Bride—"I baked two different kinds of biscuits for you today, dear. Would you like your pick?"  
Hubby—"Never mind, darling. I'll just break 'em open with a hammer."  
C. B. Praet of Ranger and Dr. Dick Hodges, also of this city, are among the newly-named directors of the Eastland County Livestock Raisers' Assn. Joe Dennis, Times pub, who attended the DeLeon-Eastland 7-7 draw at DeLeon Friday night, says the Eastlanders are really hopped up over their coming duel with the Ranger High Bulldogs, over there on enemy territory next Friday night. This game promises to be a super-thriller. It'll be a 7-A fracas and may, at this very early grid autumn date, decide the 1953 championship of the nine-team loop. . . . If a man has his nose broken in two places, he ought to keep it out of those places. . . . Attention, all you Jaycees: There's going to be an important meeting at the Ghelson Hotel in downtown Ranger Monday night at 7:30. Every member of the Ranger Jr. C-C organization is urged and expected to attend. Urged Jim Townsend wants to put some new zip and pep into the group and he needs your help. Be there! He'll appreciate it—so will all Jaycee members. . . . First Lieut. Richard B. Kelly of the U. S. Air Force has been home enjoying visit with his parents in Ranger. . . . He's the proud, and so, J. J. Kellys. The . . . . .

### New 1,995-Foot Test Is Staked At Rising Star

Another new location for Eastland County highlighted area oil news Saturday morning.  
Jack Hailey of Cisco announced staking of his No. 6 R. A. Some two and one-half miles northwest of Rising Star.  
The new venture is scheduled for a depth of 1,995-feet.  
Location is 150 feet from north and east lines of Section 25, Block 2, ETRR Survey.  
A new location also was reported for neighboring Palo Pinto County.  
George W. McCauley, et al, Graham, staked No. 1 Mrs. Laura Hinkson as a 1,800-foot try in the Led-Dalton 1,700-Field 11 miles west of Graford.  
It will be 167 feet from the southeast and 3,325 feet from the southwest lines of the southwest quarter of Peter Miller Survey, A-312.  
U. S. Army units are stationed in 50 countries all over the face of the globe from Iceland, Greenland and Alaska to Hawaii, Okinawa, Formosa, Turkey, Iran and Greece.

MORRIS CAUDLE, 63-year-old totally blind resident, and "Cita," his new seeing eye dog. The pair, now being trained together out in North Hollywood, Calif., will return to Ranger next Tuesday.

### 'Cita' Will Lead New Master— Blind Rangerite, New Dog Due Home Tuesday

Out in California today, a happy blind man who lives in a world of darkness—63-year-old Morris Caudle of Ranger—and a sleek, alert German Shepherd "seeing eye" dog are new friends.  
And within a few days—next Tuesday, to be exact—the Rangerite and his new, steadfast companion will return to Caudle's home at 1004 Haig Street.  
The new canine, who'll guide his master around the home and wherever the blind man may choose to walk, is named "Cita."  
The animal, who has been in training with Caudle for the past month, will be the blind man's guiding eyes—yes, and also a true friend and constant companion.  
The dog was presented the Rangerite as an outright gift by International Guiding Eyes, Inc., an organization sponsored by the International Association of Machinists, the "Union with a Heart," and supported entirely by voluntary contributions from labor, fraternal, service civic and other groups and individuals in all walks of life.  
A heart-warming drive for funds in Ranger and Eastland—all voluntarily contributed by kind, understanding individuals—made possible Caudle's round-trip air flight to California to get his new dog.  
Sharing in the fund-raising effort were the Lions Clubs of Eastland and Ranger, the I.O.O.F. Lodges of both cities, and The Ranger Daily Times and the Eastland Telegram.  
The fund resulted from a story—titled "The Irony of Fate"—which told the plight of the blind Ranger resident who's aged little dog, 12 years old, was in poor health and unable longer to properly serve as a guide and companion to his master.  
The response was immediate.

and overwhelming. Through the generosity of contributors, Caudle not only got a round-trip plane ticket to California, but badly needed clothing, and handy cash.  
Caudle makes his home in Ranger with his aged mother who is in very poor health. The couple have a meager income from small pensions.  
The blind is not required to pay or promise to pay any amount of money for this gift, says International Guiding Eyes, which includes room and board for the four weeks they are in training together. These guide dogs are provided as outright gifts to deserving blind people regardless of their place of residence, nationality, color, or religion.  
Any person or organization desirous of participating in this great humanitarian work may do so by sending a contribution in any amount to International Guiding Eyes, Inc., P. O. Box 18, N. Hollywood, California.

### USDA Is Big Loser Through Price Support

The Agriculture Department reported today a net realized loss of \$61,146,000 in carrying out the farm price support program in the fiscal year which ended June 30.  
This compares with a net realized loss of \$47,352,000 in the preceding year. The peak loss—\$46 million dollars—occurred in the fiscal year ended June 30, 1951.  
The average annual loss since the price support program began in October, 1933, is in the neighborhood of 73 million dollars.  
The net loss in the last fiscal year resulted largely from sales of corn and wheat. These losses were \$20,526,524 and \$18,886,296 respectively.  
At of June 30, the Commodity Credit Corp. had an investment of \$2,476,200,000 in the price support program. Loans totaled \$1,137,092,000 and inventories of commodities acquired under the support program, purchase agreements totaled \$2,358,737,000.  
Corn, cotton, tobacco, and wheat, in that order, accounted for the bulk of the loan total.  
The net realized loss since the start of the program now totals \$1,456,000,000.

### Supervisor, Soil Conservation District, Be Chosen By Members

An election is to be held at 2 p.m., Oct. 6, 1953, in the County Court room for the purpose of electing a supervisor for subdivision 5 of the Upper Leon Soil Conservation District. Subdivision No. 5 includes that portion of Eastland County in the Upper Leon Soil Conservation District lying north and east of the MKT railroad which runs from the town of Gorman to the town of Cisco, and extending to the Wichita Falls and Southern railroad on the east. A small area of Eastland County including that area north of the baseline road and west of the Canyon road is not in the district at the present time but is in the process of annexation. This area lies northwest of Cisco. Eligible voters are those landowners and widows living within the district boundaries.  
A soil conservation district is organized by the citizens of a watershed county or community un-

### Mild and Balmly Weekend Is Due For County Area

A balmly Indian summer weekend was in store for the Eastland County area.  
Continued warm days and cooler nights for the vicinity were forecast for Saturday and Sunday by the U. S. Weather Bureau.  
Maximum mercury readings during the two days will be between 90 and 95 degrees in the afternoon hours.  
But the thermometer will dive down into the upper 50s during the nocturnal hours.  
Generally fair skies were forecast with no rain due for the sector.  
For the North Central and West Texas area—Clear to partly cloudy with no important temperature changes Saturday and Sunday.

### Jaycees Urged To Attend Meet Monday Night

A vitally important meeting of Ranger's Junior Chamber of Commerce has been called for next Monday night, Sept. 28, at 7:30 o'clock at the Ghelson Hotel in downtown Ranger.  
James Townzen, president of the Ranger Jaycees, said it is imperative that all members be present for the Monday night session.  
Two major matters will face the meeting—planning and launching of a drive to secure new members and formulating a new project to raise funds for the Jaycee treasury.  
"We need new members and plenty of new life," Townzen said. "Many important challenges face our organization in this community. And there is much good and constructive work that we can do for the general welfare of our community."  
"There has been a noticeable lack of interest since the rodeo last July, and all Jaycee members are reminded that there are other important activities in addition to sponsorship of our annual area show. I'm making this appeal in the hope that our members will respond and attend Monday night's meeting," the Jaycee leader said.

### Abilene C of C Trippers Visit City Next Week

A group of Abilene business men, representatives of wholesale and special service firms of the Key City, will visit Ranger next Tuesday morning, R. V. (Rip) Galloway, secretary-manager of the Ranger Chamber of Commerce, announced today.  
The tour of area cities next week is being conducted under sponsorship of the Abilene Chamber of Commerce, Galloway said, and the trippers, traveling by chartered bus, are due to arrive in Ranger Tuesday at 10:30 a.m.  
The Abileneans will be met at the city limits by city and Ranger Chamber of Commerce officials and a police escort. Their bus will stop at the Ghelson Hotel and there Mayor Calvin W. Harris will deliver a brief welcome address.  
Following the greeting from the city head, the visitors then will enjoy brief personal visits with Ranger business men in their stores and establishments.

### Breckenridge 'Aviation Day' Set for Sunday

The city of Breckenridge, through the Chamber of Commerce, today announced that all residents in the Ranger area were invited to attend Aviation Day at the Breckenridge airport Sunday, Sept. 27.  
The announcements of the invitation were made by Lester Clark, prominent Breckenridge oilman and Chairman of the Aviation Committee of the Chamber of Commerce.  
Pioneer Air Lines, the nation's most progressive and oldest local service, will schedule airline service to Breckenridge Sunday.  
In conjunction with the inauguration of service, the city of Breckenridge will have Airport Open (Continued on Page 2)

### Strawn Girl, 4, Fatally Burned; Buried Friday

Funeral rites for little Estera Nunez, four-year-old Strawn Latin-American girl who died in a Strawn hospital Wednesday as a result of serious burns, were held at St. John's Catholic Church in Strawn Friday morning at 9 a.m.  
Rev. L. L. Loo, pastor, officiated, and interment was in Mt. Marion Cemetery with Triplett Funeral Home, Strawn, in charge of arrangements.  
Rosary was said for the deceased girl at the Strawn funeral home Thursday evening at 8 o'clock.  
The girl, daughter of Mr. and Mrs. Amelio Nunez, died in the hospital Wednesday afternoon four hours after she had been rushed there following a tragic accident, which occurred in the yard of her parents' home Wednesday morning.  
The child picked up a can of kerosene in the Nunez home and in doing so spilled some of the contents on her dress. A group of boys and girls were playing around a bonfire in the backyard and one of the youngsters poked a flaming stick toward the child, igniting her clothing. She burst into flames and was fatally burned. As soon as the blaze was extinguished she was rushed to the hospital where she died a few hours later.  
Survivors include her parents and nine brothers and sisters, all of Strawn.

### Scout Pow Wow Be Held Monday

Scouters in this area are to meet in Eastland Monday night for their annual Pow Wow. The meeting will be held on the Comanche hotel roof garden, beginning at 7:15.  
Arrangements for this affair will be under the direction of Arthur Murrel and Bill White.  
Charley Graham of Cisco will preside, and Homer Tudor of Breckenridge will assist with the program.  
Cities due to be represented will include Eastland, Ranger, Cisco, Carbon and Breckenridge. This is known as the North District of the Comanche Trail Council.

### 13 Per Cent Above Pre-Korean Level— Living Cost Soaring

The rising cost of living continues to inch upward.  
According to government reports today, the advance that started last February moved up at August to a record high—12 per cent above the pre-Korean level.  
The increase of three-tenths per cent to 115 per cent of the average 1947-1949 base period, means an automobile three cost an hour wages increase for 1,200,000 rail workers next month. Their wage rates are tied to the cost of living index with adjustments being made every three months.  
The three cent hourly increase, coming on top of a 10 cent rise the rail workers already had gained because of higher living costs, will add an estimated 100 million dollars a year to railroad payrolls.  
Beef Prices Up  
The largest increase in beef and real prices in any single month since June, 1948, was one of the factors contributing to the higher index announced today, which measured the change in the cost of living between July 15 and Aug. 15.  
In Chicago, a spokesman for the nation's meat packers said wholesale and beef prices, on a year-long basis, are down 18 to 23 per cent depending on grades. The American Meat Institute said retail and wholesale prices "are following very closely the decline in prices paid farmer for cattle." Farmers now are receiving 17 to 22 per cent less for cattle than a year ago, the institute said.  
Other rising costs which helped push the index up included a one and one-eighth per cent increase in rent, slightly less than a one per cent increase in transportation costs, and fractional increases in the price of medical services, theater admissions and other goods and services.  
Somewhat lower costs in clothing, food, and fresh fruits and vegetables.

The Ranger High Bulldogs, piloted by Coaches Stubby Warden and Boone Yarbrough, opened their drive for the 1953 District 7-A championship at Wylie near Abilene Friday night with a thumping 33 to 13 triumph over Wylie's game but badly out-classed, out-weighted and out-manned Bulldogs.

About 1,000 spectators, including 300 from Ranger, saw the 7-A conference contest.  
The power and strength of the beefy Maroon & White forward wall completely stymied the Wylie ground offensive. In fact, during the entire 48-minute duel the Taylor Countians piled up but 25 hard-earned yards rushing and lost 24 via terra firma play to end up with a disappointing net of one lone yard from scrimmage effort.  
The losing Yellow & Purple, paced by classy 141-pound tailback Genevie Beyer, a pitching wizard and undoubtedly one of the best schoolboy passers in the entire Southwest, and ace Digger O'Dell, a gangling 150-pound end, were able to penetrate the stout Ranger defense only by taking to the air.  
Beyer, a real sharpshooter, bulletted 22. Of the total, 19 were complete, but one of those solid connections was nullified by a penalty. Beyer's short bullets and long bulge shots accounted for 170 previous yards and the Wylie crew's two touchdowns. Only one of Beyer's air rides was wild—and this was misrepous in lieu of the fact that he was continually rushed, harassed and trapped by the Ranger defense which poured through his protecting forward wall like water through a sieve. Several times Beyer, the standout back of the night, eluded would-be tacklers on dashes toward the sideline and leaped a yard off the turf to launch his beautifully-aimed pitches.  
The winning Bulldogs piled up a total of 331 yards offensively—222 yards rushing plus an additional 109 yards in the air. The Hillers tried only three passes and completed two, both with perfectly executed lateral a touch-down, for touchdowns.  
The Rangerites scored in all but (Continued on Page 2)

### Humble Grid Video Program Shows Thrillers

The best plays from the University of Houston - Texas A&M and Texas - Villanova games played last Saturday will be featured on Humble Oil & Refining Company's TV program, "Southwest Conference Football Review," this week.  
Kern Tippa will do the commentary on the key plays from the games, the only games played by Southwest Conference teams last Saturday.  
TV stations showing the filmed highlights and the time of telecasts on Monday nights are KRIC-TV, Abilene, 8 p.m.; KRLD-TV, Fort Worth, 7:30 p.m.; WRAP-TV, Dallas, 7:30 p.m.; KPCC-TV, Houston, 9:30 p.m.; and KWFT-TV, Wichita Falls, 7:30 p.m.  
Tuesday, the program will be carried over KTEC-TV, Austin, 8:30 p.m.; XELD-TV, Brownsville, 8:30 p.m.; KDUB-TV, Lubbock, 8 p.m.; KFXL-TV, San Angelo, 7:30 p.m.; and WOAI-TV, San Antonio, 9:30 p.m.  
Wednesday, the highlights will be shown over KCMC, Texarkana, at 8 p.m.

### Polio Cases Show Increase, But Under '52

New polio cases reported last week totaled 2,158, an increase of 2 per cent over the 2,112 in the week ended Sept. 12, but only slightly more than half as many as the 4,179 in the corresponding 1952 week.  
Despite the increase after three weeks with slight decreases, the Public Health Service reiterated that it expects the total number of cases this year to fall below 40,000, a last year a record 57,879 cases were listed.  
A peak week thus far for polio cases was 2,251 cases for the period ended Aug. 22.  
The health service said most of the increase for last week was "due to larger number reported in the Middle Atlantic and Pacific states."  
Thus far this year there have been 24,615 cases, compared with 35,440 in the similar 1952 period.  
There were 26 deaths from poliomyelitis reported over the national last week.

the final period, racking up two TDs in the opener quarter, another in the second, and a final pair in the third stanza. Wylie's tallies came in the second and fourth heats.

In the dying minutes of the first half, Beyer linked a pitch to O'Dell for the Wylieites' initial tally. A bad snapback from center ruined the Taylor Countians' try for a placekick for the point.

The Beyer air arm arched over into pay dirt again in the fourth when the Wylie tailback hit Halfback Elton Long with a beauty good for 40 yards and a TD. The Digger dug his toe accurately into the leather to add the extra point from placement.

Only fleeting seconds after the opening kickoff, Ranger's fleet Charles Massegee knifed through center, cut back to the left and scampered 62 swift yards for a touchdown. However, a clipping penalty against Ranger nullified the beautiful scoring play.

Six plays after the opening whistle, Quarterback Scott Forney shot a jump pass to Right End Chico Mendoza over center and the wingman lacerated to Tommy Hinds, left end, who scampered over from the Rangerites' 43-yard

stri, e. Broyning's kick for the point failed.

Just before the wadup of the initial quarter, O'Dell punted out of bounds on his own 40 where Ranger took over and on the first play Forney circled right end for 15 and a first down on the 30. Massegee skirted left end for three downs to the 27, Browning climbed over left tackle to the 21 for six, and Massegee picked up a first down on a right end slash down to the 8. Browning hammered left guard for two to reach the 6, and then Forney pulled a sneaker over center to score. Browning again failed to boot the point-after-touchdown.

Only nine plays later—early in the third—from their own 48, the Rangerites pulled their pass and lateral with Forney completing a jumper to Mendoza and a lateral to Hinds who gathered in the oval and scampered the distance to crash country. Forney added the point with a perfect kick from placement.

Early in the second half, Ranger blocked O'Dell's punt on the Wylie 27-yard stripe. Forney circled left end to make the 24 for a three-yard gain, Browning ripped over right tackle for another first down on the Wylie 13. From there Fullback Jim Littlefield rammed center to score. Forney kicked the extra point.

Five plays down in the third stanza, the Maroon & White jaggedness was on its way again.

James kicked off to Wylie and the opening oval was touched by Fullback Perry Little as it zoomed over the goal. The WHS Bulldog took over on their own 20. Beyer was capped behind his line, but Ranger drew a 15 yard penalty giving Wylie a first down on their own 36. Beyer was trapped again back on the 26. He tried center for no dice and then faded to pass. His pitch was intercepted by Jim Wheeler, Ranger left tackle, on the 24. Browning pounded right guard for a pair of yards, Littlefield chopped over left guard for six to make the 16 and a first down, and from there Massegee sped around right end to score over the coffin corner. The speedy halfback added his own extra point with a boot from placement.

**Christian Science**

The Golden Text of the Lesson-Sermon on "Reality" to be read in Christian Science churches this Sunday is from Philippians:

"Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things" (4:8).

The Lesson stresses that purified thought comes as mankind drops a false material concept of existence for the spiritual understanding of man and his relationship to God, and that this understanding enables us to overcome all evil.

From Matthew 5:8 this passage will be read: "Blessed are the pure in heart; for they shall see God." Among the selections to be read from the Christian Science textbook by Mary Baker Eddy's is the following: "Oaker's aim, a point beyond faith, should be to find the footsteps of Truth, the way to health and holiness. We should strive to reach the Horeb where God is revealed; and the corner-stone of all spiritual building is purity. The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration" (Science and Health with Key to the Scriptures, p. 241.)

**Breckenridge**

(Continued from Page 1)

House starting at 1:00 p.m. and continuing until 4:00 p.m. On hand will be General Robert J. Smith, President of Pioneer Air Lines; Harding L. Lawrence, vice-president of Traffic and Sales, other company officials from Dallas; Civil Aeronautic Administration officials from Fort Worth Regional Office and other distinguished guests.

Many types of airplanes, including Air Force and a Bell 470 Helicopter, will also participate in the Sunday ceremonies, Mr. Clark said.

On this day, Pioneer will start providing Breckenridge with four flights daily, the company will have flights from Dallas-Fort Worth arriving in Breckenridge daily at 8:04 a.m. and 2:45 p.m. These flights continue on to Abilene, Midland-Odessa and other leading Texas and New Mexico cities.

Two daily flights from that area for Fort Worth and Dallas will leave Breckenridge daily at 9:02 a.m. and 2:38 p.m.

"We want to extend a cordial welcome to the citizens of Ranger and the surrounding area to join us in celebrating our first scheduled air service. We also want to welcome people in this area to use the services of Pioneer at the Breckenridge airport," Mr. Clark concluded.

Delta Kappa Gamma sorority. Mrs. H. L. Coody, president of the 1920 Club, introduced Mrs. Stubbs.

The topic for the afternoon was three-fold: "Our American Heritage," "Mental Health" and "Public Welfare." Mrs. Stubbs' inspirational address promoted enthusiasm among the three clubs.

Mrs. Stubbs, as State Federation president, for the past two years, has done outstanding work. The "Aid to Austria", which she promoted, won a national award. Her work in establishing other worthwhile projects has been very successful.

Mrs. Joe Nussle, president of the 1947 Club, presented Mrs. Stubbs with a gift from the three clubs.

After the close of Mrs. Stubbs' address a reception was held. Fall colors were used in the decor throughout the room. The tea table was covered with an antique linen cloth. Bronze and gold baby cranshemums in a scalloped brass bowl centered the table. Seven-branch brass candelabra were placed on either side.

The three club presidents, Mrs. E. R. Green, New Era, H. L. Coody, 1920, and Joe Nussle, 1947, alternated at the milkglass punch bowl.

About one-hundred attended, including guests from Eastland and Cisco.

### RJC's Weekly Bible Class Is Open To Public

The Bible Class being conducted at Ranger Junior College is open for any one who desires to study the Bible. Men and women of this area are eligible to enroll in this class, and are invited to do so. Members of any church or no church, Sunday school teachers, church workers, business men, laymen who would like to learn about the Holy Bible, should avail themselves of this wonderful opportunity. Many college students are enrolling in the class.

The class will meet each Tuesday night at 6:30. College credit of three hours will be received upon satisfactory completion of the course.

The teacher is selected each semester by the Ranger Ministerial Alliance and with the approval of the Board of Regents.

The study will be the times, customs, religious, habits, of the beginning of Christ's ministry. This is a beginner course and will give adequate background for teachers, laymen and any one who desires the Bible background. A study of the four gospels as to the parables, miracles, teachings, and philosophy of the Lord Jesus Christ. The Holy Bible will be the main text book. The Composite Gospel, by Fisher, and the New Testament World by Dana, will be the parallel studies. The four Gospels will be read and studied from the New Testament World, will embrace the study of Judaism, as a land, literature, religion, and society. The second section, the study of the Roman government, Greek Culture, Roman society, Oriental Religion. The Composite Gospel will be a study of the compilation of all the miracles of a kindred nature from the gospels, and likewise the parables. Many of these are given in all four books, the Composite Gospel gives a singular study, enabling the student to truly understand the teachings. Those interested should contact the college office or Rev. Perkins, who will teach the first semester.

The Training Union Department will complete their promotion services at 6:30 with departments and unions assembling and promoting, and their regular programs continuing. Training Union department

### Rev. Robbins To Fill Pulpit Sun.

Following a one week's Revival Meeting in Greggton, Texas, Rev. A. Lynn Robbins, pastor of the Ranger First Christian church, will return to the pulpit of the local church today. At the 11:00 a.m. Morning Worship and Communion Service the pastor's sermon topic will be: "A Sermon by a Tyrant." Not to be confused with the local pastor, this sermon is drawn from the life and ministry of the famous Bishop Frances Asbury who gained fame and recognition during the early days of American Protestantism. This service will climax in the weekly observance of the Lord's Supper to which all are invited.

At the Evening Worship Service at 7:00 p.m. the pastor will preach on the subject: "The Personal Element in our Faith." This evening church hour will feature the regular period of popular fellowship singing and evening meditations and will close with the celebration of Holy Communion for those who find it impossible to attend a morning service.

The Church School, with classes for all ages, will meet at the church at 6:30 p.m.

A hearty welcome is extended to you and your entire family to

ments will be completed Monday night when they meet for regular planning meetings. Mr. Walter Arterburn, general director. Corvis Beck is general T. U. secretary. The pastor will preach at the evening worship hour at 7:30. Visitors and members are extended a most cordial welcome to these Lord's Day services. Come worship with us and learn the only true and lasting happiness there is in life.

attend the services this Sunday at the First Christian church. We are a small, friendly church where everything possible will be done to make you feel at home and receive a genuine blessing in a spirit of fellowship and cooperation. Remember to attend the church of your choice this Lord's Day.

he tried to "lum" two cents. Picked up a target for his "touch" were two men on a street corner who turned out to be detectives. The said Ledderhose had eight cents in his pocket and wanted to hold it to 10 cents.

More dirt has been moved in bury pipe lines, most of which carry oil or its products, than that required to dig all the canals used since the beginning of time.

## If you drive on Rough Roads-

READ THIS ABOUT THE GREAT GULF TIRE

This Gulf Tire can stand up to rough roads and take real punishment. Here's why:

more cord per inch in every ply. Then vulcanizing welds all plies together. They work as a unit to resist bruises. And they're interlocked around high-tensile steel wire beads.

The Gulf Tire has a considerably stronger carcass. It's built with a new-type cord and has

Stop In - See It for Yourself!

- Less chance of blowouts and carcass failures with this tire because a double breaker strip cushions shocks.
- The tire lasts longer—wears more evenly, edge to edge, for its flatter tread design spreads the wear over a wider contact area.
- The 7 zigzag ribs of the Gulf Tire fight skids. Their flexing action breaks up water film on wet roads.
- The 7 ribs mean there's a "riding bar" down the center of the tire. Right at the point of greatest pressure, the load rides on rubber, not on a groove!
- At high speeds, the tire runs cooler (and safer) because of a special ingredient in the rubber.
- Sidewall shields protect tire against curbstone bruises.
- Warranty accompanies every Gulf Tire—is honored by Gulf Dealers everywhere!
