Castro County 4-H Tractor Program Starts With 100 Boys Participating

The 4-H Club tractor program for Castro County is under way. One hundred boys are participating in the program. The boys are divided into groups according to age and locality and adult leaders are working with the group.

The Adult Leaders who are working with the different groups are: Rodney Smith, and Bob Copeland working with the Hart group. Pat Braddock with the Nazareth group. Calvin Petty and Raul Redwine leaders for the Mulkey group. Working with the Dimmitt Groups are Jasper Proffitt and George

Cross, M. B. Odom and Merton Powell, Elmer Anderson and Jim Aldridge, Jim Cleavinger and Jack Bradley.

The boys and leaders are meeting one or two times a week and studying different phases of tractor operation such as safety, lubrication, cooling system, engine care, ignition system. The program will be climaxed on April 25th with a tractor driving contest and the winners will be awarded trophies.

The contest will be based on what they have studied in their groups and the boys will be given a test on the things they have learned. The driving part of the contest will be based on the boys safety habits as well as their driving skill.

There are approximately 4,000 tractors and additional thousands of attachments in Castro County and the more the 4-H Club boys and their leaders can learn about safety and proper care will mean that much more savings in repair bill later, Mr. Hottel said.

Local farm equipment dealers say that many of the calls they make to farms are for minor repairs which boys or adults could do with some fundamental training.

Methodists to Begin Holy Week Revival

REV. LYNN WOOD

HARLEY BULLS

The Holy Week Revival at the First Methodist Church begins on Sunday morning and closes Easter Sunday night, March 29. Rev. Lynn Wood, pastor of the Methodist Church in Hart is to be the Evangelist for the preaching services. Mr. Harley Bulls, Music and Education Director of First Methodist Church, Levelland, is to direct the music.

Rev. Lynn Wood has been pastor at Hart since June 1957. He came to the Methodist Church from the Church of the Nazarene. He has pastored these churches in Petersburg and New York City, as well as other places. For a number of years Rev. Wood was Field Director and Public Relations Director for the Nazarene College in Bethany, Oklahoma. In this capacity he travelled all over the United States, preaching in the largest churches of the Nazarene faith. Rev. Wood is evangelistic in his preaching, and is well trained. He is a graduate of the denominational college, and has also done graduate work at Union Seminary in New York City. He comes to Dimmitt well recommended by his congregation at Hart, and by the Plainview District Superintendent, Dr. Luther Kirk.

Mr. Bulls, a native of Oklahoma and now director of music and education at the First Methodist Church in Levelland, comes highly qualified as a singer. He holds a B. A. in music from Oklahoma Panhandle A & M, and Bachelor of Music degree from Westminster Choir College in Princeton, New Jersey. He has sang with the Westminster Choir, New York Philharmonic Orchestra and Philadelphia Orchestra. At present he also teaches various phases of music at Levelland's South Plains College.

In preparation for the Holy Week Revival the Commission on Membership and Evangelism has organized a Prayer Vigil and Fill a Pew Plan. The Vigil of prayer starts at 7:00 a.m. Saturday and closes at 7 o'clock Sunday morning. Someone will be in the church in meditation and prayer for the twenty four hour period, around the clock. Captains have been appointed to be in charge of each pew in the church. It is their responsibility to fill their pew with people each night.

There will be two services daily, at 10:00 a.m. and 7:30 during the week, and 11:00 a.m. and 7:30 p.m. on Sundays.

The entire community is extended a warm welcome to attend the Holy Week Revival Services.

Baugh to Speak Here Saturday at Athletic Banquet

Sammy Baugh will be the principal speaker Saturday night at the annual Dimmitt High School Athletic Banquet.

Hailed by Dimmitt Coach J. D. Covington as "the greatest passing quarterback ever to play football," Baugh is expected to draw from his rich football background for his talk. He is presently coach at Hardin-Simmons University at Abilene. Most of his fame came through his fabulous passing and quarterbacking of the Washington Redskins, although he was also a noteworthy player in College.

The banquet this year is sponsored by The First State Bank of Dimmitt and a featured guest will be its president, Bob McLean. Master of Ceremonies will be B. M. Nelson.

Another highlight of the evening will be the awarding of trophies for the most valuable player of the basketball season and a like football award.

As in past years, football and basketball queens will be crowned. Candidates for the football queen title are Sharon Maynard, Mary Behrends, and Norma Battles. Candidate for the basketball queen are Sandra Thompson, Mickey Pelley, and Peggy Gilbreath.

The banquet, which begins at 8 p.m. will be held in the South Grade School Cafeteria. About 225 are expected.

Arranging the Athletic Banquet is Dimmitt Football Coach J. D. Covington.

Candidates are Announced for School Boards

The full slate of candidates for all county school board elections to be held Saturday, April 4th have been announced.

On the ballot for county school board member at large is Lester Dowell. For the Precinct 4 place is Ed Drurup and for Precinct 3 is E. H. Youis.

Nazareth School Board Candidates are Andy Schmueller, Leo Dohmeier, Wm. C. Hochstein, George Hoelting and George H. Book. Incumbents are Vincent Braddock and Dohmeier.

M. L. Aven and Glyn Reed are candidates for re-election to the Hart School Board.

On the ballot for the Dimmitt board will be J. G. Davis and Jim Elder, incumbents running for re-election; are Woodrow Killingsworth, Charles Burks and M. L. Simpson, Jr.

Greenbugs and Mites Begin to Show in Wheat

Infestations of greenbugs and brown wheat mites have made rapid increases in number during the past week or ten days, according to local farm experts.

A few fields of wheat have already become infested with greenbugs to the point that spraying is justifiable, says Edd C. McCreary, State Bank.

"Greenbugs have not hurt the wheat up until now," he says, "but with the rapid build-up, every wheat farmer should keep a close check on his wheat acreage."

Some entomologists say that a county of 100 greenbugs per linear foot or row justifies spraying.

This time of year it is often difficult to get weather conditions favorable for spraying. Usually the temperature needs to be fifty degrees or above, wind calm and the wheat field wet before a good kill of greenbugs can be accomplished. For this reason, farmers are cautioned to keep a close check on their wheat acreage and to be ready to spray if needed as soon as conditions are right. McCreary said it would probably be necessary to water wheat at least once before considering spraying.

Ordinarily a light to medium infestation of greenbugs will cause a loss of from four to five bushels of wheat per acre.

The brown wheat mite that is being found in wheat and barley fields comes ordinarily with dry conditions such as are found now. A good watering will usually cut the population of this insect.

The Castro County News

Official Publication of Castro County, Texas

THIRTY SECOND YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, MARCH 19, 1959 14 PAGES—NUMBER 21

Local Teachers Write Open Letter To Citizens About Legislation

A representative of the Dimmitt Classroom Teachers Association this week released an open letter to the general public concerning current pending legislation in Austin. The letter is self explanatory and requests help from area citizens through contact of legislators.

There is a problem facing Texas Schools today which should be the concern of every parent with a child in school or of any person with a citizens interest in our school system.

Facing the legislature are bills which are a direct outgrowth of the Hale-Aiken county committee investigations. They were as you know, the committees formed in the fall of 1957 to investigate the needs of our schools. So these bills have been formed upon opinions which originated locally after careful investigation.

Those who oppose this legislation are giving the impression that this is merely a raise in salaries. While a salary raise is important, since it raises the standard of the

teaching profession and attracts better qualified people to the profession, it is by no means the only provision in the bill nor the sole reason teachers are fighting for the passage of the legislation.

Actually this should be a movement on the part of parents, rather than teachers, if all understood the full importance of this legislation to schools for years to come. Of course, teachers are in a position to see the needs and are certainly willing to do all possible to take care of them.

Last week there was introduced in the House of Representatives House Bill No. 762 by Representative Isaacs, which provides that any one holding a Bachelor's Degree by eligible to teach regardless of professional training; that is, whether or not he has ever had a course in teacher training. Even a casual glance at the implications that passage of that bill would hold leaves us frightened for the future of education in Texas. It would mean, of course, lowering of the standards of the teaching profession and allowing people to teach who are unable to get other desirable jobs and who are not interested in teaching as a profession.

Briefly here are provisions of House Bill No. 762:

1. Lengthens school term to 180 days of classwork plus five days of in service training for teachers.
2. Foundation program units allotted on basis of current average daily attendance rather than that of the previous year.
3. Sets up program for talented children.
4. Makes drivers education a bonus unit.
5. Increases the number of principals paid from state funds.
6. Omitted because it applies only to larger schools.
7. Teachers' salaries raised to \$4,000 minimum.
8. Raises amount of operation money received from state.
9. Increases transportation money received from state by \$380 per bus.

These improvements, as you know, will cost money, and if we want them, we must pay for them.

There are several bills before the legislature with which we hope you will familiarize yourself. You probably know that there will have to be some kind of tax bills passed by this legislature as it will end its fiscal year with a 65 million dollar deficit.

If each parent and interested citizen will make it his personal responsibility to become informed on this issue and to contact his legislators, giving his considered opinion, he will be helping to shape our educational program for years to come.

Mr. M. E. Cleavinger, Mr. Paul Hilburn, Mr. R. E. Hendrix, and Mr. Joe Cowen of Dimmitt attended the hearing on this legislation before the Senate Education Committee in Austin March 9 and did what they could to make known our opinions on the matter. Special thanks are due them for their outstanding representation of us and of parents who feel as we do.

If you need additional information or want to ask questions, please contact us. We have legislative bulletins on hand for you to read.

Sincerely,
Members of the Dimmitt Classroom Teachers Association.

Alvis Fuquay Is New Principal At High School

Alvis Fuquay, assistant coach and math and history teacher for the past seven years, has been named Principal of Dimmitt High School.

The awarding of the position came at a School Board meeting Monday night. Fuquay will take over in August to fill the vacancy when Paul Hilburn moves up into the school superintendents' position.

Fuquay, 35, holds a BS degree from East Texas State and plans to receive his Master's degree this summer. He came to Dimmitt from Seagraves and he has been in the teaching field for ten years. He served for four years with the Air Force in World War II. His wife, Sue, teaches in the fifth grade.

B Cotton Growing Plan Receives Negligible Support by Farmers Here

Castro County proved to be fairly indifferent to the government's B cotton plan and only 195 of 1,016 took this choice.

According to ASC secretary Charlie Hill, both large farms and small are represented in the 195. These B-plans upped the total acreage of cotton in the county to 59,974.1 from the regular allotment of 53,836.7 acres. This is an increase of 6,137.4 acres.

The deadline for signing up for the B plan was Monday. A farmer not notifying the ASC office by that time was presumed interested only in the A plan and is so specified.

The general feeling of farmers over the county that the A and B plans amounted to about six of one and half a dozen of another.

The plans were announced last summer. Choice A is the regular farm allotment, determined as in former years. Cotton produced in 1959 in compliance with the farms Choice A allotment will be eligible for price support of 30.40 cents per pound, basis middling 7/8-inch cotton, gross weight at average location.

The farm's choice B allotment was set at 40 percent more acreage than Choice A, but with the B plan production supported at 40 percent less than Choice A which amounts to 24.70.

There was considerable interest

and discussion over the county concerning the two cotton production plans. The Department of Agriculture has not announced whether or not the same choice will be offered next year. About 19 percent of the county's farmers chose the B plan.

Annual JayCee Easter Egg Hunt To Be Held Here Again This Year

The fourth annual JayCee Easter Egg Hunt will be held Easter Sunday, March 29th in the Dimmitt City Park. All children in the county up to 11 years of age are invited to participate.

The hunt will begin at 3 p.m. Parents have been asked not to bring their children before 2:45 so JayCees can have all the eggs hidden.

The park will be closed from 12 noon until 3 p.m. so it can be roped off and eggs can be hidden. About 3,000 candy eggs will be used in the hunt. The park will be roped off into three areas according to tentative plans—one for children five years of age and under; one for children 6 through 8; and one for 8 and 10-year-olds.

Prizes will be given for five lucky eggs—three in each division. Those who find the first place eggs will receive large fur bunnies; and those finding second place eggs will get small fur bunnies; and those gathering in the third place eggs will receive chocolate rabbits.

Eggs will be all colors and will be wrapped in colored cellophane. They will be large sugar-candy eggs with glazed coatings.

JayCees will be at the City Park Building by 1:30 p.m. Easter Sunday to help rope off the park and hide eggs.

Eggs will be hidden over the entire park area except for the portion now being cleared off for the tennis, volleyball and basketball courts. Children will be assembled in different age groups at the edges of the park beforehand, and a gunshot will proclaim the opening of the hunt.

In charge of the hunt will be Billy Graham.

Children under 6 years of age will hunt eggs in the southern one-third of the park; children 6 through 8 will hunt in the northern one-third. Sacks will be furnished children who do not bring baskets.

Each county champion will be presented by the Amarillo Daily News with a plaque and gold pin to become their permanent possession and both the county champion and county junior bee champions are to be guests of the Amarillo Globe-News at a luncheon at the Amarillo Club preceding the spelling bee and during intermission at the regional each county junior champion will be presented a trophy and silver pin and school winner ribbon.

Castro County has been highly successful in the Regional Spelling Bee Contests in the past, having had Odetta Ball of the Nazareth Schools win the Regional Bee contest and the trip to Washington in 1952 and Betty Leinen, also of Nazareth, having placed fifth in the 1951 regional contest. Rita Sue Witkowski, also from Nazareth, placed third in the regional bee year before last and fourth in 1956. Mary Sue Burt of Nazareth won the county bee last year.

Pronouncer will be from West Texas State College Speech Department and judges for the contest will be supplied by Hart, Nazareth and Dimmitt Schools.

County Judge Robert Estes is in charge of the bee and will pass out prizes at its conclusion. Cash and merchandise awards will be given.

Hospital News

Patients in Castro County Hospital, type of illness and date of admission:

Gip Hudson, Med., March 10th
Joan Duncan, Med., March 12

Gerald Annen, Med., March 13-14
Johnny Hodges, Med., March 16-18
Mrs. F. Gomez, Med., March 16-17

Operating Room Lamp Expected Here Next Week

Castro County Hospital officials are expecting the arrival next week of a new Super Hamalux Operating Room light.

Purchase of the new light, considered a highly important addition to the local operating room, was made possible largely through donations of local citizens through "Operation Christmas Greeting" last Christmas. At last county count \$932.25 had been collected to go toward purchase of the new light. Persons participating in the novel enterprise donated the money they would ordinarily spend for Christmas greetings and just before Christmas their names were published under a central greeting.

The new lamp costs \$1,450 which includes \$105 for installation. It will be received from Overseas Service Corporation of Washington, D. C. who are agents for a German firm which produced the light. It produces no glare and is made up of nine individual lights which can be operated independently of each other.

Operation Christmas Greeting was conducted by the Tierra Blanca Medical Society Auxiliary and any further donations toward purchase of the new light can be made to any local member of this organization.

Children under 6 years of age will hunt eggs in the southern one-third of the park; children 6 through 8 will hunt in the northern one-third. Sacks will be furnished children who do not bring baskets.

Library Starts Story Time for County Children

Local youngsters will have a chance soon to hear the eye-opening and mouth-dropping tales of Uncle Hemus and his B'er Rabbit, of Jack and the Beanstalk, of Hambone and many others who make up the folklore of the nation's youth.

The place will be the Castro County Library and the storytelling sessions begin Tuesday, March 24th at 4 p.m. The period will last for one hour and will be held after that on every Tuesday and Thursday from 4 to 5 p.m. for the next three or four weeks. On Saturdays storytelling will be from 10 until 11 a.m.

Telling the stories will be Miss Sharon Morrison and she will be assisted by Mrs. Catherine Easter, county librarian.

All children in the county between the ages of 5 and 8 are invited to attend.

BASKETBALL COURT—City workmen have finished with the tennis courts at the city park so far as the base is concerned and are engaged in finishing up the basketball and volleyball courts above. They will be topped with a cold asphalt mix and will be ready for use in early summer or late spring.

OFFICIAL PUBLICATION OF DIMMITT HIGH SCHOOL

DHS OPENS TRACK SEASON AT WHILWIND RELAYS

Last Saturday eight boys from Dimmitt, U. S. A. and eight from the school in the city named Whirlwind Relays. This was Dimmitt's first competition in track this season. Coaches J. Covington and John Ehrhidge accompanied the boys. There were 22 schools entered in the meet.

Dimmitt's entries were 100 yd. dash, James and Ted Collins; 200 yd. dash, Johnny Coffey and Marshall Young; 440 yd. dash, Coffey and James Collins; 880 yd. relay, Jerry Hyatt, Coffey, James and Ted Collins; Breast, James and Ted Collins; 1500 yd. run, Jimmy Campbell; Discus, Gary Summa; Shot Put, Coffey and Summa.

Coffey won second place in the broad jump with a jump of 19 feet 11 1/2 inches.

Juniors Will Present "The Inner Willy"

The Junior class will present their annual class play, "The Inner Willy."

The story of Willy, who will be played by Clint Smithson, who lives with three old maid aunts, Aunt Hester, Aunt Wynema and Aunt Olga, La Nell. Each has her own idea about Willy's future. Willy has his own ideas but does not reveal them. The Inner Willy, played by Bonnie Scott, thinks that Willy should tell his aunts about his future and appears to see that he does. Not only does the Inner Willy get Willy to tell his aunts about his plans but he manages to get three dates for the school prom.

Other characters are Stanley Clark, Delbert White, Mike, Hal Rateliff, Marybelle Turner, Pat Norris, Trudy Marshall, Earlene Taylor, Judy Marshall, Verma Brown and Calore Martin, Audrea Beattie.

The work back stage will be carried on by Gwen Dunn and Zolna Ivey as Student Directors. Jerry Hyatt will be stage manager. The set will be constructed by Jerry Buchanan, Joe Burkett will be in charge of lighting. Sound effects will be handled by Nicholas Di Cuffa, and Norma Battles will be in charge of properties. The stage setting and make-up will be the job of Linda Gladman, Chou Covart and Carl Kemp who will be in charge of programs and publicity.

James Bates, speech director, will direct the play.

The Juniors are hoping for a successful play.

LA WANDA YOUNG'S "IDEAL BOY"

Most Handsome — Wayne Meacham
Cutest — Bobby Gene Wilcox
Sweetest — Delbert White
Nicest — Jerry Cox
Personality — Tony Gabel
Smile — Benny Scott
Height — Billy Joe Stevens
Physique — Gordon Thansich
Hair — Charles Page
Eyes — Delbert White
Nose — Jimmy Adams
Teeth — Myles Sadler
Hands — Jerry Hyatt
Walk — James Collins
Neatness — Donald Shelton
Winning — Mike McRee
Best All Around — Norman Nelson
Most Talented — Gary Wyatt
Most Athletic — Hal Rateliff
Most Likely to Succeed — Morris Westberry

ONE-ACT PLAY CAST GOES TO ENMU

A tired but smarter one act play cast returned to Dimmitt after a day at Eastern New Mexico University Tuesday. They were tired because of the presentation of the play, and smarter in that they learned so many ways in which to improve it.

The play will be given at the District Contest, April 2, at Canyon.

What happened when Adam met Eve? They raised Kane.

SPITE WORK

GIRLS GIVE GUYS GOING OVER

Friends, as you are forming casual friendships, especially those "special" friendships, have you wondered what the girls expect of a guy on a date, or just any time? Well for those of you who are, here are a few pointers.

1. Many girls dream of a tall dark and handsome man, but you need worry if you're not "tall dark and handsome." Be neat and clean. Nobody likes a sloppy joe.

2. Why not be a sincere person and live a clean, Christian life?

3. Always show the best side of your personality. Is it all good? Well, so much the better. But most of all of us have a few weak points which aren't quite up to par while using those good ones.

4. Remember your manners! It is said that "Little things go a long way with girls." It is true. Such little things as opening doors, helping with wraps, helping the girl to be seated, carrying books, walking to the car, etc., of the side walk a girl feels like a lady and a fellow like a gentleman, mean a lot.

5. A girl always likes to know what a fellow has planned for a date she has accepted so she can dress properly.

6. Girls, like boys with lots of initiative, not to the point of being aggressive but who express themselves and take the lead in activities.

7. Most girls like fellows who are independent. Now don't get us wrong, we don't mean the "hard to get" type, but one who can take them or leave them.

8. You don't have to be a "Mr. Personality 1959" but work on learning how to make a girl have a good time and feel at ease.

9. A fellow who is a "stick in the mud" is not enjoyable company for anyone. Be a good conversationalist.

10. Above all—Be yourself!

SENIOR GIRL OF THE WEEK

One of the most cheerful girls in the senior class is Brenda Ramsey. She always has a smile and a friendly greeting for everybody. Brenda was born August 25, 1941, in Randolph, Texas. Her parents are Mr. and Mrs. J. A. Ramsey.

Some of Brenda's favorites are: food, Mexican; color, red; car, Thunderbird; pastime, running around and Joyce; actor, Rock Hudson; actress, Elizabeth Taylor; movie, An Affair to Remember; sport, Manhattan spiritual and pet, two-faced people.

Brenda is a member of FHA and is a reporter for the Pep Club. After graduation Brenda plans to attend Fraughton's Business College in Lubbock.

DHS DATES

MARCH
21 T.H. District Golf Meet
21 Athletic Banquet
25 District Volleyball Meet, Canyon
26 Southern Assembly, 1:00 p.m., Canyon
APRIL
2 One Act Play Contest
3 Baptist Senior Banquet
4 T.H. Literary Events, Canyon 8:30 a.m.
10 T.H. Choir Contest
16-17 Junior Play
18 District Track Meet
21 P.T.A.
23-24 T.H. Band Contest
25 FFA Contest, Lubbock

SCIENCE FAIR

Thirty-six students from Dimmitt will participate in the Panhandle Science Fair at Amarillo, March 19-21. The top two exhibitors from this fair will win a trip to the National Science Fair at Hartford, Connecticut, May 6-8. The Navy is giving a six-day tour on a naval vessel one exhibitor. Over a thousand exhibitors are expected in the Panhandle Science Fair.

CHARLES EVAN'S "IDEAL GUY"

Most beautiful — Linda McElroy
Cutest — Cheere Manning
Sweetest — Linda Howard
Figure — Beth Beecher
Nose — Sheri Walker
Eyes — Linda Hance
Hair — Jamie Cowell
Teeth — Ruby Clingsmith
Hair — Janice Curry
Walk — Teresa Carr
Friendliest — Jeannette Wheeler
Lips — Sharon Corica
Frenetic — La Wanda Young
Complexion — Martha Neil Taylor
Best All Around — Wanda Hrabel
L. Q. — Linda Shepard
Most Likely to Succeed — Colleen Moke
Most Athletic — Earnestine Waggoner

PAT'S PATTERN

The students enjoyed a holiday Friday while the teacher of Dimmitt Public Schools attended the District Teachers Convention. Many of the students enjoyed going out of town for shopping or for week end trips.

The Dimmitt Student Band made a tour Tuesday giving concerts at Hale Center and Oton. These concerts are tune-ups for the contest April 23 and 24.

A majority of the students celebrated St. Patrick's Day Tuesday by wearing green.

Three boys from Dimmitt entered the Fat Stock Show in Lubbock. They were Ben Halcomb, Eddie Waggoner, and Billy Joe Stevens.

Paul Hillburn, superintendent spoke to the P.T.A. Tuesday night on school legislation. He recently returned from a trip to Austin where he attended several Senate hearings.

The one act play was presented for the P.T.A. Tuesday night. The play is a cutting from the Senior Class Play, "Death Takes A Holiday."

Congratulations to our new administrators for next year. Paul Hillburn was elected superintendent, and Alvis Fuquay was elected high school principal.

Among the teachers in Dimmitt and its reporter who have been offered scholarships to attend schools this summer are: Casson Smith, Mrs. Inez Robinson, and Mrs. Noel Gollehon.

Last week the publisher left out the Ideal Boy, Ideal Girl, and the Humor in Bobcat Tales.

The basketball girls received their jackets for 1959 Tuesday. They are purple with white leather sleeves. The girls seemed very pleased with the new jackets.

MR. COTTON FARMER

May we recommend the wet acid process as the best to be used in chemically de-linting your cotton seed.

HERE'S WHY:

1. Seed stays in contact with acid for a period of 30 seconds or less.
2. Water is used as a neutralizer.
3. Does not eat the bags.
4. Wet acid can be safely delinted.
5. Seed can be safely stored and used for a period of several years.
6. Does a more thorough job on angular leaf spot and other seed borne diseases.
7. Heat is used only to dry the seed after the acid has been washed off.
8. Planting 12 lbs. per acre the cost is less than 10 lbs. per acre now using wet acid.
9. More uniform planting.
10. More even stand.
11. Quicker emergence.
12. Plant faster.
13. Get bigger yields.
14. Gravity table floats out bits from the acid.
15. Treating prevents seed rotting even in cold damp weather.
16. No sticks, stems or lint to clog the planter.
17. In warm soil seed will sprout in 12 hours—8 days in 5 days.
18. Less moisture required for germination.
19. For only 1-lb. of lint cotton per acre you can have your seed chemically de-linted using the safe wet acid process.

For an appointment, call the

Matchless Motorist

An alarmed motorist stopped when he saw a man standing beside an overturned sports car. "How did the accident happen?" he inquired. "No accident at all," replied the man, nonchalantly. "Just changing a flat tire."

Escort, looking at high prices on night-club menu, to date: "Well, what will you have, my plump little doll?"

It was getting cold and all the other pigeons had flown south but baby pigeon could not seem to fly. One day mama pigeon said, "If you don't learn to fly today I'll have to tie a rope around your neck and tow you along. Big baby pigeon cried, "Mommy, I don't want to be pigeon-toed."

THE SHIP'S A SHE

If someone would ask you why a ship is always referred to as "she" or "her," you might give this explanation:
"It costs a lot to keep her in paint and powder; she'll drift off if you don't keep her tied down; she makes her best showing in a high wind and it takes a man to handle her."

A pedestrian fell into a manhole and began to yell for help. "Well, Well," said a man who came along. "Did you fall into that manhole?"
"Not at all," was the bitter reply. "As a matter of fact, I just happened to be down here, and they built the pavement around me."

BOOZER, PELLEY TO PLAY IN NATIONAL TOURNAMENT

Ed Dena Boozer and Mickey Pelley have been chosen among others in this District to play with the Dorell Dolls in the National AAU Tournament in St. Joseph, Missouri. Boozer's average of points per game this season was 22 and Pelley's was 17.4.

Tuesday night the Dorell Dolls will play the Flying Queens from Jayland College at Tulsa.

The all-expense paid trip will begin March 28 and end April 4. A breakfast, sponsored by Mr. Dorell, is to be given early Saturday in honor of the team and their coach, Bill Phillips of Tulsa. They plan to leave for St. Joseph shortly afterwards. The team is raveling by train.

Some Familiar Expressions — Apply 'Translated'

"Nobody understands me."—"Nobody is prepared to grant her perfectly reasonable request to wear her father's shirt, her mother's diamond earrings, her brother's sneakers, and a sequin-covered dirty hat on a three-day co-operative excursion on motorcycles to Las Vegas. All the girls are doing it."

"I wish I was dead."—"She is going to lie on her stomach on her bed in her room all afternoon and refuse all marriage except a carton of Coca-Cola, three boxes of chocolate-covered Graham crackers, and a jar of cocktail onions."

"She's my absolutely best friend."—"A girl permanently attached to your daughter by telephone cord."

"Oh, just had what was in the front of the refrigerator."—"A six-rib roast, three loaves of bread, two cold pork chops, a dill pickle, half a watermelon, some chocolate bars to hold them until dinner."

"I'm bored with all the boys our age."—"You dance very well."

"She: "I wish I could say the same about you."

"He: "Oh, you could if you were as big a fibber as I am."

Just The Way I Like To Know

(DELATED FROM LAST WEEK)
Last week, due to lack of space the News was forced to omit this column. To explain this a little further, I must add that, through an agreement between the editor of this publication and the writer of this column, whenever there is limited space, this is the first to be cut. Current news must be printed while it is still news, but material such as this, might be postponed without losing any value.

Easter Season is drawing near. To many, the day holds a three-fold meaning. A day of deep religious significance, a day for blossoming out in new spring clothes, and a day for the Easter bunny. Sad, but true, some bunnies of the second, but I think the majority recognize the day for the true meaning... the day signifying our "second-chance."

However, when there are children in a family, I think they also have a tender feeling toward the latter. And, there are probably those, with or without children, who remember their own childhood and the fun connected with the fictitious bunny and the Easter egg.

I remember, when I was a child, how my brother and I would run outside as soon as we could on Easter morning and hunt for the pretty colored eggs the bunny had painted during the night. Oh, how happy we'd be when we'd found the nests!

We'd hurry back into the house to show Mother and Dad and then count them over and over and oooh and ahhh as long as we could before getting ready for Sunday School and Church.

Then, after getting dressed... usually we had something new for the day, we'd all leave for Sunday School and Church.

All the little girls who were early enough, would compare their new clothes... not with a malicious intention, but with a thrilled feeling. However, the only item of new clothing that still remains clearly imprinted in my mind, is that of a new pair of shoes... every spring the same... white Roman sandals (I'll... black patent-leather Roman sandals). The only difference, from year to year, would be maybe, one more strap; the sign of growing-up. Oh, how I would look forward to acquiring another strap!!!

But, after Sunday School had started, we'd settle down. Then at Church, we'd always sing the old song, with much feeling, "He Arose." To me, that song still tells the Easter story in words and music. The true, in the afternoon, we'd often go to hear the Easter Cantata, with mother taking part, but it could never replace the thrill I would get singing "He Arose" with my friends so soft and low, at first, and then, the loud, triumphant final... "Up from the grave He arose
"With a mighty triumph o'er His foes.
"He arose in victory o'er the dark domain.
"And He lives forever,
"His saints to reign!
"He arose! He arose!!!
"Hallelujah, Christ arose!!!"
"Huff said,
"Marty

Just The Way I Like To Know

(DELATED FROM LAST WEEK)
Last week, due to lack of space the News was forced to omit this column. To explain this a little further, I must add that, through an agreement between the editor of this publication and the writer of this column, whenever there is limited space, this is the first to be cut. Current news must be printed while it is still news, but material such as this, might be postponed without losing any value.

Easter Season is drawing near. To many, the day holds a three-fold meaning. A day of deep religious significance, a day for blossoming out in new spring clothes, and a day for the Easter bunny. Sad, but true, some bunnies of the second, but I think the majority recognize the day for the true meaning... the day signifying our "second-chance."

However, when there are children in a family, I think they also have a tender feeling toward the latter. And, there are probably those, with or without children, who remember their own childhood and the fun connected with the fictitious bunny and the Easter egg.

I remember, when I was a child, how my brother and I would run outside as soon as we could on Easter morning and hunt for the pretty colored eggs the bunny had painted during the night. Oh, how happy we'd be when we'd found the nests!

We'd hurry back into the house to show Mother and Dad and then count them over and over and oooh and ahhh as long as we could before getting ready for Sunday School and Church.

Then, after getting dressed... usually we had something new for the day, we'd all leave for Sunday School and Church.

All the little girls who were early enough, would compare their new clothes... not with a malicious intention, but with a thrilled feeling. However, the only item of new clothing that still remains clearly imprinted in my mind, is that of a new pair of shoes... every spring the same... white Roman sandals (I'll... black patent-leather Roman sandals). The only difference, from year to year, would be maybe, one more strap; the sign of growing-up. Oh, how I would look forward to acquiring another strap!!!

But, after Sunday School had started, we'd settle down. Then at Church, we'd always sing the old song, with much feeling, "He Arose." To me, that song still tells the Easter story in words and music. The true, in the afternoon, we'd often go to hear the Easter Cantata, with mother taking part, but it could never replace the thrill I would get singing "He Arose" with my friends so soft and low, at first, and then, the loud, triumphant final... "Up from the grave He arose
"With a mighty triumph o'er His foes.
"He arose in victory o'er the dark domain.
"And He lives forever,
"His saints to reign!
"He arose! He arose!!!
"Hallelujah, Christ arose!!!"

BOOZER, PELLEY TO PLAY IN NATIONAL TOURNAMENT

Ed Dena Boozer and Mickey Pelley have been chosen among others in this District to play with the Dorell Dolls in the National AAU Tournament in St. Joseph, Missouri. Boozer's average of points per game this season was 22 and Pelley's was 17.4.

Tuesday night the Dorell Dolls will play the Flying Queens from Jayland College at Tulsa.

The all-expense paid trip will begin March 28 and end April 4. A breakfast, sponsored by Mr. Dorell, is to be given early Saturday in honor of the team and their coach, Bill Phillips of Tulsa. They plan to leave for St. Joseph shortly afterwards. The team is raveling by train.

Some Familiar Expressions — Apply 'Translated'

"Nobody understands me."—"Nobody is prepared to grant her perfectly reasonable request to wear her father's shirt, her mother's diamond earrings, her brother's sneakers, and a sequin-covered dirty hat on a three-day co-operative excursion on motorcycles to Las Vegas. All the girls are doing it."

"I wish I was dead."—"She is going to lie on her stomach on her bed in her room all afternoon and refuse all marriage except a carton of Coca-Cola, three boxes of chocolate-covered Graham crackers, and a jar of cocktail onions."

"She's my absolutely best friend."—"A girl permanently attached to your daughter by telephone cord."

"Oh, just had what was in the front of the refrigerator."—"A six-rib roast, three loaves of bread, two cold pork chops, a dill pickle, half a watermelon, some chocolate bars to hold them until dinner."

"I'm bored with all the boys our age."—"You dance very well."

"She: "I wish I could say the same about you."

"He: "Oh, you could if you were as big a fibber as I am."

Now! Shift on-the-go to any speed!

Hydraulic power does the actual shifting, but it's controlled by this handy lever under the steering wheel. A light touch is all you need to shift to any gear—10 speeds forward, 2 reverse—at any time.

Now—finger-tip, clutchless shifting with hydraulic power doing all the work! For the first time, you can shift on-the-go to any speed you want, any power you need, by a simple touch of your finger. Now you can match pull-power and speed exactly, instantly, to changing field conditions. And what's more, independent PTO engages or disengages on-the-go, too, to save time and speed PTO work. With clutchless power shifting and independent PTO, you'll do more work and cover more acres. Come in and test drive a Ford Select-O-Speed tractor soon—see what it can do for you!

NEW FORD SELECT-O-SPEED

OPPORTUNITY
For ambitious men, ages 17 to 50, from Northwest Texas area, in Industrial and Guided Missile Field

No previous experience needed. Must be willing to spend one hour a day, four days a week, on short, practical industrial training using actual equipment under the guidance of our engineers. Arrangements will be made to those accepted so that training will not interfere with present employment. Positions for which this training will qualify you currently pay from \$60 to \$140 per week. If you have a sincere desire to better yourself with a steady job and income, we will be glad to discuss these opportunities with you. No obligation for strictly confidential interview with our bonded personnel man. Please write UNITED ELECTRONICS LABORATORIES, Box 67, c/o Castro County News, giving age, address, working hours at present. 21-26

Dimmitt School Picks Entrants To Spelling Bee

Principal W. E. Reisdorf conducted spelling contest in Dimmitt's North Elementary School last Monday in order to select students to represent Dimmitt at the annual Castro County Spelling Bee which will be held, March 20 at 4:00 p.m. in the Assembly Room of the Court House. County schools will be allowed three contestants in both Junior and Senior Divisions. The Junior spelling Bee is open to 5th and 6th grade students while the Senior division is governed by National Spelling Bee rule which states that any pupil who has not passed beyond the eighth grade and is under 16 years of age is eligible to participate.

Dimmitt's Junior winners were Pat Moran, 6th grade, daughter of Mr. and Mrs. Russell Moran; Betty Sue Holbrook, 6th grade, daughter of Mr. and Mrs. J. C. Holbrook; George Froehner, 6th grade, son of Mr. and Mrs. Nolan Froehner; and Winning alternate was Sue Hendrix, 6th grade, daughter of Mr. and Mrs. R. E. Hendrix.

Dimmitt's Senior winners were: Carolyn Holcomb, 7th grade, daughter of Mr. and Mrs. J. T. Holcomb; Danice Crowley, 7th grade, daughter of Mr. and Mrs. Paul Adler; George Froehner, 6th grade; and winning alternate, Pat Moran, 6th grade.

Refreshments of cherry pecan pie, crackers with cheese spread, coffee and tea were served to the following ladies: Marie Winders, Gay Lewis, Julie Ake, Janice Bell, Iris Ballard, Blanche Ginn, Ruby Wooten, Darlene Wooten, Fay Dameron, Mildred Bradford, Geneva Schaefer, Velma Birehfield, Dee Yates, Mary Lou Smithson, Adelle Powe, Barbara Williams, Iama Smith, Louise Gossett, and the best of Mrs. Blanche Ginn.

Adelle Powe has been added as our newest member.

The next meeting will be held in the home of Mrs. Blanche Ginn on March 20.

After the club adjourned, members honored Mrs. Louise Gossett for the club mother with a surprise birthday party. Many gifts were received.

Robert Lacy To Receive Degree

One county student is among the 213 candidates who will seek degrees during the spring convocation May 24 at West Texas State College.

He is Robert Lacy, son of Mr. and Mrs. W. C. Lacy of Hart. He is seeking his B.S. degree and is a major.

Dean Walter H. Juniper has announced that 279 are candidates for Bachelor's degrees and 36 are seeking advanced degrees. Should most of the candidates graduate, another record class will be registered at WT.

Mr. Elder was confident that one day cancer, like some other diseases in our time, will be brought under control. "But until that day comes," he said, "public knowledge of the facts of cancer is still one of the best means of saving lives."

The American Cancer Society Crusade will be a combined educational and fund-raising Crusade.

Flagg HD Club Met March 6

(Delayed From Last Week)

The Flagg Home Demonstration Club in the home of Mrs. Clyde R. Davis, Friday March 6. There were sixteen members and three guests present.

Miss Bradford gave a very interesting talk on the program for the afternoon: "Do You Enjoy Living?" Among the several points brought out in her talk dealing with our everyday tensions and the pressure of our work world. Learn to keep in control of yourself and to take things much easier. Learn to make each minute of each day count for something of value.

Refreshments of cherry pecan pie, crackers with cheese spread, coffee and tea were served to the following ladies: Marie Winders, Gay Lewis, Julie Ake, Janice Bell, Iris Ballard, Blanche Ginn, Ruby Wooten, Darlene Wooten, Fay Dameron, Mildred Bradford, Geneva Schaefer, Velma Birehfield, Dee Yates, Mary Lou Smithson, Adelle Powe, Barbara Williams, Iama Smith, Louise Gossett, and the best of Mrs. Blanche Ginn.

Adelle Powe has been added as our newest member.

The next meeting will be held in the home of Mrs. Blanche Ginn on March 20.

After the club adjourned, members honored Mrs. Louise Gossett for the club mother with a surprise birthday party. Many gifts were received.

Cancer Chapter Launches Crusade

Castro County will be the target in a barrage of words next month when the local branch of the American Cancer Society launches its 1959 Crusade, announced the "greatest offensive ever mounted against cancer."

Andy Elder, who revealed plans for the drive, said today, "It's our intention to besiege the entire community with information that could save lives from cancer. It seems strange but it's certainly true that words can be a potent weapon in the fight against cancer."

Small Business Branch Opened At Lubbock

South Plains businessmen now can take advantage of a Small Business Administration branch office which has been opened in the Veterans Administration Building, 1600 18th St., Lubbock.

The SBA, created by Congress in 1953, gives financial assistance to qualified small businesses, counsels them on their financial problems and provides them with technical aid and management

advice. Sometimes we can help a business without ever making it a loan," points out Carl Gallagher, acting manager of the new Lubbock office. "In fact, we are not in competition with private institutions and we encourage businessmen to go to their local banker."

To qualify for an SBA loan, according to Gallagher, a business must show that it is unable to get help elsewhere and the owner or owners must evidence good character and ability to operate a business successfully. He also must have enough capital so that with the aid of an SBA loan, the business will be on a sound basis.

The Lubbock SBA office will serve a 96-county area west of a

line from Quanah to Otona. William H. McKinstry and Miss Sadie Dunham will be in the office with Gallagher.

Small businessmen in this area can obtain help from the SBA concerning how to boost a production, how to get a fair share of government orders and contracts, how to improve accounting methods and how to solve other management and technical problems.

The SBA is authorized to make several types of loans including direct and participating, up to \$500,000.

GET READY FOR BIGGER CROPS IN 1959 with DOW 82 AMMONIA

This year farm operators see conclusive proof that use of anhydrous ammonia produces substantially bigger crops. In areas where weather prevented timely application of Nitrogen, yields are down. Where Nitrogen was used, farmers who had check plots report highest returns on their investment in Nitrogen fertilizer.

Get ready for next year's big crop. After milo harvest, apply Dow 82 ammonia. Milo stalks and roots provide the ideal organic material to help the fertilizer work best for you. Dow's 82% Nitrogen speeds decomposition of turned-under stalks; improves soil fertility. Dow 82 resists leaching. It stays in the ground, ready for use. Spring plantings get a healthier, quicker start, develop vigorous root systems that help prevent blowing soil.

The Man who Appreciates the Finest...

BUYS HIS WIFE GAS APPLIANCES!

Skill alone won't bag a Bighorn or cook a crepe souffle. It takes fine equipment, too! That's why the man who buys the best hunting rifle for himself, appreciates his wife's choice of a fully automatic, built in GAS Range. More impressed with performance than facts, he agrees there's no point in paying more when you can buy the finest, for less. Only a GAS Range offers the advantages of closed door, smokeless broiling... no warm-up wait... instant shut off... no heat hang-over. What's more, GAS cooks with less heat radiation than any other fuel! Yes, in every way, (excludes included) GAS gives you more. And where the finest is truly appreciated... GAS belongs.

State Health Office Offers Movie Service

Let's say you're a member of a neighborhood ladies club. It's your turn to put on the program and you fret for days trying to speed an idea from an unresponsive brain.

Over and over you say to yourself: "If I just had a film to show just where could I get one to interest a group of housewives?"

There just happens to be a public agency that will be happy to help you off the horns of that anyone else in a similar position.

It's the Texas State Department of Health. Or more precisely, the film library of the Department's Division of Health Education, with well over 1300 films available for free loan to responsible groups such as yours.

The loan business is booming. During December, January and February health films from the library were seen by an audience of more than 300,000 persons. Subjects ranged from communicable diseases to good human relations.

Would the ladies be interested in an expert account of how foods should be preserved to avoid the possibility of food-borne diseases? Drop a card to the library and ask that "40 Billion Enemies" be booked to you.

On second thought, it might be simpler to call your local health department and tell them your plans. Chances are they will assume responsibility for getting the film and supplying a health specialist to make side comments and answer questions after the film is shown.

Perhaps you'd like to show club members an eye-opening, step-by-step method of making baby's formula. There's a sequence in a film titled "Linda" to do exactly that.

One of the most powerful films in the library is called "The High Wall." It explains the development of prejudices and how it can be communicated to children through parental attitudes.

Most library films are purchased from commercial producers, but when one is needed with a special Texas application, division staff members write, direct, produce and photograph it themselves.

There are some 20 "homemade" films, all in sound and color, on library shelves. Moreover, six new ones are in some stage of development right at the moment.

Film library management, as a other work of the division, is aimed at a single purpose: To teach good health practices.

So the next time you're program chairman, why not write for a catalog of films and an order blank?

We'll "horse-trade" (even for retired ones) and pay you 6%

If you're making "barn room" for an old retired tractor... if you have a tractor, baler, combine, corn picker, or other farm machine that needs costly repairs, better come in and trade with us. ... about dimmitt
(Continued from Page One)

vain people who became that way because of their vocation we are reminded of a story of one such character.
It seems a famous artist by the name of Whistler had a French poodle, of which he was extravagantly fond. The poodle was seized with an infection of the throat one day, and Whistler had the audacity to send for a great throat specialist named Mackenzie.
When Mackenzie saw that he had been called to treat a dog, he

felt incensed, but said nothing. He prescribed, pocketed a big fee and drove away.
The next day he sent posthaste for Whiter and Whistler, thinking he was summoned on some matter connected with his bearded dog, dropped his work and rushed to the home of Mackenzie.
On his arrival, the great specialist said, "How do you do, Mr. Whistler? I wanted to see you about having my front door painted."

GIRL SCOUT NEWS

by Mrs. Billye Byrnes

How but publicly can we express our sincere thanks to each and all who helped make our Birthday Party such a tremendous success?

This is the question I have been asking myself since the girl scout birthday party last Sunday.
The wonderful cooperation from everyone was most gratifying. A public "thank you" certainly seems in order.

Without the support of our citizens, the Girl Scouts would have been unable to have given of themselves, their talents, their time and their energies to express their gratitude to you, their parents, families, and their friends in the manner in which they did. It is because of you that all of us say "Many Thanks."

It seems that there are never enough adjectives to express one's thanks after having had the full cooperation of so many people and in so many different ways.
The Girl Scouts themselves deserve a whole hearted thanks for having worked so hard. The leaders co-leaders and committee mothers are also deserving for the splendid job they did.

The many wonderful merchants and patrons who contributed so generously to our advertising program. To them we all say thanks. Also to our mothers for the delicious refreshments they furnished. I feel sure they will be delighted to know that some 450 persons were served. And our thanks go to the many fathers who stepped in and in a twinkling had the cafeteria in perfect order. And how else but publicly can I ever express my personal gratitude to the man who gave the truck load of limbs. Even though he was rather reluctant when I asked if he would just dump them at the South Grade School. I will never forget the expression on his face when I stopped his truck and asked him if I might have the load of tree limbs. Why he would not give his name really has puzzled me. When I asked his name he mumbled something about "not wanting any trouble" and something about "landing in jail." Guess he must have understood though our need for them because he dumped the whole load right where I asked him to. But like I said how else but publicly can I thank him properly for he drove away so quickly after the limbs slid off the truck. In fact, he hardly waited for his truck bed to get back in place. Too bad we didn't get his name, but thanks a million mister for the wonderful forest you gave to us.

The First State Bank, the Garden Club and the JayCee-Ettes deserve a hearty thanks for the beautiful arrangements they sent to us. They were so appropriate and appreciated.

I am not at all sure that this is proper but I would like to express my personal thanks to my husband for the splendid way he accepted my neglect these past two weeks. Although I feel I do owe him an apology for forgetting to take the bread out of the

freezer the other day for lunch. But they say that peanut butter and crackers are equivalent to a beef steak if you eat enough at a time. I feel sure he did from the looks of the peanut butter jar and the cracker box.
A financial report at this time will show each and all of you why you deserve these thanks. We have on deposit in our building fund over \$500, which is proof alone that you and you and you believe in the Dimmitt Girl Scouts and because of that just watch us grow.

Attend Funeral
Mr. George Burch, Mrs. Burch, Miss Onita Shive and Mattie Turner attended the funeral of their cousin, Mrs. Engstrom, in Amarillo last Thursday. Mrs. Shive, Onita and Mattie had gone to Mr. Wade's funeral, the husband of Mrs. Geneva Cooper, just 9 days before.
The Coopers were the guests of Tut Cooper of the Cooper Day Company which did the

A Tribute To Our Insurance Men

The man who "writes you up" for insurance is one of the most human of all salesmen. He deals in human nature. He must keep a myriad of facts and figures at his fingertips. He must be persistent, persuasive and personable. The sincere Insurance Man offers you something you can rely on yourself and your family. He insures your life, with protection for your loved ones. He insures your home, your personal possessions. He sells accident insurance and, oftentimes, special kinds of protection covering personal or business assets. You're doing yourself a favor when you buy well planned insurance. Consider him your most needed friends!
