### ABOUT RANGER

By VIRGIL E. MOORE

It takes a little time to change one's thinking from citrus to peanuts, but we think maybe we are coming around. We are always disappointed when we move to a place noted for a certain product or crop when we can't buy it dirt cheap. For instance when we moved to the Rio Grande Valley we expected to find oranges and grapefruit at give-a-way prices.

They weren't. In fact if you bought them at the grocery store they cost just as much as ever. What this all leads up to is of course, peanuts. Why? We ask ourselves, do peanuts still cost a penny in the automatic machines? Of course we can't think of a coin of lesser valuation off hand—unless it might be the Mexican peso and that won't fit the slot—but we still feel there should be some way to get the peanut to the Eastland county folk a little cheaper.

This seems little to worry about, but being a fond lover of the peanut, we get worried at nights thinking about the unfairness of the thing. Perhaps more peanuts could be made to come forth from the shiny machines. This would be one answer but it would cost a lot of money since the city would have to hire a peanut machine inspector.

Oh well, think we'll forget the whole thing. You have to carry peanuts to get cold drinks with anyhow.

The Ranger Bulldogs are inching toward the top of the ratings in Texas Class A high school ratings. Williamson, the king of the fates, has the Bulldogs listed in sixth place in this week's grid ratings. Luling got the first place, Wink was second, Deer Park third, Lyford fourth, and Crowell fifth. Our own the Bulldogs in 45th place in Eastland. Dublin was 27th.

The jump moved Ranger up two notches from eighth to sixth. The Dogs were given a percentage rating of 80.3, only a few points below Luling's 84.1.

Other Williamson ratings: Waco headed 4-A teams with a perfect percentage mark. Second was Fort Arthur and in eighth spot was Abilene. In AAA ratings it was Temple, Texarkana and Kilgore in that order. Waco, by the way holds a win over Temple this season. Double-A ratings had Childress on top, Stamford second and Pecos third. Weatherford was given the fourth spot.

Five touchdowns gives Tommy Hinds, Ranger end, 24th position in the area scoring race so far this season. Leading the pack is Weldon Hicks of Comanche, Dublin's James Berna was ranked 13th. He has six TDs to his credit and two extra points.

Ranger's Community Chest drive is about to get underway, and even before it does we would like to give it a plug. Anyone in business knows that it is impossible to give to every charity organization that comes along and still remain in business. Besides that, valuable time is wasted in making calls. Not only the time of the merchant is lost but the time of volunteer workers as well. With the C-C plan, everyone has the opportunity to plan their own donation. They can give what they can afford without lost effort and without making anyone mad. It's a good plan. Plan for it.

See where a Paterson, N. J. woman sued her husband for divorce because he "wanted me to treat him like a king." Seems her husband, Solomon, required his meals served course-by-course while he lolled on a living room lounge. The food had to be prepped to bite size. And in true Henry VIII fashion, he dumped plate and all on the floor if the cooking displeased him.

Sure hope that Judge doesn't give her that divorce. Sounds like a good deal to us.

Stanley Webb, tax-assessor collector sees all kind of money in his job. We were up to see Stanley last week and he had a pile of nickles and dimes in front of him. Seems someone had been saving his change to pay his taxes. Stanley took it all with a grin. Fact is it might be a good idea. Probably a lot easier to pay as you go than it is to fork it all up at once.

## Rangers Meet Rams

### Fair And Mild Weather Is Predicted

A prediction of fair weather with mild temperatures is forecast for today and Friday in the Eastland County area.

Temperatures are due to range in the high 70s and low 80s with lows in the 40s.

The reading dropped to a low of 46 in Eastland and Ranger Wednesday night.

### Last Rites Held For C. F. Stoker

Funeral services for Charles Frank Stoker were held at 4 p.m. Monday, Oct. 5, in the Midway Baptist Church, with the Rev. Floyd Porter, cousin of the deceased, officiating. He was assisted by F. C. Bradley and the Rev. Buel Brian, pastor. Mrs. Dwayne Clement, also a cousin, served as pianist.

Mr. Stoker died Saturday, Oct. 2, in the Sequin hospital, one day after having left the Veterans' hospital in Temple, where he had been for several weeks. Mr. Stoker was a veteran of both World War I and World War II, having served with the U. S. Navy.

He was born May 24, 1893, on the old Porter homestead, near Gorman. Burial was in the Oakland Cemetery near Gorman.

Goetz Funeral Home of Sequin brought the body overland to Gorman, where they were assisted by Higginbotham's.

Followers were cousins of the deceased and were: John, Sam, Stanley, Clyde, Ardis and Hilton Porter.

Survivors include two sisters, Mrs. Mattie Bentley of Eastland, and Miss Lucy Stoker of Sequin, who was formerly employed in Eastland with Western Union, also three nieces and numerous other relatives.

## MORE THAN 200 ATTEND 2ND ANNUAL 'TURKEY BARBECUE'

Eastland City Park was the scene of the second annual turkey barbecue sponsored by the Central Texas Turkey Growers Association Tuesday night. More than 200 attended the meeting.

George McCarthy, a director of the Texas Turkey Federation and vice president in charge of research at University Mills, Fort Worth, was the principal speaker. McCarthy urged all turkey raisers to take an active part in the national and state turkey federations. At the present time the organizations are sponsoring an "Eat More Turkey" campaign.

The federation also sponsors research on breeding, feeding, marketing and disease control, McCarthy said.

He explained Texas was the largest producer of commercial turkeys in the United States with an estimated 3,000,000 eggs a year going to other states.

McCarthy added that Texas turkey raisers market about 3,500,000 turkeys annually.

### Spurlen Is Elected Soil District Head

F. M. Spurlen, Rt. 2, Eastland, was elected district supervisor of sub-division five of the Upper Leon Soil Conservation District in the election held Oct. 6 at 2 p.m. in the Eastland County court room. Spurlen replaces L. R. Higginbotham of Kokomo whose term of office expired on the date of the election.

Spurlen lives four miles east of Eastland on Farm to Market Road 570. Spurlen is a firm believer in conservation and has practiced conservation for many years. He planted hairy vetch and Austrian Winter peas in the late thirties for soil building and grazing benefit. Spurlen bought his present farm in 1922 and terraced his cropland the next year. He has noted marked increases in yields due to the use of conservation practices. He has pushed much of the brush on his pasture land and through the use of goats and good grazing management has improved his stand of better grasses. Several farm ponds provide a good distribution of livestock water on his range land.

Spurlen believes that conservation is the people's business and that every individual can lend his influence and assistance in getting proper land use and treatment to effect. Neighbors working together in controlling erosion help each other as well as realizing a personal benefit and profit says Mr. Spurlen.

The local soil conservation district is a true example of local self government. The people of a soil conservation district join together voluntarily and legally to solve their own problems in their own way.

Thunder is heard in New Mexico 50 to 70 days out of each year according to the "secreancy" maps published by the U. S. Weather Bureau.

The Pioneer Conference title race opens this Saturday with the undefeated and untied Eastland Rams, meeting the Ranger Junior College Rangers in a league set to at San Angelo.

The Rams, with three consecutive victories over strong junior college clubs and always hard to beat at home, are favored. But the Rangers, after a slow start in early games, sounded a warning to league rivals last week by tying the tough Navarro JC Bulldogs 20-20. Last year Ranger beat SAJC 12-7.

Ranger's hopes probably will depend on the running of Tom Hudson, league-leading carrier, and the passing of Tommy Wood, who has completed 12 of 21 pitches for 153 yards this season.

San Angelo's overhead game will be sparked by Jerry Sessions, a fine passer, and the running department will feature Jerry Hopkins and Gene Henderson, both outstanding performers.

Coach Dick Henderson and assistant Sam Allis kept the Rangers at rough contact work the first three days of this week. The Rangers probably will ease up today, however, since they have a long trip ahead of them.

The Rangers are still plagued by injuries. Sonny Blanton, halfback, is still favoring an injured ankle. Ross Nail has an shoulder injury and Center Otis Clayborn still has ankle trouble.

Other conference teams will continue their schedules with non-loop opponents in games set for Thursday. Tarrant State's Plovers, beaten by the A&M Frosh last week, will try their luck with the TCU Wogs at Mineral Wells, and the ASC Rebels, 7-0 victors over Texas Lutheran last Saturday, will entertain the Navarro JC Bulldogs at Arlington.

Tarrant State with the best punter in Texas Junior College circles in Herman Tidwell and an effective passing attack should give the Wogs a thorough test.

At Arlington, the Rebels will be out to avenge a 19-25 defeat at the hands of Navarro last fall. It was their only loss of the 1952 season. The game should be a fine one, as the visitors hold a victory over Kilgore. The Rebels now appear to be rounding into top form with a well balanced passing and running attack.

The Schreiner Mountaineers, who were nudged 0-7 by powerful Del Mar of Corpus Christi last Saturday, have no game scheduled this week.

Probable starting line-up:  
Left End—John Wilson, 180, Quannah.

Left Tackle, George Scott, 215, Crowell.

Left Guard—Joe Angel, 190, Fort Worth.

Center—Jim Bob Roberts, 180, Woodson.

Right Guard—Allen Gibbs, 185, Newcaste.

Right Tackle—Dalton Bleeker, 207, Breckenridge.

Right End—Ray Gilstrap, 185, Big Spring.

Quarterback—Tommy Wood, 180, Amarillo.

Left Half—Fred Sanders, 165, Fort Worth.

Right Half—Raymond Hallenack, 140, Crowell.

Fullback—Thomas Hudson, 205, Throckmorton.

### New Instructors Ex-T.C.U., Panama College Prof At Ranger J. C. Now

A former math instructor at Texas Christian University will lead the mathematical and science departments at Ranger Junior College this year. He is Brady L. Blankenship.

Mr. Blankenship, who claims San Saba as his home town, is a graduate of the University of Texas, holding a Bachelor of Arts and a Master of Arts degree. He is now working toward his Doctor of Philosophy degree and hopes to complete that work in another two years.

Mr. Blankenship has been active in the mathematical association of America. He has had experience with slide rule and engineering clubs.

He has 11 years experience teaching and served in the production departments of two Fort Worth aircraft firms.

Mr. Blankenship is married and has a 13-year-old son. He is a member of the Methodist Church.

Ranger Junior College's new Business Administration Department head is Miss Vivian Simmons, who for the last four years has been instructor at the Canal Zone Junior College in the Panama Canal Zone.

A native of San Antonio, Miss Simmons began her teaching career at Throck, Tex. She holds a Bachelor of Business Administration degree from Southwestern University in Georgetown and has done graduate work at the University of Texas.

While in the Canal Zone Miss Simmons taught business education courses in the Balboa High School as well as the Canal Junior College.

Miss Simmons has been active in church work. The schools in Panama commended her for her singing. She directed young people groups both in the high school and college in outside activities.

## RANGER, EASTLAND JUNIORS BATTLE TONIGHT IN RANGER

Round two of the Ranger-Eastland gridiron battle will be unrecalled tonight when the Eastland Junior High School Dogies take on the Ranger Junior High Pups at Bulldog Stadium in Ranger. Game time is 7:30 p.m.

The game will be the first of the season for Coach Boone Yarborough's Pups, while the Dogies

boast a record of two straight wins in as many games.

Eastland beat the De Leon Juniors 12-6 and then smashed Dublin 32-13. Both games were played in Eastland. The Dogie eleven is coached by Wayne Brock, a product of Hardin Simmons University.

Coach Yarborough listed his starting eleven as follows: Boone Yarborough Jr., left end; Barney Blankenship, left tackle; Robert Veal, left guard; Dale Cozart, center; Bonnie Jumper, right guard; Jesse Simmons, right tackle; Mack Ball, right end; Richard Spindler, quarterback; Freddy Cooper, left half; David Wharton, right half; and Roy Gomez at the fullback slot.

Coach Brock couldn't give a starting line up, but he will have ends R. L. Stuard, Charlie May, Virle Lee, and Allen Miller to choose from. At tackle he can pick from Hampton Stacey, Donald Carline, Rex Webb and Johnnie Mahan. Guards include Henry Van Geem, Gene Reagan, John Lively and Knieky Arthur. Kenneth Watson and Larry Alldridge are the two centers on the team. Backs include Mike Manning, Clinton Humphrey, Larry Hollis, Dwayne Brown, Felton Williams, Paul Pullman, Weldon Wharton, Phillip Rodriguez and Stanley Reed.

### Ranger J. C. Homecoming Set November 7

Ranger Junior College will hold its annual homecoming for alumni Nov. 7. It was announced today. The feature event of the day will be the homecoming game with Arlington State College.

Mrs. Charley Hamilton, alumni spokesman, said big things were planned this year at the college. Following the grid game there will be a turkey barbecue and party at the Ranger Country Club at which all exes will be guests of honor.

Exes living in Ranger are asked to contact Mrs. Hamilton if they wish to help by bringing a covered dish to the barbecue.

## RANGER ELEVEN SEEKS THIRD STRAIGHT DISTRICT VICTORY AGAINST BANGS HI DRAGONS

Ranger's Bulldogs go after the Bangs Dragons Friday night in Bulldog Stadium seeking their third straight district win of the year and their fourth victory of the season.

The Dogs, keyed up from last week's easy victory over the Eastland Mavericks, will go into the game as favorites.

The District 7-A game, with kickoff at 8 p.m., should decide for one and for all, just what the Dogs have this season. Expect little in the state by Williamson and with no serious injuries to hamper them, Coach Staley Warden's eleven may repeat their last week's performance. Tonight could prove rough however, since the Dogs were on edge last week apiece. Eastland, Ranger tabbed Eastland as the team to beat in the district and since the Dogs had such an easy time of it—winning 27-0—they may be let down for the tilt this week.

At any rate Coach Warden and assistant Boone Yarborough aren't casing up on the Dogs. They had rugged workouts Monday, Tuesday and Wednesday, but will probably begin tapering off today in view of the Friday game.

Ranger now has a record of three wins against one loss. The loss came at the hands of AA Mineral Wells. The Dogs dropped a 13-14 game in the second outing in the A-A eleven. Actually the Bulldogs were ahead in every department but the score in that match.

The Warriorsman hold victories over Colorado City, Wylie and Eastland.

Here are the probable starting line-ups:

RANGER—Tommy Hinds, left end, 186; Jimmy Wheeler, left tackle, 190; Gary Patterson, left guard, 195; John Rush, center, 182; Bobby Justice, right guard, 179; Eddie James, right end, 210; Chico Mendenhall, right end, 185; Scott Forney, quarterback, 163; Billy Browning, left half, 143; Charles Masegee, right half, 140; Jim Littlefield, fullback, 150.

On defense back Benny Robinson, tackle Jim Noll and end Dan Mitchell will be shifted into the line.

Other Dogs who will probably see action include Johnny Graves, tackle, 200; Tommy Young, guard, 170; John Hagaman, center, 160; Tommy Sutton, guard, 165; Jerry Cantrell, end, 163; Bill Mrazala, fullback, 165; Johnny Swinney.

quarterback, 120; Archie Robinson, tackle, 180; Paul Hinds, back, 115; Cruz Vasquez, guard, 140; and Dan Cruise, guard, 115.

BANGS—Bobby Sikes, back, 130; James Segrest, back, 163; Ronald Hallford, back, 160; J. C. Fitzgerald, tackle, 207; Ronny Bauer, 155, end; Bobby Prince, end, 165; Peevee Eason, back, 180; Carrell King, center, 150; Randall Grooms, guard, 158; Rex Pail, tackle, 150; and Tommy Snow, guard, 140.

Expected—Lyndon Richmond, back, 130; Tody Demhart, back, 106; Larry Casey, end, 170; Wayne Lewis, back, 150; Ross Atkinson, back, 155; Johnny Greer, guard, 160; and Tommy Nelson, tackle, 185.

DR. A. W. BRAZZA

### Work Starts On New Brazza Clinic

Construction on the new Brazza Clinic has started, Dr. A. W. Brazza announced Thursday.

The building, to be of modernistic design, will be constructed at the corner of Walnut and Rust. Ground work is now under way.

The structure will be one story high with office space, a reception room and 10 rooms. It will be a stone structure.

The building will be equipped with the latest equipment.

### Water Tax Can Be Paid At C-C Office Now

Wondering where to pay your water tax?

The Eastland and Ranger Chambers of Commerce offices issued statements Thursday reminding tax payers that until permanent offices are available for the Eastland County Water Supply District, taxes will be collected at the two offices.

### Band Boosters Club Sets Meeting Tonight

Ranger's Band Boosters Club will meet Thursday night following a downtown pep rally at the Earl Hill, A. G. Keenig, club president, said today.

Keenig urged all parents of entering band members to attend, as well as all other club members.

### Bank Holiday Here Oct. 12

The Commercial State Bank will be closed all day Monday, Oct. 12, Columbus Day.

William Guest, vice-president, in making the announcement, urged customers to plan their banking accordingly.

"Our thanks and yours will not be something but will most certainly be reflected in the happiness in the eyes of the small children and their parents who will receive your gifts. It will also be reflected in our own feelings of non-secularism."

**MASTODON HEAD**—This picture shows the size of the Mastodon head recently uncovered near Gorman by three brothers, James, R. E. and Len Hart. Beside it is the skeleton head of a cow. Pictured are Jack Carter and his great grandson, Leslie Hart. The head and one five-foot tusk have been uncovered.

## Chaplain Masegee Asks For Korean Gifts

A former Ranger minister now in Korea serving as an Army chaplain has written home asking Eastland county residents to come to the aid of war-stricken children in Korea.

He is Capt. J. C. Masegee who was pastor of the Second Baptist Church in Ranger before he entered the Army.

Chaplain Masegee, whose family still lives in Ranger, wrote: "The ministry continues to be challenging. I am trying to help hundreds of homeless children the brightest and happiest Christmas of their experience this Christmas."

"We are not asking for money. All of us here are writing our friends in the States requesting that they merely send their used

clothing to us so we can distribute them to the ragged thousands of orphans in this war-torn city of refugees. I wish I could describe those pathetically unclothed, dirty, homeless youngsters need our help.

"Frankly, we want to make 'Operation Santa Claus' a truly happy event for these needy Korean children. If you want to send hard candy, cookies, old toys or musical instruments, fine, but we need children's clothing to prove that Christmas is not only the time for thinking of our loved ones but also the time we should think of those who are less fortunate and a wonderful opportunity to spread cheer that will do so much good with so little cost to all of us who can help. Please

pass the word and help us who, on our own time, are trying to bring the Spirit of Christmas and Brotherhood to these helpless kids. We say, Don't throw it away—Mail it Away."

"Mail it by Oct. 15 1953, to ensure timely arrival as it takes about six weeks for regular mail from the States; however, if you are unable to meet that date we will gladly deliver any packages arriving after Christmas. The Post Office will be glad to explain the shipping limitations for overseas. Address your packages to:

"Operation Santa Claus Headquarters, 325th Quartermaster Battalion APO 59, c/o Postmaster San Francisco, California "We will distribute the cloth-

ing to qualified orphanages. All will share alike and none will be overlooked. No needy children will be forgotten. The Post Area Commander and Chaplain are behind the operation 100 percent. The project is truly American—being non-secularism."

"Our thanks and yours will not be something but will most certainly be reflected in the happiness in the eyes of the small children and their parents who will receive your gifts. It will also be reflected in our own feelings of non-secularism."

### FOR GOOD WINTER PASTURES, PLANT NOW, TREW SUGGESTS

Soil moisture conditions over much of the state are now favorable for the planting of winter pastures. This, coupled with the fact that grazing crops are needed to supply forage in the drouth areas and as a cheap source of livestock feed in all areas, should be all of the stimulus required to get record acreages of pasture crops planted, says Extension Pasture Specialist E. M. Trew.

To get the greatest total production, forage with the highest content of protein and minerals and the lowest grass seed, Trew recommends the planting of a combination of grass and a legume.

For the east Texas area, Trew recommends oats, barley, rye and Italian ryegrass in combination with either vetch or crimson clover. For the Gulf Coast area, oats, barley and Italian ryegrass with Hubam sweetclover; for the Blacklands and Grand Prairie areas, oats, barley, wheat and Italian ryegrass with Madrid sweetclover or vetch in the West Coast. Timothy, rye, vetch and barley with Hubam or Madrid sweetclover for the Central Belt; rye, vetch, clover and Edwards alfalfa for the Edwards Plateau area; oats, wheat or barley with Hubam or Madrid sweetclover for the Red River and High Plains; he recommends wheat, barley or rye with Madrid sweetclover for grazing only.

In the section of the state south of a line run east and west through Temple, Trew says, the small grain and sweetclover can be seeded at the same time but north of this line, it is better to overseed the sweetclover in the spring.

Trew offers this suggestion on seeding rates. He says from two to three bushels of oats should be seeded per acre if the crop is to be used strictly for grazing. If the seeding is done in combination with a legume, then this rate for oats should be cut in half as

should the normal seeding rate for the legume.

### Dove for Bait Brings Arrest

A comparative rare case, where by an East Texas was caught using mourning dove for fish bait before the legal dove hunting season opened was included in the arrest report by the Game and Fish Commission.

The arrest was made prior to the north zone mourning dove season beginning September 1, but the routine report on the case has just reached Austin head-

quarters, according to the Director of Law Enforcement. Game Warden Clarence D. Kenney of Palestine, who handled the case, said the man was fishing in the Trinity River. "Pretty expensive bait," he explained. "He pleaded guilty and paid \$37.50. Besides he can't catch anything."

The monthly arrest report reflected an increasing trigger happiness, said the Director. Thirteen court cases resulted from associated raids on deer herds and several persons were prosecuted for shooting wild turkey and quail out of season.

BOSTON — All but nine of Massachusetts' 277 public high schools now offer students instruction in automobile driving. Introduction of such instruction into high school curricula was begun in 1944 by the State Motor Vehicle Registry in the interest of highway safety. More than 40,000 students have taken the course to date.

### Whooping Crane Due To Arrive

The pending fall parade of the majestic Whooping Crane prompted the Executive Secretary of the Game and Fish Commission to ask for "maximum protection" by all protection was made because only twenty-one of these giant birds remain. Their number was reduced by two last fall when two were killed by hunters.

The Whoopers shortly will begin their annual fall migration from the Hudson Bay country in the far north to their wintering grounds on the Arkansas National Wildlife Refuge along the Texas Gulf Coast.

The extraordinary appeal for protection was made because only twenty-one of these giant birds remain. Their number was reduced by two last fall when two were killed by hunters. The whooping crane is sometimes mistaken for a snow goose, white pelican, American egret, or that might be whooping cranes to the local game warden.

## Texans Asked To Eat More Beef This Fall

Texans, who take great pride in boasting of their state as the world's biggest cattle range, are being asked to eat more beef this fall.

With an already low-price picture to stare at, cattlemen have been told by their industry representatives and by government authorities to expect heavier-than-normal marketing of grass-fed cattle during the period September 15 - October 31.

The Texas and Southwestern Cattle Raisers Association called on the West Texas Chamber of Commerce to "do something," and a statewide campaign is now underway to encourage greater per-Texan consumption of beef during this period.

The program was planned in July by the WTCA's agriculture and livestock committee with the assistance of restaurant, hotel, grocery and bankers associations, railroads and meat packers, state press and advertising associations, and from the U. S. Department of Agriculture, the National Livestock Board and the American Meat Institute.

"It's a cooperative venture of Texas business to help a Texas industry to help itself," says E. M. Fielder of Abilene, chairman of the regional chamber's agriculture and livestock committee.

Emphasis is being placed on appealing to the Texas housewife to use more of the lower-cost cuts of beef in preparing her meals.

## Forest Fires Cost East Texas \$2,500,000 Yearly

AUSTIN, Tex. Sept. 27 — Texas has burned enough prime pine forest since 1915 to build 50,000 homes, for its 6,700,000 people.

According to figures of the Texas Forest Service and the Texas Insurance Advisory Association, East Texas forest fires annually destroy timber valued at \$2,500,000.

By the end of 1953, Texas will have had an estimated 3,559 forest fires and each will destroy, on approximately, 55 acres of timber. That's enough to fill a train of 40,000 freight cars stretched from Amarillo to Houston.

The carelessness of smokers and campers will account for almost half of the fires, incendiary blazes will be responsible for more than 30 per cent of the loss and miscellaneous causes will account for the rest.

About 83 per cent of present U. S. coal output moves to market by rail, 11 per cent by truck, and 6 per cent by waterways.

**The Biggest State Fair in the World!**

## State Fair of Texas Will Be Bigger And Better Than Ever; Gates Open October 10

Big "Tex," the 52-foot cowboy figure symbol of the great State Fair of Texas, will speak for himself at 1953 fair, Oct. 10 thru 25.

The giant statue has been equipped with an electronic voice that will enable him to "outtalk" anybody, General Manager James H. Stewart has revealed.

It requires months of research, over 300 pounds of equipment and weeks of work to make "Big Tex" talk. His jaw will wiggle in synchronization with his big talk as he announces the daily fair program.

And he'll have plenty to talk about for the 1953 edition of America's greatest and grandest annual fair looms as the whopplest one of 'em all.

The array of new exhibits will include a three-bedroom home specially designed for Texas living, landscaped and fully furnished. The Navy's new Regular guided missile, top secret until a few months ago, will be unveiled.

The Science Show will include a miniature tornado with all the characteristics of the big twisties that caused so much damage this year. It'll be in action in a big tank with glass windows.

The Automobile Show will feature futuristic "dream car" models that almost drive themselves. The mammoth Agriorama will have every county in Texas represented. Farm implement exhibits will

include tractors that do tilling, plowing, sowing and square dancing.

The Pan-American Livestock Exposition shapes up as the most successful livestock show the fair has ever had. Beef cattle entries of Herefords, Shorthorns, Brahms, Aberdeens, Angus and Santa Gertrudis have been particularly heavy. Dairy breeds to be shown include Jerseys, Holsteins, Milking Shorthorns and Guernseys. Horse show event, each of the three week-ends include classes for Quarter horses, Palominos and Shetland Ponies and a big open cutting horse contest.

The volume of entries indicate the best show yet for the Women's Department. Duplicates of Mrs. Kiephover's Insurance jewelry will be exhibited. The Great Christie, master magician, will perform in three shows daily. Blue ribbon fashion winners will be paraded daily in three style shows.

The entertainment program offers something for everybody, with the Ethel Merman Show, Ice Cycles of 1954 and the Aat Swenson Thrillcade topping the list of daily attractions.

## CHURCH NEWS

### Bill Bullock Accepts Call As Educational Director In Oregon

Mr. Bill Bullock, music and educational director of the First Baptist Church has accepted a call as educational director of the First Baptist Church of Klamath Falls, Ore. Sunday, Oct. 11, is his last Sunday with the local church.

Mr. Bullock came to Ranger as director July 26, 1951, and has won the favor of the membership for his ability as a musician and as director of education.

Not only the local church but all of the city has been blessed through his efforts in the civic and community spirit which he has shown. He has brought a message in song for close to one hundred funerals during the past two years.

Mr. Bullock attended Baylor University, Texas Wesleyan College, graduating with a Bachelor degree and majored in music and education at Southwestern Baptist Theological Seminary, of Fort Worth.

Mr. Bullock served in the Merchant Marines during the recent war and was aboard the torpedoed ship on which his eldest brother was killed. Bill later joined the armed forces and went with the Intelligence Department of Communications through Africa, Italy and into Germany.

The Bullocks were married July 2, 1951, and have two sons, Andy and John Mark.

Rev. Perkins had this to say about Bill: "He is one of the finest of God's elect and has been dependable, faithful, loyal, lovable, and always willing to do just one more job for his church and his Christ. I have never worked with a man for 25 months whom I love more or have more respect for. His unselfish attitude, his ability to think and as a Christian ought to think, has endeared him to our hearts from now on." Bill has been instrumental in leading many souls to Christ. He has rendered assistance to every department of the church. Let's make Sunday, Oct. 11 a great day in the memory of the Bill Bullocks.

### At St. Rita's Mass At 8:00

Mass will be held Sunday at 8 a.m. at St. Rita's Catholic Church in Ranger. Rev. Fr. Camille Boesman issued a special invitation to all to attend.

Evening devotional rites will be held Sunday at 7 p.m. Mass during weekdays is held at 7 a.m. except on Thursday.

Last week-end Mr. and Mrs. Boyce Bryan of Ralls, accompanied her parents, the Gorman Morfots, to Waco where they visited Mr. and Mrs. John L. McKelvin.

### 'A Voice Is Crying' Is Sermon Topic At First Christian Sunday

"A Voice Is Crying" will be the sermon topic for the message this noon Sunday at the 11 a.m. Morning Worship and Communion service in the Ranger First Christian Church. Rev. A. Lynn Robbins, pastor of the local church, states that this message will be drawn from the familiar Biblical text of "a voice crying in the wilderness." Special music for Sunday morning service will be provided for by Mr. Fred Steffey, band director of the Ranger High School and Junior College.

At the 7:00 p.m. Evening church service the pastor will preach on the theme: "Predestination." This is another of those church subjects that cause many Christian people concern through the many ideas expressed about it. In Sunday night's sermon an honest effort will be made to try and discover what the total Bible approach and teaching is in regards to the topic. There will be the popular fellowship singing of your favorite hymns, and the service will close with an observance of Holy Communion for those who find it impossible to attend a morning church service in the community. Special music will also be presented at this evening's service.

Bill Bullock

### First Methodist Announcements

Sunday School at the First Methodist Church of Ranger meets at 9:45 a.m. and Frank Deaton, Superintendent, is hoping for the largest attendance this year.

The subject for the 10:30 preaching service is "Four Fears for the Future."

The Senior and Intermediate Youth Fellowships meet at 6:30 p.m. Sunday in their respective places. The Intermediates will have their monthly entertainment Saturday night.

The Youth Choir will lead the singing for the evening service, with Mrs. Barbara Smith as organist and Mrs. James Ballard as pianist.

Monday, October 12 is the monthly meeting date of the Commission on Evangelism and Membership and the Commission on Missions.

The Women's Society of Christian Service will meet at the church at 9:30 Tuesday morning. The mission study, "That The World May Know" will be led by Mrs. C. E. May, Sr.

**PATRONIZE YOUR HOME TOWN MERCHANTS!**

### Cisco Baptist Conference To Meet Tuesday

The Workers Conference of the Cisco Baptist Association will meet Tuesday at 10:00 a.m. in the First Baptist Church of Eastland. This is a Stewardship Rally Program and should be attended by all members of the Finance Committees of each church in the association.

Those appearing on the program are: Melvin Rhea, Tom Small, Henry Littleton, J. Phillely, Ralph E. Perkins and Mrs. V. H. Bosworth.

Special speakers are: Dr. C. E. Buchanan, of Sulphur Springs, and Dr. L. D. Ball of Lamesa. These two men will represent the Stewardship program being sponsored by the Association.

A stewardship film, "The Way" will be shown and several tithing testimonies will be given.

The Executive board and the WMU will meet at 1:15, adjournment 2:15.

### Good Programs Planned For 1st Baptist TU Sunday

Excellent programs are planned for the Adult Departments of the Training Union of the First Baptist Church for Sunday night at 6:30. Adult I meets in the lower auditorium. Adult II meets in the main auditorium of the church. These two departments need the help and assistance of all the membership of the church to actually have the right kind of a Training Union program. All members and visitors are welcome and are assured of a fine evening of spiritual training.

The Young People's Department is made up of both college students and of juniors and seniors in high school. This department is growing and should be supported by all the local young people of this church and of those who prefer the First Baptist.

### Baptist General Convention Meet In San Antonio

The Baptist General Convention of Texas meets October 20-22, in San Antonio. Baptists from over the state need to be making necessary preparation for the general convention as well as the Brotherhood and W.M.U. conventions that meet Monday and Tuesday of the same week. Dr. Jimmy Morgan, pastor of the North Side Baptist Church of Fort Worth, is president of the convention. Texas Baptists have led the Southland for a decade in soul-winning, stewardship, missions, and educational work.

The convention does not have "delegates" with authority to represent or to vote restrictions or measures upon local churches. The convention has "messengers" who make general plans and bring the plans back to the local churches and the local church either votes to support the program or to reject the program. The program of Texas Baptists is a Bible-centered program. The convention has no authority over local churches.

The churches who cooperate with the program and who enter into the program sponsored by the convention are classified as "Cooperating Baptist." The local New Testament Missionary Baptist Church is endeavoring to carry out all of the plans of the Christian program, hence, all such churches make up the messengers who continue to lead cooperating Texas Baptists.

The convention will close at noon the 22nd.

### Big Attendance Is Expected At First Baptist Services Sunday

A big attendance is expected in both Sunday School and Training Union at the First Baptist Church Oct. 11. This is the last day that Mr. and Mrs. Bill Bullock will be in our church as workers and their many friends will want to be with them at these sessions.

The Brotherhood and the W.M.U. are sponsoring for the church a covered dish dinner to be served at 12:30 Sunday in the lower auditorium of the church. All of the local membership will be expected at this honor and farewell dinner. Friends from other churches are invited to bring their dish and come to this dinner.

Brother Bill will sing at the morning service and will sing and speak at the evening service. Let's show our appreciation to Bill and Christine for their more than two years of service to our church and to the entire city.

The pastor will bring the morning message from the fifth chapter of the Gospel of Matthew, with the text taken from the thirteenth verse, "Ye are the salt of the earth; but if the salt have lost his savor, wherewith shall it be salted? it is thenceforth good for nothing, but to be cast out and to be trodden under foot of men."

"One of the greatest things,"

### Sunday Topics Church of Christ

Bible study classes for all ages on Sunday morning begin at 9:45. Assembly for worship begins at 10:45. A Bible study class for men and boys begins at six p.m. on Sundays, followed at 7:45 the evening assembly for worship. The ladies meet for worship. The Wednesday morning Bible study on Wednesday morning at 10. Assembly for songs, prayers and Bible study is at 7 p.m. Wednesday. You are cordially invited to attend each of these announced services.

The sermon this Sunday morning shall be a discussion of whether it is true that the church of Christ, as represented by this congregation, believes or teaches that "Only Our Little Group is Going to be Saved." Since so many think that we do, so teach and preach, it is our obligation to state what we do believe and teach.

The truth of what we do believe cannot be established by hearsay, but depends upon what is actually believed and taught. You are urged to attend this assembly and learn what is the truth of what this congregation supports in this matter. It can speak for no other. Another sermon from the Gospel of Christ will be delivered at the evening assembly.

## If you drive on Rough Roads-

READ THIS ABOUT THE GREAT GULF TIRE

This Gulf Tire can stand up to rough roads and take real punishment. Here's why:  
The Gulf Tire has a considerably stronger carcass. It's built with a new-type cord and has more cord per inch in every ply. Then vulcanizing welds all plies together. They work as a unit to resist bruises. And they're interlocked around high-tensile steel wire beads.

Stop In - See It for Yourself!

- Less chance of blowouts and carcass failures with this tire because a double breaker strip cushions shocks.
- The tire lasts longer—wears more evenly, edge to edge, for its flatter tread design spreads the wear over a wider contact area.
- The 7 zigzag ribs of the Gulf Tire fight skids. Their flex-wiping action breaks up water film on wet roads.
- The 7 ribs mean there's a "riding bar" down the center of the tire. Right at the point of greatest pressure, the load rides on rubber, not on a groove!
- At high speeds, the tire runs cooler (and safer) because of a special ingredient in the rubber.
- Sidewall shields protect tire against curbstone bruises.
- Warranty accompanies every Gulf Tire—is honored by Gulf Dealers everywhere!

## Child Study Club Meets Tonight

In Tuesday's edition of The Times it was stated that the Child Study Club will meet Thursday, October 15. This was an error and should have read October 8, which is tonight.

Members please note.

Ho hum, here we go again... Saw Billy Anderson and Doc Reuser conversing in front of Anderson Chevrolet... It was nice to see Mrs. Blanche Murray out walking on Main street... Mr. Stephens backing his green Stephens Typewriter car out in front of the Williams Fix-It Shop... Constable Ike Lea standing in front of King's Cafe... Mrs. McMillian and two friends making the turn by West Texas Clinic... Bill Collett, the genial Dr. Pepper driver, cruising up Pines St. in the truck... Ranger General must have a full house, there were twenty-four cars parked up on hospital hill during visiting hours Tuesday... noticed Mrs. Glyn Covington backing her blue Chevy out of her driveway... saw the little Dixon twins playing on their front porch... they're cute... there were no less than fifteen bicycles at Hodgess School Tuesday afternoon... noticed the Purple and White eleven working out... Art Arterburn ginning up Main street in his pick-up... J. T. McCleskey crossing the street by Clarke Motor Co... noticed Morris Caudle and his mother walking up the street... he had his little white dog with him, wonder where the new one was... Walter Arterburn and family making a turn on Main in that slick new Mercury... Deane Crawley talking to a customer in front of his Texaco station... saw Opal King parked in front of Crawford's drug store... sure is a popular place... Hattie Brazz and Marjorie Maddox entering the Paramount for a cup of java no doubt... Noticed Rev. Perkins driving around in the "wagon", had Dr. Price along with him, showing him the sights of Ranger, no doubt... Johnny Gay crossing the street by Ross Drug store... Bob Earnest in his Texaco truck... Mrs. Izetta Smith hurrying across the street by West Texas Clinic... Kate Kramer going into the gas office... saw L. E. Gray coming out of Swaney's Drug Store... Mrs. W. E. Herbeck and Mrs. W. P. Powell absorbed in conversation in front of Swaney's... D. G. Lanier and Hall Walker conversing in front of Lanier's office... Mrs. A. J. Ratliff walking in front of the Suzy-Q Shop... Lester Crossley trying out his beautiful new Pontiac...

## Mrs. Danley Is Circle Hostess

Circle No. 2 of the W.S.C.S. of the First Methodist Church met at 9:30 a.m. Tuesday, Oct. 6, in the home of Mrs. E. L. Danley.

Refreshments were served as the members arrived.

The meeting was opened with a prayer by Mrs. J. Drennan, circle leader. Mrs. C. E. May Sr. had charge of the program entitled, "Rural Missions of the Church." Those taking part in the program were Meses, Pat Thomas, Drennan, Arthur Deffenbach and B. S. Dudley Jr.

The devotional entitled "Faith of Our Fathers" was given by Mrs. J. L. Turner.

Mrs. Drennan presided over the business meeting. A hectograph machine and the material for it which was purchased by the circle for the colored school, was shown to the group.

The next meeting will be held November 3, in the home of Mrs. B. S. Dudley Jr.

Those present were Meses, W. P. Cragger, Drennan, May, Thomas, Deffenbach, Dudley, Turner, and the hostess.

## First Methodist WSCS Circle 3 Meets on Monday

Circle No. 3 of the Women's Society of Christian Service of the First Methodist church met at 3:30 p.m. Monday, Oct. 5, in the home of Mrs. Archie Robinson.

Mrs. Stanley McAnelly, circle leader, presided over a short business session, opening with a prayer. The group joined in singing "This Is My Father's World." The minutes of the previous meeting were read by Mrs. R. L. Willis, secretary.

The program was a continuation of the mission study now in progress. Mrs. Price Crawley, who had charge of the program, spoke on "How the Church Can Meet the Needs of the Rural Church in Africa." Mrs. G. O. Strong spoke on "Mexico and South America." Mrs. James Ratliff gave the topic "India" taken from the text, "A Sower Went Forth." Mrs. McAnelly discussed "The Beginning of the Missionary Movement"—the progress of the work done by William Carey and Rev. Judson in Burma. Work in the Philippines was discussed by Mrs. M. H. Hagaman.

The devotional, a meditation on Faith was given by Mrs. A. J. Ratliff, who closed with a poem entitled "Attainment."

After the close of the meeting, a social hour was enjoyed by the group.

The mission study will continue at the church next Tuesday morning at 9:30.

Mrs. W. M. Crow Gives Program For Morton Valley's HDC Meet

Mrs. W. M. Crow, Eastland County Home Demonstration agent, talked on "Backgrounds for Living Rooms" Tuesday afternoon at the meeting of the Morton Valley Home Demonstration Club...

Mrs. C. D. Beck, chairman, presided during the short business session, during which Mrs. W. C. Baker was elected club council delegate and Mrs. Beck was named reporter.

Mrs. Crow stressed the importance of beautiful flowers, walls and woodwork, which forms the background for the living room. She told several ways they might be treated, and named materials for the work.

Mrs. L. E. Taylor was hostess and served cakes and fancy cookies during the social hour. Announcement was made of the

Christian Science

The question "Are Sin, Disease, and Death Real?" is the subject of this week's Christian Science Lesson-Science, which brings out that God, the creator of good, demands and supports the health and happiness of man. The Golden Text is from Psalm (67:1, 2): "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

From Ecclesiastes this challenging verse will be read (7:29): "Lo, this only have I found, that God hath made man upright; but they have sought out many inventions." Christian Science offers this reasoning on the subject in "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If God makes sin, if good produces evil, if truth results in error, then Science and Christianity are helpless; but there are no antagonistic powers nor laws, spiritual or material, creating a god governing man through perpetual warfare. God is not the author of mortal disorders. Therefore we accept the conclusion that discords have only a fabulous existence, are mortal beliefs which divine Truth and Love destroy" (p. 231).

### Studebaker Features New Colors

Have you noticed those cheerful colors on the highway recently? Drab exterior finishes on automobiles are rapidly becoming as outmoded as a gravel road. Owners want passenger cars to express a bit of their personality through color instead of accepting "just another black."

Addition of Bombay Red to the list of color choices for Studebaker passenger cars is an example of the trend toward distinctive finishes, according to W. M. Warren, owner of Warren Motor Co., in Eastland.

"Twelve solid colors and eleven two-tone combinations now are available on the 1953 models," Warren said. "We have added Bombay Red to the selection for owners who desire a cheerful, distinctive finish on their passenger cars without a harsh or gaudy appearance."

Bombay Red also has been made available in a two-tone combination with Salem White, Warren said.

SCHENECTADY, N. Y.—General Electric Co.'s huge home plants here have the largest switchboard system in the world, according to the telephone company manager, Kenneth Brendstrun. There are 11,000 extensions—amounting to about one telephone for every employe.

**Golf Nuts**  
HOUSTON, Tex.—Golfers at Hermann Park course are finding more than the usual hazards to send scores soaring. Several have reported that squirrels in the wooded park have pounced on their balls before they could reach them. A. C. Uhuar, an engineer, said the one that grabbed his ball carried it 50 yards—well into the rough.

### Being Careful In Traffic Good Citizenship

"Being careful in traffic is good citizenship," Col. E. E. Tilley, president of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation told the boys and girls of Texas today.

Col. Tilley was speaking in connection with the September child traffic safety program being sponsored by the Texas Safety Association in cooperation with the National Safety Council.

"A driver who has to dodge a careless child may hit another car or a building, and cause a bad accident," he said.

And sometimes a motorist can't avoid hitting a child who runs into the street without looking, he pointed out.

"Boys and girls are being good citizens when they do their best to prevent such accidents by observing all traffic safety rules themselves, and by helping their friends to remember to do the same," he explained.

He reminded children that, to be safe in traffic, they always should follow five basic safety rules, which are:

1. Obey all traffic officers, school patrols, traffic signs and signals and pavement markings.
2. Use roller skates, bicycles, wagons and scooters on the sidewalk only.
3. Practice the rules they learn in school about crossing streets and playing in unsafe places.
4. Always take the safest route between school and home.
5. Walk on the left side of the road, facing traffic, if there are no sidewalks.

### Rotarians See Natural Gas Film Monday

Eastland Rotarians, meeting at their regular luncheon meeting at Connelley's Roof Garden Monday, saw a film on natural gas presented by Hubert Westfall, manager of Lone Star Gas Co.

The film showed the difference between the modern housewife's chores and those of the housewife of yesterday, thanks to gas.

Thirty-three members attended the meeting. Absent were Bill Collins and Don Pierson. Visitors included Jack Chambliss, George Irvine of Cisco, Richard Johnson, new music director for the First Baptist Church, and Jack Burley. Johnson was guest of Melvin Reathel and Burley, guest of Chas. Freyschlag.

Earl Bender, attendance chairman, told the club that it was each member's duty to keep up with fellow club members. Rotarians were assigned, each to see that the other attends as many meetings as possible. Bender urged perfect attendance.

The usual railroad hopper car holds 40 tons of coal, but specialized cars now on the rails hold upwards of 100 tons.
