PROCLAIMS MENTAL HEALTH WEEK

Governor Allan Shivers proclaims Texas Mental Health Week, and is rewarded with a lapel pin by little Miss Graham Harman, daughter of a worker in the Travis County Mental Health Society in Austin. Mrs. Maurine Schoonover, president of the Texas Society for Mental Health stands directly behind the governor, and the others are Stanley Caruth, son of Austin School Superintendent and Mrs. A. Caswell Ellis of Austin.

The Texas Mental Health Fund campaign, of which R. L. Wheelock of Corsicana is chairman, will be conducted throughout the state during Mental Health Week and the month of May.

"Do you neck?" "That's my business." "Ah, a professional!"

And here's something which'll interest the many baseball fans in our audience:

A roof over the ball park, and no more rained-out games? "We're 90% closer to it than ever," says famous architect Norman Bel Ged-

"It's not a question of dough, either," asserts Mr. Bel Geddes, whose plans for an \$18,000 roofed-in stadium also is a pet project of Walter O'Malley, president of the Dodgers. A lot of firms would put up money in return for con-cessions. The only remaining pro-blem is the location. We need an enormous piece of land at least 9

The Bel Geddes rain-protected ball park, 600 feet in dimeter, envisions 55,000 seats, compared to Ebbets' Field 32,000. There would be no pillars to block the view, and be no pillars to block the view, and one way auto lanes would handle 0 buses, 15000 cars and 400 taxis without frustrating traffic snarls. Bel Geddes figures 30,000 pedestrians could be seated in 15 minutes. Seats would be 6" wider than those at Ebbets Field, complete with hot dog vending machines in front of them. Freak home runt like the 258-foot pop flies that win games at NY's Polo Grounds would be out, because there's be a constant home-run distance of 380 ft. to a 10-ft. wall

tance of 380 ft. to a 10-ft. wall running from foul line to foul line. In polling 20-year Dodger fans, reporters found one main objection to the Bel Geddes roof: Fans want air and sunshine, fear the (Continued On Page 4)

TRANSIST-EAR FOR HARD OF HEARING

REPLACES BATTERIES

Here is the world's first ALL-TRANSISTOR hearing aidfirst consumer product to use the amazing transistor to full advantage.

This instrument, operated entirely by a single "energy capsule", no larger than a dime and only a trifle thicker, uses transistors to eliminate all vacuum tabes and bulky batteries. It is ·hardly larger than a cigarette lighter-weighs only 21/2 ounces

-may be worn as a tie claspor concealed in a woman's hair. Its efficiency brings 7.5 % reduction in operating costs.

This revolutionary MAICO. TRANSIST-EAR is now on display at our office. Stop in for a personal demonstration, or write today for FREE booklet, "Facts About Transistor Hear-ing Aids." This booklet may save you many dollars and guide you to the best hearing help. Send for it by using this coupon.

NO MONTHLY CRAMPS ... not even on the VERY FIRST DAY!

Doctors' tests show amazing preventive relief

 Women and girls who suffer from the function-• Women and girls who suffer from the functionally-caused cramps, backaches and headaches due to menstruation—who feel upset and irritable on certain "particular days" every month—may be suffering quits needlessly!

Such is the conclusion from tests by doctors in which Lydia E. Pinkham's Vegetable Compound stopped or gave amazing relief of such distress in 3 out of 4 of the cases.

Less on the very first and worst day of the period!

Yest Medical evidence proves Lydia Pinkham a mod-

"I KNOW ALL THE TRICKS -and they're these wonderful Electric Appliances!"

How do I find time to be such a perfect hostess with my busy schedule? It's easy. I use . . . and I really mean USE, my automatic electric appliances. Suppose I'm suddenly confronted with unexpected guests for Sunday supper. Out comes my electric waffle iron . . . my electric grill . . . and my automatic percolator. Zip . . . I bake waffles, grill sausages and make coffee all while I entertain my guests. My electric sandwich grill and toaster makes sandwiches in a jiffy, too. Try my method of being the perfect hostess. Select electric housewares for your home today.

> See the many styles of electric tonsters, grills, waffle irons and percolators at your favorite electric appliance dealer.

Taxes On Liquor Show Increase: **Fines Assessed** By Harry Miller Director, GAINES DOG RESEARCH CENTER

Liquor Control Board during March were greater than those for the same period last year.

The board's monthly review for April, released today, gives March collections as \$1,488,936.85 as compared with \$1,450,006.83 for March, 1952. The review is issued to give

the public factual information about the board's activities and t encourage co-operation among al gencies working for better enforcement of the liquor laws, says Coke R. Stevenson Jr., state liqor administrator. The biggest part of the revenu

from the distilled spirits excise ax, which brought in \$923,008.01 eer excise tax payments amount d to \$394,549.10. Other source rere the mal; liquor wine, beer nd international bridge excisaxes, permit and license fees

Two prohibition elections were eld in Texas during March, with he result that two precincts that ad been wet for beer voted dry
