

SEEN OR HEARD

Unless something happens you'll be able to go swimming right here in our own little pool in the next few days. At least tentative opening date will fall in the early part of next week.

You'll also be able to listen to former general, Dwight D. Eisenhower vote the voters of the U. S. in his battle for the presidency of the states.

Mr. Eisenhower has not gained the Republican nomination yet. Mr. Taft seems to be a very capable opponent for the military man.

Preferences of the national executive committee at the Republican convention in Chicago could spell the difference. Mr. Taft is a member of the "old guard" in the party. And that might be the straw that breaks the general's back.

From an aide to General MacArthur in the Philippines, the five star general, and presidential hopeful, is a long way for one man to go, but Eisenhower has done that.

Life is just one dadgummed thing after another. If it isn't to hot—it's too cold. Right now it is the warmer end of the extremes. Other than being 92 degrees hot Wednesday and raining. 16 of an inch, things aren't bad.

This must be bad all over who are we to be griping.

A person aware of many of the finer arts of the sport of fishing has been doing some prognosticating to the effect of the time of the month the fish will bite.

Let it be known that we do not advocate his forecast, anymore than we do those of the weather bureau and newcomers to this country.

But the man says that starting the 21st of this month, and continuing for eleven days thereafter, the fish will move heaven and earth placing themselves upon the hooks of the more knowing fisherman.

Should any of you acting upon the advice that we have transmitted herein catch any denizens of the deep; we will of course accept a small contribution for the services herein.

Best go to the market and buy 'em—they're much cheaper. And you have a much better chance of eating fish that way.

Allen Full and his family are departing our fair city for greener pastures. Unless there was some change in Allen's plans he left yesterday.

First leg of their journey will be to the bedside of Mrs. Full's father who is very ill. Their plans call for them to settle in Phoenix, Arizona as quickly as possible.

Allen and his wife have been very active in many civic affairs and we are sure that those knowing them regret losing them to Arizona. Allen has been especially active with the Ranger Junior Chamber of Commerce. Allen is the immediate past-president of the organization.

Have a good journey people.

Bus Driver Cut Stopping Fight

A 44-year-old Houston bus driver tried to break up a fight between a Negro and another passenger on his bus yesterday and was stabbed by the Negro.

Record Field Enters 17th Brownwood Golf Tourney

BROWNWOOD, June 6 (UP)—A record field of 160 golfers will tee off today in the 17th annual Brownwood Country Club Invitational Golf Tournament.

Lions Quizzed On Political Facts Thursday

A program brought by Price Crawley was the feature of entertainment for the Lions Club Thursday. The basis of the program brought by Crawley was a group of questions to test the political knowledge of the Lions.

J. Floyd Killingsworth was chosen to serve as a representative of the Lions and answer the ten questions Crawley asked. Results of the quiz about political figures in current happening, the party affiliation of various would be president, times of the conventions, etc., shows how little attention we pay to our political happenings.

Jack Morris and Jack Hicks of Dallas were guests at the club of Lester Crossley.

The matter of the approaching district and state convention at Brownwood of Lions International was discussed by President Pat Thomas. And he urged that the Ranger Lions be well represented at the convention.

Thomas also notified the members that installation of new officers would be the last meeting day of this month.

Eisenhower Holds Trump Card Over Free Radio Time

WASHINGTON, June 6 (UP)—Gen. Eisenhower may hold a trump card in the fight by two other presidential aspirants to get equal radio and television time from the major networks.

The Federal Communications Act provides that radio stations and networks shall give equal facilities and time to all legally-qualified political candidates. The Federal Communications Commission has said repeatedly that it makes no difference whether the candidates speeches are political or non-political.

Sen. Taft and Sen. Estes Kefauver have made numerous broadcasts since the campaign opened, while Eisenhower has been in Europe most of the time.

FCC officials indicate that Eisenhower could, if he wished, find out how much radio and TV time both Taft and Kefauver have been given. Eisenhower then could demand that he be given equal time.

Officials indicated there is nothing the FCC can do about the time given spokesmen or commentators. FCC has ruled that the equal time law applies only to the time given legally-qualified candidates in person.

Japan's Labor Unions Call Third Strike

TOKYO, June 6 (UP)—Labor unions in Japan have scheduled their third strike tomorrow in protest against the government's anti-subversive bill, now under consideration by the upper house of the Diet.

Police are taking extra precautions against possible violence.

NO PRESCRIPTION—Following his declaration of war on the national Democratic Party Wednesday, Gen. Dwight Eisenhower told a press conference at Abilene that he has "no prescription" for bringing the Korean war to a successful end. Eisenhower, answering first questions at his first political press conference since returning from the Army said, "I do not believe our forces in Korea can carry through, but the ideological situation there makes retreat from present UN lines impractical." (NEA telephoto)

Congressman Charges Shivers Using Aliens in His Ranches

Representative John J. Rooney of New York says Rio Grande farmers are "consistently working illegal aliens" on their property and he has named names. Including among them are Governor Allan Shivers, whose mother-in-law has farms in the lower valley. Shivers replies that it is all a part of a Washington smear campaign.

Rooney, a Democrat, made his charges yesterday in a speech in the House of Representatives. He is supporting a one-million 400 thousand dollar increase proposed by the Senate for the immigration and naturalization service.

The New York Congressman says "it is impossible to believe that Governor Shivers could be ignorant of these 'wetback' conditions."

Rooney named some 20 Rio Grande Valley farmers who he says are disregarding the "wetback" laws. He says they are violently opposed to the immigration laws and do everything in their power to hamper border patrolmen and immigration officials.

Engaged Couple Killed in Wreck

GALVESTON, June 6 (UP)—A motorcycle-car collision on Galveston's seawall boulevard has killed a 25-year-old Houston man and his 19-year-old fiancee. The couple were to have married Sunday.

The victims are Bill Greathouse, driver of the motorcycle, and Gladys Daley of Galveston, who was riding behind him.

Allied Troops On Koje Hunting Red Escape Tunnels

Allied troops on Koje Island are using mine detectors and a portable digger to search for escape tunnels the Reds are believed to be building from prison compound 66.

Thirty-three Cases of Polio in Past Week

AUSTIN, June 6 (UP)—The State Health Department reports that polio cases in Texas levelled off at 33 last week.

Like Heads for New York; Taft Is In Indiana

A two-day visit to his boyhood home is over for Dwight Eisenhower.

After a train trip from Abilene, Kansas, to Kansas City, he'll fly to New York for more political conferences. Gov. Thomas Dewey will be on hand to greet Eisenhower when he arrives tonight.

Eisenhower's news conference in Abilene is being depicted by political observers and political opponents. At the conference, Eisenhower said he generally would campaign on the 1950 Republican platform which called the issues "liberty versus socialism."

His chief rival for the GOP presidential nomination, Sen. Taft, says the general should take a more definite stand on major issues.

Taft is campaigning in Indiana today, confident he will get the state's 32 convention delegates. Some Republican observers go so far as to say Taft's trip to Indiana isn't even necessary.

Taft was in his home town, Cincinnati, last night, and he said he is convinced his chances of winning the GOP nomination are better now than Eisenhower is home.

Taft's campaign managers say their man will go into the convention with a lead of 150 delegates. They are certain the first ballot will show Taft, at worst, only a few votes short of the 604 needed for the nomination.

South Dakota's photo-finish primary shows Taft to be the winner, by less than 1000 votes. If this result holds while ballots are canvassed, Taft will pick up all 14 delegates in the state.

Taft won six delegates last night in the nation's capital. Republicans picked delegates who are technical-ly unconstructed but are known to support Taft. Eisenhower forces were soundly defeated when they tried to elect two delegates.

Truman's Cousin Doesn't Think He Should Run

By United Press

RECED Truman, a Denton, Texas filling station operator and a first cousin to the president, says he is glad that Mr. Truman decided not to seek re-election.

It's not because of what President Truman has done, or hasn't done, says Denton's Truman. "It's just that the presidency has killed all of them except (Ex-president Herbert) Hoover."

Fred Truman, who says he doesn't pay much attention to politics, says he believes that the president has the good of the people at heart.

Blinded, Maimed Veterans to Get Free Automobiles

WASHINGTON, June 6 (UP)—The Veterans Administration says it will start authorizing money for blinded and maimed veterans to buy automobiles at government expense as soon as possible.

The agency was authorized last year to pay up to \$1600.00 for cars and other vehicles, but in the adjournment rush congress failed to appropriate the necessary money.

A 285-million-dollar supplemental appropriation signed by President Truman yesterday includes the necessary funds.

Berlin Blockade Slightly Eased

Reserves Crude Oil, Natural Gas Increased in State in 1951

ABILENE, June 6—Despite withdrawal of 509,925,857 barrels proven reserves of crude oil and natural gas liquids in West Texas were increased 485,000,000 barrels during 1951 according to a report prepared by the West Texas Chamber of Commerce.

The report, published in the current issue of the organization's magazine, West Texas Today, notes that the 132 counties served by it accounted for all except 123,000,000 barrels of the 408,000,000 barrels added to Texas reserves during the year.

This estimate was based on a conservative figure for the Sprberry Trend development because, as The Oil and Gas Journal declared, "development has covered but a fraction of the area considered productive and almost eligible for the 'proven category'."

Texas provided nearly half of 1,416,000,000 (b) barrels added to the reserves of the United States.

Of 14,342 wells completed in Texas during 1951, 10,859 were in West Texas. The total of completions in the United States was 43,316.

Of the 44,516 wells completed, 22,452 were completed as oil wells and 2,030 as gas wells.

West Texas had 6,827 of the 10,859 oil wells completed in Texas.

Of the 3,030 gas wells completed in the entire country, 726 were in Texas and 339 in West Texas.

The report declared that "Powerful evidence of the tremendous risks made by the oil industry to discover the new reserves that America needs more than ever before, is the fact that 18,933 dry holes were drilled in the United States, 5,843 of them in Texas and 3,763 in West Texas, where deeper and deeper drilling costs hundreds of thousands of dollars per well in a rising percentage of cases."

"This ever-harder and more costly fight to find new reserves resulted in the opening of 311 new oil fields and 24 gas fields in West Texas within the year. The North Texas area, as designated by the Texas Railroad Commission, added 138 new fields, West Texas 61, West Central Texas 75 and the Panhandle two."

The great Permian Basin reservoirs gave up a total of 339,383,559 barrels of oil during the year.

The report covers an area beginning with Cooke County at the Red River, and takes in and includes all of the state west of the counties of Denton, Tarrant, Johnson, Bosque, Coryell, Burnet, Blanco, Gillespie, Kerr, Real, Edwards and Val Verde at the Rio Grande.

Russians Send U. S. 14 Million Dollar Phone Bill

Russia has eased its baby blockade at one point in Germany and pulled her sentries out of another sector, but has handed the United States a new economic headache.

The Russians pulled their armed sentries out of the Lake Griebnitz area, a United States sector on the border of Berlin and East Germany, just 24 hours before the deadline set for their ouster by American authorities.

Yesterday American officials protested a Russian move isolating an American sector community in East Berlin. Today Russian troops are removing the felled trees which cut off the area.

Rod officials are issuing permits to the residents to visit West Berlin. However, the Reds refuse to let West Berliners return to the visits.

The Russians also presented the United States with a bill for 14-million-dollars. The Reds say we owe them that for their services in keeping telephone lines open between West Germany and West Berlin. American officials say the move may be just an excuse the Russians to cut the cables.

On the outskirts of Paris, police forced their way into an electrical factory and arrested 50 Communist airborn strikers. The strikers were part of the small segment of French workers who answered a Communist call for a general strike.

Half of State Reports Rains

Rain, measuring up to two and one-half inches, blanketed about one half of the state yesterday.

The moisture line started at Laredo, the southernmost point which reported 2.50 inches, and extended as far north and west as Wichita Falls. Austin reported 1.25 inches, Victoria .81, Cotulla 1.11, Dallas .36, San Antonio .06, Waco .66, Corpus Christi .12, Wichita Falls .20, College Station .33, Alice .04, Palacios .30, and Tyler .02.

A small amount of hail fell with the rain at Laredo and Cotulla but no extensive damage was reported.

4-F's Getting Re-Examination

WASHINGTON, June 6 (UP)—Selective Service reports that re-examination of 4-F's is producing "substantial numbers" of men reclassified 1-A and available for military service.

From January 1st through March 31st, the agency says, some 9,600 men who had been rejected previously for military service were re-examined.

Selective Service had to take a second look at all mental 4-F's after Congress passed a new draft law last summer lowering mental requirements. The act cut the passing score on the general classification test from 70 to 65.

Senate Keeping Hands Off Steel Problems Today

The senate is keeping hands off any steel strike legislation until Monday, afraid of "rocking the boat" while negotiations are underway.

Democratic floor leader Ernest McFarland says he hopes the five-day-old strike will be settled by the time Monday rolls around.

McFarland has nothing official to go on, just the optimistic reports coming from the White House, where steel company and C-I-O representatives are meeting.

Some sources close to the bargaining talks report the negotiators really are making headway on wages.

Today's negotiating session was postponed for several hours to allow the industry group more time to discuss progress made yesterday.

One-third Air Force Reserves Decline to Fly

Officials show that one of every three inactive air reservists do not desire to fly.

Officials also say that 18 per cent of the officers and 37 per cent of the enlisted men who have been processed say they would like to quit the reserves.

However Lt. Col. Lee R. Young, who is in charge of the survey, says 83 reservists who said flatly that they wanted to stay on the ground told him they would obey orders to fly.

The reservists attitude would be contrary to that of some 13 airmen at four United States air bases, including Randolph Field at San Antonio, who refused to fly.

Louisiana Prisoners Refuse To Leave Barracks for Work

State troopers have been ordered to the Louisiana State Penitentiary at Angola where 200 prisoners are reported to have locked themselves in their barracks and refused to go to work.

Police do not say how many men have been sent to end the strike, but Baton Rouge headquarters say the troopers are armed with machineguns and other riot weapons.

Prison authorities say the convicts are demanding better food and clothes, and improved bath and toilet facilities.

AUSTRALIA PLANS BASE TO EXPLOIT ANTARCTICA

By Eric Riel United Press Staff Correspondent SYDNEY, Australia (UP)—Australia plans to set up what it hopes will be the first permanent air base in Antarctica. The base would reinforce Australia's claim on the biggest chunk of the great ice-bound continent...

The air-minded Australian foreign minister, Richard G. Casey, who likes to fly his own two-seater plane, is much interested in Australia's Antarctic territory. Casey announced last October that the government proposed to ask Capt. P. G. Taylor to make the first flight from Australia to the Antarctic mainland...

Taylor is expected to join a team of specialists which Australia plans to send to Canada and the United States to learn about North Polar regions from American and Canadian experts.

The Australian government is particularly anxious to adapt to its proposed base on Antarctica the lessons learned from the U. S. air base "Blue Jay" at the North Pole. Lieut. General Lewis Pick, chief of U. S. Army Engineers, recently revealed the existence of "Blue Jay" on the roof of the world.

Australia now maintains two weather stations in the Antarctic region. They were established in 1947 on Heard and Macquarie Islands and with the French weather station on Adelle Land...

Australia's primary Antarctic need is non-military information. It is interested in the territory's possible economic value, through modern methods of development of untapped natural resources.

Law speculated that the Australian territory might contain deposits of oil and uranium which could

be mined if the ice and snow covering them were removed. He foresaw the possibility of using heat from atomic energy plants to melt ice off vast sections of frozen wastes to allow scientific exploitation. Law believes reliable air transport and nuclear energy could bring development of the Antarctic possibly within 50 to 100 years.

Local Teacher To Attend N.E.A. Meet In Detroit

EASTLAND, Tex. (Special)—Mrs. Joe Stephen will join a party from over the state which will leave Denton Monday June 9th for an educational tour of twenty states and Canada. It is the second Traveling Workshop sponsored by TSCW and will take the group through industrial America seeing industry in action. There will be conferences with representatives from the NEA and from the U. S. office of Education, as well as from industry itself.

Among the places visited will be: The National Capital, the National Museum of Atomic Energy at Oak Ridge, Edison's Home, and laboratory, and anthracite coal mine. The Franklin institute, glass factories, paper mills, food processing factories, and attend a Broadway play in New York.

terical places visited will be: Vicksburg, Jackson, Tuscaloosa, Birmingham, Chattanooga, Knoxville, Roanoke, Richmond, Washington D. C., Philadelphia, New York City, Pittsburgh, Niagara Falls, Toronto, Detroit, and St. Louis. This is the course that has received wide commendation from leaders in education, business, and industry—The name of which is "The Use of Industrial and Technological Resources in Teaching." The tour lasts one month and culminates with participation in the meeting at Detroit of the National Education Association.

Plans for Picnic Are Completed

The All-Church Picnic of the First Baptist Church will be held tonight on the south end of the Ranger Football field at 6:00 o'clock. But just in case of rain, the picnic will be moved to the basement of the church. If the program will be carried on by departments in their regular meeting places.

The program under the leadership of Bill Bullock, Walter Artburn, Harman Shockey, L. E. M. Rushing, Mrs. Corvis Beck, and Mrs. Lewis Thomas bids for a fair evening. Then comes Dr. Marshall Jolly with the drinks and G. B. Rush with his crew to leave everything well taken care of, states the pastor.

Of course, friends are welcome to attend this picnic if they will just bring a basket of food.

Mrs. M. H. Brewer has returned home after visiting with her parents, Mr. and Mrs. H. C. Croom.

Bake Sale to Be Held Saturday

The Hodges Oak Park Parent-Teacher Association extends an invitation to come by the Quality Food Store Saturday and get some good home cooked food at the bake sale.

Report From VBS At First Baptist

The Vacation Bible School at the First Baptist Church will continue through Friday, June 13, with the same schedule 8:30 to 11:30. Children between the ages of 2 and 17 are invited to attend. All children enrolled in VBS and their parents are invited to attend the all-church picnic tonight at the football park at 6:00, bringing only a basket supper.

This week finds the largest enrollment in the history of the church with 233 enrolled (having at least 2 or more days) and with an average attendance of 193.

PERSONALS

Miss Lena Eaves has been spending the latter part of the week in Fort Worth.

Janie Jones of Dallas is visiting here with her grandmother, Mrs. L. L. Neal.

Mr. and Mrs. Lionel Croom and daughters, Sandra and Faye of Goldsmith have returned to their home after visiting with her parents, Mr. and Mrs. R. N. Nixon and also his parents, Mr. and Mrs. H. C. Croom.

LOOK WHO'S NEW

Mr. and Mrs. James L. Coleman of Pagosa Springs are the parents of a baby girl born this morning, June 6, at 8 a.m. in a hospital in Denver, Colo. She weighed four pounds and twelve ounces but has not been named yet.

Grandparents are Mr. and Mrs. G. A. Guess of Ranger. Mrs. Coleman was the former Mary Guess.

Mrs. Guess is there with her daughter and family.

PERSONALS

Mrs. Guy Reed and children, Jeanene and Martha Jane of Wichita Falls is visiting here this week with her mother, Mrs. Allie Faircloth and her sister and family, Mr. and Mrs. George Beichley and son.

Little Suzanne Rhoads of Pear-sall has spent the past three weeks in the home of her grandmother, Mrs. Mamie Ruth Hamrick and grandparents, Mr. and Mrs. F. E. Langston.

Mr. and Mrs. Langston are planning on taking Suzanne home over the week end.

Mr. and Mrs. Joe Tullos spent today in Strawn and Mineral Wells where they visited Mr. Tullos' brother, S. F. Tullos who has been ill for sometime.

A. D. Wynn who has been working in Ohio has returned home for a short visit before going to Colorado Springs to work.

Mr. and Mrs. Bill Sexton and baby Roger of Graford spent the week end here with their parents, Mr. and Mrs. Joe Daniels.

It was reported this morning that E. E. Warren, who is a patient in the Harris Memorial Hospital of Fort Worth where he underwent major surgery recently, had a very restless night but is showing some improvement.

He is due to be discharged from the hospital Saturday or Sunday but will have to remain in Fort Worth near the hospital for two weeks of treatment.

Mr. and Mrs. C. D. Hartnett of Weatherford visited in the home of Mr. and Mrs. E. E. Crawford Thursday.

Mrs. W. L. Downtain has her mother, Mrs. Gus Cooper of Strawn, as a patient in her home this week.

Mr. and Mrs. A. N. Anderson have had as their guests Mrs. Burt Stewart and children, Kenneth, Larry and Norman and also Fern Anderson all of Goldsmith.

Mrs. H. E. Shipman had as her guest over the week end her son, Mr. and Mrs. L. T. Metcalf of Conroe and a grandson, Bill Medin of Seattle, Wash.

Rev. and Mrs. Leroy Land and baby returned this morning from Leuters where they attended the Youth Camp and Camp Meeting of the Nazarene Church which was held there.

Here is today's household hint: Try a new trick with cinnamon toast: Dip strips of plain toast in melted butter and then roll them in a cinnamon-sugar mixture and put them back in the oven for a bit.

IT WASN'T YOUR FAULT
—when the party who sold you your home did not have an abstract, but it was your fault if you bought it without an abstract. One authority on titles put it this way: "Titles were good yesterday, fair today, but sure to be worse tomorrow." Better insist on an abstract when buying real estate of any kind. It's safer, more business-like, and a sure sign of good judgment.
Earl Bender & Company

ARMY'S DARE DEVIL DRIVERS AT TOWER

Universal-International's "Red Ball Express", a gripping story of the important role by the U. S. Army Transportation Corps in World War II, stars Jeff Chandler, foreground Charles Drake, left and Alex Nicol. Judith Braun plays the feminine lead in "Red Ball Express," playing Friday and Saturday at your Tower.

He reported back home on Tuesday.

Richard Tucker, recently back from Hobbs, N. M., fell and injured a knee-cap necessitating the use of crutches for a few days. Mrs. Mary Tucker and Claude moved back this weekend from Hobbs, N. M. They will occupy the Hattie Love house while she is away visiting the Love children.

Mrs. John Love was in Abilene Tuesday to a periodical session of Farm Bureau Insurance agents, at the Wooten Hotel, under the supervision of Maurice Howell.

This writer spent the day last Friday assisting Mrs. K. Jameson in the Red Cross office at Eastland. A number of other workers have contributed one or more hours, at intervals, to this work.

Mrs. John Blackwell, near Staff, was a Cheaney Church visitor Sunday morning. John left for Massachusetts, where he will be employed as an operator for Consolidated Pipeline Co. Mrs. Blackwell is visiting in Lubbock this week.

Pear Trees Flourish Without Soil

BERKELEY, Calif. (UP)—Pear trees that produce fruit every year have been growing without soil for the past 11 years in a University of California laboratory here. The trees are strong and healthy. They are fed by a solution containing all the minerals necessary for their growth. Every year the roots have to be cut to prevent them from growing too large.

anniversary of both girls. Mrs. Cam Lee passed away a few years ago, and this was the only shadow on an otherwise pleasant day together both for Callie and Emma.

Visitors Sunday in the John Tucker home were Mr. and Mrs. Morgan Box, Mary Ella and William Richard, from Kentucky and Mrs. Mary Tucker, her mother. The Boxes visited Mr. and Mrs. O. L. Box in Eastland before starting their return trip to Kentucky on Monday.

A picnic and weiner roast on Wednesday evening between the hours of five and seven thirty, May 23rd honoring Lorena Wallace and her birthday was hosted by her aunt, Mrs. John Love, who provided the birthday cake with candles for the occasion.

The group who had games and roasted weiners down on the branch were Gaynell Blackwell, Ronnie and Joy Love, Helen Perrin, Kathy and Randall Rogers, Helen and Charlene Blackwell, Jerry, Rita, and Jessie Underwood, and Jack, Dale and Beth Wilson.

Our young neighbor, Ira Jake Wilson, was a patient at the Ranger hospital for a few days due to virus infection of the throat. Mr. and Mrs. Jake Stamey (grandparents) of German carried Dale and Beth home with them while the parents alternated times with him.

NEWS FROM CHEANEY

Mrs. Bill Tucker

We went, we saw, we came back empty handed, as most fishermen do, usually speaking.

Anyway it was our first time to see or be near Possum Kingdom dam and fish ponds. Fish never would bite for us so we went wading with the little kids and sailed flat stones on the top of the water. They sometimes skipped 2 to 4 times before sinking, depending on the power behind them.

We also watched a colony of small brown birds building mud nests underneath an arch of the Highway 80 bridge, and a big water moccasin as he slithered to a stop and poked his head above the water while fish fed all around him on the sandy silt river bottom.

All this on Monday when we, the better half and I, accompanied Mr. and Mrs. Fred Joiner and family, and the kids, Billy Margaret Tucker from Jal, New Mexico, and carried a picnic lunch and spent the day together.

The cares of getting the cotton and peanuts in the ground were forgotten for a few hours. But very little fishing was done and the only fish brought back were given to us.

Mr. and Mrs. F. E. Blackwell were certainly pushed this closing school season with three graduates, Edward, an 8th grader, Berle Jean from Ranger Junior College and Ray from Abilene Christian.

Mr. and Mrs. B. F. Fincannon and daughter of Lamesa were recent visitors in the Gene Ferrell home. Bob Fincannon, their son, was a Korean buddy of Lester (Sunny) Ferrell and the families are good friends.

Sonny and Mr. and Mrs. Fred Rogers attended a rodeo Saturday night in Snyder and ran across a number of boys he knew overseas.

Guests on Saturday in the Oliver Galloway home were his parents and sister, Mr. and Mrs. Galloway and Mrs. Elwanda Robertson and family of Ranger, and another sister Mrs. Floyd Wallace and family of Hamlin.

Mrs. Electra Hattox and Edwin were Sunday dinner guests of Mr. and Mrs. Gene Ferrell.

Mr. and Mrs. Milton Underwood Burt and Vannie Shook of Fort Worth were visiting relatives over the week end.

Mrs. Carl Lee of Ranger visited her sister, Mrs. Cicero Rogers on Sunday and all attended church services at Cheaney.

Sunday was the 39th wedding
