

RANGER DAILY TIMES

West Texas — Partly cloudy with scattered thundershowers in the Panhandle, South Plains and from the Pecos Valley eastward through Thursday. No important temperature changes.

34TH YEAR

RANGER, TEXAS, WEDNESDAY, SEPTEMBER 10, 1952

PRICE FIVE CENTS No. 72

SEEN OR HEARD

There was only one thing wrong with the rain of last night, and it was not quality, but rather the quantity. About a week just like the few hours it rained Tuesday would suit us fine, with the last day's rainfall being a "chuck floater" to fill up tanks, lakes and other water reservoirs.

Some of the kids around here didn't know what to think of the rain, not being old enough to remember when nature last pulled a trick like that.

Ever notice that once mother nature turns loose with the fluid of life how both her plants and animals respond. Maybe it's just the dust washed off, but the grass already look greener.

I don't think there is much cause to worry about the rain ruining the little peanuts by making big ones of them—

You people better watch out or you will get caught in an embarrassing position for the first game of the year and not be on hand to see the show.

First comes the high school trip to Jackboro Friday night where they open their 1952 season. Then the college "Rangers" go to the Baptist encampment at Decatur and meet that junior college to try their football muscle and brains.

People who have followed the Bulldogs through thick and thin for many years say the present team has the making of the best yet. We'll get to see what they do against a tough team at Jackboro.

In terms of weight and depth the college seemingly is a contender for the title in their conference this year, it being their second in the Pioneer Conference.

A squad smaller in number this year would seem to us to be easier for the coaches to work with than one so large, and give the players more desire to compete and improve that they might make the team.

No one can tell what a team will do until the last game of the season is over, but we can sure dream. We hope both the teams have a perfect year.

Eastland's drought and water problems were not relieved by the meager rain, but hope was instilled in the populace that there still remains the ability to rain in this county.

Their hopes were also raised when a seining attempt by the game commission of their water supply found a channel not known of containing about ten feet of water.

This, in addition to the 130,000 gallons they haul in each day, may tide them through October. Not knowing the situation we can so speak that we think now would be the ideal time for the city of Eastland to clean out the bottom of their lake so that it might hold more water once it rained.

One fellow from near Lacasa said this morning he had a water well that was making oil, much to his disgust. The well was producing about five gallons of oil that only ruined a portion of the sorely needed water.

He just bails out the oil and then gets the water. I believe he said the oil was seeping in from about 24-feet in the hole.

West Texas Hospital Is Redecorated

The West Texas Clinic, a pioneer Ranger institution, is another firm joining the parade of remodeling and redecorating their establishments.

Dr. P. M. Kuykendall, owner and operator of the clinic and hospital, said as time permits the job that has been in progress only a short time will embrace the whole building.

Already the halls and several rooms on the top floor of the hospital have been redecorated. The color scheme is green, with trimming in dark and walls and other surfaces in a lighter shade of green.

The walls of the rooms and hallways were formerly a cream color. From the change wrought the hospital will be one of the most attractive places in Ranger when the work is completed.

HOUSEWIVES AND PRICES—Price Stabilizer Tighe E. Woods, right, and Regional Director John A. Tolan open a town-hall meeting for housewives on government controls in Fresno, California. Woods and Tolan answered numerous questions put to them by the ladies after Woods expressed concern over "an apparent apathy of housewives towards mounting inflation." (NEA Telephoto).

TRUMAN FOES VICTORIOUS IN PRIMARIES IN EIGHT STATES; MCCARTHY RENOMINATED

By United Press

Staunch Republican foes of the Truman administration powered their way to victory as returns from eight state primary elections were tabulated Wednesday.

The most striking victory came in Wisconsin where Communist-baiting Sen. Joseph McCarthy won renomination over a liberal Republican opponent.

It was McCarthy's first test at the polls since he began his charges of Communist infiltration into government, and he won it handily.

His strongest opponent, Leonard Schmitt, admitted defeat with only about one third of the state's precincts counted.

The Merrill, Wis., attorney had banked on radio "talkshows" to overcome McCarthy's advantage of great popularity with the state's regular GOP organization.

Arizona, Colorado, Utah, Washington, Minnesota, New Hampshire and Vermont also nominated candidates for the November general elections.

In all, 32 nominees for the U. S. House of Representatives and six for the Senate were chosen in the primaries Tuesday.

Sen. Harry P. Cain of Washington and Sen. Arthur V. Watkins of Utah were two other GOP critics of the administration who led their opponents by comfortable margins.

Sen. Ralph E. Flanders R-Vt. seemed safely on his way back to Washington when he rolled up an overwhelming victory lead over a political unknown, William Semeraro of Brattleboro, Vt. In November Flanders will face the Democratic senatorial nominee Allan R. Johnson of Barre, Vt., but the GOP nomination is virtually the same as election in Vermont.

Here is a state-by-state breakdown of significant action in the primaries:

ARIZONA: Senate majority leader Ernest W. McFarland won automatic renomination when no other

candidate filed against him. Republican Barry Goldwater, who is fighting for the Democratic senatorial nomination, held a lead of almost 10 to 1.

COLORADO: John W. Metzger, a former attorney general, held a steadily widening lead over two opponents in his attempt to win the Democratic nomination for governor. Incumbent Gov. Dan Thornton was unopposed on the Republican ballot. Republican Rep. William S. Hill seemed to be winning renomination.

MINNESOTA: Republican Gov. C. Elmer Anderson and Democrat Orville Freeman apparently won the gubernatorial nominations. Anderson held a commanding lead. Freeman's opponent conceded shortly after midnight.

UTAH: GOP Sen. Arthur V. Watkins appeared to have staved off an attempt by Marriner S. Ecles to capture the Republican senatorial nomination. Watkins led by a little less than two to one.

WISCONSIN: A see-saw race for the Democratic senatorial nomination rivaled the McCarthy-Schmitt battle for attention. Former Attorney General Thomas Fairchild apparently was beating Milwaukee attorney Henry Reuss and winning the right to oppose McCarthy in November. Incumbent Gov. Walter Kohler was unopposed for renomination on Republican side of ballot.

VERMONT: Gov. Lee E. Emerson and Rep. Winston L. Prouty joined Flanders in winning Republican renomination. Emerson had a close squeeze. The traditional Vermont GOP landslide was expected to sweep all three men into office in November.

NEW HAMPSHIRE: Former Nashua Mayor Hugh A. Gregg won a 4 to 1 victory for the Republican gubernatorial nomination over three opponents. As in Vermont, the GOP nominees were expected to coast to victory in November.

WASHINGTON: Cain took a commanding lead over two opponents in the incomplete tabulations. The incumbent Republican, however, may face serious opposition in November from Democratic Rep. Henry Jackson, who was unopposed in his bid for the senatorial nomination. Jackson had accumulated a heavier vote total than Cain, who is a vocal administration critic. GOP Gov. Arthur B. Langlie apparently won renomination.

City Test Is Now Drilling At 2940; Prospects Good

The Connally-Jackson No. 1 Mosley, near the northern outskirts of Eastland was drilling at 2,940 feet early yesterday, and so far formations have been acceptable.

While most people are not looking for anything like a new Smackover or Old Spindletop, they do feel that the test will make a pretty fair producer. It is the first oil test even to have been drilled in this city, though producing wells in most every direction have been found throughout the years. The well is being closely watched by members of the oil fraternity.

Cisco's Mrs. Sandler Is New County Blood Chm of Red Cross

Mrs. Charles Sandler, 404 W. 9th St., Cisco, new chairman of the Eastland County Blood program in an active civic worker, who is accustomed to getting the job done, as was displayed by the diplomatic way in which she went about organizing for the blood mobile unit which will visit Ranger, Oct. 2.

Mrs. Sandler is now busy completing her blood program organization on a county-wide basis. In Ranger, Sgt. Jesse Cole will serve as chairman and Mrs. J. P. Morris co-chairman. Mrs. Morris is also donor recruitment chairman. Other committee members include Mrs. H. C. Croon, refreshments; Mrs. J. A. Bates, telephone; Mrs. P. J. O'Donnell, hostess and canteen chairman.

Mrs. Sandler although new to the organization as blood chairman is not new to the Red Cross program for many years. She has been chairman for Cisco for the fund's drive and assisted Mrs. W. W. Wallace, chairman in obtaining blood donors for the mobile unit's visit in March, 1952. She served during World War II as co-chairman for the surgical dressing program.

Mrs. Charles S. Sandler

Mr. and Mrs. Sandler have two children, Zaida, who is a senior student, music major at Southern Methodist University, Dallas, and has just returned from a seven weeks European tour, a son, Melvin, who is a musician.

Mr. Sandler is owner and operator of the Cisco Lumber and Supply in Cisco, where the family have lived for the past 27 years.

It Rained In Ranger

Having been so long a time since enough moisture fell in this vicinity to merit measurement we cautiously report that the total amount of .65 of an inch of rain fell in Ranger.

Early Tuesday afternoon the first traces of rain fell with a gradual pickup in the amount of fall. Intensity reached its peak about 9:30 last night and continued for about thirty minutes. During this time the majority of rain fell.

According to United Press reports the rainfall was widespread but not sufficient to be called a break in the drought. Little or no run-off occurred in the Ranger area is the report we've received, thereby no relief for water starved livestock in this vicinity.

Conventioners Urge Demo Support Of Ike

TEXAS POLITICS—Gov. Allan Shivers, top, emphasizes to Democratic National Committeeman Wright Morrow, his stand concerning party troubles and the possibility of his supporting Eisenhower as the state Democratic Convention gets under way in Amarillo. At his press conference, Atty. Gen. Price Daniel, bottom, second from right, United States senator elect and a key figure in the fight against Adlai Stevenson's stand on tidelands, declined to comment on the Convention's changing mood. (NEA Telephoto).

Party brass, meeting more than 2,000 strong in state convention Tuesday, put the name of Adlai Stevenson on the Democratic ballot—because Texas law required it—but then summarily freed disgruntled party members from Gov. Allan Shivers on down to vote for the GOP presidential nominee. The ballot listing also maintained faith with the "pledge" required earlier by the national convention.

In unprecedented action, the Texas rebels adopted a resolution urging Shivers and all other state officials to vote and "actively campaign" for Eisenhower, went on record freeing party members

from their pledge to support Stevenson. In the same breath, Shivers said that Stevenson had to be retained as the party nominee because of "moral and legal obligations"—a reference to a pledge he gave at the national Democratic convention at Chicago, as well as to Texas law.

Shivers, stepping into the role of convention keynoter, told the convention it was his reluctant decision that under Texas law, Eisenhower's name could not be put on the Democratic ballot.

In the same breath, Shivers said that Stevenson had to be retained as the party nominee because of "moral and legal obligations"—a reference to a pledge he gave at the national Democratic convention at Chicago, as well as to Texas law.

'STEVENSON TO BE ON BALLOT; CAMPAIGN FOR IKE IS URGED

AMARILLO, Tex., Sept. 10 (UP)—Angry Texas Democrats were issued free license Wednesday to vote for Dwight D. Eisenhower for president without tarnishing their party label.

Party brass, meeting more than 2,000 strong in state convention Tuesday, put the name of Adlai Stevenson on the Democratic ballot—because Texas law required it—but then summarily freed disgruntled party members from Gov. Allan Shivers on down to vote for the GOP presidential nominee. The ballot listing also maintained faith with the "pledge" required earlier by the national convention.

In unprecedented action, the Texas rebels adopted a resolution urging Shivers and all other state officials to vote and "actively campaign" for Eisenhower, went on record freeing party members

Carbon Reports Good Producer As Oil And Gas Flow From Test; Well Is Good For More Than Allowable

A report from Carbon, from a rather reliable source, indicates that Carbon has a new oil well and a good one.

Woodson Oil Co., Fort Worth, with Cadine & Sons, drilling contractors, also of Fort Worth, have topped the Ellenburger at 3,579 feet with a wonderful showing. This test is on the D. Hall tract 1 1/2 miles south of Carbon.

They ran a drill stem test from 3579-89 feet, and had gas to the surface in four minutes. The well was flowing oil in 35 minutes, and recovery of 1400 of free oil was made. Flowing pressure of 600 pounds was registered, and shut in pressure was increased to 1100 pounds in 15 minutes.

Indications are that this will be a good well, and while we can't give an accurate figure concerning the flow, people in charge say it will produce the allowable or better.

The move was a direct slap at Walter J. Dornally, new U. S. high commissioner in Germany.

Armed Soviet soldiers and East German police presented U. S. troops in a jeep and two British motorcycle military policemen from traversing a 100-yard stretch of East Germany separating the two points in the American sector of Berlin.

The patrols, enroute to Allied checkpoints at Dreilinden at the Berlin end of the superhighway linking the former capital with Western Germany, detoured to their destination over roundabout American sector, secondary roads.

Only a few minutes before they turned back one of the patrols, the two Soviet soldiers on duty permitted Dornally to pass without interference on his way to the Dreilinden checkpoint. He was accompanied by Maj. Gen. Lemuel A. Mathewson.

Other Allied motorists also crossed the narrow strip of East Germany without interference.

She Got It All

YUBA CITY, Calif., Sept. 10 (UP)—Mrs. Lu-ile Deal not only won a divorce from her husband, but she also gained custody of her listed community property. The list: one lawn mower.

Veteran Mental Patient Held In Father's Death

GALVESTON, Sept. 10 (UP)—A 27-year-old war veteran who had been admitted to a state psychiatric hospital as a patient only four hours earlier stabbed his father to death as his mother fought frantically to separate the two men.

Frank Dupree, Sr., of Georgetown, a 58-year-old teacher at a veterans vocational school, died Tuesday from 19 stab wounds in his chest, three in his back and several smaller cuts.

Frank Dupree, Jr., was charged with his murder and confined to the psychopathic hospital.

Willie Burns, Galveston chief of detectives, said Mrs. Dupree and her husband brought their son to Galveston and he was accepted as a patient at the state hospital earlier Tuesday.

Indications are that this will be a good well, and while we can't give an accurate figure concerning the flow, people in charge say it will produce the allowable or better.

WOMEN'S SOCIETY

Mmes. Garland Lavender And T. C. Wylie Hostesses At Dinner Tuesday

Mrs. Garland Lavender and Mrs. T. C. Wylie were hostesses to members of the Women's Society of the First Methodist Church at a covered dish dinner Tuesday evening at 7:30 o'clock in the Lavender home. The dinner table was covered with a lace cloth and centered with an arrangement of purple asters in an American fosteria bowl on a reflector. The table appointments were silver. During the evening, Mrs. J. P. Morris reviewed the book "Bright Procession" by John Sledge.

Officers, Teachers First Baptist To Meet This Evening

The time for the Weekly Officers and Teachers meeting of the First Baptist Church has been set ahead thirty minutes and will begin at 6:30 this evening. All Officers and teachers are urged to be present for the meeting that will call for plans for Sunday, Sept. 14, and also the completion of plans for the work that has been outlined for the month of September for the entire Sunday School.

Child's Study Club To Meet

It was announced today that members of the Child's Study Club will meet at 8:00 p.m. Thursday in the home of Mrs. Theo Ferguson on the Strawn highway. Mrs. N. E. Huffman will preside at the meeting. A spokesman for the group urged that all members attend the meeting.

Hospital News

Among the patients dismissed from the West Texas hospital are Mrs. J. E. Nizer and Beverly and Ronald Clark of Dendemon. Medical patients in the Ranger General hospital are Pat Townsend, Isetta Smith, Stanley Morris and Ola Mills.

Methodist Choir Practice Tonite

The Chancel Choir of the First Methodist church will hold their first practice for the fall tonight at 8:00. Mr. Fred Baumgardner of RJC will again direct the group.

September Calls For Better Breakfasts

Better breakfasts belong to September as surely as the end of summer vacation or the first new tints of early-turning leaves. This, after all, is the month when school begins and studies demand a sturdy breakfast to see your youngster through the day. It's also a time when business activities—and the weather—get brisker, suggesting that Father could do with a better breakfast, too!

- Breakfast Menu I: Stewed Prunes and Apricots, Grape-Nuts with Milk or Light Cream, Scrambled Eggs, Buttered Toast, Coffee (milk for the children), Orange Juice. Breakfast Menu II: Candy-coated Puffed Wheat with Milk or Light Cream, Raw Apple Slices and Broiled Sausages, Fried Wheat Meal, Coffee (milk for the children), Fried Wheat Meal, 1/2 teaspoon salt, 2 1/2 cups boiling water, 1/2 cup wheat meal. Add salt to boiling water in saucepan. Add cereal slowly, stirring constantly. Bring again to a boil and cook 2 minutes, stirring constantly. Pour into cold wet mold. Let stand overnight, or until cold and firm. Turn from mold. Slice in 1/2-inch slices and saute in small amount of fat, turning to brown both sides. Serve with maple-blended syrup. Makes 6 servings. Left-over cooked wheat meal may be used in this way.

Revival To Be Held Sept. 10 To 21, Oakley

The Oakley schoolhouse will be the scene of a revival meeting to be held in that community beginning September 10 and continuing through Sunday, September 21. The Reverend Jerry Speer will be the evangelist and Curtis Hollis in charge of the music. Rev. Speer is pastor of the Harmony Baptist church near Paducah and Rev. Hollis the Necessity Baptist at Breckenridge. Services will be held each evening at eight o'clock. An invitation was extended to the public to attend.

PERSONALS

Mr. and Mrs. H. E. Anderson and son Bill have returned to their home in Oakland, Calif. following a visit in Ranger with Mr. and Mrs. J. A. Johnson. They also visited in Corpus Christi.

Bridge System Badly Run Down

AUSTIN — There's an old saw about not crossing a bridge until you get to it, but Texas has some 2,000 that are unsafe to cross. A minimum of \$304 million dollars is needed to bring these water-way spans to a point of safety, according to Highway Department estimates now being studied by the Texas Good Roads Association.

More than half of these structures, which total 276 miles in length, are inadequate for traffic demands made on them every day. One of every ten is incapable of supporting the legal load limit, while half of them are so narrow to permit passing, too low for

Bell and Mrs. Bell. Mr. and Mrs. J. E. Meroney had as a recent visitor in their home, their son, Joe D. Meroney, of Midland.

Pat Horrigan of Austin is in Ranger visiting his grandmother, Mrs. M. H. Hagaman and Mr. and Mrs. Leslie Hagaman.

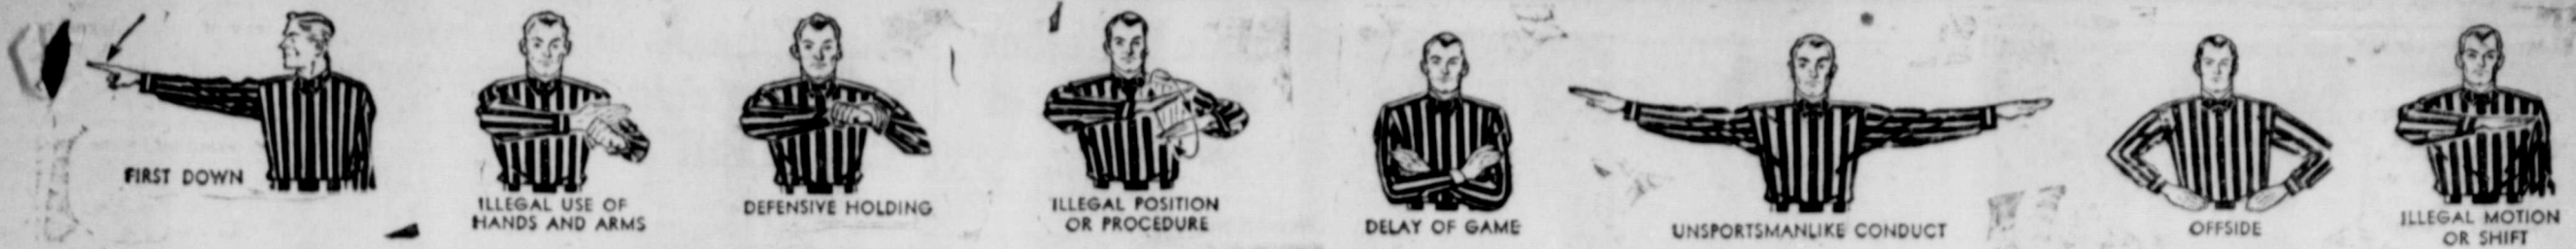

Mrs. R. J. Taylor, accompanied by her daughter, Mrs. John R. North of Crane, is in Abilene today, shopping.

Mrs. Lane Turner and daughter, Lana of Monahans and Mrs. Bill Turner and daughters, Paula and Laura of Odessa have been visiting in the home of Mr. and Mrs. James Turner.

How to have a winning TELEPHONE PERSONALITY by EMILY POST

We're often judged by the way we use telephone service. Good telephone technique and good telephone manners are important to a winning personality... and help you get the most from your telephone service. One of my newspaper readers writes, "Nothing annoys me as much as hurrying to answer a ringing phone, only to find there is no one on the other end." I think all of us feel that way. And there are two good rules to follow if we want to avoid this frustrating experience. When you make a call, allow the person you are calling at least a full minute to get to the phone. And when your own phone rings, answer as promptly as you can. In the long run, these two simple rules will save everyone's time and temper. Many people ask me, "In a telephone conversation, who should end the call?" Since a telephone call is like paying a friendly visit, the same good manners should apply. A host doesn't ask the guest to leave. In the case of a telephone call it is up to the caller—not the "host"—to end the conversation. Generally speaking, you are safe if you simply say what you called to do, then end your conversation politely. An acquaintance asks, "Mrs. Post, won't you please say something about children who hang onto busy party lines by the hour?" This is a touchy subject, for, of course, children are part of the family, and definitely have a right to share in the use of the telephone. But forgetful teenagers who hold endless conversations over the phone should be reminded that no calls can reach you while they are monopolizing the line. State Fair To Be Loaded With New Acts In '52

More fun at the fair this fall—bigger, better, different shows and attractions of all kinds—that's the happy prediction of James H. Stewart, general manager of the State Fair of Texas, Oct. 4 through 19.

Dean (Handsome) Martin and Jerry (Horrible) Lewis, America's

funniest and most entertaining music - and - comedy team, will star in an all-star revue in the air-conditioned Auditorium nightly with matinees Saturdays, Sundays and Thursdays. The show also includes Songstress Kitty Kallen, Magician Carl Ballentine, the Bob Williams' dog act, Juggler Ben Berr, the Sponys, the Mayo Brothers and Barr & Estes. Famed band-leader Dick Stabile will conduct a full orchestra.

The sparkling Ice Cycles of 1952 will be presented nightly with matinees Saturdays, Sundays and Oct. 8. The brilliant production numbers and clever specialty acts will feature a full-scale presentation of Walt Disney's "Cinderella."

"Show Boat" the beloved Jerome Kern musical, will be presented several times daily in a unique "music-in-the-round" version. Although the show runs only an hour long, not one song has been cut.

The Ast Swenson Thrillcade, breath-taking sensation of the speedway, will hold sway for 24 daredevil performances in front of the Grandstand.

The Variety Club Circus, a top professional three-ring circus, will have several performances daily on the Midway, with a full complement of aerialists, elephants, equestrian performers, acrobats, clowns, and the trained camel-and-

Corinne Calvet

Zsa Zsa Gabor

'SMILE WHEN YOU SAY THAT!'

"Zut! Alors! La Gabor, she can't do zees to me!" is, in effect, what angrily sputtering French actress Corinne Calvet, left, declared when she slapped a \$1,000,000 damage suit on fiery Hungarian actress Zsa Zsa Gabor, right, in Superior Court, Santa Monica, Calif. Basis of the suit was Miss Gabor's alleged statement to NEA Hollywood columnist Erskine Johnson, "Calvet is a cockney English girl who couldn't even speak French a few years ago." Miss Calvet, claims to have been born in Paris of an old French family, charged the statement, motivated by "malice, ill-will and hatred," has seriously damaged her standing in the movie world.

Shivers Will Open Prison Rodeo Oct. 5

Governor Allan Shivers will, for the fourth consecutive year, again officially open the Annual Prison Rodeo, Sunday, October 5th and that date has been named Governor's Day by prison officials.

The announcement of the Governor's acceptance of the Prison Board's invitation to officiate at the rodeo's 21st year opening day ceremonies was made by the Board's Rodeo, a Committee Co-Chairmen, French M. Robertson of Abilene, and H. H. Coffield of Rockdale. In addition to the State's first citizen, members of the Legislature and other State officials have also been invited to attend the big convict show on that date as guests of the prison management.

To be featured as special guest attraction for the day, the 130 piece University of Texas Longhorn Band will come to Huntsville to play and perform drill and marching routines between inmate riding events. Featured with the Longhorn Band will be the Texas Stars, a separate organization of

twirlers and majorettes who appear with the band at football games wherever the band plays on Saturday before the appearance at Huntsville the band plays at Memorial Stadium in Austin for the Texas-Notre Dame game.

Specialty acts from outside rodeo circuits that have been booked for the prison show this year include some of the best in the nation. Chief of these are the Hendricks Family, who won the plaudits of thousands at the Madison Square Garden World championship Rodeos for two years, with their trick riding and comedy acts. Jess Reynolds, professional rodeo clown, will bring his 'Liberty Act' the only one of its kind in the world, executed with six registered white Brahma bulls, to Prison Stadium for four rodeos. The Mounted Quadrille without which no rodeo is complete, will be performed by Angelina County Mounted Quadrille group from Lufkin, Texas, known throughout East Texas for their excellent horsemanship and colorful riding regalia.

For reservations to the biggest and best Prison Rodeo to date, send your check or money order to L. W. Wright, Prison Rodeo Ticket Office, Huntsville. All reserved seats are \$2.40 each, tax included.

Rain Refreshes Much of Texas

South Texas was refreshed Wednesday from general rain which fell over much of the area Tuesday and the monotony of the entire Southwest weather picture was punctuated by scattered thundershowers over a wide section.

The U. S. Weather bureau at New Orleans early Wednesday ordered small craft warnings continued along the Gulf Coast from Corpus Christi to Morgan City, La. but said easterly winds, "occasionally 25 to 30 miles per hour" would diminish Wednesday night.

And forecasters had good news for Oklahoma: The parched state was due rain within the next few days. But the weather bureau conceded that expected precipitation would not exceed a half inch, far too little to break the month's drought and too late to help the corn or cotton crop.

It still was hot in the Southwest Wednesday. Temperatures Tuesday reached 95 at La Junta, Colo., and 95 at Sheridan, Wyo. It was 93 at Joplin and St. Louis, Mo., and Charute, Kans.; 95 at McAlester, Okla., and 96 at Alice, Texas.

Rain in the Houston and Beaumont areas of Texas was expected to help later varieties of rice. Water supplies had become so short that salt water backed up from the Gulf of Mexico into irrigation canals and threatened the crop in many areas.

Rain in Texas ranged up to 2.82 inches at Presidio. Houston got an inch and Victoria, some 50 miles inland from the Gulf reported 1.11 inches.

A federal-state crop reporting service noted Tuesday soil moisture throughout the Southwest was negligible.

A cottonoil firm serving Texas and Oklahoma announced its mills at Elk City, Okla., and San Angelo, Munday and Slaton, Tex., won't even open this year because of the drought-rained cotton crop. It said a new mill at Memphis, Tex would be able to handle everything.

A spokesman for Western Cottonoil Mills said the firm hoped to reopen other mills next fall.

Nearly All — 93 per cent as measured by market value — of the securities sold on the nation's exchange are traded in New York City's Stock and Curb Exchanges.

South Koreans Take Strategic 'Capitol Hill'

SEOUL, Korea, Sept. 10 (UP)—South Korean infantrymen recaptured strategic Capitol Hill Wednesday and held it against two savage Chinese Communist counter-attacks.

The victorious Republic of Korea troops scrambled to the crest of the central front height around midnight and chased demoralized Communist defenders down the northern slope. A half hour later they sent this terse message: "The hill is ours."

Red commanders threw 400 men into a screaming counter-attack, but Allied machineguns, grenades, rifle and artillery fire halted the assault almost before it got started.

Then a Chinese Red company tried to push the South Koreans off the newly-won peak. The Communists reached South Korean positions, but fell back after 30 minutes of hand-to-hand fighting.

Some 1,200 Chinese Reds have been killed or wounded in the three-day battle for Capitol Hill.

Allied warplanes poured in tons of bombs, rockets, and napalm in 70 sorties Tuesday to pave the way for the final victorious assault.

"I knew we could take it back," said Capitol division commander Brig. Gen. Lee Yong Moon. "I am very proud of Korean soldiers. They were brave and did their job well."

In the air, UN fighter-bombers hit scattered targets throughout North Korea Wednesday, concentrating their attacks on eight Red supply areas on the western and central fronts.

UN Sabrejets found no Communist MIG-15 jets in the air for the first time in six days. So far this month, the Allies have shot down 28 MIGs, probably destroyed one and damaged 27.

Sharpshooting UN artillery killed or wounded more than 200 Communists Tuesday across the 165-mile battlefield. A series of what the Eighth Army called "extremely successful" combat patrols cost the Reds another 56 casualties.

Eleven Japan-based B-29 Superforts razed a Communist ammunition supply center at Sopo, 12 miles northeast of Pyongyang, Tuesday night with more than 100 tons of high explosives. One B-29 shot down a Red night fighter in flames.

First Hydrogen Bomb May Be Tested This Fall

WASHINGTON, Sept. 10 (UP)—The United States may explode its first hydrogen bomb this fall, qualified observers said Wednesday.

The Defense Department and the Atomic Energy Commission announced that Joint Task Force 132 will conduct secret tests this fall on lonely Eniwetok atoll in the Pacific.

The announcement said only that the tests will be "looking toward the development of atomic weapons."

It did not give the reason for switching U. S. atomic tests from the Nevada proving grounds at Frenchman's Flat back to the isolated, isolated coral strand of Eniwetok.

But all signs pointed to something big in the trade winds which sweep the flat atoll.

AEC Chairman Gordon Dean and Dr. J. Robert Oppenheimer, chairman of AEC's general advisory committee, personally gave President Truman in June a top-secret report on what they described as "great developments in atomic energy."

Two weeks before that, in his last important public utterance, the late Sen. Brian McMahon, chairman of the Congressional Atomic Energy committee, called on the United States to produce H-bombs by the thousands to deter Russian aggression.

"We are crossing the threshold into the hydrogen era—the age of H-bombs," McMahon said.

Mr. Truman on Jan. 31, 1950, ordered development of the hydrogen superbomb, which is expected to produce the most devastating blast ever touched off by man—one that will dwarf the fury of an "ordinary" atomic bomb.
