TRUMAN'S PLAN TO REORGANIZE TAX BUREAU GAINS SUPPORT

WASHINGTON, Jan. 23 (UP)—President Truman's plan to reorganize the Internal Revenue Bureau picked up surprise support in the House today.

The shift in sentiment was so marked that leaders, who once predicted defeat of the plan, said it now appears almost certain to win House approval.

The about-face was attributed to election-year reluctance of many House members to vote against any measure which bears a "reform" label.

The president's reorganization proposals still face an uncertain fate in the Senate, however. Senators stand to lose more patronage plums than House members under the plan to place all tax collection officials, except the bureau chief, under civil service.

Either chamber can veto the president's plan by majority vote. Chairman Cecil R. King (D-Cal.) of the House Tax Scandal Investigating subcommittee, threw his full support to the reorganization plan today.

Simultaneously, Republican Rep. Carl T. Curtis (Neb.) and Clara E. Hoffman (Mich.) announced that they will not oppose the plan.

Curtis, a member of King's subcommittee, previously had attacked the reform proposals as inadequate and introduced his own bill to divorce the Internal Revenue bill from the Treasury entirely. Hoffman was the sponsor of the plan.

Five Texans Were Aboard Crashed DC-4

MCHORD AIR FORCE BASE, Ash., Jan. 23 (UP)—Five men and five Oklahomans were among the 33 servicemen aboard a chartered Korea airlift-DC-4 which crashed at Sandspit, R. C., last Saturday the Air Force reported yesterday.

All 33 men were listed as "missing" although 10 bodies have been recovered. The Air Force explained the bodies have not been identified.

The plane's three crew members were killed in the crash. The Air Force list of passengers also carried the names of one Missouri man and one from Arkansas.

The list included: Cpl. Curtis R. Dickey, husband of Mrs. Curtis R. Dickey, Rt. 4, Huntsville. Sgt. Henry W. Dorrill, husband of Mrs. Katherine Dorrill, 233 Buerwood Lane, San Antonio. Lt. Col. Benjamin E. Edwards, husband of Mrs. Eugenia Edwards, 2140 West Magnolia Ave., San Antonio.

Fire Siren To Remind You Of Your Poll Tax

Each day beginning tomorrow you will be reminded to pay your poll tax.

The Ranger Fire Department will blow their siren at 10:00 a.m. each morning to bring you out of your trance and get those poll taxes paid.

Chamber of Commerce manager, R. V. Galloway, announced this morning that the City of Ranger had given the Chamber of Commerce permission to do this to bring attention to the need for paying your poll taxes and voting.

This will be done in conjunction with the "Citizenship Fundamentals" contest recently entered into by the Chamber. By all means take heed of this reminder and go down and pay your poll tax. It is not necessary to go to Eastland to get your receipt, you can pay at C. E. May Insurance Agency.

Churchill Goes Home Satisfied With U.S. Aid

NEW YORK, Jan. 23 (UP)—Prime Minister Winston Churchill, sick with a cold, was on his way back to Britain today to report to parliament on the results of his 17-day visit to the United States and Canada.

Parliament meets Jan. 29, the day after the Queen Mary is due to arrive at Southampton with the prime minister.

He boarded the liner shortly after 10 p.m. (EST) last night, getting up from his sick bed to make the journey home. He had been in bed for two days with a heavy cold and fever and appeared slightly unsteady on his feet. The Queen Mary sailed at 1:15 a.m. EST.

Mr. Churchill did not meet the press, but later issued a statement from his cabin expressing regret that he was unable to do so and sending his greetings to the people of New York.

The prime minister can look forward to some criticism when he reports to parliament, particularly that he has gone too far in committing Britain to support U. S. foreign policy in the Far East. London did not welcome his statement to Congress that if a Korean truce was reached and then broken "our response will be prompt, resolute and effective." But in this country, that promise was well received.

In contrast, his proposal that the United States, France and Turkey send token forces to the Suez Canal Zone aroused a storm of protest here while being welcomed in London.

But on the whole, Mr. Churchill returned home well satisfied with the results of his mission. He had reestablished the personal contact with President Truman and other U. S. officials that he feels is so vital to Anglo-American understanding.

Comanche Trail Council Plans Year's Program

Members of the Executive Board and District and Council Chairmen of the Comanche Trail Council, Boy Scouts of America, met in Brownwood, January 17, to approve plans for the Council's program for 1952. Dr. T. C. Graves, president of the Council, presided at the meeting. All four districts were well represented. Objectives and plans for carrying them out were the main features of the session. Max Hatfield, deputy regional executive of Dallas, gave details as to how the Three-Year Program of the Boy Scouts could be geared into the local Council.

The Commissioners of the Council will meet in Brownwood February 24.

Scouters' and Cubbers' Pow-wows will be held in each district monthly. The Comanche Trail Council will meet for a Council Review April 20.

The Camp Billy Gibbons dates are: For troops—June 9 through 15 and June 14 through 22. The Negro camp will be June 25-29. Swimming meets will be as follows: North District, August 19; East District, August 21; Central District, July 31; South District, August 1.

District Annual meetings will be held in November and the Council Annual Meeting will be held on December 2.

Rangerites Attend Relative's Funeral

Funeral services were held Monday afternoon in Alverado at 2:30 p.m. for Andrew Stroud of Dallas.

Mr. Stroud was a brother of Mrs. W. O. Cox and Mrs. C. D. Manning of Ranger and a half-brother of Mrs. Della Reese.

Mr. and Mrs. W. O. Cox, Mr. and Mrs. W. T. Hagar and son, Jimmy, Mrs. Della Reese, all of Ranger and Mr. and Mrs. R. D. Mace and daughter, Shirley, of Breckenridge attended the services.

Mrs. Manning was unable to attend because of illness in her home.

Agriculture Bureau Chided For Crop Miss

WASHINGTON, Jan. 23 (UP)—Chairman Thomas G. Abernathy of a House Agriculture Subcommittee chided the Agriculture Department today for a "lack of enthusiasm" for improving federal crop production forecasts.

The Mississippi Democrat told a reporter he was "terribly disappointed" in the attitude displayed by agriculture officials at a hearing yesterday into the 2,000,000 bale error made last fall in forecasting the cotton crop.

Abernathy said the subcommittee will study the forecast system thoroughly before recalling the officials for further testimony to "see if we can work out a better system."

However, a department spokesman said it would be impossible to get any "overnight improvement" in the system. He said the department is "always working on the problem and now hopes for some outside suggestions."

Complaints of growers that early forecasts of a big crop depressed harvest times, prices touched off the inquiry. O. V. Wells, Chief of the Bureau of Agriculture Economics and S. L. Nevell, Crop Reporting Board chairman, in testimony yesterday blamed bad weather and mistakes in planting reports received from farmers serving as crop reporters.

Jolly's Attend Optometric Meet in Abilene

Dr. and Mrs. Marshall Jolly attended the monthly meeting of the West Central Texas Optometric Society Sunday, January 20, 1952, in the offices of Dr. Grady B. Jolly, Abilene.

The Society adopted a new constitution and by-laws, and voted to join state and national optometric societies. Mrs. H. H. Galbraith of Comanche spots on "Coordinated Classroom" at a meeting of the auxiliary.

Members attended from Abilene, Stamford, Snyder, Cisco, Brownwood, Sweetwater, Coleman, Winters, Hamlin, Colorado City and Comanche.

EASTLAND COUNTY LEADERS TO HOLD MEET DEALING WITH DIVERSIFIED FARM PROGRAM

A county-wide meeting of the farmers, business men, bankers, representatives of the various government agencies of the county and others interested in a more diversified farm program in Eastland County will be held in the near future, according to an announcement coming from a preliminary meeting held in the First National Bank of Cisco, Tuesday, attended by Eastland County bankers, representatives of the various government agencies and Chambers of Commerce.

The object of the county-wide meeting will be to discuss the various phases of a diversified program, crops adaptable to the county, soil conservation, pasture improvement, turkey and broiler raising and other things for the betterment of the farming industry and to bring a closer relationship between business men, bankers and others and the livestock men and farmers of the county.

The meeting Tuesday was called by the agriculture committee of the Ranger Chamber of Commerce

Store West Of Ranger Robbed During Night

The Anderson Grocery Store west of Ranger on the Morton Valley Highway was entered and robbed last night.

Mrs. Dee Anderson stated this morning that the exact time of the robbery was not known, but that she believed that it occurred sometime after ten o'clock last night. She was of this belief because her car was parked there until about that time.

An undetermined amount of cash was taken from the store, estimated to be about thirty dollars. The person or persons entered the establishment through a window at the rear of the store where the Andersons have their living quarters. A dresser in the back had been disturbed.

Mrs. Anderson said this morning that she spent the night with a son and was not in the store during the night. Prior to leaving for the stay with her son she had been visiting her husband who is in a Ranger Hospital.

Ranger Police Chief W. G. Founds and Policeman Ed Freeman investigated the robbery.

Soil Experts Hold Meeting

BROWNWOOD, Jan. 23 (UP)—The 11th Annual Meeting of the Texas Soil Conservation District Supervisors' Association got under way today with some 350 to 400 soil experts in attendance.

One of the features of the meeting which continues through noon tomorrow will be awards to five outstanding district supervisors of the state—one from each district.

J. W. Hess of Muenster, chairman of the Upper Elm-Red Soil Conservation District Board of Supervisors, already has been announced as state winner of a contest sponsored by the Texas Bank & Trust Co. of Dallas.

Names of the other winners will be announced when P. B. (Jack) Garrett, president of the Texas Bank & Trust Co., makes the awards this afternoon. Garrett also is scheduled to speak on "how bankers can assist soil conservation districts."

Madge Meredith Wins Court Case Over Her Home

LOS ANGELES, Jan. 23 (UP)—Actress Madge Meredith, attempting a comeback after serving nearly three years in prison, was all set today to move back into the home her former business manager took from her by fraud.

But to the pretty former starlet the high point of her suit to regain the house from Nicholas Gianacis was the realization that "someone believed me."

Miss Meredith, who was sentenced to prison for life in 1948 for conspiring to have Gianacis and his bodyguard, Verne Davis, kidnaped and beaten, burst into tears yesterday when Superior Judge Thomas J. Cunningham ordered Gianacis to turn back and the \$22,500 home to her by Feb. 1.

Cunningham ruled that Gianacis obtained the house by "fraudulent representations" and ordered him to pay the actress \$11,371.55 in back rent.

State's Offer To Widen Hiway 80 Receives Approval

Telephone Co. Appears Again To Seek Rate Raises

The Ranger City Commission unanimously and very enthusiastically approved a proposal by the State Highway Department offering to widen Highway 80 from near the South City limits to Houston Street, a distance of approximately 1.42 miles.

Two representatives of the Highway Department met with the commissioners last night and explained to them more fully than the department's letter just what the city would have to do in their part of the widening work.

The engineers told the commission at the meeting that surveying work would probably take place sometime this week and that the city would be given the needs of right-of-way and specifications for curbing thoroughfare.

The representatives of the Southwestern Bell Telephone Company met with the commission again last night to renew their request for an increase in the telephone rates in Ranger.

Despite determined efforts and terrific pressure brought about by the telephone representatives the request for a raise was not granted.

The Texas Highway Department in the letter to the City of Ranger outlining the proposal for widening the Highway 80 highway through Ranger is reported here in part, in as much as pertains to the actual qualifications that need to be met by the city to fulfill their part of the work.

WHEREAS, an analysis of the needed work indicates that such widening will be of material benefit to the traveling public; NOW THEREFORE, the State Highway Engineer is directed to tender the following proposal to the City of Ranger:

1. Furnish all necessary right-of-way clear of obstructions and free of property damage from near the South City Limit to Houston Street.

2. Provide for the immediate construction of continuous curb and gutter, utility adjustments, storm sewers, etc., all as may be necessary for a complete project with the exception of pavement widening from Blackwell Street to Houston Street.

3. Assume responsibility for the construction of driveways and sidewalks should they be deemed necessary now or in the future.

4. Maintain that portion of the work which is its construction responsibility and enter into agreements according to standard forms of the Highway Department to indemnify the State during and after construction against any and all liability or damage growing out of such construction, to regulate traffic, to provide for parallel parking and to prevent encroachment on the right-of-way.

The Texas Highway Commission will: 1. Provide for widening pavement and its support from near the South City Limit to Houston Street, at an estimated cost of \$72,000.

2. Maintain that portion of the work which is its construction responsibility.

It is understood that the responsibility of the Texas Highway Department is confined to the pavement and its support, and all other features necessary now or in the future to provide an adequate travel facility shall be the responsibility of the City of Ranger.

The ship will sail March 11 and is scheduled to arrive at Capetown March 26.

AMERICAN SABREJETS DOWN 2 RUSSIAN MIG'S IN "MIG ALLEY"

8th ARMY HEADQUARTERS, Korea, Jan. 23 (UP)—American Sabrejets shot down two Communist MIG-15 jet fighters in flames over northwest Korea today.

Another MIG was probably destroyed and a fourth damaged in the first conclusive air battle in "MIG Alley" since Sunday. UN losses, if any, were not given.

Sabrejets exchanged fire with 70 other MIGs in the same area later in the day, but claimed no hits.

Twenty-two enemy jets touched off the main battle by jumping 19 Sabres flying cover for fighter-bombers attacking railway targets. Four separate dogfights broke out 30,000 feet over the area north of Sinsaju.

Maj. Donald E. Adams, of Mt. Clemens, Mich., scored his second confirmed "kill" and Capt. William C. Kroy of Garden City, Kan., his first.

Maj. William E. Schaeffer of Boone, Iowa, claimed a "probable" and the damaged plane was credited to 1st Lt. Anthony Kuznetsov, Jr., of Catawissa, Penn.

The victory boosted the 5th Air Force's toll of MIGs to 172 destroyed, 32 probably destroyed and 346 damaged.

Kroy's wingman said the captain's bursts hit both wings and fuselage of an enemy jet and blew up its engine.

Adams said he fired four short bursts into the left wing of his MIG.

"The wing lit up and the plane began to trail smoke," he said. "Suddenly the pilot bailed out—it was as simple as that."

Other Allied planes attacked more than 1,300 Communist trucks loaded with supplies during the night. They destroyed at least 140 of them.

The ground war still was confined to minor probing attacks and patrols.

Another Hat Tossed In House Race

AUSTIN, Jan. 23 (UP)—Charles Martin Dickson of San Antonio has announced his candidacy for the post of Congressman-at-Large from Texas.

Dickson, 62, said he was filing his candidacy with J. E. Wheat, chairman of the State Democratic Executive Committee.

He said he believed in a "bipartisan ticket" composed of Gen. Dwight D. Eisenhower for president, and U. S. Sen. Richard B. Russell, Georgia Democrat, for vice-president.

People Paying Taxes Promptly; Due By Feb. 1st

City Secretary Lester Crowley stated yesterday that slightly more than eighty per cent of the personal property taxes had been paid in Ranger. All taxes not paid by February 1 will go on the delinquent rolls.

Mayor Price Crawley also reminded the citizens of the fact that after February 1st all delinquent personal property taxes will be turned over to the city attorney for collection.

You still have some time left to get your taxes paid before they become delinquent.

Cisco Man Is Electrocuted

Kenneth William Haggard, 23, of Cisco, was electrocuted in that city at 5 o'clock Monday afternoon when he came in contact with a 2,800 volt electric line. Artificial respiration was applied for several hours but to no avail, and he was pronounced dead at midnight.

The body was taken to Mt. Pleasant for burial. He was employed by the J. D. Stephens Electrical Contracting Co. of Denton.

Pilot's Body Missing Since June 10 Found

VICKSBURG, Miss., Jan. 23 (UP)—The body of a Texas pilot—missing for seven months after he performed as a jet-powered "guardian angel" for a flier friend in trouble—was found in the rusted wreckage of his Marine Panther jet yesterday.

Capt. Jack Woods of San Angelo, was lost June 10. Investigators said the plane apparently ran low on fuel while Woods flew a watch over a companion jet having icing trouble.

Marine authorities were to arrive today to examine the widely-scattered remnants of the F-4 type fighter, and direct the disposition of Wood's body.

The wreckage, well hidden from aloft by brush 22 miles northeast of here, was discovered by a Negro hunter.

Maj. Bob Neblett of the Civil Air Patrol said Woods left Hensley Field, Dallas, in a two-plane flight last summer.

The canopy of the second plane iced over. Neblett said Woods apparently circled until his companion was out of trouble, exhausting his fuel supply.

The iced jet reached Barksdale Field, La., safely. Woods radioed the Jackson, Miss., airport he would try to land there.

It appeared Woods became lost in murky weather and used up the little remaining fuel in the flight to the crash scene.

Man Held In Old Death Of An American

BERN, Switzerland, Jan. 23 (UP)—Swiss federal police announced today that have arrested a man believed connected with the mysterious death two years ago of an American Naval attache assigned to Communist Romania.

The attache, Capt. Eugene S. Karpe of Delhi, La., fell or was pushed from the famed Orient Express as it sped through a tunnel in Austria Feb. 23, 1950. The mutilated body was found by a track walker.

Swiss federal police chief Walter Balsiger said an "alleged Romanian — probably connected" with Karpe's death was arrested "a short while ago."

He refused to give further details, even as to whether the man arrested was the same unidentified Romanian seized soon after Karpe's death and released after questioning.

Balsiger's surprise announcement was the first indication that Karpe's death still was under investigation and that the inquiry had spread to Switzerland.

Karpe was a close friend of Robert Vogeler, American businessman who only two days before the attache's death had been convicted of espionage in Communist Hungary and sentenced to 15 years in prison.

The 45-year-old Karpe had visited Vogeler's wife and two children in Vienna the night before his death. Mrs. Vogeler called him "one of Bob's dearest friends."

He boarded the Orient Express in Vienna for a trip to Paris en route home on leave and plunged to his death only a few hours later south of Salzburg.

No official verdict ever was given in the death, but Austrian interior minister Oskar Helmer said at the time Karpe probably had been murdered.

Patient care and professional education both were provided by the March of Dimes, as shown here. Richard Heimrich, 4, of St. Louis, is making a come-back on the road to health, with March of Dimes help, since he was stricken with polio in 1949. March of Dimes also provided a physical therapy scholarship for Margaret Borth, of Maplewood, Mo., shown attending Richard.

where Karpe's body was found said he had clung frantically to a compartment doorway before finally being dragged beneath the wheels.

Non-Communist newspapers in Vienna said the death apparently was a "political murder." Some suggested the case somehow was linked to that of Vogeler, who finally was released by the Reds and expelled from Hungary last April after serving 17 months in a Hungarian prison.

Cotton Planting Deadlines Set

AUSTIN, Jan. 23 (UP)—Cotton planting deadlines were imposed on 56 Texas counties today as State Agricultural officials sought to halt a spreading infestation of pink bollworm.

The order was issued by Agricultural Commissioner John C. White and extended planting and plow-up deadlines from three Rio Grande Valley counties to a new total of 59.

The control area extends from the coastal Ben West to Val Verde County and from the Rio Grande Valley north to Travis County.

"Out of thin air" comes the **HIGHEST HORSEPOWER** in Buick history

NOTE FROM YOUR BUICK DEALER:
Presented here is the story of a great new engine development, as told by the men who did the job. We reprint the story here in its entirety — as we couldn't beat it if we tried.

No, we didn't have to build a new engine. We took Buick's valve-in-head Fireball Engine—which makes the most of high compression. We drew on 12 patient years of Buick carburetion research.

And we came up with more might, more miles, from gas—right out of thin air, in more ways than one.

When you talk about "miles per gallon" you think of fuel, because that's what you buy. But air's free—and for every gallon of gasoline, a busy engine can gulp more than 8,000 gallons of air.

The problem is to deliver air in the right proportions, throughout the full range of speeds at which you drive.

A carburetor—big enough to supply the air needed at full throttle—can be wasteful in stop-and-go driving. A carburetor sized for thrift in city traffic literally smothers your engine when you really give it the gun.

So Buick engineers developed the Airpower carburetor—a four-barrel automatic—and here's how it works.

Loading along, two barrels are working, two stay closed. And you get a low-speed

thrift and smoothness that's out of this world. As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel.

You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe.

You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30.

That's the story of Airpower carburetion in facts and figures straight from the factory. But statistics can't tell you the breath-taking joy of heading for new horizons in a great-powered new ROADMASTER.

When can you do that? Better come in soon. Lots of other folks are flocking into our showroom these days to see the greatest array of new Buicks we've had in years.

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

'The High Calling' Review Tuesday

The home of Mrs. W. L. Downtain was the meeting place for the Columbia Study Club Tuesday afternoon at 3 p.m.

Mrs. David Pickrell, president, presided over a short business session and Mrs. M. L. King brought the book review on "The High Calling" by James Street.

This book is a novel and deals with the religious life of a Baptist minister. It was stated by one reviewer that this book had done for the Protestant ministers what the "Cardinal" had done for the Catholic priest. Mrs. King gave from the book the human side of a minister's life and about his character. She reported that it was a very interesting and inspiring book.

Refreshments were served to Mrs. John Thurman, M. L. King, Saunders Gregg, Stanley McAnelly, W. D. Conway, David Pickrell, J. E. Matthews, L. R. Pearson, E. M. Kuykendall, J. P. Morris, E. E. Crawford and W. L. Downtain.

The next meeting will be in the home of Mrs. McAnelly and Mrs. Johnson Thurman will bring the book review at that time.

Study Course To Continue Tonite

The all church study course sponsored by the Sunday School of the First Baptist church continued last night with a very large group of the membership present. Brother Ralph Perkins is teaching the Intermediates, Young people and adults from the book "The New Testament Doctrine of the Church." He has been pointing out to the group 'why' we believe as we do.

Brother Jasper Masseege, pastor of the Second Baptist church is teaching the Junior group "The Junior and His Church." He has had a large number of juniors present this week and the spirit of the group is encouraging others to come.

There are two forty-five minute periods each evening with a thirty minute recreation period for the entire group. Last night the group entered into an action song which gave everyone an opportunity to enter into the fun. Following the fun period Reverend Masseege brought a serious thought based on John 1:41, 42.

The finest spirit of fellowship and earnestness has prevailed all week and from all indications this week will be not only a great week for the membership of the church, but for the cause of Christ, in this community, according to a statement by Bill Bullock, educational director for the church.

You are missing a wonderful week if you are not attending this study course, therefore, it is with pleasure that the membership of the First Baptist church invites you to be present tonight at 7:00 p.m.

Plans For Polio Drive Outlined

The Hodges Oak Park Parent-Teacher Association held their regular meeting Tuesday afternoon, January 22 at 3:30 p.m. in the school building.

Mrs. Walter Daniels' third grade presented "Hiram and Sophia at the Fair", which consisted of songs and drills with the boys and girls dressed as "country children."

Mr. Lester Crossley, as guest speaker, spoke in the interest of the March of Dimes. He gave information as to ways the Foundation Money was used and also stressed the fact that regardless of a person's financial status, the polio patient receives the best of care. He outlined the plan for the Mother's March which is a house to house visitation on the night of January 31 to raise our quota for the March of Dimes.

The president appointed Mrs. A. W. Warford and Mrs. J. A. Townsend as chairmen of the drive in the section of town west of the railroad.

Two Teams Now Leading Pioneer Conference Race

The San Angelo Rams pulled into a tie with the Arlington State Rebels in the Pioneer Conference basketball title chase last week by downing a surprisingly strong Schreiner Institute quintet, 61-56. The victory gave the Rams two consecutive loop wins.

Glen Lewallen, San Angelo's high-scoring forward, took over the leadership in the individual scoring department, replacing Jim Richardson of Arlington State, who was in bed last week with an attack of influenza. Lewallen now has 215 points in 11 games.

The San Angelo-Schreiner game was the only conference tilt of the week.

Arlington State and San Angelo continued their success against non-conference foes, the Rebels downing the North Texas "B" team, 42-28, and San Angelo edging Howard County, 48-46.

Only reported activity this week is a non-conference tilt to be played at Kerrville, Saturday night between Schreiner and Laredo Junior College. All other conference teams are idle on account of final examinations.

Conference play will be resumed January 30, with San Angelo playing Ranger at Ranger, and Schreiner taking on Tarleton State at Kerrville.

It Must Be Getting Pretty Tough Everywhere

WASHINGTON, Jan. 23 (UP)—Tom R. Soszka, a young business man in Torrington, Conn., wrote his congressman a letter.

It was on Hopalong Cassidy stationery and it said:

"Dear Congressman Patterson: My brother and I have a paper rout. Because one paper raised its price to 15 cents we have lost 2 good customers and may lose more. Can you do something about keeping taxes down so we can make an honest living."

Rep. James T. Patterson (R-Conn.) said Tommy's effort was "perhaps the most sincere, though provoking letter I have received since coming to Congress."

Judge Dispenses Justice Without Any Impartiality

LOS ANGELES, Jan. 23 (UP)—Superior Judge Allen W. Ashburn believes in dispensing justice impartially, even when he is the defendant.

Judge Ashburn returned to his court two minutes late yesterday.

"In the court's case, it's double," he replied.

after a recess and promptly fined himself \$5.

As he handed the court clerk the \$5, a woman juror spoke up. "I thought the fine was \$1 a minute," she said, referring to the judge's usual levy against attorneys who are tardy getting to court.

GIVE Voluntarily TO MARCH OF DIMES

Looking Back on 1951—

... the inventory shows that the scales weighed out a good portion of the better things for us to enjoy. While the mistakes we made stick out like a sore finger and our failures almost overwhelm us, yet these discouragements are small indeed when compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live in Eastland County where we have had the opportunity to serve a host of loyal customers for more than a quarter century.
