

## SEEN OR HEARD

Greeting thought: If you have the slightest idea that Communism might succeed in America, try telling your wife that your first duty is to the State instead of her. (T&P Topics.)

You may not be able to convince your wife that your first duty is to the state; but they are about to convince everyone that nearly the first half of your paycheck goes that way.

Were all the time spent for coffee drinking in the government office buildings utilized for work there could be a fifty per cent reduction of the staff, including brass, and no one soul's absence would be missed.

Having seen this in action, we believe our estimate of the percentage that could be released is conservative. One of the biggest needs we could see was more Indians and less chiefs. This was before the Korean War—by now they should have about done away with the Indians.

We met one of these guys that doesn't believe in the Chamber of Commerce the other night. According to his way of thinking all the chamber is doing is butting their heads with other chambers of commerce of the other towns for new industry and improvements in their respective cities.

One good thought is that we have an organization that is willing to get out and "bump a few heads" for the betterment of our town.

We firmly believe that after a person understands what an active chamber of commerce, such as the one here, is doing they can cast aside whatever doubts they have and work willingly with everyone else for the betterment of the whole.

We ran onto another little story in T&P Topics that we will reprint here for the benefit of the gofers of this vicinity:

**Sports Story:** Two golfers, sliding their drives into the rough, went in search of the balls. They hunted for some time without success while an elderly lady on the porch of a house bordering the golf course watched them intently. At last, after some 15 minutes, she spoke to the two some: "I hope I'm not making trouble, gentlemen," she said politely, "but would it be cheating if I told you where they are?"

Speaking of federal spending, did you know that: "Federal spending today now equals the entire earning of all men and women who live in the states of California, Oregon, Idaho, Washington, Nevada, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico, Nebraska, North and South Dakota, Kansas, Oklahoma, Minnesota, Iowa, Missouri and Tennessee?"

## Prisoner Escapes Dalhart Jail On Day Of His Trial

DALHART, Feb. 20 (UP)—Officers today searched for a 23-year-old jail breaker who leaped to freedom yesterday shortly before the scheduled beginning of his trial on a charge of assault with intent to rape.

Raymond Arguello of Dalhart jumped from the third floor of the grand jury room, where he had been locked with a number of other prisoners awaiting trial. Arguello, charged with assaulting a pregnant woman here, was the object of a northwest Texas search by volunteer civilians, local, county and state officers.

Dallas County authorities said it was customary to leave prisoners facing trial unguarded but locked in the jury room across a hall from the court of District Judge Harry Schultz.

## Fire Department Call To Gas Fire

The Ranger Fire Department answered a call to an oil well fire caused by gas escaping from the hole being drilled yesterday evening about 5:30.

The scene of the fire in which two men were injured was about 12 miles north of Ranger on the Caddo highway.

Two men were burned by the blaze, although it was not believed they were seriously injured. A fire truck owned by the Halliburton Company succeeded in putting the fire out.

Osborne Motor Company, Eastland

## German Girl, American GI Found Dead

FRANKFURT, Germany, Feb. 20 (UP)—Authorities tried to determine today whether a beautiful blonde and an American GI found lying nude side by side in snow-covered woods were victims of murder or suicide.

The grisly death scene was discovered yesterday afternoon near the Frankfurt suburb of Offenbach by a forester gathering firewood.

Footprints were found near the bodies of the unidentified woman believed to be a German, and a corporal of the U. S. 4th Infantry Division whose name was withheld. They were lying on their backs in the snow.

Since there were no marks of violence apparent on the bodies, police believed the couple might have been poisoned. They also considered it possible that the bodies could have been brought to the scene from some other place.

Their clothes were found nearby but both pairs of shoes were missing.

A police officer described the woman as a dyed blonde, medium height, about 32 years old, "stunningly beautiful" and whose clothes were "cheap but good." Police tried to trace her identity through a gold-plated bracelet which she wore on her wrist.

German detectives said the bodies could have been in the woods anywhere from two days to two weeks. The cold weather had left them in such a state of preservation that the time of death awaited the results of the autopsy.

## Body Bert Sparr Found In Cabin Near Eastland

The badly decomposed body of a man identified as Bert Sparr, near 70, was found in his cabin near the eastern outskirts of Eastland this morning.

The decomposed state of the body indicated that he may have been dead for as long as ten days.

Sparr had lived alone in this small house for a number of years. He had been a resident of Eastland for a long time.

He has a brother, Nelson Sparr of Eastland, and another brother, Jake Sparr of Gorman. His mother, Mrs. Maggie Sparr, is in the Ranger General hospital, where she has been for sometime with a broken hip.

Sparr's body was found by one of his friends. The friend had been by the house Saturday and honked. He received no acknowledgment from Sparr and surmised that he was not at home. He returned this morning and became suspicious after he again could not locate his elderly friend and found Sparr's body in the cabin.

The people and the undertaker were notified and were at the cabin preparing the removal of the body.

## RJC Sponsors Brass Clinic

The Ranger Junior College Fine Arts Department is sponsoring a Brass Clinic to be held at the college Friday afternoon at 2:00 p. m. by players from North Texas State Teachers College.

Some twenty area high school bands have been invited to attend this clinic Friday.

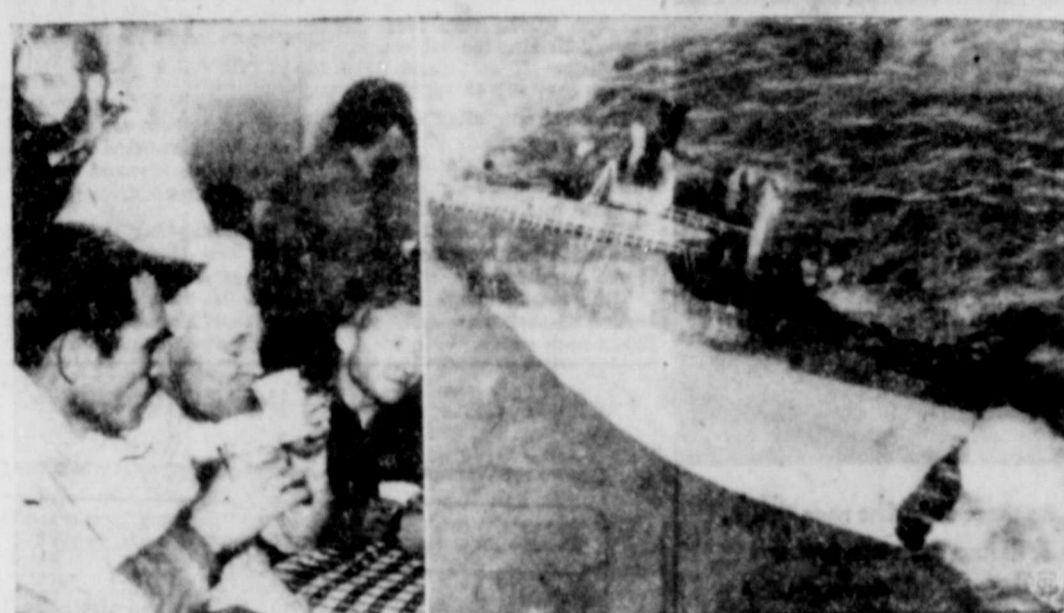

There will also be a concert that evening by a Brass Ensemble at 8:00 o'clock at the First Methodist church that will be open to the general public.

## Ranger Masonic Lodge Holds Washington Day Banquet Tues.

The Ranger Masonic Lodge No. 738 held their annual George Washington Banquet Tuesday evening, February 19 at the Masonic Hall.

At six o'clock the women of the Eastern Star served a delicious meal of chicken and dressing with all of the trimmings. The tables and banquet hall were beautifully decorated to carry out the Washington Day theme. The tables were graced with blue candles and arrangements of red azaleas.

After the meal was served and before the main program, the Masters and Wardens meeting of District 73 was held. The district includes Wayland at Caddo, Breckenridge, DeSmet, Eastland, Cisco, Rising Star, Carbon and Cross Plains.

CREWMEN RESCUED AS SHIP BREAKS UP—Crewmen from the tanker Pendleton, left, drink coffee and warm themselves at a Coast Guard station in Chatham, Mass., after being removed from the stricken ship. The stern section of the Pendleton rolls in the heavy surf off Monomoy Island, right, after it was abandoned by 32 crewmen when the ship split in two during a raging northeast gale. (NEA Telephoto.)

## FINE ARTS DEPARTMENT RJC WILL PRESENT LIGHT OPERA

Ranger Junior College announces the forthcoming production of the Gilbert and Sullivan light opera entitled "Patience."

The opera, to be produced in Mineral Wells, Fort Worth, Breckenridge and Ranger, with other dates pending, is one of the popular but less produced of the Gilbert and Sullivan All-Time hits. The usual satire prevails during the tribulations of a dairymaid almost afraid to, yet desperately wanting to fall in love with her boyhood acquaintance.

Complete with lighting, staging and costumes, the work is the major spring assignment for the Department of Fine Arts. Affiliated with and in full membership of the Texas Association of Music Schools, the Department of Fine Arts is offering this Light Opera as a part of the "grass roots opera" program of the Federated Music Clubs.

The Gilbert and Sullivan Opera is but one of several varied projects on the annual schedule. Cast: Patience, Nella Colvin, Gateville; Colonel Caverly, Jack Hull, Mineral Wells; Major Margatroy, Rusty Talbot, Electra; Lieut. Duke of Dunstable, Tommy Patterson, Eastland; Reginald Burnthorne, Don Bryson, Graham; Archibald Grosvenor, Bill Blackstone, Brady.

Solicitor, Charles Lane, Eastland; Lady Angela, Joy Hull, Ranger; Lady Saphir, Lorain Burdette, Goldwater; Lady Ella, Florence Ashcraft, Ranger; Lady Minerva, Barbara Healer, Ranger; Lady Jane, Pat Taylor, Ranger; Maidens: Nancy Clayton, Killean; Colleen Davis, Caddo; Rita Locklear, Brady; Mary Ruth Dennis, Gorman; Janice Page, Ranger; Shirley Gray, Ranger; Pat

## Husband Slayer In Dallas For Medical Reason

DALLAS, Feb. 20 (UP)—Mrs. Mary Jean Parsons, the young socialite bride who confessed killing her sleeping husband, was in Dallas to undergo a mental treatment.

The 21-year-old daughter of a Tulsa-Okla., manufacturer and his wife was brought here by plane last night with her family and attorney.

Defense attorneys told a Justice of the Peace Court in El Paso, where the slaying occurred, that they would bring the girl to Dallas for mental treatment. A hearing had been set for Friday, but O. B. Fisher, counsel for the bride, asked immediate hearing so "the young lady can be put in a mental hospital."

She was freed on \$20,000 bond after waiving preliminary trial. Mrs. Parsons signed a statement admitting she shot and killed her husband, Lt. Richard O. Parsons, 24, last Saturday morning after a quarrel concerning help given the couple by her parents, Mr. and Mrs. Burnett Fleeger, of Tulsa.

## Bank Will Be Closed Friday

The Ranger Commercial State Bank will be closed Friday, Feb. 22, in observance of George Washington's birthday.

The bank has requested that all business previously scheduled to be transacted on that day be conducted Thursday, Feb. 21.

## Walker Trial Is Set For March 3 In Breckenridge

Horace Walker, charged with embezzlement of Eastland County tax funds, will go on trial for a second time at Breckenridge on March 3, according to information received here.

The trial originally set for February 18th, was changed because of a conflict in the 90th District Court docket. Walker was acquitted at his first trial in Breckenridge several weeks ago.

It is said that a hearing on a plea of privilege in a civil suit brought by the State of Texas and the county of Eastland to recover funds alleged to have been collected by Walker and not turned in, has been set for February 25. It will be heard in Judge George Davenport's court here.

Walker is expected to ask for a change of venue in this hearing. A hearing has been ordered in Federal Court in Fort Worth, in April on an indictment returned by a Federal Grand Jury against Walker.

## 2 MIG's Downed; First Leatherneck Draftees In Korea

8th ARMY HEADQUARTERS, Korea, Feb. 20 (UP)—American Sabrejets, overcoming odds of nearly three to one, shot down two Communist MIG-15 jet fighters and damaged five others today just south of the Manchurian border.

The two "kills" were scored during a furious 15-minute air battle between 25 Sabrejets and 70 of the Russian-built enemy jets near Sinuiju, on the Yalu River frontier between North Korea and Manchuria.

An additional three MIG jets were damaged in a morning dogfight near Sinuiju.

The battles raised the 5th Air Force's bag of MIGs in the past two days to five destroyed and five damaged.

The first U. S. Marine draftees to enter a combat zone since World War II landed today in the biggest batch of Marine replacements yet sent to Korea.

The 900 Leathernecks—nearly half of them conscripts—marched off the transport Gen. William Weigel at an east Korean port in sub-freezing weather as the sun shone brightly on the snow-covered ground.

The Marines had sailed from the U. S. Feb. 1 under the command of Lt. Col. William S. McLaughlin of Gloucester, Mass.

## Kennon Wins Louisiana Governorship

NEW ORLEANS, Feb. 20 (UP)—Country Judge Robert F. Kennon won a landslide victory over the once-powerful political forces of Gov. Earl K. Long in a runoff election Tuesday against Long's personal choice for the governorship, Carlos G. Spahn.

# 13 Seamen Remain Aboard Half Ship To Aid In Salvage

## Scandals Swing Back To Texas; Official Fired

Washington, Feb. 20—(UP)—The scandal spotlight fell on the Internal Revenue Bureau again today as tax commissioner John B. Dunlap ousted his fourth official in seven days.

The no. 2 man in the Income Tax Division of the Austin, Tex., Collector's Office was the latest to get the axe in nationwide investigations by Congress, the Justice Department and the bureau itself.

Dunlap announced late yesterday that he had fired Eugene L. Meyer of the Austin office on charges of faking his own tax returns. He said Meyer's case has been sent to the Justice Department.

Austin Collector Frank Scofield resigned last week at Dunlap's suggestion "for the best interest of the Revenue Service."

The bureau pointed out that its own investigators got the goods on both men. It also took credit for digging out the evidence used by a grand jury to indict San Francisco official John A. Malone last week on charges of conspiracy to defraud the Government. Malone was fired Friday.

Also caught in the past week's cleanup was deputy tax collector Theodore J. Naumann of Minot, S. D., who was arrested on charges of putting collections to his own use.

## Truman May Make Study Airports Near Big Cities

WASHINGTON, Feb. 20 (UP)—President Truman, concerned about the recent plane crashes at Elizabeth, N. J., has decided to appoint a special commission to study airport safety near big cities.

Authoritative sources said the commission will be asked to investigate the whole problem and lay down "ground rules" for locating new civil and military landing fields near crowded residential areas.

Lt. Gen. James H. Doolittle, air hero of both world wars who is now a Shell Oil Corp. executive and special air force consultant on research and development, will head the commission.

Other members are expected to be nominees of the Defense and Commerce Departments.

Mr. Truman reached his decision while studying information from the Feb. 11 National Airlines crash at Elizabeth, N. J., it was reported.

## UN Refuses To Accept Russia Again At Truce

PANMUNJON, Korea, Feb. 20—(UP)—The Communists rejected today a United Nations compromise offer to end troop rotation during a truce from 40,000 to 25,000 men a month.

There was speculation that the Reds might be holding out on the troop rotation issue in an attempt to blackmail the U. N. into accepting Russia as the sixth member of a neutral commission to supervise the armistice.

Communist staff officers for the fifth straight day demanded that U. N. Withdrawal its objections and accept their nomination of Russia. The allies refused on grounds that Russia, although not fighting in Korea, was a "sponsor" of both Red China and North Korea.

The Communists presented a revised plan for a prisoner of war exchange in another meeting of staff officers. However, U. N. Col. George Hickman said it contained "nothing new or startling" and still demanded force repatriation of prisoners.

## March of Dimes Drive Gathers In Large Sum

So far as Eastland County is concerned the 1952 March of Dimes campaign has been a great success. We do not have the exact figures, but the total donation for the county will be approximately \$6,000.00.

The city of Eastland gifts totaled \$1,000. Through Mrs. Bates, working in Ranger and adjoining territory, as well as two small towns, reports collections running something more than \$3,000, with a few small amounts still to be picked up.

Eastland county has six cases of polio, four of which are being cared for by the local organization. This care costs approximately \$484.00 per month per person, so it is easy to see where some of the money goes. Of half of all money collected during the drive goes to the national organization, while the other is retained for local use.

Later, if it is necessary, the local organization may obtain loans, or rather grants from the national office.

Right now, this county is carrying a very heavy burden, and it will be only a matter of time when a cash grant will be asked. The campaign is over, though if you have a little loose cash Joe Collins will gladly accept it.

## Death Dealing Snow Storms Leave Midwest

By United Press  
Fierce snow storms that paralyzed New England and the northern Midwest with a Death toll of at least 50 flickered out today with a few scattered snow flurries.

A swell of balmy air crept along the east coast on its way to Massachusetts shores where 13 seamen clung to the stern of one of two tankers torn by mountainous waves.

On the mainland the New England storm was blamed for at least 52 deaths, most of them from over-exertion from shoveling snow or from highway accidents.

The 31 inches of snow knocked out power lines and transportation facilities. About 1,500 persons were stranded in shoulder-high drifts on Main highways. Many were marooned for 24 hours before they were rescued by snow plow teams.

The 50-mile-an-hour winds which drove a blinding blizzard across the Dakotas and Minnesota last night subsided after taking at least four lives.

## GOP Wins First 1952 Election

NEW YORK, Feb. 20 (UP)—Robert T. Ross, a Republican, won election as the new representative from the Fifth Queens Congressional District yesterday, carrying the normally Democratic district by 5,858 votes.

His victory in the special election was hailed by Republican National Chairman Guy George Gabrielson as "the first—but not the last GOP victory of 1952."

The special election was called to fill the vacancy left by T. Vincent Quinn, elected last November as Queens District Attorney. He is a cousin of defeated candidate Hugh Quinn.

Ranger Men Appointed As Aids Of Potentate

## Cutters Remove 21 Crew Members

By David Pickman  
United Press Staff Correspondent  
CHATHAM, Mass., Feb. 20 —Thirteen "stun pc" seamen clung to the bucking stern section of the broken tanker Fort Mercer today in an attempt to salvage at least one part of the two tankers that split in two off Cape Cod Monday.

The 13 men, in charge of chief engineer Jesse T. Bushell of Pasadena, Tex., refused to leave the drifting hulk with 21 shipmates who were rescued by the Coast Guard Cutters Eastwind and Acushnet. They hoped to aid salvage tugs get the stern section into port.

They were the only men left aboard the pieces of the 10,000-ton twin tankers, Fort Mercer and Pendleton, which broke up in a violent northeast storm 25 miles apart with a possible loss of 14 lives.

The Coast Guard rescued 32 men from the stern of the Pendleton Monday night, took four off the bow of the Fort Mercer and 21 from the stern. No one was found on the Pendleton's bow.

The Coast Guard Cutter Eastwind had a breeches buoy rigged to the stern of the Mercer to take off the 13 salvage-bent seamen if the hulk threatened to capsize or sink in the heavy weather before it could be towed to port.

The Coast Guard did not learn of the seamen's intentions of staying aboard until rescue operations at the stern section were underway, since the Eastwind radioed that it was "apparent all hands will be removed safely."

The Cutter Acushnet maneuvered its stern alongside the tanker and "made two passes" during a lull in the high winds and heavy seas. Five men leaped aboard the Acushnet fantail on the first pass and 13 leaped aboard on the second.

The Eastwind then moved into position and sent a life raft downwind to the tanker hulk and took off three more men.

The Acushnet was ordered to Boston with its survivors, but the Eastwind, which was in charge of all operations, remained on the scene.

The cutter Yakutat, which took four men off the Mercer bow early in the day, was relieved and headed for Portland, Me., after reporting that the Mercer Captain, S. C. Paetzel of Houston, Texas, was seriously sick.

Several of the other rescued seamen were injured in the maneuvering, but none was believed seriously hurt.

The men who chose to stay aboard the stern faced the possibility of worsening weather after one day of clear skies. And the possibility of the impending salvage attempt was emphasized when the seagoing tug Peter Morgan of New York reported it was hoist to, apparently because of rough seas.

## Charles P. Biles Be Buried Today

Charles P. Biles, 74, died at his home in the Grapevine community Tuesday, Feb. 19th, following a short illness. Mr. Biles was born in Prospect, Tenn., Sept. 11, 1878, but had lived in Texas for a number of years.

Funeral services will be conducted from the Mangum Baptist church at 3 o'clock this afternoon, with Pastor Lee Fields in charge. He will be assisted by Rev. Curtis Simpson. Burial will be in Elm cemetery.

Survivors include his wife, Mrs. Myrtle Biles, one son, C. J. Biles of Cisco, a daughter, Mrs. E. E. Donaldson of Carbon and a brother, F. M. Biles of San Antonio.

**VOTED OUT**—A former Chinese Nationalist World War II veteran asked residents of Southwood, a suburb in South San Francisco, Calif., to accept him as a property owner in the restricted community. The homeowners voted 174 to 28 against accepting Sing Sheng, right, his American born wife, Grace, and their 2-year-old son, Richie, on grounds that a non-caucasian family would depreciate real estate values. (NEA Telephoto).

**OUR DEMOCRACY** — by Mat  
**"JUST and GENEROUS and PROSPEROUS"**

"When one starts poor, as most do in the race of life, free society is such that he knows he can better his condition... The prudent, penniless beginner in these States labors for wages awhile, saves a surplus with which to buy tools or land for himself and at length hires another new beginner to help him. This is the just and generous and prosperous system which opens the way to all, gives hope to all, and consequent energy and progress and improvement of condition to all."  
—ABRAHAM LINCOLN  
(MESSAGE TO CONGRESS-1861)

**Family Buggy Is Proclaimed A "Gray Ghost"**

HOUSTON, Feb. 20 (UP)—Mr. and Mrs. Bennie Montgomery sighed today in defeat that their 1949 Ford "has been nothing but a gray ghost lately."

Here's why:

Three weeks ago, Mrs. Montgomery, driving the vehicle, was in a collision. It cost them \$500 to get the car back in running shape.

Then she was cited for reckless driving as a result of the wreck. She and her husband drove to Justice Tom Maes Court yesterday in their newly-repaired car.

She waited most of the afternoon and when her case was called it was dismissed.

The Montgomerys happily returned to their car—only to find it had been stolen.

**Drunk Test Is Thrown Out By Court Official**

LUBBOCK, Feb. 20 (UP)—Tipsy drivers are in no condition to submit to intoxication tests, according to a West Texas District Judge who declared he would refuse to admit results of such tests as criminal evidence.

Judge G. V. Fardue granted a mistrial yesterday to a defendant who had permitted a blood test before being charged with second offense drunk driving.

"Intoxication is a state where you lose control of your mental and physical faculties," Fardue said. "A man who is not in possession of his faculties cannot legally grant or request a blood test."

**NATO Council Meets Lisbon On Army Plan**

LISBON, Portugal, Feb. 20 (UP)—The 14 North Atlantic Treaty powers meet today to approve the rearmament of Western Germany and speed the creation of a 1,400,000-man European Army.

So bright were the prospects for success at the crucial ninth N.A.T.O. conference that U. S. Secretary of State Dean Acheson made plans to leave Lisbon Sunday—a week ahead of schedule. The most important work of the conference actually already had been done in London, where the Big Three Foreign Ministers worked out a compromise formula with West German Chancellor Konrad Adenauer to bring West Germany into the projected European Army.

**Fire Burns Home For Mentally Ill**

MEDIA, Pa., Feb. 20 (UP)—A woman attendant was missing and presumed burned to death in a spectacular fire which swept a dormitory of a school for the mentally-retarded near here today.

Other attendants led 144 boys and men to safety a few minutes before the flames engulfed the four-story building at the Elwyn Training School. There was no panic.

Mrs. Evelyn Wilkins, 60, Philadelphia, was last seen at a window of her flame-swept room. Firemen said there was "no chance" she could have survived the flames which gutted the 1400,000 dormitory.

**Asbestos Avenue**  
All of the houses on this street, typical of many to be found in America's new residential developments, have one thing in common—they are finished on the outside with asbestos-cement siding shingles. Asbestos siding, according to a recent HHEFA survey, has made the greatest gain in popularity of any siding material used over wood frame construction. One out of every four wood frame homes built in 1950 was asbestos sided, the survey showed, as compared to one out of 25 in 1940. Low first cost, economy of maintenance and incombustibility have helped the material find favor with the public. Each of the houses above has its own individual and attractive color plan.

**Likeness Of Margaret To Be Given Bess**

CROSSVILLE, Tenn., Feb. 20 (UP)—A 15-inch hand-carved Margaret Truman doll will be presented to Mrs. Harry Truman at the annual banquet of the National Democratic Club in Washington tonight.

The doll, a gift from Tennessee delegates, was completed in record time by the makers of Dolly Dolls at nearby Ozon.

Helen Bullard carved a "portrait" of the president's daughter from buckeye wood. The doll has Miss Truman's ash blonde hair and is dressed in her inaugural ball gown.

**Government Loses Battle Of Bathroom**

WASHINGTON, Feb. 20 (UP)—The government admitted defeat today in the battle of the bathrooms.

Officials said a hotly-debated proposal to limit each new house to a bathroom-and-a-half has been dropped.

Defense agencies are writing the draft of a new order which will revise and tie together present regulations on residential construction.

Its content, in tentative form, was disclosed several weeks ago. The order said you could build a single-unit house with two bathrooms, but one of them would have to be minus the bath and shower—in other words, what real estate men call a half-bath or "powder room."

It seemed a good way to save on metals, an official said before the order was dropped.

**Judge Acquits Drunk Driver Of The Charge**

Cheyenne, Wyo., Feb. 20 (UP)—A 21-year-old Cheyenne man was acquitted of a drunk driving charge by police court judge yesterday.

Robert E. Wolf testified the police forced him to drive to police headquarters when they spotted him sitting in his parked car downtown. When the man made a wrong turn, the police charged him with drunken driving. Police Judge Lloyd Cowain agreed with Wolf's attorney that he might not have driven the car unless ordered to do so by the officers.

**Caution Expected On Truman's Plea On War Authority**

WASHINGTON, Feb. 20 (UP)—Key lawmakers predicted today that congress will go slow on extending President Truman's war powers despite his "urgent" appeal for such legislation.

Democrats and Republicans said each of the presidential emergency powers will be scrutinized carefully and any which are not essential will be allowed to lapse.

Mr. Truman appealed yesterday for "prompt" extension—on a massed—of some 60 emergency powers which otherwise will terminate when the Japanese Peace Treaty is effective, possibly in April.

Nothing that the nation technically is not "at war" in Korea, he submitted an omnibus bill to extend the powers for the duration of the National Emergency that was proclaimed Dec. 16, 1950.

Members of Senate and House Judiciary Committees, which will act on the bill, said each of the laws will be considered on its "individual merits." The powers cover such diverse matters they weren't sure immediately which, if any, they favored terminating.

**MacArthur's Name Drawing Attention In The GOP Race**

WASHINGTON, Feb. 20 (UP)—Some highly-placed Republicans are beginning to pay serious attention to the president's efforts to "draft" Gen. Douglas MacArthur for the party's presidential nomination.

Arden MacArthur supporters in Wisconsin, Pennsylvania, Oregon, New Hampshire, Minnesota and other states are continuing their fight to win convention delegates for the general, despite his repeated declarations that he does not want his name entered in any primary contest.

 J. H. "Hoover" Pittman  
 C. E. "Clyde" Fisher

FOR ASSESSOR-COLLECTOR Stanley Webb (For Re-election)

FOR COUNTY JUDGE: John S. Hart (For Second Term)

**Flies Are No Friend State Health Officer**

This is a story about flies, told by a man who despises them for the disease they spread.

"Flies are one of the few species of life which does absolutely no good on this earth," State Health Officer Geo. W. Cox charges. "Other insects are annoying, but they earn their existence by pollinating plants or by feeding on less desirable forms of life. But not flies."

He says the black swarming insects have but one saving grace: their short lives. A fly reaching maturity in the spring won't live to annoy autumn picnickers. One reaching adulthood in the fall might make it through the winter, but by spring he'll be aged and feeble, too old to pester folks out to witness the wonders of the fresh new season.

But during its lifespan, Dr. Cox says, a fly is extremely pro-

lific. If a single pair began their family in April, and if all their progeny live, there would be countless millions by fall.

"That's no pipe dream," the doctor said. "It's based on the most accurate entomological evidence."

In case you have ever wondered how far a fly can fly, Dr. Cox has the answer to that one, too. He says entomologists have found an energetic one can cover up to 15 miles in one day without the aid of wind currents. How did they find out?

They trapped one, fed him radioactive phosphorus and set him loose. Retrapped, experimenters used a Geiger counter to make the identification. He was 15 miles from the starting point.

There's only one answer to the fly problem in Texas, Dr. Cox believes. He says cleanliness, using chemical science as a tool, will keep them under control.

"And start now," he advises. "This weather is ideal for fly breeding."

He doesn't like flies at all.

"Government spending takes a way more than it replaces in the real goods and services that make up our standard of living and our real prosperity."

"Let's suppose that defense spending took 90 per cent of our productive capacity. We would all starve to death."

"California has 250,000 government workers, but it pays out \$5.9 billion a year to the federal government in taxes."

"Money saved in taxes mean more private spending. If we finance government through borrowing, the citizen still loses, this time through inflation."

"Obviously, a sharp cut in government spending would have some adverse effects in certain localities where government spending is heavy. On the other hand, dislocation, due to huge government spending have caused some localities to suffer because many of their plants cannot get sufficient materials to maintain full employment."

**U. S. Chamber Commerce Denies Big Spending Aid**

The Chamber of Commerce of the United States refutes arguments that big government spending assures prosperity by pointing out that the biggest spending cut in the nation's history was accompanied by the country's greatest boom.

The huge expenditures slashed cited by the chamber was from \$39 billion in fiscal 1945 to \$33 billion in 1947.

The chamber takes this view of government spending as a stimulant to the national economy:

Miss Clara Jane Harman

**Jane Harman, Hershel Eyley To Wed Soon**

Mrs. J. Way Harman, 452 Pine Street, has announced the engagement and approaching marriage of her daughter, Miss Clara Jane Harman of Fort Worth, to Hershel E. Eyley of Rusk, Texas.

Miss Harman is the daughter of the late J. Way Harman and Mrs. Harman of Ranger. Mr. Eyley is the son of Mr. and Mrs. W. M. Eyley of Ranger.

Mr. Eyley and Miss Harman received their degrees from Texas Christian University and she is now employed as the chief laboratory technician at the Harris Methodist Memorial hospital in Fort Worth.

The wedding will be in the late spring.

**Banquet Planned For Thurs. At 7**

The members of the local Veterans of Foreign Wars and the auxiliary will hold a banquet Thursday evening at 7 p. m. at the hall in observance of Washington's Birthday.

The hall is being completely remodeled and redecorated and will not be completed in time for the banquet, but those attending will be able to see the many improvements that are being made.

The District 8 Commander, C. W. Gold of Hamlin will be the principal speaker for the evening and all of the past commanders are being invited to attend the gala occasion. A motion picture "Blood and Bullets" will be shown in preparation for the Blood Mobile which will be in Ranger March 4-5 to take blood from donors for the Armed Forces.

Every member is urged to come and a cordial invitation is extended to those desiring to become members since this will open the membership drive.

**Personals**

Mr. and Mrs. Walter Arterburn received word Tuesday that the daughter of Capt. and Mrs. Coy Sims, former residents of Ranger and now stationed in Houston, fell Sunday and broke her leg.

Mr. and Mrs. Aaron Bell have returned from attending the Gift Market in Dallas.

Mr. and Mrs. Gene Woods of Eastland are the parents of a baby boy born Feb. 19 at 4:09 p. m. in the Ranger General hospital and weighing seven pounds and ten ounces.

Mrs. and Mrs. W. K. Blakney of Strawn are the parents of a girl born Tuesday, Feb. 19 at 7:42 a. m. in the Ranger General hospital and weighing nine pounds and four ounces.

Mrs. Norman Dennis of Lubbock underwent a tonsillectomy in the Ranger General Hospital Tuesday morning and is reported as doing fine.

Her husband was here Thursday but has returned to his job in Lubbock.

Mrs. David R. Baker of Fort Worth visited in the home of Mrs. J. Way Harman Tuesday afternoon.

Mrs. David R. Baker and her mother, Mrs. Tom Youngblood and Mrs. Herndon all of Fort Worth were here Tuesday to attend the funeral services for Mrs. Ora Alma Thomas.

**Mrs. Ballinger Host To Circle**

The Business and Professional Women's Circle of the Woman's Missionary Union of the First Baptist Church met Monday evening in the home of Mrs. J. C. Carter, 117 Mosquito Street with Mrs. Betty Ballinger as hostess.

The mission lesson was given by Mrs. George Robinson on "Missions to South America."

Mrs. G. B. Rush, chairman of the circle, presided over a short business meeting.

After the dismissal prayer, angel food cake and coffee was served to Misses Frank Arrandale, G. B. Rush, R. C. Wilson, Anise Locke and the hostess Mrs. Ballinger.

The next meeting will be in the home of Mrs. George Robinson, 423 Elm Street.

**Missionary Journeys of Paul Brought By Rev. Seymour Monday**

The Women's Society of Christian Service of the First Methodist Church met Monday afternoon at 3:30 p. m. February 18 at the church for the concluding Bible study from the book of Acts.

The six week study from this book has been under the leadership of Mrs. Pat Thomas, superintendent of spiritual life, and has been very inspiring and educational to those who have attended it was reported.

The meeting was opened with the singing of a song and Mrs. R. L. Wilson lead the prayer. The poem "From Greenland's Icy Mountains" was read by Mrs. Thomas.

Rev. Leslie Seymour, superintendent of the Cisco District, was the principal speaker and after reading several verses from Acts 15, brought an inspiring account of the missionary journeys of Paul. He used maps and outlines to stress the important incidents experienced by Paul from the time he was stricken blind on the road to Damascus until his final imprisonment in Rome.

Mrs. Stanley McAnelly expressed the appreciation of the group for the fine programs Mrs. Thomas had planned during the Bible Study and also for having Rev. and Mrs. Leslie Seymour present for the closing lesson.

The study period was closed with a prayer lead by Mrs. Dean Crawley and the entire group was invited to the dining room of the church for a tea.

Misses W. F. Creager, H. C. Henderson, L. R. Pearson, R. E. Johnson and Shelby Parnell were hostess. Mrs. Garland Lavender laded the punch from a crystal bowl at the beautiful tea table centered with an arrangement of daffodils.

**S. S. Planning Meeting Wed.**

The mid-week Officers and Teachers meeting of the First Baptist Church will be held Wednesday evening at 7:30 p. m. This is a most important meeting for the officers of the Sunday School organization, according to Wilson Guest, Sunday School Superintendent.

The growth that is being experienced in the Sunday School organization makes it very important that the officers and teachers be present for this period of planning and working together that the organization might be capable of reaching more and more people for Christ.

Last Sunday the School had 367 members, present and plans now in progress would indicate that the school will be reaching 400 or more in the very near future states a representative.

Mr. Bullock, Educational Director of the Church, urges all teachers and officers to be present in order that plans for the coming revival and the part the Sunday School organization will play in the preparation may be discussed. Reverend Tillson Maynard, of Emanuel Baptist Church, Waco, will be the preacher for the second week of a two week revival which will begin March 30 and continue through April 13.

**Bethany Class To Meet Thurs.**

The Bethany Sunday school class of the First Baptist Church will meet Thursday evening February 21 in the home of Mrs. K. E. Falls, 107 Travis for a business and social meeting.

All members are urged to please take notice of this meeting.

**Rev. Hulon Myre To Be Speaker**

Rev. Hulon Myre, evangelist of Henderson, will be the speaker at the First Pentecostal church Wednesday evening, Feb. 20 through Sunday evening Feb. 24.

Services will begin each evening at 7:30 p. m. and the public is invited to attend.

Send the "Whole" child to school is the advice offered parents by the West Central Texas Optometric Society, at its monthly meeting Sunday in Abilene, at which Dr. and Mrs. Marshall Jolly of this city attended.

**Local Residents Attend Council Meet Tuesday**

The Missionary District Council of the Assembly of God churches convened in Eastland at the Assembly of God Church for an all day meeting Tuesday. The concluding session of the council was held by the Christ Ambassadors in the City Auditorium of Cisco Tuesday evening at 7 p. m.

Reports and messages were heard from a number of outstanding speakers including several missionaries. Mrs. Margaret Flint of Cleveland, Ohio who has served as a Missionary in Hanoi, India for thirty-six years told of her work at the Mission orphanage there. She is scheduled to return to this field of service the last of October.

Rev. E. L. Mason, a veteran missionary of fifteen years in Liberia, Africa gave a resume of his work there. He will be returning to his post of duty soon.

Rev. I. H. Wells and his wife who are newly appointed missionaries brought inspiration messages to the group.

Those attending from Ranger were Rev. and Mrs. Fred Young and Mrs. Frances Fryar.

The Local Assembly of God Church will have their regular meeting of the Christ Ambassadors and Prayer service this evening February 20 at 7 p. m.

**Jury Selection Slows Trial Of Accused Slayer**

SAN ANGELO, Feb. 20 (UP)—Diego L. Carlino's second trial for murder bogged down today in jury selection, but defense and prosecution pushed questioning of veniremen, hoping to get on with the case.

Only seven jurors had been ap-

proved last night, after two days of examining veniremen.

Carlino is charged with shooting to death Vincent Valloue, Sr., 64, on a Houston bayou road July 15, 1949.

He was tried on the charge in October 1950 at Austin, but the jury could not agree on a verdict.

District Attorney Earl Smith and Defense Attorney Percy Foreman were to resume questioning members of the 200-man venire today at 9 a. m.

Carlino's trial opened Monday in 51st District Court.
