

SEEN OR HEARD

So come the rain, or at least that is our supposition as to that matter "dripping" from above having a damp feeling when and if you could gather enough of it to feel.

When it started raining yesterday morning we asked Dwaine Dennis if that "stuff" was freezing as it hit. It wasn't too warm. But you can be for sure that we didn't call it rain until we had consulted the government weather book here to see if it fit the specifications set down by our government.

Finding that it did we therefore called it "rain," to be exact .25 of an inch.

We sure hated to see that nice warm weather depart and go back to Florida—or whether it came from. All the boys down here were getting the fishing urge. Now that it has cooled-off they won't go.

We've been unable to supply our own fish. And we thought maybe one of them would catch more than they could eat. All is lost now.

One fisherman bringing home the bacon will be Mr. F. G. Bland of Ranger who is visiting his daughter and son-in-law, Mal and Mrs. Guy Bryson, at Winter Haven, Florida. He caught an 11 pound bass on the southwest shore of Lake Howard. He was using a shiner as bait.

If you don't believe this we will show you a picture of Frank and the Bass.

A soldier, after having been reprimanded for continually griping about Army chow, was told by his commanding officer to "say off"—quitting griping about the Army's fine fare.

Thereafter when he would get his food and start to eat he would say "Hebrew 13:8."

A curious mess sergeant with the aid of a chaplain succeeded in finding out what he meant by Hebrew 13:8.

The 13th chapter of Hebrew, and the 8th verse states: "Jesus Christ the same today, yesterday and forever."

In case some of you have forgotten we are still open for business on Monday and we will gladly take any news reports that you would like to make.

The more reporters we have the better the paper and the more everyone will enjoy it. So give us a call when something comes up. You would be surprised what is of interest to other people as well as yourself.

One Killed, Two Critically Hurt

WEATHERFORD, Feb. 16 (UP)—One man was killed and four others injured, two of them critically when three cars and a trailer piled up near here last night on Highway 80.

The death victim was Floyd Axtberry, 33, Weatherford. Sgt. George B. Cranfill, 23, of Crane suffered a cut throat in the collision and was not expected to live. Sgt. Wendell R. Potter, 24, of War, W. Va., remained unconscious at the Parker County Hospital where all the injured were taken.

Attendants said Wilburn W. Bumbley, 35, of Cisco, and Morris Horton, 35, of Farmerville, Tex., appeared to be in "fair" condition.

The accident occurred when Axtberry's car swerved in to the path of Bumbley's car. The third car, believed driven by Horton, struck a trailer towed behind Bumbley's car.

BRITISH OIL TRAIN MINED BY EGYPTIANS

BRITISH HEADQUARTERS, Suez Canal Zone, Feb. 16 (UP)—The British barred all Egyptian food and oil trains from passing through the Suez Canal Zone today in retaliation for the mining of a British oil train last night.

A spokesman for Lt. Gen. Sir George Erskine, British Commander of the Zone, said the ban would continue in force until Egyptian railway crews clear wreckage of the mined train from the Port Said-Ismailia line and all British railway traffic delays have been made up.

Although the halt order applied to all Egyptian state railway traffic through the Canal Zone, it affects only food and oil trains. The British banned all passenger traffic more than five months ago.

The attack on the train last night marked the first major anti-British incident in Egypt since mobs sacked and burned British and American buildings in Cairo last Jan. 25.

British authorities said Egyptian terrorists had placed two powerful mines on the track. The first derailed the locomotive and tender of the oil train and the second wrecked the first six tank cars.

Detonated electrically from the cover of desert scrub, the mines blew craters five feet deep and nearly 70 feet in diameter. Only 45 minutes earlier an Egyptian train had passed over the spot unharmed.

Erskine at once ordered his troops to reestablish road blocks and checkpoints on the main Port Said-Ismailia highway and postponed further releases of Egyptian auxiliary police held since British forces stormed their Ismailia barracks last Jan. 24.

Rangers Drop Close Game To Mountaineers

The Ranger Junior College Rangers dropped their chances for a tie for third place at Kerrville last night. The Schreiner Mountaineers were victorious after a ballgame that was hard fought from start to finish. Final score was Schreiner 78—Ranger 74.

Tommy Wilson led Ranger in point making with 32, followed by Jim Bridges with 15.

Bridges fouled out of the game with about six minutes left to play, followed by Wilson who gathered five fouls with three minutes to go in the final period. This was believed to have been a deciding factor in the final outcome of the game.

Man Picketing Union Attacked

KANSAS CITY, Mo., Feb. 16 (UP)—A man picketing his own union was beaten severely on the head with a hammer late yesterday after a meeting of the teamsters joint council called to consider a "family fight" in local 955 of the Teamsters and Chauffeurs Union.

Victim of the beatin was Michael J. Brendel, who aspired to head the local as president. He told officers that he was carrying a sign demanding that the union hold an election. Suddenly, he said, he was attacked by a man whom he could not identify.

He fought back and the assailant dropped the hammer. Brendel said. At that point, he told officers, an official of the union went to the aid of the attacker. Brendel, wound up at Research Clinic, where physicians sutured his head in heavy bandages after treating lacerations.

He said he would sign a police complaint and institute civil proceedings as well.

PRIZE TENANTS—These soft-furred chinchillas are two of the 18 "pride and joys" of Bob and Nelda Roth of Breckenridge. Worth \$1,650 a pair now, the chinchillas are housed in one of the prettiest bedrooms in the Roth's new home. Mrs. Roth is a daughter of Mr. and Mrs. Harry Woods of Eastland.

"Little Kefauvers" Will Hear More Waco Witnesses Saturday

AUSTIN, Feb. 16 (UP)—Texas "Little Kefauvers" planned to hear 15 more witnesses today in their investigation of lawlessness and prostitution in Waco and McLennan County.

The closed hearings began before Rep. Fred V. Meridith's House Crime Investigating Committee yesterday. Nash Oliver, Judge of the McLennan County Court-at-Law and among the early witnesses, promptly the inquiry "a political football."

"Waco is clean enough for anybody," he said.

Meridith said that "so far as I know, he (Judge Oliver) may be right. That's why we're trying to hear both sides."

The witnesses, called from Waco and the surrounding area, declined to reveal their testimony to reporters waiting outside the 16th Court of Civil Appeals chambers in the capitol building.

Hiram Staton, former member of the legislature and now a Waco Justice of the Peace, said as he left the hearing: "for the time being, at least, it is a secret meeting."

Meridith early said a statement would be issued after all the witnesses had been heard.

It was believed the five-man committee was interested chiefly in prostitution in Waco. There have been reports that the city's north edge is belted by bawdy houses catering to personnel from Connally Air Force Base and Fort Hood.

But Judge Oliver said military activities have made no complaints.

"I kind of resent this kind of investigation," he said. "Waco is not that kind of town. I think they could better be spending their time elsewhere."

He said "what crime there is, is being handled locally—and if it wasn't, the state has Rangers."

When asked what he thought prompted the investigation, second of a specific area undertaken by the committee, Oliver snapped: "I think it's a political football."

Last summer, the House group aired a history of the Maceo gambling enterprises during their hearings on Galveston. Since, 16 Maceo employes have been indicted by a Galveston grand jury on felony gambling charges.

Chinchilla Is Most Coveted Of All Animals

Mr. and Mrs. Bob Roth of Breckenridge, chinchilla fanciers to the extent of nine pairs, find these little animals amusing as well as profitable.

The legendary story of these fur-bearing animals begins in South America some time prior to the fifteenth century. High in the Andian mountains a tribe of Indians called "Chinchas" hunted a tiny animal for food and made beautiful robes from its luxurious soft fur.

A few decades later the "Chinchas" were conquered by the "Incas" who admired the great beauty of the fur and forbade its use by the conquered tribe. The precious fur became a luxury due only to Inca royalty who used it for ceremonial robes. In the 16th century the Incas were conquered by the Spanish Conquistadors, led by Cortez. They recognized its great beauty and introduced Chinchilla fur to the royal courts of Europe.

It immediately became a fur that ranked above ermine and sable as the fur of royalty. From that time until the animals were almost exterminated, Chinchilla was one of the most-coveted of all furs and was introduced throughout Europe, and eventually into the rapidly expanding society of the United States.

There are approximately 125,000 of these animals in the United States today, and the tribe is rapidly expanding. A pair may be fed for about \$2.50 a year. Only breeding animals are raised at this time. A full-length coat requires from 200 to 250 pelts, and when it is completed it weighs less than three pounds, buttons and lining included. Do you want one?

Appeal Made For More Funds For March Of Dimes

Mrs. J. A. Bates stated yesterday afternoon that the final tabulation of the returns from the March of Dimes drive in Eastland County has fallen short of the desired amount of money needed for operation next year.

\$3855.81 was taken in from Ranger and the rural communities in the half of the county of which Mrs. Bates was chairman. A tentative goal of \$6399, or one dollar for each person in this half of Eastland County had been set.

It is known all activities of the drive did not reach all of you during January. Anyone desiring to contribute to help the fight against polio can still, and is urged to do so.

Any person who was not contacted, or who wishes to make a further contribution can call Mrs. J. A. Bates at 122 and she will gladly come pick up their donation; or bring their money to Mrs. Bates' home at 306 Summit in the Gholson Addition.

In order that you may know why more money is needed the following figures are brought to your attention:

The county owes from 1951—\$6,000; and they spent an additional \$10,575 on the eight cases they treated in this county in 1951.

Were there to be an epidemic of polio in Eastland County there would be no funds available to care for them, as shown by the above figures.

Jaycee Meeting Monday Night

A meeting has been called of the Ranger Junior Chamber of Commerce for Monday night in the Gholson Hotel at 7:30.

President Charles Milliken stated that he would like to have a large number of the members present Monday, as work is to be undertaken on acts for its rodeo and other subjects pertinent to Jaycee activities.

UN Rejects Russia As Truce Inspector

Activities Of Bloodmobile's Visit Are Told

Sergeant Jess Cole, chairman of the drive for blood donors for the Armed Forces, met with chairman of the various committees and received reports on the work done toward preparing for the Blood Mobile's visit here March 4-5.

After the committees had conferred their work, Sgt. Cole briefed them as to what will actually take place and for what the blood taken, will be used.

He told the committees that all blood taken by the Red Cross when they are here would go directly to the Armed Forces and not one drop of it would be used by the Red Cross.

It was stated at the meeting that donors from 18 to 60-years-of-age would be eligible to give blood; but that persons from 18 to 21 would have to have the consent of their parents, or if they are married, the consent of their husband or wife.

The mobile unit will operate from 9 a.m. to 3 p.m. on the two days it is here and no stop will be made for the lunch hour.

A tentative or minimum goal of 150 pints of blood per day has been set for the two days the unit will be here.

Later pledge cards will be distributed on which you can certify your intentions of giving blood while the unit is here.

Sgt. Cole also dispelled any fear anyone may have of giving too much blood. If you have not donated blood within the past two months, you may do so now. Also you may give blood five times within any one year. If you weigh less than 110 pounds you are not eligible to give blood.

Start planning now to make a live giving donation when the blood unit visits Ranger.

Masonic Banquet To Be Tuesday

Attorney Marshall Newcomb of Dallas and President of the Helia Temple Shrine will be the principal speaker at the Ranger Masonic Lodge's annual George Washington Birthday Banquet.

The banquet will be Tuesday, February 19th in the Masonic Hall and will start at 6 p.m.

All Master Masons and their wives were cordially invited to attend.

ALLIES ACCUSE MOSCOW OF BLOCKING ARMISTICE PACT

By Arnold Dibble
United Press Staff Correspondent
PANMUNJOM, Korea, Feb. 16

The allies rejected Russia as a member of a neutral armistice inspection team for "obvious" reasons yesterday and followed with an accusation that Moscow is blocking an armistice agreement.

The Communists proposed, in the truce talks here, that Russia, Poland and Czechoslovakia be their "neutrals" on a six-man armistice inspection commission. The allies had previously nominated Switzerland, Sweden and Norway.

The allied negotiators accepted Poland and Czechoslovakia but firmly rejected Russia. Asked why, UN negotiator Col. Donald O. Darrow told the Reds:

"I should think it would be obvious why the Soviet Union is not acceptable as a neutral nation."

An allied spokesman made it plain, as of now, the rejection is final.

"It is not a point that can be debated and compromised," spokesman Brig. Gen. William P. Nuccio said. "The only possible way I can see is the nomination of another neutral."

Russia has been pouring planes and munitions into Korea since the start of the war. Some allied pilots insist that Soviet pilots are helping to man the Russian-built MIG-15 jet fighters.

Gen. Matthew B. Ridgway's headquarters said in a "Voice of the UN Command" broadcast from Tokyo that the final outcome of the Panmunjom armistice talks now hinged on decision in Moscow.

The broadcast said the Red negotiators at Panmunjom were stalling while the Kremlin tried to decide:

1. "Whether to insist on the right to build bomber and fighter bases in North Korea during a truce."

2. "Whether to agree to allow voluntary repatriation of war prisoners."

3. "Whether to insist that a subsequent governmental settlement must talk about Asian problems not directly related to Korea."

UN TANKS-INFANTRY SMASH RED LINES IN KILLER RAIDS

5th ARMY HEADQUARTERS, Korea, Feb. 16 (UP)—United Nations tanks and infantry plunged into Communist lines through seven snow-blanketed valleys today in the biggest series of "killer" raids in nearly three months.

At the same time, allied warships carried the longest non-stop naval siege in history into its second year at the battered, smoldering Communist east coast port of Wonsan.

Altogether, warships of nine nations have hurled 16,000,000 pounds of exploding steel into Wonsan at the rate of 22 shells an hour day and night since the continuous bombardment began last Feb. 16.

All seven 8th Army raiding parties hit the Communist line along the western half of the front. Their object was to kill Communists and scout out enemy strength. It was the biggest such effort since the "ease fire" began one month before last Christmas.

Far to the northwest, UN planes sowed their bombs and rockets across Communist communications.

Fifth Air Force fighter-bombers blasted out two railway bridges, cut tracks in more than 60 places and destroyed or damaged two freight cars, three trucks and seven supply buildings.

Two American Sabrejets exchanged firing passes with two Communist MIG-15 jet fighters over MIG Alley, but made no claims pending examination of gun camera films. Other Sabres screening fighter-bombers sighted about 75 additional enemy jets.

The 5th Air Force reported that it lost only three planes during the past seven days, its smallest loss since it began "Operation Strangle" against enemy communications last August. The weekly average has been 10 planes lost.

Only one plane was lost in combat, but it was a Sabrejet carrying Maj. George A. Davis, Jr., world's top-scoring jet ace, who is listed as missing in action.

The other two planes were F-84 Thunderjets shot down by Communist ground fire.

Red staff officers bristled at the UN's quick rejection of Russia as a member of the neutral commission.

"There is no justification for your side to object to any neutral nation," one ally said. "We are prepared to invite," a Communist staff officer told the allies.

The Communists introduced their compromise plan for a high-level peace conference at an earlier 15-minute meeting of the full armistice delegations.

Like their earlier version, the new Red plan called for a peace conference within 90 days of the completion of an armistice, but this time specified that the questions to be negotiated would be "the withdrawal of all foreign forces from Korea, the peaceful settlement of the Korean question et cetera."

Vice Admiral C. Turner Joy, head of the UN truce delegation, said he would reply to the proposal at another meeting Sunday. He may ask for deletion of the "et cetera."

You Can Save Real Money By Starting Garden Plants

Inexpensive Equipment Will Insure Ample Light and Water to Your Plants, and Protect Them From Disease.

Though winter is said to begin when the sun reaches its southern solstice, gardeners know that this is really the beginning of spring. Days grow longer as the sun starts north again; in ten short weeks the snowdrops may be in bloom.

This is little enough time to plan for your garden, and prepare to start seeds indoors. So much has been learned about starting seeds that no one need hesitate to undertake it, even though an ideal south window unshaded from the sun may not be available. New experiments in growing plants entirely under artificial light have taught lessons which the amateur may easily adopt to solve his problems.

Seedling plants can be started in a dark basement, without expensive equipment. On a table sheltered from drafts, where the temperature will average 60 degrees, place your seedboxes. The soil which fills them should be a mixture of sifted top soil, builders' sand and peat moss, one-third each. To prevent rotting, mix the peat in a layer of sphagnum moss half an inch thick, laid on top of the soil. Cover the seeds lightly, or not at all.

Instead of soil you may fill the boxes with sphagnum moss, or vermiculite, but these are sterile substances, and you will have to supply plant food when your seedlings begin to grow.

Artificial light should be furnished the seedboxes as soon as the seeds appear. Its intensity should be at a minimum of 30 to 100 foot candles, and it may come from either fluorescent lamps or ordinary tungsten lamps. You can measure the intensity by the following easy method, provided you have a photographic light meter. Place two "thicknesses of white letter paper on

the spot where your seedbox will stand. Hold a late model Weston meter above it, and measure the light which falls upon the paper, being careful not to cast a shadow from the meter. Multiply the meter reading by four, and you will have the foot candle measurement of the light on the paper. Adjust the lamps until the desired intensity is achieved, and by providing this illumination 12 hours a day, you will enable most seedling plants to thrive, so far as light is concerned.

If the light is inadequate for the crop you are growing, the seedling plants will grow tall and spindly, and the light must be increased. Warmth, water and light are the three essentials for seedbox success. It may be easier to watch your boxes if you place them in the best available window. Here you can supplement the daylight with artificial light, measured the same way, to provide a minimum in all of 30 to 100 foot candles, 12 hours a day.

It may be that you have a south window which provides all the light needed, but that your seedling plants bend toward the light. You can straighten them out by turning the box around every day, but an easier way is to place a white cardboard back of the box, so that it reflects the sun upon the plants. This will keep them straight.

Plan what you expect to grow this year, and get your seed and boxes ready. It does not pay to waste seed on pastebored boxes too small to develop vigorous plants. Get "data" knock-down, approximately 14 x 20 inches, 2 1/2 inches deep or larger, or use boxes of equal capacity you may have available. In these your plants will really have a chance to grow.

Local Women On Program

An outstanding feature of the District 17 convention, in Abilene Friday was the Elementary conference conducted by the workers from the First Baptist church of Ranger. Mrs. Ralph Perkins, an approved Elementary worker of the Training Union Department, presided over the sessions, and directed individual conferences.

Others appearing on the program from Ranger were, Mrs. Alvis Wood, who demonstrated the use of "puppets" in teaching and for entertainments. Mrs. Corvis Beck and Miss Peggy Russell had charge of the music and the marches. Mrs. Albert Koenig demonstrated the Visual Aids for Departmental programs. Mrs. Walter Arterburn presented a demonstration of shadow-box aids in teaching. Mrs. Mary Wheat had the Bible drill demonstration. Mrs. Ralph Perkins presented samples of handwork for invitations and attendance posters. Mrs. Pete Brashier and Mrs. Dave Fawcett and Mrs. Les Taylor who work in the elementary department were unable to attend the convention.

Mrs. Angie Pounds of the First Baptist church of Stamford led the Junior demonstration work. The Elementary Department of the First Church of Ranger has been asked by Dr. T. C. Gardner, Secretary of the Training Union Department of Baptist work in Texas, to write the entire program for the Quarterlies that will be used over the entire state and in many other states in the Southern Baptist Convention and in Foreign Mission fields. It is truly an honor to these women to be asked to write these programs, and it will be a tribute to the outstanding work that is being done in the local church in Training Union, according to Walter Arterburn, director of the local Training Union.

Boy Scouts To Be Honored Sun.

Members of Scout Troops, Number 10 and 15, along with their respective Scoutmasters, Willis Clark and Keith Langford, and their associates Nolan Butler and H. A. Shockey, will be special guests at the morning service at the First Methodist church on Sunday, Feb. 17. A center section of the church sanctuary will be reserved for these boys and their leaders. It is requested that each boy wear his uniform if possible—if not, then come on anyway. The troops are to meet in the basement of the church at 10:45 a.m., after which they will march to their place at the proper time under the supervision of their masters.

These two troops have some of the finest boys in our community on their rosters. The First Baptist and Methodist churches, sponsors of scout work in Ranger, are doing a good job in helping to prepare these boys for life. We trust that the Methodists will give the Boy Scouts and their helpers the kind of welcome Sunday morning befitting the spirit of Methodist organization and deserving of the calibre of organization of these troops. This is our opportunity to let the community know that we are glad to have Scout work going on in our city states the pastor.

Church Services 1st Methodist

Regularly scheduled services will be held at the Methodist church Sunday, Feb. 17. Church School will meet promptly at 9:45 a.m. with the Children's Division meeting in the basement, and the approved Elementary worker of the Training Union Department, presided over the sessions, and directed individual conferences.

At the morning service, the pastor will speak on the subject: "Living Above Sea-Level", based on Romans 12:11. The Chancel Choir will sing the anthem: "He, Watching Over Israel", by Mendelssohn.

The evening service, scheduled at 7 o'clock will be a special service for our youth, particularly members of the Vesper Choir, who will sing the responses and the anthem, "Lift Up Your Heads", by Fauris. Mrs. D. D. Pickrell will direct the choir in the special numbers.

A hearty welcome awaits you at all services at "the church with a warm heart." The nursery will be open for both morning and evening services.

Sermon Subjects For 1st Christian

Rev. A. Lynn Robbins, pastor of the local First Christian church will preach on the theme: "God's Displaced Persons" at Sunday morning worship and Communion service at 11 a.m. This sermon will be a continuation of the subject used last Sunday morning and will be taken from the first chapter of the Gospel of Mark, verse 20.

The Church School, with classes for all ages, will meet at 9:45 a.m. under the direction of the superintendent, Mr. Lawrence Bryan. There are only two Sundays remaining in the current Chicken and Beans Contest that has been in progress since the first of January. At this point the Women and Girls are leading the Men and Boys in total attendance and it looks like the males are going to have to eat the beans and the females will get the fried chicken at the Church School dinner to be held early in March. The men and boys have two more chances to make up their attendance and then it will be too late. If you are not attending Sunday School in Ranger, you're invited to come to the First Christian church school and find a place of welcome, states Mr. Bryan.

"The Pattern of Sound Words" will be the sermon topic at the 7 p.m. evening church service. There will be the regular period of Fellowship Singing and evening meditation; and the Christian Youth Fellowship will meet after the evening service at 8 p.m.

Deacons To Meet Monday

Deacons of the First Baptist church will meet Monday evening Feb. 18, at 7 p.m.

It has been announced that this is a very important meeting and everyone is urged to be present.

WMU To Meet Monday At 3

The W. M. U. of the First Baptist church will meet Monday afternoon at the church at 3 p.m. for the "Royal Service" program.

The program for this month is on the power of prayer and the use of prayer. All the ladies of the organization are urged to be present at the meeting, which will be in the fellowship hall.

Marking Time in the March of Time—

... is somewhat like fishing without luck—there's no thrill to it. But there is real thrill in moving forward, serving humbly and doing some one thing well. We never heard of an abstractor getting rich as such, but we have heard of those who have spent a life-time, as we have, building up title institutions that are assets to their communities. Yes, we get a thrill out of every order and a real joy in producing it into a quality product.

Winner To Enjoy Chicken Supper

The Odd Fellows and Rebekah Lodges held a joint meeting Thursday evening after their separate meetings to talk over plans to build up each lodge and get more members coming to the meetings.

It was agreed to enter into a contest with each other and that the side that wins will be treated to a fried chicken supper.

It was announced that there will be another meeting March 11 and that each member of both lodges is urged to be present.

The group reminded that April 24th will be the date for the Association meeting in Mineral Wells.

At the close of the discussion period, coffee and cake was served from a beautiful table laid with a white cloth and centered with an arrangement of red azaleas furnished by Mrs. Calla Lee. At each place a comic valentine was folded in a napkin and a hilarious time was enjoyed as each one was read and shown.

Those present were Meses. Lu Lu Williams, Bertie Shipman, Clara Ivy, Edna Huffman, Lena McDonough, Ethel Wright, Messrs. Earskin Gibson, Addie Williams, Bill Rainwater, John Seay, C. E. Bell, Earl Blackwell and Mr. and Mrs. Ray Todd and Mr. and Mrs. Lem Rushing.
