33RD YEAR

RANGER, TEXAS, THURSDAY, JANUARY 17, 1952

PRICE FIVE CENTS No. 196

## SEEN OR HEARD

Everybody has that downcast look about this time of the year. The school kids are chewing finger nails and getting their first gray hair "sweating" results of their final examinations, the elders are worrying about income tax, poll tax, social security tax, luxury tax, new taxes, back taxes and unpaid taxes—especially the latter.

It is about this time of the year that everyone starts wishing they had kept better account of what they spent their money for the past year.

Just think of all the money some of you could save if you had kept account of cigarette taxes, lottery taxes, amusement taxes, gasoline taxes, sales taxes, doctor bills, druff bills, donations to charities and a million and one—someone said \$65—hidden taxes that you've already paid and will be paying on that money that went for those taxes.

Maybe we better do like this guy suggested doing last year, send the wife, kids, and bills to the Bureau of Internal Revenue and tell them to send what's left to just absorb the loss.

In a speech at the Lions Club sometime back Jack Frost of Eastland said we are paying close to thirty per cent of our income to the government for the privilege of being governed. Everyone knows we have a fine government—the best there is—but it seems that maybe we could cut down on some of the mink coats and deep freezes and pay a little less in taxes.

You have to give the people one thing—they won't bite the hand that's feeding them. Just look at how many are employed by the government and you know how many votes they have in the bag.

Everyone is hollering for Ike to be the next president. While we think he is a right guy, we don't give him all the credit for things he has been involved in of late that have made him famous. There are a few other people working with him that are responsible for a lot of the "brain power" that comes from his section of the country.

Maybe that is what is needed in the White House, someone who can choose a good bunch of helpers to take care of the many complex problems in governing one hundred and fifty million people. That brings it right back down to your level. You elect the Senators and Representatives, state, county and city officials. It seems when you think about it that we get ourselves in this mess and if we're gonna get out you have to vote out.

### Galveston Firms Hit By Strikers

GALVESTON, Jan. 17 (UP)—A strike of more than 1,500 Todd Shipyards Corp. workers here spread to Beaumont's Bethlehem Steel Company shipyards today and employees of three other Galveston firms were reported prepared to strike.

The Todd and Bethlehem employees, members of AFL Metal Trades Council, both asked for but were denied 12 per cent wage increases.

At Beaumont, Bethlehem Company negotiator R. R. Clark said the strike involved 750 employees, but J. E. Flowers, business representative of Boltermakers Union 587 and a member of the Metal Trades Council, said 1,200 Bethlehem employees struck at 6 a. m. today following a night time vote.

### School Board Appoints Three New Trustees

At a regular board meeting of the Ranger Public School trustees two members were added to fill vacancies created when a board of regents was established for Ranger Junior College.

Hugh Smith and Arthur Deffenbach were appointed by the board to fill vacancies of A. W. Warford and Joe Neusse; a third member, Raymond Long, was appointed to fill the vacancy created when S. Hightower moved to Whitney.

**SNOW STORMS BLOCK HIGHWAYS**—Thisscene of "Fred's Place" on highway 50 in the High Sierra is typical of most areas in Northern California which are being swept by snow storms. This lodge and gas station near Placerville, Calif., are almost covered beneath fifteen feet of snow. (NEA Telephoto).

## Eastland County May Someday Have Sufficient Water Supply

Since May 26, 1949, the Eastland County Water Supply District consisting of solely the city of Ranger has been struggling along trying to figure means to finance a dam that will insure us of an abundant water supply.

Recently, new developments have taken place that have thrown a new light on the subject. Recent extended droughts have made surrounding towns realize that in order to exist and progress they must have ample water for their needs, and water to induce new industry to locate in the area.

Eastland has taken the first major step toward helping the proposed dam and reservoir become a reality, the Eastland County Commissioners Court recently approved a petition signed by 440 tax paying property owners of Eastland, asking that an election be called allowing them to enter into the water district with Ranger. The election was set for January 31st.

Cisco has also been told the facts in the case, and at this time is studying the information they have received. Two representatives from Cisco were present at a meeting when the Commissioners Court approved the election for Eastland.

This proposed dam and water reservoir is not a new thing to Ranger. In past years the decline in rainfall has made the need for an abundant supply of water a major problem to this area.

The actual water district became official when Governor Buford Jester signed the bill May 26, 1949 that created the Eastland County Water Supply District.

### Tom Christian Dead; 3 Injured In Car Crash

Tom Christian, 63, is dead, and three other persons were slightly injured, when the car in which they were riding went out of control near the Leon river bridge on the Staff-Desdemona road last evening the accident occurred at about 8 o'clock.

Christian and his daughter, 14, had been to Ranger to visit their wife and mother and were returning to their home, near Desdemona, when the wreck occurred. Two young men, William Fowler and Ted Wimley of Straw were in the car at the time of the accident. Fowler was driving.

Sheriff Frank Tucker, who investigated the accident, said cause of the accident is unknown. The body of Christian was taken to Stephenville, his former home.

### Drunk Sailors Land In Clink

SAN ANTONIO, Jan. 17 (UP)—Two sailors were convinced today that it is unwise to pound on the door of a bank and yell "I want the money and I want it now," especially at 3:15 a. m.

The two sailors on leave from an LST at Long Beach, Calif., were in the custody of the FBI. They were arrested yesterday by police whom bank guard Oscar Bennett called when the men beat on the door of the Federal Reserve Bank branch here. Officers said the men had been drinking.

The proposed dam and reservoir would be about seven miles south of Ranger and about two miles east of the Staff Community on the Leon River; and would impound about 32,000 acre feet of water, or approximately the capacity of Lake Worth.

The dam would be approximately 1100 feet long and 80 feet high, drawing rainfall from a 265 mile watershed. The water retained by this dam would be sufficient for all the cities in Eastland County.

Although the original filing was done by the Ranger Chamber

### Collie Opposed Car Inspection Law, He Claims

Criticism concerning the passage by the legislature of the car inspection law seems to be growing in all parts of the state, and members of the legislature are anxious to keep the record straight. That is, the few who opposed the law.

T. M. Collie of Eastland, representative of District 106, is one minority member who is proud of his record. In a letter to this newspaper, Mr. Collie says:

"Record will show that I voted against the passage of this bill all the way through. A member of the legislature is subject to criticism of an official act he does, and I have no objection to any just criticism of any official act of mine, but I do not like to be subject to a lot of criticism that is wholly unjustified, a r d without cause. I would like for your readers to know that I thought at the time, and still think, that this was and is a bad piece of legislation.

"The records, I believe, will show that fully 90 per cent of the wrecks are caused by carelessness and drinking, and not one in 500 is caused by a mechanical defect. This bill does not do what it was intended to do—eliminate wrecks—but will cause a lot of expense that is entirely unnecessary."

### Bank To Close Saturday 19th

It was announced this morning that the Commercial State Bank will be closed Saturday, January 19, in observance of Robert E. Lee's birthday.

Everyone is urged to do their banking business Friday.

### County Women's Clubs To Meet In Eastland

The Eastland County Federation of Women's Clubs will meet in regular session, Saturday, January 19, at 2:30 p. m. in the Women's Club in Eastland.

Program arrangements have been made and the City Club presidents are to be the hosts at the meeting.

Mrs. Bill Tucker, county president, stated "would it not be fine if every club on the Federation roster were represented?" "Do attend and let's make it a successful meeting."

## Armed Forces To Build New Bases In Texas

HOUSTON, Jan. 17 (UP)—Col. James D. Lang, district Army Engineer, says that the southern parts of Texas and Louisiana are very likely to become mighty armed camps during the next three years.

Lang estimated that almost half a billion dollars will be spent in those two areas during the next three years on the expansion of military facilities.

Based on his remarks on the likelihood of an Air Force buildup to 140 wings during the next three years, Col. Lang estimated that the construction expenditures in the two states for each year during that period will be approximately equal to the \$150,000,000 program scheduled this year.

This would amount to almost half a billion dollars, including expenditures for the expansion of the Army's ground force facilities as well as new Air Force facilities.

Lang, in an address before the Houston chapter, Associated General Contractors of America, outlined plans for an early start on this year's construction, explaining it is tentatively planned to advertise for bids this month and in February, March and April.

The program includes 13 Air Force and five Army ground force installations. Four of the projects—reactivation of Air Force bases at Laredo, Harlingen, Victoria and Del Rio—have been stamped "rush."

### Snowbound Train Survivors Spirits Said To Be Good

OAKLAND, CALIF., Jan. 17 (UP)—A long, cold journey ended today as a rescue train carrying 232 passengers and crewmen removed from the snowbound city of San Francisco rolled into Oakland.

The 17-car train stopped at 3:40 a. m. (PST), bringing to an end the greatest rescue operation in the history of the towering High Sierra Mountains.

A Mardi Gras spirit filled the air as the survivors of three days locked in the grip of a mountain blizzard poured off the trapped aboard the snowbound streamliner in the High Sierras overflowed in laughter, singing, drinking and general good fellowship.

Dignified executives, their collars opened, joined their fellow passengers in a scotch something like New Year's Eve on wheels. The comradship kindled by nearly 72 hours spent trapped aboard the snowbound streamliner in the High Sierras overflowed in laughter, singing, drinking and general good fellowship.

It seemed they had forgotten the long days spent waiting for the greatest rescue operation in the history of the mountains to reach them.

Almost to a man, the passengers picked out the humorous incidents of their long cold wait and tended to laugh aside the misery. They seemed content to soak up the warmth of the rescue train—a marked contrast to the heatless city of San Francisco still motionless on the western side of Donner Summit where it was caught Sunday by two snowdrifts.

### 'Polio Germ' Hunters Charged With Swindling

JACKSON, Miss., Jan. 17 (UP)—Authorities charged T. E. Woods and W. G. Black today with swindling housewives here by collecting \$25 fees for "inspecting" the underdesires of houses for "polio germs."

### March of Dimes Basketball Ballot

I would like to cast a vote for the following ten Ranger men to be the participants in the Volunteer Firemen sponsored basketball game January 28th in which all proceeds will go to the March of Dimes.

Signed	Address
1. _____	6. _____
2. _____	7. _____
3. _____	8. _____
4. _____	9. _____
5. _____	10. _____

NOTE: For whom you vote nor the amount of your contribution to the March of Dimes will not be told. Make a donation if you so desire—it is not compulsory to make a donation in order to vote.  
(Mail To Ranger Daily Times)

## Far West Expects New Storms Soon; Damage Mounting

### Snow And Rain Keep Coming To Disrupted Areas

By United Press  
The worst storm in the modern history of the Far West today isolated whole cities, wiped out communications and stopped transportation cold.

The San Francisco Weather Bureau said a fresh blast was expected hourly.

The entire length of California, from the mountains in the northwest to Sunset Boulevard in Hollywood, rocked under the repeated blows dealt by rain, snow and wind.

Portola and Owens Valley, Calif., were completely isolated by record snowfalls. All communications in and out of Bishop and Independence, Calif., were cut off.

Gov. Earl Warren ordered state police to attempt to establish radio contact with the blacked-out communities.

Damage in the Los Angeles area, drenched under a new rainfall of 3.28 inches, ran into the millions. The city government estimated damage to its facilities alone at \$500,000. And county road damage was set at \$250,000.

Hundreds of cars were abandoned in Los Angeles. Many were partly buried by silt, swept down from the hills around the city. Some streets were waist deep in water.

The telephone company said 4,500 phones were out of order. Six deaths were named on the flooding. Three persons drowned in cars caught by the rampaging waters, two collapsed fighting the crushing tides and one was killed in an automobile accident.

### Helen Bradford Will Ride In Fort Worth Show

Helen Bradford of the Lazy K Ranch northwest of Ranger, will ride as Ranger's cowgirl Sweetheart on Ranger Day, Sunday, January 21, in the afternoon performance of the Southwestern Exposition and Fat Stock Show Rodeo.

This will be Helen's fourth year to represent Ranger at the stock show. She will ride Dr. Bud, a Quarter Horse stallion belonging to Dr. P. M. Kuykendall, owner of the Lazy K Ranch.

She and her husband, Don, are managers of the ranch and are active in the horse show and rodeo arenas.

### Pro-Amateur Tournament Here Saturday

Pro-Am tourney at the County Club Saturday, January 19, play begins at one o'clock. Golfers from Stamford, Breckenridge, Eastland, Cisco, Brownwood, Weatherford, Mineral Wells and Abilene have been invited. A record crowd is expected.

### Dates Set For Ranger's Annual Golf Tournament

The annual tournament dates to be held at the County Club will be May 30-31 and June 1st, 1952.

Work for the tournament was started last night at a directors meeting held at the country club.

### Agriculture Department Hopes To Recover Known Grain Shortage

WASHINGTON, Jan. 17 (UP)—The Agriculture Department has uncovered grain shortages totaling about 26,000,000 in its privately-operated storage warehouses, but hopes to recover most of the money, officials disclosed today.

Sen. Karl E. Mundt (R-S.D.) revealed meanwhile that the Senate's Permanent Investigating Committee has received "a great many" reports of alleged "discrepancies" in the grain storage program and other Agriculture Department operations.

Mundt said the committee, headed by Chairman Clyde R. Hoey (D-N.C.), has been "urged" to investigate the department, but probably will not do so at this time because two other congressional groups already are looking into the grain shortage.

Secretary of Agriculture Charles F. Brannan was recalled (at 1 p. m. EST) today for his second straight day of closed-door testimony before a House Appropriations Subcommittee. He will appear at Senate Agriculture Committee hearings, which probably will be open, beginning tomorrow.

The House subcommittee imposed a tight news blackout on its hearings, and members refused to give newsmen even a hint of what Brannan said. The subcommittee promised to issue a full report soon.

The general accounting office reported to Congress earlier this week that a spot-check of grain storage facilities in the Southwest turned up shortages totaling \$2,800,000. The shortages result when private firms, which have contracted to store government-owned grain, sell some of it in the hope of replacing it later with cheaper grain, thus turning a speculative profit.

One of Brannan's aides told a reporter that the nationwide total of grain shortages is believed to be between \$5,000,000 and \$6,000,000.

He said court action has been started or is immediately pending against 11 operators, and cases may soon be filed against others. As a result, he predicted that most of the money will be received and the government's actual loss will be "cut to less than \$1,000,000."

The aide did not name the 11 operators. Previously, only nine court cases have been made public.

### Traffic Light Inventor Dies

DALLAS, Jan. 17 (UP)—The inventor of the traffic light, Henry (Dad) Garrett, who died yesterday at the age of 90, will be buried here today at Oakland cemetery.

Garrett, who retired in 1940 after 33 years as superintendent of the Dallas Fire and Police Signal Division, set up here a system of traffic lights which became the model for others all over America.

His first automatic electrically controlled traffic signal was installed in 1925.

Garrett was given credit for the founding of the world's first municipally owned radio station, WRR in Dallas.

A long-time reporter friend of his recalled that Garrett's automobile radio was one of the first that he "rolled along like a circus bandwagon" with people staring and wondering where the music came from.

Garrett was the son of the late Alexander C. Garrett, an Episcopal bishop who left a comfortable parish in Ireland to pioneer in North America.

A long-time reporter friend of his recalled that Garrett's automobile radio was one of the first that he "rolled along like a circus bandwagon" with people staring and wondering where the music came from.

He said court action has been started or is immediately pending against 11 operators, and cases may soon be filed against others. As a result, he predicted that most of the money will be received and the government's actual loss will be "cut to less than \$1,000,000."

The aide did not name the 11 operators. Previously, only nine court cases have been made public.

The Senate group also planned to investigate charges of speculation by Farm Credit Administration employees in the St. Louis District and of "staggering profits" allegedly made by a private firm that leased storage space at Camp Crowder, Mo., to the Agriculture Department.

The Senate group also planned to investigate charges of speculation by Farm Credit Administration employees in the St. Louis District and of "staggering profits" allegedly made by a private firm that leased storage space at Camp Crowder, Mo., to the Agriculture Department.

### Clayton Rand Says

THE RED BLOODED  
Pvt. Richard A. Norman, 25, in a San Francisco hospital, got a thrill out of a blood transfusion which happened to be his own blood which he had given to the bank only two weeks before.

He was equally as fortunate as the man who fell out in the act of giving his blood to the bank. The nurses had to give it back to him—he could recover.

I overheard a conversation about blood, between two professionals, who were apparently with the Red Cross. They discussed the different types of blood, the best sources of supply and the most willing givers. One said his crew found the most blood and the best blood in the smaller towns. The big-city folk were either indifferent, too busy to make a contribution or were anemic.

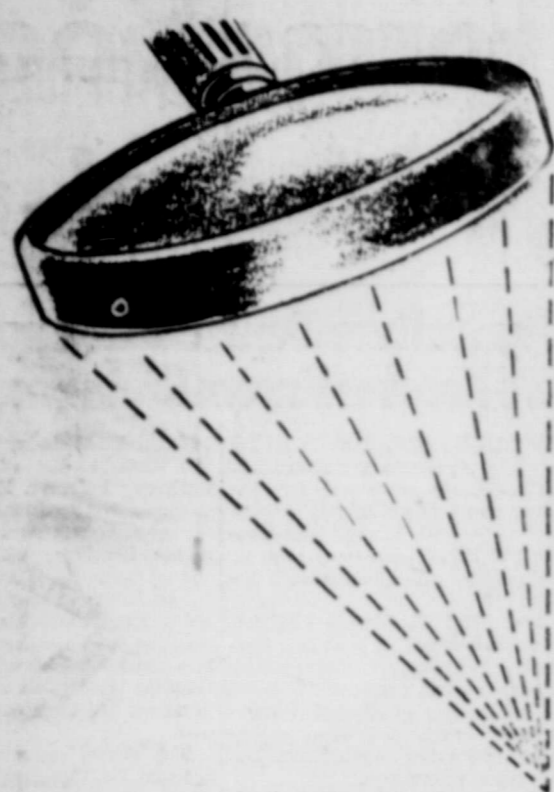

The other blood seeker said a higher percentage of the blood of the city volunteers than rural givers was rejected on account of high blood pressure or low hemoglobin. Red blood corpuscles, the iron that gives strength to the tissues, have a higher count among those who eat more wholesome, homecooked food in the country.

A pint of blood, which brings about \$25 on the open market, is our most precious and priceless product when shed for our country or given to save the life of a soldier.

But red-blooded Americanism turned pale pink in one area where no more blood could be accepted for the bank on account of a strike among the processors.

**Texas Supreme Court Feuding Over The Jeep**

WASHINGTON, Jan. 17 (UP)—A spirited feud is in progress between the Supreme Court of Texas and the people who make the Jeep.

It began this way: A rural mail carrier in Texas who owned a Jeep took out an accident policy which would give him a \$100 a month in case he was put to bed by an accident. If hurt in a private car, "exclusively of the pleasure car type" he could collect double.

Well, he got hurt in his Jeep. He started collecting \$100 a month. He sued to get double, contending he was riding in a pleasure car.

The Texas Supreme Court ruled in a five to four decision that he was not entitled to the extra C-note because "the Jeep is a rugged, uncoath vehicle without beauty of line or body—with no suggestion of comfort and obviously intended for hard service rather than for pleasure."

Well, Ward M. Canaday, president of Willys, puffed his dander and begged to differ. He replied that the Jeep is "not uncoath." Also that "the war time Jeep could do everything but climb a tree and that with springs attached it could ride along like a Rolls Royce, almost."

"Not only that," said Canaday, "the Jeep is a work of art. No less an authority than New York City's Museum of Modern Arts says so, too. The Jeep is the only American car now in production chosen by the museum for exhibit. For excellence as works of art. The museum called the Jeep: 'One of the few genuine expressions of machine art and a wonderful tool for transportation.'"

Canaday isn't used. He was invited the distinguished gentlemen of the Supreme Court of Texas to come along and look at the Jeep's "big brother." A thing called the "Aero Willys," which is about to be shown to the public tomorrow.

This one really is a passenger car. It will hold six fat people like me without discomfort, it says here, and the front seat measures 61 inches and so does the back.

The wheel base is 108 inches and the overall length is 180 7-8 inches. It's 72 inches wide and the trunk will take care of anything that can be crowded into 24 cubic feet.

The Willys people claim that you can get up to 35 miles to the gallon of common gas.

**NEWS FROM STAFF**  
By Mrs. M. O. Hazard

Mr. and Mrs. John M. White visited recently in Abilene, with Mrs. White's sister, Mrs. M. E. Mullins and Dr. Mullins.

Prayer service was well attended at the Baptist church Thursday evening.

Bobby and Jimmie Little were Eastland visitors Saturday afternoon.

Mr. and Mrs. Bob Weldon, recently moved to DeLeon.

Mrs. Lonnie Crosby of Cisco, spent Monday night and Tuesday with Mr. and Mrs. Allen Crosby before leaving Thursday to join her husband stationed at Fort Ord, California.

Mr. and Mrs. W. H. White of Eastland, were guests in the home of their daughter, Mrs. O. T. Hazard, Thursday afternoon.

Mr. and Mrs. Walter Duncan visited in Eastland and Ranger Saturday.

Mrs. Eva Mason and daughter, Mrs. E. G. Henderson of Gorman, were the guests Thursday of Mr. and Mrs. C. L. Henderson.

A large crowd was out for cemetery working here Friday, and a lot of improvements were made.

Mrs. M. O. Hazard was a visitor in the home of her son, Maurice Hazard and family in Eastland Saturday.

Mr. and Mrs. Wayne White visited with their daughter, Mrs. Dwan Dennis and family in Ranger, Sunday.

Mr. and Mrs. Jeff Woods, Mr. and Mrs. M. O. Hazard and Mr. and Mrs. Floyd Crawley visited in the home of Mr. and Mrs. Jess Parker in Gorman Sunday afternoon.

Mr. and Mrs. J. L. Little and Mr. and Mrs. J. W. Motzner attended the funeral of T. A. Elson of New Hope community at the Christian Church in Gorman Saturday afternoon.

**Olden Boys Win While Girls Lose**

Coach Hilliard's girls lost a fast game to Desdemona Tuesday night in the Desdemona gym, with the Porkers taking the long end of the score.

The Hornets' Capt. Canet dropped in 17 points with help from team mates, but not enough for a win.

Rainey was busy for the Porkers to drop in 17 points for scoring honors. Score: Desdemona 35, Olden 29.

Coach Weaver's boys took a fast and rough one with Capt. Roush finding the basket for 22 points, aided by team mates Horn and Lindsey.

Thomas turned in a very neat game as guard for the Hornets. Boyd took scoring honors for the Porkers with 17 points. Score: Olden 35, Desdemona 29.

The Hornets will see action again Friday night, the 18th, when they meet Scranton, heavy contenders for district honors, in Olden gym.

**NEWS FROM  
Morton Valley**

We noticed a moving van at  
the Floyd White home Monday,  
so we suppose they will soon be  
settled in their new home at the  
Lone Star Camp at the Power  
Plant in Eastland. It is a hard  
move for the Whites as they are  
remodeling their home, and have  
installed hardwood floors.

Mr. and Mrs. W. E. Barrow of  
Wichita Falls, were visiting Mr.  
and Mrs. W. Harris the first of  
the week. Mr. and Mrs. W. R.  
Wiggins of Breckenridge, and  
two nephews from Eastland vis-  
ited them Sunday afternoon.

Mr. and Mrs. Paul Joe Sturm  
and Eddie, of Abilene, visited Mr.  
and Mrs. J. W. Graham and Mr.  
and Mrs. W. E. Tankersley last  
week.

Mrs. J. R. Trott visited relatives  
in Lubbock, and her sister,  
Mrs. Jessie Rick of Odessa, last  
week.

Mr. and Mrs. John Nix and Mr.  
and Mrs. Bill Nix were in Fort  
Worth last Thursday. They vis-  
ited Mr. and Mrs. Claud Miller and  
saw Mr. and Mrs. Hickman Baird  
of Oxford, Miss.

The family of Joe Sturm should  
soon be well again, after a siege  
of mumps.

Mr. and Mrs. Dow Baggett and  
family of Hamlin, visited Mr. and  
Mrs. L. J. Baggett last weekend.

We saw Mr. and Mrs. Chester  
Alford at church in Eastland Sun-  
day. Mrs. Alford is the former  
Vera Adams.

Mr. and Mrs. Billy Gerald  
Thompson and Eva Jean, have  
moved to the A. C. Thompson  
ranch, near Atker.

**Two Mothers Have Five  
Kids. Same Room: 24 Hours**

SUMNER, Miss., Jan. 17 (UP)—  
Rosetta Bruce, 16-year-old  
Negro housewife, gave birth to  
twin girls here Saturday. Twenty-  
four hours later her mother, Bes-  
sie Jones, gave birth to triplets,  
two boys and a girl in the same  
room.

**Salvation Army  
Says Righteous  
Living Is Best**

The Salvation Army is launch-  
ing a world-wide campaign in the  
year 1952, which will be called,  
"The Midnight Cry", based on the  
words of Matthew 25:6. "At mid-  
night there was a cry made." Every  
Corps in the State of Texas will  
co-operate in this great Spiritu-  
al Crusade, Lt. Colonel John A.  
Morrison, the State Commander  
said. In commenting on the Cru-  
sade the Colonel continued:

"What time is it? If we could  
imagine a great clock whose  
hands recorded the passing of the  
hours of light and darkness in  
the moral and spiritual history of  
mankind, what would we read  
there? Are we living in days of  
righteousness, God-fearing, and  
the clear shining of faith? What  
think you are the nations of the  
world standing in the brightness  
of His glory, whose reign is one of  
truth and peace? Would my con-  
temporaries say that the state of  
the world is better now than it  
was, say fifty years ago? Or  
would they agree with me that  
aside from scientific developments  
and improvements—the world is  
uneasy, restless, frightened and  
troubled and, over wide areas,  
very dark."

The Army, will, the Colonel  
stated, make definite plans in ev-  
ery Salvation Army Corps to pro-  
mote the campaign. People will be  
urged to read the Bible, especially  
the words of Jesus on these sig-  
nificant issues: To re-establish the  
family altar in the homes; to at-  
tend the church of their choice;  
to practice Christian virtues in  
their daily living; and to recog-  
nize the necessity for emphasis  
on the moral and spiritual stand-  
ards of the Christian religion as  
the only sure way of the survival  
of this nation through these times  
of crisis.

**Papa Of Quads  
To Appear On  
"We The People"**

TEXARKANA, Jan. 17 (UP)—  
Proud papa Leonard Ponder of  
Murfreesboro, Ark., will leave  
here today for New York to tell

**Governor's Race  
In Louisiana Is  
Narrowed To Two**

NEW ORLEANS, Jan. 17  
(UP)—A county judge will put  
his makeshift campaign organiza-  
tion against the entrenched polit-  
ical might of Gov. Earl K. Long's  
machine in a Democratic runoff  
primary Feb. 19 to decide Loui-  
siana governorship.

Returns from Tuesday's voting  
today placed Robert F. Kennon  
and Long's hand-picked candidate,  
Carlos G. Spahr, far ahead of their  
seven opponents in the bal-  
loting.

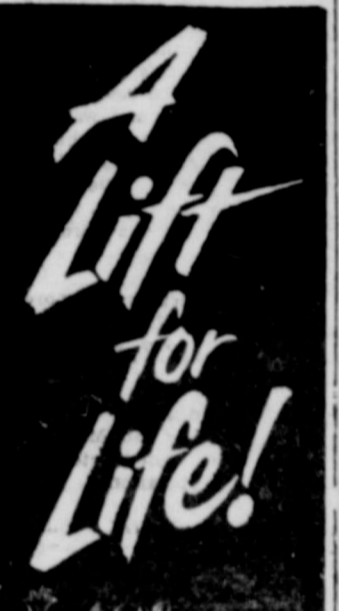

With the count in from 1,721  
of the state's 2,112 precincts,  
Spahr had 190,387 and Kennon  
128,858.

A runoff is necessary since no  
candidate received a majority of  
the total vote cast in the primary,  
tantamount to election in Louisi-  
ana, where democrats outnumber  
republicans 900 to 1.

America's radio audience how it  
feels to become the father of  
quadruplets.

The small-crops farmer, whose  
38-year-old wife Haggai gave  
birth to the quads Monday night  
at the couple's three-room farm  
home, will fly to New York with  
Dr. M. D. Duncan, 53, the man  
who delivered the babies.

They will appear on the radio  
show "We the People." The  
quads were thriving at a Nash-  
ville, Ark., hospital.

### Civic League and Garden Club Present Musical Program

The Civic League and Garden Club met Wednesday afternoon at the Community Club House at 3 p.m.

Mrs. O. G. Lanier, president, introduced Mr. Fred Baumgardner of the Fine Arts Department of the Ranger Junior College who gave an interesting account of the operetta that will be given in March by the Junior College. The following clubs of Ranger will sponsor the operetta: 1920 Club, 1947 Club, Columbia, New Era and the Civic League and Garden Club.

Mr. Baumgardner introduced

two of his voice students. Miss Nelta Faye Calvin, a soprano soloist, rendered "I Love Life" and Kenneth Wright gave a vocal solo "The Blind Ploughman." Mrs. Fred Baumgardner accompanied the students at the piano.

During the business meeting of the club, Mrs. M. H. Hagaman stressed the fact that each one should support the March of Dimes polo drive.

The club is supporting the "pay your poll tax" campaign. It was stated that anyone desiring transportation to the office to pay, may call Mrs. O. G. Lanier. The club insists that every eligible voter should secure a poll tax because they feel that 1952 is to be the most important election year Texas has ever known.

Captain Jane E. Brown of the Abilene Recruiting Station will be the guest speaker at the February meeting. She will tell about the work of women in the United States Army, and show a film.

### Bible Class Has Meeting Wednesday

The Ladies of the Wednesday evening Bible class of the Church of Christ met in the basement of the church for their monthly luncheon Wednesday, January 16.

Those attending were Mmes. O. G. Lanier, Tom L. Fox, Morris George, Fred Lamb, J. E. Meroney, Clyde Mansfield, Minnie Crossley, Raymond Long, W. E. Calvert, J. A. Head, E. R. Green, Thomas Harris, C. D. Jones, W. J. Langford and the hostess, Mrs. Maxie Cunningham assisted by Mrs. J. L. Smith and Mrs. H. E. Carroll.

Mrs. D. Joseph has returned from Houston where she visited with her daughter and family, Dr. and Mrs. Ray Ameen and Sheryle. She also visited with her son, Freddie who is attending the University of Houston there.

### Recent Bride Honored Sat.

Miss Barbara Healer honored Mrs. Kenneth Byrne, the former Jo Ann Ball, Saturday afternoon January 12 from 2:30 p.m. until 4:00 p.m. with a miscellaneous shower at her home on Highway 80 East.

The many gifts were attractively displayed in the dining room. The guests were registered in the beautiful bride's book by Mrs. E. K. Byrne, mother of the bridegroom.

Refreshments of cookies, cakes and coffee were served by Mrs. C. E. Wheat and Mrs. W. A. Ball, mother of the bride.

Out-of-town guests included Mrs. Charles Bailey, sister of the bridegroom's mother and Mrs. C. L. Bailey, both of Stephenville; Mrs. E. K. Byrne of Mart and Mrs. W. E. Byrne of Waco, aunt of Mr. Byrne.

Many friends of the young couple called during the afternoon.

### Anne Margaret Circle Met Mon.

The Anne Margaret Circle of the Woman's Missionary Union of the First Baptist Church met Monday afternoon in the home of Mrs. Earle Pittman.

Mrs. Weldon Marshall Jolly gave the lesson from the mission study book "Pilgrimage to Spanish America."

Refreshments were served to the circle members.

### Choir Practice This Evening

The choir practice of the First Baptist Church will be held this evening at 6:30 p.m. in the auditorium of the church.

This is an important practice session and all sections of the choir are urged to be present.

### Deacons To Meet Tonight

The deacons of the First Baptist Church will meet this evening at 7 o'clock in the library.

This being the regular meeting that was postponed in favor of the Evangelistic Conference, and all deacons and committeemen are respectively urged to be present.

The pastor and the chairman of the Board of Deacons will present the outlined program for the quarter.

### Regular Third Sunday Singing

The regular third Sunday afternoon singing will meet at the Church of God in Eastland Sunday, January 20 at 2:00 p.m.

Everyone is invited to attend and sing from the new Stamp's Quartet Music Books.

Rev. Vernon Shaw from Round Rock, Texas visited in the home of Rev. and Mrs. Ralph Perkins and family Monday.

### Cherry Street "Club" Met Tues.

The Cherry Street "Club" met at the home of David Webb, 815 Cherry Tuesday evening for a winter roast. The group enjoyed preparing their evening meal around the camp fire in the yard.

After the feast, the group went bird hunting around in the neighborhood by flash light.

When the hunt was finally given up, the group gathered at the home of John Perkins and popped corn for awhile before dismissing for the evening.

Those attending were David Webb, Dan Dixon, Dean Rickey, and John Perkins.

### Personals

Melba Creager, a student in Denton, is confined to her home here this week because of illness. Her mother, Mrs. W. F. Creager went to Weatherford Tuesday morning to meet her daughter and bring her home.

Mr. and Mrs. Eddie Squires, Dwight and Anna visited last week with Mr. Squires' parents, Mr. and Mrs. E. E. Squires of Rochelle.

They also visited his sister and family, Mr. and Mrs. Roy Cunningham at Mason.

Pfc. Royce Squires and wife visited Sunday in the home of his brother here, Mr. and Mrs. Eddie Squires.

After Pfc. Squires' furlough he will leave for California and will be assigned overseas duty.

Mrs. Etore Glenn and daughter Virgie Mae left Wednesday for Waco to attend the funeral service of Mrs. Glenn's aunt, Mrs. Lula E. Morgan who passed away here in the hospital and was carried back to her home for burial.

The other nieces, Mrs. W. O. Caraway and Mrs. E. Pruett were unable to make the trip as well as the nephew, J. E. Crawford, all of Ranger.

Mrs. C. L. Beck was honored with a birthday dinner in the home of Lt. and Mrs. James Calvert of Fort Worth Sunday.

Mr. and Mrs. C. L. Beck and boys, Ardie and Keith; Mr. and Mrs. Charlie Beck and Miss Anna Bell Carney motored to Fort Worth for the occasion.

Mr. and Mrs. Harlan Phillips left today for Alpine to move their daughter, Nancy home from Sul Ross College where she has been attending this semester.

Nancy will visit with her parents a few days between semesters and will enter TCU for the next term of school.

Mr. and Mrs. J. H. Drew from Groves, Texas visited here with Mrs. Finis Smith, a sister of Mrs. Drew this week.

Mr. Drew is a seaman on the Sabine Inaug, Port Arthur Company.

Mrs. Earl Blackwell, Jr., is a medical patient in the Ranger General Hospital.

Among those attending the Evangelistic Conference in Fort Worth this week were: Mr. and

### House May Disregard Extra Taxes Called For

WASHINGTON, Jan. 17 (UP)—Chairman Robert L. Doughton (D-N.C.) said today his House Ways and Means Committee may not even bother to hold hearings on President Truman's foredoomed request for an election year tax increase of more than \$5,000,000.

Other committee members warned that even if they should report out a bill to raise taxes, it might boomerange and become a vehicle for cutting them instead.

Such was the temper of Congress after Mr. Truman's annual economic message called for higher levies and plugging of tax "loopholes" to halve the prospective \$10,000,000,000 federal deficit in fiscal 1953.

His formal request merely crystallized the strong opposition to any tax increase this year which members of both parties had voiced before his message was received.

Other major proposals in Mr. Truman's economic message also encountered a lukewarm-to-cold reception.

Congressional leaders said there is a good chance of extending the present wage-price control law for another year, but almost no chance of extending it for two years and tightening it up, as Mr. Truman requested.

Mrs. T. J. Anderson, Mr. and Mrs. Lloyd Clem, Mr. and Mrs. Lloyd Bruce, Mr. and Mrs. Walter Arterburn, Mrs. Melba Richey, Mrs. David Fawcett, Mr. and Mrs. H. L. Coady, Mrs. Lee Mitchell and Mrs. Lilly Applegate.

### Large Coffee Crop Due For Guatemala

Guatemala, when is the fourth largest coffee producing country in the Western hemisphere, expects its 1951-52 coffee crop to be the largest in the republic's history, according to estimates received by the National Coffee Association.

Excellent weather conditions in the low coastal areas, and the end of the rainy season at higher altitudes prompted growers to revise their crop estimates upward to the 140,000,000 pounds estimated for this season.

### Air Force Colonel Defends So Called "White Elephant"

SAN ANTONIO, Jan. 17 (UP)—An Air Force colonel here vigorously denied that the world's largest land plane, the XC-99, is a "flying white elephant," as charged in a national magazine.

Pageant Magazine's current issue labels the plane a "remarkable failure" but Col. T. W. Tucker, 34, project evaluation officer for the Air Force team studying the plane's uses, countered by citing performance records of the 225,000 pound air giant.

Tucker, of Willoughby, O., said the six pusher engined plane has hauled more than 23,000,000 pounds of high priority cargo for the Air Material Command since October 1950.

The magazine declared the XC-99 "too big" to land on most air fields and said it would be the last of its kind.

Natural gas consists of about 90 per cent of methane, also known as "marsh gas," since it is formed by decaying vegetation in marshes.

But this scientific way may avoid showing monthly "nerves" All the make-up in the world can't take that away, serious look out of your eyes each month. But here's a modern way that has helped many women and girls who suffer from colorless skin, eye troubles and itchy eyes. It's Cardui, a tested medicine that helps build strength and restores each month—so after a little, many women feel an invincible strength at all. Also helps rid skin of dryness—very better. Look, too your normal, happy self. Ask your doctor for Cardui. They'll send you a sample.

**Buick's 1952 Roadmaster Riviera Coupe**

New sweeprear moldings, new rear fender ornaments and a redesigned bumper-grille combination distinguish this two-door Buick Roadmaster Riviera for 1952. It features a new Airpower carburetor, higher compression and new manifolding that boost the horsepower output of its Fireball engine to 170 with improved economy and performance. A higher arc rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. High lustre stainless steel wheelcovers embossed with the Buick emblem add a final touch of distinction for 1952. Luxurious custom trim upholstery is offered on this model in exquisite two-tone combinations in nylon and leather.

**Ice Gone But Chill Remains Between Cities**

GALVESTON, Jan. 17 (UP)—The ice was gone but there was a distinct chill in the air today as a result of the ice melting contest at which a dozen or so cities vied for the honor of ice-melting place in the U. S.

Particularly between Galveston, winner among "unofficial" entries, and Carlsbad, N. M., which had sent out the original challenge.

After hearing Carlsbad's Frank Kindell, Chamber of Commerce manager call Galveston a "swamp town", C. E. McClelland, editor of the Galveston News sent out a challenge for a duel—with ice tongs no less.

No bad shakes as a Chamber of Commerce man himself, editor McClelland said, a "balmy sun-warm Gulf of Mexico breeze and a romantic, full moon" was all it took to melt Galveston's ton of ice in 12 hours and 45 minutes. "This island resort city won the ice melting derby fairly and squarely," he went on. Actually Corpus Christi turned in the best ice melting time—12 hours, 26 minutes. But officials conceded Corpus Christi was an "unofficial" entry, too.

**"Hurt Feelings" Blamed In Death**

KNOXVILLE, Tenn., Jan. 17 (UP)—Tenant farmer Amos E. Boling denied here in court that he became angry when his wife told him a railroad engineer had attempted to seduce her while he was away plowing.

"It just hurt my feelings", Boling told the court. "Because Jack Booker was my best fox-hunting friend." Both Boling and his 29-year-old burnette wife took the stand here yesterday in Boling's trial for the murder of Booker, 29, last May 20. Mrs. Boling said the engineer threatened to kill her unless she submitted to him and left her husband.

**Car Check Law Amended; More Time Is Given**

AUSTIN, Jan. 17 — Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the period for securing initial motor vehicle inspections in Texas has been officially extended until midnight, September 6, 1952. As originally specified, all vehicles would have been required to pass inspection before they could be registered on April 1st.

Garrison made the announcement following an opinion issued by the office of Attorney General Price Daniel which ruled that the Safety Department might legally extend the inspection date, and that no inspection certificate would be necessary for 1952 registration. Director Garrison had pointed out in his request for a ruling by the Attorney General that it would be impossible to complete an inspection of the nearly 3 1-2 million vehicles in the State by April 1st.

Effect of the new action will mean, according to Garrison, that all motor vehicles in Texas must be inspected and bear an approved sticker prior to next September 7th. Following that, a second inspection will be required after September 7th but prior to April 1, 1953, before vehicles can be registered for 1953.

George W. Busby, Chief of the Department's Motor Vehicle Inspection Division, stated that he had, today, issued the 1000th license to official inspection stations. Another 1,500 are currently in the process of being approved.
