Sees Bright Future For College--

Warford Chairman Regents Board

A. W. Warford, well known educator and owner of the nationally known Social Science Laboratories, Inc., which now furnishes millions of ally known Social Science Laboratories, Inc., which now furnishes millions of above the average found in colproject problem maps to thousands ger Junior College.

"This doesn't look like the Ranger I knew, at all," Mrs. Francis ighed Monday. She remembered a Ranger that consisted of a drug store, a wagon yard and livery stable and only a few small and scattered buildings.

Times do change. But — wouldn't Mrs. Francis will serve as vice chairman of the have been amazed had she visited nine-man governing board of the Ranger college during the 1953-54 year, and new secretary-treas-urer is Felton P. (Pete) Brashier Jr., local furniture and appliance

> Bruce and Joe Nuessle, The new chairman of the RJC

regents is optimistic in his outlook for the Ranger Institution, one of the oldest junior colleges in this area having been founded back in

"With recognition being given o junior colleges and their work by the State legislature and also v the Southwest's leading senior colleges and with President R. N. Cluck, a veteran in junior college administration, now heading our institution and instituting a contructive program for growth and rogress in coming years, we feel that Ranger Junior College has a very promising future, indeed," Warford said.

"Our branch schools of Ranger Junior College at Albany and Breckenridge, operated under the capable supervision of R. F. Webb. have been most successful and helpful to scores of veterans," Warford declared and revealed Homer A. Todd of Fort Smith, that Veterans Administration regional officials in Dallas have been ing rodges over the nation for 17 highly complimentary regarding vears, will be the producer and RJC's faculty and facilities in its features will include excellent educational program for war vet-

and cutting horse contest. Dates Chairman Warford also pointed are June 24, 25, 26 and 27. Chairman Warford also pointed out that the college's Fine Arts.

Commenting on athletics, War- States. ger Junior College.

Warford, member of the RJC board for eight years, was elevatboard for eight years, was elevated to the chairmanship during a recent session of the regents. He succeeds A. E. Crawley, pioneer board member and Ranger postmaster.

pects for a highly successful season of the RJC board of regents graduated from old Desdemona High competition next fall, "We feel," he said on behalf of the regents, "that Dick Henderson, now head football coach and Sam Aills, new received his M. Ed. degree, major received his M. Ed. degree, major the same and the s assistant mentor, will have a very Morris Newnham, owner of balanced program—not only in Universe Ranger's frozen food locker plant, football but in all phases of athle-

tics during the coming year." "Ranger citizens have always been liberal and spirited in their support of their junior college,' Warford said, "and I feel certain Other members of the board of staunch support in lending their regents are Crawley, Alvis Wood, Carl Page, H. C. Henderson, Lloyd growth of Ranger Junior College.

Annual Cotton Program Ready

The annual Smith-Doxey program is ready for the cotton far-mers. Mr. Sam W. Martin, head of the Dallas cotton classing office, announced today

Sponsored by the U. S. Departof Agriculture's Production and Marketing Administration, the Smith-Doxey program enables cooperating cotton improvement groups to get their cotton classed without cost. They also can get free market price quotations from which they can gauge local cotton

Application forms for the 1953 program can be obtained from the county agent, nearest cotton classing office and local ginners. One application by the group leader covers all members.

Last year, 29,842 farmers in the Dallas classing office territory took advantage of these services, Mr. Martin said.

More than 600 Americans die of cancer each day, American Cancer Society statistics show.

days, \$2.75 for 15 days.

Our 30 Year's Experience-

in abstracting Eastland County land titles has convinced us that it pays the property owner to keep an eye on his title and an interest in his security. One thing that helps is to file all instruments promptly and another is to keep the abstract down to date. So send your unrecorded instruments to the county clerk today for filing and your abstract to this office for late certification.

(Abstracting since 1923)

Tennis Court Cookery

PREPARING THE FAMILY DINNER needn't interfere with the PREPARING THE FAMILY DINNER needn't interfere with the modern homemaker's heliday when her kitchen is equipped with one of today's "automatic cook" electric ranges. Whether her heliday preference is tennis or a picnic or an afternoon at the beach, her range will do the work while she relaxes. The homemaker preplans a menu of foods that can be cooked at the same temperature for the same length of time, and places them in the oven. Then, as in the new Kelvinator shown above, she turns the oven switch to the proper temperature, and disk in the proper cooking period and the time she wants the meal ready on the automatic clock control. While she's away, the range starts by itself, cooks and shuts off, right in time for dimmer.

Second Baptist Revival Termed **Great Success**

The revival at the Second Bapist Church closed on Sunday night with one of the largest crowds ever to attend. In spite of storms and bad weather during all the ten days, the attendance was very good and almost every service was limaxed by many decisions for Christ, Eighteen people were bap-tized Sunday night by the pastor. The church has been blessed in

Ginger Jellied Salads Are Tempting

Springtime is salad time. From now on, through the warm weather

Springtime is salad time. From now on, through the warm weather months, it will take light food, attractive in appearance, to tempt the appetites of your family.

Sparkling moided salads have eye-appeal, so stimulating to jaded appetites. When pale dry ginger ale is used as the liquid in which to dissolve the gelatin, salads have an extra sparkle and extreinely refreshing flavor. These salads can be served often without becoming monotonous since there are many combinations of fruits and vegetables that may be used. Here is one, using tuna fish as its main ingredient, that is delicious. If apples are not available, you might substitute drained pineapple tid-bits, or celery.

Ginger Jellied Tuna Salad

- 2 envelopes unflavored gelatin 2 cup cold water 2 cups hot pale dry ginger ale
- 1 tablespoon lemon juice 1 7-oz. can tuna, drained and flaked
 - 14 cup diced, peeled apples 14 cup broken walnut meats

Sprinkle gelatin on cold water. Dissolve in hot pale dry ginger ale. Add salt and lemon juice. Chill until consistency of unbeaten egg white. Fold in tuna, apples and walnuts. Spoon into large mold which has been rinsed in cold water. Chill until set. Unmold on chicory. Makes 6 to

CHECK YOUR ELECTRICAL COOLING EQUIPMENT

You can help Reddy Kilowatt do a better cooling job for you all summer long if you'll make sure your cooling equipment is in good operating condition.

Small portable fans usually require only cleaning and oiling. Large units, such as evaporative coolers, attic fans and refrigerated room

air conditioners, will probably need expert attention

from your electric appliance or air conditioning dealer.

Attend to this today and enjoy greater summer comfort from your cooling equipment.
