

Shivers Launches Fight Against The Fair Deal

SEEN OR HEARD

One of our neighbors from Caddo, Tom Downing, known as the "mayor of Caddo", was in the Chamber of Commerce Wednesday afternoon visiting with "Rip" Galloway.

After he left the Chamber office he was going around to renew acquaintances with some of his other friends with whom he has known and worked in Ranger.

We think they should name the proposed lake Eastland and Ranger are trying to build Galloway lake. You can get "Rip" started on that project and he can go for hours at a sitting.

He and 392 Eastland voters against 7 opposed, can't be wrong about the need for a lake.

Beverly Dudley, agriculture teacher at Ranger High, was in here the other day and told us about a recreation site the Area FFA boys are working on in Possus Kingdom Lake.

They have an island and some acreage near the State Park and are planning on really putting it in top shape if they can get some support.

It was the first we had ever heard of it and it all seemed very interesting and a worthwhile thing for the youth. After it is completed it will not only be open to the FFA groups, but to all youth organizations.

Dudley said he would get us some more information for a story on it a little later.

Basketball season will end pretty soon and then it will be time for spring training for the football teams.

Coach Boone Yarbrough said he may not have a regular spring training this year, but may just work his boys out in "shorts" and teach them the fundamentals along with their track workouts.

Under Texas' new school laws the missing of school by senior athletes to try out in spring training is frowned upon, thereby cutting down on high school prospects coming out.

Tonight the football teams here get one of their very few chances to be entertained, rather than do the entertaining at the Quarterback Club banquet.

The boys and the cheerleaders will get to see three top teams in action on film and get a free feed, as well as hear one of the top coaches of the southwest.

Mrs. W. S. Barber Eastland Pioneer Resident Dies

Mrs. W. S. Barber, 103 East Valley, Eastland, died this morning about 9:30 after having been critically ill in a Gorman hospital. Mrs. Barber, a faithful worker in the First Methodist church, as long as her health permitted had been in the Gorman hospital for the past six weeks.

Funeral arrangements had not been made at press time but will be sometime Friday afternoon, R. F. Jones, a son-in-law, said.

Mrs. Barber would have been 85 years old next month. Making their home here with Mrs. Barber was her sister, Mrs. Durden and a brother, Jim Elmore. Mrs. R. F. Jones, of Eastland, is a step-daughter. Mrs. Crossley of Carbon is a daughter. Other step children are Jule Barber, who is critically ill at his home in Amarillo, Miss Jennie Barber of Breckenridge, Frank Barber of Houston, and Lynna Barber of Clovis, N. M.

Mrs. Barber is also survived by a twin brother, Ed Elmore of Archer City, and a sister, Mrs. C. C. Reynolds of Lubbock.

She had lived here for more than 45 years, friends said.

Queen In England; Will Assume Royal Duty Today

FIRST ACT WILL BE TO PLAN FOR KING GEORGE'S FUNERAL

By Jack V. Fox United Press Staff Correspondent LONDON, Feb. 7 (UP)—Queen Elizabeth II sped across Europe today on the last 3,000-mile lap of a flight from East Africa to assume the British throne.

One of her first duties will be to arrange the funeral of her father, King George VI.

The 25-year-old Queen, Britain's first female sovereign since Victoria, and her husband, Prince Philip, were expected to land at London Airport about 4:30 p. m.

Poultrymen Man Visit Kaufman

The following letter, signed by J. M. Cooper, county agent, is being mailed to numerous poultry growers in this county this week in an effort to arrange for a visit to Kaufman county poultry farms:

"We are proposing a one day trip to Kaufman County sometime in the next several weeks to look over their broiler raising plants and discuss with them their methods and marketing of broilers.

"They have at present time 126 houses of 3,000 capacity or larger per house.

"It is proposed that we leave Eastland around 7 o'clock a.m. and arrive back about 10:30 or 11 o'clock that night. Kaufman is about 35 miles southeast from Dallas.

"We get a bus of 33 person capacity for around \$3.50 per head roundtrip. We feel that this is much cheaper than going in a car. Besides bus fare you would be out money for dinner and supper unless you cared to carry a picnic lunch.

"Women as well as men are invited to go on the trip.

"If you think that you would like to go sign your name and address at the bottom of this letter and mail back to me in the enclosed envelope. If enough wish to go we will set a date, make arrangements for a tour down there, hire the bus and call on you for the bus fare. If there are not enough that care to go now we will postpone it until later on in the spring. Signing this letter does not obligate you to go at this time."

President Fort Worth Chamber Commerce To Speak At Luncheon

"My Town and My Chamber of Commerce," will be the subject of a talk at the February membership luncheon of the Ranger Chamber of Commerce Tuesday, Feb. 12, from 12 to 1 at the Gholson Coffee Shop.

B. E. Godfrey, president of the Fort Worth Chamber of Commerce, will address the group and a special invitation is extended to anyone in Ranger who is not a member of the Chamber of Commerce, according to Dr. Calvin W. Harris, President. Those wishing to attend this luncheon who are not members are asked to call the Chamber of Commerce by 9 o'clock Monday morning, Feb. 12.

Mr. Godfrey was re-elected this year as president of the Fort Worth Chamber for one of the most successful administrations in the history of Fort Worth and every citizen in Ranger should hear his address, states Dr. Harris.

Mr. Godfrey received his A. B. degree from Baylor University at Waco, in 1925, his LL.B. degree from the same university in 1928. He is a member of the American Bar Association, Texas and Fort Worth Bar Associations, a member of the board of regents of North Texas State College at Denton. He is vice president and director of the Trinity State Bank of Fort Worth, Life Insurance Co. of America, American Fidelity Insurance Co., and is a law partner in the firm of McGowan, Mc-

(11:30 a.m. EST) after an overnight flight from Kenya.

Waiting at the airport to pay homage to the Queen were Prime Minister Winston Churchill and a host of other notables representing the 613,000,000 persons over whom she now reigns.

Just one week ago at the same airport, the Queen as a carefree Princess had bade farewell to her father, and taken off with her husband on a projected 30,000-mile royal tour around the world.

Court circles believed King George's funeral would be held Monday, Feb. 18, to give nobility from all over Europe time to arrive in London. The King, of Sweden, Norway, Denmark, Belgium and Greece and the Queen of the Netherlands may be among those attending.

Elizabeth and Philip had reached only the first stop on their intended five-month tour—the East African Colony of Kenya—when word came that the King had died in his sleep of coronary thrombosis. They immediately cancelled the remainder of the tour and headed back to England.

Even while Elizabeth was in flight, she was formally proclaimed Queen Elizabeth II by the Privy Council at a solemn session in the banquet hall of historic St. James Palace here last night. It was the first time in 115 years—since Queen Victoria ascended the throne—that a female sovereign has been proclaimed.

The official proclamation will be read and published officially throughout the Commonwealth tomorrow. In London, it will be read at St. James Palace and then taken by a colorful procession of heralds and messengers to Charing Cross and the Royal Exchange to be read again.

It was expected that the King's body would be transferred from Sandringham House to the Church of St. Mary Magdalen on the estate grounds after dusk today. It will be placed before the altar.

Sometime this week-end, the 1st Battalion of Grenadier Guards will escort the King's body to London, where it will lie in state in the great Hall of Westminster, adjoining the Houses of Parliament, until the funeral.

A catafalque was being erected in the great hall today. It was there that the King's father, George VI, died.

The prolonged dry weather has resulted in the designation of 89 counties in Texas as disaster areas. No estimate is available of the actual losses sustained by farmers and ranchmen as a result of these production losses, but L. J. Cappelman, state director, of the Farmers Home Administration of Dallas, said that the situation faced by farmers throughout the state is one of the most serious since the drought of 1934-35.

Drought conditions reported by Cappelman follow closely those outlined by Pasture and Land Cover Conditions Map issued by the office of Louis P. Merrill, director, Soil Conservation of Texas, under date of January 15, 1952.

The map depicted conditions covering about two-thirds of the state extending from Bailey and El Paso counties on the west to Cherokee on the east and Starr on the south. Over this area, conditions are described as severe. Only in one-fifth of the counties are adequate moisture and cover conditions reported. A survey

completed recently by Cappelman's staff indicates credit conditions are tight, which prompted designation of the counties as disaster areas and Farmers Home Administration has made available funds for crop production purposes.

The record breaking drought cut crop yields drastically and because of low crop income many farmers have been unable to finance production of this year's crop. Disaster loans are available in each county designated as a disaster area. Farmers who have suffered production losses on crops and livestock may apply for funds to pay for feed, fertilizer and materials for insect control where needed, gas and oil for tractors, feed for livestock, essential farm and home operating expenses, and repairs to machinery and other expenses incident to production of a crop.

Credit is advanced under authority of Public Law 38 and is available in each county designated as a disaster area. (Continued On Page 2)

PROCLAMATION

WHEREAS, The week of February 6 through February 12 has been designated by Officials of our Country and of the Boy Scouts of America as "Boy Scout Week", and,

WHEREAS, We are all familiar with the work of the Boy Scout movement in building character, loyalty, love of God and Country in our youth, and,

WHEREAS, In our own community we are fortunate in having responsible christian men who are interested in Scout Work, and who are working constantly to bring our youth into the work, and,

WHEREAS, It should be our pleasure, as well as our christian and civic duty to assist in every way possible these men who are taking the lead in developing our boys into upright, loyal and responsible citizens.

NOW THEREFORE, I, Price Crawley, Mayor of the City of Ranger, do hereby proclaim February sixth through February twelfth "Boy Scout Week in Ranger," and respectfully urge all our citizens to lend their every effort to promote Boy Scout work in Ranger, and to encourage your boy to become identified with this great organization, which is dedicated to the task of moulding our youth in the principles of christianity and the American way of life.

GIVEN under my hand, and the seal of the City of Ranger, Texas, this, the Sixth day of February, A.D., 1952.

FHA Disaster Loans Available To County Farmers At Eastland

Third Member Frazar Family Dies of Injuries

The truck-car collision near Three Rivers yesterday has claimed another member of the Frazar family. Young David Frazar, two-year-old son of Mrs. Inez Frazar and a brother to three-year-old Morris Frazar, both of whom died yesterday of injuries received in the same collision died at San Antonio last night.

The father, T. Watson Frazar, was reported as recovering from the injuries he received in which three of the four members of his family were killed. It was stated that he will probably be able to attend funeral services for the three members of the family to be held Saturday afternoon at two o'clock in the Baptist church at Mineral Wells.

Junior High 4-H Meeting Held Friday

Assistant County Home Demonstration Agent Evelyn Bigby of Eastland directed a meeting for the Ranger Junior High School 4-H Club Friday in the high school building.

The meeting was called to order by Lesma Eakins and the program was on "putting in a sleeve" in various types of garments.

The members discussed having the annual Valentine's party at the meeting, but bypassed that party in favor of a picnic to be held sometime in March.

Prior to adjournment the members joined together in a few songs. About 27 members were present.

Wilbur Stiles Dies In Ranger Hospital Today

Wilbur Stiles, Eastland oil man, and for many years a resident of Eastland, died in Ranger General hospital, early today. He had been ill for some time suffering from a leg infection.

Arrangements for the funeral have not been completed, though it is known that the funeral service will be held in the First Baptist church, Eastland, at 3 p. m. Friday.

Surviving are his widow, a son, Clifton of Cisco, two brothers, E. R. Stiles of Fort Worth and A. L. Stiles of Ranger; three sisters, Mrs. Robert Sneed of Eastland, Mrs. F. G. Sneed of Petersburg, and Mrs. C. J. Gordon of Jefferson; his mother, Mrs. F. E. Stiles of Petersburg; several nieces and nephews and two grandchildren.

Quarterback Club Banquet Tonight

At 7:30 tonight approximately 65 members of Ranger's two football teams will be feted along with their coaches at the Quarterback Club's fifth annual football banquet.

Ticket sales prior to the banquet rose beyond all expectations. A well rounded program and an excellent meal is in store for those attending. DeWitt Weaver, Coach at Texas Tech, will be the speaker and will show two films of Tech games.

Tech College is showing growth. Tech sits in fifth place in enrollment among Texas colleges, according to a Federal Security Agency bulletin.

Tech's 4,801 students for the fall semester of 1951 places Tech eighth among 1,806 colleges and universities in the United States. Colleges leading Texas Tech in enrollment in Texas were Texas University with 12,290; University of Houston with 10,469; Texas A&M College with 6,519; and Baylor University with 4,986.

As a state, Texas was fifth in total college enrollment with 116,904 students. New York, California, Illinois, and Pennsylvania rank ahead of Texas in that order.

Governor Working Toward An Uninstructed National Group

By O. B. Lloyd, Jr. United Press Staff Correspondent AUSTIN, Feb. 7 (UP)—Gov. Allan Shivers has quietly launched his fight against the Fair Deal administration with a grass roots campaign to control the Democratic precinct conventions.

He is waging the battle on the basis of a single goal—an uninstructed delegation from Texas to the Democratic Presidential Nominating Convention, rather than an anti-Truman talk.

As head of the Democratic Party in Texas, an uninstructed delegation would leave the governor free to bargain in opposing the nomination of Mr. Truman or any hand-picked Fair Deal candidate.

In fighting for an uninstructed delegation, the governor is waging all or nothing. "If we get that," a source close to the governor explained, "we have won."

To achieve victory, the governor will have to start winning his fight at the precinct level. "Loyal Democrats", strong in their support meet him on that ground.

After that will come contests for control of the county conventions and, finally, the State Democratic Convention May 27 at San Antonio.

The governor has based his strategy of control on hopes for a coalition between the far-right conservatives, the middle-of-the-road Democrats, and the not-too-far-to-the-left liberals.

Customary Democratic shenanigans of splinter parties and rump conventions do not jibe with the governor's plans.

The greatest threat on this front comes from the arch-conservatives, long identified with the "Texas Regulars, Dixiecrats," and "States Righters."

Victory for Shivers would be jeopardized if this group should bolt. However, it has been reported leaders of this faction have promised to stay hitched to Shivers' leadership—at least through the state convention and up to the national meeting.

The governor's appeal to this group is based on his willing acceptance of party leadership, his known opposition to the Fair Deal administration and his fight for the uninstructed delegation.

His strategy of taking down anti-Truman talk is aimed at the liberals.

To this group, able lieutenants of the Shivers' administration are pointing out: "A vote for an uninstructed delegation is not a vote against the Democratic party. It is a vote for bolting the party. It is not disloyal."

So far as the governor is concerned, the Conservatives and the Liberals could resolve and act on other issues as they would.

Shivers doesn't care. Taxes, foreign policy and domestic issues—aside from possibly the tidelands, are not involved in his campaign for the uninstructed campaign.

The overall planning of the grass roots campaign is being directed by two of the governor's top former aides—Weldon Hart and John Van Cronkrite, both of whom are now joined in a public relations firm.

The governor, meantime, is warning that voters in this election year must decide between "creeping socialism" or returning government "to the man in the street."

The issue, the voters are being told, will be decided on the basis of who controls the precinct conventions.

"If you want creeping socialism," the governor recently said, "—say so. If you want the return of power—to the man on the street, you ought to say that, too."

Both pro-Truman and anti-Truman forces are advising voters the place to have their say is at the precinct conventions. Consequently, most observers are predicting attendance at this year's May 3 precinct meetings may reach an historic high.

Flier's Family Posts Reward

It was announced here today that a \$500 reward was posted Wednesday for information leading to the location of Perry Marvin Singleton, missing flier.

The 22-year-old pilot's family authorized Lt. Col. John D. Wallace, commander of Civil Air Patrol, Group 9, to announce the reward.

Singleton has been missing in the Abilene area since Saturday night when he talked for 20 minutes with the airport control tower there.

A University of Colorado student, he was flying a single-engine Beechcraft Bonanza to Dallas from Boulder, Colo.

Singleton's mother, Mrs. M. P. Singleton of Carmel, California, and two brothers, E. C. Singleton of Midlothian and M. C. Singleton of Dallas, who have been in Abilene since Tuesday, authorized CPA to offer the cash reward to "person or persons furnishing information resulting in the location of Perry Singleton."

Levelle Motor Inspecting Cars Under New Law

The Levelle Motor company here has announced they have all the necessary equipment and forms and with the approval of the Texas Department of Public Safety are inspecting automobiles under the provision of the new Safety Responsibility Law.

Mr. Morris Levelle said the requirements to pass the inspection test have been drastically modified. In general the requirements were lowered so that automobiles in good sound driving condition can be passed by the examining stations and be given a certificate of fitness.

Shivers' administration are pointing out: "A vote for an uninstructed delegation is not a vote against the Democratic party. It is a vote for bolting the party. It is not disloyal."

So far as the governor is concerned, the Conservatives and the Liberals could resolve and act on other issues as they would.

Shivers doesn't care. Taxes, foreign policy and domestic issues—aside from possibly the tidelands, are not involved in his campaign for the uninstructed campaign.

Handicap At Country Club Rescheduled

Bad weather forced postponement of the handicap golf tournament that was to have been held last Sunday. This event has been rescheduled for this coming Sunday afternoon.

All golfers who are interested in playing are urged to be on hand by 1:00.

Members may be advised of the handicap by calling Mr. W. A. Ball at the club.

Scout Exhibits Displayed In Wards, Killingsworth's Windows

Make room in your plans now to go by Montgomery Ward and Co. and Killingsworth's Hardware and see the two window exhibits the two Scout Troops of Ranger have in the space generously donated by these stores.

Troop 15, sponsored by the First Baptist Church, has a display in Killingsworth's window showing hobby work, knot tying, camping equipment and other equipment used by the Scouts or made as part of their Scout work.

Troop 10, sponsored by the First Methodist Church, has an outdoor life exhibit in Ward's window showing a Scout with wood gathered for a fire in front of his tent and other camping equipment. To make the scene even more realistic the Scouts of Troop 10 added branches from trees and scattered leaves around their exhibit.

These two works in Killingsworth's and Ward's windows are only showing you some of the highlights of scout work. It is done in conjunction with the observance of their 42nd Birthday to acquaint more people with Scouting.

Scout work further an understanding among the youth of our community by bringing them together for work and play, teaching them valuable handicrafts, citizenship, and love of God, their country, and their fellow man. They so generously contribute their time to work willingly and freely at civic functions to insure success of any undertaking as long as it is of benefit to their fellow man. Scouting is and has done, as much or more than any other youth organization to better equip youth for a better life.

ailable to family type farmers who have sustained losses, and who cannot obtain from local sources the funds requested to plant a crop this year. Farmers may apply for loans at the office of County Supervisor, George I. Lane, located in Room 509, Petroleum Building, in Eastland, Texas.

Capplemann admitted some concern about the lateness of the season and the lack of moisture and other favorable planting conditions. With the Department of Agriculture calling for full scale production in 1952, many areas of the state are going to be hard put to get acreage planted to the

program. "Despite adverse growing conditions, I believe farmers will come through," he said.

Improved farming practices that are emphasized in the FHA program will be discussed and agreed upon by the county supervisor and the applicant at the time the loan application is prepared. In discussing the farming practices Capplemann emphasized that a program of diversification is the safest course for farmers to follow. Case files in FHA county offices disclose that farmers who have carried out a balanced farming program with livestock do not need emergency aid this year even though they did sustain losses because of drought conditions last year.

In London, a line of men in high silk hats and women in mourning gowns waited patiently in the cold sunshine to enter the great door of Buckingham Palace to sign the register signifying their sorrow at the King's death and the condolences to his family.

Although her future home will be Buckingham Palace, Queen Elizabeth will drive straight from London airport to her present official residence, nearby Clarence House, where she will receive a

number of ministers of state and other officials.

Tomorrow morning Elizabeth will appear before the Privy Council comprising 250 of the greatest men of her realm and take her oath. Prince Philip, who was sworn in as a Privy Councillor only last Dec. 4, probably will attend.

West Texans Are Thanked For Fat Stock Show Aid

In a letter addressed to Chambers of Commerce, Mayor, Reception Committees, Police Escorts, State Highway Patrols, Editors and other, Chas. G. Cotten of the Fort Worth Chamber of Commerce, extended thanks to all West Texans for their cooperation in making a success of the 1952 Fat Stock Show. The letter in part follows:

"Well, the show is over, the weather was wonderful, and the people came to the show which, for fifty-six years, they have supported as no other Fat Stock Show and rodeo in the land. Prizes have been won and awards made to many fine boys and girls who, like their dads and mothers, long ago learned the importance of livestock to Texas.

"Among the thousands in attendance, surely there were those from your city and the surrounding territory, and to those of you who cooperated in making our Invitation Tour to your city "click" as it did, this general letter is a personal letter to say thanks, and I do mean thanks for everything you did.

"Here's wishing you success in your own undertakings in 1952 and, if there is anything that Fort Worth can do that will help you, please call upon us."

Marking Time in the March of Time—

... is somewhat like fighting without luck—there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstracter getting rich as such, but we have heard of those who have spent a life-time, as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.

Large Numbers Attend Meeting

Ministers' Week at Southern Methodist University, February 4-7, has drawn about 1,000 preachers from the Southwest. Highlights of the week are the three series of lectures, The Founders' Missions series, set up by the late W. W. Fondren of Houston, is being delivered by Dr. Heinrich Niebuhr, dean of faculty at Union Seminary, New York. The Jackson Lectures on the Bible are by Dr. Luther Weigle, dean emeritus of Yale Divinity School. They were established by the children of the late Mr. and Mrs. Robert W. Jackson of Palestine as a memorial.

The Peyton Lectures on Preaching were set up by Mrs. George L. Peyton of Mexico. They are being delivered by Bishop Richard C. Raines of Indianapolis. The lectures were honored at a tea at Kirby Hall on the Perkins Quadrangle Tuesday afternoon. Among other features are early morning devotions at Perkins Chapel led by Dean Merrimon Cunningham.

Ministers To Meet Friday

The Ranger Ministerial Alliance will have their regular monthly meeting at the Church of the Nazarene Friday afternoon of this week at 1:00 o'clock.

Plans will be made soon for the Easter Sun-rise service. Other joint projects will be considered at the Friday meeting, according to an announcement made today by a representative of the group.

Mrs. Thurman Reviews Book

The Columbia Study Club met Tuesday afternoon in the home of Mrs. Stanley McAnelly.

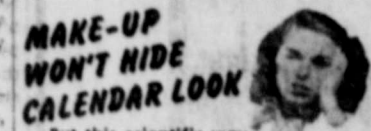

A short business meeting was held, after which Mr. John Thurman brought the book review on "The Road to Bithynia", by Frank Slaughter.

Lovely refreshments were served to Meses. Fabian, Matthews, Pickrell, Kuykendall, L. H. Haganan, Morris, Thurman, Gregg, Owens, McLaughlin, Pierson, McAnelly and Crawford.

Mrs. Crawford and Mrs. Kuykendall assisted Mrs. McAnelly with the serving. The next meeting will be February 19 in the home of Mrs. E.

E. Crawford, 426 W. Main and Mrs. Stanley McAnelly will bring the book review at that time.

Mrs. R. A. Holliday and Mrs. O. L. Jumper of Ranger had as their guests over the week end, their sister, Mrs. L. B. Lemmons and son David Lynn of Cedar Hill.

MAKE-UP WON'T HIDE CALENDAR LOOK
But this scientific way may avoid showing monthly "nerves" All you make-up in the world can't take that away. You look out of your eyes each month. But here's a modern way that has helped many women and girls who suffer from menstrual misery, nervousness and the signs of a "crabbed" or "tense" condition. It helps build strength and "relaxation" each month—no other "time" money wastes and no monthly "crab" as all. Also helps relax "stony" nervousness. Look and your normal "happy" self. Ask your dealer for Gardul. They "card-give" you.

SOCIETY

Auction To Be Held Feb. 19

The Priscilla Sunday school class of the First Baptist church met in the Fellowship hall Tuesday evening at 7:30 p. m., for their February social and business meeting. Mrs. Wilson Guest, Mrs. Earl Blackwell, Jr., and Mrs. Alvin Woods were hostesses.

A large table was attractively decorated in the Valentine theme with red linen cloth, red candles and a big red and white Valentine box. Lacy Valentines were given to those present with original verses written on each one. These were dropped into the box, shuffled and read in answer to the roll call.

During the business meeting the class decided to have a covered dish luncheon Tuesday, Feb. 19, at 12:30 p. m. in the Fellowship Hall of the church. Each member will bring a gift valued at 50c and these will be auctioned off with the money going into the class treasury.

After the business meeting Mrs. J. W. Elder, Jr. brought the devotional.

Coffee and cake was served to the following: Meses. Ralph Perkins, Bruce Harris, Earle Pittman, Bardin Bridges, J. T. Belnap, J. M. Hunt, J. W. Elder, Jr., and the hostesses, Meses. Guest, Blackwell and Woods.

Food Tastes Don't Change

If you're an average adult, you still prefer the foods you "remember from childhood"—and you probably remember most favorably—meat or fowl as your main dish and cake as your favorite dessert. These are a few conclusions reached as a result of a survey conducted by Helen McCully, McCall's Food Editor, to secure background for her eight page food article "Just Like Mother Used To Make" which appears in February McCall's—on the newsstands January 23.

Featured in McCall's February food article, as a result of the survey are:

Roast beef—it is the most fondly remembered meat with steak second and steaks thirds.

Roast chicken—it was the overwhelming fowl favorite. Turkey was a weak second, despite its festiveness.

Apple pie—the favorite pie of all age groups from all sections. Kicking for apple pie shade down as it goes west. Lemon pie is strong in the 21-30 age group. Folks under 21 have strong liking for chocolate pie.

Chocolate pudding—it placed second to rice pudding as the overall favorite pudding but was first with the under 21 group.

Although there is a strong liking among adults for "food they remember from home"—92 per cent of men still prefer it, 91 per cent of women—there is wide difference of opinion among regional groups. Only 72 per cent of New Englanders still prefer childhood dishes while mid-westerners prefer native food 100 per cent.

Local Residents Visit Program

Mr. and Mrs. Carl Page and Mrs. Winnie Staats spent the week-end in Vernon, Texas.

While there, they were guests of "The Sons of the Pioneers" who were there to help dedicate the new million dollar Wulberger Auditorium.

After the dedication ceremony, "The Rex Allen Show" featuring "The Sons of the Pioneers" sponsored by the Phillips 66 was broadcast from the huge stage with two performances in order to accommodate the people that had driven in from other states to witness this spectacular performance. Mr. Page reported that the highlight of the program to him was "The Pioneers" version of "The Lord's Prayer"—this was the closing number and was especially beautiful and impressive due to the unusual lighting effects.

Mrs. Staats accompanied the group by plane to Dallas before returning to her home Tuesday. As most everyone knows, Mrs. Staats has a very special interest in the Pioneers; as two members of the group, Hugh and Karl Farr are her brothers.

Their mother, Mrs. T. B. Farr of Ranger was unable to make the trip. This was a keen disappointment to Rex Allen and the Pioneers for they all have a deep affection for "Mom Farr."

Rebekah Lodge Donates \$5.00

Ranger Rebekah Lodge No. 244 met in the IOOF Hall Tuesday evening, Feb. 5, for a business meeting with Ethel Wright, Noble Grand, presiding.

The lodge voted to donate \$5 to the March of Dimes fund.

Those attending were Lulu Williams, Les Graham, Winnie Kirkle, Clara Ivy, Lewis Calder, Bertie Shipman, Edna Huffman, Mae Hunt, Mae Kyle, Ruth Plackwell, Leona Arterburn, Ethel Wright, Laura Todd, Sude Strong, Bettie Craver, and Ethel Johnson.

S-Sgt. Alexander To Go To P. I.

It was reported today that S-Sgt. McVain Joe Alexander is recovering wonderfully from a bone operation on his right hand. His hand was crushed between two bowling balls on January 24 at Camp Stoneman, Calif., where he has been stationed since Jan. 18. The knuckle bone had to be completely removed then placed back along with a steel ball.

S-Sgt. Alexander is shipping to the Philippine Islands. His wife, LaVeda and four-month-old son, will join him there in about six months. While he is away, his family is living alternately with her parents, Mr. and Mrs. C. E. Mitchell of Ranger and his parents, Mr. and Mrs. R. M. Alexander of Breckenridge.
