

SEEN OR HEARD

You can tell it is getting near Jaycee rodeo time. The boys have a banner up on the main drag that attracts all eyes coming to town.

From now until show time the some 40 members of the organization and all the help they can muster will be as busy as a one armed fiddler playing a hoedown, getting things in tune for the show.

President Charlie Milliken says no definite plans have been made concerning their annual motorcade, from Ranger to all points, telling our neighboring cities about the rodeo. But you might be thinking about it and plan now to go along. Last year the motorcade was rather disappointing in show of strength.

That motorcade attracts a lot of attention to our rodeo and brings a lot of people to town that might not get here without this sight and sound impression. The fun-filled good time had by those on the trip makes the day well spent, both in advertising the rodeo and a diversion from daily routine.

The Ranger Times is planning its yearly rodeo edition. A good work has already started on it. We hope to have one this year that will top them all.

One thing that no one can control, that will have a big bearing on the rodeo's success is the weather. Should anyone have any corn or defective limbs that forecast the weather—put them to work now. Rain anytime but the four rodeo days will be welcome.

The same producer and announcer will be back with us again this year. Very little dissatisfaction was heard on the quality of last year's stock. For a fact the bulls were better than the cowboys. Which was also the case in a number of the events.

Frank Mariani, a Ranger cowboy, is part owner of the Triangle Bell Rodeo Ranch of Belton, and his partner, Duke Gibbs was the producer of last year's shows. Frank will be ramrodding the show here this year for the Jaycees.

Frank has already stated that if he doesn't put on his best show in his home town, he just as well trade in his saddle on a rocking chair and follow the old soldiers in "fading away."

"We're ready right now—how about you?"

Although Rev. Jasper Massee has officially announced his intention of returning to the service of Uncle Sam, we don't think that he will rob the Bulldogs by taking Charles with him.

If Charles overcomes that broken leg and adds last year's experience to what he was doing before sickness and injury set in, he ought to be a "wampus kitty."

"We believe that Charles will be around to help tote the pill come fall."

Not long ago we were hollering about not having enough fire equipment to fight fires, but now we've got more equipment, seemingly, than we've got a place to put them.

Don't worry, ever piece of it has a purpose and is essential to your protection and well-being. And it is sure a good feeling to know that you have power to spare when you are fighting a fire.

They use the old tanker that has been around since "heek was a pup" to fight grass fires and the like, to save their new equipment for emergencies. Now the men can be fighting a fire and not have all their equipment in one place.

"Old Gramma", the aged La France pumper that has been here since there was a fire station, is sitting on the outside on the retired list. And will probably remain there until needed in an emergency.

Consumer Of Razor Blades Will Recover

CARBONDALE, Ill., June 24—William Rinkle, the youth who swallowed 40 razor blades, was taken home Tuesday eating ordinary food.

Democratic Executive Committee Holds Final Meeting, Prior To Election, Monday; Ballots Ordered

Members of the Eastland County Democratic Executive Committee, met in the courthouse Monday afternoon for the purpose of making final plans for the July Primary election which will be held on July 26th. In all probability this will be their last meeting until after the primary election.

At a special meeting Friday afternoon, June 20, the body voted to rescind action in refusing to allow candidates who had not taken the loyalty oath, to have their names published on the ticket. Investigation proved that only one candidate, Judge L. R. Pearson of Ranger, and candidate for the State Legislature, had neglected to file this oath.

As a matter of fact he did not file his application for a place on the ticket, but rather a group of friends filed for him. When called to his attention he gladly complied and signed this instrument. His name will appear on the ticket.

Those who know the judge know that at no time in his life has his loyalty been questioned. He is a true blue, native born, Texas Democrat.

Places on the ballot have been assigned to the various candidates, and it is the plan to have them printed at once in order to be in position to take care of absentee voters. Absentee voters may call at the office of the county clerk at anytime after July 6, up to July 23, and get ballots and vote. The question came up during the meeting as to the status of soldiers and others in the armed services. Those who enlisted are ineligible, while boys taken by the draft, if otherwise qualified, may vote.

Spraying With DDT Started In City, Monday

The city started spraying operations Monday morning with a machine borrowed from our neighboring city of Eastland. An operator came with the machine for the spraying operations in town.

City Secretary Lester Crossley had already stated that the entire city would be gone over with the DDT to cut down on contamination.

The machine being used "fogs" the dust based solution out of a funnel at the rear, which can be pointed at any desired angle to take advantage of wind conditions.

The high northerly winds Monday made the spraying very successful in that the wind was carrying the spray over most of the block area, north of where the machine was operated.

Street Commissioner Owen Bray said that he had rather see the spraying done, before we had an outbreak of polio or some other disease. The spraying now may help prevent such an outbreak.

The rapid output of the machine and the speed at which the truck can be driven should allow quick completion of the city-wide spraying.

Marine Recruiter Will Be In Ranger, June 24th

Technical Sergeant David A. Wims of the United States Marine Corps will be in Ranger on Tuesday the 24th of June. Sergeant Wims from the Marine Corps Abilene Office, may be contacted at the Ranger Post Office while he is here.

ALLIED FIGHTERS BOMB POWER PLANTS

By Robert Udick
SEOUL, Korea, June 24 (UP)—Allied fighter-bombers struck again Tuesday at three of the five vital North Korean electric power plants smashed in Monday's record 500-plane assault, destroying buildings and power transformers.

The Fifth Air Force sent mopping-up missions to drop bombs on plants attached to Fusan dams No. 3 and 4 and the Chosen dam. No. 3 and 4 in northeast Korea.

However, one of the plants, the Fusan No. 2, was still masked by heavy black smoke so thick that Thunderjet planes were forced instead to attack alternate targets along a rail line south of Hungnam.

One Just Skeleton
Otherwise, the bombers hitting the other three plants "completed the destruction of several buildings and transformers," the Fifth Air Force said.

The Allied planes did not fly over Suifu, the Orient's largest hydroelectric plant, left a skeleton in Monday's raid.

Highway 80 Association Meeting Told

A meeting of the Central Division of U. S. Highway 80 Association will be held in Abilene Friday and Saturday, 27, 28. All interested persons along Highway 80 are urged to attend.

The meeting will be held at the Wooten Hotel with registration beginning at 4:30 p.m., Friday. Other activities will include a meeting of the executive committee at 5, hospitality hour at 6, buffet dinner at 7:30, business meeting with committee appointments at 8, and a film showing at 8:30.

Saturday's program will begin at 8 a.m. with late registration. Breakfast will be at 8:30; business report at 9:15; program of work for 1952 outlined at 10:15; and adjournment at 11:30. Luncheon is slated for 12:10 with Tom K. Epley, Abilene attorney, as the speaker. Closing the meeting will be the business reports at 2 p.m.

Future developments of Highway 80 will be one of the prime discussions at the meeting. A program of attracting more travel over the highway is to be stressed.

President of the central division is Tom Davis of Odessa. Other officers are C. E. May of Ranger, vice-president; Houston Crump of Odessa, secretary; and L. A. Chapman of Colorado City, executive director.

Directors include Tommy Randolph, Gladewater; Joe Cooley, Abilene; Jimmy Greene, Big Spring; and Jack Price, Van Horn.

Zone chairmen include B. A. Holbrook, Mineola; Benny Butler, Cisco; M. N. Cardwell, Colorado City; Guy Walker, Pecos; and Tom Brandon, Odessa.

Five Injured In Crash Near Thurber Cut-Off

Five persons suffered broken bones, cuts, or severe bruises in a two-car automobile crash about one mile west of Thurber on U.S. Highway 80, east of Rangus. The accident happened last night at about 11:15.

Onita Shepard of Abilene, driver of a 1951 Buick sedan, and Owen Shackelford of Iradale, a passenger in the Buick, Merle Platter, and Nadine Westmoreland, of Gorman, were passengers in the 1939 Chevrolet coupe driven by Jimmy Platter, sister of Merle, and also of Gorman.

Jimmy Platter was taken to the Ranger General Hospital and treated for a skinned knee and head injuries; the other four were taken to the West Texas Clinic for treatment. Merle Platter was said to have internal chest injuries and severe bruises. Miss Westmoreland suffered a broken arm and bruises.

The driver of the Buick, Onita Shepard, escaped with only bruises. While her companion's injuries have not been fully determined, other than it is known he, Owen Shackelford, has a fractured hip.

Ralph Veal of Ranger, who helped remove the injured from the automobiles, said that the cars were heavily damaged in an apparent head-on collision.

Taft Woos Delegates; Like Blast Isolationists

Pennsylvania Votes Sought By Sen. Taft

HERSHEY, Pa., June 24 (UP)—Sen. Robert A. Taft sought Tuesday to swing doubtful delegates on the potent 70-man Pennsylvania Republican national convention to his cause.

Taft said Monday night at Baltimore, after a conference with the 24-delegate Maryland group, that he hoped to make a "favorable impression" on uncommitted delegates, admitting it would be difficult to "convert" them outright with conversation.

Gov. John S. Pine, who is reported to control at least 25 uncommitted members of the Pennsylvania delegation, has refused to tip his hand on whether he favors Taft or Gen. Dwight D. Eisenhower.

Before leaving Baltimore, Taft accused Republican governors of four eastern states of swaying their delegations to Eisenhower with political posturing.

He identified the governors as Thomas E. Dewey of New York, Alfred Driscoll of New Jersey, John D. Lodge of Connecticut, and Sherman Adams of New Hampshire. Eisenhower sentiment is strong in these states.

Taft said he had a "quite satisfactory" talk with the Maryland delegation, committed to Gov. Theodore R. McKeldin's "favorable" candidacy and believed nine to 14 would vote for him on a later ballot.

The "Maryland Democrats for Taft" visited the Ohio senator at his hotel in Baltimore Monday. Taft, in an obvious dig at Eisenhower political posturing, said he was glad the Maryland Democrats did not participate in selection of delegates to the Republican convention.

H. V. Davenport Lands In Korea

Mr. and Mrs. Henry Davenport have received word from their son, H. V., that he had arrived at Pusan, Korea, and had also assisted in delivering supplies to Koje Island.

H. V. has received a promotion to Seaman and is now working in the Combat Information Center on the USS Skagit.

He wrote his parents of an interesting experience he had. He stated that he only received mail once on the trip over and was reading a letter from Bob Crawford as they were nearing the harbor there when he saw another ship entering the same harbor and immediately recognized it as the USS Iowa on which Bob Crawford was stationed. They did not get visit together except by signals but enjoyed that closer contact.

H. V. is making moving pictures of the many places he is going to and sending them home to his parents. They have received some and are anxious to receive the ones from Korea.

FIRST LADY OF THE SEAS—Ticker tape floats slowly down through the rain and mist in salute to the First Lady of the Seas, the SS United States, as she is escorted up North River by welcoming ships to her berth on arrival in New York. (NEA Telephoto)

Ranger Golfer Wins 4th Title At Cisco, Sun.

Jimmy Phillips, local linksman, won the Cisco Invitational Golf tournament for the fourth time Sunday afternoon. Phillips defeated defending champion Jackie Miller of Cisco and NTSU, 4 and 4, in the finals of the championship flight.

Phillips had previously won the tournament in 1932, 1933, and 1942. Phillips had gained the final round by defeating Paul Massey, Cisco, 5 and 4 in the semifinal round Sunday morning.

To get into the semi-final match with Massey Sunday morning, Phillips had defeated Hardy Loderick of Ft. Worth in the first match, 2 and 1, then ousted Ray Ferguson of Breckenridge Saturday afternoon.

Phillips was the only one of the numerous Ranger golfers entered at Cisco to advance to the "pay line" in the annual held each year at Cisco.

Golfing trails for this section will all lead to Breckenridge this week end and their annual affair. A program will be held Thursday prior to the amateur event at Breckenridge.

Three Confess To Burglary Of Store At Carbon

Three arrests have been made in connection with the robbery of the Carbon Trading Co., store in Carbon, which occurred some time ago. Sheriff Frank Tucker has been working on the case for some time, but has been unable to locate suspects until recently when he learned they were being held in jail at Lovington, N.M., where two of the group are still being held on burglary charges.

Sheriff Tucker went to Lovington and got a complete confession from the three he stated Monday. J. C. Putman was brought back by the sheriff and lodged in the Eastland jail, while M. J. and Clinton Casey are still being held by the New Mexico authorities. The three confessed to the burglary of the Carbon store, where they obtained a small amount of money and a quantity of assorted merchandise.

49th Armored Trains In Simulated Combat

NORTH FORT HOOD, June 24 (UP)—The foot soldiers and big tanks of the 49th Armored Division worked together under simulated combat conditions Tuesday after their summer maneuver drills were co-ordinated for the first time Monday.

Officials of the Texas Guard Division said the 49th would concentrate Wednesday night on an overnight problem.

U. S. Jaycees Enliven Dallas At 1952 National Convention

DALLAS, June 24—Six thousand young men, who've been whooping it up over the week end, Tuesday got down to the business of staying the biggest national convention in the history of the U. S. Junior Chamber of Commerce.

Three thousand delegates to the Jaycees' 32nd annual business conference registered Monday, including an Oklahoma delegation in full Indian regalia.

The remaining 3,000, including a delegation of Nevadans with 15,000 silver dollars jingling in their pockets, registered Tuesday as the week-long convention proper began.

The highlight of the convention will come on Friday, after election of officers, when two Democratic presidential aspirants—Sen. Estes Kefauver of Tennessee and Sen. Richard B. Russell of Georgia—will address the inaugural banquet.

The Oklahoma delegation, meanwhile, erected a tepee in the lobby of one of the two downtown Dallas hotels which have been given over solely to the Jaycees for the week.

The Nevada delegation will jingle its 15,000 silver dollars until Thursday when, during a parade in which each delegation is committed to some special stunt, the dollars will be thrown to Dallas citizens who watch the parade.

Round of Parties Set
The parade also will include a covered chuck wagon in which six Colorado Jaycees made the trip to Dallas for the convention.

It took them from May 28 to make the 750 miles to Dallas and the chuck wagon gang had to drop six of the original 12 members of the chuck wagon gang had to drop out in the face of such hardships as rain in Colorado, hail in Oklahoma and wind and dust in Texas.

A lavish party from 4 to 8 p.m. Thursday also will be a convention highlight.

There will be an Oklahoma chicken leg party, a Virginia ham and biscuit party, a South Carolina shrimp and beer party, a Florida orange juice party, a Kentucky mint julep party, a Louisiana shrimp party, an Illinois hot dog and beer party and a Wisconsin cheese party.

Two hundred fifty pounds of Maine lobster was flown to Texas for Tuesday's Jaycee keema; luncheon, Tuesday night's "Texas rodeo party"—taking in two hotels—will feature a special drink that includes cactus juice.

Ranger had a shirt-tail parade Sunday night, from about 10:40 until 11:00 o'clock. Rangers in various stages of "dress and undress" were out in cars or on foot.

Causing the late hour "fashion show" was a fire in the Joseph apartments, caused supposedly by a defective refrigerator. The blaze was quickly extinguished by the firemen from the station with the aid of volunteers.

Posing a bigger threat than the fire was the gas that escaped from the cooling system of the box during the fire. Its pungent and repulsive odor in some measure hampered firemen.

The fire damaged two rooms on the roof of the third floor of the apartment building in the 200 block on Main Street. The small blaze was concentrated in the room containing the refrigerator, but a wall in an adjoining room was blazing when firemen got the door open for an inspection.

Court Martial Sentences GI To Six Months

FRANKFURT, Germany, June 24 (UP)—Pvt. Robert T. Mierwik of Belton, Tex., faced a sentence of six months imprisonment at hard labor Tuesday for giving two fellow GIs the carbines with which two Germans were alleged to have been slain.

The sentence was pronounced Monday night by a United States Army court martial which also gave the 20-year-old soldier a hard conduct discharge. Mierwik pleaded innocent a short time earlier.

The court ruled the youth was innocent of the original charge of conspiracy to commit a robbery, and also rejected the charge of "wrongful appropriation" of the weapon, a much lighter offense.

He appeared relieved as the court president, Lt. Col. Wesley C. Franklin of Hemetstead, N. Y., read the sentence.

The court conferred two hours on the verdict but took only a half hour to decide the sentence.

Mierwik was alleged to have given the carbine to Pvt. John Vignoneit, 19, of Goffs Falls, N. H., and Pvt. Richard A. Hagelberger, 20, of Chula Vista, Calif.

They were sentenced to death on charges of slaying the two Germans—Paul Eckhart, 56, and Lothar Schlosser 25—last April 19.

In its verdict, the court ruled the Texas youth would have to forfeit all pay and allowances during his imprisonment. It was not announced whether he would serve his penalty here or in the United States.

Fire Sunday Night Brings Local Citizens In "Shirt-tail Parade"

Ranger had a shirt-tail parade Sunday night, from about 10:40 until 11:00 o'clock. Rangers in various stages of "dress and undress" were out in cars or on foot.

Causing the late hour "fashion show" was a fire in the Joseph apartments, caused supposedly by a defective refrigerator. The blaze was quickly extinguished by the firemen from the station with the aid of volunteers.

Posing a bigger threat than the fire was the gas that escaped from the cooling system of the box during the fire. Its pungent and repulsive odor in some measure hampered firemen.

The fire damaged two rooms on the roof of the third floor of the apartment building in the 200 block on Main Street. The small blaze was concentrated in the room containing the refrigerator, but a wall in an adjoining room was blazing when firemen got the door open for an inspection.

Quick action on the part of the fire department probably averted another major fire for the city. The alarm was turned in by Ran-

General Brands Isolationists Self-destructive

By Harold Foreman
DENVER, June 24 (UP)—Dwight D. Eisenhower, in a speech described as an outline of foreign policy differences between himself and Sen. Robert A. Taft, branded isolationism Monday night as a "stupid" philosophy of self-destruction.

He told a television and radio audience he had put aside his uniform to seek the Republican presidential nomination because he believes "peace may well be at stake" in the forthcoming campaign. He offered a "practical" five-point peace program which he said "fits the situation."

Eisenhower never referred to Taft by name during his 15-minute address from his Brown Palace hotel headquarters, but an adviser, Sen. Frank Carlson, R-Kans., said before the broadcast the general would point out how he differs with the Ohio senator on foreign issues.

A spokesman disclosed meanwhile that Eisenhower was considering a plan to move his campaign headquarters to Chicago, either before the Republican national convention, which starts July 7, or soon after it opens.

Tuesday, Eisenhower scheduled a press conference and later a conference with Republican delegations from Louisiana and Nebraska.

In his most bitter speech since relinquishing his European command, Eisenhower said that isolationists advocated a doctrine of slow suicide for this nation, and for those who look upon the U.S. as the last bastion of freedom.

Those who believe the United States can get along without the friendship and resources of other nations, he said, are "taking an unjustified gamble with peace."

"They are no friends of America's security," Eisenhower said. "They are living in years long past. Theirs is not the counsel of enlightened self-interest. It is the counsel of eventual self-destruction. And the American people have shown time and time again that they will not support this stupid and myopic overnight doctrine."

This will top them all—a horse commits suicide.

"Lad", an Apalooza horse owned by Don Squires of 514 North Martson took the fatal step yesterday about noon.

Seems the Squires had an extension cord for a light in the backyard, just across a fence from where the horse was corralled.

Curiosity killed the cat, as yesterday killed "Lad". He became too nosy and managed to get a foot of the electrical extension cord ent before the fatal shock came.

The horse was pretty well known around the city for its ability to perform various tricks and performances.

Horse Commits Suicide Monday

This will top them all—a horse commits suicide.

"Lad", an Apalooza horse owned by Don Squires of 514 North Martson took the fatal step yesterday about noon.

Seems the Squires had an extension cord for a light in the backyard, just across a fence from where the horse was corralled.

Curiosity killed the cat, as yesterday killed "Lad". He became too nosy and managed to get a foot of the electrical extension cord ent before the fatal shock came.

The horse was pretty well known around the city for its ability to perform various tricks and performances.

Best thing to do in case of fire, if you are not a fireman or a volunteer fireman, is stay at home.

UPSETTING EXPERIENCE—Bewildered and embarrassed, this usually-imperturbable guardsman of the Royal Horse Guards reaches for his helmet after being unseated during a full-dress rehearsal of the Trooping of the Colors in London. The spirited horse had no regard for ceremony, and also spilled a policeman who tried to place him under control.

EVER SEE A SNAKE RANCH?—George Soliman, cub scout of Cobleskill, N. Y., keeps a "snake ranch" in his back yard. George, seen standing near the door of his "ranch house," says that the critters are all harmless woods-dwellers, but to keep on friendly terms with neighbors, he keeps them in a glass-enclosed "corral."

Annual Flowers Sown Late Take Less Time to Bloom

Early summer is not too late to sow flower seeds in the garden. By choosing varieties which germinate quickly and grow fast, flowers may be had almost as soon as from seeds sown much earlier, which may have been delayed by cold weather.

For best results seeds should be sown where the plants are to grow, so they will suffer no setback from transplanting. Since hot, dry days may soon arrive, special precautions should be taken to prevent crusting of the soil, and drying out. Loosen the soil to a depth of six inches, spading under 2 to 4 pounds of plant food for each 100 square feet. Mix small seeds with dry sand to help scatter them well. Large seeds of plants which need plenty of room may be sown two or three seeds in each spot where a plant is wanted, to be thinned out later to a single plant.

Fantasy Zinnias.

Cover the seeds lightly, with porous soil containing no clay. A special covering soil may be prepared by mixing fine top soil or peat with an equal amount of sand or vermiculite. Keep the soil moist by sprinkling with a fine spray until the seeds germinate and the plants begin to grow well.

Annual flowers which germinate within five to ten days after sowing include the following:

Sweet Alyssum, Amaranthus, Aster, Calendula, Calliopis, Candytuft, Calceola, Centaurea, Cheiranthus, Cosmos, Dianthus, California Poppy, Godetia, Linaria, Lobelia, Lupinus, Marigolds, Nicotiana (flowering tobacco), Annual Phlox, Portulaca, Mignonne, Schizanthus, Viola, Zinnia, Nasturtium.

The fastest growing annual is leptosyne Stilmanni, producing yellow daisies, which flowers in five weeks from the time seed is sown. In two more weeks zinnias will begin to bloom. The slowest growers of the quick germinating group are

asters and calendula, but these will begin to flower in late August, and continue through the fall, when cool weather is to their liking, and they produce their best flowers.

Giant zinnias are still most popular, with the super-giant strain leading because of the pastel colors of its blossoms. It is only obtainable in a mixture, but all the colors are harmonious, and they are lovely both as cut flowers and in the border. The small, bushy plants of the liliput and pumila zinnias are growing rapidly in favor. There are pink, red, orange, yellow and lavender varieties.

Marigolds may be obtained in sizes varying from the tiny single flowers, half an inch in diameter, which cover the dwarf bushy plants of the variety gnome, to the huge six-inch globular flowers of the Sunset Giants variety.

WORKER FATHER OF THE YEAR—Christopher Ziegler, 52, of Avon Lake, O., has reason to smile proudly as his wife, Eileen, makes a "final inspection" before he leaves for a Boy Scout meeting with his son, David, 12. He has been named as "Worker Father of the Year" by the National Father's Day Committee. Ziegler is a stack-chaser for a truck trailer manufacturing concern. Father's Day will be observed this year on June 15.

"Whitewash" Of Liquor Industry Faces Scrutiny

By Milton Margruder
WASHINGTON, June 24—A House investigator suggested the possibility of perjury Tuesday in the wake of sworn testimony by two witnesses at hearings on an alleged Justice Department "whitewash" of the liquor industry.

Rep. Kenneth B. Keating, R-N. Y., cited a direct conflict in statements given a House Judiciary subcommittee by Herbert A. Bergson, former assistant attorney general, and Edward I. Branham, a lawyer in the Justice Department's anti-trust division.

The subcommittee is investigating complaints that a Justice Department study of anti-trust charges against the "big four" liquor distillers was "stuffed" after executives of the firms contributed heavily to the Democratic National Committee. The firms been listed as Seagram, Schenley,

Hiram Walker and National Distillers.

Keating told newsmen that either Branham or Bergson might have been lying, but that he will "reserve judgment" until the subcommittee has a chance to "cross examine" Bergson Friday.

Branham, who claims he was "intimidated" because he refused to go along with a "whitewash" of the liquor industry, denounced one of Bergson's statements as "an unmitigated lie."

Bergson, in a sworn statement put in the subcommittee's record, had said Branham never denied a charge that he "mentally horse-whipped" a group of local liquor dealers by threatening to "put them in jail."

Branham told the investigators he denied ever and over again to Bergson that he ever made any "threats."

The subcommittee also will hear later this week from Edward P. Hodges, Branham's immediate superior, who almost disputed Monday's session with angry shouts that many of Branham's statements were "absolutely untrue."

Heat And Winds Blister Southwest

By United Press
A stiff, hot wind brought new misery to the heat-stricken Southwest Tuesday.

Only Wyoming cooled under cloudy skies as the area began a new week of the unseasonable June-long hot spell with 100 degree and above temperature readings everywhere but in the mountains.

Kansas suffered most Monday. It was 108 at Garden City, 107 at Hill City, 105 at Russell, 103 at Dodge City and 101 at Goodland, Kan.

Texas and Oklahoma were raked by hot winds and forecasters said there would be more blistering breezes Tuesday. The mercury reached 105 at Guyton, Okla., and in Texas it was 104 at Pecos, 103 at Amarillo and Dalhart, 101 at Childress and 100 at Wichita Falls.

Temperatures scaled to 105 in southeastern New Mexico and Colorado readings continued about 10 degrees above normal for this time of the year, with a high yesterday of 101 at Lamar.

Malden, Mo., also had a 101 rating for that state's high and it was 99 at West Plains, Mo., and 98 at St. Louis.

Texas had a low temperature during the day of 88 degrees, while in Wyoming, at Douglas, 84 degrees recorded in the heat of the day was the mountainous state's high.

Pains, distress of "those days" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

Here's wonderful news for women and girls who — each month — suffer the tortures of "bad days" of functionally-caused menstrual cramps and pain — headaches, backaches, and those "no-good," dragged-out feelings.

It's news about a medicine famous for relieving such suffering!

Here is the exciting news, Lydia E. Pinkham's Vegetable Compound — gave complete or striking relief to such distress in an average of 3 out of 4 of the cases in doctors' tests!

Scientifically Modern Action

Yes! Lydia Pinkham's has been proved to be scientifically modern in action!

This news will not surprise the thousands of women and girls who take Lydia Pinkham's regularly and know the relief it can bring.

And it should encourage you (if you're not taking Lydia Pinkham's) to see if your experience doesn't match theirs... to see if you, too, don't avoid the nervousness and tension, weakness, irritability — and pain — so often associated with "those days!"

Remember Lydia Pinkham's, too — if you're suffering the "hot flashes" and other functionally-caused distress of "change of life."

Get Lydia Pinkham's Compound or new, improved Tablets with added iron (trial size only 50¢). Start taking Lydia Pinkham's today!

Accused Takes In \$1.5 Million Nevada Robbery

CARSON CITY, Nev., June 24 (UP) — A man accused of helping to rob millionaire Laverne Redfield of \$1.5 million and in federal court that the wealthy eccentric was "in love" with the dark-haired French songwriter who masterminded the burglary.

Anthony Gazzigli, 42-year-old Reno gambling casino worker, testified Monday at the trial of Mrs. Jeanne D'Arc Michaud that the petite defendant planned the fabulous robbery to "get revenge."

Gazzigli, who also has admitted taking part in the daring robbery nearly four months ago, testified that he had several conversations with Mrs. Michaud while the burglary was being planned.

Gazzigli said he and the attractive French-Canadian woman talked "all about Redfield... how cheap he was and that sort of stuff that he kept saying he was in love with her. He played her so dirty she wanted to get revenge."

Gazzigli said he and the attorney that he had several meetings with Mrs. Michaud after they first met

State Outlines Long Range Fight On Polio

AUSTIN.—A long-range battle plan against rampaging polio was outlined Wednesday by the State Department of Health.

State Health Officer George W. Cox recommended these eight points of action in combatting the disease which this year is striking harder at Texas than at any other part of the nation:

1. Spot spray insect breeding places after they have been cleaned up and destroyed. Spraying indiscriminately might kill a few insects on the wing, but it won't do the job. It might kill valuable plants and create a false sense of security.
2. Get rid of animal shelters in urban areas. They cannot be kept clean and consequently create a health hazard as fly breeders.
3. Get rid of dump piles, tin cans, old tires, and accumulated debris which breed flies and mosquitoes and provide harborage for rats.
4. Provide a properly operated sewerage system, and get rid of all surface toilets. Dr. Cox believes surface toilets constitute one of the major health hazards facing Texas.
5. Provide a source of pure water.
6. Protect food supplies in wholesale business houses, retail shops, and in private homes.

and that two of them were at his Reno home while his wife was vacationing in Canada.

Lucky you—you made it home from work through a fog of fatigue

More Schools Study Loss Of Resources

AUSTIN.—The director of Conservation Education and Departmental Publications for the State Game & Fish Commission reports growing school interest in resource use education.

He said the increased attention has been manifested in many ways but primarily through the summer workshop programs.

"Conservation of resource use education," the Director said, "is getting a new emphasis due to teacher concern about soil depletion, shrinking water tables, forest fires and the progressive destruction of wildlife habitat throughout the state."

He described teacher training in conservation this summer at Southern Methodist University workshop and for study and production of resource units at the Texas State College for Women.

Dr. Cox declared, "The only way to kill flies is to do it methodically, block by block, by eliminating their breeding places."

"They carry many diseases—diarrhea typhoid fever, cholera, trachoma, just to mention a few. I firmly believe that if this 8-point program is invoked, we'll see a lessening of polio incidence in the future."

ASTHMA

Don't let coughing, wheezing, recurring attacks of bronchial asthma ruin sleep and energy without trying MENTHAC, which works thru the blood to reach bronchial tubes and lungs. Quickly helps breathe quickly, removes thick, sticky mucus. Thus alleviates coughing and aids freer breathing and better sleep. Get MENTHAC from drugists. Satisfaction or money back guaranteed.

larger cities," Cox said. "This is the same program we have followed and published for the past ten years. People have got to get over the notion that spraying alone will keep their city fly-free."

IT WASN'T YOUR FAULT—when the party who sold you your home did not have an abstract, but it was your fault if you bought it without an abstract. One authority on titles put it this way: "Titles were good yesterday, fair today, but sure to be worse tomorrow." Better insist on an abstract when buying real estate of any kind. It's safer, more business-like, and a sure sign of good judgment.

OPPOSERS—Gen. Dwight Eisenhower, left, a new warrior on the political battlefield, seriously ponders a question put to him at his press conference in Dallas Sunday following a whirlwind two-day trip to his native state. Eisenhower declared he had "uncontrovertible evidence" that majority rule was overridden by the Taft dominated machine in Texas. In Washington, Sen. Robert Taft, right, rejected charges by the Eisenhower camp that his delegate victory in the Texas Republican Convention was a "steal." The Senator said he was sure the dispute over the Texas delegation would be fought out before the National Convention which opens in Chicago July 7. (NEA Telephoto).

COX BACKERS WILL HAVE "OLD FASHIONED POLITICAL RALLY"

BRECKENRIDGE (Sp.)—The campaign to elect Jack Cox to Congress will be launched with an old-fashioned political rally with free pink lemonade for everybody on Tuesday, July 1. The rally will take place in the Courthouse Square in Breckenridge and time of the rally has been set for 8:00-9:00 p.m.

"This will be a regular old-fashioned political rally with all the ice-cold lemonade you can drink free and a band and a hot-rod quartette too," said George Jordan, head of the Cox-For-Congress Rally Committee. "We feel that it is time to get back to the place where the people know and choose their men to run the government. Back in the days when the good old political rallies were held, the people got a chance to do just that, to know their candidates and meet them personally. That is why we want everyone to consider themselves invited to this old-fashioned rally for Jack Cox."

Plenty of chairs will be placed on the Courthouse lawn and available parking space is adjacent to the Courthouse. The free lemonade will be served throughout the whole rally.

Cox is a member of the Texas State Legislature and has been elected for three terms without an opponent. He is currently a candidate for Congress from the 17th Congressional District.

SORE PILES

Don't let sore, very painful itching hemorrhoids drive you nearly crazy. Some Chicago Delegates Are 'Pretty Fussy'

CHICAGO, June 24—There are some fussy delegates among the hundreds who will come here next month to select the presidential nominee, it was disclosed Thursday.

Members of the convention housing staffs, handling the headache of finding and assigning rooms, have been besieged with strange requests.

One delegate sent a diagram of how he wanted his room arranged. He specified the location of his bed, window, bureau and other furniture. The housing committee turned the request over to one of the larger hotels.

Another delegate requested a room in a downtown hotel with air conditioning at not more than \$2.50 a night. Housing officials said he couldn't get a hammock in the park for \$2.50 a night.

In contrast, another delegate asked the housing bureau to provide a 21-room house with a three-car garage. That request has not been filled.

The housing staffs said they're "prepared for anything" and will try to provide rooms for all. More than 8,000 hotel rooms in downtown Chicago have already been reserved. Another 4,000 some as far as 17 miles away, also have been assigned.

A doubtful delegate from the South said he wasn't sure the credentials committee would recognize him. He asked the housing committee to arrange a room near Lake Michigan.

"If I'm not recognized by the credentials committee, I'll at least be able to go swimming and make a vacation of it," he wrote.

SOCIETY

Gloria Jean Roberson To Marry Billy R. Burnett Here, July 3

Mr. and Mrs. W. H. Davis of 716 S. Austin, Ranger, announce the engagement and approaching marriage of their daughter, Gloria Jean Roberson to Billy Ray Burnett, son of Mr. and Mrs. L. J. Burnett, 724 S. Austin, Ranger.

Vows will be exchanged at 8 p.m., July 3, with Bro. Mansfield, minister of the Church of Christ reading the double-ring ceremony. They will be married in the home of the bride-groom's parents.

A reception will also be held in the home of the bridegroom's parents, with the relatives of bride and bridegroom and a few close friends attending.

Gloria Jean Roberson

Pastor Honored With Birthday Party Sunday

After the "Sermon in Song" program at the First Baptist church Sunday evening, Dr. Edwin McNeely was honored with a reception and Rev. Ralph Perkins with a surprise birthday party in the Fellowship Hall of the church.

The receiving line was formed by the pastor, Dr. McNeely, Mrs. Ralph Perkins, Mrs. Lloyd Clem of the W.M.U., Mr. Lloyd Clem, chairman of the board of directors, Wilson Guest, Sunday school superintendent, Walter Arterburn, Training Union director, and C. B. Pruet, chairman of the trustees.

Mrs. Felton Brasher, Sr., furnished the music for the evening and over 100 guests were registered by Mrs. Hugh Smith.

After the guests were received, the group joined in singing "Happy Birthday Ralph" which was a complete surprise to him. He was presented a lovely birthday cake.

Refreshments were served from a large covered table centered with an artistic arrangement of gladioli. Mrs. Walter Arterburn poured the punch and Mrs. Wilson Guest served the cake.

Circle chairmen, Mmes. Lloyd Bruce, Earle Whitman, Hugh Smith and G. B. Rush were hostesses. Mrs. Arlie Carver, hospitality chairman assisted by Mrs. J. D. Johnson were co-hostesses.

Services For Wednesday Night

Officers and Teachers of the First Baptist Church will meet Wednesday night for the weekly meeting of the S. S. organization. Wilson Guest, Sunday School Superintendent will be in charge of activities for the Wednesday evening meeting and will have some important announcements concerning the plans for the month of July. The meeting will begin at 7:00 p.m. and will feature Departmental meetings, after the departmental meetings the Educational Director will complete the study course book "A Church Using It's Sunday School."

Prayer meeting will begin at 8:15 p.m. with the Pastor leading the continued study of the book of James. The group that has been coming together for these studies is pleased with the lessons and a wonderful response has been made to the pastors appeal for the membership of the church to come for Bible Study, states Rev. Perkins. He also said that the interest shown by the membership of the church indicated that the church was still "going and growing." Your presence will be welcomed at all of these services.

Shockey Family Returns Home

Mr. and Mrs. H. A. Shockey, Gerald and Marinell, have returned from a 2500 mile trip that took them through many places of interest.

They left here and spent the first night in Amarillo with relatives and friends, afterwards journeying on to Denver, through Greeley, Cheyenne and into Casper where they visited in the home of Mr. Shockey's sister and family, Mr. and Mrs. T. C. Coleman and Tommy.

They traveled on to Rawlins, Wyo., through the Snowy Range Mountain Drive and into the Medicine National Forest Park. The family reported that the lakes on the mountains there were beautiful and that Mr. Harmon did some fishing, but had to return to Ranger before he caught any fish.

Stops were made at Laramie and Colorado Springs where the family enjoyed many lovely scenes and spots of interest. They reported that they saw antelope, deer and prairie chickens along the way and had a wonderful vacation.

H. L. Coody, Wesley Walker and Lynn Nicholson were home over the week end from their training at Camp Hood with the National Guard.

WCS Sponsors Reception Sun. For Lavenders

One hundred and fifty members of the First Methodist Church and friends were on hand Sunday evening after the worship service to welcome the "Parsonage Family" upon their return to begin their third year here with the church.

The reception was sponsored by the Woman's Society of Christian Service. They provided homemade ice cream and cake in abundance, for refreshments.

As the many members and friends gathered around tables in the basement of the church, second and third helpings of ice cream were in order as the group enjoyed Christian fellowship with each other. Twenty-five members from the First Christian Church were special guests for the occasion.

The WCS is grateful for the fine co-operation from everyone in making the reception so enjoyable and the hearty welcome extended the "Parsonage Family", Rev. and Mrs. Garland Lavender and Nancy.

WCG Plans Luncheon

Members of Woodmen Circle Grove 1951 will have a covered dish luncheon Wednesday at the IOOF Hall. Members are requested to be present as this is a business meeting.

GOOD HEALTH

Answer to Question No. 1:

In many cases of childless marriage the cause of sterility can be discovered and corrected. See your doctor, tell him your whole story and follow his advice closely.

Answer to Question No. 2:

Some babies are born with a malformation of the heart that prevents it from pumping enough blood into the lungs where the cells receive the oxygen which makes blood red. The baby's bluish blood makes lips and skin take on the same dark hue. There is now hope for children with such a malformation to become normal, healthy adults through a delicate operation developed as recently as 1944.

Answer to Question No. 3:

Local public health departments are needed to improve sanitary conditions, control communicable diseases, record vital statistics, develop services for the prevention and detection of chronic illness, and provide the public health departments with information. There are 1,228 full-time local public health departments in the United States. However, nearly half the counties in the country are still without such coverage.

(Copyright 1952 by Health Information Foundation)

"Play Night" For Men Scheduled

Tonight is "Play Night" for the men of the First Baptist Church. They will meet at the softball field at 6:30 p.m. for more softball.

Last Tuesday evening was the first in a series of these play nights and the men turned out in good numbers. W. J. Arterburn, Chairman of the Recreation Committee, is in charge of the activities on Tuesday; and he urges all the men of the church to be present.

Skating Party Scheduled For Intermediate Department Tonight

The Intermediate Sunday School department of the First Baptist Church will meet at the church tonight at 6:30 p.m. for a skating party. The boys and girls will bring with them a lunch and guests if they desire and will go to Cicero for skating and will eat there.

Mrs. Glenn West, Superintendent of the department urges all the Intermediate to come and enter into the spirit of fun and fellowship.

Dorcas Class To Have Luncheon

The Dorcas Class of the First Baptist Church will have a covered dish luncheon Thursday, June 26, at 12 o'clock in the home of Mrs. J. W. Robinson.

All members are urged to be present.

Martha Dorcas Class To Have Covered Dish Luncheon Thursday

The Martha Dorcas Sunday school class of the First Methodist church will have their covered dish luncheon Thursday, June 26 at 12:30 p.m. in the home of Mrs. F. J. Williamson in the Staff community.

All members are urged to come and bring a covered dish.

Mr. and Mrs. Dan Nevill, of Fort Worth visited in the home of Mr. and Mrs. Johnny Pinto over the past week end.

Mr. and Mrs. S. M. Champion of Abilene visited Sunday in the Pinto home.

PERSONALS

Mr. and Mrs. Homer Gay, Jr. and son Bill of Kermit visited here over the week end with their parents Mr. and Mrs. W. H. Gay and Mr. and Mrs. R. W. Gordon.

Delmar Jack, a nephew of Mr. W. H. Gay who has recently returned from service in Korea, stopped by to visit in the Gay home Sunday evening. He was on his way to Odessa.

Visitors in the home of Mrs. Beulah Wynn are Mrs. Hugo Wynn and children, Carolyn and Ralph of Marietta, Illinois. Mr. Wynn did not get to make the trip to visit his mother, but she reported that she was certainly

"Hot flashes" of Change of Life stopped or strikingly relieved

in 63-80% of the cases in doctors' tests!

Those suffocating "heat waves" — alternating with nervous, clammy feelings — and accompanied often by restless irritability and nervousness — are well-known to women suffering the functionally-caused distress of middle life "change"! You want relief from such suffering. And — chances are — you can get it. Thrilling relief! Thanks to two famous Lydia Pinkham medicines!

In doctors' tests, Lydia Pinkham's Compound and Tablets brought relief from such distress in 63 and 80% (respectively) of the cases tested. Complete or striking relief!

Thousands Have Benefited
Amazing, you say? Not to the many thousands of women who know from experience what these Lydia Pinkham medicines can do!

Their action — actually — is very modern. They exert a scientifically calming, soothing effect!

Try Lydia Pinkham's on the basis of medical evidence! See if you, too, don't gain blessed relief from those terrible "hot

New Lydia Pinkham's works
It acts through a woman's sympathetic nervous system to give relief from the "hot flashes" and other functionally-caused distresses of "change of life."

flashes" and weakness so common in "change of life."
Don't put it off! Get Lydia Pinkham's Vegetable Compound or new, improved Tablets with added iron (trial size only 59¢).

Wonderful — too — for the functional pains, cramps, "dragged-out" feelings and other discomfort of monthly menstrual periods!

glad to have part of the family with her.

Mr. Herman Bryan also visited in the Wynn home Sunday and they all enjoyed an ice cream supper in the evening.

Mr. and Mrs. L. B. Wootton and daughter, Nancy and Fern of Banning, California are visiting here in the home of her parents, Mr. and Mrs. Earl Horton.

Bob Balch was home with his mother Mrs. K. S. Balch and sister Mildred over the week end. He is attending summer school at Hardin-Simmons University in Abilene.

Mr. and Mrs. L. T. Rushing and Miss Joyce Dempsey spent the week end visiting with Jerry Rushing at Camp Hood where he is training with the 49th Armored Division.

Mr. and Mrs. Allan Smith of Austin visited a number of friends here during the week end. Their children, Carol and Larry stopped off in Strawn for a visit with their grandparents, while

their parents visited here.

Mrs. Will Copeland of Holtville, Calif., is here visiting in the home of her brothers, John and Fred Tibbels.

Mr. and Mrs. Marion Chandler and children of Pontiac, Mich., spent the past week in the home of Mr. Chandler's sister and family, Mr. and Mrs. Bill Barnes. They left Monday evening to return to their home by the way of Missouri.

It was the first time Mrs. Barnes had seen her brother in fifteen years and Mr. Barnes had never met the Chandlers.

Mr. and Mrs. M. G. Smith and baby, Mark, of Houston, are visiting here with their parents, Mr. and Mrs. T. D. Stewart.

Mr. and Mrs. Bruce Maddox and boys, Tony and Gary of Houston, spent the week end here visiting relatives and friends.

Mr. and Mrs. Ray Ward and Robert of Houston were week end guests of Mr. and Mrs. T. C. Hopper.

United States Crude Output Is Increased

TULSA, June 24 (UP)—The Oil & Gas Journal said Tuesday crude oil production in the United States increased 3,025 barrels daily during the week ended June 21 to a new daily average output of 6,159,675 barrels.

Illinois fields had the largest gain, 7,300 barrels daily. Colorado showed an increase of 2,100 barrels, and New Mexico climbed only 100 barrels to 165,000.

Kansas reported the largest drop. Production there was down 3,800 barrels. Michigan and Oklahoma showed losses of 2,500 and 1,400 barrels respectively. Texas production was unchanged at 2,699,500 barrels.

THE CHRYSLER NEW YORKER 6-PASSENGER SEDAN
White sidewall tires at extra cost

WHEN YOU TRY POWER STEERING...

HERE'S WHERE TO COME FIRST!

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker... where you will find full-time (not partial) Power Steering! What happens is this...

You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/3 less distance now for every maneuver... the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!)... and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known... end up free from arm and shoulder strain. Rough roads, soft shoulders, snow, mud?... the power that helps you steer now prevents the car's wheels from "steering back" at you. The course you set is held, at any speed, till you want it changed. Yet, with this 5-times greater control, "wheel feel" is always the same.

Why not come try it? Learn for yourself why growing thousands of motorists say they'll never be without Full-time Power Steering from now on. Drive a Chrysler... and Learn the Difference!

NEWSMAP—Bomb blasts on newsmag spots area where 500 Allied warplanes smashed huge Suho Dam along the Yalu River and four Hydro-electric plants in the biggest air strike of the Korean war. The attack seriously crippled power necessary for enemy factories and cities. (NEA Telephoto).

Two Killed, 35 Injured When Truck Hauling Workers Rolls

DALLAS, June 24 (UP)—A non-and-a-half flatbed truck loaded with farm workers being returned to Dallas from nearby cotton fields rolled over "like a barrel" and plunged down a steep bank Monday night, killing two persons and injuring 35.

A 14-year-old boy, Damion Miranda of Dallas, died early Tuesday at a hospital of injuries received in the wreck which scattered occupants of the truck for 50 yards alongside the highway. Louis Rodriguez, 48, of Arlington, Tex., was dead on arrival at a hospital. Fifteen persons were seriously injured.

The truck narrowly missed plunging into Buzzard's Hole lake beside the highway when it went out of control while descending a hill, rolled over and hurtled down a 25-foot embankment.

The truck landed on its back, wheels spinning, and officers said everyone aboard probably would have been killed had it not been an open vehicle.

Emergency rooms of three Dallas hospitals were jammed with the injured, rushed there by 15 ambulances and 15 squad cars dispatched to the scene of the accident by the Dallas county sheriff's office.

Sheriff Bill Decker said the driver of the 1946 Ford truck, Leon Rodriguez, 37, of Dallas, also was injured.

Twins Meet The Press
By United Press
ROME, June 24—Isabella Fiorella Rossellini and her twin sister Isotta Ingrid Rossellini met the press for the first time Monday and reacted with wide-open yawns. The twins looked cute. Miss Bergman looked beautiful. Papa Rossellini looked proud.

CAVEL EXPERT—Speaker of the House Joseph Martin, of Massachusetts, does a few setting-up exercises in Washington after learning that he has been named permanent chairman of the Republican National Convention, to be held in Chicago beginning July 7. This is the fourth consecutive time that Martin has held the position.

400 Red POW's Defy Leaders On Exchange

By WARREN FRANKLIN
KOJE ISLAND, Korea, June 24—Four hundred war prisoners on Kojé Island, flinging their red-stained caps to the ground, declared Tuesday they would forcibly resist returning to their Communist homelands.

The 400 were among 8,000 North Koreans screened by the UN in the past day and a half. The screening program, resumed after a two month recess to enable UN guards to regain control of Kojé, will extend to some 45,000 prisoners.

New Chemical Ends Scourge Grasshoppers

Grasshoppers—warch once came close to driving western settlers off the Great Plains—are being destroyed by the billion today with new petrochemical spread from airplanes.

In Iran last year U. S. government experts used a poison called aldrin to subdue the worst locust plague in 100 years. Now they are carrying their airground attacks with this petrochemical throughout the "Old Testament" region. They expect to prevent modern repetitions of the locust plagues visited on ancient Egypt in the days of Joseph.

A New Prayer Is Suggested

"The State is my sheppard, I shall not want; it maketh me to lie down on good jobs; it leadeth me by the still factories. It deepens my soul; it leadeth me in the paths of wisdom for politics sake. Yea though I walk through the valley of deathfulness and economic disaster, I will fear no evil, for it will be with me; its dole and its paternalism, they comfort me. It prepareth a Utopia for me by appropriating the earnings of the frugal; it filleth my head with fool expectations, my mounting inefficiency runneth over. Surely goodness and mercy shall follow me all the days of my life; I shall live on the bounty of the State forever."

Crew Believed Dead In B-50 Crash Today

LAKENHEATH AIR BASE, England, June 24 (UP)—An American Air Force B-50 bomber with 11 crewmen aboard crashed and burned near here Tuesday, the Air Force reported.

First reports by the Air Force said all crew members were killed.

The Air Force said the plane crashed shortly after taking off from the Royal Air Force base at Mildenhall. It came down at Bryant Max Bottom, a hamlet near Lakenheath.
