SEEN OR HEARD

The first thing everyone should do when they hear someone griping about the present government after the elections are over in 1952 is ask to see their poll tax receipts. If they can't produce one then you can know why they are griping.

They're not griping at the administration—it's themselves they are griping about for not casting their vote and having a voice in their government.

Our hat is off to all of you that paid your poll tax and will participate in the elections. But if you paid your poll tax and will not vote you are just defeating your own purpose and throwing away a dollar and six-bits.

Price Crawley said the Quarterback Club will meet for the final time before the banquet in February "to gather up the loose ends and make final preparations for the banquet."

He said they are expecting a full house at the Ranger Chamber of Commerce office about seven Monday night. This is one broth that too many cooks cannot spoil—in fact to few will spoil this one.

Ticket sales chairman, E. F. Arterburn, said that the sales on the tickets for the banquet have been going according to predictions and if they continue at the present rate there will be a capacity crowd on hand February 7 at the First Methodist church's basement, where the affair will be held.

You can get tickets by dropping in at the Ranger Chamber of Commerce or by calling E. F. Arterburn, James Ratliff, W. F. Myers, Rayond Lingle, Coaches "Stubby" Warden or Sam Aills. The tickets are \$1.50 per plate.

All of you rabid football fans should be right on the front row when the curtain is raised for the show. All year long you've supported them at the football games and now you can help them put on a good "feed."

Morris Newnam and Price Crawley are furnishing the food for the banquet "free gratis" and the wives of the Quarterback Club members will prepare part of it—so that means you'll get a swell feed from Morris and Price and the cooks.

Everyone knows a football banquet is not a football banquet without a film of some kind. You will see the Tech-TCU and the Sun Bowl (Tech-College of the Pacific) next Thursday night.

Price Crawley was your editor today. He was bought for a half day at the Lion "slave" auction and has to put in a half days of labor with the Times.

C. L. Roark Is Improving From Flash Fire Burns

The condition of C. L. Roark, former Ranger youth, is reported to be improved at the Monahan hospital.

Young Roark received third degree burns on his hands and arms and severe burns on his face and neck in a flash oil field fire near Royalty on the 16th of January. He is expected to be removed to his home in Royalty if he continues to improve as he has the past week. He is the son of Mr. and Mrs. W. L. Roark of Chillicothe, formerly of Ranger.

Bulldogs And Beauties Win At Gorman; Play Eastland Here

Both teams of the Ranger High School basketball team won their opening games in the Indian Trail Basketball Tournament at Gorman yesterday; both teams played Carbon.

Chico Mendoza and Tommy Hinds paced the Bulldogs; Mendoza tossed in 26 points and Hinds filled the bucket for 21. The Bulldogs meet Eastland tomorrow afternoon in their advanced trail.

Cocher Sam Aills said the team "slopped" their way to overcome Carbon High 62 to 12. Betty Pounds paced the Beauties by making 26 of their 52 to

TOO EARLY AND TOO LATE: The armed services regretfully turned down an application for enlistment from a San Francisco, Calif., miss because of her birth date—she was born in 1942, slightly under enlistment age. Marsha Hoyt, 9, left, said in her application: "I want to be a WAC in the Air Force. I'm only 9, but I can carry papers and do other things. My father was 1st Lt. Garner C. Holt. His grave is in the Golden Gate Cemetery. Please take me." A total of \$1,297 in back pay and disability is owed to him by the Army for services in Korea, says Riccardo Del Vecchio, right, of Detroit, Mich. Discharged four months ago, Del Vecchio has asked the Veterans Administration to intercede for him. With him are his son, Mark, and his wife Ubaldina. (NEA Telephoto).

LION'S SLAVES WORKED HARD BY THEIR HALF-DAY MASTERS

The three slaves sold by the Lions Club yesterday for the March of Dimes, Saule Perlestein, Price Crawley, and Nick Crawford, went to three local people who had them for a half day's work.

Morris Newnam of the Ranger Frozen Food Locker bought Saule Perlestein, who was the first one sold. After Morris had owned him for a few minutes he got up before the gathering and told Saule that he could do one of two things: Get out and raise an additional \$25 for the March of Dimes or go down to the Locker Plant and "Scrape a hog." At the last report Saule was still out this morning trying to raise the money for the campaign to stay away from labor at the Frozen Food Locker.

The second slave, Nick Crawford, was sold to Mrs. Willard Swaney of Swaney's Pharmacy. Mrs. Swaney had Nick wash a window and wait on a few customers in the store and then ran him off as he was trying to direct all the business to the Oil City Pharmacy.

The other member sold went to Joe Dennis, publisher of the Ranger Times. Slave Price Crawley reported to work Friday morning, (slightly late), and "acquired" information necessary for the story you see on this page on poll tax. He also became acquainted with the operator of one of our linotype machines and was the victim of a

Poll Tax Payers Swamp Collector 6,600 Are Sold

The exact number of poll tax receipts issued in Eastland county may not be known for a day or so, though Collector Stanley Webb, stated late last night, that the figure would be better than 6,600 when all reports have been turned in.

There has been a gradual increase in payments each day for some time, and it was known a day or so ago that the 5000 mark would be reached with hundreds to spare. Eastland was working on the last book late last night. Cisco substitution was out of receipts and were taking the cash and giving receipts on white paper; these of course will be taken up and good receipts will be issued.

At any rate people have certainly done themselves proud. Poll tax receipts and exemptions combined, will give Eastland county considerably more than 7,000 qualified voters this year.

Dispute Shuts Down Pumps On Rio Grande

MATAMOROS, Mex., Feb. 1 (UP)—An international dispute caused by a grave Rio Grande water shortage idled pumps on both sides of the river today.

Matamoros officials ordered pumps to shut down from 10 p.m. yesterday until 4 p.m. today. Brownsville citizens stopped drawing water several days ago, but the supply at Matamoros dwindled to only enough for 24 hours.

Mexican officials have charged that diversion of water by U. S. users violated an international treaty. U.S. Consul Culver Gliden joined them yesterday in asking Texans to reduce their claims on the river's flow.

Frank Sparks Of Eastland Speaks At Lions Club

The Lions Club has as their guest speaker, brought to appear before the club by County Attorney Joe Neussale, Attorney Frank Sparks of Eastland who told of some of the interesting anecdotes in the life of a lawyer.

He had the Lions in an uproar telling of some of the funny instances that have happened in the courtroom. Sparks told of one very humorous but true story on himself that happened in a trial some years ago.

After the lunch and then hearing Sparks, the Lions concluded final plans for the auction they were to have in front of the Ghosion Hotel after the meeting was adjourned.

Rangers Will Play Saturday

The Rangers host another of their Pioneer Conference foes here Saturday night as they try for a break in their conference losing streak. The Rangers are winless in conference competition this year.

Schreiner Institute will be the opponent of the injury riddled Ranger. One of their top men, forward Tommy Wilson, is out of play with a sprained ankle.

Price Daniel In Speech Attacks Truman Regime

AUSTIN, Feb. 1 (UP)—Senator candidate Price Daniel directly attacked the Truman Administration last night and delivered a blow at Sen. Tom Connally, a power in the administration and his opponent.

Daniel declared Texans want new leadership in Washington and said responses to his campaign show that the people "want to see the waste, corruption and greed cleaned out of Washington."

In a radio speech broadcast by 29 stations, the 41-year-old Daniel harshly criticized the administration foreign policy—in which Connally has had a firm hand as chairman of the Senate Foreign Relations Committee.

"You who want a change in the Truman-Acheson foreign policy in the Far East can expect little help from those who have been its staunchest architects and defenders," Daniel said.

He asked for the votes of Texans who want "a spokesman from Texas who has no obligations to or alliances with present Washington influences."

Daniel would be free to fight all "dishonest and disloyal elements" in the administration as a new senator, he said.

He reiterated his stand for state recovery of the Tideland and pledged a fight against socialist influence in government. He said he favors a strong, stable preparedness program.

15 Cars T&P Train Wrecked

TERRELL, Feb. 1 (UP)—Fifteen cars of a 99-car Texas and Pacific freight train derailed four miles west of Terrell at 4:25 a.m. today, but no injuries were reported.

The accident caused considerable damage to the main line track, company officials said, forcing the re-routing of passenger trains on the Cotton Belt Lines via Big Sandy, Mount Pleasant, Greenville and Dallas.

Westbound passenger trains Nos. 1 and 21 and an extra train carrying the Baton Rouge Chamber of Commerce to the South-west Exposition and Fair Stock Show at Fort Worth were caught behind the wreck.

In addition, the eastbound passenger No. 8 was also forced to detour.

The accident occurred near Lawrence, a switching point west of here.

There was no immediate explanation for the cause of the derailment.

March Of Dimes In Ranger Success

Robert S. Calvert Is Candidate For Re-Election

Robert S. Calvert of Travis County, Comptroller of Public Accounts of Texas, today filed his application with the State Democratic Executive Committee for a place on the 1952 Democratic Primary Ballot as a candidate for his second elective term.

Calvert, appointed in 1949 by the late Governor Beauford Jester to fill an unexpired term, is now serving his first elective term.

He is a native Texan, born in McLennan County. He later moved to Brown County where he attended the public schools and Howard Payne College. Calvert held responsible positions in Sweetwater with the Santa Fe Railroad, The West Texas Electric Company and First National Bank.

During World War I Calvert enlisted and, after receiving technical training at Cornell University, served with the Air Forces in France and Germany.

Comparatively new as Comptroller, Calvert is not new to that department. He served as financial statistician and chief clerk to the late George H. Sheppard for a number of years.

Calvert is a member of the Austin Lions Club, American Legion and Ben Hur Temple of the Shrine. He is an elder of the Central Christian Church in Austin.

New Premier To Cut Out Rioting By Egyptians

CAIRO, Egypt, Feb. 1 (UP)—Premier Aly Maber Pasha ordered today court martial trials for all violators of public order, including those responsible for murder and arson in last Saturday's Cairo riots.

Mahr, installed premier after the disturbances, issued a military order calling for the court martial.

It did not specify whether or how it would affect operations of Egyptian guerrillas and "Liberation" battalions.

A 12-man national front council including the powerful Wafdist Party was being formed to guide Egyptian negotiations with the West, in a step toward eventual settlement of the Suez Canal dispute with Britain.

British Ambassador Sir Ralph Stevenson called on U. S. Ambassador Jefferson Caffery today. The two have been in almost daily contact since the trouble erupted last weekend.

Churchill Gets Confidence Of The Parliament

LONDON, Feb. 1 (UP)—The British Parliament upheld Prime Minister Winston Churchill government last night defeating a labor "no confidence" vote on the conservative's super-austerity program, 309 to 278.

Parliament, after defeating the Labor motion, passed 306 to 275 a Conservative motion approving the bill which tightens Britain's belt in a fight against economic bills.

Mothers March Climaxes Month Long Fund Raising Campaigns

(Editors Note: The writer, Price Crawley, was bought at auction yesterday by the publisher of the Ranger Times, Joe Dennis, and assigned the task of writing the March of Dimes story for the paper.)

By Price Crawley
This year the March of Dimes in Ranger has been very successful, as of this morning there has been a total of approximately \$2,000.00 already put into the bank to the credit of the March of Dimes, and there are still workers to be reported in addition to the miniature iron lungs and jars that have been placed in the business houses.

Although the persons heading the drive would like to give individual credit where due it is

Youths Confess To Taking Of Kennedy Jewels

WASHINGTON, Feb. 1 (UP)—Two 17-year-old youths have confessed the \$33,750 theft of jewels owned by Jean A. Kennedy, 23-year-old daughter of Joseph P. Kennedy, former U. S. Ambassador to Britain, police said today.

Authorities said the boys admitted the robbery shortly after their arrest last night. They said \$25,000 of the jewelry had been recovered, including a \$12,000 bracelet which they had sold to a friend for \$3. The third boy also was held.

According to their confession, police said, the two boys took a suitcase containing the jewelry from Miss Kennedy's convertible last Sunday while it was parked in front of the home of her brother, Robert. They split up the jewelry and later told the third youth about the theft and sold him the bracelet.

Billy Graham To Hold Rally On Capitol Steps

WASHINGTON, Feb. 1 (UP)—Evangelist Billy Graham completed arrangements today to use the Capitol steps as his pulpit Sunday for the first big open air rally of his Washington revival crusade.

Only sub-freezing temperatures, snow or rain will keep the 33-year-old revivalist from preaching an outdoor sermon at what he hopes will be "one of the most historic meetings of our generation."

Graham is conducting a one-month Washington crusade in an effort to "re-awake" the spiritual consciousness of the capital.

Eastland Becomes Part Of Water Supply District; Vote Portrays Sentiment Of Voters In Eastland

With a vote of 393 for, and 7 against, Eastland voters have declared themselves as being in favor of joining with Ranger in the Eastland County Water Supply District.

Charter for such was granted to Ranger some months ago, but the cost for such a project would probably prove burdensome to a single city, hence Ranger's willingness to accept Eastland as a portion of the district; the two cities to share and share alike. As a matter of fact it will cost very little more to arrange water for the two cities than it would for one.

It will necessitate the purchase of a larger filtration plant and pump station, but so far as the dam is concerned the extra cost will be negligible.

There was no doubt but that the election would carry through the final vote passed the fondest expectations of the most optimistic.

This means that Ranger and Eastland will compose the district and if Chico decides to come in she may do so by complying with the

almost impossible to do so, so shall try to high-light the campaign. The first large collection made resulted from a quilt donated by Mrs. Maggie Masters which was taken to Sig Faircloth's auction barn near Eastland by Rev. Garland Lavender, Rip Gallovey and others, and due to the very fine co-operation of Sig and the buyers present brought a total of \$341.15. A cake baked and sold by Mrs. T. L. Browning at the Ranger Livestock Commission raised \$78.50. The next large fund turned in was by the Lions Club of Ranger, who yesterday afternoon at 1:00 on Main Street sold at auction the services of three of their members who had "Volunteered", by motions by other members of the Club being made and seconded that they so "Volunteered". These very cooperative members were Price Crawley, Saule Perlestein, and Nick Crawford, whose services for a half day were purchased, to the tune of a total of \$230.12 by the following successful bidders, Joe Dennis, Morris Newnam, and Mrs. Willard Swaney. The bidding was done on the progressive plan however, with the bidder only paying the difference between his bid and the preceding bid, which meant that a large number of people contributed to the total above in addition to the successful, or last bidders.

Another group that deserves a lot of the credit for the success of the campaign this year was the Ranger Volunteer Fire Department whose basket ball game and cake sale brought in a total of \$143.00. These men give a lot of their credit to citizens who played basket ball for them, high-lighted by Rev. Garland Lavender pastor of the First Methodist Church, and Rev. Ralph Perkins, pastor of the First Baptist Church.

Probably the most impressive, and certainly the group that represented the most work, as well as the largest lump sum contributed, was that of the women of Ranger who in their "Mothers March" last night had turned in by 9:30 the sum of \$755.42, and at that time there were several of the group captains to report, so that it was estimated today that the total of the Mothers March would reach possibly \$900.00.

As stated at the beginning of this story as of today there has been a total of approximately \$2,000.00 already banked, and it was estimated for Ranger this year would probably be around \$2,500.00 to \$3,000.00, which certainly reflects the fine spirit of Ranger Citizens, and I think that we are all indebted and grateful to Mrs. J. A. Bates, and local chairman, Lester Crossley, who organized and directed the March of Dimes in Ranger.

We can expect to see new faces in both these cities. Property prices will become steady rather than "shaky", and residents of the cities will have some incentive to move them on to better and greater things. Manufacturers now seeking desirable locations for plants, will have reason to consider Eastland and Ranger, which they have not done in the past.

Texas Has 40,000 Miles Paved Roads Without Any Indebtedness

AUSTIN, Jan 31—More than 40,000 miles of paved state highway constructed with no bonded state indebtedness—that's the record of the 35-year-old Texas Highway Department. While other states burden themselves with heavy bonded debts for roads, Texas builds more and better roads on a pay-as-you-go basis.

These 40,000 miles represent that portion of the state's total 198,000 miles that Texas dollars alone have paid for. Although early roads were built on hope almost as much as on money, Texas has over the year evolved a financing program that not only keeps the state out of the red but has resulted in one of the nation's finest networks of state highways.

NEWS FROM CHEANEY

Comes a Sunday and I fail to get to church. News is difficult to gather in, anyway. We thought it was going to rain so we did what all other housewives do—we cooked dinner for company. In this case it was for our son and his wife, Mr. and Mrs. Billy Tucker from Jal, New Mexico. They also visited her parents, Mr. and Mrs. Fred Joiner and returned home Tuesday afternoon.

Cheaney church folks were pleased to hear a young man Friday night, who once preached regularly for them about nine years ago. His name, Don Wilson and this chance to meet him again was indeed pleasant. His sermon topic "Blueprint of the Church" was ably presented and he also told of his work the past years in New Mexico, Arizona and at Mission Points in Craig and Ketchikan, Alaska. His work as a missionary also carried him to Greenville, South Carolina among the negro folk.

Mr. and Mrs. Marvin Brock and children of Ranger came for the meeting and carried him home with them for the night. For the past nine months he has been ministering for the church in Apache, Oklahoma.

Mr. and Mrs. J. W. Case and Mr. and Mrs. Herman Nergler of Alameda were at the meeting.

Mr. and Mrs. Arthur Love, Betty and Junior were visitors in Ranger on Monday.

Some folk are listed as ill with flu this week. Mrs. Ben Freeman, Melva Love, and the small son of the A. B. Ables.

James, son of Mr. and Mrs. Kenneth Brown was hospitalized in Ranger Monday morning with pneumonia. His grandmother, Mrs. Richard Tucker of Hobbs, N. M. came on Tuesday to stay until Thursday with the youngster.

Mr. and Mrs. J. W. Case and Mr. and Mrs. Jack Blackwell and girls visited Sunday in the H. A. Nergler home. Charles Nergler has again gone to Snyder to resume work.

Bill Gisham of ACC delivered the sermon at the Sunday morning church service of the Church of Christ. He was the dinner guest of Mr. and Mrs. J. D. Rogers.

Bob Revel was able to be returned home from the Veteran's Hospital in Odessa on Friday. He is much better. His wife, Yvonne and baby visited M. C. Rogers on Tuesday.

Mrs. Ann Rogers and children visited her sister Mrs. Melva Love Sunday. The Melva Love family visited in Meridian last week with Mr. and Mrs. Ike Yancey and son Bernie, Jr., the occasion being the birthday of Bernie and of Joy Love, who are cousins.

Mr. John Fonville was hospitalized last week after his pickup truck collided with a road truck. He suffered minor cuts and bruises around the face and neck.

Mrs. Belle Blackwell is spending a few days this week with Mrs. John Blackwell near Staff while John is away at work.

as you make certain the salt and pepper shakers are in place.

After the main dish coffee serving, hold the coffee brew in the pot at serving temperature until time for dessert. To do this, put the pot in a pan of hot water on the stove. Or get one of the very cheap asbestos pads to place over one of the burners on the stove. Very low heat under the pad will keep the coffee good and hot without permitting it to boil.

Remember that boiling coffee spoils it, and that coffee which has cooled can not be reheated without loss of flavor. So keep it hot until you are ready for the second servings.

Restoration Of Wild Life Will Start In Texas

"This delivery of a load of deer for the new restoration area," he said, "marks a milestone in our combined efforts to improve Texas as wildlife resources."

"The success of this undertaking has been assured in advance because the local folks in the immediate area of the transplanting have strongly shown their intentions to cooperate."

The deer are being brought to the Crockett area after being trapped on the Aransas Federal Wildlife Refuge. The first consignment is expected to number more than twenty head.

Biologists have provided food and cover for white-tailed deer in the large restoration tract, less than 20,000 acres of which are in the Davy Crockett National Forest.

FRECKLES AND HIS FRIENDS

DOLLARS and SENSE in FARMING

Feeds Pulletts for Fast Growth

ROBARDO, KY.—Charles Branson is another Southern poultry keeper who has found it pays to feed his pullets for fast, full growth. He started 1,000 in the spring. After feeding 2 pounds Starlena for about 3 weeks, he separated the cockerels and pullets. Cockerels were fed out on Broiler Chow, made especially to grow pump meat birds at low cost. He advertised and sold them right at the farm for 40¢ a pound.

"I fed the pullets on Growma Checker-Bits," said this money-making young farmer. "Man, you should have seen 'em grow. I only lost 21 out of the whole 1,000 chicks started!"

There were 978 pullets, and production began to zoom early in the fall. By the time they hit peak production, Branson had sold down to 625 birds. For 60 days, hand running, they laid over 450 eggs a day.

At the end of the year, he figured what he took in from eggs, broilers, and cull hens. Then he subtracted his cost for Starlena Growma and Layna Chows (plus grain for the hens). He found he had made a profit of more than \$4 per hen for the year.

Is he growing his pullets on same program again this year? "You bet, I am," says Branson. "Give me full equipment every time."

Coffee With The Meal Is New Custom

Coffee with the meal, rather than just after, is rapidly becoming a custom in this country. It probably started with the men in our lives. They learned the trick from luncheon's at "downtown" eating places, and discovered that coffee served with the main dish is a very pleasant eating habit. More and more women are picking up the custom from sandwich luncheons. Who can think of eating a sandwich and drinking the coffee later?

... the inventory shows that the scales weighed out a good portion of the better things for us to enjoy. While the mistakes we made stick out like a sore finger and our failures almost overwhelm us, yet these discouragements are small indeed when compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live in Eastland County where we have had the opportunity to serve a host of loyal customers for more than a quarter century.

State Welfare Director Visits Local Worker

Miss Rosalind Giles, director of the Child Welfare Division of the State Department of Public Welfare was in Eastland Wednesday and Thursday conferring with Mrs. Lantha Elliott, child welfare licensing worker in this area.

Mrs. Elliott gives consultation services to people, who are caring for other people's children, and makes studies of the places where the children stay, in order to determine eligibility of these places for a state license.

The steady increase in the number of working mothers, who leave their children to the care of others has made the state department conscious of the need of this service to assure these children desirable surroundings and good care. This is one of the several types of services for children that the State department stresses as worthwhile and necessary.

Further information concerning the licensing of such workers can be obtained by writing to Mrs. Elliott, Box 471, Eastland or by telephoning 279, Eastland.

Police Estimate \$114,800 Taken In Jewel Robbery

NEW YORK, Feb. 1 (UP)—Police estimated today that jewelry stolen from fashion designer Mollie Parnis by three bandits in her swank Park Avenue apartment was worth \$114,800. In addition, the thieves took \$1500 in cash.

It was the second major jewel robbery in the plus uptown diamond belt area in three days. On Monday Mrs. Scott Scammell, wife of a wealthy attorney, was robbed of \$100,000 in jewelry when a lone burglar entered her 12-room Fifth Avenue apartment.

Both Mrs. Scammell and Miss Parnis—Mrs. Leon J. Livingston in married life—tried to talk the thieves away from the path of crime. Their lectures failed. "Don't take my jewelry," Miss Parnis urged. "Take this—" and she held out \$1500.

"We'll take everything," the gunmen said and pocketed the currency along with all the jewelry they could find. However, two bracelets and a diamond necklace worth \$50,000 were overlooked.

Starved Infants Mending; Court Fight Develops

SAN ANTONIO, Feb. 1 (UP)—The blighted bodies of 3 year-old Geraldine Cook and her infant brother Larry continued to mend today but a wrangle for their custody churned through the courts.

An offer for guardianship of the half-starved babies, taken near death from an aunt and uncle's home a week ago, has temporarily been turned down because the San Antonio Children's Service Bureau hopes to place the children with guardians who will remain anonymous.

Mr. and Mrs. Bill Arch Lucas of Austin want to take Geraldine into their home and the tiny girl's mother, 23-year-old waitress Eloise Cook agreed to the arrangement.

District Judge Raymond Gerhardt, however, yesterday reset until Feb. 29 the hearing on the Children's Bureau request.

Shelby H. Cook, Jr., father of Geraldine and former husband of Eloise, has asked for the girl's custody himself. He claims to be

approaching. It was his friend, who galloped up excitedly. "Stop!" he cried "You gave me the wrong key!"
