

SEEN OR HEARD

Maybe some of you don't understand why there is a need for a police force in Ranger, other than when they have a wreck, to give parking tickets and watch for violations.

Looking back over the blotter for the past week shows that on the 7th of this month they found the warehouse of the Western Auto Supply Company open at 10:15 p.m.; and called the owner and informed him.

On the 9th, they found the side door to the Cantrell Service Station open at 9:00 p.m.; and called the inside lights in the J. C. Penny Co. were off; in each case they notified the proper persons.

On the 10th they found that there were no lights in the O. K. Grocery and that the front door of Capps Studio was open.

The policemen check all the business establishments in town several times during the night for break-ins, doors left open, etc., to protect the stores from theft and burglary.

Were there no one watching for open doors and the like, a person could go from store to store until he found one of them open and enter and do as he pleases. They also make tours of the residential area during the night to ward off any would-be housebreakers. When you stop to think, the police are mighty nice to have around. Some of us just don't take advantage of the services we are paying for by not notifying them of missing property, etc.

You will have to admit one thing—the firemen had a busy week-end handling Ranger's two fires Saturday night and Sunday morning.

Harry Deal said from the time it took him to go from the high school to the fire station and turn in the alarm, it was only ten minutes until the first hose was in the high school building. That's pretty fast work.

With the warm weather apparently here to stay with us for a few days, many fishermen are breaking out the old fishing tackle and heading for the water.

Not only do the farms have to have rain to grow crops; but the lakes must have water to grow their crop of fish. The fishing has apparently been hurt from the drought for the past eighteen months.

As far as we know there is still plenty of water in the Possum Kingdom Lake and that is where a lot of our people will be going to do their fishing. Lake Brownwood is another sure attraction for some of the fishermen from Ranger.

Now if we had our own little lake built down here by Staff—instead of a day or two planned fishing trip we could run out there after we get off work and come back empty handed just like we do otherwise.

Charles Massee tells us that he is going to get rid of his crutches Saturday. In fact he is going to stay up until midnight and throw them away. He will be so glad to get rid of them.

POLITICAL HIGHLIGHTS

By United Press
Latest developments in the presidential race:

Democrats
Kefauver—Sen. Estes Kefauver of Tennessee said he is seeking the Democratic presidential nomination "because I want to do what I can to continue an aggressive foreign policy, social and economic gains, and take affirmative action against corruption."

Truman—The report of a Democratic party official that President Truman wants Missouri Attorney General J. C. Taylor to run for the U. S. Senate appeared to rule out a possibility that Mr. Truman might run for his old seat. But he did nothing to clear up his plans regarding a try for reelection.

Republicans
Taft—Sen. Robert A. Taft in Ohio said the nation "must run its military operations on a less expensive scale—what we are threatened with today shows we are trying to do something beyond the capacity of the United States."

Warren—Gov. Earl Warren of California said the contest for the GOP presidential nomination is still in the "pickings and choosing stage" as far as the candidates are concerned.

Rotary Members Told About New Type Of Camera

Dr. A. W. Brazda addressed the Ranger Rotary Club Wednesday, telling them of viewing the first three-dimensional film of a surgical operation ever shown, and how the new type camera will benefit the surgical profession.

The film was shown at an American College of Surgeons Sectional Meeting in Dallas, held February 4, 5, and 6.

The taking of stereoscopic, or three-dimensional pictures involves the use of two cameras—a left eye camera and a right eye camera. The two cameras are perfectly synchronized, the only difference in them being the separation between the lenses which corresponds to the difference of a person's eyes.

The two pictures from the cameras are projected on a screen with synchronized projectors, and the audience wears polaroid viewers which enable each eye to see the picture intended for that eye. Each eye transmits its own picture to the brain, where it is fused to form a perfect three-dimensional picture.

This stereoscopic picture presents great depth and the polaroid viewers allow each of your eyes to see the picture intended for them. The finished films enables the audience to see detail on the screen which may not be apparent with close observation in an operating room.

The perfection of this type of photography will allow better teaching methods, not only in medical schools, but will bring procedure before a larger number of surgeons. Heretofore only a small group in the operating room could see an operation in detail.

The viewing of these pictures was described as "sitting in front of a window through which he sees a picture with normal depth perception."

The program presented by Dr. Brazda was very interesting and revealing to the large attendance and the Rotary guests.

The Rotarians had as their guest Wednesday, Rip Galloway of the Chamber of Commerce and another visitor from Arlington.

Pilot Bounces Plane To Lower Landing Gear

DALLAS, Feb. 12 (UP)—A C-46 pilot from Illinois bounced his plane twice on the runway to free a jammed landing gear and then set the big cargo carrier down safely at Love Field last night.

Capt. Cooper B. Stubbs, La Grange, Ill., piloting the C-46 for Slick Airways, said the plane's hydraulic system failed and efforts to crank the wheels down by hand were only partly successful.

Stubbs and the other crew member, first officer W. R. Fields of Algonquin, Ill., found a cable broken and then decided to try forcing the gear all the way down from its forward-folding position.

Stubbs bounced the plane once and the right gear came down. He circled the field, made another bounce on the runway and freed the left wheel. Then he landed normally.

Stubbs said the greatest hazard was not the jolt of the partially-lowered wheels against the runway, but the danger of the propellers striking the ground. He decided his crippled landing gear was down far enough to clear the propellers and risk forcing the wheels all the way down.

He said if the attempt didn't work he planned to fly back to San Antonio, where Slick Airways has facilities to handle such emergencies.

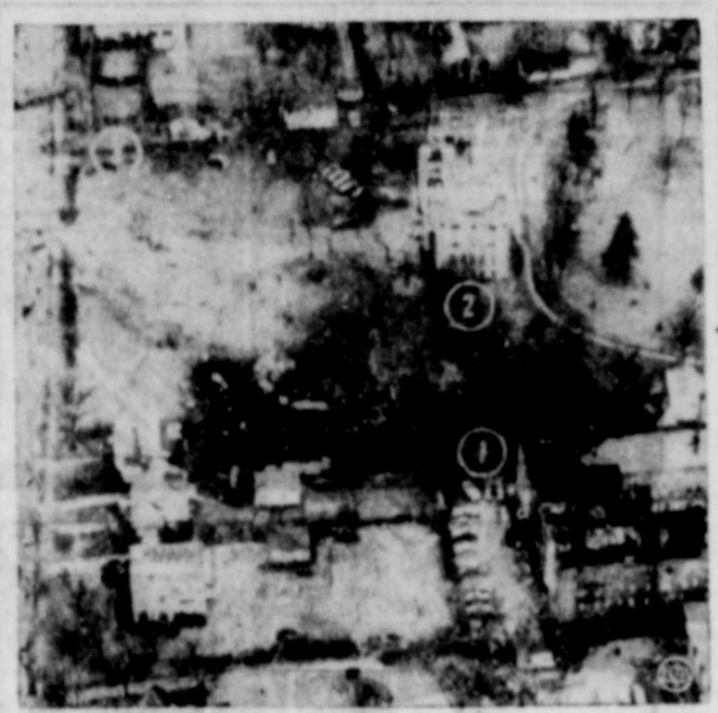

Breakfast Will Kick-Off Chamber Of Commerce Membership Drive

About 65 members of the Ranger Chamber of Commerce will meet at the Gholson Coffee Shop Thursday morning, Feb. 14, at 7 o'clock to kick off the big membership drive of the Chamber of Commerce.

Each worker will be given a few firms and individuals to call on and he will be asked to contact those on his list before he goes back to his place of business from the breakfast.

In addition to non-members to be called on each worker will be given a few cards of old members and asked to contact them in regard to a small increase in their pledges.

President Harris states that the finance and budget committee has recommended a budget this year that will take care of all contingencies if raised and that

ANOTHER ONE FOR ELIZABETH—Here is where the Miami bound National Airlines DC-6, with 62 adults and two or three infants aboard, crashed with a death toll of 29 two minutes after attempting to take off from the Elizabeth, N. J. airport. The plane hit a 60-unit apartment house (1), burning out the top floor, then part of the wreckage crashed into the play-yard of an orphanage (2) while the tail section landed in the street further on (3). (NEA Telephoto).

Fire Damages High School Auditorium

A fire of undetermined origin destroyed practically all of the stage, curtains and its frame in the Ranger High School auditorium early Monday morning.

Harry Deal, Janitor, discovered the fire about 4:40 a.m. Monday morning as he came to work. The west end of the building was aflame, with the heat searing the front doors of the room at the east end, and causing considerable damage to the balcony.

The left side of the stage was thought to be the most concentrated spot of the fire, with the floor and furnishings on that side being completely demolished.

The walls and ceiling of the main part of the auditorium were damaged by the fire, causing some of the plaster to fall from both the ceiling and walls. Smoke and heat damaged the rest of the auditorium.

Deal stated that he found the fire immediately upon arriving at the school to start to work. He hastened to the fire department and turned in an alarm. The firemen had a hose in the building at ten minutes until five o'clock.

By the time the firemen reached the building the heat was so intense they had to play water on the blaze from the end of the auditorium away from the blaze.

Superintendent G. B. Rush stated that the fire loss was covered by insurance. And that he believed that the stage and the interior of the auditorium was nearly a one-hundred per cent loss from the fire, smoke and heat.

Liz Taylor Delays Trip To Marry

HOLLYWOOD, Calif., Feb. 12 (UP)—Elizabeth Taylor has been forced to delay her flight to England to marry middle-aged actor Michael Wilding.

"Costume fittings for her forthcoming work on a new picture," was given by her studios yesterday as reason for the postponement. "But she definitely is planning to go as far as we know," a spokesman said.

Miss Taylor, 19, announced her intentions to marry the 41-year-old British actor last week and was scheduled to fly to England on the week-end.

Country Club Meet Tonight

Matters that must be settled, pertaining to the forthcoming annual tournament at the Ranger Country Club, will be discussed at the regular business meeting tonight.

A representative of the club said that supper would be served, and "all members are urged to attend." Meeting time is 7 p.m.

CORRECTION
The Cheer Leader awards that were presented at the Football Banquet Thursday night were paid for through the efforts of the Cheer Leaders themselves and not purchased by the Athletic Department.

Cheer Leaders are elected by the student body and only those duly elected are eligible to purchase Cheer Leader awards.

Hopes Brightened For Korean Truce

Ranger Trio Involved In Recent Thefts

A Ranger man, Billy Joe Smith, signed a voluntary statement to L. L. Tackett of the Ranger Police Force admitting his part in two recent thefts, and implicating two other young men from here.

The thefts involved a large gas engine piston used as an anvil, from G. H. Falk; and three tires and tubes near Olden.

Smith, in the statement to Tackett admitted that on February 1, 1962, along with Pink Woods and Harvey Williams removed from the property of G. H. Falk "one large gas engine piston and sold same for scrap metal at Eastland, Texas to M. H. Pullman. And on the same night did detach and steal 3 tires and tubes from a derick belonging to Bill Hoffman located between Eastland and Olden and south of the highway."

The trio was apprehended the following day, February 2, by the Ranger Police in a local theatre and released to the county authorities for disposition.

In making the statement Smith acknowledged in writing the fact that the statement was voluntary on his part and might be used in prosecuting him for the crimes.

Smith is being held in the county jail at Eastland.

Army Offering Inducements To Younger Group

Thousands of additional young men are eligible to apply for Air Force flying training as a result of the AF decision to eliminate the 18 month service requirement for men with high school diplomas.

In announcing this new rule change, T-Sgt. James Hendrick of the Eastland Recruiting Station explained that ten thousand pilot and observer applicants are needed immediately. Even an airman in basic training may apply. Age requirements remain at 20-26 1/2 years of age. Applicants must not be married. After initial appointment the cadet will enter into a 12-month training schedule for pilot training or a 6 to 12 month schedule for observer training, depending on his future crew position as bombardier, navigator, radar observer or combination of the three.

Upon graduation he will be commissioned a 2nd lieutenant in the AF reserve and enter on active duty as a flying officer in the USAF.

This is the opportunity that many young men have been waiting for and Sgt. Hendrick urges those who can meet the qualification and are interested to contact him at once. The nation-wide interest in the program plus lowering of requirements will result in thousands of applications from high school and college graduates.

Ceremonies To Be Held Today For A. Lincoln

SPRINGFIELD, Ill., Feb. 12 (UP)—Dignitaries from across the land gather today at a wooded knoll in Oak Ridge Cemetery to honor the memory of Abraham Lincoln.

The ceremonies at the Lincoln 1 will mark the 143rd anniversary of the birth of Lincoln in a crude log cabin in Kentucky.

A wreath will be placed on the tomb by Maj. Clifford M. Head on behalf of President Truman.

A pilgrimage, led by National Commander Donald R. Wilson of the American Legion, will trace the route taken by the Lincoln funeral procession.

Later, a Lincoln birthday program sponsored by the Mid-Day Luncheon Club will be addressed by Illinois Gov. Adlai Stevenson and Interior Secretary Oscar Chapman.

The 31st fatality was Harold De Fiore of Lynbrook, N. Y., who died in a hospital last night. De Fiore and his bride, Friscilla who

C. J. Owen Wins Country Club Tourney Sunday

Long-driving Charlie Joe Owens, won the Country Club handicap golf tournament here Sunday, with a blistering 7 under par 65.

M. Owens, working with an 8 stroke handicap, fashioned a remarkable 75. This score, less his handicap, produced the winning mark of the day. Owens stated: "This is the best round of golf that I have ever played. I only wish that our invitation tournament were being held this week. I am definitely at the peak of my game."

Jimmie Phillips, playing from scratch, finished second with a 69.

Bob Earnest seemed to have second money well in hand, until he missed an easy 3 foot birdie putt on the 17th green, and then ran into serious trouble on the 18th hole. He hooked this third shot into a bogie 6, and 3rd place. Earnest had a 6 stroke handicap which netted him a 71.

M. W. A. Hall, manager of the club, had the course in excellent playing condition. He was complimented by all hands on the beautiful condition of his greens. They are believed to be, beyond question, the best in this part of the country.

The tournament was well attended, and members are advised to watch this paper for dates of future events. Handicaps will be revised this week.

Civil Service Examination Held In Dallas

"The U. S. Civil Service Commission announces examinations for filling vacancies in the positions of Shorthand Reporter at entrance salaries ranging from \$3795 to \$5060 per annum and Junior Professional Assistant at \$3410 per annum.

Employment will be with various Federal agencies in the State of Texas. Application forms and additional information may be obtained from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas."

Grand Jury Indicts Chicago Tax Worker
CHICAGO, Feb. 12 (UP)—William F. Brownell, 47, was indicted by a Federal Grand Jury yesterday on charges of failing to report \$13,270 in income for tax purposes.

Brownell is an income tax consultant.

Newark Airport Closed; Probe Opened By New York-New Jersey

By H. D. Quigg
United Press Staff Correspondent
NEW YORK, Feb. 12—Airlines officials and operators of Newark Airport were called into conference today to discuss three plane crashes within two months that have turned bustling Elizabeth, N. J., into a city of terror.

In jointly arranging the (2:30 p.m. EST) meetings, Gov. Thomas E. Dewey of New York and Alfred E. Driscoll of New Jersey urged visiting Congressmen and federal authorities to attend.

Civil Aeronautics Board authorities already had begun an on-the-spot investigation of Elizabeth's crash No. 3 which took 31 lives yesterday and brought the death toll since Dec. 16 to 117.

The port of New York authority shut down its busy \$52,000,000 Newark installation indefinitely yesterday shortly after a four-engine National Airlines DC-6 struck an apartment house and crashed in flames on an Elizabeth playground.

Twenty-seven persons aboard the flaming plane and four apartment-house tenants were killed. Twelve persons were injured critically.

The 31st fatality was Harold De Fiore of Lynbrook, N. Y., who died in a hospital last night. De Fiore and his bride, Friscilla who

Red Stalling And Conference On Far East Stand In The Way

By Arnold Dibble
United Press Staff Correspondent
PANMUNJOM, Korea, Feb. 12—The United Nations Command said today that the stage has been set for a possible truce in Korea, but charged that the Communists are still stalling.

The assertion was contained in a "Voice of the UN Command" broadcast from Tokyo amid these developments in the armistice negotiations at Panmunjom:

"The Communists promised at brief meeting of the full truce delegations to present soon a new compromise proposal dealing with questions to be discussed at a Korean Peace Conference within 90 days of an armistice.

2. Red staff officers offered to boost the proposed monthly ceiling on rotation of troops during a truce from 25,000 to 30,000 and the number of parts through which the troops might pass from three to four, but the U. N. rejected both as insufficient.

3. Other Red staff officers sought in vain to give their representatives on proposed Joint Red Cross teams a built-in veto on "behind-the-line services" to be rendered war prisoners after an armistice.

The U. N. command issued a summary of its "Voice" broadcasts to Korea summing up the results of the past two weeks of truce talks at Panmunjom as "the prelude to an actual armistice" or "the proverbial calm before the storm."

"In any event," the "Voice" said, "this stage now is set for a possible truce."

The broadcast accused the Reds of stalling in the talks on a Korean peace conference—fifth and last item on the armistice agenda—"with the obvious objective of trying to drag a variety of problems into future Korean talks."

"This, apparently, is exactly what the Communist want—a further opportunity to belaud the Korean peace settlement with other issues in which the Communists and the free world are at loggerheads."

The broadcast said the Reds, instead of trying to move toward and early settlement, were "content to tread water."

"They do not seem exactly willing to break off the talks, but at the same time they effectively have been stalling progress for the past two weeks," the broadcast said.

In the fifth primary session at Panmunjom, North Korean Lt. Gen. Nam Il accepted the allied view that recommendations which might be made by the truce delegates would not be binding on delegates to the proposed peace conference.

But he contended that the wording of an allied proposal for "steps to be taken within three months" to hold a political conference might delay the parity beyond the 90-day period.

UN spokesman Brig. Gen. William P. Nichols believed the Red announcement that the Communists planned to submit a compromise conference plan was a hopeful sign.

"This is the first time I know of that one side has tipped its hand in advance and announced that a new proposal is coming," he said.

Mrs. Rinehart Funeral To Be Wednesday At 3

Funeral services for Veronica Ora Rinehart, 31, who died at her home near Hearne, Texas, last Saturday, will be conducted from the Hamner Funeral Chapel, Wednesday afternoon at 3 p.m. The pastor of Gurdine Baptist church assisted by Rev. Lee Fields of Carbon, will have charge of the services.

Survivors include her mother, Mrs. Charlie Boone of Eastland; three sons, Mrs. Lillian Boone of Eastland, and Mmes. Eldoro Matthews and J. F. Turner of Flatwood community; three uncles, Herbert and Ben Matthews of Eastland and Charles of California.

Interment will be made in Eastland cemetery.

Fire Damages Building On Hodges Street

A fire of undetermined origin about midnight Saturday night, heavily damaged two east rooms of a two-story building on Hodges Street west of Leville Motor Co. Both the first and second floors of the house were damaged by the blaze Saturday night.

A representative of the fire department stated that the fire did not reach the front, or west part of the building, but did considerable damage to the two rooms on two floors to which it was confined.

WTCC Resolution Blasts Seizure Of The Tidelands

AHLEN, Feb. 12 (UP)—All basic resources are in danger of nationalization like the "expropriation" of Texas Tidelands, the West Texas Chamber of Commerce told Texans today.

The chamber drew up a resolution declaring only Congress should determine ownership of the off-shore oil producing lands.

The 5,000 member organization said the tidelands "rightfully and lawfully are the property of the respective states." The resolution, to be given to Texans in Congress, declared the Supreme Court's "new legal doctrine of paramount rights" amounted to expropriation of the lands.

Another resolution approved by the West Texas Chamber reaffirmed its stand against the SE Lawrence Seaway project. The estimated billion dollar cost is greater than the resulting merits, said the resolution.

A final recommendation called for sweeping changes in the Internal Revenue Bureau.

The bureau should be "reconstituted as an independent agency similar to the general accounting office; its administrator be appointed for 15 years; employees be selected through civil service," and more authority should be given bureau agents in settling disputes with taxpayers, the WTCC said.

"Planting Time" Table for All U. S. Gardens Adopted

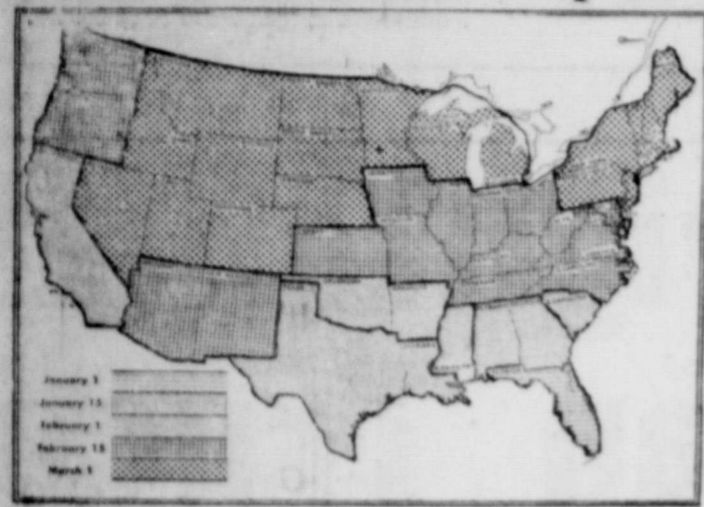

Diagram of "Planting Time" Schedule Sponsored by Horticultural Leaders.

When should your garden be started? Are you always late in making plans and sowing seed?

To provide a trumpet call for gardeners throughout America, the American Horticultural Council is sponsoring an alarm clock schedule that will begin sounding in the south and follow the sun as it travels northward thawing out the ground, and releasing the energies which winter has kept locked up.

This schedule is called "Planting Time" and is intended to serve in lieu of a national garden week. The great variations of climate in the United States have made it impractical to observe one week throughout the country for a gardening beginning.

One month before this date is selected as the time for "Planting Time" in that zone. Seeds of hardy varieties may be sown; hardy plants may be transplanted; tender varieties may be started under protection, and merchants of garden goods should make these available to their customers.

Since it is considered impractical to divide a state into several zones, each state has been considered as a unit, and assigned a date for the beginning of "Planting Time" which represents the average climate of the whole state, although it may not be exactly right for either the earliest or latest sections of the state area.

The dates assigned to the various states on this basis are as follows:

- January 1—Florida, Louisiana, Texas, February 1—Arkansas, California, Mississippi, Oklahoma, South Carolina.

February 15—Arizona, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Missouri, New Mexico, North Carolina, Ohio, Oregon, Tennessee, Virginia, Washington, West Virginia, D. C.

March 1—Colorado, Connecticut, Delaware, Idaho, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Wisconsin, Wyoming.

Planning must precede the actual planting of garden seeds in the open ground. Varieties which grow slowly and cannot survive freezing must be started under protection weeks before it is safe to sow seeds outdoors. Both these activities are part of garden planting and unless they are undertaken before it is warm enough for outdoor gardening, you will just be late again, as usual.

That is why the "Planting Time" schedule wakes you up early, so you can get your plans made and your tender seeds started, and be ready to spade up the garden as soon as the season for this operation rolls around.

The dates on this schedule are not too early. They are later than you may think. Days pass swiftly as winter fades out and spring begins. You will have plans to make, meetings to attend, leading to do in preparation for your garden project. So make a note of Planting Time for your state, and get busy when the signal sounds!

The "Planting Time" movement is sponsored by the American Horticultural Council, the Garden Writers' Association, Men's Garden Club of America, and many other horticultural organizations.

January 1—Florida, Louisiana, Texas, February 1—Arkansas, California, Mississippi, Oklahoma, South Carolina.

February 15—Arizona, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Missouri, New Mexico, North Carolina, Ohio, Oregon, Tennessee, Virginia, Washington, West Virginia, D. C.

March 1—Colorado, Connecticut, Delaware, Idaho, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Wisconsin, Wyoming.

Planning must precede the actual planting of garden seeds in the open ground. Varieties which grow slowly and cannot survive freezing must be started under protection weeks before it is safe to sow seeds outdoors.

Both these activities are part of garden planting and unless they are undertaken before it is warm enough for outdoor gardening, you will just be late again, as usual.

Associational Brotherhood Has Banquet And Meeting; Largest Attendance For Many Months

"Set Your House In Order" was the theme of Rev. Levi Price of Sax Marcus First Baptist church as he spoke to two hundred men and a few women, of the Clisco Associational Brotherhood meeting in the First Baptist church in Eastland.

Mr. Lloyd Clem, Associational Brotherhood president, was in charge of the program, and welcomed the men from the 18 churches present and challenged them to go back home and find a boy who was not going to Sunday school, and take that boy to church for at least four Sundays and see how much good it would do the boy, his family, and most of all the man who did the taking.

The song service was conducted by Mr. Bill Bullock of Ranger and W. A. Karkalis accompanied with the piano.

The Brotherhood of the local Baptist church, with president Lee

Graham as chairman had prepared the food and served the men cafeteria style, beginning at 6:45 and feeding them as rapidly as they arrived. N. F. Altom, T. D. Wheat, E. N. Scott, Frank Sayre, Chas. Layton, Howard Upchurch, H. P. Pentecost, Cavin Freeman, and Chas. Butler served the men, and Jimmy Fields local treasurer met them at the door and welcomed them to the meeting.

After the count of men from each church, Bill Bullock sang "What Will You Do With Jesus", then C. Melvin Rathel introduced the speaker of the evening, Rev. Levi Price. He held the audience with his masterful presentation of the conditions of the times, the application from the Old Testament was made to the present day and the appeal was made for a decision to "Set Your Own House In Order."

The next meeting will be held with the First Baptist church of Ranger the second Monday night in March.

Carbon Winner Saturday Game

While the "March of Dimes" has been increased by the neat sum of \$92.60, Eastland did not win their basketball game at Carbon Saturday night. In fact this group of "has-beens" playing for Eastland, seems to have lost some of its former-day pep. They played a pretty good game, however, though the final score was 18-17 in favor of the Carbon "Ancients."

Some of the boys in attendance said Eastland would have won only for the score keeper, Sheriff Tucker filled this post and the boys feel that he may have been just a little inclined to be pro-Carbon. Of course they can't prove it, and the sheriff denies it, so there you are. The sheriff's words are more legal than theirs anyway.

The main thing was the \$92.60 for the March of Dimes, and this has been added down.

The "Planting Time" movement is sponsored by the American Horticultural Council, the Garden Writers' Association, Men's Garden Club of America, and many other horticultural organizations.

January 1—Florida, Louisiana, Texas, February 1—Arkansas, California, Mississippi, Oklahoma, South Carolina.

February 15—Arizona, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Missouri, New Mexico, North Carolina, Ohio, Oregon, Tennessee, Virginia, Washington, West Virginia, D. C.

Carbon Winner Saturday Game

While the "March of Dimes" has been increased by the neat sum of \$92.60, Eastland did not win their basketball game at Carbon Saturday night.

In fact this group of "has-beens" playing for Eastland, seems to have lost some of its former-day pep. They played a pretty good game, however, though the final score was 18-17 in favor of the Carbon "Ancients."

Some of the boys in attendance said Eastland would have won only for the score keeper, Sheriff Tucker filled this post and the boys feel that he may have been just a little inclined to be pro-Carbon.

Of course they can't prove it, and the sheriff denies it, so there you are. The sheriff's words are more legal than theirs anyway.

The main thing was the \$92.60 for the March of Dimes, and this has been added down.

The "Planting Time" movement is sponsored by the American Horticultural Council, the Garden Writers' Association, Men's Garden Club of America, and many other horticultural organizations.

January 1—Florida, Louisiana, Texas, February 1—Arkansas, California, Mississippi, Oklahoma, South Carolina.

February 15—Arizona, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Missouri, New Mexico, North Carolina, Ohio, Oregon, Tennessee, Virginia, Washington, West Virginia, D. C.

March 1—Colorado, Connecticut, Delaware, Idaho, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Wisconsin, Wyoming.

Planning must precede the actual planting of garden seeds in the open ground. Varieties which grow slowly and cannot survive freezing must be started under protection weeks before it is safe to sow seeds outdoors.

Both these activities are part of garden planting and unless they are undertaken before it is warm enough for outdoor gardening, you will just be late again, as usual.

That is why the "Planting Time" schedule wakes you up early, so you can get your plans made and your tender seeds started, and be ready to spade up the garden as soon as the season for this operation rolls around.

The dates on this schedule are not too early. They are later than you may think. Days pass swiftly as winter fades out and spring begins.

You will have plans to make, meetings to attend, leading to do in preparation for your garden project. So make a note of Planting Time for your state, and get busy when the signal sounds!

Pullets Lay Early, Often, For A Long Time

LEWISVILLE, TEX. — Joe McGee gets 36% production at 6 months and collects lots of eggs from a high producing poultry flock over long periods of time.

He does a lot better job of raising chickens than does the average poultryman in the United States. Of course, 20 years of experience teach a man how to make money from poultry, admits McGee.

Joe's program for raising chicks, growing pullets and keeping hens in high production for long periods is his large range program. He makes sure his chicks get a strong start, so they reach full physical maturity early. Though a lot of folks expect early laying pullets to go to pieces, Joe says his flock keeps right on laying and paying.

McGee's 1,500 hens are a hatchery supply flock. For this reason, he starts good chicks with a history of early laying and long life. He wants

A hen that will stay in heavy production, one that will hold body condition. McGee's flock is Leghorns, but he states he's raised other breeds with good results. The laying flock varies in age up to hens 3 years old. The hens lay over 200 eggs apiece each year which will hatch out about 75%.

Here's the way Joe McGee goes about raising poultry. Chicks are started on Startena Checker-Ets and when they've eaten their allotted 2 lbs., each, they go on to Growena. When the weather is right, the pullets go out on range. McGee likes Sudan for pasture, because he's found "It's the only thing that'll stand the summer heat." Then while the pullets are on pasture range, the houses are completely cleaned. Litter is changed, roosts are cleaned and every precaution is taken to assure the birds finding things in their liking when they're housed at 8 months of age. McGee houses 400 hens in each shedroofed 20x60 building. Ventilation is adequate to prevent wet litter and colds.

The Pullets start laying at about 5 months and by 6 months usually are at 50% production. At 7 1/2 months, they're up to 70% and hold this steady high production. For each 100 hens in the house, McGee runs 7 or 8 roosters. These cockbirds are replaced to maintain high fertility. For every 4 or 5 months, Joe adds to the litter. His houses stay dry in the winter and he finds built-up litter entirely satisfactory.

McGee's making sure his chickens are paying their way and then some.

Joe McGee, Lewisville, Texas.

SOCIETY

Miss Oyler And Dr. Patterson Warry In Candlelight Ceremony

In a candlelight ceremony in the Little Chapel-in-the-Woods in Denton Saturday at 8 p.m. Miss Martha Jo Oyler became the bride of Dr. Thomas Venor Patterson. The bride is the daughter of Mrs. Mace Austin Oyler of Ranger, and Dr. Patterson is the son of Mrs. James Venor Patterson and the late Mr. Paterson of Denton.

Rev. W. Shelby Walthall, vicar of St. David's Episcopal Mission, officiated at the single ring ceremony. Lilies and white tapers decorated the chapel. G. G. Dore, organist, accompanied Edgar N. Stone who sang, "O Perfect Love" and "The Lord's Prayer."

The bride was given in marriage by her brother, Mace Masters Oyler of Midland.

The bride wore a crown of light ivory satin designed along princess lines, featuring fullness at the sides, and long fitted sleeves which tapered to points over her hands. The heart shaped neckline was outlined by tracings of seed pearls and crystal beading, which extended in a wide panel down the front of the dress to the hemline of the very full skirt, which swept into a graceful train.

Her veil of imported French illusion fell in tiers from a halo of ivory satin. She carried ivory roses and imported lilacs from Holland, and wore a single strand of pearls, a gift from the bridegroom.

Miss Anne Matthews of Ranger maid of honor, wore a dress of pink and brown nylon tulle over pale rose taffeta. The dress was fashioned with a tight fitting strapless bodice covered by a matching pleated stole. The full gathered skirt extended from a V-shaped waistline, outlined by a tiny cord to a demi-tasse length. She wore a nose veil and shoes dyed to match the dress, and carried tall-man roses.

Mrs. Bert Moore of Denton, and Mrs. Don Martin of Weatherford, sisters of Dr. Patterson, were brides matrons and wore dresses identical to that of the maid of honor.

Dr. I. and F. Jackson was best man. Also attending Dr. Patterson were Bert K. Moore of Denton, Fred Patterson of Austin, and Don W. Martin of Weather-

ford. A reception in Hubbard Hall followed the ceremony. In the house party were Meses. Fred McCain, E. T. Smith, Leland Jackson, Jack Brewton, Miss Betty Hersh, Meses. Nicholas Stabile, Gerald Ricks and W. M. Russell, all of Denton; Mrs. Melvin Howe of Dallas; Miss Patsy Wallace of Ranger and Mrs. Lee Sander of Wichita Falls.

The bride's going-away costume was a navy blue suit, with navy accessories. She wore an orchid. Mrs. Patterson received both a bachelor's and master's degrees from North Texas State College and is a member of Sigma Tau Delta, National English fraternity. She is now a teacher in the Denton high school.

Dr. Patterson attended the University of Texas, where he was a member of Phi Gamma Delta, and was graduated from Southwestern Medical School in Dallas. He is now engaged in the practice of pediatrics in Denton. Following the wedding trip the couple will be at home at 1712 West Hickory.

Carolyn Bell Circle Met Mon.

The Carolyn Bell Circle of the Woman's Missionary Union of the First Baptist church met Monday afternoon in the home of Mrs. H. A. Shockey.

Mrs. Lloyd Clem opened the meeting with a prayer and Mrs. Lloyd Bruce, circle chairman, presided over a short business meeting in which a contribution was made for a valentine gift for Mary Snipe, the scholarship girl in Hardin-Simmons University at Abilene who has been assigned to this circle.

Mrs. Bruce conducted the final study from the mission book "Pilgrimage to Spanish America." Cake and coffee were served after the dismissal prayer to Meses. Lloyd Bruce, Lloyd Clem, F. E. Langston, J. B. Houghton, Sr., C. B. Pruet, Webb, and the hostess, Mrs. Shockey.

Mrs. Alma Lovette of Fort Worth was the week-end guest of Miss Betty Evans. She returned to her job at the Masonic School Sunday evening.

Mrs. T. V. Patterson

Kathrine Howell Circle Met With Mrs. Mitchell

The Kathrine Howell circle of the Woman's Missionary Union to the First Baptist church met Monday afternoon in the home of Mrs. W. W. Mitchell on the Breckenridge highway for their regular meeting.

Mrs. Hugh Smith, circle chairman, presided over a short business meeting in which an offering was taken for the scholarship girl, Mary Snipe of Hardin Simmons University.

Mrs. Mamie Ruth Hamrick gave a review of the book "Pilgrimage to Spanish America." Those present were Meses. T. J. Anderson, Hugh Smith, Mamie Ruth Hamrick and the hostess, Mrs. W. W. Mitchell.

Miss Lean Eaves was the guest of Mrs. Beatrice Hunt Sunday evening.

Child Study To Meet Thurs.

The Child Study Association will meet Thursday morning at 9:30 a.m. in the home of Mrs. Alton Redwine at the Lone Star Plant No. 191 for a short business and social meeting.

All of the members are asked to be present and assist in the work of the association.

Vesper Choir To Meet Wed.

The Vesper Choir will meet at the Methodist church Wednesday evening at 6:30 p.m. in their regular practice room.

The director, Mrs. David Pickrell, urges that every member be present. Parents can assist in seeing that their children remember the time.

Mrs. Barnett Honored On 90th Birthday

Mrs. Margaret Barnett, grandmother of Nolan Butler of Ranger, was honored February 1st with a party in celebration of her ninetieth birthday in the home of her daughter, Mrs. Alton Butler in Casa Grande, Arizona.

Mrs. Barnett formerly resided in Eastland before going to Arizona to spend several months.

She was presented a beautiful birthday cake with pink icing and decorations and holding ninety white candles.

A number of miscellaneous gifts were brought to her during the day which made her very happy.

Bible Study Continued Mon.

The Woman's Society of Christian Service of the First Methodist Church met at 3:30 p.m. Monday afternoon for a continuation of their Bible study.

The meeting was opened with the song "Take My Life and Let It Be," Mrs. Stanley McAnelly, president, presided over a short business session, after which Mrs. Pat Thomas, leader for the study, directed the program. The lesson was based on chapter 26 of the Book of Acts.

This chapter was dramatized by Mrs. Arthur Deffenbach and Mrs. Marris Newsham in a very attractive and inspiring manner. Mrs. Thomas discussed the characteristics of the women in the book of Acts.

The meeting was dismissed by a prayer with Mrs. McAnelly leading.

Wilson Robinson Injured Saturday

Mrs. Wilson Robinson has received word that her husband was injured in DeRitter, Louisiana Saturday morning.

Mr. Robinson suffered a crushed elbow when he fell from his truck. He was rushed to a hospital in DeRitter and the shattered bones were removed and then he was carried to the Harmon hospital in Houston and placed under the care of a bone specialist. He will undergo surgery Tuesday or Wednesday when the swelling goes down.

Mrs. Robinson, Benny and Danny were advised by the doctor and also by Mr. Robinson not to try to come down there until Mr. Robinson was able to be brought home.

His family lives at 603 6th St. and his parents, Mr. and Mrs. C. A. Robinson reside at 611 Tiffin Road.

Mrs. Helen Landroop who suffered a heart attack at the football game Thanksgiving Day, but had been doing fine was returned to the hospital Sunday evening and given oxygen when she suffered a rather severe attack.

It was reported Monday night that she was some better. She is in the Ranger General Hospital.

Special Breakfast Wed. Morning

Royal Neighbors Lodge No. 9059 met at the hall early Monday evening, February 11, so that they could quit before lodge time. Lodge opened at the regular time with Oracle Laura Todd in the chair.

The Flag of our Country was presented by Julia Brown. Minutes of the last meeting were read and approved. Sick reports were given. It was reported that Mrs. Eleanor Horton was still in the hospital.

Mrs. Carla Daniels and Mrs. Calla Lee were reported as still unable to be out. Mrs. Leona Arterburn reported on her trip to Oklahoma to see her parents who were both in the hospital and said that they were on the road to recovery. Mrs. Winnie Phillip's daughter-in-law is in the West Texas hospital.

Mrs. Leona Arterburn and Mrs. Laura Todd will be hostesses at a "come as you are" breakfast in the Arterburn home Wednesday morning, February 13 at 8:30. There will be a small admission fee.

Banquet For Young People Thursday 7 p.m.

The annual Valentine banquet for the young people of the First Methodist church will be held Thursday evening in the basement of the church at seven o'clock.

The following program will be presented: Invocation, Betty Lou Hazaman; musical romance, Dena Putney; monologue, Jean Crawley; Rev. Mike Patison, B. A.; B. D., Peite piano concerto, Mr. Wilson; of Gordon will be the speaker.

The menu will consist of fried Bird of Paradise and other potent love potions. It was reported that a good time is in store for those who attend.

Plans were finished for the supper to be at the hall February 25 and it was announced that as many as could be at the hall Wednesday afternoon at 1:30 to quilt. Penny prize was furnished by Maudie Ellis and won by Julia Brown.

Those present were Oracle Laura Todd, Tilly Hicks, Maudie Ellis, Bertie Shipman, Winnie Firkle, Ethel Wright, Lena McDonough, Audia Lanomas, Opal Kelley, Edna Huffman, Julia Brown, Laura Melton, Leona Arterburn, Lucita Smith, and Deputy, Carrie Henry.

• NEWS FROM CHEANEY

Mrs. Bill Tucker

Wind, sand, rain, "flu"—we have had plenty of some of them, some of all of them and right now flu—or at least we call it that—has us feelin' terrible. Probably the news items themselves will be "wacky".

Somehow the jinx' surely do have Mrs. Electra Hattox in their clutches. No sooner than her eye, nose and mouth injury caused by a kick from a cow has healed, when bang! A calf grazing on the roadside dashed in front of her oncoming pickup, splitting a fender and demolishing the headlight. The calf also suffered a split fender, so to speak, and probably will not survive, stated owner, Mrs. Eula Hart.

Mrs. Hattox and the boys were returning home from a play party at Mr. and Mrs. Fred Rodgers Friday night when the accident happened.

The party was given as a going away reception for Junior Love, who leaves on February 7th for the army. About 25 teenagers and older folk attended.

Several families from Cheaney, Alameda Communities attended the John Deere Day chili dinner and show. Once in awhile the old tried and true farmer gets something "free".

Here is a recent Love Line-Up: On Thursday, Jan. 31, Mrs. John Love and Mrs. Joe Bob Browning of Gorman attended a district Farm Bureau meeting in Brownwood, supposedly planned for F. B. service agents.

On Friday, February 4th, Mr. and Mrs. Arthur Love, Betty and Junior were visiting in Ranger.

On Monday, February 4th, Mrs. John Love accompanied Mrs. Joe E. Perkins and Mrs. Jack Frost to a Red Cross luncheon in the Bakers Hotel at Mineral Wells.

While the little woman was a

MARJORIE MADDOCKS, Mgr.

gone to the luncheon, John Love was injured in a freak accident at the farm resulting in the loss of a thumb nail. Tetanus shots were administered immediately after he arrived at a Ranger hospital, as a precautionary measure. The injury promises to be quite painful for a few days.

Mr. and Mrs. Herman Nerger visited the J. W. Case home Sunday afternoon. Mrs. Case was kept from attending church by the flu.

Mrs. Hatley Dean is at this reporting, not feeling at all up to par. Rest has been prescribed for a heart condition which has developed over a period of time.

Mr. and Mrs. Frank Poteet have a pickup now—a red one—acquired recently. They visited our domain Friday afternoon.

Mrs. Mattie Moody and Mrs. Electra Hattox were in Eastland, Thursday investigating possible employment at the new garment factory opened there recently.

House guest in our home Saturday until Tuesday, were Mr. and Mrs. John Kemper of Trilia, Texas, near Plainview. They were en-route from Sonora, where they had spent the past 10 days, to Glen Rose for the healthful facilities that are available there.

Mr. Kemper is a retired farmer and he and his wife enjoy some of the mild Texas climate each winter away from the high plains area.

While here a short visit was made in the Hubert Day home near Staff.

Haley is a cousin to Archie Jordan of Tulia, closest neighbor of the Kempers and our one time bank cashier, when we resided in Swisher County.

Mr. and Mrs. Oliver Galloway made a business trip to Abilene quite recently.

A white leghorn hen owned by Better Tucker, not to be out done by that production red biddie owned by J. W. Case, laid an egg measuring 8 3-8 by 6 7-8 inches, but this egg just contained a double yolk—not a complete egg inside the outer shell as the red hen's egg had—three strikes against the white hen.

The small son of Mr. and Mrs. Kenneth Brown was able to be took home on Thursday from the Ranger Clinic, where he had been hospitalized for pneumonia.

Laur Mitchell who under went major surgery recently at the West Texas hospital was dismissed Saturday and is at the home of her brother in the new housing unit.

She is reported as feeling fine and will soon be able to go back to work.

Mr. and Mrs. L. V. Griffith formerly of Moran have moved to their new residence on Riddle St.

Mrs. G. F. Rose and daughter Carolyn honored Mr. Rose with a birthday dinner Sunday evening in their home.

Mr. E. F. Hood who has been confined to his home for a long time and cannot get out and visit any more had a great surprise Sunday when his cousin, Horace Hood of Jones County came over to see him. He had not seen his cousin in forty-one years.

They had a good time together because they had lots to talk about.

Mr. Horace Hood visited in the home of his aunt Mrs. Susie Warner Sunday.

Audry Rodgers formerly of Ranger and now working in Midland received minor burns recently when his clothing caught fire. He spent several days in a Midland hospital but has been released now and is reported as doing fine.

Mrs. Olean Heath and children of Big Spring spent the week-end visiting with her parents, Mr. and Mrs. J. A. Stewart and her son Jackie who is staying with his grandparents and attending high school.

Mrs. Tinnie Lee and Yvonne Hennon visited Mrs. Lee's daughter and Yvonne's mother, Mrs. Joe Walker and her husband over the week-end in Dallas. Mr. and Mrs. Walker brought them back home.

Mr. and Mrs. J. D. Eakins and son of Pyote visited here over the week-end with his father Alex Eakins and her parents, Mr. and Mrs. O. L. Robinson.

Miss Coy Eaves who has been employed by the Bell Telephone Company here for sometime left Monday for Eunice, New Mexico, where her parents live.

She will be employed by an oil company in Hobbs, New Mexico.

Mr. and Mrs. L. H. Gentry and daughters Sandra and Peggy visited with their daughter and family, Mr. and Mrs. Clifford Floyd and Larry of Kermit, over the week-end.

Mrs. Floyd and Larry returned

home with her parents for a visit.

Mr. and Mrs. R. B. Davis and daughter Tawana of Graford visited in the home of her mother Mrs. Lulu Maddux, sister Mary Jane and brother Robert, over the week-end.

Mrs. E. K. Milmo and Mrs. Linda Forney are attending the Texas State Beauty Convention meeting in Dallas Sunday and Monday.

Mr. and Mrs. Paul Bullock and Jimmy, Mr. and Mrs. Sidney Harton and Miss Joyce Murray spent Sunday in Brownwood at the home of Mrs. Harton and Mrs. Pallock's father, Mr. Floy Murray who was injured in an accident last Tuesday. He has been dismissed from the hospital, but is still suffering from the wounds he received.

Mrs. Ethel Wright visited in Cisco Sunday with her mother Mrs. John Massey and sister, Mrs. F. C. Cheshire.

Mr. and Mrs. Flake Turner had as their dinner guests Sunday, Mr. and Mrs. Aubrey Strader and Mr. and Mrs. Edwin Alexander of Gainesville, Mr. and Mrs. Joe Merrill and children of Ft. Worth; and Mr. and Mrs. Frank Johnson of Dallas.

Mrs. Fred Lamb and children Freddie and Kathy returned Sunday from Belton where they spent two weeks with Mr. Lamb who is building a Drive-In Theatre there.

Mr. and Mrs. W. W. Jones visited

Nation's Oldest Driver Gives His Key To Driving

NEWPORT, R. I., Feb. 12 (UP)—Robert L. Dring, 100, the nation's oldest motorist disclosed this simple formula today for safe driving:

1. Quit speeding.
 2. Quit gawking.
- By keeping his eyes on the road and a light foot on the accelerator, Dring has completed 36 years of motoring without a serious accident.
- "Had a close call the other day, though," confessed Dring, who still takes a daily spin in his 18-year-old sedan without feeling the need

ed in Stephenville Sunday. Mrs. Jones' oldest brother Ed Rippeot suffered a heart attack Thursday and they went to see him.

They also visited in the home of Mrs. Jones' youngest sister, Mrs. J. T. Dyson and reported that they saw a number of their relatives and friends while there.

Safer Cough Relief

"Hot flashes" of Change of Life stopped or strikingly relieved

in 63-80% of the cases in doctors' tests!

• Those suffocating "heat waves"—alternating with nervous, clammy feelings—and accompanied often by restless irritability and nervousness—are well-known to women suffering the functionally-caused distress of middle life "change!"

You want relief from such suffering. And—chances are—you can get it. Thrilling relief! Thanks to two famous Lydia Pinkham medicines!

* In doctors' tests, Lydia Pinkham's Compound and Tablets brought relief from such distress in 63 and 80% (respectively) of the cases tested. Complete or striking relief!

How Lydia Pinkham's works
It acts through a woman's sympathetic nervous system to give relief from the "hot flashes" and other functionally-caused distresses of "change of life."

Thousands Have Benefited
Amazing, you say? Not to the many thousands of women who know from experience what these Lydia Pinkham medicines can do!

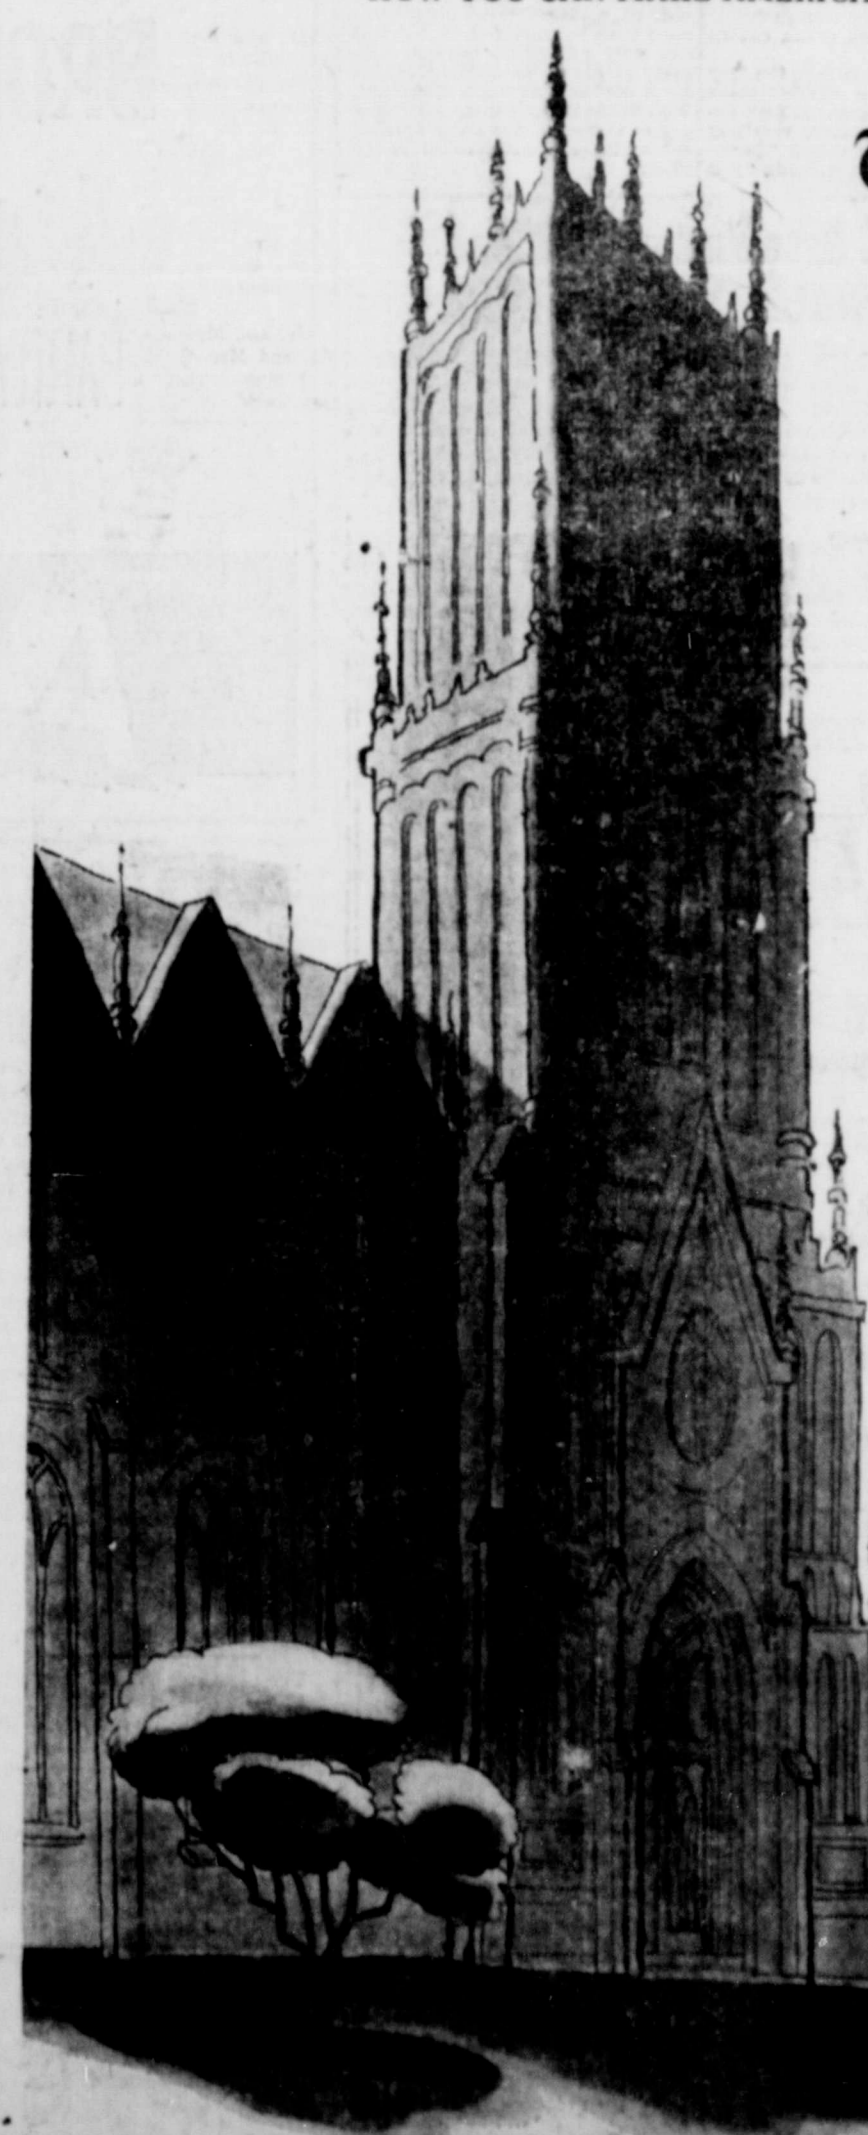

Their action—actually—is very modern. They exert a scientifically calming, soothing effect!

flashes" and weakness so common in "change of life." Don't put it off! Get Lydia Pinkham's Vegetable Compound or new, improved Tablets with added iron (trial size only 59¢).

Wonderful—too—for the functional pains, cramps, "dragged-out" feelings and other discomfort of monthly menstrual periods!

Try Lydia Pinkham's on the basis of medical evidence! See if you, too, don't gain blessed relief from those terrible "hot

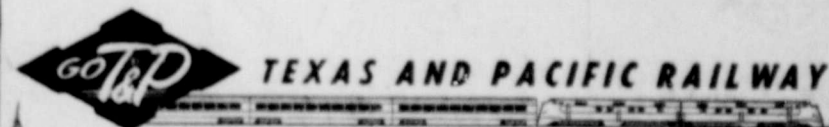

HOW YOU CAN MAKE AMERICA STRONG — V

Unless the Lord build the house...

Twice in one lifetime we have tried to build peace, both times we have failed. And both times God was kept from the peace table—the first time because the world was "too busy"; the second time because God was barred by Communism. This, despite the Bible warning that "Unless the Lord build the house, they labor in vain that build it."

A return to religion and to the individual freedoms of our founding fathers will make America strong spiritually and morally. Let's reaffirm our faith in God and our faith in the power of prayer. Then our labors will not be in vain. Let's all help by truly practicing day by day the principles of religion.

Yours is the power to make us strong spiritually, morally, politically and economically. Write today for a copy of the article, "The Four Pillars of Freedom—Work, Save, Vote and Pray." Mail your request to: J. B. Shores, Public Relations Department, Texas and Pacific Railway, Dallas, Texas. No charge, of course!

You Can Water Seed Box Safe Way Florists Use

Two Methods of Watering Seed Box O. K.'d by Science.

Automatic watering methods which are widely practiced by florists can easily be adopted by amateur gardeners who plant seeds in their homes. They make it possible to provide constant moisture for indoor seed boxes without danger of overwatering, or forgetting to water the plants, with possibly fatal consequences.

Amateurs who prefer to start their own seeds indoors rather than purchasing seedling plants, are able to make important savings, and to enjoy an unlimited selection of the subjects to be set out in their gardens. They can grow exactly the varieties they prefer, including the latest novelties, or old favorites. Latest methods of preventing disease, using artificial light when needed, and regulating moisture make success certain for those who use them.

Most failures of flower and vegetable seeds to grow are probably due to either a lack or an excess of moisture. If the soil gets too dry, the tiny seedlings with their shallow roots may wither in an hour. If kept too wet, fungi may develop, resulting in the fatal disease called "damping off." To keep the moisture "just right" was formerly a matter of experienced judgment, and required a constant watch on the seed flat, difficult for the amateur.

Teachers Association To Meet In Sweetwater On March 7-8

Approximately 2,000 teachers and administrators from 23 Texas counties are expected to attend the Oilbelt District VII Teacher's convention at Sweetwater March 7-8, according to C. W. Tarter, superintendent of Sweetwater Public Schools.

"Education is Good and is Getting Better," theme chosen by Texas teachers this year, will be emphasized throughout the convention.

A host of outstanding national educators will be on hand to address the Oilbelt delegation, A. B. Passmore, district president and elementary supervisor of the Vernon Public Schools, has announced.

Featured speakers for the three general sessions will be John Bracksen, past president of American Association of School Administrators; Judge John A. Brett, member of the Criminal Court of Appeals; and Dr. James Hynes, Jr., from George Peabody College.

At the level meeting, a new feature of the convention, Dr. Henry Otto from the University of Texas; Dr. John Carroll, of Texas Technological College; and Dr. R. A. Collins, Hardin-Simmons University, will address the teachers when separate meetings for elementary, junior high and high grades will be held.

District VII officers in addition to Passmore are Laura Sheridan of Sweetwater, vice-president; J. W. Hamilton, secretary, from Seymour; Johnnie Mae Long of Wichita Falls, treasurer; Earl Connell of Anson, membership chairman; and G. H. Kirby, past-president, from Wichita Falls. Olaf South, Sweetwater, is general chairman of the convention.

Local chairmen for sectional meetings are Mrs. E. J. Yates, classroom teachers; Marie Hill, music; Mrs. E. J. Woodard, art

and elementary; J. G. Overton, mathematics; Marie Haney, library; John McKay, industrial arts; and Reba Roberts, science.

Musical programs will be presented by Sweetwater choral and band ensembles, the Jackboro Choral club and the Abilene Christian College A Cappella choir.

Sweetwater Classroom Teachers will honor Oilbelt delegates at a reception in the Sky Rodm of the Blue Bonnet Hotel Friday night following the general session. Mrs. Roger Eaton is president of the Sweetwater association.

Counties included in District VII Oilbelt region are Hardeman, Foard, Wilbarger, Wichita, Clay, Knox Baylor, Archer, Montague, Stonewall, Haskell, Throckmorton, Young, Jack, Scurry, Fisher, Shackelford, Stephens, Nolan, Taylor, Callahan and Eastland.

With the exception of Callahan, Taylor, Scurry, Fisher, Jack, Montague and Haskell counties, District VII has a 100 per cent membership in the Texas State Teachers Association, it has been announced by membership chairman Connell.

The first recorded suggestion that the earth and other planets revolve around the sun is attributed generally to Aristarchus, an astronomer who lived on the Greek island of Samos about 265 B.C.

Mr. and Mrs. Dale Weaver spent the week end here visiting their parents, Mr. and Mrs. E. P. Weaver and Mr. and Mrs. E. J. Sordager.

BEFORE YOU INVEST IN ANY FINE CAR... COME DRIVE THIS **CHRYSLER V-8 ENGINE!**

HEART OF FIREPOWER!
This hemispheric combustion chamber with large, well-cooled valves right in the dome, is the basic reason FirePower outperforms all previous engines, even its non-premium fuel!

WHETHER you plan to buy a Chrysler or not, we cordially invite you to drive this revolutionary Chrysler FirePower V-8 engine. Only FirePower performance can possibly tell you what it is like. We want you to have that experience. The FirePower engine is a basic new design so advanced it can meet rising performance needs for years to come. Today it delivers 180 horsepower, even on non-premium fuel, and when desirable with simple changes in manifold, compression, and carburetion the horsepower can be raised to 250 . . . or over 300, as in the experimental Chrysler K-310 car. Naturally, others will imitate this Chrysler achievement, at least in part. We honestly believe that the FirePower engine will outperform any other car in America . . . and we invite you to learn the new standard in engine performance Chrysler has set by driving it yourself.

DRIVE a Chrysler and LEARN the difference.

Many Positions Open With Civil Service

Recruiting of eligibles for the position of Junior Professional Assistant in the Federal service is being intensified as an aid to the defense program, Paul H. Figg, Director, Fourteenth U. S. Civil Service Region, Dallas, said today.

More than thirty different types of positions, from Personnel Assistant to Legal Examiner, are being filled from this examination and it is assuming increasing importance in filling positions in the Federal service.

A college degree or three years of progressively responsible experience in one of thirty-four optional fields is sufficient to qualify

applicants, but such eligibles must also successfully pass a written test, Figg said.

Persons interested in applying for eligibility in these positions should contact the Secretary, Board of U. S. Civil Service Examiners, at the nearest first- or second-class post office. Application blanks and additional information are maintained at all such offices.

Marking Time in the March of Time—

. . . is somewhat like fishing without luck—there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstracter getting rich as such, but we have heard of those who have spent a life-time, as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.
