GIVE A PINT OF  
BLOOD TO YOUR  
RED CROSS

34TH YEAR

RANGER, TEXAS, FRIDAY, MARCH 13, 1953

PRICE FIVE CENTS No. 101

"I'm going to the doctor—my wife don't look so well."  
"I'll go with you—I don't like the looks of mine either!"

We read with interest Jack Holden's sports column, "Sports Spotlight," in the morning edition of today's Abilene Reporter-News. Jack hammered out several paragraphs relative to the coaching situation here in the Oil City building the bulk of his wordage around Coach Boone Yarborough, the well known Ranger Junior College mentor, and informed that Ole Hand's kin is figuring on switching from collegiate back to high school coaching.

Of course, that was nothing new to many of us here in Ranger. We've been well tipped and have been 100 per cent on the score for days — even weeks — back.

But we've been cooperating with the Powers that Be and complying with their reasonable wishes relative to public release-for-print regarding several interesting shifts in the Ranger coaching set-up.

There's a story in today's Times about one aspect of the local athletic picture.

And there'll be another one in Sunday's Times.

She asked me if I knew anything about kissing. I thought it was rather odd because I was kissing her at the time.

Comment of the Abilene Reporter-News' Jack Holden:

Veteran Coach Will Make A Change — T. R. (Boone) Yarborough, veteran West Texas coach, is planning on going back to his first love—the high school field. Ranger Junior College has given Yarborough, its head coach for six years, the go-ahead and elevated Richard E. (Dick) Henderson, Yarborough's assistant, to the top rung.

No reason for the swap was announced.

But whatever the reason, Yarborough said Wednesday night he was planning on going back into the high school field. He said a definite announcement would be made within the next few days.

He will remain at Ranger until the present school term is over in May.

"For a man 44 years of age, Yarborough has probably held more Abilene area coaching jobs than most anyone."

Throckmorton football fans, if they will think back a moment, will recall that Yarborough was a their mentor for a year—1932. That was his first year out of East Texas State College.

From there he moved to Woodson for another year, and then to Albany. During his three years at Albany High his team annexed the bi-district title one year, only to lose in the regional.

Among his other coaching assignments through the years were Graham, for three years, Weatherford and Mineral Wells.

He also coached in the Electra area and was elected coach at Electra High, but moved to Graham instead.

Yarborough said he eventually hoped to get into high school administrative work. He's planning

(Continued On Page 4)

## Tom Ballard, 48, Dies Of Auto Crash Injuries

Funeral services were pending today for Tom Ballard, 48-year-old ex-resident of Ranger, who died Thursday night at 7 o'clock in a hospital at Mountain Air, N. M., of injuries received in an automobile accident there late Tuesday afternoon.

Mr. Ballard, a resident of Odessa, had been a resident of Ranger up until 14 years ago when he moved to West Texas. He was owner and operator of a drive-in restaurant at Odessa at the time of his death.

Mr. Ballard was fatally injured near Mountain Air late Tuesday when he lost control of his 1953 Ford 4-door sedan and the vehicle crashed into concrete culvert. He received a broken pelvis bone, crushed chest and serious head wounds in the mishap. At the time of the accident he was enroute from Odessa to Farmington, N. M. on a business trip.

A relative said this morning that funeral rites will be held at Odessa Saturday or Sunday.

Survivors include his widow, the former Miss Audrey Cornell of Ranger; his father, J. M. Ballard of Ranger; a brother, Ollie Ballard of Ranger; a sister, Ottelina Ballard, of Ranger; and an uncle, E. H. Mills of Ranger.

## Notes On Oil Front—

# Report Discovery Well Near Eastland

The Eastland County area oil picture continued bright today with the announcement of a completion, news of discovery of a new area field, and location of two more tests.

The Clark No. 1, KLB, located about seven miles southwest of Eastland is a well—and a good one.

At least, that's the optimistic report from several oil men who have visited the site, located in wildcat territory.

The well was brought in Tuesday and will give Eastland County a new field of production. There are no other wells or tests in the vicinity, but the Clark No. 1 KLB appears to be in line with two McElroy discoveries near Eastland.

A report this morning indicated that lake sand was encountered at a depth of 3,196 feet when the drill passed through 14 feet of highly saturated sand. The Mississippi was reached at a depth of 3,760 feet when the bit penetrated a second heavily saturated sand. After drilling in the Mississippi for 140 feet, drilling was stopped and casing set.

A drill stem test was made and, according to reports, revealed that the well may be far better than was anticipated.

Gas came to the top of the hole in four minutes and just 28 minutes later oil began to flow.

This well, according to reliable informants, promises to be one of the best producers drilled in this area for more than two years and is being watched closely by oil men.

Connally-Jackson No. 3 Theresa H. Weddington, Section 26, Block 3, H&TC Survey, Cisco West Lake Field, one-half mile southwest of Cisco, has been completed for 14.19 barrels of 38.7 gravity oil in 24 hours, flowing through 4 choke with packer on casing and 50 pounds on tubing. Production was from 24 perforations at 3,493-3,500 feet. Total depth was 3,525 feet. Casing was set at 3,523 feet. Gas-oil ratio was 830-1.

Dave Rubin of Dallas has announced plans to drill a 4,000-foot wildcat 10 miles southeast of Ranger near the Erath County line.

Rubin's venture will be the No. 1 Walter Mitchell, located 1,650 feet from the south and 330 feet from the west lines of W. F. Flint Survey, A-131.

The test will be put down with cable tools.

A 3,600-foot stab for oil is scheduled one-half mile west of Ranger by the Terrell Petroleum Co.

The test, the No. 1 Davenport Heirs will be drilled with cable tools and has been staked 850 feet from the most northerly south line and 4,000 feet from the most easterly line in the Mark Haley Survey.

## Saturday Rites At Gorman For Mrs. Simpson, 60

Funeral services for Mrs. Bertie Josephine Simpson, 60, pioneer Eastland County resident who died in a Ranger hospital this morning at 12:02 a.m. will be held Saturday afternoon at 3 o'clock at the Church of Christ in Gorman.

Mrs. Simpson, who resided on Route 2, Gorman, had been in ill health for some time and had made her home in the Gorman area since 1908.

Bro. Layton Hunter, minister of the Merkel Church of Christ, will officiate during tomorrow afternoon's last rites and interment will be in the Simpson Cemetery near Kokomo.

Killingworth, Funeral Home, Ranger, is in charge of arrangements.

Mrs. Simpson, born in Hope, Ark., on Sept. 1, 1892, was a member of the Church of Christ.

Her husband, the late Louis Simpson, preceded her in death on Nov. 24, 1908 at Gorman and was pioneer resident in that area.

## Joins Rangers' Athletic Staff

# Aills Accepts Post at RJC

BIG SAM AILLS

He'll Join Ranger Junior College Coaching Staff Next Fall

Sam Aills, member of the Ranger High school coaching staff since 1947, today announced that he has accepted a position as assistant coach at Ranger Junior College.

Aills, head basketball coach and assistant grid mentor under RHC Head Coach O. C. (Stubby) Warden, said that he has submitted his resignation to the board of the Ranger Independent School District, effective May 29.

He expects to assume his new duties as assistant Ranger Junior College mentor, under newly-named Coach Dick Henderson, on Sept. 1.

No successor to Aills in the high school spot, vacant for the coming prep school campaign, has yet been announced.

The hefty 280-pound Aills, 26-year-old native of Nacogdoches, began his athletic career there and lettered four years in high school football, basketball and track and was a member of the varsity baseball squad for three years.

After graduation from Nacogdoches High School in 1953, he entered Centenary College, Shreveport, and was a member of Gentlemen grid and cage squads for four years. He spent two years as a quarterback and played in the forward wall during two other Centenary campaigns.

Aills turned professional after he received his Centenary sheepskin and joined the squad of the New York Giants football team. He played as a blocking back in 1959 and 1961. In 1960 he held down a guard spot in the Giant line and his stellar play in the position won him the coveted rating of "All-National League Guard" at the end of that season.

Aills, who makes his home with his family at the Gholson Hotel, is married and has a step-son, Craig Loper, age 5. Mrs. Aills is the former Martha Ann Mitchell of Olden.

They are members of the First Baptist Church, Ranger, and Aills is a Naval Reservist and member of the Ranger Elks Club.

## T&P Directors Pay Dividends To Stockholders

DALLAS, March 11—The Board of Directors of the Texas and Pacific Railway Company, at its meeting here today, declared dividends on both common and preferred stocks.

The board also authorized the construction of 250 additional new 50-ton box cars to be built in T&P's Marshall Shops next year.

President W. G. Vollmer announced that dividends of \$1.25 per share on the common stock and one and one-quarter per cent on the preferred, both payable March 31, 1953 to stockholders of record March 24, 1953, were voted by the Texas and Pacific Board.

HEADS UP! Here comes the New Rocket OSBORNE MOTOR COMPANY Eastland, Texas

## Government Order Erases Ceilings

# Price Rises Looming

It Says Here, That Is

## More Rain Due!

The Eastland County area is due more rain Saturday. At least, that's the good word passed along this morning by the U. S. Weather Bureau.

In the a.m. forecast, the government weathermen said "increasing high thin clouds" was due today for this vicinity "with clouds thickening and lowering Friday night and Saturday."

"Possible light rains" were predicted for the section tomorrow.

Mild temperatures were due with tonight's low in the very mild 50s. Friday afternoon's high was scheduled around 80 degrees—or better. And Saturday's top mercury reading will be a shade cooler—in the 70s.

The West Texas forecast: "Generally fair Friday and Saturday. Cooler Saturday."

## Red Cross Speaker Explains Blood Needs, Gamma Globulin

Approximately 300,000 pints of blood per month are required for use of the wounded in Korea, Larry Hayes, Red Cross director of the North Texas Blood Center in Fort Worth told his audience here Thursday night at a meeting sponsored by the Eastland County Chapter of the American Red Cross.

Mrs. A. L. Murrell, Eastland chairman of the Red Cross Blood Donor Program, introduced the speaker.

As proof that blood actually does save lives, he gave the fact that in World War I, 8 to 11 of every hundred wounded Americans reaching battalion aid stations died. During World War II, the percentage dropped to 4.6, and now in the Korean War that percentage has been almost halved again to 2.6.

The Office of Defense Mobilization is in charge of the National Blood Program which serves the needs of the Defense Department, the National Plasma Reserve, and the Civil Defense, Hayes said.

The price of coffee—zoom! The price of beer—zoom! The price of building materials—zoom!

Possibility of coming price increases in coffee, beer, building materials and other items removed from long price control jurisdiction Thursday by the government in Washington loomed today, according to reports from over the nation.

Officials predicted coffee prices might jump immediately as much as 10 cents a pound, and increases were predicted for beer and most building materials removed from Office of Price Stabilization ceilings.

The sixth major decontrol action since President Eisenhower decided to end all price controls by April 30 left only a scattering of industrial products, including steel and machinery and some chemicals, still under OPS regulation.

A spokesman for one of the largest coffee retailers in the country, said there will be "no change in price for the present," adding future prices will "depend on wholesale costs."

A spokesman for the Brewers Board of Trade, representing all beer and ale manufacturers in the New York metropolitan area, declared the decontrol order "will not have the slightest effect on the beer and ale industry."

Price Director Joseph H. Freehill said the removal of controls on coffee, beer, soybeans and animal feeds complements the government's program to wind up controls on items directly or indirectly affecting the family market basket.

Freehill declared: "In general, the specified items remaining under controls are those in areas critical to the defense production effort; which might be expected to have most impact on prices and the defense economy."

By far the most significant action was Freehill's removal of coffee controls. In recent weeks prices have risen 10 cents a pound in retail stores as a result of higher prices being asked by Latin American producers.

Recently, coffee trading in New York was halted, since sellers were offering green coffee beans at prices higher than OPS ceilings. With the removal of controls, trading now can resume and officials predicted another 10-cent per pound rise.

Freehill, noting market conditions, said he decided to end coffee controls to prevent a possible shortage in the coming month.

Officials also said that scattered price increases are in prospect on beer. Industry men said competition in this division would prevent beer from rising at all.

Among the special products decontrolled were such building materials as plumbing and heating equipment, industrial and commercial refrigeration and air-conditioning equipment, steel kitchen cabinets, humidifiers, hot water heaters, food waste disposers, fire fighting equipment, builders' hard-

## TCU And Baylor Clash Saturday

Still hurting for good pitching, the TCU baseball team will plunge into another brace of practice games this week end. Coach Walter Roach takes his club to Waco Friday for a bout with the Baylor Bears and the two teams will transfer their activities to the Frog field on Saturday afternoon.

Wildness by the moundmen cost the Purple both of its opening games with SMU, 3-4 and 7-10.

Tommy Hill, soph from Fort Worth, has been the most consistent hurler so far. He'll start one of the games against Baylor.

## THINGS YOU SHOULD KNOW ABOUT U.S. DRAFT LAW

Young men of draft age who ask for and get deferments under certain conditions automatically extend the time during which they can be drafted by nine years.

Brig. Gen. Paul L. Wakefield, state draft director, amends following types of deferred men, among others, who have their liability for service extended until age 35.

1. Members of the ROTC and other officer training program.

2. Students deferred to go to high school or college under requirement of law; college students

deferred under authority of the local board.

3. Men left at home for civilian employment.

4. Men deferred to farm.

5. Married men deferred because of their children or because of extreme hardship and privation to dependents.

6. Men classified as mentally, physically, or morally deficient or defective.

"The regulations spell this out," General Wakefield says. "So when a man gets the privilege of a deferment he is taking on a corresponding responsibility. The man who never receives a deferment like these cannot be drafted after he reaches his 26th birthday."

The stated raft director says that under this provision of law, it is possible for a deferred man to lose his qualification for deferment at age 34, for example. Under such circumstances, he would again be eligible for draft.

## 4-H Club Calf Show At Breck On Saturday

The annual 4-H Club Calf Show is slated Saturday at the Rodeo Grounds at Breckenridge by members of the Chamber of Commerce Livestock Committee, County Agent Bryan Swain and the vocational agriculture teacher, J. I. Wilkerson.

The show will climax Stephens County 4-H Club observance of National 4-H Club Week.

Six heavyweight and four light-weight calves will be shown and prizes have been listed insuring each with at least \$10 in prize money. Prizes are \$25, \$20 and \$15 in each division for the top three calves and \$10 for each of the other calves.

Following the show, which gets underway at 8:30 a.m. Saturday, an auction will be held.

The calf show this year will have an additional feature—those who enter will show whatever they may be producing. In this division breeders, in which interest is being taken by the 4-H Club members, will be shown as will swine, rabbits or whatever they may wish to show.

Ribbons will be awarded winners in this division and W. M. Emmons will present a showmanship award in connection with the calf show.

HEADS UP! Here comes the New Rocket OSBORNE MOTOR COMPANY Eastland, Texas

OUT AT THIRD—Eddie Yost, Washington Senator's third baseman, puts the tag on Rocky Bridges of the Cincinnati Reds at third base during second inning of game between the Senators and Reds in Tampa, Florida. Umpire Hank Sore calls the play.

A COUPLE OF PRESENTS—President Eisenhower sports a new western style beaver hat presented to him by Rep. Victor Wickersham (D-Okla.), left, who also presented the President with a water color painting showing an Indian spearing a buffalo painted by Stephen Mopope, a Kiowa Indian from Anadarko, Okla.

## SOCIETY

### Phi Theta Kappa Initiates Ten

On March 11, 1953, at 8:00 p. m., the Delta Tau Chapter of Phi Theta Kappa Fraternity at Ranger Junior College initiated ten new members. Phi Theta Kappa, a national honor society for junior college students, draws its membership from those ranking highest scholastically in the upper ten per cent of the student body of each college belonging to the national organization.

The impressive candlelight service was conducted by President Charles J. Lane of Eastland, Vice-President David L. Sullivan of Woodson, Secretary Colleen Davis of Justice of Cadde, and Treasurer Gaylia Carter of Ranger.

Those initiated were Johnny Ray Ash, Desdemona; Jimmy Bonney, Ranger; Charles Brazil, Jacksonville; John Connor, Jacksonville; Floyd Gibbs, Newcastle; William E. Hart, Ranger; Betty Woods, Ranger; Mary Boyd (Polly) Ricks, Brady; Betty Sullivan, Woodson; and Zay Dee Wooten, Breckenridge.

Guests at the ceremony included Dean of the College W. W. Smith and Mrs. Smith and Guidance Director Mamie Ruth Hamrick. Sponsor of the group is Mrs. E. R. Gibson.

### Child Study Club Meets Thursday With Mrs. Lamb

The Child Study Association, Pre-school, met Thursday, March 12 at 7:30 p. m. in the home of Mrs. Fred Lamb. The meeting was presided over by the president, Mrs. Norman Huffman. Roll was called and the minutes of the previous meeting were read by the secretary, Mrs. R. V. Robinson.

A report was made by Mrs. Glenn Covington, chairman of the nominating committee and new officers were elected for the coming year. They are: President, Mrs. Ted St. Clair, Vice President, Mrs. Lynn Robbins, Secretary, Mrs. Robinson, Treasurer, Mrs. Dwayne Dennis, Historian, Mrs. Huffman, and Parliamentarian, Mrs. A. G. Koenig.

The program was presented by Mrs. H. L. Cuddy on "Children's Art". She illustrated her talk by showing drawings done by small children.

Refreshments were served to the following members: Mmes. Charles Cox, Robbins, Cuddy, Theo Ferguson, Alton Redwine, Covington, Keith Langford, Dennis, St. Clair, Huffman, the hostess, Mrs. Lamb and two visitors, Mmes. James Calvert and Ed Black.

### PERSONALS

Mrs. Fred Lamb is spending the day in Baird visiting her cousin, Mrs. Dale Glasson.

Jackie Williams, son of Mr. and Mrs. Jack Williams, is confined to the West Texas Hospital with pneumonia.

RAN SOC PERSONALS—Mr. and Mrs. D. Joseph spent last week end in Haskell visiting the Hassens.

Mr. and Mrs. H. B. Getts are leaving Ranger and will make their home in Winona, Tex., where Mr. Getts has been transferred.

The Rev. D. D. Brian, pastor of the Second Baptist Church, will leave Saturday for Tahoka, Texas, where he will hold a revival.

Mrs. Izetta Smith has returned to Ranger after having enjoyed a visit of several days with her daughter and son-in-law, Mr. and Mrs. Jack Herrington, and other friends and relatives out at Odessa. She arrived there Saturday and returned to Ranger Wednesday.

### PRICE—

(Continued From Page 1)  
ware and other hardware items except nails, wire, tacks, drawn wire and other steel mill products. Freehold ordred all controls removed from the chemical industry except such products as sulphur and sulphuric acid.

# Guaranteed Income

600.00 cash gives you your own independent business. Be your own boss operating a route of our new 5c dispensers, handling a new fast moving confection.

## NO SELLING

All locations obtained for you by company representative, you operate route only. No experience needed, can be operated in spare time as little as 4 hours per week.

You must have car, references and \$600.00 cash which is protected by ironclad money back guarantee.

Spare time should net up to \$70.00 per week, full time more. Liberal financial assistance given on expansion program. Reply giving phone to Box 118, Ranger.

There's a Surprise in These Oatmeal Cookies

WHO doesn't like the unexpected now and then? And that goes for surprises in good eating, too.

Small pieces of ground, unpeeled apples furnish the "cooky surprise." The bright red of the peeling shows through the rough tops of the finished product.

Especially during the Lenten season, when the nutrients consumed should be so carefully watched, do cereals make planning easier for you.

- Oatmeal Apple Surprises
1/2 cup butter or margarine
1 cup sugar
1 egg
1 1/2 cups sifted flour
1/2 teaspoon baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon nutmeg
2 tablespoons cocoa
1 cup rolled oats, uncooked
1 1/4 cups ground raw apples
1/2 cup raisins
1/2 cup chopped walnuts

Cream butter or margarine until soft; add sugar and continue creaming until light and fluffy. Add egg and beat well.

Rev. Ward To Lead Juniors In Training Clinic

Rev. H. M. Ward, pastor of the First Baptist Church Cisco, will lead the Juniors in their Training Union Clinic Monday and Tuesday evenings.

This type of a two night clinic is designed to reach the needs of both worker and members, regardless of the department. It will be necessary for the member to attend both nights to obtain credit for the work.

Automatic Tax Cuts Could Save Near 3 Billion

Automatic tax cuts scheduled in the next 14 months would save the American taxpayers an estimated \$2,750,000,000 in the fiscal year beginning July 1, if they are permitted to go into effect.

The amount of relief resulting from the same reductions would run more than \$8 billion when applied to the entire fiscal year of 1955.

This schedule of reductions which would affect every American taxpayer—is strongly endorsed by the Chamber of Commerce of the United States in line with tax system which will permit individual thrift and initiative and give industry the opportunity to grow.

The Chamber has evidence which shows that federal taxes today have reached heights which destroy incentive and threaten seriously the economic stability of the nation.

Whether a start is to be made through automatic reductions towards the Chamber's goal of an equitable tax system depends entirely on Congress. If the lawmakers refrain from amending present laws, the reductions will go into effect automatically on a schedule which begins July 1.

The major taxes involved are the so-called excess profits tax,

which expires July 1, 1953; individual income tax, on which rates will be lowered to pre-1951 levels on Jan. 1, 1954; corporate income taxes, which will revert to 1951 rates on April 1, 1954; and excess taxes on alcoholic beverages, automobiles, cigarettes, gasoline and sporting goods, which return to levels existing prior to the Revenue Act of 1951 on April 1, 1954.

As taxes are cut government expenses must be cut so that the budget will be in balance.

Farm Dwellers Show Gain, Says Census Bureau

The Census Bureau said in Washington today about 24,819,000 Americans lived on farms in April, 1952.

That was 782,000 more than a year before but 239 less than two years before. In April, 1950, the Census Bureau report said, farm dwellers represented 16.2 per cent of the United States population.

The report said that the number of children under fourteen on farms rose during the two years, as did the general population child count, but that there was a comparable decline in the number of farm dwellers in the 18-to-24-year-old group. The decline was attributed to migration of young people from farms to cities and inductions into the armed forces.

Ranger's Church of Christ

The beautiful \$45,000 edifice of Ranger's Church of Christ is now debt-free, members of the Church announced happily and gratefully today.

The local congregation was first organized in Ranger back at the turn of the century—more than 50 years ago—and it was reported that a final payment on a \$15,000 loan, negotiated during construction of the modern worship building on Jan. 1, 1948, was made earlier this week.

The \$15,000 sum augmented contributions of members and friends of the church—\$30,000 in cash—to make the building project a final reality.

An older place of worship used

by the church members was destroyed during a disastrous fire which razed the building in March, 1947—six years ago.

Construction of the new edifice was enthusiastically begun in September, 1947, and the beautiful structure was completed 18 months later, in October, 1948.

Members of the church desire to express appreciation to everyone who had a part in the erection of the building and are humbly grateful to announce that the new church building is now debt-free and also wish to take this opportunity—once again—to extend the heartfelt thanks of the members of the congregation for the very generous support of so many friends which made this new place of

worship a reality.

The new building is comprised of three levels with the main auditorium—large enough to seat up to 450 worshippers—a ministers' study, workroom and classroom on the second floor.

A small auditorium, classrooms and a spacious, modernly-equipped kitchen are located in the large church basement.

Several classrooms and a bright, well-lighted nursery are located on the third level of the building.

The new \$45,000 edifice is constructed of sturdy, long-lasting aggregate tile with reinforced steel. The interior scheme includes beautiful knotty pine wainscoting with light green plastered walls. The pulpit is in an attractive natural finish pine.

CHURCH NEWS

Baptist Men's Clinic Held At Cisco Thursday

The Associational Brotherhood Clinic was held in the First Baptist Church of Cisco Thursday evening, with Lloyd Clem associational president in charge.

Mrs. H. C. Sivella, state representative of Brotherhood work presented the program of aims and objectives for the local units. Four main objectives are promoted by the state department. They are, Evangelism, Cooperative Program, Stewardship, and the Man and boy movement. Each of these divisions received a special discussion and methods of promoting in each organization.

**FLAYS RUSSIA**—Henry Cabot Lodge, Jr., chief delegate to the UN speaking before the General Assembly, addressed most of his remarks to Russia. The former US Senator told Russia that the American Army it claims committed "atrocities" in Korea is the "same Army which helped the Soviet Army defeat Hitler." "The US Army was good enough for you in 1952-43-44-45; it should be good enough for you now and would be if your government's policy had not so tragically changed," Lodge said.

served as line coach and took the track off Yarbrough's hands, but Yarbrough kept the basketball.

The new Ranger College coach, Henderson, has been there nearly two years, coming from Hillsboro Junior College.

The former TCU lineman is interested in flying, and is captain and commander of the Ranger JC unit of the Civil Air Patrol, called the Flying Rangers.

Henderson is also working on an MA, at the University of Colorado at Boulder.

Henderson was an Electra boy during high school days, lettering there in football, track and baseball. He graduated in 1942 and attended Schreiner Institute, Kerrville, for a year before entering the Army in 1943. Following his discharge, he entered TCU, playing on the freshman team in 1946 and holding down a guard's job on the varsity in 1947 and '48.

Henderson is built like a guard, 5 feet 11 inches and 230 pounds. He's 28 years old.

"I'll never forget the beautiful ring I gave her. The jewelry store keeps reminding me."

**SOCKED IN**—A bewildered flock of sea gulls float around the terminal area at Love Field in Dallas a long, long way from home, probably blown in by high winds from the Gulf. Both gulls and planes were grounded by the soupy weather Wednesday.

### Baton Twirling Pays Off Big, For Ohio Co-Ed

Shari McKim, a freshman at Baldwin - Wallace College, does well financially even before graduating.

The pert, flaxen-haired 18-year-old, now studying secretarial science, employs a bookkeeper to handle her financial affairs.

The lucrative activity which engages Miss McKim is baton-twirling. Besides twirling for the B - W band, Miss McKim teaches 120 pupils a week in this part of the country, flying to most of the lessons to save time. Her proficiency is such that she is also kept on the run competing for some new honor in the activity which has already brought her 55 medals and 20 trophies.

One of the major problems confronting Miss McKim is keeping up her weight. She figures she lost 15 pounds during football season, despite the fact that "I eat like crazy."

"Only once did a baton slip out of my hand and come down on my head," she recalls. "It knocked me cold."

The 40-voice Abilene Christian College Men's Glee Club will present a program at 2:30 p.m. SUNDAY, MARCH 15, IN THE RANGER CHURCH OF CHRIST

Numbers on the all-sacred music program will include "O. Light Divine," Archaangelsky; "How Lovely Is Thy Dwelling Place," Brahms; "Bless the Lord, O My Soul," Ippolitof-Ivanof; "Hail Gladdening Light," Wood. Other numbers will include a group of selected hymns—"Shall I Crucify My Lord?," "The Welsh Coral," "The Blind Plowman," "The Two Roads" and "Battle Hymn of the Republic." The ACC Men's Quartet will also present a short program.

The Glee Club completed in February a 14-city tour of north and central Texas.

Richard C. Palm, music instructor, is conductor of the Men's Glee Club.
