Hit-and-Run Driver Jailed In Fargo, S.D.

Some golfers are keen on the first eighteen, but last their control at the nineteenth hole.

Most everybody read the Reader's Digest. Including this reporter.

Last night, in perusing our Feb'y issue, we noted an extremely interesting article which was revealing to us and may also be to most of our Texans.

In many states the government has been taken from the people by a lobbyist who is actually the state's "secret boss," charges Lester Velle in the revealing Digest article.

Though this unofficial czar holds no public office and his very name is unknown to most of the voters, he is sometimes more powerful than the governor himself.

He can elect legislators or doom them to retirement; his word can pass or defeat bills vitally affecting the purse and even the health of the state's people. He is responsible only to those who hire him.

Lobbyist Ed Clark constitutes the invisible government of Texas, the article reveals. Clark lobbies for Herman Brown, multimillionaire contractor, oil man and pipeline operator. At Texas' last legislative session, the Clark-Brown axis showed its power by ramming through a law classing labor unions as monopolies, restricting them under Texas anti-trust statutes and imposing fines up to \$1500 a day for violations. So drastic is this measure that no other state has one like it.

In California, three men—secret bosses all—lobby for the major oil companies, the "independent oils" and the liquor interests. Disclosure that liquor lobbyist Arthur H. Samish had more power in the legislature than Governor Warren rocked the state in 1949 and brought tighter lobbying laws. Samish's power remains virtually undiminished, however, Velle says.

In Colorado, iron and sugar lobbies dominate the legislature; truckers' and loan sharks' lobbies are powers in Missouri's government. A key lobby in Wisconsin is the city of Milwaukee; in Illinois

Here comes the New Rocket OSBORNE MOTOR COMPANY Eastland, Texas

WASHINGTON—Yes, we're fighting polio down in Texas too. Senator Price Daniel of Texas tells Pamela O'Neil, 5, when she pins a big March of Dimes button on the senator's coat. Pam, and her sister, Patricia (left) are the March of Dimes poster kids in the present drive for funds. They called at Senator Daniel's office during their visit to the National Capital. Both were stricken with polio at about the same time at their home in Raleigh, N.C. and both have fully recovered. Senator Daniel told the poster kids he is glad to support the March of Dimes.

The wildcat has been staked as the No. 1 T. L. Brown and is being put down by A. H. Richardson, Jr., et al, of Dallas.

Stock Show Will Sponsor Sunday School Classes

Parents of the youthful exhibitors in the junior show of the Southwestern Exposition and Fat Stock Show at Fort Worth, need not worry that the boys and girls will miss Sunday School — for a breakfast — Sunday School class will be held at the exposition.

The occasion will be held on Feb. 1 in Pioneer Palace and will be sponsored by the First National Bank, J. Lee Johnson, Jr., president, declared that the bank considers it a great privilege to be the host on such an occasion.

There will be a bountiful breakfast to which all the Future Farmers and 4-H Club members who will exhibit animals are invited, as well as their county agents and vocational agriculture teachers.

After the meal which will begin at 8 a.m., there will be special music and the lesson will then be conducted by an outstanding teacher.

Three Billions In Federal Taxes Is Texans' Share

Texas taxpayers would be required to pay out approximately \$3,355,664,800 in federal taxes as their share of the cost of the federal spending program of \$76.6 billion proposed by former President Harry Truman for the fiscal year 1953-54. This statement was released by the state and national affairs department of the West Texas Chamber of Commerce.

The WTCC pointed out that the \$3,355,664,800 which would be borne by Texas taxpayers to support the proposed budget submitted by Truman to the new Congress is more than seven times the amount of taxes collected by Texas last year to finance the entire State government. Total cost of Texas government was \$650 million, of which \$185 represented federal grants.

Officers Find Man After Six Weeks Search

The hit-and-run driver who is charged with the death of Sampson Van Zandt, 74-year-old Cisco, has been apprehended and is being held in jail in Fargo, S. D., it was reported today.

Arrest of the driver climaxed a search of more than six weeks by the Cisco Police Department and members of the Eastland County sheriff's office.

Following up leads, area officers finally traced the man to Fargo where he was picked up by South Dakota officers following issuance of an order for his arrest last week.

The man has been in the Fargo jail for several days, it was reported at Eastland late Tuesday and extradition papers will be executed to bring him back to Eastland County to face the hit-and-run charge.

The victim died Saturday, Dec. 13, at 7 p.m. in a Cisco hospital after having been struck by an automobile which did not stop.

Immediately following the tragedy, Cisco police and Eastland County officers and cooperating members of the State Highway Patrol began an intensive investigation and search for the death car, described as a 1938 or 1940 model Ford. Witnesses had said that it was a 2-door model and that the driver was alone in the vehicle at the time of the accident.

The tragic mishap occurred at the intersection of Avenue D and 14th Street in the south part of the Cisco business district.

The victim, Mr. Van Zandt, who walked with the aid of a cane, was crossing the street when he was hit.

One witness, Ed Hustis, jumped into his pick-up truck and attempted to follow the hit-and-run driver, but was unable to catch him.

Mr. Van Zandt was a retired farmer and had lived in Cisco about a year and a half, having moved there from the nearby Ninrod community. He and his wife were making their home on East 18th Street, Cisco, at the time of the tragedy.

The driver of the death car will face serious criminal charges following his extradition back to Texas, Eastland County officers said.

Mountaineers, RJC Re-Open PC Title Play

The third-place Purple & White Rangers of Ranger Junior College face a tough choice Saturday night on the hardwoods at Kerrville when they duel with the highly touted Schreiner Institute Mountaineers, in the latter's initial conference tilt.

The Schreinermen, however, have a highly impressive non-conference record—ten wins out of 15 starts. And two of their point-makers—Barney Aaron and Mark McCann—lead the current list of Pioneer's top scorers with 224 points and 223 points respectively.

The Rangers are currently in third spot in the PC standings, (a one lost, none won record), trailing San Angelo with one victory and the league-leading Arlington State Rebels who boast a perfect record with a pair of wins.

The Saturday night title marks the re-opening of Pioneer Conference round-ball activity after a brief lay-off for mid-term examinations.

The Mountaineers will be favored over the scrappy Rangers who recently lost a conference game to San Angelo.

The San Angelo Rams by defeating Odessa Junior College, 62-49, last week, indicated that they also may be a real contender for the title now held by the Arlington State Rebels.

Stock For Rodeo Slated As Jaycee Topic For Tonight

The forthcoming summer Rodeo of the Ranger Junior Chamber of Commerce will be discussed during a called meeting of the local Jaycees to be held tonight at 7 o'clock at the Gholson Hotel.

James Townzen, president, urges all officers and members of the young men's organization to be present for the session.

Homer Todd of Little Rock, Ark., is scheduled to meet with the Jaycees during tonight's gathering and discuss furnishing his stock for the coming RJC Rodeo which will be staged late in July.

Todd, well known over this section of the state, has furnished rodeo stock for previous years of the Jaycees.

Major Accidents Take 1,550 Lives In Nation In 1952

Catastrophe accidents, defined as those killing five or more persons—claimed approximately 1,550 lives in the United States last year about 250 less than the 1951 total, Metropolitan Life Insurance Company statisticians reported.

Most costly in loss of life was the series of tornadoes which ravaged the Mississippi Valley on March 21st and 22nd and caused 229 deaths—the heaviest toll in a single disaster since 1947. Six other accidents taking 25 or more lives in 1952 were:

Military plane crash near Moses Lake, Wash., Dec. 29, 87 lives;

Military plane crash at Tacoma, Wash., Nov. 28th, 37;

Scheduled passenger plane crash in Elizabeth, N. J., Jan. 28, 36;

Scheduled passenger plane crash in Elizabeth, N. J., Jan. 22nd, 36;

Unscheduled passenger plane crash near Los Angeles, April 18th 29.

Collision of two buses near Waco, Tex., Aug. 4th, 28.

The improved record for catastrophes in 1952 as compared with 1951 was traceable largely to the marked drop in the number of lives lost in railroad and civil air accidents, according to the statisticians.

Eastland Man Found Dead In Room At Hotel

Wick Adams, elderly retired restaurant operator, who has been making his home at the Connelley Hotel in Eastland for many years, was found dead in his room shortly before noon Tuesday.

A coroner's inquest gave the verdict as "death from natural causes." It is believed he suffered a heart attack. His exact age has not been ascertained, though he was in his 70s.

Adams was found in a kneeling position beside his bed, and was about half dressed, and it was assumed he suffered a heart attack while dressing at about 6 o'clock in the morning, as he had been dead for some hours before his body was discovered.

Maids at the hotel failed to arouse him when they called at about mid-morning. On a second call just before noon, when they failed to get any response, the management was notified, and officers were called.

Adams, who has been living here for many years, was a quiet-mannered man. He had no relatives in Eastland and very few associates. A nephew, whose name was not learned, resides in Lucasville, O., has been notified, and will likely arrive in Eastland today. It is also believed that Adams has either a niece or granddaughter who resides in Breckenridge, though as her name is unknown, she has not been contacted.

The body is at Hammer Funeral Home, where funeral arrangements await arrival of the nephew. Adams has resided in Eastland for many years, and is reported to be quite wealthy.

Brown's Habeas Hearing Is Due In Dallas Today

The habeas corpus writ hearing for Donald Hawkins Brown, charged with the New Year's eve gun-torch slaying of Joe Campbell of Dallas, son of Mr. and Mrs. Charles A. Campbell of Ranger, was not held Tuesday morning in Dallas as scheduled.

The case originally was set for hearing Tuesday at 10:30 a.m. in Judge Henry King's criminal district court but was postponed until Wednesday by Criminal District Judge Robert A. Hall who was a hearing another case yesterday.

Brown was indicted last Thursday of Campbell's murder by a Dallas County grand jury.

Purpose of today's hearing will be to determine the possibility of releasing Brown under bond.

Balmy Weather Back Tomorrow

Eastland County is scheduled to have cooler weather today and tonight, the U. S. Weather Bureau said Wednesday morning.

Today's high mercury reading will be in the lower 60s—about 10 degrees cooler than Tuesday's afternoon high in the 70s. It's all the result of a slight cool front which moved into the area last night.

The newest cold wave—temporarily breaking Eastland County's mild and sunny "June in January" weather—will be short-lived, according to the weatherman.

The mercury will dip into the upper 40s or top 30s tonight, but tomorrow clear and bright skies and balmy weather will be back again.

Heated Opposition Looms—REVISED VERSION OF BIBLE IS TOPIC FOR FRIDAY MEETING

A discussion of the new Revised Version of the Holy Bible—the subject of much controversy among some clergymen over the nation—will be held at the high school auditorium in Ranger Friday evening, Jan. 30, at 7:30 p.m., it was announced late Tuesday.

Sponsors of the event have labeled it "an interdenominational meeting."

"The purpose of the meeting," a spokesman said, "will be to examine the new Revised Version of the Holy Bible."

Three speakers, it was reported, would address the gathering.

These topics will be slated for discussion:

- (1) Where did we get the Bible?
- (2) The men behind the new Revised Version and a selection of quotations from their library.
- (3) Internal evidence concerning the Virgin Birth and the Deity of Christ.

The general public, say the sponsors, is cordially invited to attend the session.

The Friday night session looms as the first opposition the new version of the Holy Bible has received since having been widely accepted by Eastland County clergymen when it was introduced last fall.

Air Rifle Owners Give Dogs Break

ROCKVILLE, Conn. — Billy Jamieson's letter to the Editor brought him a tan cocker spaniel puppy named Fluffy.

The 12-year-old wrote: "Just to let you boys who have air rifles know. Do not shoot at dogs."

"I had a little dog. His name was Blackie. Some boys shot his eye out. I had to have him destroyed. You do not know how much I miss that little dog. He was a good pal to me."

Rice Rites At Gordon Today

Graveside services for Granville Lee Rice, 87-year-old former resident of the Strawn and Gordon area, were held at the New Gordon Cemetery, Gordon, this afternoon at 2 o'clock.

Earlier funeral services were held today at Arlington where Mr. Rice had been making his home in recent years. He died there Monday.

Rev. R. C. Edwards of Weatherford officiated during the graveside rites at Gordon.

Bulldog Quint In Loop Lead

Coach Sam Aills Ranger High Bulldogs today were atop the four-team District 10-AA basketball league as the schoolboy loop cage title chase advanced past the halfway mark.

The Ranger hardwoodsmen hammered out an impressive 52-41 triumph over Coach Buck Overall's Cisco High Lobos at Cisco Tuesday night to chalk up their third victory against a lone loss in four 10-AA starts.

Contributing to Ranger's meteoric rise to the No. 1 spot in the top standings today was Coach Mike Murphy's upset of the Comanche Indians at Stephenville Tuesday night by a 45 to 39 count. Prior to their loss to the Jackets, the Indians had been riding high—undefeated in conference play.

The outcome of Tuesday night's 10-AA play put the Bulldogs in the No. 1 spot in the loop standings with Comanche and Stephenville tied for second position. Cisco remains in the cellar with four losses, no wins.

Ranger Forward Roddy Carter was the high-pointer of the night in the Bulldog-Lobo duel stacking up 21 tallies. Carter's mate at the other forward post, Chico Mendoza, hit the mesh for 13.

Deadline For Stock Show Tickets Nears

Sunday, Feb. 1, is "Ranger Day" at the big Southwestern Exposition and Fat Stock Show in Fort Worth—and all local residents desiring to attend the big western presentation on that date are urged to make their ticket reservations now, James Townzen, president of the Ranger Junior Chamber of Commerce, reminded this morning.

The ducks are on sale at the office of the Ranger Chamber of Commerce.

Final deadline for purchase of the special tickets is Thursday—tomorrow—at noon, Townzen said.

Ranger's 1953 Sweetheart — Mrs. Helen Bradford — will ride in the gala stock show parade as official representative of the city. Her mount will be one of the beautiful palomino steeds from the Lazy K Ranch of Dr. P. M. Kuykendall.

Last Rites For Fort Worthian This Afternoon

Funeral services were held in Fort Worth this afternoon for R. L. Stinson, 69-year-old prominent Fort Worth resident who was well known over the Eastland County area.

Mr. Davis, owner of a wholesale automotive supply company in Fort Worth, resided at 2628 Highway Terrace. He also owned supply houses in Dallas and Oklahoma City.

Funeral rites were held at the Owens-Brumley Chapel in Fort Worth this afternoon at 2 o'clock, and interment was in Greenwood Cemetery.

As Texas mothers get ready for a statewide raid on polio, General Robert J. Smith, chairman of the 1953 March of Dimes, said the Lone Star State had received almost \$4,000,000 from the National Foundation for Infantile Paralysis in recent years.

He said the obligation indicated "the enormity of the need which is bringing out the mothers to take a personal hand in paying this urgent bill." The deficit in March of Dimes funds is great because of the record 3869 polio cases in Texas last year.

General Smith said more than 100,000 mothers will check their own communities, house by house, Thursday night, although some localities marched earlier and others will set later. Houston alone has marshalled 20,000 mothers. Their objective will be illuminated porches, or front door lights—the standard signal to march on in.

General Smith said "the Texas financial obligation is great because of the deficit in March of Dimes funds from the record 3589 cases in 1952."

Ninety Texas Chapters of the National Foundation for Infantile Paralysis received \$1,095,880 in NFIP patient care aid last year. This is one sixth of all NFIP money allotted to the nation for this purpose.

The 1952 grants from the National Foundation raised to \$3,894,507.67 total NFIP aid received by Texas in recent epidemic years. Besides, \$422,019.51 in research funds has been sent to Texas, as follows: Virus Research, \$189,419.88; Medical Care (Respiratory Centers) \$214,889.63; Treatment of after effects, \$13,486.05; and Education, \$4,224.

In equipment and personnel alone in 1952, here is what Texas got from the outside: respirators, 169; hot pack machines, 51; rocking beds, 20; nurses, 235; physical therapists, 26; resident specialists, 5; and medical social workers, 2. The NFIP also provided ten nursing consultant tours, and 17 physical therapy consultant tours.

Heavy Fines Are Collected From Texas Hunters

The director of law enforcement for the Game and Fish Commission said the monthly arrest report includes several cases where courts severely punished game law violators.

He cited the cases of a San Antonio man who was fined \$200 for headlighting and \$200 for killing an illegal buck, plus costs.

director, an Abilene man was fined \$100 for hunting from an automobile and \$100 for trespassing. A San Angelo man was fined \$100 for shooting a female deer and \$100 for trespassing.

The report covered the last phase of the big game and waterfowl seasons and included such as: 29 cases for killing spike buck deer, 28 for killing doe deer and four for killing fawn deer. It included 50 cases of killing ducks after hours, 20 cases of killing geese after hours, 16 cases of exceeding bag limit on ducks and 11 for exceeding the bag limit on geese.

The director said a flagrant case involving shooting mourning doves out of season cost a San Angelo man \$200 plus costs; while a Houston man paid \$100 and costs for buying quail.

The 563 cases netted \$18,532 in fines and costs compared with \$14,008.45 for December, 1951, and \$11,581.44 for last month.

FREEDOM MEASURED IN MINUTES

Out of her iron lung for a few minutes, two-year-old Regina Edwards, stricken with polio in 1952, listens intently to the advice of Lois Christianson, a nurse at the Southwestern Polio-myelitis Respiratory Center in Houston. Regina is very young to learn how serious polio can be but the disease that claimed more than 35,000 cases in 1952 seems to prefer young victims. Help is urgently needed to care for polio patients and further research to conquer this disease. Join the 1953 March of Dimes before the fund-raising campaign closes on January 31.

Gain In College Enrollments Is Due In Future

A tidal wave of school-age boys and girls resulting from the booming birthrate of World War II and since is sweeping through Texas public schools. Administrators of Texas state supported colleges and present scholastic population as a base.

If the same percentage of our Texas high school graduates continue into college in 1962 as have in recent years, there will be 35,000 boys and girls knocking on the doors of the state's colleges in September 1962. Compared with the 27,132 who enrolled this year as freshmen, this is an increase of approximately 29 per cent. Since the increase is beginning students will build up gradually to this peak, the total enrollments by 1962 will have increased by an even greater percentage.

This estimate of increasing enrollments takes no consideration of two other important factors that may make the enrollment boom even more spectacular.

CHRYSLER SHOWS NEWEST DEVELOPMENTS IN DESIGN

Two of the newest advances in motorcar development, the Chrysler "Special" sports coupe and the "404 Racer," are having their first public showing in the United States in the Chrysler International Salon in New York City. The "Special," only 25 inches high, made its debut last month in Paris where it was labeled the "sensation of the show" by the French press. Designed by Chrysler engineers, and built in Italy by Ghia, the "Special" keynotes the basic fundamentals of automotive design. It has the characteristic low, sweeping lines of European sport cars and embodies many unusual design features. Also displayed is the Chrysler powered "404 Racer" which recently broke all Indianapolis speed and endurance records, attaining speeds of 170 m.p.h. on the straightaways with its modified Chrysler V-8 engine.
