## Ranger, Eastland Elevens Ready For Battle

By GROVER LEE  
The Eastland County sports atmosphere was charged with tense suspense today on the eve of the year's No. 1 schoolboy sports classic in this area—tomorrow night's grid thriller at the Bulldog Stadium in Rangely which pits the Eastland High Mavericks against Ranger's Bulldogs.

charges of Ranger High as they tapered off four days of deadly earnest pre-game practice sessions with light, tapering off drills this afternoon.

Opening kickoff for the big battle is slated for 8 p.m. sharp, and the collision between the two mole-skin-and-clay-clad crews, heightened by three decades of spirited rivalry, will be witnessed by a football-feverish throng which is expected to pack the 4,000-seat capacity Bulldog Stadium.

Both Teams Winless  
Both elevens, winless in a pair of starts for each, will be gunning for their coveted initial victories of the yet-new 1952 pigskin campaign.

The afternoon Eastland's tutors, Coaches Ed Hooker and Gene Young, and master-minds of the Bulldogs, Stubby Warden and Sam Aills, were carefully studying start-

line-up combinations. The lists will be released late this afternoon.

The Eastland machine dropped its opener two weeks ago to the classic Cisco Lobos, 29-6, and last week took a 29-6 humbling at the rough hands of Coleman.

The Rangerites were shelled, 18-7 by the Jackboro High Tigers in their initial '52 combat two weeks ago, and last Friday night suffered another set back—19-7—at Stamford.

**DOUBLE DEATH**—With Father Michael O'Shea, Mrs. Edna Boucher, Long Beach, Calif., prays for life of her 3-year-old daughter Tamarrah, who suffocated in an old refrigerator. Another 3-year-old girl Rowena Baird, also died in the accident.

Bayard Taylor, who overcame so many difficulties in the course of his courageous life, once said finely: "The soul must sweat blood. Nothing is well done that is done easily."

For the following humorous paragraph we confess committing petty literary (using the term very loosely) larceny, lifting same from the always-interesting "Ranger Rider" col'm of Weldon Owens in the Tuesday edition of his Stephens County Times, published semi-weekly over in neighboring Breckenridge:

A squirrel hunter elaborately decked out with fine dog, gun, etc., was having very little luck when he came upon a boy without dog or gun, and squirrels hanging all around his belt. "Son, how in the world do you do it?" he asked. The boy replied that he was throwing at them and knocking them out of the tree. The fellow noted a rock which he was holding in his left hand. "Boy, you'll be the great south paw sensation when you grow up! I'm a scout for the big league," he gushed. "What's a south paw?" the boy asked. The man told him it was a fellow who throws with his left hand. "I'm not left-handed, I'm just using it 'cause when I throw with my right hand it tears 'em up 'scuse bad," the boy explained.

The following sentence may read like Greek to you, but it makes doggone good sense when you figure it out:

Back night by fighting cheer on to your being victory on Bulldogs over Friday hand to them on Eastland.

Our thanks to an unknown contributor for these much-appreciated thoughts aptly entitled—  
**A LOOK FROM THE GRANDSTAND**  
Back a few years ago, most of us saw only the ball carrier as the offense made its way downfield. But now most of us are straining to see the blocking development to produce the hole in the line for the start... and then watch the downfield blocking... because most of us finally realize that without blocking the backs don't go far.

It is indeed surprising to replay the game Saturday morning at the coffee shop and come out that without blocking the backs don't go far.

### State GOP Head Questions 'Gifts' Gov. Stevenson

DALLAS, Sept. 25 (UP)—The Texas Republican chairman Thursday asked Adlai Stevenson whether Stevenson would collect private funds to present to national officials if Stevenson were elected president.

Alvin H. Lane, chairman of the State Republican Executive committee, telegraphed Stevenson: "You have stated publicly that you consider it proper to augment the personal incomes of public officials from funds privately collected from individuals and corporations, many of whom admittedly have business relations with the state government which you head. May we urgently request that you also make public your view on the propriety of such practice at the national government level? Would you, as president, continue to collect private funds with which to augment the personal incomes of national officials?"

Shivers is Mum  
At the same time, Gov. Allan Shivers, who is against Stevenson, declined to say if he favored a Republican congress. Shivers has urged Texas Democrats to vote for Dwight D. Eisenhower, the Republican presidential candidate.

Charges Misrepresentation  
Speaker of the House Sam Rayburn touched off the "Loyal Democrats" campaign Wednesday night in a state-wide radio speech.

He charged the "captive Democrats" of Texas those backing Dwight D. Eisenhower" is exactly what he said. "At the moment, there is a legislative stalemate—which is harmful to both the states and the nation.

### Five Communist Leaders Indicted

WASHINGTON, Sept. 25 (UP)—Five Communist party leaders were indicted by a federal grand jury in St. Louis Wednesday on charges of conspiring to advocate and teach the violent overthrow of this government.

### Hall No. 1, Now Flowing At Rate 112 Bbls. Daily

Woods No. 1 Hall Heirs test, one and one half miles south of Carbon, seems to be doing better all the time according to reports. The well was opened for three days and nights last weekend, and reportedly produced 112 barrels of oil each 24 hours. The well has been acidized, and the flow was increased. Output of the well if under the pump is not known.

The well has a gas pressure of 250 pounds which makes it a fair well even without a pump.

### RJC Backs Pile Up 708 Yards To Lead Circuit

Coach Boone Yarbrough's 1952 Ranger Junior College machine is an offensive powerhouse.

In two contests—their impressive triumphs over the Decatur Baptists and the Midwestern U. "B" squad—the T-powered Purple and Whittiers' blitzing ground attack has accounted for most of the terrific total of 708 yards gained offensively.

Coach Yarbrough's backs have rolled up 610 yards via the terra firma route. And their passing, though weak, hasn't paid off poorly. Ranger aeriels have garnered 98 yards—an average of 49 yards per game.

The Rangers, who journey down to Bryan Saturday night for their third encounter of the yet new '52 campaign against the Allen Academy crabs, lead the Pioneer Conference offensively thus far on the basis of nine games played by members of the collegiate loop.

Individual honors are evenly distributed among the five teams comprising the circuit.

In addition to their offensive leadership, Fred Sanders, fleet Ranger back, leads in kick-off returns—two for 48 yards.

Other Pioneer Conference statistics to date reveal—Arlington State leads in passing with a net gain of 167 yards in two games. San Angelo is close behind with 163 yards gained passing.

### Lewis Summons UMW Leaders For Conference

WASHINGTON, Sept. 25 (UP)—John L. Lewis Wednesday summoned the United Mine Workers 200-man wage policy committee to a meeting here Monday—two days before a strike deadline in southern soft coal pits.

The call went out as Lewis led a five-man union team in another round of negotiations with southern coal producers.

Lewis was demanding the same terms he won from the northern soft coal operators last week—a \$1.90-a-day wage boost and a 10-cent-a-ton increase in payments to the union's welfare fund.

### Phone Company Sets Open House Here Oct. 3-4

Open house at the Ranger branch of the Southwestern Bell Telephone Co., will be held on Friday and Saturday, Oct. 3 and 4, it was announced late Tuesday afternoon.

Purpose of the two-day event, report telephone company officials, will be to make it possible for local subscribers and the public in general, to visit the local exchange and get a first-hand view of operation of Ranger's efficient communications system.

Hours of the open house are scheduled from 2 to 5 p.m. in the afternoon on the two days and from 7 to 9 p.m. nightly.

## Adlai's Plotters Yelping For Harry To Stop Ike

SPRINGFIELD, Ill., Sept. 25 (UP)—Gov. Adlai E. Stevenson's advisers looked Thursday to President Truman to take up the campaign battle cry now that the Illinois governor has drawn the blueprint.

The Stevenson camp hopes that Mr. Truman—a master of the whistle stop technique, will come into the election fray swinging freely and directly at Dwight D. Eisenhower, the Republican nominee to whom the President once offered the Democratic nomination.

Meantime, Stevenson was standing firm on his decision not to drag into the public limelight his fund to help supplement salaries for top state administrators.

Rejects Nixon's Demand  
"If I have anything to say, I'll say it," the Democratic presidential nominee said Wednesday in rejecting Sen. Richard M. Nixon's demand that Stevenson report his finances to the nation as Nixon did Tuesday night.

WHEELING, W. Va., Sept. 25 (UP)—Elated Republican leaders said Thursday the Eisenhower-Nixon ticket has emerged "stronger than ever" from a trial unprecedented in American political history.

They hopefully closed the books on the campaign crisis which began one week ago with the disclosure that vice presidential candidate Richard M. Nixon had accepted an \$18,235 private expense fund from wealthy California supporters.

Dwight D. Eisenhower, who had insisted that Nixon prove himself "clean as a hound's tooth" or quit the race, in effect renominated his running mate at a dramatic face-to-face meeting Wednesday night in this smoky Allegheny city.

The Republican presidential candidate told a cheering audience in Wheeling Stadium that Nixon had "completely vindicated" himself by having his personal finances to the whole nation in a radio-television broadcast Tuesday night.

GOP Had Final Say  
Mindful of the political proprieties, Eisenhower did not say in so many words that he had decided to keep Nixon on the ticket. Technically, only the Republican national committee could decide that question, and Eisenhower confined himself to reading a telegram from GOP Chairman Arthur E. Summerfield.

Summerfield said that 107 of the 138 national committee members—all who he could contact by telephone or telegraph—voted unanimously and "enthusiastically" to have Nixon remain.

Nixon had offered to withdraw if the committee considered him a political liability, but both Eisenhower and Summerfield made plain that they regarded him as just the opposite.

Attack Called Unfair  
Assuring that Nixon had been subjected to "a very unfair and vicious attack," Eisenhower told the crowd of 8,000 persons:

"So far as I am concerned, he has not only vindicated himself but he has acted as a man of courage and honor and... stands higher than ever."

"Let there be no doubt about it," said Summerfield. "Americans taken Dick Nixon to its heart. Every Republican is proud to have him on the ticket."

Nixon, who had flown here from the West Coast in response to a summons from Eisenhower, stepped smiling to the speaker's rostrum after receiving Eisenhower's blessing.

"Greatest Moment in My Life"  
"This is probably the greatest moment of my life," said the 39-year-old California senator.

### John W. Turner Dies Wednesday, Be Buried Today

John W. Turner, 65, prominent Eastland attorney passed away at his home in Eastland, Wednesday afternoon shortly before 3 o'clock. Funeral services will be conducted from the Hamner Funeral Home at 3 o'clock this afternoon, with Rev. Philip W. Walker, long time pastor of the Eastland Methodist Church and close friend of the deceased, in charge of the service. Interment will follow in Eastland cemetery.

Mr. Turner had an attack early Tuesday evening and a physician was called. However, it appeared that he rallied some, and while he was placed under an oxygen tent the case was not considered serious until yesterday, when it was known that the case was a critical one.

Mr. Turner was born in Hillsboro, Tex., on Dec. 12, 1886. While a young man he was a member of the National Guard in that city. After graduating from high school he entered the University of Texas and was graduated in the Law Department in 1910. While in the University he was a member of the Chi Phi social fraternity and the Phi Delta Phi legal fraternity. In the meantime, his parents had moved to Dallas where he was a member of the Idlewild Club. He was also a member of the Masonic order.

He was married to Miss Margaret Ragland of Paris, Tex., in 1927.

In 1910, he began the practice of law in San Antonio with the firm of Terrell & Terrell and continued in this capacity until 1918. In San Antonio, he was a member of the Order of the Alamo.

In March, 1918, he joined the army in the first World War. He was commissioned a second lieutenant in the field artillery on Aug. 31, 1918. While in the army he met Virgil T. Seabery with whom he organized the law firm of Turner & Seabery in Eastland on Jan. 1, 1919. They have practiced together continuously for almost thirty-four years.

John W. Turner

Mr. Turner was a member of the Eastland Methodist Church, Eastland County Bar Association, Texas State Bar, and the American Bar Association. He had formerly been city attorney of Eastland, commander of the local American Legion Post and chairman of the Board of Trustees of the Eastland School District.

He has also served as a member of the county school board, and was chairman of the draft board during World War II.

He is survived by his wife and three children. Two sons: Dick and Jack Turner, of Eastland and a daughter, Miss Jeanne Turner of Dallas. Also a sister, Miss Mildred Turner of Dallas, and a brother, Paul A. Turner, of Muskogee, Okla.

Funeral services are Chas. Froeschling, Dr. Jas. Whittington, Bill Hoffmann, Virgil Seabery, Jr., Bill Williams, of Hillsboro, Jack, Cyrus and E. L. Frost, and Horace Houston.

STRYCHNINE VICTIM  
HARLINGEN, Sept. 25 (UP)—Funeral services were held in Harlingen Wednesday for Clara Yvonne Allison, 2, daughter of Mr. and Mrs. Harvey Edward Allison, who died after swallowing 50 strychnine tablets that had been prescribed for her grandmother.

PLUG 'N TRIGGER

By J. Fred Eder  
United Press Outdoors Expert  
Poor fishing luck dogs us all at one time or another and the villain is no respecter of persons. It often dogs the expert as well as the novice.

Right now with the persistent drought throughout North Texas and southern Oklahoma crying towels are being used more than ever.

However, night fishing reports are encouraging and the picture should brighten for the plug casting angler as water temperature tumbles from its tropical environment and cools off to a normal temperature, more befitting for a round of activity, on Mr. Bass's part.

The fabulous waters at Lake Texoma apparently have again produced a new species of game fish little known to most anglers. Reports that Calico and Rock Bass have been taken are most welcome.

These two scrappy fighters rank high in popularity with a lot of anglers and would be even more highly regarded if more anglers knew the sport they provided.

Closely related and often mistaken for the Calico Bass is the Rock Bass. Both species are normally dark in color, greenish gray or brown, largely depending on where they are found. Taken from lark, deep water around rocks

they become dark—almost black. Taken from open clear water they are found to be light green. Both species readily attack or strike an underwater plug and put up a terrific battle when hooked. Red and white combinations are most effective.

With the dove season well underway and a goodly number of shooters complaining about poor shooting, scarcity of doves, poor hunting and what-have-you, this might be a good time to bring up a few pointers and characteristics of the old scatter gun.

Most shooters who are new to shotgun shooting, as well as many of the old timers, use a scatter gun improperly. By this I mean that the nimrod shoots his shotgun or tries to shoot it as he would a rifle.

A rifle and shotgun are similar only in that they are fired from the shoulder. To become proficient with a shotgun the nimrod must understand the weapon first. The gun should be fitted to the individual, patterned thoroughly and at first hand knowledge obtained by the owner of its characteristics.

Unlike any other sporting firearm, the shotgun is strictly a pointing weapon, not one requiring careful and precision sighting or sighting equipment. The reason is quite obvious. A shotgun is designed to be used against flying or fast moving targets.

Sighting the old scatter gun or the running or flying game would take too long and in most cases the game would be long gone or out of range before the sight could be aligned on the game. It is true that shotguns do have what are called sights, or at least one "sight." This sight is primarily for correct alignment and to prevent canting and to assist in pointing out the target.

They are called sights on a shotgun and this generally is confusing but the fact now should be established that shotgun sights have an entirely different purpose than those on your rifle. Pointing with a complete coordination of reflexes between gun and shooter can be accomplished

Froggies Labor To Sharpen Play Next Saturday

Sharp improvement in all departments of play will be devotedly sought on the TCU practice plot at Fort Worth this week. Coach L. R. (Duke) Meyer could find little in last week's opening performance that gave him any comfort.

In losing to the Kansas Jayhawkers, 0-13, the Purple failed to score for the first time in 43 games—or since late in the 1947 season. That failure seemed to hurt the offense-minded Meyer the most.

"Granting that Kansas has a very fine team, which they certainly have, and that the slippery field wasn't to our best liking, we still looked miserable," Meyer said. "The defense wasn't too bad since you don't figure to hold a good team like Kansas to less than two tallies. But our offense was 'way below par. We've got to work hard there."

Some Bright Spots  
If there was any bright spot in the picture, it was the adequate punting of Ray McKown who averaged 39.2 yards with a froggy ball and the fact that the offense sustained no serious injuries.

In addition, the Christians should have two first stringers back for this week's battle with the UCLA Bruins in Los Angeles. Neither Marshall Harris, the top right tackle on offense, nor Wayne Martin, the crack defensive end, played at Lawrence because of wounds. But they should go this week. The absence of Martin was especially felt in the Kansas loss.

Better blocking by the offensive guards has been listed as a "must" by Meyer. The Kansas defense against the Froggy spread had been anticipated but the inability of the Christian guards to clear

their ball carriers was a major factor in the poor offensive showing.

Passing Good  
"Our run game has simply got to improve," Meyer pointed out. "I thought our passing was very good when we finally did open up in the last half. But we've simply got to hold the ball longer than we did in Lawrence to have any chance of victory. We had two fine scoring opportunities, but missed them both up. We'll work hard in that department."

Actually, the team will have limited time to get ready for their invasion of California. The team is due to leave by plane early Friday morning and will work out that afternoon in Memorial Coliseum in Los Angeles. But there will be plenty of scrimmage in the middle of the week.

Minor injuries sustained at Lawrence included a knee bruise for Guard Jack Ramsey, an elbow hurt to Guard Mickey Teems and a turned ankle for Guard Bill Buck. None of them look too serious.

A squad of 42 players is due to make the trip to California.

Houston Leads State In Crime Report Of FBI

Houston was the fourth-ranking city in the United States for the number of murders and non-negligent manslaughter cases during the first six months of 1952, the Federal Bureau of Investigation reported in Washington.

The FBI said 51 murders and cases of non-negligent manslaughter were committed in Houston, compared to 136 in Chicago, 128 in New York, and 118 in Baltimore.

Other Texas cities which had large numbers of murders included Fort Worth, 30; Dallas, 29; and San Antonio, 21. No other Texas city on the FBI list had more than four.

The city by city listing for Texas as shown either Dallas or Houston as the leader in the number of offenses in each category. Dallas had 218 cases of robbery, 487

Polio Cases Drop Over State Area

AUSTIN, Sept. 25 (UP)—Polio cases in Texas dropped to 117 last week, the lowest total since June 14, the State Health Department has announced.

The new cases boosted the year's total to 3,752, an all-time high record. The mark had been set several weeks previously, when the number of cases surpassed the previous high for a full year of 2,778 set in 1950.

During a similar period last year only 1,356 cases had been

cases of aggravated assault, 4,387 cases of larceny under \$50 and 1,218 auto thefts, while Houston led with 2,292 burglaries and 715 cases of larceny over \$50, in addition to the murders

listed. The 117 cases compared with 151 for the previous week.

## Awards Round-Up Banquet At First Baptist Honors Youngsters

Members of the Nursery, Beginner and Primary Departments of the First Baptist Church who have taken a study course during the past year were honored at an Awards Round-up Banquet September 23 at the church.

The decorations followed the western theme and the head table was centered with a covered chuck wagon lamp. Another lamp in the shape of a gun was placed just back of the table. The place cards, shaped like miniature covered wagons, added to the effect of the programs which resembled tents. Miniature cowboys and cowgirls were placed beside the tents. A novelty feature of the banquet was the menus which were drawn instead of written.

The nursery and primary tables of yellow, pink, white and blue were further decorated with a central fence on which a howlegged cowboy was sitting. The piano held a horseshoe vase with a large replica of "Ferdinand, the Bull."

An old fashioned cook stove placed on the center table added another touch of days gone by and the back table, complete with a miniature rodeo, reminded one of the old west. An assortment of brightly colored cowboys twirling ropes completed the arrangements.

Walter Arterburn opened the program and the Rev. Ralph Perkins, pastor of the church "rounded up a welcome." Foreman Arterburn congratulated all the hands followed by the "eye catching Round-Up" featuring movies made at the recent Ranger Rodeo. A puppet, complete with guitar, entertained with songs of the old cowhands and Wrangler Bill Bullock led the youngsters in singing several songs.

Mrs. Ralph Perkins, Sub-Forewoman, made the presentation of awards and then made special recognition of Andy Bullock who was the youngest to receive an award. Andy is the five month old son of Mr. and Mrs. Bill Bullock.

Artie Beck and John Perkins served the food to the young guests.

Visitors attending were the Rev. Perkins, Mr. and Mrs. Bullock, Mr. Arterburn and Corvis Beck. Those assisting in the kitchen were Mmes. H. L. Coody, Lewis Thomas R. V. Robinson and Wilson Guest.

Workers present were Mmes. Duaine Dennis, V. A. Galloway, Corvis Beck, Arterburn, A. G. Koeltz, Mary Wheat, H. E. Ewing, Charles Cox, D. C. Cox, Pete Brashier, O. C. Warden, Alys Wood, Keith Langford, Earle Pittman, D. A. Fawcett, Perkins and Miss Marilyn Miller.

Youngsters attending were Keith Beck, Tommy Joe Lenzini, Mike Coody, Dottie Faye Ewing, Mary Helen Koenig, Patti Perkins, Terry Arterburn, Robbie Robinson, Kaye Perkins, Roy Chandler, Danny Ray Ewi, Bill Perkins, Sue Graham, Leonard Wood, Charles Cox, John Thomas, Jerry Arterburn, Dickie Langford, Pamela Dennis, Andy Bullock, Leslie Thomas, Alex Brashier, Tommy Brashier, Betty Smith, Glen Thomas, Regina Fawcett, Linda Warford and Patti Pittman.

All members and prospective members are urged to be present next Wednesday at 6:30 p.m. for the weekly meeting and social. Age limit for the choir is from eight years through the Intermediate department.

## First Baptist Men's Group Install Officers

Officers of the Men's Brotherhood of the First Baptist Church were installed in an impressive ceremony Sunday evening. Mr. L. H. Tapscott, secretary of the state organization, was the installing officer, and each officer was charged with the responsibility of his office and admonished to be faithful to the cause of "Christ and His Church."

Those installed were Dr. Marshall Jolly, Lewis Green, H. L. Coody, W. J. Anderson, John Coerry, Bill Bullock, Len Rushing, Morris Jeffrey, H. G. Adams, Joe Fraley, R. V. Robinson, Lloyd Bruce, T. J. Anderson, Lee Cantrell, John Tibbels, and O. F. Sides.

A cabinet meeting was called for 5 o'clock, at which time a light supper was served and the men made plans to sponsor the morning services for the Bible Revival that begins in the church on October 5 through 12. The men will serve a breakfast at 7 a.m. for those attending the morning services. The song service will begin at 7:15 and then Dr. McBeth will conduct the services until 7:50.

The next regular meeting of the brotherhood will be October 6, and according to Homer Coody, Dr. McBeth will bring the inspirational message. Special music is being arranged by Bill Bullock.

Words of commendation were expressed by the pastor in behalf of the officers who had served so faithfully during the past year. Last year the men sponsored the Mexican Mission, the Boy Scouts, three morning-service revivals, a Junior college scholarship, a fund through the benevolence committee, led by Lee Cantrell, assisted in some thirty-five funerals.

Price Crawley, president of the organization, was in charge of the meeting. Dr. G. C. Boswell, program chairman, presented an interesting quiz program following the meal.

The meeting for October will be held on Wednesday evening, the 24th, and will be significant in that an official charter will be granted the club at that time. There will be an unusual program presented with an out-of-town speaker to present the charter. The club set a goal of 65 men for next month's meeting.

FINAL PLANS FOR AWARDS BANQUET AT CHURCH TONIGHT

Final preparations are in progress today for the Awards Banquet to be held in the First Baptist Church Thursday night at 7:00. An interesting program has been arranged for those faithful members, numbering 160, who have during the year earned study course awards.

Dr. Joe Davis Heacock, of Southwestern Seminary will deliver the inspirational message of the evening. The program is planned for the Juniors, Intermediates, Young People, and adults, and the little tots will be entertained in the Intermediate department. Parents, bring your children tonight but feed them before you bring them, Rev. Ralph Perkins, church pastor says.

Mr. Jordan of Breckenridge, vice-president of the Heart of Texas area of Girl Scouts, will be the guest speaker.

## Vesper Choir Opens Practice

The first meeting of the fall season of the Vesper Choir of the First Methodist church, under the direction of Mrs. David Pickrell, was held at the church Wednesday at 6:30 p.m. Plans for the coming year were discussed and parents of the children were elected officers in order that they may help with the work of the choir.

Those elected were President, Mrs. Leonard Pounds, Secretary, Mrs. Floyd Killingsworth and in charge of the choir robes will be Mrs. Bill Williams. Mrs. A. L. Rainwater will be accompanist for the choir.

All children in this age bracket, regardless of their religious affiliation, are urged to come and sing with the choir. Anyone wanting more information concerning the choir and the activities connected with it, may contact any of the new officers by phone.

## Methodist Men's Club Meeting

Forty-three members and friends of the "Methodist Men's Club" of the local church met in the basement on last evening for food, fun and fellowship in observance of their regular monthly get-together. After singing a hymn, the pastor of the church gave the invocation. The group then sat down to a sumptuous turkey dinner with all the trimmings, prepared and served by members of the Stella Staffing Circle of the Woman's Society of Christian Service. Mrs. P. M. Kuykendall, Circle leader.

Price Crawley, president of the organization, was in charge of the meeting. Dr. G. C. Boswell, program chairman, presented an interesting quiz program following the meal.

The meeting for October will be held on Wednesday evening, the 24th, and will be significant in that an official charter will be granted the club at that time. There will be an unusual program presented with an out-of-town speaker to present the charter. The club set a goal of 65 men for next month's meeting.

## Baptist Hour To Air Layman's Day Program

The nationwide Baptist Hour radio broadcast will feature a special Layman's Day program on Sunday, Oct. 12. Charles Wellborn will present a special message for laymen entitled, "Let's Open up the Ministry." George W. Schroeder, executive secretary of the Brotherhood Commission of the Southern Baptist Convention will also have a word of greeting for the million men listening to the Baptist Hour from coast to coast.

The Radio Commission and the Brotherhood Commission are promoting this special broadcast, and it is expected that more than a million men will be by their radios for this service, in addition to the regular Baptist Hour audience.

Mr. Wellborn will point up the need for consecrated Christian laymen in his message, and Mr. Schroeder will give a ringing challenge to the laymen for greater Christian service.

## LETTERS TO THE EDITOR

September 21, 1952  
Ranger Daily Times  
Dear Sirs:

Perhaps, it would have been more polite if I had introduced myself Saturday when I came by to secure a paper regarding the Mercury, stolen in Dallas. My name was Milton Gregory, brother to James W. Gregory, the owner. My thoughts were on the long trip ahead and with only four tires and three in good condition. The return trip turned out very nicely without any troubles.

It was, indeed, a pleasure to meet each of you and the others in Ranger. You have a lovely town and the people are very friendly. Our appreciation is again extended to your police force. The people of Ranger should be very proud of them and cooperate with them 100 per cent. It should be gratifying to them to know that when they go to bed at night, they have no fear of harm but a feeling of security, all because protection is afforded them by alert policemen. It was a treat to me for having the opportunity of meeting them.

I failed to ask them if there were any charges on anything. I know they made some calls to Dallas. I would appreciate it if you would contact them and if there are, please to forward the bill to the undersigned address.

Again, I would like to say to each of you, "thanks a million," and I sincerely hope to have the pleasure of visiting your city again, but next time under more pleasant circumstances.

Very truly yours,  
Milton Gregory.

# COLLEGE INTER-CON CLASHES FOR WEEK PROMISE THRILLS

Many football fans will tell you that the best college football is played in September and early October because of the great number of inter-sectional games—and that argument will get a big boost from this weekend's schedule.

In another month, the nation's top teams will be deeply involved in conference schedules, often against some "weak sister" in the loop. But this week:

The inter-sectional program starts with two big battles on Friday night—Southern California vs. Northwestern, a nod Southern Methodist vs. Duke.

On Saturday, there are such classics as Texas vs. North Carolina, Notre Dame vs. Pennsylvania, UCLA vs. Texas Christian, Washington vs. Minnesota, Oregon vs. Nebraska, and Kansas vs. Santa Clara.

**Smartest Meet Michigan**  
Michigan State, ranked by the United Press board of coaches as

the nation's No. 1 team, clashes with Michigan in the top game of another type—games that are non-league but not strictly inter-sectional. In the same group are Virginia vs. Vanderbilt, Dartmouth vs. Holy Cross, Navy vs. Yale, and Wisconsin vs. Marquette.

That's not to say there won't be any conference activity this week—every major conference in the nation will have at least one league game, with the Big Ten opener between Ohio State and Indiana heading the list.

Judging from the thrills and surprises that marked the first big day of the season last Saturday, this big gridiron schedule should take a lot of headlines away from the final stages of the baseball pennant races. And, also, judging from last Saturday, there will be some upsets.

The two chief victims of the opening day show were Texas Christian, which suffered a 13 to 0 defeat by Kansas in front of the national television cameras, and Kentucky, upended 25 to 6 by surprising Villanova.

**Ex-Army Stars Shine**  
An odd note here was that both upsets were sparked by backs who performed for West Point until they were swept off the Plains by the "cribbing scandal." Gil Reich was the man who tossed two touchdown passes for Kansas, and Gene Filipki was the hard-running back who ripped through Kentucky's forward wall.

Maryland, ranked the nation's No. 2 team, narrowly averted an even greater upset by Missouri but won 13 to 10.

In addition to the Ohio State-Indiana battle, conference play this week will be highlighted by: Ivy League—Columbia-Princeton; Big Seven—Colorado-Oklahoma; Southeastern—Georgia Tech-Florida, Kentucky-Mississippi, Louisiana State, Alabama, Tennessee-Mississippi State, and Tulane-Georgia; Southern—N. S. State-George Washington and four others:

PCC-Washington State Stanford Missouri Valley—Detroit-Wichita Friday; Skyline-Brigham Young-New Mexico, and Wyoming Montana.

Other leading games this week include: Army-South Carolina, Clemson-Villanova, Idaho-Utah, Illinois-Iowa State, Pittsburgh-Iowa, Syracuse-Boston U. Friday Cornell-Colgate, Harvard-Springfield and Penn State-Purdue.

## Gov. Stevenson Remains Mum

SPRINGFIELD, Ill., Sept. 25 (UP)—Gov. Adlai E. Stevenson returned here Wednesday after a campaign swing along the eastern seaboard and refused to elaborate on his position on the use of private funds to supplement the salaries of state employees.

Stevenson's plane landed at 11:58 a.m. CST. About 100 persons were on hand at Capital Airport to meet him and his party.

"I enjoyed very much traveling through New England, New York, Maryland and Virginia," Stevenson told reporters. "But I'm always glad to be home. I think it was a very satisfactory trip."

Asked by reporters if he would hold a news conference before he leaves Friday on another campaign tour, Stevenson said he did not know.

### America's Free Press In Danger, Shivers Warns

HUNTSVILLE, Sept. 24 (UP) Gov. Allan Shivers warned Tuesday "there are powerful forces at work" to throttle freedom of the press in America.

The governor spoke at the dedication of the new \$425,000 Graphic Arts building at Sam Houston State Teachers College in connection with homecoming ceremonies honoring Defense Secretary Robert A. Lovett.

"Since the days of the Telegraph and Texas Register, whose press Santa Anna dumped into Buffalo bayou, Texans have relied on their newspapers to take the lead on the road to progress," he said.

"These are times," he warned, "when much of the world's press is muzzled and enslaved—busily engaged either by coercion or by choice in lading our propaganda, stirring up hatreds, perverting the truth, deliberately misleading the people instead of informing them. With this grim picture reaching us from other lands, how proud we should be of our precious heritage of a free press; how zealous to preserve that freedom, how

watchful and suspicious of any attempt to encroach upon it—whether that attempt comes from Moscow, Washington or Austin."

"Above all, we must not take any freedom for granted. Make no mistake about it—there are powerful forces at work in the world to add America to that list of countries whose people are fed propaganda instead of information, lies instead of truth. Unfortunately, in our own land there are also those who try, by subtle means, to gag and muffle the clear voice of the press, or to distort the truth and hide the facts. Against these sly attempts we must be doubly vigilant," he said.

### Many Top Tilts On Week's Slate High Grid Card

The defending state champion Arlington Colts face the first big hurdle of the season Friday night when the entertain Class 3-A Irving in this week's top game on the Class 2-A high school football card.

Coach Mayfield Workman's Colts, despite heavy graduation losses and an added setback last week in the loss of three linemen because of the eight semester rule, rolled over Garland in the season's opener 25 to 0.

The Irving game should give Colt fans a tipoff on the strength of the champions.

LaVega, last year's runner-up, plays at Gatesville Friday night after dropping a close 25 to 20 decision to Mexia in the opener last week.

Two of last year's semifinalists, Anson and Donna, have started off like contenders again this year.

Donna, which plays Rio Grande City in the only conference game in the state, has already won three games, more than any other Class 2-A team. Donna beat Sinton 39 to 12, San Benito 15 to 7, and Pharr-San Juan-Alamo 25 to 6.

Anson plays Haskell at home Friday after two thumping victories over Coleman, 39 to 15, and Roby, 55 to 6.

Pleasant Grove, which lost out to Arlington last year's quarterfinals, meets Birdville in Arlington's district Friday after victories over Dallas Tech, 13 to 6, and Waxahachie, 33 to 21.

Huntsville, another quarterfinalist in 1951, is underdogged and unscathed upon this year in two games and meets El Campo Friday night at El Campo. Huntsville piled up 90 points in its first two starts.

Perryton, the highest scoring team in the state, is host to Canadian Friday night. Perryton rolled up identical scores of 54 to 7 in slugging Graver and Spearman.

One of this year's pre-season favorites for the Class 2-A title, Pecos, plays Wink Friday after

### Army Will Call Many Men In Coming Weeks

United States Army and United States Air Force Recruiting and Induction Main Stations in Texas will be called upon in November to handle a larger flow of men for induction and examination than in many months, according to Col. I. G. Walker, Chief of the Fourth Army Military Personnel Procurement Section.

To help keep the Army at authorized strength and to maintain a pool of qualified men for future induction calls, examining units will process 12,203 men in November. This compares to 10,077 for October.

A total of 2,803 Lone Star men will be inducted into the Army during November; 8,000 will be preinducted and 950 men will be called up for re-examination. In addition 450 doctors will be preinducted.

The calls for manpower from Oklahoma, Arkansas, Louisiana and New Mexico, also will be heavy in November, Col. Walker said.

### \$137,000,000 Is Asked By Iran In Oil Dispute

TEHRAN, Iran, Sept. 25 (UP)—Premier Mohammed Mossadegh demanded Wednesday that Great Britain immediately pay Iran \$137 million but he did not threaten to break diplomatic relations if Britain failed to comply.

Mossadegh made his demand in a note answering the recent United States-Britain joint proposals to settle the oil nationalization dispute.

Mossadegh invited American Ambassador Loy Henderson and British Charge D'Affaires George Middleton to his house to receive the note.

After the United States and Britain—actually President Truman and Prime Minister Winston Churchill—made their proposals, Mossadegh rejected them.

He had threatened to break relations with Britain unless his own proposals were accepted. Shah Mohammed Reza Pahlavi and the Turkish and Indian ambassadors dissuaded him.

DISCLOSE AIR BASE NEAR POLE—Secrecy wraps are now off the Air Force's fantastic Arctic base at Thule, Greenland. The 90,000-acre, \$263,000,000 project is only 930 miles southeast of the North Pole. Photo shows Army engineers personnel unloading steel frameworks used in construction of the base.

### Georgia Tech Is Week's Top 11; Texas Rates 7th

Georgia Tech, an impressive 54 to 6 victor over The Citadel last weekend, crowded overpacked, but untested Michigan State for the No. 1 spot in the United Press football ratings this week.

Although Michigan State does not open its season until Saturday when it meets its traditional rival, Michigan, the 35 outstanding coaches who make up the United Press rating board accorded Coach Biggie Munn's team top position in the first weekly ratings of the new season.

But so impressed were they with Georgia Tech's showing that the Southeastern Conference team was ranked No. 2—just 36 points behind Michigan State. The Midwest team, the pick of the coaches in their pre-season ratings, received 14 first place votes and a total of 276 points while Georgia Tech received six first place ballots and a total of 240 points. In the pre-season ratings Georgia Tech was ranked third.

Maryland is Third Maryland, rated second at the start of the season, dropped to third place with 211 points after it barely managed to beat Missouri, 13 to 10, in its season's opener last Saturday.

In addition to Georgia Tech, California, Kansas, Villanova and Duke gained stature as the result of their victories in the first weekend of play of the 1952 season. California, rated fifth pre-season, was given fourth place with 188 points as a result of a convincing 34 to 13 triumph over the College of Pacific.

Texas Moves Up Texas, with a 35 to 14 victory over Louisiana State, advanced from tenth to seventh place.

Southern California, which buried a highly regarded Washington State team, 35 to 7, was placed eighth whereas it rated no better than a tie for 13th place in the pre-season predictions.

Kansas Jumps to Ninth Kansas, 13 to 0 upset conqueror of Texas Christian, drew ninth place against its pre-season rating of 12th. Villanova, which failed to receive a single vote in the pre-season balloting, received 42 points, good for 13th place, as a result of its 25 to 6 triumph over Kentucky.

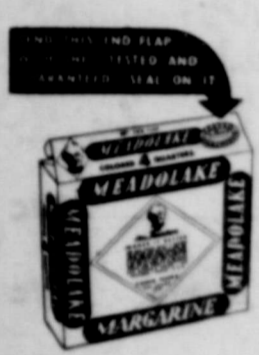

Duke with a 34 to 0 victory over Washington & Lee, received 28 points for 14th place against its pre-season placing of 19th.

In all, eight teams were given first place votes; Michigan State 14, Maryland 8, Georgia Tech 6, Kansas and Oklahoma 2 each, and California, Texas and Southern California, 1 each.

In addition to Michigan State, three other teams which have not opened their seasons were voted among the first 10—Oklahoma in fifth place, Illinois sixth and Wisconsin tenth.

### Texas Ags Meet Sooner Plowboys in Cotton Bowl

COLLEGE STATION—TEXAS A&M invades the Cotton Bowl stadium in Dallas Saturday night for its seventh game with the Oklahoma Aggies.

The Cadets surprised a lot of people last week in their 21-13 victory over the Houston Cougars and will meet another Missouri Valley conference school this week in Coach J. P. Whitworth's Cowboys.

The Pokes played the powerful Arkansas Razorbacks a fine game, losing on the strength of

a field goal, 22-20, in Little Rock Saturday night.

Thus, the Southwest conference came through with two close victories over its sister loop, the Valley, but it didn't fare so well in the Big Seven. Texas Christian defending SW champs, invaded Lawrence, Kan., Saturday afternoon and before the nation's several million television viewers, lost to Kansas University and former Army great, Gil Reich, 13-0.

The Texas Aggies, who unveiled two terrific runners against Houston in Ray Graves, the "rubber-man" quarterback, and Don Ellis, the LUS transfer, must face two ex-Army stars in the Cotton Bowl Saturday night, Elmer Stout, fullback and defensive cap-

### William Gordon Is Grand Master Knights Templar

NEW ORLEANS, Sept. 25 (UP)—William C. Gordon of Marshall, Mo., Wednesday was elected grand master of the grand encampment of Knights Templar of the United

States. He succeeds Robert B. Gaylor of San Francisco.

Walter Allen Delamater of Rhinebeck, N.Y., who has been serving as grand generalissimo, becomes deputy grand master, succeeding Gordon.

Other advancing in the top offices were Louis Henry Wieber of Cleveland, Ohio, from grand captain general to grand generalissimo; Paul Miller Moore of Alliquippa, Pa., from grand senior warden to grand captain general; Ansel Alva Packard of Middletown Conn., from grand junior warden to grand senior warden; John Temple Rice of Chicago was re-elected grand recorder, and Arthur Louis Lee of Jamaica, N.Y., was re-elected grand treasurer.

### Court Charges Tulsa AFL Heads With Contempt

TULSA, Sept. 25 (UP)—Leaders of an AFL Machinists Union Wednesday faced contempt citations in connection with the 40-day strike against the Gas Pump Burner Mfg. Co., plant here.

The citation came shortly after County Attorney L. J. Bicking filed aggravated assault charges against two union members, Philip J. Stewart and Wade Jones.

District Judge W. Lee Johnson set hearing for Oct. 1 on the citations, filed on complaint of company attorney Robert Huff that a restraining order issued earlier this month had been violated.

Stewart and Jones were charged

### 29-Hour Riot At Illinois State Prison Is Ended

CHESTER, Ill., Sept. 25 (UP)—The screams of a wounded youth stilled a 29-hour riot at Menard State prison and, one by one, 300 rebellious convicts were checked Wednesday for their grievances and concealed weapons.

Michael Seyffrit, director of the state department of public safety, took charge of an investigation into prisoners' grievances that included a demand for "more meat and less gravy."

State police helped regular guards watch over the restless prisoners of 1,884 convicts. Six hundred prisoners started rioting Monday night. An armistice was reached Tuesday, but 300 convicts broke the truce Tuesday night.

Police fired at least 20 tear gas bombs and volleys of shotgun shells from riot guns at the windows in the five-tiered east cell block building then. The prisoners used fire hoses and tore steel from the walls and fixtures and hurled it at the authorities.

A shotgun pellet hit Paul Turner, 18, Decatur, Ill., in the face. Turner, who was wielding one of the fire hoses, fell to a catwalk and his piercing screams brought silence in the cell block. The rampaging prisoners shuffled off to their cells and guards entered and locked them in.

### Maj. Gen. Hall In New AFB Post

GARDEN CITY, N.Y., Sept. 25 (UP)—Maj. Gen. William E. Hall, 45, of McAlester, Okla., Wednesday replaced Maj. Gen. Alvin C. Kincaid, 60, of Orleans, Ind., as vice commander of the Continental Air Command with headquarters at Mitchell Air Force Base.

Hall previously was in command of the Fourth Air Force at San Francisco, a post in which he relieved Kincaid. Kincaid is retiring.

**Nine Counties Report Heavy Rain Damage**

AUSTIN, Sept. 25 (UP)—The torrential rains over nine Central and South Texas counties two weeks ago caused about \$3,481,000 worth of damage, according to state defense and disaster relief headquarters.

The agency said heavier damage was in Gillespie county, where the total was put at \$1,381,000. The figures were compiled from reports of county judges and information obtained by the agricultural extension service of Texas A&M College.

The state agency noted that "county judges pointed out that the damage was offset by the excellent moisture—now in the soil as a result of the rains."

with your favorite play... such as "Boy! Wasn't Cantrell driving on that 20-yard run!" and then hear some joker you didn't think knew the guard from the fullback come out with "Yes, but did you see the hole that James and Bargrave opened—and the downfield blocking of Justice and Chic?" then he goes on to say "Barnes trapped the tackle perfectly when Massegee made his long run."

So... we come to a startling conclusion—more people watch the blocking than they do the ball carrier.

So... we rushed home to make a note of it... and tell the little woman what we thought was a brilliant discovery... and imagine the size of my next surprise when she answered... "Why sure, my dear, everybody knows a team is no better than its blocking—no blocking, no games won"—then she delivered the hay-maker as she whipped out with "Every run Camacho made the last four years there was beautiful blocking in front of him."

After a long think on that one... "I bet somebody was blocking out in front of him"... so... after a night's sleep on all this, I arose early to ask my block-watching mate this question... "Is lack of blocking the cause of the Bulldogs not rolling so far?"... but... all I got for an answer was the hands-on-the-hips and one of those searing glances with an invitation to see for myself.

So... this Friday night I think I shall watch... to see if the leather is popping and smoking in that line... like it did... in front of our snake-hipped little Santo... last year.

A very lovely and attractive young Rangerite loaded with all the charms any spouse-hunting gent would really go for, was asked why she didn't get married.

"I beg your pardon, Mr. Heavy Lee," she retorted. "I don't need to get married."

And before we could stammeringly interrupt, the eyelid explained:

"I have a parrot that cusses everytime he opens his mouth. I have a dog that growls everytime I feed him. I have a fireplace that smokes up my living room and gets ashes all over my rugs. And I have a cat that stays out all night!"

"So," she questioned with emphasis, "why should I get married?"

**Election Probe Verdict Is Due Sometime Today**

RIO GRANDE CITY, Sept. 25 —A grand jury which has been probing Starr county election conditions, was scheduled to report sometime Thursday.

Whether or not any indictments would come from the election probe or from routine cases was a matter of speculation.

The grand jury was impaneled Monday. It has been studying the voting conditions of the July 26 primary which was contested between the "new" and "old" party elements of the Starr county Democratic party. The "new" party incumbents—claimed victory in most county races but the 15 "old" party candidates contested their election in a two-weeks-long civil suit in which charges of voting of non-residents and non-citizens and of persons who had not paid poll taxes were aired.

Wednesday Judge Sam Reams, who will receive the grand jury's report, dismissed a "show case" case against District Clerk Ernest Trevino, who had been asked to show cause why he should not be held in contempt of court for shuffling names of the grand jury panel.

**Liquor Broker Cleaned In 'Black Market' Case**

WASHINGTON, Sept. 25 (UP)—The U. S. tax court has cleared a New Orleans liquor broker of government claims that he received \$72,370 in "black market" commissions on whiskey sales in 1943, court records showed Wednesday.

The Bureau of Internal Revenue previously had ruled that liquor dealer Herman Leiser had failed to declare the alleged commissions in his 1953 income tax return. The bureau added a 50 per cent charge against Leiser as a fraud penalty.

The tax court found, however, that the government's claims against Leiser were based largely on testimony by Steven Castleman, a Vicksburg, Miss., liquor distributor. Castleman has testified that he had been required to pay Leiser the \$72,370 in excess of OPA

## Reds Break Off Liaison Talks With UN

### UNITED NATIONS COMMAND WILL TRY AGAIN TOMORROW

By PETER KALISCHER  
United Press Staff Correspondent  
TOKYO, Sept. 25 (UP)—The Communists broke off liaison discussions of a resumption of the Korean armistice conference today, but the United Nations command suggested they try again tomorrow.

The Red liaison officers arbitrarily recessed this morning's meeting with UN liaison group in Kaesong and stalked angrily from the room without arranging for any further sessions.

However, Gen. Matthew B. Ridgway, the Supreme UN commander, ordered the following note sent to the Reds tonight:

"Despite your unilateral action in recessing the meeting today and your abrupt departure therefrom, I am prepared to meet with you tomorrow... at 10 a.m. (9 p.m. today EDT) to discuss conditions mutually satisfactory for resumption of the armistice talks."

An allied liaison officer delivered the note to the Communist at the enemy check point at Pan Mun Jon on the southern edge of the Kaesong neutral zone at 6:15 p.m. (5:15 a.m. EDT).

The Communist bolt came at the second meeting of the liaison groups in Kaesong since both sides agreed to try to arrange resumption of the cease-fire conference broken by the Reds Aug. 25.

It was touched off by a United Nations proposal that the Communist liaison group get "broader authority to discuss conditions—that would end, once and for all, the interruptions to the military armistice talks."

"The lack of authority on the part of the Communist liaison officers, only served further to delay resumption of the meetings," Col. Andrew J. Kinney, chief UN liaison officer, said.

Col. Chang Chun San, the senior Communist liaison officer, refused categorically to discuss any "conditions" for resumption of the truce meetings. He said he was prepared to discuss only the date and time for the armistice sessions.

Chang thereupon recessed the liaison meeting and stalked "angrily" from the conference room, a bulletin from supreme UN headquarters said.

Although the UN command has not specified what "conditions" it had in mind for resumption of the full truce meetings, it has hinted that they include shifting the conference from Kaesong to some other site.

### Ranger People Urged To Attend X-Ray Meeting

Dr. W. P. Watkins urged this morning that all persons interested in the chest X-ray survey that is planned for Eastland County to be present at the meeting to be held at the First Christian Church in Eastland Wednesday at 2:30 p.m.

Dr. Watkins said that he would like to have good representation of the people of Ranger including, businessmen, doctors, lawyers, druggist, and all the civic organizations at the meeting tomorrow.

This meeting tomorrow will formulate plans for the chest X-ray that is under study, and should start here in about six weeks.

It is important that this undertaking by the Texas State Department of Public Health to give the full cooperation of the people of this area, so that it may succeed in its purpose. To insure the success, Ranger must be well represented at the conference tomorrow.

### Senator Asks For Tougher Tax Bill

WASHINGTON, Sept. 25 (UP)—Sen. Joseph C. O'Mahoney, D., Wyo., today opened a floor fight to write a tougher excess profits tax provision into the Senate's \$5,500,000,000 tax bill.

O'Mahoney wants the Senate to approve the same provision at the House for credits to be given corporations in figuring their excess profits taxes. The Senate bill would keep the provisions of the present law, which give corporations an easier break.

Chairman Walter F. George, D. Ga., of the Finance Committee, which drafted the tax bill, was openly disappointed at the Senate's slow progress on the bill. He predicted that the upper chamber will not finish it until "the middle of next week."

In a nine-hour session yesterday, the Senate finally approved by voice vote the committee's proposal to tax "unallocated income" of all cooperatives regardless of size.

The provision would require cooperatives to pay regular corporation taxes on all income that they do not allocate to members.

The allocations must be "definite" but the bill does not require them to be in merchandise, cash, or hardware.

### Four Hundred Future Homemakers Attend District Meeting

Four hundred Future Homemakers of America attended the annual fall meeting of district Three held Saturday at the Eastland High School.

Mrs. Joseph M. Perkins, honorary member of the Texas association of Future Homemakers, was the speaker for the morning session and in her talk to the girls, she suggested that the members be homemakers in the future, but that they put it far enough into the future, to complete their education.

Wendell Siebert welcomed the guests.

Ray Bell Causey of Comanche and Marjorie Whit of Goldswaiter, district presidents, presided.

The local chapter contributed the showing of a technicolor film, titled, "This is Nylon," to the program made up of contributions from 15 different chapters of the district.

The Comanche chapter presented an old fashioned style review. Other chapters presenting numbers on the talent show, consisting of plays, musical and vocal numbers were: Goldswaiter, Hamilton, DeLeon, Lingleville, Lampassas, Gateville, Dublin, Cisco, Jonesboro, and Ranger.

Breckenridge presented three numbers, Hamilton two, and the other chapters, one each.

Twenty four schools of the district were represented including: Comanche, DeLeon, Lingleville, Lampassas, Gateville, Dublin, Cisco, Jonesboro, and Ranger.

The spring meeting will be held at Evant.

### Community Chest Will Meet At 4 P.M. Wednesday

Chairman C. J. Owen, of the Ranger Community Chest, has called a meeting of the directors of the Chest for Wednesday afternoon at 4:00 p.m., at the Ranger Chamber of Commerce.

The member units of the Community Chest will present their budgets to the directors at the meeting, showing their needs for the year 1952. The Chest drive for Ranger will be based on these figures.

The directors of the Chest for the approaching year are: Buddy Vinson of the Veterans of Foreign War; Lloyd Bruce of the American Legion; Archie Robinson for the Boy Scouts; Mrs. John Bates of the Girl Scouts; "Andy" Anderson, Ranger Chamber of Commerce; Mrs. P. M. Kuykendall, Child Welfare Society; Allan Smith of the Lions Club; F. P. Brasher, Rotary Club; Morris George of the Ranger Junior Chamber of Commerce; Mrs. E. L. McMillen of the Salvation Army; Mrs. J. R. McLaughlin of the library; and Mrs. J. F. Morris is the secretary for the Chest this year.

### Husband Beaters Face Charges

FORT WORTH, Sept. 25 (UP)—A Gainesville man, who apparently didn't approve the treatment accorded his former wife by his successor, was one of three men facing assault charges here today.

The successor, a 29-year-old Ft. Worth timekeeper, told police yesterday he had beaten his wife last week. His wife's former husband, the former husband's brother, and his wife's brother all ganged up on him.

To add insult to injury, he said the three men carted him home to show his wife numerous cuts and bruises before they allowed him to go to hospital for treatment.

### TOP TILTS ON FOOTBALL CARD FOR RANGER FANS THIS WEEK

Ask anyone where they are going these days and they will tell you to the football game. If you don't want to miss seeing them at the game you better ask which one. Slated for the week on the football picture for Ranger are four games, three here and one away.

First on the football schedule for the week was the game today between the "Pups" of Ranger high and the "Doggies" of Eastland at 3 p.m.

Thursday night will be the big day of football when two Ranger teams see action. The Ranger Junior College Rangers met a very highly regarded team from Allan Academy on the home field here. Junior College has broken even in the won and lost department this year; losing to Midwestern and defeating Deatur.

The other tilt will be the Ranger Bulldogs "B" team meeting the "B" team of the Comanche Indians at their home in Comanche. The "B" has yet to be scored on this year, and have made the statement that they will still be unscared on at the end of the season.

Next, and the final game of the week for the local teams will

by the Brady Bulldog and Ranger Bulldog game here Friday night. This promises to be one of the top Class AA games of the week anywhere in this section. The Brady team has played some rugged opponents this season and has not been defeated as yet—of course, that will all change after Friday night.

Don't miss a game if possible. Show these hard working players of the College and High School that the town is behind them one hundred per cent, win or lose.

### Six Eastland Co. Boys To Get Heifer Calves

Six Eastland County 4-H Club and FFA boys were chosen Thursday night for thirteen applicants for registered jersey heifers, at a meeting of the Eastland County Youth Dairy Committee in Cisco.

The six calves represent the first crop of heifers born to some 15 jerseys given the club boys by county business and civic groups last year. Under the agreement the club boys return their first heifer calf to the committee as payment for his cow. As the calves come in they are assigned to other club boys, by the committee.

The six boys whose applications were approved were Ralph Berry, 4-H club boy living south of Cisco, Carol Sandlin, Carbon, 4-H club boy, Durwood Fussell, Rising Star, FFA boy, Clyde Moore, Eastland FFA boy, Neil Tankersley, Morton Valley FFA boy, and Gene Agnew, Cisco FFA boy.

The calves will be presented to the boys in a ceremony, October 13, at 2 p.m. under the direction of C. G. Rosenthal, Cisco mayor. A speaker for the occasion will be secured by R. A. Butler, manager of the Cisco Chamber of Commerce.

Several applications were received from club girls, but the committee decided not to consider them at this time.

### Plumber Finds Burning Earth

NEWMAN, Calif., Sept. 25 (UP)—Plumber Truman Stenseth decided to call police when he found he was inadvertently carrying out a scorched earth policy.

Stenseth was digging for a leaky water main in the middle of town yesterday when all at once a shovelful of earth began going up in flames. The same thing happened to a second shovelful. Stenseth called police.

They sealed some of the dirt in a can and sent it to the State Fire Warden for a laboratory examination.

Meanwhile, officers discovered from old-timers in the town that a drugstore used to stand where the plumber had been digging. They concluded—until the laboratory comes up with something better—that the drugist probably had a lot of old phosphorus in stock, wanted to get rid of it and buried it where Stenseth was working.

### Comanche Trail Scout Leaders Hold Area Meeting In Ranger

Representative of the Ranger, Eastland, Breckenridge, Brownwood, and Cisco Boy Scouts of America of the Comanche Trail met at the Young School yesterday evening.

Present were 29 leaders of the various scout troops of the Comanche Trail, and one group of Scouts from Breckenridge, that gave the entertainment for the evening. The scouts from Breckenridge presented a program of Indian dance, in realistic costumes made by the scouts themselves.

Earnest Maxwell of Breckenridge, was the chairman for the meeting last night and introduced all the visiting scoutmasters and representatives at the meeting. Brantley Hudson, district representative of the Boy Scouts of America, was introduced by Max-

### Four Hundred Eastland County Farmers To Be Honored At Fair

More than four hundred Texas farmers, who a few years ago were tenants, will be honored October 10 with a day at the State Fair of Texas. These farmers borrowed money through the Farmers Home Administration to buy family-type farms, and paid off 40-year farm mortgages more than 30 years ahead of schedule. Of this number, those who paid their debt from returns from the soil will receive certificates of achievement for having paid their loans in full this year from agricultural income.

Ceremonies of awarding certificates signed by President R. L. Thornton of the State Fair of Texas, and Texas FFA Director L. J. Cappelman will be held in the Hall of State on the State Fair Grounds at 1:00 p.m., October 10, County Supervisor George I. Lane announced this week. The number will include one farmer of Eastland County, the Supervisor said. He is making plans to accompany a delegation of five county families to Dallas for the event. County Committee men of F.F.A. A. Z. Myrick, M. H. Perkin, and Clint McCain, plan to attend this ceremony.

### 200 People See "Hobgoblin House" Play

Some 200 playgoers were on hand last night for the opening performance of the Band Boosters Play "Hobgoblin House."

The play was well received by the audience, with a lot of laughter, chills and thrills afforded by the cast of the hair raising mystery.

Tonight is the second and final performance of the Band Boosters production for this year. Don't let this opportunity get by without taking advantage of it.

Take your family out for an enjoyable evening at the High School auditorium and see the final performance of the "Hobgoblin House."

### Comanche Trail Scout Leaders Hold Area Meeting In Ranger

Representative of the Scout leaders on the promotion of the western theme for the scouts in this area from now until December 1. The scout work in this area will follow that theme and all work will be coordinated into that idea.

Home Todor of Breckenridge spoke to the scouts present on the magazine "Boys Life." Urging the people in Scout work to get the magazine, and for the parents of the Scouts to subscribe to it for the scouts.

The members of the Young School P.T.A. served a meal of chicken to the scout leaders, and the scouts from Breckenridge. Monthly meetings will be held by the leaders of the scout movement in this area to see how their new western theme is progressing from time to time.

### Services Held Today For T. F. Maddox

Funeral services were held today at 3:30 p.m. for Thomas Frank Maddox, age 79, who died in the Methodist Hospital at Dallas, September 24, 1951.

Maddox was born in Arkansas, February 4, 1878 and had lived in and around Ranger for some 42 years. He had been in Dallas about three months, living with his daughter, Mrs. F. N. Wheeler. Maddox was preceded in death by his wife in February, 1950. He was a member of the Second Baptist Church of Ranger until he moved to Dallas where he became a member of the Colonial Baptist Church.

Reverend Jasper C. Massegee will officiate at the funeral service for the deceased this afternoon. Interment was in the Merriam Cemetery.

Surviving Thomas F. Maddox are one son: Gid Maddox, Ranger; two daughters: Mrs. F. N. Wheeler, Dallas and Mrs. Myrtle Thomas of California; three brothers: Erskin Maddox, Ada, Okla.; Andrew Maddox of Hobart, Oklahoma; Sam Maddox of California; and one sister: Louvina Cotton, residing in California.

The deceased is also survived by eight grandchildren and six great-grandchildren.

### Santa Claus May Not Give Bonus

WASHINGTON, Sept. 25 (UP)—Unless Santa Claus brought them before, salaried employees may not get Christmas bonuses this year.

The "Scrooge" in this case is the salary stabilization board, which keeps a close lookout over bonuses to see that they do not add to the inflationary pressure.

Salary stabilizer Raymond B. Allen sounded the warning about a possible crackdown on new Christmas bonuses in a copyrighted interview with U. S. News and World Report, a weekly magazine. Allen said that employers would have to apply very early for authority to give bonuses to allow the board time to consider the requests. And he said the board would take a "good look" to find out why employers have "suddenly" decided to pass out bonuses this Christmas.

### Shoplifting Gets Worse

WASHINGTON, Sept. 25 (UP)—Shoppers, caught in a nation-wide "moral relapse," are stealing more and bigger items from grocery shelves, Austin S. Iglehart, president of General Foods Corp., said today.

Iglehart told the National Association of Food Chains that results of a poll he conducted recently among grocery owners showed a sharp increase in shoplifting and in greater amounts per theft.

One storekeeper, he said, reported that "increased storeage is only part of a new pattern of things: embezzlement, returned checks by regular customers and store holdups."

American railroads moved 404 million tons of coal last year.

Corn is the biggest crop in Nebraska in terms of weight.

### German Sailor Wants To Raise Baby In U. S.

CHARLESTON, S. C., Sept. 25 (UP)—A German sailor appealed today to Secretary of State Dean Acheson to permit him and his wife to remain in the United States to rear their daughter who, by geographical quirk, was born an American citizen.

Deetmer H. Otto, 34-year-old radio operator aboard the German owned SS Bellatrix anchored here wrote Acheson that circumstances had made his child an American while he and her mother are German nationals. He begged for a chance to remain in this country to "bring up our daughter free from the fear of Communism."

The seaman explained that his daughter, 24-day-old Dagmar Nancy Bellatrix Otto, was born Sept. 1 in the Norfolk, Va., a stewardess aboard the Bellatrix, was put ashore there July 26 because of her condition.

Immigration officials at Norfolk accused Otto of "deliberately creating a situation by which his child would be born an American."

### Uranium Was Taken As Souvenirs

WASHINGTON, Sept. 25 (UP)—The two chunks of uranium found at Dalhart, Tex., were taken as "souvenirs" from Los Alamos, N. M., six years ago, according to chairman Brien McMahon of the Joint Congressional Atomic Energy Committee.

Teh Connecticut Democrat said the uranium was taken while the Army had control of atomic materials and was accounting for it on a "ton lot" basis.

"The chunks are made of ordinary uranium, not refined to the point where it could be used in a bomb," McMahon said in a statement.

"I am informed further that accountability for materials during the hectic wartime period was on a ton-lot basis. Today, of course, the atomic energy commission accounts for materials on the basis of tiny fractions of a pound.

"The army records covering the period when the uranium chunks were removed have been turned over to the commission, which took charge in January, 1947. I have therefore asked the commission to make public a statement of the facts so far as can be determined from Army records and so far as security permits."

Maj. Gen. Leslie R. Groves, who commanded the Manhattan Atom Bomb Project during World War II, said he had "no idea" how the uranium got from Los Alamos to Dalhart.

AEC officials refused to comment on the uranium specimens except to say that the chunks were pure uranium. According to atomic experts, pure uranium is as harmless as lead, although it sparks when scratched and glows in the dark.

The first piece of uranium was found at Dalhart, a town near the Texas-New Mexico border, more than three months ago by three Dalhart boys. It was partly buried in the earth near a highway. FBI Agents found the second and heavier chunk in a Dalhart scrap heap. The AEC now has both specimens.

### Charges To Be Filed In Beer Death Of Baby

DALLAS, Sept. 25 (UP)—Charges of murder without malice were expected to be filed today against a 17-year-old youth who admitted giving a year-old infant "several shots" of beer shortly before it strangled Saturday night.

Det. Capt. Will Fritz also believed a final autopsy report on the infant's death would be handed him today.

The child, Leslie Fletcher, was left with a teen-age baby sitter by his mother, Mrs. Betty Lois Fletcher, while the mother attended a movie.

The youth and a 12-year-old boy told police they were visiting the baby sitter when the youth decided it would be "cute" to watch the baby react to a drink of beer. After the second drink the infant's hands began turning blue and it was dead on arrival at a hospital.

### Taxes, Taxes More Taxes; Says Actor

HOLLYWOOD, Sept. 25 (UP)—Dashing film star Errol Flynn planned today to appeal to the state supreme court to modify a property settlement with his first wife, Lili Damita, which he says will cost him more in pyramiding taxes than he earns.

Flynn lost a superior court suit to modify the agreement yesterday when Judge Elmer D. Doyle ruled that he lacked jurisdiction because the property settlement was not part of their 1942 divorce action.

The actor contended that under the terms of the agreement, he must pay the French actress \$1,500 a month alimony, \$400 a month support for their son, Sean, and the boy's school and medical expenses.

In addition, Flynn agreed to pay taxes on the alimony, but the internal revenue bureau has ruled that the taxes were part of Miss Damita's income from Flynn and were taxable the following year.

Flynn said if he continued paying taxes on taxes, eventually he would be paying his former wife more than he earned.

### Methodist's To Meet At 7:30 For Conference

The first quarterly conference of the First Methodist Church will be held Tuesday evening at 7:30 o'clock, according to announcement made by Rev. J. Morris Bailey, pastor. Rev. Leslie W. Seymour, superintendent of the Cisco District will preside and the conference and present an unusual program in connection with the business of the quarterly conference.

Reports will be made covering the work of the church last June. Every one is invited to attend.

### Graveside Rites Held For Infant Stephen Johnson

Graveside services were held this morning at 10:30 a.m. for little Stephen Craig Johnson, son of Mr. and Mrs. Frank Johnson of 2719 Kilburn Avenue of Dallas. The baby lived only forty-eight hours.

Rev. Garland Lavender and Rev. Ralph Perkins officiated at the service with Killingsworth Funeral Home in charge.

The grandparents are Mr. and Mrs. J. A. Johnson and Mr. and Mrs. Fluke Turner of Ranger.

**Socialite Dies From Effects Of Over Dieting**

DETROIT, Sept. 24 (UP)—The husband of a striking 44-year-old socialite today blamed her death on the effects of anemia and strict over-dieting to retain her figure.

"She just refused to eat to keep her weight down," said Francis Allen Miles, an architect.

His wife, Mrs. Marian Peck Miles, who was reported to have inherited a huge fortune from her Canadian father, died at her sumptuous Grosse Pointe farms home Saturday.

She had been on an oxygen tent for more than a month. Her husband said she suffered from purpura anemia and her doctors

had warned her repeatedly against over dieting.

The blonde heiress, who was acclaimed as one of the world's most beautiful women, insisted on keeping her weight down to 125 pounds.

When she went over she would go on coffee diets "for days and days," Miles said. At the end she was so weak she could not lift her arms.

Her son, Butler, 21, a student at Florida Southern College at Lakeland, Fla., said his mother weighed 120 pounds at death. She was slightly over average height—five feet, seven inches.

Her doctors could not be reached for comment, but Miles said they had done everything possible to get her to eat more.

He said doctors attributed the death to a generally wasted condition. A death certificate had not been filed yet with the board of health.

Her father was the late Francis G. Peck of Ottawa. He was reputed to have left a huge fortune to Mrs. Miles and four other sisters.

She married Miles, a native of Charleston, S. C., in St. Patrick's Cathedral, New York City, in 1926.

**WIFE SLAYER DIES IN CHAIR AT HUNTSVILLE LAST NIGHT**

HUNTSVILLE, Sept. 25 (UP)—Steve Mitchell, who was convicted of murdering his wife, died in the electric chair at Huntsville State Prison early today a few hours after being told he was sole heir to his wife's estate, valued at between \$35,000 and \$50,000.

"Money won't do me any good now," Mitchell said when told of a probate court's ruling. He refused to discuss the inheritance any further.

If affected in any way by the court's ruling, Mitchell did not show it. He spent his final hours with the prison's chaplain and marched to his death without making any final statement. He was pronounced dead at 12:08 a. m.

It was the second ironic twist to Mitchell's life since he was convicted April 6, 1950 and sentenced to death.

Her estate included a drive-in

cafe they both operated when she was alive.

During his trial, Mitchell testified he shot his wife because "she was stepping out on me." He said the actual killing was the climax to a long series of arguments over his wife's activities.

The shooting occurred early one morning as Mitchell prepared to leave for the drive-in.

The place had earned Mitchell about \$300 per month ever since he was imprisoned.

The decision giving Mitchell his wife's estate was returned in Houston yesterday by probate Judge Clem McClelland who said he was forced to do so under Texas' community property law.

He said there were no statutes which prevented a man from inheriting his wife's property even though he had murdered her.

**Husband Sues For Alimony**

SAN FRANCISCO, Sept. 25 (UP)—Jacob Solomon, 67, wants his wife to pay him \$1,500 a month separate maintenance so that he can live in a manner justified by her income.

Solomon filed a separate maintenance suit yesterday against his wife, Rachel, of San Carlos, Calif., under a new state law allowing husbands to demand al-

mony of their wives in separate maintenance and divorce suits.

Solomon said he and his wife were married in Hong Kong 47 years ago and came to San Francisco as refugees in 1940. He said he lost all his money when the Japanese invaded China. But that his wife "hung on to some."

## LOOK WHO'S NEW

Mr. and Mrs. Bill J. Foster of Attwood community, near Cisco, are the parents of a baby boy born Thursday in the Graham Hospital in Cisco. The baby weighed four pounds and a half and has been named Billie Jo. He is being kept in an incubator in the hospital.

The maternal grandfather is Mr. Frank Taylor of Ranger and the paternal grandparents are Mr. and Mrs. David Foster of Attwood.

## Personals

Mrs. E. A. Carruth of Keller, Tex. is here visiting in the home of her sister and niece, Mrs. W. B. Crabtree and Faye. She visited in the home of Mr. and Mrs. F. Lowell Monday.

Mr. and Mrs. A. N. Bradford and Mrs. Bradford's mother, Mrs. Rose Taylor visited their new nephew and great grandson in the Graham hospital in Cisco, Saturday.

Mr. and Mrs. T. F. Arterburn and Mr. and Mrs. D. C. Arterburn spent the weekend in Lubbock with their son and brother, Junior Arterburn, and attended the Texas Tech and West Texas State Football game Saturday.

Lt. Col. and Mrs. J. E. Fletcher have returned from Tokyo, Japan after spending some two years there.

## Huge Blood Sweating Hippopotamus Featured In Wallace & Clark Circus

Realizing that many of the towns visited by the Wallace & Clark Wild Animal Circus are far removed from the zoos of the larger cities, the management of this circus has endeavored this season to bring as many strange and wild animals as possible to these towns, and when Wallace & Clark exhibits in Ranger afternoon and night on Oct. 5th, a veritable traveling zoo will be on exhibition, a feature of which will be the largest hippopotamus ever imported to these shores. This monster animal, together with all the other animals carried by this circus, will be fed and watered at 10 a.m. on circus day, and the public is cordially invited to witness the feeding and watering of these animals free. The circus program of the Wallace & Clark Circus features many acts on their first American tour, and the people of Ranger will have a treat in store on circus day.

## State Fair Will Be Bigger And Better Than Ever

The most unusual attractions that have ever appeared in the Southwest will be featured on the million-dollar midway of the 1951 State Fair of Texas, Oct. 6-21.

The beautiful and the weird, the laughable and the sensational will evoke emotions ranging from hilarity to amazement among the more than two million visitors to the world's greatest state fair.

For example, Betty Lou Williams, a 17-year-old Negro girl who actually has four legs and three arms, will make her first appearance in Texas. She was chosen by the late Robert L. Ripley of "Believe It or Not", fame for his "Odditorium" show when she was but five months old. Her case has baffled medical science as well as millions of people who have seen her.

Then there'll be two mammoth giants who'll bring to mind the fabled story of "Jack and the Beanstalk." One is an Amazon giantess seven-and-a-half feet tall and the other is the famous 8-foot-tall giant brought to this country several years ago by Ringling Bros. Barnum & Bailey Circus.

Jess Willard, former world's heavyweight boxing champion, will also appear with one of the shows on the midway.

The biggest little people's show on earth will bring to the fair a talented aggregation of midgets, including a tiny little charmer who looks very much like Mae West and puts on a very realistic imitation of her.

Divena, the underwater ballerina who performs in a glass tank filled with water, will be a feature of the midway, as the star of a lavish musical revue. She has been seen in the nation's biggest and best-known night clubs.

These are just a few of the attractions on the 1951 midway.

Preparations for the 66th edition of the state fair are proceeding at an accelerated pace as the time grows short before the gates swing open on Saturday Oct. 6.

More than 5,000 entries already have been made in the livestock and poultry shows. The fair's new \$125,000 livestock pavilion is nearing completion and will be ready by fairtime.

By BEN COOK  
United Press Staff Correspondent  
HOLLYWOOD (UP) — Doris Day thinks she has a better answer than vitamin pills for persons who don't feel good.

Her prescription is rhythm. She says it is just as important as vitamins for good health and pep. And as a singer and dancer, she should know what she is talking about.

"I agree 100 per cent with the University of Zurich scientists who recently declared that rhythm has a lot to do with preventing fatigue and that work done with rhythm and coordination leaves one less tired than irregular activity," said the vivacious Miss Day.

The actress said she does not tire easily herself, even during a hard day's work. She says she has her mother to thank for this, because she was started in dancing and music lessons early and soon developed a feeling for rhythm.

A look at a typical day in Miss Day's life during the making of her current picture, Warner Bros. "I'll See You in My Dreams" with Danny Thomas, shows what she means.

Early to Work  
She pops out of bed at 5:45 a.m. to be at the studio at 6:45 for make-up and hair-do and costume. At 8:15 she bounds onto the set—with rhythm, of course—and talks with Director Michael Curtiz about the forthcoming day's work.

At 9 o'clock comes the first take, after which Miss Day has to forego the customary rest period in order to rehearse the next line director Ray Heindorf.

Comes noon, when there should be plenty of relaxation with lunch. But Curtiz, who must be rhythmic himself, orders lunch brought to the set so they can discuss the afternoon's work. Then it's back on the job until shooting and rehearsing end at 6 p.m.

And Miss Day leaves the set with a parting remark to Curtiz: "Yes, I'll rehearse tomorrow's lines after dinner."

Then she makes her rhythmic way home.

Auto workers averaged \$73.25 a week in 1950.

## Life In These United States

From Readers Digest  
"Mother, I wish I didn't look so flat-chested," said my 15-year-old daughter as she stood before the mirror in her first formal dress.

I remedied the matter by inserting puffs of cotton in strategic places. Then I hung around Mary's neck a string of seed pearls—but as my grandmother had done for my mother and my mother for me.

At midnight her escort brought her home. The moment the door closed behind him Mary burst into tears. "I'm never going out with him again," she sobbed. "Mother do you know what he said to me? He leaned across the table and said, 'Gee, you look sharp tonight, Mary. Are those real?'"

"I hope you told him they were," I said indignantly. "They've been in the family for three generations!"

My daughter stopped sobbing. "Oh, the pearls! Good heavens, I'd forgotten all about them."

Strolling about New York City last Easter, I came upon a crowd staring in fascination at a taxi cab—in its doorway the fattest woman I ever saw was stuck fast. The driver was pulling and pushing, while she struggled to pry herself loose.

"A small boy spoke up: 'I'll get her out for you, mister,' he said confidently and, walking to the other side of the cab, he threw something on the floor."

With a scream that should have waked the dead, the woman popped from the cab like a cork from a bottle.

On the floor of the cab was a small, gray-furred mechanical mouse.

"I came in to make an appointment with the dentist," said the man to the receptionist.

"He's out just now," said the receptionist, "but..."

## Service Pipe Awards Jobs

Contracts have been awarded Texas contractors to lay 6-inch pipe lines connecting two West Texas oil pools with Service Pipe Line Co.'s Jud-Bowie truck line now nearing completion. C. M. Scott, Tulsa, general manager said today.

Jim J. McCormick Co., Wichita Falls, Texas, will lay 15 miles to connect the North Knox City pool, and Gausch Construction Co., Brownfield, Texas, will lay 15 miles to connect the South Haskell pool.

Scott said the completed portion of Service Pipe Line's Jud-Bowie line was being hydrostatically tested this week. The 123-mile was approximately 90 per cent completed.
