris. Left to right, are: Jules Moch, France; Philip Jessup, U. S.; Andrei Vishinsky, Soviet Union; Luis Padilla Nervo, Mexico, serving as chairman of the parley, and Selwyn Lloyd, Great Britain. At their first meeting, the Big Four representatives agreed quickly on procedure for their 10-day conference aimed at halting the East-West arms race. (NEA Telephoto).

**ON THE FRONT LINES IN KOREA**—Left, Pfc. Roman Prouty, a gunner of the 7th U. S. Infantry Division, (crouching in the foreground) with the assistance of his gun crew, fires a 75-mm recoilless rifle in support of infantry units from a mountainous vantage point. Right, taking cover from heavy Chinese Communist fire, these Puerto Rico infantrymen of the 65th Rifle Combat Team, 3rd Infantry Division, found a haven in a Chinese-made trench.

### Man Survives 5 Minute Stop In Heart Action

**AMARILLO** Doc. 4 (UP) — A robust 23-year-old man was "holding his own" here today after doctors brought him back to life when his heart stopped beating for more than five minutes.

The patient, Frank Leavall of Dalhart, Tex., was in critical condition at North West Texas hospital here. A nurse said he had not regained consciousness since doctors cut into his chest and massaged his heart last Saturday to bring back the beat.

Call 300  
FOR  
**PARNELL**

WESTERN AUTO STORE

nurse said. "He's holding his own."

Doctors said Leavall's heart stopped beating shortly after he had undergone an operation. A cardiac injection failed to restore the beat, but an incision and 45 seconds of massage started his heart pumping again.

Leavall, who leases an ice dock at Dalhart, was brought here Saturday for the operation after he mangled a hand at work. He was on the operating table more than

two hours while surgeons worked to repair damage to the tendons.

Leavall's 24-year-old wife said her husband never had been seriously ill before. He served in the Army Medical Corps during World War II.

Doctors did not announce the unusual treatment until yesterday. They said Leavall might suffer ill effects from the "cardiac rest," but declined to predict whether he would recover.

Only one in 8,000 cases where

I won't drive a foot—without insurance

As important as the motor

It's foolish to drive any car a city block without ample insurance.

You may hit somebody the first 50 feet and get sued for 50 thousand. You may not have 50 thousand, but the law may take your home or attach your wages for years.

Or your car may burn, be stolen, be damaged or cause damage. Yes sir, a car is full of risks. Let us give you figures on the many protections an America Fore policy can give you.

### Women Workers Are Needed For Garment Plant

**RANGER, Tex. (Special)** — With the opening of a new garment factory in Eastland, the labor situation, so far as women are concerned, will be in pretty good shape. The city has one garment plant at this time, and it has been a great asset to the city.

There was a time when garment workers were not paid very much, general anesthesia is administered suffers such a stoppage, doctors said, and only 20 per cent of these survive.

though in Eastland there has been no cause for complaint, so far as it is known. Women here can not draw less than \$30.00 for a 40-hour week, and very few of them draw this minimum wage. The average weekly income for workers here is more than \$40 a week and some draw as much as \$50 and \$60 a week.

Word comes to us that the pay schedule at the new plant will be as high or possibly higher, with very pleasant working conditions.

Applications for employment at the new plant are being taken at the chamber of commerce at this time. A certain number of inexperienced women will be employed, and will be paid while in training. Experienced help may have a good job for the asking, it seems.

At least 80 and possibly 90 women will be employed immediately.

If interested, women should contact the Eastland chamber of commerce now, says Manager Herbert Tanner.

IT IS TO YOUR ADVANTAGE to be on regular trash service—you get two pick-ups per month for .50c. The charge will be on your water bill.

# PHONE 78 FOR TRASH SERVICE

**SPORTS EVENTS**

**Basketball For Both RHS Boys and Girls Tonite**

The two Ranger High School basketball teams tee off tonite on their first doubleheader when both the boys and the girls meet opponents from Carbon High School.

The game is due to get underway at 7:30 with the girls coming out in the first half of the twin bill.

The boys with Tommy Hinds and Chico Mendoza in the forward slots, and Jimmy Cole, Jerry Carter and John Rush as probable starters at guard will take on the boys team after the girls finish the battle.

The girls played a team from Ranger Junior College last night that turned into a high scoring run-

away for the Ranger High School girls.

Betty Pounds, Cookie Kirkpatrick and Cynthia Hull were instrumental in tallying most of the 59 points for the RHS team last night. The final score was RHS 59-RJC 28.

**Girls Basketball Teams Has Six Lettermen Out**

Six members of the Ranger high school girls basketball squad are seasoned players with some of them having lettered as many as three years.

Forward Betty Pounds and guard Pearl Seay are the two members of the team that have three letters to their credit. Cynthia Hull and Cooke Kirkpatrick each have two letters and Sue

**Baseball In The "Garden" Depends On Two Games Tonight**

NEW YORK, Dec. 4 (UP)—The success or failure of the season coming basketball season at scandal-shocked Madison Square Garden may be determined Thursday night when Brigham Young, 1951 national invitation tournament champion, collides with highly-touted St. John's.

The meeting of the two teams which could easily be among the nation's very best this year will be closely watched for two reasons:

1. To see whether the highly-respectable crowd of 14,129

Ewing and Beverly Crawley are trying for the second this year. Nobella Edwards, Joan Shipman, Jo Ann Ball, Mary Elder, Winella Flowers and Virginia Carter round out the remainder of the girls squad this year.

In a pre-season practice game the girls defeated a group of girls from Ranger Junior College 59-28.

which attended the Garden's first cage doubleheader of the season last Saturday was a true indication that the Big Town's fans will attend Garden basketball despite the "fixing scandals," or whether it was the result of long advance promotion; and

2. St. John's is starting to look like New York's only likely national court power—the strong team needed badly as a drawing card.

That crowd of "first nighters" drew almost as much attention in the newspapers as the comparatively "weak" games they came to see. It was noted that college students were much more in evidence than in past years and that they were occupying more choice seats than previously.

However, it was recalled that the opening game at the Garden this year of the professional New York Knickerbockers also drew a whopping crowd—but their later games have been drawing only about 3,000 fans.

Brigham Young lost some of its lustre last night when it absorbed a 72 to 62 defeat by Hamline. Hamline's height was decisive as six-seven Dave Hegna scored 20 points, six-eight Jim Fritsche 19, and six-three Jack Thorgaard 18.

However, several other top-notch teams came through with good wins. Kansas State, finalist in the NCAA tournament last season, trounced Ohio State, 78 to 54, at Manhattan, Kan. The defending Big Seven Conference champions were 17 points up at the half and breezed home, although Paul Ebert of Ohio State won scoring honors with 18 points.

Bradley University, still minus the three players who left on a sudden tour of the South, bounced back from its loss to Vanderbilt to upset Minnesota, 58 to 54. Soph center Ed Kalafat of Minnesota was top man with 20 points.

Northwestern opened its season with a 93-57 romp over Baylor; Kansas tipped Baylor, 57-46; North Carolina whipped Furman, 100-57; Alabama buried Sewanee, 83-49; Seton Hall downed William and Mary, 63-52; Maryland shaded Virginia, 59-42; Drake shined Oklahoma City, 58-57; Wayne beat Niagara, 61-58; and Louisiana State defeated Rice, 68-60, in other leading games.

**Orange Bowl Game For The Bears Approved**

DALLAS, Dec. 4 (UP)—Baylor had unanimous approval from fellow conference schools today to play in the Orange Bowl game at Miami, Fla., on New Year's Day.

A poll of member schools yesterday failed to turn up a dissenting vote. The Orange Bowl bid was accepted Saturday by Baylor athletic director George Sauer, subject to conference approval. The Bears will meet Georgia

**No Football—No School...**

PITTSBURGH, Dec. 4 (UP)—It was a case of "no football, no school" at four of the city's five class "B" Catholic high schools today.

Approximately 2,000 pupils at the parochial schools refused to go to classes yesterday after the Most Rev. John Dearden, Bishop of the Pittsburgh Catholic Diocese, placed an official ban on football at the schools.

Bishop Dearden blamed decreasing attendance at games and increasing costs for the ban. The city's two class "A" Catholic

schools were not affected.

Students at St. Mary's Class "B" title holder this fall, threatened to attend public schools unless football were reinstated.

However, school officials said they placed little importance in the "strike" and expected the boys and girls "to get over it in a day or two."

The average American family spends \$100 on its summer vacation, according to The American Magazine, and it last one to two weeks.

**Engineer Refuses To Tell Russians About His "Brain"**

WASHINGTON, Dec. 4 (UP)—Engineer Donald H. Jacobs, who recently challenged an electric "brain" to a chess match, has turned down a Russian request for information about his own computing machine.

Jacobs got a letter from Amtorg, Russian trading agency in the United States, which said:

"We understand that your scientific paper on Jaincomp-B is available for public distribution, and would appreciate receiving copy of same. Thank you."

The letter was signed by G. Trusevich, an engineer for Amtorg, whom the Justice Department said is registered as a foreign agent.

"There's nothing classified about the computer," Jacobs said. "I just don't like the way the Russians do business and won't tell them about the machine."

### Mrs. Kathrine Howell Spoke On "Lottie Moon Christmas Offering"

The officers of the Woman's Missionary Union of the First Baptist Church met in an executive committee meeting at 2:30 p.m. Monday evening and planned the work for the month.

After the committee meeting, a short business session was held at 3 p.m. with Mrs. Lloyd Clem presiding. The standing chairmen made their reports after Mrs. Glenn West led in the opening prayer and Bill Hulbeck directed the singing of several songs as "Our Best", "He Keeps Me Singing" and "Send the Light". Mrs. F. P. Erashier was at the piano.

Mrs. Kathrine Howell, a returned missionary from Africa who spoke at the meeting in observance of the Lottie Moon Week of prayer program. She spoke on the "Lottie Moon Christmas Offering and What It Means". She told of the work that is being done in Africa in the hospitals and schools and also gave some personal experiences. Mrs. Howell used as her scripture Psa. 115:9-11 and Romans 10:14-15.

following: Mrs. L. Clem, Hugh Smith, L. D. Tankersky, Allen Smith, Ronald Pruet, Walter Arterburn, R. F. Webb, Earle Pittman, Jimmy Jones, Lee Cantrell, P. C. Long, L. O. Robinson, Roy McCleskey, Bob Hodges, J. W. Esler, A. A. Daniels, W. W. Smith, E. P. Mayfield, J. B. Houghton Sr., H. A. Shockey, Glenn West, F. E. Langston, Lee Mitchell, A. Kirk, Marshall Jolly, R. E. Barker, F. P. Brashier, H. E. Brookes, Ross Hodges, Mammie Ruth Hamrick, J. A. Gray, Homer Sumerall, R. V. Robinson, Lloyd Bruce, H. G. Burch, Miss Ethel Adams, Mr. and Mrs. T. J. Anderson, Mr. and Mrs. Bill Bullock Rev. and Mrs. Ralph Perkins and Mrs. Kathrine Howell.

The program for Wednesday will be held at 7:30 with the Business Women's circle in charge.

### Brotherhood Met Last Night

The men of the First Baptist Church Brotherhood met last night for their first meeting since the new officers have taken their respective offices. Allan Smith, President, presided at the meeting which saw some fifty men of the church present. Mr. Smith gave recognition to the past presidents of the organization and introduced Mr. Lloyd Clem who is the Associational Brotherhood President and has some fifty four churches in his charge.

Table captains were called on to state how many of their men they had present and the highest percentage was recorded for coach Warden who had twelve of seventeen in his group present. Dr. Marshall Jolly, first vice-president, was in charge of the membership report.

Mr. G. E. Rush, program chairman, in trying to help the men understand more about the project they sponsor had Mr. H. A. Shockey report on Boy Scout work, and Mr. Bill Bullock report on the Junior Order of Royal Ambassadors.

The next regular meeting will be held the night of Jan. 7th at 7:00 p.m.

### Special Meeting Set For Wed.

The Ranger Woman's Society of Christian Service will be host to the Caseo District WSCS Wednesday, December 5, beginning at 9:45 a.m. at the First Methodist Church.

Mrs. Claude White of Corcoran, Conference Secretary of Status of Women, will be the guest speaker. She is the daughter of the late D. K. Parter. Mrs. E. H. Lightfoot of Cisco will be in charge of the worship service and special music will be rendered by Miss Lorain Burdette and Miss Florence Ashcraft, music students of Mr. Fred Baumgardner of the Junior College.

The public is invited to attend this meeting.

### Patricia Walters Reported Better

Mrs. Joe Tullos received a telephone call this morning about 10 o'clock that brought joy to her heart. The call told her that her granddaughter, Patricia Walters, ten year old daughter of Mr. and Mrs. Ted R. Walters of Fort Worth, had gained consciousness this morning around five o'clock and had called for her father and other members of her family.

The little girl was injured when hit by a car several weeks ago and has been unconscious ever since. She is in the St. Joseph's hospital in Fort Worth.

### Coody's Attend Meeting In Waco

Mr. and Mrs. H. L. Coody were in Waco Monday to attend the dedication of the new Armstrong-Browning Library, housing the Baylor University's international famous collection of Browning which Armstrong started as a young professor of English.

Hundreds of spectators thronged through the library Monday and saw some of the objects that Armstrong searched out in every corner of the world and bought with money from donors who caught his enthusiasm for the Brownings. They saw in glass cases trinkets as Browning's snuff box; a piece of edelweiss he picked in Switzerland in 1884; a white ribbon from his casket; a lock of hair cut from his head at his death; the topaz brooch he gave his wife on their first wedding anniversary; two large spoons they used; and Browning's personal accounts book, where he jotted down small sums paid out to "fishmongers, grocer, cab" and others.

Mrs. Coody told about Dr. W. R. White, President of the college conferring the honorary doctor of laws degrees on seven people who had led out in different ways to obtain this library.

Katherine Cornell and Brian Aherne read two scenes from the noted play in which they starred years ago, "The Barretts of Wimpole Street" based on the famous love and marriage of the Brownings.

A cablegram from the King of England was read, a telegram for the president of the United States and Kaitiborn sent messages of congratulations. The United Press also covered the days activities.

### Personals

Mr. and Mrs. Roy McCleskey and Bob visited Mrs. McCleskey's parents in Altus, Okla., Mr. and Mrs. M. G. Mixon over the week end.

Bill Brazda is back in school but on crutches. He is due to go to Fort Worth Wednesday for a check-up on his leg.

Mr. and Mrs. Rude Marshall visited relatives and friends in Mason County Sunday.

It has been reported that Charlie Waggoner, formerly of Ranger and now living in Odessa, is critically ill. His son and wife Mr. and Mrs. Buford Waggoner were called there Sunday.

**FRIDAY, DECEMBER 7TH AT 11:15 P. M.**

The proceeds from the sale of tickets and donations to the fund will be used to purchase band jackets for all forty members of the Ranger High School Band.

The members of the 1951 Ranger High School Band have worked long and hard and have done a wonderful job at the many football games and other civic events the past year and let's all get together and show them our appreciation by supporting this worth-while cause by contributing liberally.

The picture selected for this show is a first run movie, never before shown in Ranger and is a story of high school activities and features the orchestra of Freddie Slack and Jan Sautt. The principals in the picture are Freddie Stuart and June Preisser and is titled "The High School Hero."

... owners of land as well as prospective owners discuss with us freely the many problems growing out of the ownership of real estate. One of the big problems, of course, is the title problem. We tell them frankly that a few dollars invested in an abstract now may save them hundreds of dollars later on. The old saying that "a stitch in time saves nine" is still true and very aptly applies itself to all real estate transactions.
