

## Shivers Urges Fight Against Socialism

### Ike-Kefauver Win In New Hampshire

#### Truman-Taft Lose By Wide Margins

General Eisenhower and Senator Estes Kefauver have won smashing victories in the Republican and Democratic presidential primaries in New Hampshire.

The United Press has compiled complete unofficial returns from the state's 297 precincts. The figures show that the two victors led their nearest rivals, Senator Robert Taft and President Truman, by wide margins in the popular balloting—and captured all the delegates to the two national conventions.

An unofficial total of some 129,000 votes were cast. General Eisenhower swamped Taft by almost a 11,000 plurality, and Kefauver beat Mr. Truman by more than 4,000.

Harold Stassen was never really in the Republican race, polling only a little more than 6,000 votes. Gen. MacArthur, who was not a candidate, drew some 3,000 write-in ballots.

Eisenhower smiled happily in Frankfurt, Germany, when he heard the latest returns. Said the general: "Any American who is informed that so many other thousands of fellow Americans think he's fit for the presidency—well, by golly, if he isn't proud, then he just isn't an American."

As for Senator Kefauver, he stressed that his surprise victory is not a slap at the administration's foreign or domestic policies. Rather, he said his triumph shows that the voters want new ideas and new personalities.

#### Taft Refuses Comment at Dallas Departure

DALLAS—Sen. Robert A. Taft, in obvious ill temper over his defeat by Gen. Dwight D. Eisenhower in the New Hampshire presidential primary—boarded his plane for Amarillo today with a refusal to comment on the vote.

The Senator appeared genuinely ruffled by questions about the outcome of the pace-setting ballot. "If that's all you want," he snapped at a newsmen, "there'll be nothing." He added: "There'll be no statement at this time."

Taft was scheduled to arrive at Amarillo from Dallas at 9:47 this morning. There he will make one of three West Texas stops, which will close out his three-day Texas campaign tour.

#### Truman Refuses to Comment in Florida

President Truman gave a newsmen a cheerful "good morning" at Key West, Fla., this morning, but refused to comment on the New Hampshire primary election. The president took a walk along Key West's business and residential streets, and members of his staff said he probably would look over the New Hampshire returns after completing his stroll.

### Disabled Vets Giving Free Barbecue Friday

The Disabled American Veterans have announced that they are going to have a free barbecue at their new club location, Friday, March 14, and that all members of veteran organizations are urged to attend.

The barbecue will start at 8 p. m. Friday at the new location of the club, which is the old Bar 12 Ranch, three miles west of Ranger on Highway 80.

The club is the Cisco Post No. 74, but is the only one in Eastland County and serves all disabled veterans in this area.

The club hours of the post are from 2:00 until 12:00 p. m. on weekdays and from 2:00 until 6:30 p. m. on Sunday.

### Humble Baytown Workers Decline Company's Offer

BAYTOWN, March 12 (UP)—More than 600 Humble Oil and Refining Company Employees last night voted against accepting the company's offer of three-and-four-tenths cents hourly wage increase at Baytown. The workers are members of the Baytown Employees Federation—an independent group not affiliated with the C-I-O Oilworkers International. The workers have asked for a 25-cent hourly wage boost.

### Missing Teacher Located; Didn't Know of Search

ROCK HILL, S.C. March 12 (UP)—A 39-year-old English teacher whose disappearance from South Dakota State College last December touched off a nationwide search has been located in Rock Hill, South Carolina. Dr. Barbara Morehead explained she left the college because she was nervous and felt she had to "get out of a rut." Dr. Morehead said she had worked in San Francisco until about 10 days ago. She said she was "surprised" to hear that her mysterious disappearance had caused any sensation.

### Mesquite High School Burning

Mesquite March 12 (UP)—Fire broke out in the Mesquite High School building shortly before class time today and firemen say it appears the one-story brick structure will be a total loss. Mesquite firemen appealed for help from nearby Dallas, and two Dallas pumper units were dispatched. Nearly an hour after the fire was discovered, Mesquite residents said it still was out of control. The Sheriff's office in Dallas said the building was about 120 by 60 feet. A new wing recently was added, but school trustees already had made plans for a new, larger building before today's fire.

### Reds Renew Demands to Inspect Secret Weapons

Chinese delegates to the Korean Peace Talks have revived their proposal to allow truce inspectors to examine secret Allied weapons after the armistice. And they again included Russia as a neutral nation.

The U-N has rejected both offers. Some officials say it now appears that only a high-level decision in Peking, Moscow or Washington could break the deadlock in the talks.

## T & P Railroad Gives City Main Water Line From Hagaman Lake

Twelve-thousand and nine-hundred and twenty-four feet of eight inch cast iron water line came into possession of the city of Ranger yesterday evening at 4:00 p. m. from the Texas and Pacific Railway Company. The line was sold to the city by the railroad for one dollar, along with other water installations of T&P.

The eight inch line is the main conveyor of water to the city of Ranger from the Hagaman pump station. Prior to the gift of the line to the city by the railroad yesterday evening, the city has had an agreement with them whereby in exchange for furnishing water for their trains running through here the city would have the right to use the line to supply

the city with water. Mr. A. C. Siler, executive vice president and general agent at Dallas for the Texas and Pacific, and L. D. Henderson, special representative of the railroad made the presentation to Mayor Price Crawley on behalf of the railroad. Also presented or sold to Ranger was the water treating plant used by the T&P when they were running steam locomotives through here. It consists of a treating unit and a 12 by 16 feet building, which the city is to move within ninety days from the right-of-way.

In past years the city has assumed maintenance and operation of the line for all these past years. The original cost of the installation of the cast iron line from Hagaman Lake was \$23,000, with the railroad's total investment in their water facilities given the city being \$38,127. Today the installations are valued by the company at \$70,582, with the pipeline being \$14,582 of that total value. Though that might be called an outright gift from the Texas and Pacific Railway, the City of Ranger now is in complete possession of its deliverance facilities of water to the townspeople. Mayor Crawley expressed the profound gratitude of the people of Ranger to the railroad for their generosity in making this contribution to the citizens of this town.

### March of Dimes Campaign Ends; Is Successful

Now that the 1952 March of Dimes drive has been concluded, and all monies turned to proper authorities and a detailed report has been prepared for this issue of the paper.

In a communication today Stanley Webb, Campaign Director for Eastland county, took time out to offer thanks to loyal workers and others for making the campaign the huge success it was. The statement follows:

"Special thanks to the newspapers, Mrs. J. A. Bates of Ranger, Mrs. F. Water of Cisco, and all the local campaign directors throughout the county."

"The drive was successful, but our hospital cases have been tremendous. We have only \$422.67 left in the bank but have applied for a grant from National Headquarters for \$4,000 for the balance of the year." Mr. Webb stated.

In the report it will be noticed that half the funds collected in the drive have been sent to National headquarters, and for those who do not understand the working system, let it be said that while our donations were high, our expense is even higher. Every county sends in 50 per cent of collections, while the balance is retained by the local chapter for work here at home.

But some counties, of which Eastland is one, has more expenses than it does collection. They then draw grants from National Headquarters. Eastland has three or possibly four, "polio" cases to care for, and the annual expense for this care is considerably more than was collected in the county. National headquarters places money where it is most desperately needed.

### Truman Plan for Tax Bureau May Pass the Senate

WASHINGTON March 12 (UP)—Democratic sources say President Truman's plan to reorganize the Scandal-Shaken Internal Revenue Bureau has a better than 50-50 chance of being approved by the Senate. The Senate starts debate on the plan today but a vote is not expected until tomorrow.

The House already has okayed the shake-up of the tax collecting agency. And unless a majority of senators disapproves it, the reorganization scheme automatically goes into effect at midnight Friday.

### Insurance Rate Raise Hearing Set March 17

AUSTIN, March 12 (UP)—A hearing has been set in Austin for March 17th on proposals to set higher automobile liability insurance rates for certain drivers under the age of 25.

Casualty Insurance Commissioner J. P. Gibbs says the hearing will consider automobile bodily injury and property damage liability rates, and automobile physical damage rates, rating plans, manual rules and endorsement forms.

Dr. Calvin Harris, president of the Ranger Chamber of Commerce, presents Governor Allan Shivers with a copy of the book, "Roaring Ranger", by Boyce House, in remembrance of his visit to Ranger. Governor Shivers was the principal speaker at the Chamber of Commerce Annual Banquet last night held in the Recreation Building.

### Dust And Fog Blanket Texas

By United Press  
Dust and fog covered most of Texas today as a windy cold front raced from west to east on winds up to 55 miles an hour. Drought-damaged agricultural regions of West Texas are being belted by winds which are sweeping up tons of topsoil this morning. The dust cloud reached into central Texas during the morning, and weathermen say they will cut visibility over all the state by tonight.

As the blow started, parts of Central, South and East Texas were under fog. At San Antonio, visibility was cut to one-and-one-half miles. Victoria and Tyler also had thick fogs, and Austin and Tyler reported drizzles. Winds averaged 45 miles per hour at Childress, with gusts up to 55.

The dust has cut visibility to one mile at Lubbock, Amarillo, Big Spring, Del Rio and Wichita Falls. Yesterday's high for the state—87 at Frenido—compares with a 41° morning low of 35 degrees at Dalhart.

### New York Central Hit by Wildcat Strike in 2 Spots

TOLEDO, Ohio March 12 (UP)—Wildcat strikes by trainmen at Toledo, Ohio, and Elkhart, Ind., have prevented the New York Central system from restoring service west of Buffalo New York.

Members of the three train brotherhoods in the two midwestern cities—Key points on the line—defied both a government injunction and orders by the national union leads to return to work. Elsewhere on the New York Central system, trainmen bowed to the federal court order and obeyed the union call to resume work.

### Beaumont Council Studies Electric Rate Raise Bid

BEAUMONT, March 12 (UP)—The Beaumont city council is to resume its hearing on an application for rate increases from the Gulf States Utilities Co. next week.

The company has asked for electric rate hikes up to 18 and one-half per cent. A Gulf Coast Utilities spokesman said the increases asked merely "would restore reductions made by the company since 1940."

### Girls State Title Fights Start Today

WACO, March 12 (UP)—Defending champion Dimmitt, undefeated this season, will meet East Chambers in the opening round of the Texas High School Girls' Basketball League tournament at Waco today.

Seven other games will complete the first day's play at Midway and Baylor University courts. Quarterfinals will be held tomorrow, semifinals Friday and finals Saturday.

### Shivers Makes Surprise Visit

Governor Allan Shivers made a surprise inspection of the State School for Girls at Gatesville yesterday, but withheld a report until after his return to Austin.

The governor arrived by plane at 3 p. m. and made a 90-minute tour of dormitories and other campus facilities. He talked to several inmates—some of them in solitary confinement.

The school superintendent, Maxine Buringham, was out of town yesterday, and assistant superintendent, Aline Smith was ill in a Gatesville hospital.

### Warehouse Owner Sued by CCC On Cotton Shortage

TYLER March 12 (UP)—The J. B. McGinty Company of Tyler and its three owners have been sued by the Commodity Credit Corporation for 3745 dollars worth of cotton, which the C-C-C charges, was converted to private use.

The C-C-C says it first stored the cotton in the Vernon Tull Warehouse at Conper. The suit charges that the McGinty firm purchased the 36 bales of cotton in 1946, knowing it was being sold without release from the C-C-C.

The action named J. B. McGinty, C. L. McGinty and E. L. Dushman, all of Terrell, as owners of the McGinty Company.

The owner of the Tull Warehouse, Vernon Tull, was sentenced to three years in prison and fined one-thousand dollars in 1946 on a charge of defrauding the government.

### Big "D" Employee Loses In Game Russian Roulette

DALLAS, March 12 (UP)—A 47-year-old Dallas City employee who played Russian roulette at a television party last night died in Baylor Hospital this morning from a bullet wound in his head. Harrell Parr, assistant chief plumbing inspector for Dallas, shot himself above the right ear last night while watching television with his wife at the home of friends, Mr. and Mrs. Clifford Parvin Dodson.

Dodson said he showed Parr a new .38-caliber revolver, emptying the gun before handing it to him. Dodson said Parr then put a bullet in one of the six chambers, spun the cylinder and put the muzzle to his head as his wife shouted, "don't."

The odds were six-to-one that the bullet wasn't under the hammer, but it was. Parr died at 5:35 this morning.

### Chamber of Commerce Banquet Well Attended, Many From Other Towns

The Ranger Chamber of Commerce annual banquet was one of the most successful of its kind ever held according to the 350 people that attended the banquet, along with the approximately 100 other people that came to hear Governor Allan Shivers deliver the principal address.

President of the Chamber of Commerce, Dr. Calvin W. Harris, presided as toastmaster. Dr. Harris' first act after the late arrival of the governor from Mineral Wells was to have the banquet goers sing "The Eyes of Texas", led by Fred Baumgardner of the Fine Arts Department of Ranger Junior College. Shivers, coming here from Mineral Wells where he had landed late yesterday afternoon, was delayed on the outskirts of the city by a flat tire. He was brought to Ranger by Fred Brown of Mineral Wells, president of the Mineral Wells Chamber of Commerce. He was greeted at the entrance of the Recreation Building by an honor guard composed of members of the 49th Armored Division of the Texas National Guard, under the command of Capt. Bruce Harris.

The invocation was given by C. R. Mansfield of the Church of Christ. The meal followed, which was prepared by Mr. and Mrs. Browne King of the Dixie Grill Cafe, and consisted of turkey and

### Sheriff Tucker For Reelection

Sheriff J. F. (Frank) Tucker has asked this paper to announce to the voters of Eastland county, that he is a candidate for the office of Sheriff of Eastland county. Mr. Tucker is now serving his first term as sheriff, and feels that his services as a law-enforcing officer speak for themselves.

He is a firm believer in honesty and justice, and if re-elected he promised to enforce the law without fear or favor, to the very best of his ability.

He is not a new comer in Eastland, in fact he was born in this county just 57 years ago. Most of his life has been spent on the farm, and his home today is a farm home some 10 miles south-west of Eastland, and 10 miles southeast of Cisco. The Sheriff is well and favorably known to most voters in the county, and says he will make a formal statement at an early date.

### Juniors RHS to Present Play on Tue., March 20

Plans have been completed and a date set for the class play to be presented by the Junior Class of Ranger High School.

Titled "Men Are Like Street Cars," the play will be given at 8 p. m. March 20 in the Recreation Building. Price of admission will be forty cents for adults and twenty-five cents for students.

The cast, which includes sixteen members of the Junior Class, has been rehearsing for three weeks under the direction of Jeanne Crawley, head of the High School Speech Department.

Proceeds from the play will be used for the annual Junior-Senior Banquet, planned for the first part of April.

### "Junior" Arterburn to be Honored At Texas Tech Wednesday, Mar. 19

E. F. "Junior" Arterburn of Ranger will be honored at the All-College Recognition Service at Texas Tech Wednesday, March 19. The son of E. F. Arterburn, Sr., will receive his football letter that day. Junior is a senior student in the Division of Business Administration of Tech.

Tech pauses one day a year to give recognition to students who are outstanding in academics, scholarships, athletics, and leadership. Those being recognized include the upper three per cent of each of the freshmen, sophomore, junior, and senior classes; recipients of scholarships and awards; campus leaders; athletic lettermen; and student organizations of which two-thirds the membership main-

tain a "B" average or better. In the 1952 Recognition Service, Tech will recognize 141 students for scholastic attainment; 70 scholarship holders, 11 clubs, 55 lettermen, and 59 campus leaders. Those being recognized scholastically for the first time receive Individual Honors; for the second time Class Honors; for the third time Divisional Honors; and for the fourth time, College Honors.

Following the meal Mayor Price Crawley extended to all visitors and those in attendance a welcome on behalf of the city of Ranger. F. P. Brashier, Sr., immediate past president of the Chamber of Commerce, introduced each of the out-of-town visitors by tables, having them stand and be recognized. All cities and chambers of commerce of this area were well represented, with a large portion of the persons at the banquet from cities other than Ranger. Dr. Harris stated that for a while he thought that the home town people were going to be outnumbered by the out-of-town guests, but that he "was sure relieved to see that they weren't."

The Honorable L. R. Pearson, state representative of this district, introduced the governor and gave a resume of the achievements of the present state administration under Gov. Shivers. Pearson commented on the forward gains in the administration and operation of the public school systems, state hospitals and schools for state wards, public welfare, highways, and conservation. Pearson said that the public welfare system of Texas has been kept on "an even keel."

Shivers opened his address by telling that he had been out that day conducting the business of the people of the state of Texas; that he had visited the State School for Girls at Gatesville. He said that he was given the button in the lapel of his suit by one of the inmates yesterday, and the most of them (inmates) come from broken homes or where there was no home. And "I'm going back", that the schools need "looking after."

He stated his appreciation of the reception by the honor guard of the National Guard and called them the "Citizen Soldiers." Stating that they may well be the bulwark of saving this country in the event of another war.

The Governor also made the remark that "I like to get around over the state and make speeches, especially this time of the year," referring to the forthcoming elections. He said that "if you think that politicians don't like to get out over the state and make speeches this time of the year, you are crazy."

He remarked that by getting out and making speeches to such as this, "to chambers of commerce and PTA's" he was taking the government closer back to the people where it belongs.

The governor stated that he was gratified by the revitalized programs and interest in government in Texas, and that "I hope it reaches a spot where it is badly needed." He urged all-out attendance at political conventions, "a convention is the only way you and I have the opportunity to express our thoughts about the president of the United States."

"If you believe in creeping socialism, then say so," Shivers said. He said that if you believe in the rights of the people against the paramount rights of the federal government, "then say so." The governor said that if you believe the government still belongs to the people then they are the ones that must make their votes heard and "say so."

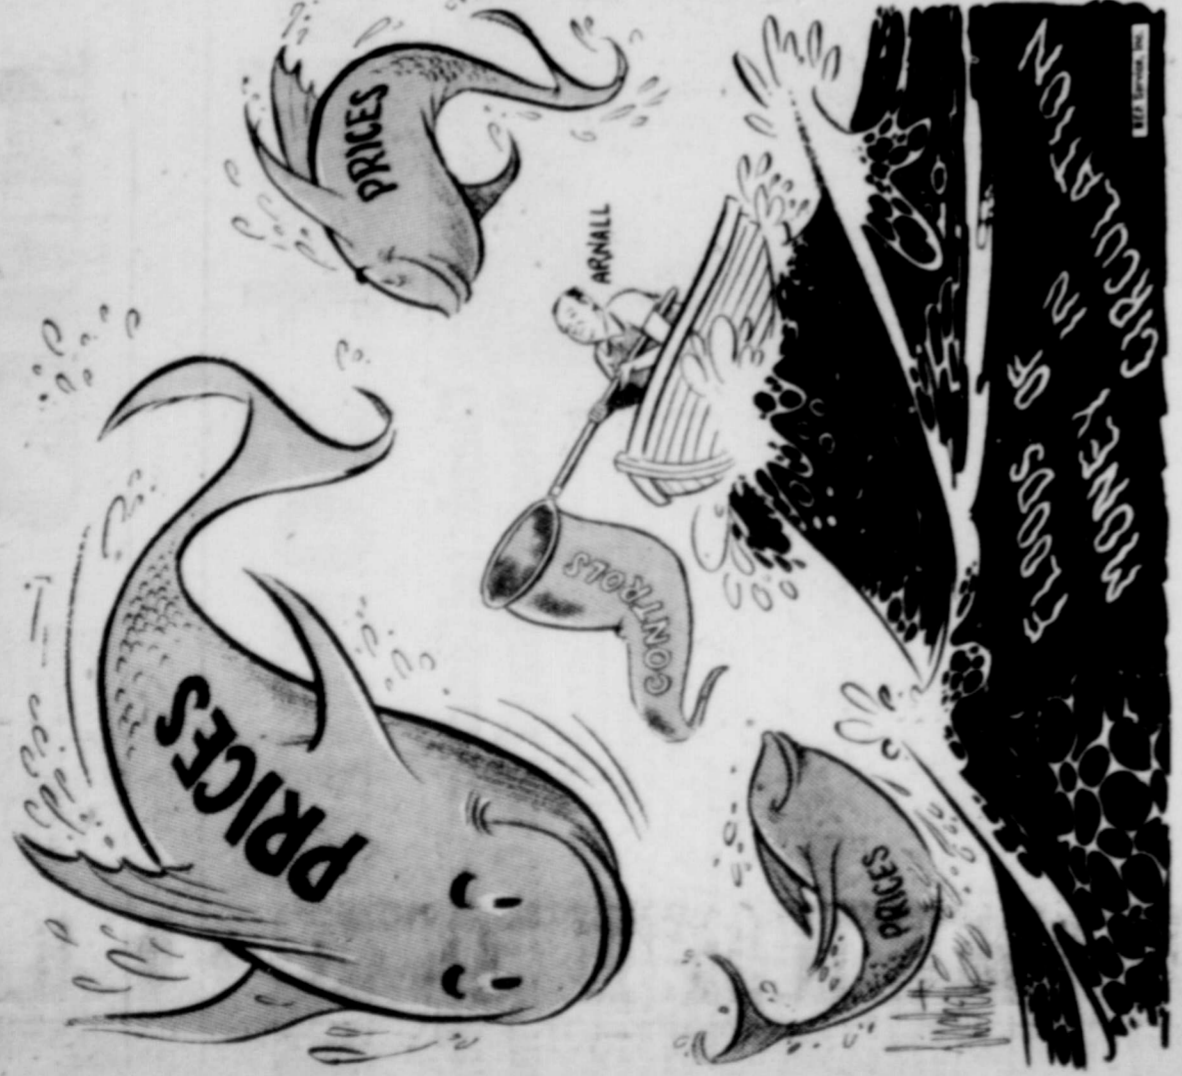

"I want the state to be heard, have a place in the U. S.," Shivers said. The only way this could be done the governor said, was to vote.

Returning to paramount rights he said some skeptics say that paramount rights would never be us-

### Gibson Girl Is Newsworthy In Spring . . . 1952

In wearing apparel and accessories, the Gibson Girl steps out of the past with an all-important emphasis in newest fashions.

High collars—full sleeves—waistlines made small and cinched-in, and back interest with skirt fullness, are all copied right out of the Gibson Girl era.

Accessories give special accent to the "G.G. look" with tailored, but clever little ties—high, extra collars, cummerbunds and belts in either wide or narrow widths. Small waists look even smaller with hipline padding and stiffening, especially in the derriere—waist cinchers, beneath it all, and full leg o'mutton or balloon sleeves—above.

From young teens to their fashion-conscious mothers and grandmothers—all of fashion's daughters will find dress-up ideas in the "Gay Ninety" theme—a high point of the Nifty Fifties era!

AUSTIN.—Sharp reduction in the number of white-tailed deer trapped in Texas this season was reported by the Assistant Director of Wildlife Restoration for the Game & Fish Commission.

He said about half the deer needed for re-stocking commitments were taken during the period which began late last October and has just ended.

The Assistant Director said the total trapped was slightly more than 300. The schedule had called for 600 whitetails.

He explained the principal reason for the trapping slowdown was a mild winter on the Aransas National Wildlife Refuge where the trapping is done.

"The natural food was so plentiful," he said, "that the deer were not interested in the cottonseed cake used to bait the traps. In ordinary winters the animals relish this food. This winter, because of the mild conditions and plentiful food on the range, the deer kept robust and amply nourished."

"It all goes to point up the problem of planning scientific aids to wildlife and the problems that occur when Nature takes a hand."

The Assistant Director said one result of the trapping decrease was disappointing in some areas where restocking commitments had been made.

He added that one conspicuous setback concerned the new wildlife management area near Crockett in Houston County. Whereas had been scheduled for releases in that area, only a part of one load was delivered. The remaining deer will be obtained through priority arrangements next season, he said.

ed to take inland property, only the offshore lands they have already taken. He used as an example to disprove this a farming valley in California where the government had taken over farming land that had belonged to the people for 76 years.

He said that what we need is a "lot more finding out by ourselves a lot of things", and that people need help "to get closer back to Christianity." He mentioned that we need to get busy, to think and do like our forefathers by going and "asking for guidance when they needed it."

"Confidence in government is something lost, something that ought to be there," Shivers said, and that if we want our flags of Texas and the United States to stand for the freedom of the world, "people must put some effort into their government."

Shivers stated that two great powers of the world were now at odds over their way of government. "The other nation will not let people believe" in freedom and Christianity. And that he believed the free, God fearing people would win over the socialistic type of government.

"I want Texas voice heard this year—for what we stand for—Let's tell the world what we stand for. Let's go to the precinct conventions and say so," Shivers said.

Immediately after the conclusion of his address Governor Shivers was given a copy of Roaring Ranger, by Boyce House, as a remembrance of his visit to Ranger.

An ensemble from Ranger Junior College played during the meal at the banquet. The ensemble consisted of Don Bryson, Janice Page, Jack Hull, Tommy Patterson, and Polly Hibdon. Miss Nelva Faye Covert sang "Hills of Home" accompanied by Mr. Charles Kiker on the organ.

The full chorus of the college was presented as a surprise as it was not on the program. The chorus was led by Mr. Fred Baumgardner of the Fine Arts Department of the college. After the numbers by the chorus, Gov. Shivers commented on how well they sang.

The directors and their wives acted as a reception committee last night, with one or two of them being seated at each of the eight tables.

Towns represented last night were Eastland, Cisco, Fort Worth, Brownwood, Mineral Wells, Abilene, Strawn, Breckenridge, Electra, Springtown, Dallas, Olden, Austin, Gorman, Burkeville, and Crewe, Virginia, and Stephenville.

#### Voyage to Moon Tough Problem

PHILADELPHIA (UP)—The moon, with all its romantic significance, is nothing but a great big, problem to scientists. The problem is how to reach it.

Dr. I. M. Levitt, director of the Fels Planetarium in Philadelphia, has an idea on how to solve it. Speaking at a meeting of the Rittenhouse Astronomical Society, Dr. Levitt said a rocket ship about 250 feet long and 75 feet in diameter, shaped like a cigar, should do the job. The cost would be about \$200,000,000.

The major problem is fuel. Dr. Levitt said the best fuel today is a mixture of alcohol and liquid oxygen which could power a craft at a speed of two miles per second.

That isn't fast enough, however, Dr. Levitt said the ship must attain the speed of "escape velocity," which is seven miles per second, before it can break loose from the earth's gravitational pull.

Dr. Levitt said step rockets could provide the extra push for the ship to reach "escape velocity." Once that speed is attained, the ship would revolve around the earth like a satellite. Then, he said it can be used as a jumping off place for other craft, saving them the trouble of reaching "escape velocity" before soaring into the cosmos.

### Truman-Taft—

(Continued From Page 1)

Amarillo today had to be cancelled because of a dust storm which was whipped up by high winds hitting 60 miles an hour in gusts.

The low visibility and high winds kept the Ohio Senator's plane from landing. He radioed the waiting reception committee at Amarillo his regrets, and flew on toward Lubbock—about 300 miles away.

A dust storm also is reported at Lubbock, and if his pilot thinks it too bad to land there, he will go on to El Paso.

In fact, one of the two planes flying the Taft party proceeded directly to El Paso. But Taft will try to land at Lubbock for his scheduled appearance there.

FRANKFURT, Germany, March 12.—Senator Taft is expected to arrive here today. He is expected to be the New Hampshire voters picked him as their choice for president.

But the five-star general made it clear he doesn't plan to return

to the United States in the immediate future.

He said he hasn't received word of the proposal by Democratic Senator Erien McMahon of Connecticut that he return to give a Congressional committee his annual report on "SHAPE" and the Allied Forces.

Eisenhower says: "The plan is that I shall give the report from Paris."

**ANN MARGARET**  
The Ann Margaret Circle was honored to have as their guest the WMU president, Mrs. Lloyd Clem at their regular monthly meeting Monday afternoon at 3 p.m. which was held in the home of Mrs. Ronald Pruet.

After a brief business meeting conducted by the circle chairman, Mrs. Earle Pittman, the introduction to the new book "Helping Others to be Christians" was reviewed in an interesting and challenging way by Mrs. Ronald Pruet.

The closing prayer was led by Mrs. Bill Bullock, after which refreshments were attractively served to Mmes. Earle Pittman, Charles Cox, Bruce Harris, Walter Arterburn, H. T. Hensley, Corvis Beck, John White, Earl Blackwell, Jr., E. P. Malfield, A. Kirk, Bill Bullock and hostess, Mrs. Pruet.

**WCSB Has Two Programs in One**

The Women's Society of Christian Service met Monday afternoon, March 10 at the Methodist church for a very interesting session which included two programs. Mrs. Stanley McAnelly, president, presided over a short business meeting before the programs proper began.

The first program was in recognition of the Week of Dedication which includes March 9 through the 16th. The second part of the program was on World Federation of Methodist Women.

The opening song was "Take Time to Be Holy", followed by "God Does Most of the Work", discussed by Mrs. G. O. Strang. Mrs. J. D. Drennan talked on "If Your Time is used" and Mrs. R. L. Willis discussed "Do You Ever Pray for Dollars?"

Mrs. Arthur Deffebach presided over the remainder of the program using as the song, "We're a Story to Tell", and reading the scripture passage from Deuteronomy with the main emphasis being on "How to Know Christ and to Make Him Known." The symbol of "The Tree of Life" was used with the following taking part in the discussions: Mrs. Lee Dockery, "Personal Life"; Mrs. S. B. Baker, "Family Life"; Mrs. A. W. Braada, "Social Groups"; Mrs. Calvin Harris, "Church Life", and Mrs. Price Crawley, "Citizenship."

Mrs. Arthur Deffebach told of the work being done in Latin America and the organizations of the WCSB by missionaries and church workers. This work was first propagated in 1923 and reached its full maturity in 1940.

The meeting closed with the group repeating the Lord's Prayer in unison.

**First Birthday Celebrated Sat.**

Mariana La Verne Jones, daughter of Mr. and Mrs. R. L. Jones, 309 S. Austin celebrated her first birthday Saturday afternoon.

It was a happy occasion for the little lady in lots of ways and yet it could have been happier if her daddy could have been home. He is stationed at Scott Air Force Base in Illinois and had to miss her birthday.

Mrs. Jones tried to make up in every way for the absence of the father. She had a beautiful birthday cake laid in white and trimmed in pink with "Happy Birthday" in mint green icing.

Those attending the party were Rev. and Mrs. Charles Hargraves, Wally, Marjorie and Tommy, Marjorie Grantha and Bobby Vanbeer of Strawn, Mr. and Mrs. W. A. Euser, Mae, Ollie Sides, Mededith Sides and one of his friends Johnnie, Mrs. Carr, Mrs. Tennie Merrick, Mrs. Doris Herrington, Mike and Eddie Ray.

Mariana, who was named after one of the South Pacific Islands, receive many beautiful gifts.

Mrs. W. F. Graeger made a trip to Denton Tuesday afternoon to bring her daughter, Melba, home for a few days. She is suffering from a cold, but expects to be back in school in a few days.

**Methodist Youth In A Contest**

This article was written by Miss Dena Pulley for the young people of the Methodist Church.

"You have all seen the many colored rabbits and chickens that everyone is wearing. His is the first of a series of the data.

The reason behind these cute animals is a contest. Two sides with their captains and co-captains have been chosen. The captain for the "chickens" is Bill Brazda and his co-captain is Betty Hagaman. The "rabbit" captain is Scott Forney with Dena Pulley as co-captain. The winner will be seen at Easter when the points are added for the final time. The scoring was divided up into the following sections by the teacher, Mrs. Roscoe Hopper: attendance, visitors, reading of the Bible five minutes daily, new members, the attending on time of the opening exercises and staying for church. Each member is required to wear his respective animal all the time. Any member who catches an opponent without the symbol may have one point taken from the other's score.

The "chickens" are now slightly ahead. "Rabbits" take heed and bring your score up. Everyone remember the items that will bring points to your side and work! The winner will be furnished a barbecue chicken dinner for the loser. Watch the Sunday papers for more "barnyard" news."

**Mrs. Hagaman Entertains the Columbia Club**

Mrs. M. H. Hagaman was hostess Tuesday afternoon to the Columbia Study Club with Mrs. Leslie Hagaman as co-hostess.

Mrs. David Pickrell, president, presided over a short business meeting, after which Mrs. J. P. Morris gave an outstanding review of the book "Harabaras."

Refreshments were served from an attractively arranged table with Mrs. Pickrell and Mrs. E. E. Crawford alternating at the silver coffee service.

Those present were Mmes. Fabian, Pearson, Gregg, Owens, Thurman, King Kuykendall, Morris, McAnelly, Pickrell and Crawford and the guests were Mmes. L. H. Coody, G. C. Boswell, Roy Jameson, Quinn, Miss Frances Ruth Hagaman and the hostess, Mrs. M. H. Hagaman and Mrs. Leslie Hagaman.

The next meet will be with Mrs. P. M. Kuykendall March 20 and Mrs. Charlie Owen will review the book.

**Personals**

Mr. and Mrs. J. C. Carter and Janice left Tuesday afternoon for Andrews to attend the funeral services for Mrs. Carter's sister, Mrs. Roy Allen.
