South Koreans Denounce UN As Defeated Command

Republic Dislikes Concessions Being Made To Reds At Panmunjom

By Arnold Dibbie
United Press Staff Correspondent
PANMUNJOM, Korea, Feb. 9 (UP)—The South Korean government denounced United Nations truce negotiators today for yielding to the Communists like "a defeated command."

"The Korean government views with great concern the continuing concessions which the U. N. delegates are currently making at the Panmunjom cease-fire talks," the government statement said.

It said the Reds were using 3,000 U. S. war prisoners as "hostages in order to demand" even further concessions.

"Neither the people nor the government of the Republic of Korea can tolerate these insulting humiliations," the Korean statement said.

The bitter statement was issued at Pusan, temporary capital of South Korea, as U. N. truce negotiators at Panmunjom accepted with reservations a Communist

proposal for a high-level peace conference within 90 days of the conclusion of a Korean armistice.

Under the U. N. counter-proposal, the conference would be limited to a discussion of the withdrawal of non-Korean forces from Korea, a peaceful settlement of the Korean situation and other Korean questions. The Reds had wanted to extend the talks to include a general Far Eastern settlement.

Vice Admiral C. Turner Joy, head of the U. N. delegation, also insisted that the South Korean government be represented in the talks. The Communist proposal had mentioned only the North Korean and Chinese Communist governments and the U. N. as participants.

North Korea Lt. Gen. Nam Il promised to reply to the U. N. counter-proposal at another meeting of the full truce delegations at 10 a. m. Sunday (8 p. m. Saturday EST). Today's session lasted only 15 minutes.

The South Korean government statement denouncing U. N. conduct of the truce talks said the Allies had been abandoning "one by one conditions which they had previously been demanding strongly of the Communists."

"The Communist delegates have never shown the slightest bit of sincerity during the talks and, on the contrary, are taking the arrogant attitude of the conqueror before the vanquished."

"The present position of the U. N. delegates at the conference appears to be one of a defeated command."

Air Force Is Cutting Plane Production 24%

WASHINGTON, Feb. 9 (UP)—The Air Force has been forced to whack 24 percent off its peak monthly aircraft production goal to conform with President Truman's new "calculated risk" defense budget.

The result will be to postpone until at least the end of 1955 the time when the Air Force will build up to its goal of 145 modern wings.

The first official word on the size of the cutback in military aircraft production plans was disclosed yesterday when Air Force officials were explaining to a House Armed Services Subcommittee why they have cancelled some machine tool orders.

Air Force undersecretary Roswell L. Gilpatric told the House group that the peak production goal for Air Force planes had been knocked down from 1,250 a month to 950. He told reporters afterward that the 1,250-plane peak was to have been attained in late 1953, but the lower goal will be reached still later.

These were the first official figures to give precise meaning to previous disclosures that aircraft production had been "stretched out." They were the first to show the scope of the major cutback in schedules ordered last month.

Gilpatric did not amplify his comment, other than to say the lower goal was a reflection of the administration's decision to postpone the time when the Air Force will have 145 wings. It now has about 90.

The decision to stretch out aircraft production over a longer period was taken with full knowledge of the "enormous risk involved," Air Secretary Thomas K. Finletter recently told a Senate Appropriations Subcommittee, studying the president's proposed \$52,960,000,000 defense budget for fiscal 1953. The Joint Chiefs of Staff had originally recommended about \$71,900,000 in military spending.

SEEN OR HEARD

The Ranger Jaycees have two big and worthwhile undertakings to work on this year.

First will come the Tri-County Livestock Show next month and will be followed by the annual rodeo.

There are indications that more than \$500,000 in prizes for the Junior Classes at the Tri-County Livestock show will be given away by the Jaycees.

The purses for the cowboys at their round-up may be raised in 1952 in order that the best of the cowboys will be lured here to get their share of the prizes.

This is Boy Scout week for the Scouts all over the nation. Our two troops are very active all year, but during this celebration of Scouting's Birthday they are going all out to show the town what Scouts can do.

If any of you have a boy or two about Scout age that are not in one of the troops here, it might be worthwhile for them to talk to some of their friends already in Scout work about joining them.

They offer the boys the opportunity of learning many things that are not offered at home or in the schools. How to conduct yourself while on outings and camping trips is given "on the job". Every once in a while the troops go on an overnight hike.

If you were at the Quarterback Club banquet Thursday night you know what we have missed since the last one in 1949.

When you get everyone in town supporting athletics you can rest assured they will have proper equipment to use, barring the players getting unnecessary injuries from poor equipment.

"Stubby" Warden was down here the other day and said they were going to have a line to top all lines making Alla job easier this year than ever before.

Warden said this was his year to get out and hustle for material. About the only alternative Warden could offer was to take the boys and spend long hours working with them and make them backfield men.

Subjects Allowed To View King's Body For First Time

SANDRINGHAM, England, Feb. 9 (UP)—The Royal family gave King George VI back to his loving subjects today.

Hundreds of workers and tenants on the royal estate who knew him as Squire and "Guv'nor" as well as King filed sorrowfully past the plain wooden coffin lying in little St. Mary Magdalen Church.

They were only the vanguard of the tens of thousands of Britons from Peers to Commons who will pay George VI final homage while he lies in state in Great Westminster Hall in London next week.

The Royal family accompanied the coffin from Sandringham house 250 yards across the grass lawns of the Royal Estate to the church in a torchlight procession last night.

But even as 260 estate workers, woodmen and gamekeepers began lining up to await the opening of the church doors at 10 a. m. (5 a. m. EST), Queen Elizabeth II slipped inside again this morning for what may be her final private tribute to her father.

The 25-year-old Queen, garbed in black and obviously emotionally and physically tired, walked alone slowly through the yew trees from the royal residence to the church. She emerged a few minutes later and walked back to Sandringham House to take up pressing affairs of state.

The King's body, dressed in his favorite uniform of an Admiral of the Fleet, lay in a simple oak coffin, on trestles before the rails of the gleaming silver altar. A metal plate was inscribed, "Albert Frederick Arthur George Windsor."

UN Loses 10 Planes During Last 7 Days; No MIG's Downed

5th ARMY HEADQUARTERS, Korea, Feb. 9 (UP)—United Nations airmen, seeking revenge for the loss of 10 planes during the past seven days, probably destroyed one Communist MIG-15 jet fighter and damaged three more in air battles today.

The damage claims were the first in three days of intermittent air fighting. The "probable" was the first claimed by the UN since Jan. 25.

Only a few hours earlier, the UN command announced that it lost 10 planes during the past week without destroying a single Communist plane. However, only one was lost in combat. Seven others were downed by Russian-built, radar-controlled anti-aircraft guns, and the remaining two were victims of mechanical failure.

The Communist planes did not venture within range of Allied anti-aircraft guns.

Born 1895; Died 1952." The coffin was only three feet from the spot where the King had worshipped only last Sunday.

Around the hier was an honor guard of gamekeepers, fowesters and four Grenadier guards. The soldiers stood with arms reversed and heads bowed on brests.

The only flowers in the church were three wreaths of spring flowers—from Queen Elizabeth, Queen Mother Elizabeth and Princess Margaret. They lay on the coffin.

Only tenants of the royal estate and the villagers of Sandringham were permitted to enter the church. Police who know all local inhabitants were stationed at the doors to make sure that outsiders did not obtain entrance.

The coffin will lie in the church until Monday, when it will be placed on a gun carriage and drawn by Grenadier Guards to Wolferton Station, three miles away, for the journey to London.

Anglo-Egyptian Strife Meditation Plans Are Ready

CAIRO, Egypt, Feb. 9 (UP)—Meditation in the three-month-old Anglo-Egyptian dispute has been accepted and the two countries are ready for direct negotiations, the weekly newspaper Akhbar El Yom, said today.

The Cairo newspaper did not say whether the Iraqi or Saudi Arabian plan of mediation had been accepted. Both nations have offered to act as mediators and have submitted proposals to settle the dispute over the vital Suez Canal Zone. Preparations for direct negotiations, have been made, the newspaper said, but it gave no details.

Meanwhile, Cairo police announced a partial state of emergency in the capital as more schools—closed since bloody gun-battles last month in the Canal Zone—re-opened. Students have been responsible for many of the recent demonstrations and riots in Cairo.

During the night, nine B-29 Superfortresses dropped 90 tons of high explosives on the middle railway bypass at Sinaju in northwest Korea. Other night bombers hit the Sunchun Railway yards, the Kany supply center and front-line areas.

They piled new destruction on the 23 Communist bridges, 250 railroad cars, 28 locomotives, 230 supply vehicles and more than 700 buildings destroyed or damaged in raids during the past week.

An 8th Army communiqué reported only minor activity along the frozen 145-mile ground front. One UN patrol killed 25 Reds in a close-quarter small arms and grenade fight southeast of P'yong-yang on the central front.

These findings were reported by three members of the council after they inspected the school yesterday.

Following the regular business session, the afternoon's program will be devoted to an informal reception for the new minister of the First Christian church in Cisco. The new pastor is Rev. Sidney Spain who comes to this county from the pastorate of the First Christian church in Winnsboro, Tex.

WMU To Meet In Circles Mon.

The W.M.U. of the First Baptist church will meet by circles on Monday afternoon at 3 p.m. in the following homes: Katherine Howell circle will meet with Mrs. W. W. Mitchell, Breckenridge Highway, the Ann Margaret circle with Mrs. E. P. Mayfield, Gulf Camp; Elizabeth Truly circle with Mrs. L. D. Tankersley, Hillcrest Ave.; Carolyn Bell circle, Mrs. H. A. Shockey, 421 S. Hodges, Mrs. Clem. WMU president, urges all members to be present for the circle meetings.

The Sunbeams will have a Valentine Social Monday at 3 p.m. and the Junior G. A.'s will have a Valentine Social at their Monday afternoon meeting at 4 p.m.

FOLKS around the church who seem to know what is going to take place that evening are certainly pleased with the arrangements for the conference.

C. A. Roberts, the principal speaker of the evening is at present a student in Baylor University now in his junior year. Roberts' home is in Fort Worth. Before entering Baylor University he was very active at Poly high in the many student activities of the school; he was outstanding at basketball, and also participated in the Glee club and was on the debate team of that school. After entering Baylor his experience has carried him all over the state in revivals, rallies, vacation Bible schools and many speaking engagements.

Last fall he was a member of a youth team that led the First Baptist church in Eastland in a great revival. He is preparing now for the ministry and after completing his work at Baylor he will enter the Southwestern Theological Seminary in Fort Worth.

Word came from the Department of Student Work on the Baylor campus that Roberts has a fine record and that the young people will more than appreciate his humor, poise and ability to keep the complete attention of the group.

Mr. Roberts will not be a stranger to some of the church people, for Bill Bullock, educational director of the church has known Mr. Roberts several years having worked with him in a number of programs in the past year or so. Mr. Bullock states that the chairman of the planning committee, Mr. Arterburn, has done well in securing such a talented young man.

Mr. Arterburn urges the young people of the church to keep this date open.

Mr. and Mrs. R. H. Snyder of Big Spring are visiting here this week with old acquaintances. Their friends will remember them as being connected with the Woolworth Store several years ago.

Services For First Baptist

All the departments and classes of the Sunday school of the First Baptist church will meet in their new classrooms or regular classrooms on Sunday, Feb. 10.

The ground floor room, however, has been completed and the room assignment has been made. This also effects the Adult Department due to the fact that more room has been made available now and classes have been assigned to their new meeting places. The names of the teachers of the class will appear above the door of the new room to expedite the assembly by classes.

Mr. Wilson Guest, Sunday school superintendent, stated that he was expecting 350 in Sunday school on Sunday due to the increase in visitation, the completion of the rooms, and the man and boy movement which has been started by the Brotherhood. Mr. Guest praised the work of the teachers and officers at the mid-week meeting last Wednesday, and encouraged them to keep the progressive work going to insure the reaching of more people for the Sunday school organization.

The Sunday school will begin at 9:45. The morning worship hour is 10:55 and Rev. Ralph Perkins will fill the pulpit at both services. He announced the following sermon topics for Sunday. The morning sermon will be "Be Prepared", a sermon especially designed for the Boy Scouts who will be honored in the morning service. This year marks the 42nd anniversary of the Boy Scouts of America. They will be seated in a reserved section Sunday morning and will be recognized. Local Scout leaders of the church, H. A. Shockey and Keith Langford will be present with the boys.

The evening services will be held as usual, the Training Union hour beginning at 6:30 p.m. and the worship hour following at 7:45 p.m. The sermon for the evening will be in continuation of the series on the parables of Jesus, this Sunday evening's message will be the "Parable of the Ten Virgins." Rev. Perkins will teach the judgment message of the parable.

If you are not now attending a church in the community, you are cordially invited to attend any or all of his services on Sunday at the First Baptist church, states the pastor.

Mrs. Paul Bullock and Mrs. Sidney Harton received word late yesterday that their father, Floy Murray, of Brownwood, was seriously injured in an accident while at work. He is at present in the Brownwood hospital. They plan to leave Sunday morning to visit him there.

Rev. Paul C. Bell, Jr.

Rev. Paul Bell To Speak Sun.

"Every Member Evangelism" will be the theme for the morning message by the pastor of the Second Baptist church, Sunday at 11:00 a.m. The Sunday school lesson will be on the subject: "A Good Man Lost and a Bad Man Saved." The Training Union theme will be: "Baptizing Disciples is Not Optional."

Sunday evening Rev. Paul Bell, missionary to Latin America, will speak to the Royal Ambassadors at 6:30 and at the worship service at 7:30. Rev. Bell has done missionary work in Panama and while in school at Southwestern Baptist Seminary, he has served the Spanish speaking people of Eastland county.

The Womens Missionary Society will meet for a mission study Monday night at 7:00 p.m. The men and boys of the church plan to attend the Brotherhood rally for evangelism at the Eastland First Baptist church Monday night at 7:30. Representatives of the church will attend the association workers meeting at Breckenridge Tuesday of this week.

Visitation Night At 1st Methodist

The 2nd Monday night of each month has been set aside by members of the church as visitation night. Monday evening at 7:30, you are cordially invited to assemble here to make 3 or 4 friendly visits in the name of the church.

It's easy for the average layman to feel that such activity belongs to the duties of the pastor. Your pastor assumes the major responsibility in this very important work of the church, but a part of it very definitely lies at the door of each member of the church. There will be no meal served at the church. Just eat at home and

Sermon Subjects Sun. Services

At the 11 a.m. morning worship and Communion service in the local First Christian church, the pastor, Rev. A. Lynn Robbins will preach on the theme: "Fishers of Men." This theme, taken from the first chapter of the Gospel of Mark, is one of the most used texts of the entire New Testament.

However, the need for evangelistic zeal, as expressed in the text, is as much needed now as during any period of the world's history. The local pastor will attempt to bring a clear and up-to-date presentation of the vitality of the evangelistic program as suggested by our Lord. The church school, featuring classes for all ages, will meet prior to the morning worship at 9:45 a.m. There are only three weeks left in the Chicken and Beans attendance contest and the women and girls are still leading the men in their total church

school attendance. There's only three more chances for whichever side wins, so remember to be in your place at 9:45.

At the evening church hour at 7 p.m. the pastor's sermon topic will be: "The Security of Insecurity." There will be the regular and popular period of fellowship singing and evening meditations preceding the sermon. The Christian Youth Fellowship is scheduled to meet at 8 p.m., right after the evening church service.

As always you are extended a most cordial welcome to attend these and any of the services of the Ranger First Christian church, says Rev. Robbins. Our congregation is not perfect, but our sincere desire is to become better. We invite you to share in a day of worship, fellowship, and inspiration from God's word at the services in the First Christian church this Lord's Day.

Peggy-Louise Jones Exchanged Vows With John Wilson Saturday

Miss Peggy-Louise Jones, art editor of the Dallas News, became the bride of John Wilson Saturday, production manager of Radio Station KIXL, at 8:30 p.m. Saturday February 2 in the sanctuary of the Munger Place Methodist Church in Dallas.

Dr. Morgan Ward Redus of the SMU faculty officiated and the wedding music was presented by Maury Jones, organist, and John Loren Jones, soloist.

The bride is the daughter of Mr. and Mrs. Glenn Hartwell Jones, 5726 Monticello, Dallas and the niece of Mrs. R. A. Jameson and Mr. and Mrs. Aubrey Jameson of Ranger.

Mrs. Wilson received her Bachelor of Arts and Master of Arts degree at Southern Methodist University. There she was a member of Mortar Board, Alpha Theta Phi, Zeta Phi Eta, Theta Sigma Phi, Pi Lambda Theta, Alpha Lambda Delta and the Arden Club. She is a director at large of the American Association of University Women. She is listed in the current 'Who' Who in the South and Southwest.

Mr. Wilson, son of the late Mr. and Mrs. John Wilson Jr. of Providence, R. I., attended Moses Brown Preparatory School in Providence and the University of Pennsylvania, where he was a member of Sigma Alpha Epsilon fraternity.

The bride was given in marriage by her father. She wore a gown of ivory satin. A panel of laced pleats accented the front of the fitted bodice and her long fitted sleeves extended to full points over her wrists. The full

skirt fell in soft pleats from the waistline to form a chapel-length train.

Her veil was a panel of princess lace brought from Belgium by her aunt and her pearl earrings were a gift from the bridegroom. She carried two handkerchiefs, one that her mother carried in her wedding and the other that the bridegroom's mother carried in her wedding.

Her bridal bouquet was of white lilies, flown in for the occasion from Holland, centered with a white orchid corsage which she wore as a going away corsage and white hydrangeas.

Miss Dorothy Bruton was maid of honor and the bridesmaids were Miss Betty Cobb of San Antonio, Miss Alice Blair and Miss Sarah Lee Cabell of Dallas.

Thomas W. Massey was best man and the groomsmen were Dr. George M. Jones, Harold Clayton Bryson and William W. Hamilton, of Dallas. Richard T. Pyle, Addison More, Charles F. Payne and John B. Harris all of Dallas were ushers.

The church was beautifully decorated with cathedral candles numbering one hundred and forty four, an attractive willow tree spotlighted from underneath and arrangements of white and yellow gladioli and white stocks. Vases of white stocks and gladioli added to the attractiveness of the sanctuary. Palms were also used.

The reception was held in the church annex. Mrs. James H. Dunlap and Mrs. H. C. Henderson of Dallas registered the guests. The bride's table was covered with a white satin cloth with organy ruffles falling to the floor and centered with an arrangement of white carnations, stocks, and tulips. The top of the edge of the table was bordered with tiny sprays of baby smilax. The three-tiered wedding cake was topped with a white orchid and decorated in white roses and lily of the valley.

Following a wedding trip to Mexico City the newlyweds will be at home at 6407.

Mr. and Mrs. L. H. Hagaman, John and Betty and Mrs. Frances Jameson attended the wedding from Ranger.

Marking Time in the March of Time—

... is somewhat like fishing without luck—there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstracter getting rich as such, but we have heard of those who have spent a life-time, as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.

One ride and You'll say:

"That's the Smartest Million Dollars BUICK Ever Spent"

WHEN we tell you that every 1952 Buick rides like a million dollars, we're not just slinging slang—we're talking real money—right-on-the-barrelhead cash.

A million dollars and more were poured into research and testing—design and tools—engineering, production and components—to team up the combination of ride features you'll find on a Buick—and on no other car in the world.

A million dollars and more was the price paid to work out control of end-sway and side-roll on curves—to double-check vertical "throw" with shock absorbers and big soft-acting coil springs for all four wheels—to V-brace the torque-tube keel and X-brace the

frame—to cushion body and engine—and to silk out the whole operation with Dynaflo Drive.*

You may not care how the job was done, or what it cost. But we'll lay you this:

You're going to say "thanks a million" to Buick engineers once you get this spirited smoothie under your hands and haunches.

Old familiar roads take on a new smoothness. Gone are the weave and wander, the jitter and jounce that you've felt in lesser cars. You ride with road-hugging assurance and level ease.

All of which only begins to tell you what really great cars these 1952 Buicks turned out to be.

Never before have style and stamina—comfort and character—power, performance and price been brought together with such satisfying skill.

The obvious thing for you to do is come in and look them over. How about taking half an hour off to do that—today?
