# RANGER DAILY TIMES

RANGER, TEXAS, WEDNESDAY, SEPTEMBER 3, 1952

PRICE FIVE CENTS No. 67

34TH YEAR

## SEEN OR HEARD

don norris

We looked over Coaches Boone Yarbrough's and Dick Henderson's makings of the 1952 college eleven. Neither of them would forecast anything on the second day of the practice.

Mostly fundamentals were being dealt with at the Tuesday afternoon head bumping. Coach Yarbrough was teaching his backs to handle the ball and what holes to go through on certain lays, the quarterback how to hand off to the backs, and even getting in a little tackling practice for the running department.

Coach Henderson first instructed the linemen in the basic blocks they would use during the season and then proceeded to show them how it was done.

Each of the prospective linemen went through the motions prescribed by the TCU Frog product. Although none of them were quite able to meet the perfection demanded by the critical line mentor.

The usual gripes and groans were heard during the pre-practice causticities. And of course the usual "goofing off" by the less hardy would be starters.

One behemoth of a lineman couldn't get his feet over the back of his head and was invoking the aid of the manager to get this feat done. Some of the smaller men when falling would rock, but this big candidate seemingly moved the earth when falling, amid his many words of misgiving and groans.

Injuries are already hitting the college players. Two of them went out for awhile Monday. Buddy Hamrick and Bobby Skipwith were out with a foot and an ankle injury. Hamrick was said to have ligaments torn in his foot.

We were not able to make it to the Bulldog workout as we planned yesterday evening, but will make another effort this afternoon.

Here we were on our way to the field when the tribble thought struck us that this was the day we had an appointment with most often missed and discussed, but the most wanted man when you need him, in town, Dr. W. L. Downtain, ya old dentist. The man puts up with more guff from his patients than anyone in town, we'd bet.

Anyway, by the time we got loose from there the practice was over, a tooth was missing, our jaw was four times its normal size, and we weren't even interested in football. Amazing how one man can do in so short a time change your mind from football, isn't it.

We'll say one thing, when Downtain says the job's done in our case he hasn't missed a bet. And you're always better off after a trip to the dentist. It's the thought of going before hand that worries us.

Dr. Downtain is more fortunate than we, having been able to make the Bulldog and RJC workouts. He says in his opinion football fortunes are looking pretty good.

He's probably as avid a football fan as there is in this part of the country, both local and state college ball. Being a Baylor Ex we would assume that he follows the Bears quite closely.

Monday morning quarterback and charter member of the sideline coaches association, Odie Siler, told us this morning that the Bulldogs go to Mineral Wells Friday night for a little scrimmage with the Mountaineers.

This gives the coaches a chance to stand in the backfield and watch the boys in operation under actual conditions, and the fans a pre-season preview of coming football attractions.

Missing from the RJC lineup and among the men trying out for the college team is the star product of the Bulldog teams, Jimmy Cannon.

From the information we can receive Jimmy will wear Hardin-Simmons colors this fall in the road city of Abilene.

**MARILYN REALLY HURT**—This is the picture of Marilyn Monroe and two service girls that an Army major requested be killed because it might embarrass parents of the girls. Marilyn, far from being embarrassed, said she was "really very hurt" because the Army didn't like the photo that was made at the Miss America pageant in Atlantic City. Left to right: YNSN Frances J. McDonald, Longmont, Colo., Marilyn, and S-Sgt. Carol A. James, Pittsburg, Pa. (NEA Telephoto).

## C. J. OWEN NEW PRESIDENT RANGER CHAMBER COMMERCE

Charlie Joe Owen, local John Deere dealer, was elected president of the Ranger Chamber of Commerce for the approaching year at the directors meeting and election of officers held at the Chamber of Commerce Tuesday night.

## Parents Spot Missing Child In U. S. Movie

ROME, Sept. 2 (UP)—The parents of a 20-year-old Italian girl who disappeared three years ago sat through a special showing of a Hollywood film Tuesday and claimed they positively identified their daughter as one of the actresses.

The special showing of the United Artists film, "So Young, So Sad," was arranged after Mr. and Mrs. Carlo Biffignandi claimed their missing daughter Marisa, was among a group of girls shown in a still photo taken from the movie.

The Rome branch of the international police cabled Hollywood authorities for information on the girl pointed out by the Biffignandis. Marisa disappeared in Genoa March 13, 1949.

The girl in the film, which stars Paul Henreid, plays only a bit part as an inmate of a reform school. She is seen in a shot of a school ground and later in a dormitory scene. She is not on the screen more than 10 seconds in either scene but Mrs. Biffignandi spotted her the first instant she appeared and cried: "There she is."

Marisa was living with an aunt and uncle in Genoa when she disappeared. Police found no trace of her in a year of investigation.

## Possible "Love Affair" Blamed In Leper Death

CARVILLE, La., Sept. 3 (UP)—A possible "love affair" between two lepers was hinted Wednesday by one investigator of an alleged murder and suicide attempt at the national leprosyarium here.

An officer said the alleged slaying of a woman patient with a bowie knife and the self-inflicted wound of a 41-year-old Filipino patient may have been brought on by a "love affair."

Pat the FBI declined to comment on this possibility and the officer's statement remained the only possible motive that any official had publicly suggested for the violence at the government reservation last Saturday.

Federal agents made no disclosure of the incident until Tuesday, when they announced that a federal complaint would be filed against Sidney J. Gallardo, a Filipino.

Coroner Rome Martinez of Iberville parish identified the slain woman as Cataldelarra Hernandez, 31, who was admitted to the leprosyarium from Salinas, Calif. He said she died of six stab wounds in the abdomen.

Federal agents said the two patients were found straddled side by side in a room with a big bowie knife between them on the floor. J. M. Lopez, agent in charge of the New Orleans FBI office, said the slayings were a murder and suicide attempt. He said a complaint would be filed before a U. S. commissioner in Baton Rouge.

# Communists Shooting Parachuting UN Pilots

## TYPHOON 'MARY' HALTS ACTION IN AIR AND ON GROUND TODAY

SEOUL, Korea, Sept. 3 (UP)—A dispatch from the U. S. carrier Boxer disclosed Wednesday that Communist ground troops in Korea have shot and killed American airmen parachuting from their disabled planes.

The dispatch said the Navy has warned its pilots they may become targets for enemy small fire if they bail out over enemy territory. It advised them to ditch their planes if possible at sea, where they may be picked up more easily by helicopters.

The disclosure came as a typhoon nicknamed "Mary" curbed both ground and air activity in the Korean war. The typhoon lashed Eighth Army rear areas with winds up to 60 miles an hour and headed northward toward Communist North Korea.

But 50 F-80 Shooting Star jets roared into northwest Korea and caught the Communists trying feverishly to repair an airfield at Sinanju. They cratered the field with 70 direct hits.

Carrier Planes Busy Other Shooting Stars knocked

out the first Communist tank destroyed since July 12. They hit it 23 miles southwest of Pyongyang, the North Korean capital.

Carrier planes from the USS Boxer, Princeton and Essex flew more than 250 sorties over northeast Korea, heavily damaging Communist supply buildings, railroad bridges and other targets.

On the ground, Communist troops loosed 13 scattered probing attacks against UN positions, seven of them in the long dormant Heartbreak ridge and Punchbowl areas. All were repulsed.

The Eighth Army reported it inflicted 10,944 casualties on the Communists during August—5,020 killed, 4,974 wounded and 50 captured.

At sea, the American cruiser Bremerton duelled with and finally silenced Communist shore batteries in eastern Korea. One enemy shell landed just off the cruiser's port beam, but caused neither damage nor casualties.

Riddled by Bullets  
First report of Communist ground troops firing on parachuting American airmen in Korea came from Lt. Cmdr. Ward S. Miller of Santa Rosa, Calif., in an interview aboard the carrier Boxer.

Miller, leader of the 63rd Cavalry squadron on the Boxer, said: "One of my friends was hit before he reached the ground in a parachute."

"The helicopter that went in to rescue him found him full of bullets and full of bullet holes. He hadn't moved after his parachute hit the ground."

"I know of one other case just like that and I've heard of several others."

## Scientists Halt Polio Experiment

PITTSBURGH, Sept. 2 (UP)—The University of Pittsburgh scientists said Tuesday they have cancelled further tests planned to determine whether gamma globulin will prevent paralysis in polio victims.

They said injections given to about 46,000 youngsters in epidemic areas this summer already were sufficient to produce evidence on which to judge the blood serum.

Original plans called for children at several epidemic areas to be inoculated with the serum scientists hoped would take the punch out of infantile paralysis. Gamma globulin normally is used to modify or prevent measles.

About 35,000 children received injections around Houston, Tex., and 16,000 others were inoculated in the Sioux City, La., area.

Dr. William Hammon, University of Pittsburgh researcher in charge of the experiment, said additional tests were cancelled because enough of the children in those areas were stricken with polio to determine if the serum produced the desired results.

ON HISTORY MAKING TRIP—Gen. Dwight Eisenhower, GOP presidential standard bearer, waves to well-wishers as he boards his "Eisenhower Special" at Idlewild Airport in New York for the start of his history making political campaign into the southland. (NEA Telephoto).

## Bunker Hill Veterans Return To Posts After Three Days Rest

By Robert Udick  
WESTERN FRONT, Sept. 3 (UP)—They came down off Bunker Hill three days ago, "book up" from five days and nights on a sum of land that is a bullseye for Red artillery and mortars.

Now, rested and relaxed, they are heading forward again to take a turn on some other frontline position. Two trips up "Bunker" they figure, is enough.

Nothing special happened during their last tour there, they tell you.

"You get up there and you don't move around," Sgt. E. E. Exoseth of Royal Oak, Mich., said.

"When it gets dark you ease out of your hole. Maybe dig a little," put in Sgt. Don R. Galvin of Grosse Point, Mich.

Will Shoot At Sound  
"But you take it easy. If they hear you digging they cut loose with artillery. In one place, you don't even do that because the Chinese are only about 15 yards away."

The Reds have been shooting at the churned-up surface of Bunker Hill long enough that they don't have to feel around to hit any part of it.

They spot a little movement and send in some rounds.

Blasted, battered Chinese dead.

## West Germans Raid Soviet Spy Offices

HOECHST, Germany, Sept. 3 (UP)—West German secret police broke up a widespread Communist spy ring which ran a "spy school" in the headquarters of the Communist East German trade headquarters in this industrial suburb of Frankfurt, West German officials said Wednesday.

Three of the spy ring's leaders were arrested in a secret police raid on the East German government "Bureau for Inner German Trade."

Police at Bonn, the West German capital, said more arrests would be made shortly. The authorities refused to say whether the trade bureau raided here was the main headquarters of the spy ring or one of its branches.

Arrested in Tuesday night's raids were the trade bureau director, Ludwig Weis, and a former Frankfurt Communist city councillor who was said to be the ring's courier carrying messages and information between Weis and high-ups in the Soviet zone. Another man at the trade headquarters also was arrested.

**CARRIERS WANTED**  
Wanted at once boys with bicycles for Ranger Daily Times routes.  
Any boy interested in securing one of the routes should contact Mrs. Joe Daniels at the Times office any time.

## House Un-American Group Probes Red Infiltration UEWFE Workers

CHICAGO, Sept. 3 (UP)—The House Un-American Activities committee Wednesday delved into charges by witnesses that a secret cell operated within the independent United Electrical Workers Farm Equipment Workers a union rigged the election of Communist local union officers.

The committee resumed hearings at which two witnesses, both former Communists, described alleged infiltration of Communists into the union in vital defense industries.

A third witness, Ernest F. DeMaio, vice president of the international UE-FE, balked Tuesday at answering most questions on grounds that he might incriminate himself.

Left wing union pickets disrupted the opening-day hearing, marching into the federal building bearing derisive signs, pounding on the hearing room door and justly singing "Solidarity Forever."

The pickets, about 150 strong, finally dispersed at the direction of their leaders.

DeMaio, the last witness called Tuesday, said that he signed the non-Communist affidavit required by the Taft-Hartley Act in 1949 and subsequent years.

But he stood on his rights under the fifth amendment and refused to say whether he was, or ever had been, a Communist.

He accused the committee of holding hearings here in an attempt to discredit the union while it is on strike against the International Harvester Co.

Earlier Lee Lundgren, former UE-FE official who resigned in 1950 after five years of Communist party membership, named scores of leaders and members of the union as Communists.

He said Communists organized a cell known as the Parsons' Club in Local 1150 of the union, and the cell was instrumental in rigging election of a slate of officers composed mostly of Communists.

# SOCIETY

## Mr. and Mrs. Landtroop Hold Open House In Observance Of Anniversary

Mrs. Raymond Landtroop of Dallas and Mrs. Hershel Angus of Ranger, daughter and daughter-in-law of Mr. and Mrs. G. F. Landtroop, complimented Mrs. Angus' parents with an open house Sunday, August 31 in observance of their Golden Wedding anniversary.

The refreshment table was laid with a white cut work cloth and centered with a two tiered white cake decorated in gold. A crystal punch bowl completed the arrangement and a plate of yellow mints carried at the color scheme of yellow and white.

208 Brown Street. A large number of friends called at the home between the hours of 2:00 until 4:00 p.m.

## Hickerson's Honored At Farewell Party

Dr. and Mrs. E. R. Green complimented Mr. and Mrs. Lee Hickerson and daughter Sue with a farewell party Tuesday evening on the lawn of the Green home. The ice cream supper was arranged because the Hickerson family will leave soon for Tatum, New Mexico to make their home.

The family received many beautiful and useful gifts from the seventy-five guests attending. During the evening, the adults played forty-two and the children were entertained with games.

## LOOK WHO'S NEW

A baby boy, Randell Lloyd, was born to Mr. and Mrs. Earl Young at 3:48 a.m. Sept. 2 in the Ranger General Hospital. Randell Lloyd weighed seven pounds and six ounces.

48 Hours Later  
LEBLANON, N. H. (u.p.)—Two of Mrs. Jane Harriman's triplet daughters will celebrate their birthdays together. The third will have hers two days later. The last girl arrived 48 hours after her sisters.

## Schedule Of Services For First Baptist

The Rev. Ralph Perkins, pastor of the First Baptist Church, has announced the following schedule of services for Wednesday night. The Sunday School department will have a covered dish supper at 6:30 p.m. to be served in the Young People's department in the lower auditorium.

At 7:00 p.m. the officers and teachers council meeting will be held in the junior auditorium. To be followed by the departmental meetings at 8:15 p.m. The pastor will teach the second chapter of first Peter and he urges all those attending to bring their Bibles.

## Dorcas Class To Have Coffee

Members of the Dorcas Class of the First Baptist Church will meet Thursday morning at 7:30 a.m. in the home of Mrs. George Robinson for a coffee.

A spokesman for the group urged all members and associate members to attend the coffee if at all possible.

## Stewards To Meet Tonight

A. E. Crawley, chairman of the Board of Stewards of the First Methodist Church has announced that a regular meeting will be held tonight at 7:30 p.m. in the basement of the church.

During the meeting, a report on the improvement program now in progress at the church will be given and a complete financial report by the church treasurer will be heard.

Mr. Crawley asks that all stewards be present.

## Hospital News

Among the patients in the Ranger General Hospital are R. H. Hicks, Mrs. E. T. Gore, Beauford Anderson and Albert Williams, all surgical patients.

Medical patients are T. B. Miller, Mrs. Valie Jones, Mrs. Emma Boyd of Stockton, Calif., Mrs. Dora Rain of Cisco, Mrs. Jewel Minnick of Mingo, Mrs. Edna Shanklin, J. R. Ervin of Ranger and Mrs. J. H. Sanders.

Misses Nancy and Ginny Phillips were dismissed from the West Texas hospital following surgery. Medical patients at the West Texas hospital are Mrs. J. R. Niver, H. G. Johnson, Mrs. Johnny Bryan, W. J. Reutherford and Mrs. C. A. Stephens of Gordon.

## PERSONALS

Mr. and Mrs. Bill Cleveland and two daughters of Ft. Worth were Tuesday night guests in the home of Mrs. Cleveland's mother, Mrs. Ethel Wright.

Mrs. Lizzie Roark has returned from Odessa where she spent the week-end visiting relatives.

Mrs. H. G. Burch has returned from New Mexico, Colorado and Monahans, Texas where she spent the last ten days visiting relatives. Her granddaughter, Miss Pat Alderson returned to Ranger with her and will attend Ranger Junior College during the next term.

Mr. and Mrs. Newt Anderson and sons, Jerry and David of Jozoa, Texas have been the guests of Mr. Anderson's parents, Mr. and Mrs. A. N. Anderson at 511 Mesquite Street.

Dr. E. R. Green, Jr., and daughter

## WTCC Sets New Dates For The Short Courses

ABILENE, Sept. 2 (u.p.)—September 19 and 20 are the new dates for the West Texas Chamber of Commerce short course for chamber of commerce managers, presidents and office secretaries.

Rex Jennings of Brownwood, chairman of the committee that is arranging the short course, said the change was made necessary because of conflict with a previously planned meeting in Abilene. The course originally was scheduled to be conducted September 12 and 13.

## WTCC Highway Committee To Meet Sept. 12

ABILENE—First meeting of the Highway Policy Committee of the West Texas Chamber of Commerce will be held here September 12 beginning at 2 p.m. Chairman Virgil P. Patterson of Amarillo has announced.

The committee has 100 members, ten representing each of the WTCC districts. In a preliminary planning session recently, a steering committee voted to recommend that this committee conduct in West Texas a program of education as to highway problems confronting the state.

The steering committee also recommended that the WTCC refrain from making any suggestions as to how additional revenue for highway should be obtained. Patterson said the steering committee felt that policy should be adopted because Governor Allan Shivers had announced he will name a statewide committee to study highway problems.

Mr. Gay of Fort Worth were holiday guests in the home of his parents, Dr. and Mrs. E. R. Green.

R. C. Spurlock has returned to his home in Ft. Worth following a visit in the home of the Rev. and Mrs. Ralph Perkins and four children.

Dr. and Mrs. John E. White and son, Leland, spent Tuesday in Abilene shopping and visiting relatives.

Mr. and Mrs. Garland Powell and family of Sweetwater were holiday guests in the home of Mr. Powell's mother, Mrs. W. P. Powell and his sister, Miss Lennis Powell.

Mr. and Mrs. T. J. Spindle had as guests Monday, Mrs. Spindle's brothers, V. M. Hagar and family of Dallas and C. L. Hagar of Abilene.

Visitors in the T. J. Spindle home Sunday were Mr. and Mrs. Jack Keener and family of Houston, Mrs. J. L. Fox of Coleman, Frank Keener of Ranger, Mr. and Mrs. Jess Morgan of Ranger and Mr. and Mrs. Murray Peterson and daughter of Eastland. They also visited Mrs. M. L. Spindle.

Butch Powell, son of Mr. and Mrs. Bobby Powell of Sweetwater is in Ranger visiting his grandparents, Mr. and Mrs. H. H. Vaughn and Mrs. W. P. Powell.

## CORRECTION

In an article appearing in the Tuesday edition of the Ranger Times the name of George F. Beck was printed as A. J. The names of Mr. Beck's children were also omitted. The children are Lloyd Beck of Midland, Reuben Beck and family of Port Isabel and Andrew Beck and family of Eastland.

School Opening Will Increase Traffic Hazards

It's school time again in Texas and today W. Carlos Morris, Jr., president of the Texas Safety Association issued an appeal to all Texans to redouble their efforts toward the saving of life and limb in this great state.

"This year probably more Texas boys and girls than ever before will be attending school for the first time. It will be a new experience for them and many will be sent out to go to, and to come from school, alone," he said.

Motorists must keep this in mind. A youngster, thinking about baseball or football will often not see your car and may step off the curb in your path. Be watchful, Mr. and Mrs. Motorist—give the kids a brake!

For you who travel the highways, here is a point of interest to you. By Texas law, motor vehicles must stop for a stopped school bus—whether you are following or approaching. Don't run down an innocent child—and there will be over one third million youngsters traveling in Texas

school buses this year. And here is a final word to mothers and fathers: Teach your youngsters these Safety Rules: 1. Where there are sidewalks use them. 2. If they must walk in the street, walk facing oncoming traffic. 3. Cross only at intersections. 4. If riding a bicycle, ride it on the right side of the street and use hand signals. 5. Obey the safety patrols when and where safety patrols are used. Youngsters, today, have the opportunity for a wonderful education. Send them from home to learn—not to die.

Ceilings Expected To Bring Drop In Cottonseed Price

DALLAS—Action by the Office of Price Stabilization in setting new dollar-and-cent ceilings on cottonseed feed products generally result in lower selling prices, F. C. Tomlinson, OPS regional foods chief, has announced. Tomlinson said the new regulation (CFR 167, effective August 25) rolls back and fixes processors' ceilings in this area which are from \$2 to \$5 per ton less than previous prevailing prices for all cottonseed feed products, including cotton seed cake, flakes, meal, sized cake, pellets, cubes, hulls, hull bran and cottonseed feed.

The OPS action in setting lower ceilings was taken to place all processors on the same basis in their producing areas, Tomlinson declared. The regulation now permits only one mark-up at each marketing level for the products, and should eliminate speculative practices which have resulted in increasing prices to feeders. New ceilings, for each of the mills in the States of Texas, Oklahoma, New Mexico, and Arizona are \$82 per ton for bulk cottonseed meal, \$83 for bulk sized cake, \$84.25 for pellets and cubes and \$25 per ton for bulk cottonseed hulls.

Subject to the addition of any actual transportation charges, the following prices, Mr. Tomlinson said, are what feeders can expect to pay for cottonseed feed products under the new regulation: Cottonseed meal, \$88.60 to \$92.25 per ton; cottonseed pellets and cubes, \$90.85 to \$98.50 per ton; cottonseed cake and sized cake, \$89.60 to \$97.25 per ton; and cottonseed hulls \$30.50 to \$38.25 per ton.

Mr. Tomlinson explained that the actual selling prices permitted by OPS are dependent on whether feed purchases are made at the mills or from retailers, and the type of sacking involved.

Texas Congress Of Parent-Teachers To Present Program Workshops

Program demonstrations, taking the place of former workshops, will be an innovation this year at the state convention of the Texas Congress of Parents and Teachers in Wichita Falls, November 19-21. Demonstration teams will consider, during a one-day period, 4 problems concerning the local unit as follows: 1. The local unit defines its program of work for the year and provides for a participating membership; 2. the local unit organizes and conducts study groups; 3. the local unit works effectively for legislation relating to child welfare; 4. the local unit engages in ethical money raising and spending.

The eight demonstration teams, now being selected from over the state, will consider the four problems in a variety of presentations. Delegates will be separated into eight groupings. As each delegate registers, he will be assigned to a certain auditorium where he will remain during the demonstrations. Only the teams will be on the move. In each delegate group will be a president, hostesses, analyzer, summarizer, consultant, recorder and guides.

Chairman of the steering committee and coordinator of teams is Dr. Byron England of El Paso, state chairman of high school service; other members are Dr. R. L. Sutherland of Hogg Foundation, University of Texas, demonstration director; Dr. L. D. Haskew and Ralph Duke, also of the University; C. E. Sanderson of Austin, expediter; Mrs. H. G. Stinnett of Plainview, state president of the Texas Congress; state vice presidents—Mrs. C. R. Larimer, Houston; Mrs. Leon Price, Dallas; state chairmen—Mrs. Warren Friend and Mrs. C. C. McConnell, Austin; C. E. Burnett, Harlingen.

Governor Allan Shivers, in an official memorandum, has designated October as membership enrollment month for the Texas Congress of Parents and Teachers. It has become a tradition for the governor to extend this courtesy to the parent-teacher associations. The governor is a life member of the state organization.

In the 43 years of its existence, membership in the state has grown to 401,541, ranking Texas fourth among the states, the national membership now being 7,219,165 men and women. During membership enrollment month, P.T.A.'s

every state will seek to enroll men and women interested in the welfare of children and youth. The memorandum, in part, follows: "On October 12, 1952, the Texas Congress of Parents and Teachers was organized and dedicated to serve the children and youth of Texas. Its purpose was to promote child welfare through cooperative efforts of parents and teachers.

"Because of the necessity for proper coordination between the home and the school in the life of our future citizenship, the continued advancement of parent-teacher associations is of great importance to the state as a whole.

"Therefore I, as Governor of Texas, in recognition of the splendid work of the Texas Congress throughout its existence, hereby designate the month of October, 1952, as membership enrollment month, and I call upon all of our citizens to aid and encourage the Congress in the splendid work it is doing for the welfare of our children who will soon be called upon to assume responsibilities of citizenship."

Scared To Death IEDANON, Conn. (U.P.)—A flock of chickens was frightened to death on the Paul Mathews farm. Police blamed the backing of a motorcycle. The chickens huddled together and suffocated.

Insurance Company statistics show that 30 per cent of the accidents in the home occur in the kitchen and diningroom area while only 3.5 per cent happen in the bathroom.

Aifords Host Olden Pre-School Picnic Monday

Mr. and Mrs. Tammie Aiford hosted a pre-school picnic for the members of the Olden School board, faculty and a few friends Monday evening in the back yard of their home at the Leon Plant Village.

**The Next Best Thing—**

... to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real estate is contemplated. So be careful to buy only good titles based on an abstract of title.

**Olden Council Members Meet Wednesday**

Mrs. Truman Bryan was hostess to members of the Executive Council of the Olden Parent Teachers Association when they met Wednesday morning at 9:00 a.m. in her home.

During the meeting, plans were discussed for the birthday calendar that members are making. It was also announced that the silver tea, scheduled to be held Friday night, has been postponed due to the fact that the Home Economics building has not been completed. All members are asked to watch the paper for an announcement of the date of the tea.

The first regular P.T.A. meeting of the year will be held on September 17. At that time, a covered dish luncheon will be served at noon.

**QUESTION:** Our backyard is full of mole tunnels. They're up to the lawn and sure are going to other areas. What can we do to control these pests?  
—J. B. Blackway, New Jersey

**ANSWER:** There are several methods used in combating moles: (1) Poison—in pellets as a rule under various name-brands. Pellets are inserted in mounds or carefully lifted a clump of turf over the run. After a day or two press turf down over all mounds. Check effectiveness of poison. (2) Cranes—a deadly poison and to be handled only with extreme care. Use only as directed. (3) Traps—usually of the spear type which, when the trigger is set on pressure, will over run way is sprung by passing mole. Remove moles and reset traps.

**QUESTION:** Can you tell me what to do about faucets that squeak when they are turned on?  
—J.S., New York City

**ANSWER:** Among other things, excessive water pressure, ragged pipe edges at joints which cause water to leak in passing, defective washers in faucet, water hammer. Pressure should be kept at about 50 pounds, never above 60 pounds. Pipe ends at joints should be reamed to produce smooth flow inside. Check washers and valve seats for ragged edges. Install a dust cap on the water meter to provide an air chamber, preferably just past the meter or storage tank.

**QUESTION:** During a fire, one side of my electric water heater was very much scorched. What will remove the scorch and what can be applied to cover the damaged side?  
—M.C., Madison, Ind.

**ANSWER:** Only fire has badly damaged a bakelite enamel. Little can be done to restore it to perfect condition. You can apply a coat of enamel as a base, then flat on a coat of good wood enamel or metal enamel, selecting the color you wish. If carefully applied, the coating will be virtually as good as the original in appearance.

This column is prepared by the editors of THE FAMILY HANDYMAN MAGAZINE as a service to home owners. If you have any questions or problems relating to your own home, please address a letter stating your problem to THE FAMILY HANDYMAN, 311 East 37th Street, New York, New York, Attention of News Syndicate Editor. If the question has widespread appeal in the opinion of the editors, it will be printed with the answer in the column at a later date. However, we cannot enter into detailed correspondence with everyone. THE FAMILY HANDYMAN is available at newsstands and hardware stores everywhere.

**PLUG 'N TRIGGER**

United Press Outdoors Expert Fishing—unlike the weather—is not so hot. That's the verdict of many who have occasion to watch the nitrod at work.

For one thing they say it's been too hot, and the fish feed only in the late evening or woe hours of early morning. Heat affects fishermen too, and they aren't trying so hard.

The old timer is still making good catches because he doesn't let the heat bother him and he angles consistently. He knows when to fish and he keeps at it, therein lies the secret of his success.

Generally water conditions are not favorable, streams, lakes are low and the water warm or tepid none of which is conducive to good fishing.

A most heartening message from the Northland which soon will provide for the balance of the nation one of the greatest of all sports.

Duck hunting, will give most duck hunters an itching trigger finger and a scurrying hand for the old duck call. Practice sessions are in order. Heavy June rains have completed eliminated any drought threat on Northland prairie where ducks nest and raise their young.

The report further indicates that a good heavy early duck hatch is now on the wing with broods from renesters and late nesters appearing in increasing volume. Haring any unforeseen disaster prospects are brighter than ever that this year waterfowl production will be in excess of 1951's excellent record. If nature behaves for the balance of the season, the duck hunters of North America can look forward to an ample supply of birds for the forthcoming hunting season.

All in all, reports on waterfowl prospects for the coming shooting season are more optimistic than any reports issued in the past few years.

The current record breaking hot weather is a trying ordeal for your casting rod if you haven't let the hot weather bluff you to the point of staying home and your angling activity has continued on despite the hot weather.

The usual care afforded any

**Go Hawaiian with refreshments, too**

As every hostess knows, there's nothing like the Hawaiian touch to put sparkle and fun into a luncheon or dinner party. Or into simple refreshments before or after a game of cards or an evening of tele-viewing!

One easy but dramatic way to say Hawaii in refreshments is with pineapple-shaped cookies to go along with ice cream that's topped with minted pineapple. There's nothing difficult about cutting out cookie dough in the shape of a pineapple! All you need do is make a cardboard pattern (about 4 inches long from base to top of leaves) being careful not to make the leaves too thin and spindly. Lay the pattern over rolled-out dough and cut around it with the tip of a small knife. Once the cookies are on the cookie sheet, press the body of each "pineapple" lightly with the side of a fork to give an air of realism.

When it comes to a recipe for sugar cookies that are easy to handle and easy to eat whether cut in pineapple shapes or in regulation rounds, you'll like this one especially well.

**Crisp Sugar Cookies**  
1½ cups C and H Cane Granulated Sugar  
1 cup mixed butter and shortening  
2 eggs, unbeaten  
3 tablespoons sour or sweet cream  
1 teaspoon vanilla  
½ teaspoon lemon extract  
3 cups sifted flour  
½ teaspoon soda  
½ teaspoon salt

Using spoon or electric mixer at low speed, gradually add sugar to shortening, beating until fluffy. Beat in eggs, one at a time. Add cream and flavorings. Stir in flour sifted with soda and salt; mix well. Cover and chill until stiff. Roll out a small amount at a time very thin on lightly floured board or canvas. Cut with floured cookie cutter, or lay cardboard pattern on the dough and cut around it with tip of knife. Bake on ungreased baking sheet at 400° F (hot) 6 to 9 minutes, until golden. Remove at once to rack to cool. Makes 4 to 6 dozen medium-size cookies.

**Pineapple Sundae Sauce**  
Cook together 1½ cups crushed pineapple (not drained) and ¼ cup C and H Cane Granulated Sugar over moderate heat until thick. Chill. Serve on ice, or, if your prefer, tint pale green with food coloring, and add 2 or 3 drops of mint flavoring. Makes 4 sundae.

Speaking of Hawaii, look for more good ideas for entertaining the Hawaiian way on the back panels of the 5-lb. and 10-lb. bags of C and H Cane Sugar at your grocer's.

**NEWS FROM Eastland**

Mr. and Mrs. J. M. (Doc) Davis spent Labor Day in Wichita Falls visiting with relatives and friends.

Richard Cloud of Montgomery, Ala., came by plane to visit his parents, Mr. and Mrs. W. J. Cloud over the week-end. They met him in Fort Worth.

Mrs. Martha Gower left Dallas by plane Tuesday for Corpus Christi, for a short visit. Mrs. Gower is the mother of Mrs. James Thorpe, 215 N. Connellee.

Mrs. R. E. Sikes and Mrs. E. Roy Townsend accompanied Bill Sikes to Fort Worth, where he will enter Texas Christian University for his third year and will play

good piece of equipment is in order. Remember the old proverb "a stitch in time saves nine?" Check for loose ferrule and guides. Common ferrule cement has a bad habit of drying out and "powering" particularly when rods are subjected to frequent temperature changes or a prolonged seige of abnormal heat.

In further examining your rod note if any windings are frayed or loose, or any guides bent or broken. If you notice a loose ferrule while fishing it can usually be tightened sufficiently by heating over a match to continue on with your fishing.
