

## Bulldogs Visit Santa Anna Friday Ranger JC Meets Tarleton State College Saturday

### Moore... ABOUT RANGER

**VIRGIL E. MOORE**  
Ranger's Bulldogs, untaxed in their fourth district victory of the season Friday night, remained in third spot in the Williamson grid ratings this week. Wink and Luling were still ranked in front of the Dogs, but Ranger did narrow the percentage gap between their third spot position and first place by more than one point. Wink now has a rating of 84.4, Luling 84.1 and Ranger 82.2.

Dublin still ranks as the team Ranger must deal with to stay down the crown. The Lions meet De Leon this Friday, however, and De Leon is undefeated in district play while holding a record of three wins and a tie. The Bears have a season record of four wins, a tie and a loss. Dublin has won three district clashes without a loss and Ranger has won four without a setback.

We hit just three for four in our first prediction of the season. Hanks beat Wylie (injuries proved too much) to upset our otherwise perfect predictions (guesses). Since we didn't do so bad last week we will spread out our operation this week. In District 7-A we see Ranger blasting Santa Anna 40-0; Eastland over Hanks 23-12; Wylie over Rising Star 6-0; Cisco to top Cross Plains 20-6; and De Leon upsetting Dublin, 26-21. Dublin will be thinking about their game next week in Ranger.

In Pioneer Conference games we will string with the Rangers to show Tarleton State 28-6; Del Mar to whip San Angelo 21-13; and Arlington State to mop up on Rusty Russell's Schreiner eleven, 34-19.

We have always said that anyone who picked Southwest Conference games were crazy. We still do. Our predictions: TCU over Penn State; Ole Miss to tip Arkansas; SMU over Kansas; Rice over Texas; Texas A&M to continue their upset trail, beating rugged Baylor.

See where our neighbors in the west—Eastland and Cisco—a re finally catching up with Ranger in football. Well not exactly in football either. We should say the two schools have made a step in the right direction. They are improving their football fields.

Eastland is just completing a new glassed-in press box and Cisco will have a new electric scoreboard next season or maybe the last of this season.

Congratulations to the two schools. We know Ranger fans will enjoy visiting them both more in the future.

It won't be long until you are asked to give to your Community Chest. Keep it in mind.

Certainly news about the Ranger Sales Barn. As Rip Galloway, Chamber of Commerce manager, says: "We have been losing business because that barn was closed." Our congratulations to J. M. Robinson. We are looking forward to meeting Lloyd Cohen, the new manager, and Orville Tackett, his auctioneer. Maybe Cohen can teach me the art of that "twenty-one dollar..."

See you at the games Friday and Saturday and at Church Sunday.

**City Directory Being Prepared**  
Moorehead Directory Service has started work on the new Eastland-Ranger-Cisco city directories. Representatives of the company started canvassing the three cities as well as the entire county, Wednesday.

The directory is due to be published about Feb. 15.

### BLANTON BACK IN RANGERS LINE-UP AGAINST PLOWBOYS

Despite ever present injuries, things looked bright Thursday as Ranger Junior College ripped through another day of rugged practice in preparation for their second Pioneer Conference clash of the season Saturday. Coach Dick Henderson's charges will journey to Stephenville this week-end to take on the Tarleton State Plowboys.

The return of Charles (Sonny) Blanton, 170-pound fullback from Newcastle, to the line-up was causing most of the smiles around the Ranger camp. Both Coach Henderson and Coach Sam Allis were optimistic. Henderson said "Things sure look good."

The good showing against the Midwestern B team last Thursday also was bringing some smiles to the faces of the Ranger coaches. Almost the entire squad saw action in that game. But Blanton caused most of the smiles. You will remember he was the star of the Ranger eleven last season and was named on the all-conference team. Add the fact that Jimmy Cole will be back in his familiar man-under spot and things do look up.

Injuries still hamper the Rangers, however. Quarterback Alvin Hulcey and tackle Ross Nall will definitely be out due to injuries. Then halfback Fred Sanders and center Cecil Gilstrap are on the probable list.

A death in the family may also keep Jerry Harvey, fullback, out of the game.

Top stars for Tarleton are Maurice Hodges and Gene Ward as far as ground play goes. In the air the Rangers will have to keep an eye on the passing of Roy Sawyer and Clayton Roberson.

The Rangers may do a bit of passing themselves, however. They lead the conference in passing.

In another league game scheduled for Saturday night Arlington State will engage Schreiner Institute at Arlington.

The game at Arlington could easily be one of the most colorful contests of the season. The Schreiner Mountaineers, who have allowed four opponents only 19 points this year, will stake their fine defensive record against the awesome ground attack of the ASC Rebels who crushed highly-touted Del Mar of Corpus Christi, 30-7 last week.

The San Angelo Rams with one conference victory over Ranger already in the bag, tackle Del Mar, a non-conference foe, at Corpus Christi, Thursday. The Rams dropped out of the unbeaten class last week when they were nudged, 114-22, by Compton Junior College of Compton, Calif.

The Rangers probable starting line-up will have John Wilson, 180 pounds, at left end; George Scott, 215, at left tackle; Joe Angel, 190 pounds, left guard; Jim Bob Roberts, 180 pounds, center; Allen Gibbs, 185, right guard; Dalton Blecker, 207, right tackle; Ray Gilstrap, 185, right end; Jimmy Cole, 155, quarterback; Sonny Blanton, 170, left half; Floyd Gibbs, 160, right half; and Thomas Hudson, 195, fullback.

Mid-temperatures, getting somewhat cooler Friday, was on the forecast.

Rain fell over much of West Texas Wednesday, the heaviest recorded was two inches in Nolan county. Rain apparently skipped over Eastland county, however.

A heavy overcast held over the county Thursday morning.

**UXBRIDGE, Mass.**—George W. French, a 92-year-old farmer, believes he is the oldest Grange Master in the nation. In 1957 his grandson, at 17, became the youngest Grange Master in Massachusetts.

Who, by law, is a juvenile delinquent?

The Civil Statutes of the State of Texas say the term "delinquent child" means any female person over the age of ten years and under 18, and any male over the age of 10 and under the age of 17 who commits a felony; misdemeanor; or where punishment for such offensively commits misdemeanor; or where punishment for such offense is by fine only; habitually violates ordinance of a political subdivision of the state; habitually violates compulsory school attendance law; habitually injures or endangers morals or health of himself and others; and one who habitually associates with vicious and immoral persons.

That covers a lot of ground. The Civil Statutes—you will note all juvenile laws are found in the Civil Statutes and not in the Criminal Statutes—says the purpose of the act is to "secure for each child under its jurisdiction such care, guidance and control, preferable in his own home, as will serve the child's welfare and the best interest of the state."

The juvenile court has exclusive original jurisdiction over proceedings governing any delinquent child.

When a youth is declared a juvenile delinquent he does not lose any of his rights as does an adult criminal. In fact the state does not consider the law one of punishment, but rather, one of correction.

Under a law passed in recent years, the state has ceased to operate any reform schools. Now a juvenile delinquent is turned over to the Texas State Youth Development Council which decides what shall be done with a youth.

Most law enforcement officers, judges and attorneys say the laws governing juveniles are adequate. New laws are not the answer to the juvenile problem, they agree.

### Chest Drive Starts

The Community Chest kick-off breakfast will be held Wednesday morning at 7:30 at the Gholson Hotel Coffee Shop, A. N. Larson, Chest Chairman, said Thursday.

With a quota of \$5,500 to meet, volunteer workers hope to complete the drive in two or three days.

Larson urged all members to attend the breakfast. Last night, a meeting of the captains was held to draw up final plans for the drive.

The captains composed a list of volunteers that will canvass the city. Larson said no one volunteer would have too much to do if all cooperated.

"A days pay is suggested as the amount to give."

Larson said "Give a days pay to help eight ways."

Eleven districts with a captain and volunteers for each was composed at the meeting last night. The list follows:

District No. 1, E. F. Arterburn, Captain—Bill Anderson, J. D. Johnson, Dr. M. E. Jolly, Mrs. J. A. Lenzi, Mrs. Hugh Smith, Mrs. Saunders Gregg, Mrs. P. M. Kaykendall, Virge Johnson, C. A. Campbell, Delbert Capps, Rev. D. D. Brian, Ken Lewis.

District No. 2, Bill McComas, Captain—J. D. Nichols, Saule Perstein, Joe Fabry, Morris Leveille, Mrs. Evelyn Killingsworth, Mrs. T. J. Wolfe, H. C. Edwards, Angela Comacho, Mrs. Lee Mitchell, A. E. Crawley, Allene Mitchell.

(Continued on Page 2)

### Nuessle Asks Cities To Pass New Ordinances

County Attorney Joe Nuessle has recommended that the three largest cities in Eastland county—Eastland, Ranger and Cisco—pass ordinances which would require all second-hand merchandise and "junk" dealers to keep files of all purchases of goods, wares or merchandise of a kind.

Nuessle forwarded a proposed ordinance to each city Wednesday. He said he had already received favorable comment from Ranger and Eastland, but had not received word from Cisco.

The proposed ordinance would mean that dealers in scrap iron and second hand dealers would have to keep records of all purchases. It also would mean that they had to keep second hand merchandise three days before they could re-sell it.

No juvenile could sell goods under the ordinance unless his parent or guardian was with him at the time.

The proposed ordinance would carry a penalty of a fine of not more than \$50, nor less than \$10 for conviction of breaking the ordinance.

ALBERT D. BROWN JR., principal speaker at Legion convention.

IN KOREA—First Lt. Charles G. Walker of De Leon (Mrs. Walker lives in Ranger) at left and 1st Lt. William O. Walker of Cullman, Ala., are pictured climbing aboard their F-94 Starfire in Korea. The Starfire is an all-weather jet interceptor. Charles is pilot and William is radar observer. (U. S. Air Force Photo)

### FRIDAY OPENS TWO DAY MEET OF LEGIONNAIRES, AUXILIARY

Decorations were due to start going up in Eastland today as Legionnaires prepared to greet more than 200 delegates who will attend the 17th Congressional District annual fall convention Saturday and Sunday.

Legionnaires and Auxiliary members will take over the town for the two day convention. Delegates will begin registering at 3 p.m. at the Connelley Hotel.

Principal speaker at the joint convention session Sunday morning will be Albert D. Brown Jr. of Austin. Brown is the immediate past state commander of the American Legion and is now department chairman of the post activities and membership committee.

Convention headquarters will be at the Connelley Hotel. H. J. Tanner, manager of the Chamber of Commerce, is in charge of hotel and motel room reservations.

The Eastland High School band will give an hour long performance in front of the hotel beginning at 2:30 Saturday.

The Legion program Saturday calls for a "Stag-It" from 4 until 7:30 p.m. and a dance beginning at 8 p.m. The Auxiliary will hold a tea from 4 until 6 and then join the Legionnaires at the Legion Home for the dance.

Sunday is the big day. The Legion Program: Eight a.m.—Registration at the hotel and Legion Hall. Eight-fifteen—Post officers breakfast at the hotel. Nine-thirty—Joint session at Legion Hall with Commander Bleck, Post 70, presiding. The program will open with the group singing "America," then N. C. McCarney will give prayer. Frank Sparks will give the welcoming address and Ben Dean Jr. of Breck-enridge will give the response. W. A. Hazlewood and Mrs. R. T. Rodies will then introduce guests.

Albert Brown Jr., Austin, will give the principal address of the convention which will be followed by a memorial service with E. L. Jackson in charge.

Twelve—Barbecue. Two p.m.—Business session at the Legion Hall with Commander Hazlewood presiding. Dr. Cyrus

B. Cathey will report on membership and then committee reports will be heard.

The Auxiliary program is the same as the Legion's except for the business meeting.

The Auxiliary business meeting begins at 1:30 p.m. at the Legion Home. Mrs. Pat Murphy, unit president of Eastland, will present Mrs. R. T. Rodies, 17th District president.

The Gordon unit will then advance the colors.

Mrs. Ina Cotton of Abilene will lead the pledge to the flag and Mrs. Earl Francis the national anthem.

Prayer will be offered by Mrs. L. R. Elliott, Chaplain.

The preamble will be given by Mrs. Nolan DeFord of Gordon. The welcome address will be given by Mrs. George Lane. The response will be given by Mrs. Jane White of Mineral Wells and Mrs. R. T. Rodies will introduce distinguished guests.

Call to the convention will be made by Mrs. P. M. Spangler of Mineral Wells.

Mrs. Fred White, department president of San Angelo, will give the first address and Mrs. Albert Morrow of Marston the second.

### RANGER FAVORED TO TAKE WIN NUMBER FIVE IN DISTRICT 7-A

Ranger's rugged Bulldogs go to Santa Anna Friday in an effort to chalk up their fifth district win of the season in 7-A play. Coach O. C. Warden's charges are heavily favored to do just that.

The Wardenmen, ranked third in the state in class A play, have rolled over four district opponents with ease thus far this season and it will be just short of a miracle if the Santa Anna eleven can find something to stop the Ranger crew.

If Coach Warden's first stringers get to reading their press notices to much and find themselves in a tight fix always has his second stringers, which have seen almost as much action as his first line boys.

Placed by Charles Massege, the Dogs rolled in an easy 47-7 victory over Rising Star last week. The Bulldogs have defeated Colorado City, Wylie, Eastland, and Bangs in other games this season. They dropped a 13-14 game to double A Minerals Wells in Mineral Wells.

Here is the probable starting line-up: RANGER—Tommy Hinds, left end, 185; Jimmy Wheeler, left tackle, 190; Gary Patterson, left guard, 195; John Rush, center, 163; Bobby Justice, right tackle, 170; Eddie Jones, right tackle, 210; Chico Mendoza, right end, 180; Scott Forney, quarterback, 165; Billy Browning, left half, 145; Charles Massege, right half, 145; Jim Littlefield, fullback, 150.

On defense back Benny Robinson, tackle Jim Nail and end Dan Mitchell will be shifted into the lineup.

Other Dogs who will probably see action include Johnny Graves, tackle, 200; Tommy Young, guard, 170; John Hagaman, center, 160; Tommy Sutton, center, 167; Cantrell, end, 165; Bill Brazda, fullback, 186; Johnny Swinney, quarterback, 150; Ammie Robinson, tackle, 180; Paul Hinds, back, 115; Cruz Vasquez, guard, 140; and Dan Cruse, guard, 115.

The pilots and observers of the 319th fly training missions over South Korea, keeping themselves and their aircraft at top proficiency. During the Korean war, the F-94 Starfire flew night missions over North Korea, protecting B-29 Superforts from enemy fighters and also remained on constant alert at their forward air base to intercept any enemy aircraft attempting to approach friendly territory.

Lt. Charles Walker is the son of G. E. Walker, Rt. 1, De Leon. His wife, the former Velma Lou Rose, lives at 716 Sixth Street, Ranger. Lt. William Walker is the son of Mr. and Mrs. Oscar Walker, East 4th St., Cullman, Ala. His wife lives in Oneonta, Ala.

### Husband of Ranger Woman Is In Korea

A De Leon jet pilot is now serving with the U. S. Air Force in Korea. He is 1st Lt. Charles G. Walker, whose wife, Velma Lou, lives in Ranger.

Lt. Walker teamed up with another Walker, 1st Lt. William O. Walker of Cullman, Ala., to make one of the Air Force's best jet teams. The two are members of the 319th Fighter Interceptor Squadron.

The pilots and observers of the 319th fly training missions over South Korea, keeping themselves and their aircraft at top proficiency. During the Korean war, the F-94 Starfire flew night missions over North Korea, protecting B-29 Superforts from enemy fighters and also remained on constant alert at their forward air base to intercept any enemy aircraft attempting to approach friendly territory.

Prayer will be offered by Mrs. L. R. Elliott, Chaplain.

The preamble will be given by Mrs. Nolan DeFord of Gordon. The welcome address will be given by Mrs. George Lane. The response will be given by Mrs. Jane White of Mineral Wells and Mrs. R. T. Rodies will introduce distinguished guests.

Call to the convention will be made by Mrs. P. M. Spangler of Mineral Wells.

Mrs. Fred White, department president of San Angelo, will give the first address and Mrs. Albert Morrow of Marston the second.

### Shriners To Give Follies In Cisco

The Mosiah Shrine Temple Variety Follies will be presented to-night at the Cisco High School auditorium.

Beauties representing several cities in this area will compete for the title of princess.

The Follies will be crammed with professional acts and pretty girls.

The girl who is named princess at Cisco will compete with other Northwest Texas beauties during the Shrine Circus to be held Nov. 20-29 in Ft. Worth.

Each night of the circus a district princess will be presented. The "Princess" from Eastland and Callahan Counties will reign at the circus on the evening of November 21. She will participate at the grand opening of the circus and will ride around Will Rogers Coliseum in an open car. That night will be officially dedicated to the "Princess" as Eastland-Callahan night.

Nine districts will compete on the final night of the circus, November 29, when the Queen of Mosiah will be selected. Among other honors, she will be given a chartered all-expense trip to Mexico City where she will be presented as "Miss Mosiah" at the annual Mexican Carnival in February.

The cost of admission will be fifty cents, except to children under 12 will be admitted free.

Committees working on the carnival and Style Show are as follows:

Stage Decorations, Mrs. R. L. Coody, chairman; auditorium decorations, Mrs. Joe Lezaini; concessions, Mrs. Fred Lamb and Mrs. T. C. Fisher; chairs, Mrs. G. B. Rush and Mrs. Carol Boone; newspaper publicity, Mrs. Floyd Killingsworth; Style Show, Mrs. Roscoe Hopper; electrical equipment, Mrs. W. R. Ivy; tickets, Mrs. A. W. Warford; posters, Mrs. W. P. Watkins, and carnival, Mrs. Dave Pickrell.

**READ AND WEEP**  
BIRMINGHAM, Alabama—A closet in the U. S. District Court judge's office here yielded old newspapers used as evidence in cases in the early 1800's. One advertised men's suits for 55 and \$6. Another advertised farms for sale for \$1,000.

**Strawn Girls Set Grid Game Oct. 23**  
The Strawn High School girls are offering something new in the way of football.

The two girls teams, called the Plowgirls and the Cowboys, will give their version of football Friday, October 23 at 8 p.m. at the Strawn Football field.

It will be "six-man" football, played by all girls, and promises to be exciting, different, and hilarious.

Musk oxen have provided a vital source of food for Arctic explorers and twice saved the life of Rear Admiral Robert E. Peary. North Pole discoverer, says the National Geographic Society. Brought to bay by dogs, the big animals are easily taken.

## Royal Neighbors District Meet Held In Wichita Falls Monday

The district meeting of the Royal Neighbors of America was held in the terrace room of the Holt Hotel in Wichita Falls Monday, Oct. 19, with the Wichita Lone Star Camp No. 4198 as hostess. Registration began at 9:30 a. m. during which time coffee was served.

The meeting was called to order at 10 o'clock by Mrs. Lillie Hardisty. The supreme state and district officers were introduced by Mrs. Louise Scott and Eloise Williams, marshal of the Lone Star Camp.

The invocation was given by Dr. Alfred H. Freeman, pastor of the Methodist Church in Wichita Falls after which the welcome address was given by Mayor Kindell Pouik. The response was made by Miss Anna B. Stangler, chairman of the

Board of Supreme Directors, of Denver, Colo.

During the business meeting the following officers were elected: May Kelly, Breckenridge, president; Laura Todd, Ranger, vice-president; Mrs. Eddie Harrison, Abilene, chancellor; Dollie Carrie, Breckenridge, secretary; Mary Bhodin, marshal and Laverne Phillips, assistant marshal, both of Abilene; Clara Long, Wichita Falls, flag bearer; Sadie Sternburger, Breckenridge, musician.

New committees elected were: Resolutions, Doris Cook, Graham, Martha White, Breckenridge, and Mary Little, Abilene; Finance, Ozella Frazier, Abilene, Zoa Miller and Louise Scott, Wichita Falls.

During the afternoon the Ranger group took up the ballot march. Different camps had drills and committee reports.

The Graham camp initiated the new candidates, including Mrs. Loya Huffman of Ranger.

About 200 attended the banquet which was held at 6:30 Monday evening. After the banquet the meeting was open to the public and fancy drills and stunts were given by the Gainesville, Ranger, Breckenridge and Abilene camps.

This was followed by an inspiring talk by Miss Anna B. Stangler.

## Ranger FHA Girls Attend FHA Day At The Fair Sat.

A group of Ranger Future Homemakers of America attended FHA Day at the State Fair on Saturday, October 17. The bus left at 6:00 a. m. and returned at 8:30 p. m. The girls saw many of the exhibits and spent the latter part of the afternoon at the midway.

Those attending were: LaVerne Ainsworth, Paula Angus, Sherry Baker, Dortha Beck, Nelda Lou Carroway, Helen Carroll, Marie Chambers, Desma Aiken, Peggy Fox, Sue Garrett, Peggy Gentry, Carol Lynn Getts, Sue Hamilton, Dean Hazard, Dorothy Joyner, Betty Miller, Martha Rae-Nail, Ruann Owen, Melba Patton, Jo Nell Penny, Sylvia Powell, Barbara Rogers, Betty Ross, Jimmie and Johnnie Scott, Elizabeth Seymour, Wilda Sides, Geraldine Sledge, Dorothy Stagner, Nell Warren, Betty Wells, Joyce Willingham, and Cevellia Woods.

Sponsors of the group are: Mmes. Stagner, Baker, Hamilton, Holliday, Poston, Miller, Penny and Henderson.

Others attending were: Sonia Stagner, Butch Stagner, Dale Penny, and JoAnn Hamilton.

## Mrs. Wright Is Complimented At Stork Shower

Mrs. Jackie Wright was complimented at a stork shower at the American Legion Hall in Gordon at 2:30 Saturday afternoon. The occasion was also in observance of Mrs. Wright's birthday.

Hostesses were Mmes. W. P. Woods, Annis Cramer, Alice Robinson and Lue Hughes.

The guests were registered by Mrs. Mildred Williams. The gifts were displayed on a white linen-covered table. Mrs. Doyle Royce assisted Mrs. Wright in opening the gifts.

The refreshment table was covered with a white linen cloth and centered with an arrangement of red rose buds. Punch in pink cups and white cake squares frosted with white and topped with pink rose buds and the word "baby" in blue, were served on pink plates. Favors were pink cups filled with mints. "Happy Birthday" napkins were used.

There were twenty-five present and forty sent gifts. Mrs. Wright was accompanied by Gordon by her mother-in-law, Mrs. Ethel R. Wright.

## Service Pipe Line Employees Meet Saturday

Messrs. and Mmes. S. B. Birdwell, J. M. Cunningham and R. D. Roff were hosts at the October meeting of the employees of the Service Pipe Line Co. and their families, which was held in the Community Club House Saturday, Oct. 17.

Refreshments were served, followed by games of progressive forty-two. Messrs. J. C. Grissom won high score and S. B. Birdwell won low score.

Those present were Messrs. and Mmes. Birdwell, L. O. Doerre, J. B. Frank, Dave Fawcett, M. L. Harris, L. A. Hinds, R. M. Jones, D. C. Majors, R. L. Melton, O. B. Ramsey, Roff, Cunningham, J. C. Synney, Dick Radford, Grissom, and W. L. Pugh.

## Rebekah Lodge Meets Tuesday

Members of the Rebekah Lodge No. 244 met Tuesday, Oct. 20, for their regular session.

The meeting was presided over by Noble Grand Leoma Arterburn. Sick reports were given and talks made on the good of the order. A letter from the district superintendent stated that she will make her official visit at a later date.

Mrs. Loya Huffman will be initiated next Tuesday evening and everyone is asked to wear formal. The degree team practiced their work.

Members voted a special fund for the pleasure of the lodge. The penny prize, which was furnished by Jesse Smith, was won by Tillie Hicks.

There were twenty-one members present.

The bus will leave for Breckenridge at 6 o'clock tonight.

## Tri-T SS Class Meets Monday

Members of the Tri-T Sunday School class of the First Baptist Church met Monday evening at 6:30 for a covered dish supper in the home of Mrs. W. A. Reuser.

During the business meeting Barbara Flowers, president, presided and Peggy Waldrip and Dianne Plumley were elected group leaders.

Those present were Sherry Ann King, Barbara Flowers, Peggy Waldrip, Norma Gene and Kathlene Richardson, Dianne Plumley, Mary Ann Elder and a visitor, Faty Ferrin.

## Fact Finders SS Class Has Weiner Roast Tuesday

The Fact Finders Sunday School class of the First Baptist Church met at 5 o'clock Tuesday evening at the home of their teacher, Mrs. Lee Mitchell.

A weiner roast was enjoyed by the group and games were played.

Those present were Kathy Rogers, Norma Gayle Emfinger, Patsey Graham, Jeanie and Mary Getts, Barbara Crabb, Jimmy Stroud, Glenda Rains, and visitors (formerly in the class but promoted this year), Mollie Mitchell, Lorence Stroud, Geneva Cantwell, Jean Bankston and the hostess.

## PERSONALS

Betty Reuser, who is teaching in Fort Worth, visited her parents, the W. A. Reusers, over the weekend.

In attendance at the Second Baptist Church services Sunday and guests in the home of Rev. and Mrs. D. D. Brian.

Purl Hunt, who underwent surgery at Baylor Hospital, Dallas, Tuesday morning, is reported to be in satisfactory condition. He is in room 435.

## Mrs. Crawford Is Hostess To Columbia Club

Mrs. E. E. Crawford was hostess to members of the Columbia Club when they met at 3 o'clock Tuesday, October 20.

For the program Mrs. W. D. Conway reviewed James Hilton's "Time and Time Again."

Refreshments of coffee and salad were served from a polished mahogany table centered with an arrangement of fruit, orange berries and a pumpkin in a Halloween motif. Mmes. M. L. King, J. P. Morris and P. M. Kuykendall assisted in serving.

Those present were: Mmes. Saunders Gregg, Leslie Hagaman, R. A. Jameson, King, Kuykendall, J. E. Matthews, Stanley McAnelly, L. R. Pearson, Morris, David Pickrell, S. B. Zuccaro, Blanche Murray, Pete Brasher, Conway and the hostess.

## Mrs. D. D. Brian Given Surprise Birthday Party

A surprise birthday party was given for Mrs. D. D. Brian by the ladies of the Second Baptist Church on Monday afternoon in the recreation room of the church.

The room was decorated in the WMU colors of purple and white. The group sang "Happy Birthday" as Mrs. Brian entered and presented her with many lovely gifts.

The refreshment table was centered with an arrangement of fall flowers flanked by candles.

Pink cake and punch was served to the following: Mmes. Ruth Nichols, Fern Gore, Fanny Matthews, Albert Williams, Ida Coleman, Hartsfield, Lindsey, May Burden, Caulder, Betty Hood, A. L. Moody, Helen White, Betty Pittman, Blackwell, Edwards, Irma Sutton, Bush, Duncan and the honoree, Mrs. Brian.

Ho, hum, another day... Noticed Mrs. Conway sitting in front of Swaney's early Wednesday morning... C. E. May putting up a new awning in front of his office... Willena Wright out shopping before 9 o'clock Wednesday morning—early bird... Oneida Hallbrook hurrying along to work at Piggly-Wiggly—guess she wasn't quite so early... Mary Jo Ste coming out of Joseph's Apartments carrying her school books... Delbert Capps crossing the street in front of Martin's Thursday morning... Arthur Deffebach putting packages in his car in front of the Paramount... Price Crawley and Hugh Smith discussing the situation in front of Crawford's... Noticed Jill Guest, Patti Pittman and Sharon Crawley playing in Pittman's yard—sure are cute... Saw Rev. Perkin's father sitting in the swing on the front porch... Clara Fay Arterburn hanging out her everyday wash... Notice the Western Auto Store has a becoming coat of white paint... George Rogers hot-footing it catta-cornered across Main street without even looking up... Mrs. Perlstein backing her car out of the driveway... Betty Jo Weekes out riding her tricycle... Ray and Anna Williams diligently setting out rose bushes in their yard... Dr. Jolly standing in front of his place of business, talking to a man we didn't recognize... Saw Mrs. Massege picking 'em up and laying 'em down—on her way to work no doubt... Bro. Mansfield, J. L. Smith and Gaston Dixon walking down the street—bet they were headed for a cup of morning java... Guess I'll go get mine too... So long, for awhile.

## Hodges Oak P-TA Meets Wed.

Members of the Hodges-Oak P-TA met Wednesday morning at 10 o'clock in the school auditorium.

The purpose of the called meeting was to make final plans for the Halloween Carnival.

## Hodges Oak P-TA To Meet Tuesday

The Hodges-Oak Park P-TA will meet next Tuesday evening at 7:30 at the school. A movie will be shown for the children during the meeting.

Mr. J. A. Bates will speak on the subject of the school budget, and questions will be answered. Coffee and do-nuts will be served and all members and prospective members are urged to attend. Fathers are especially invited.

Mr. and Mrs. B. B. Simms and Jessie of Dennison and Mrs. J. H. Wylie of Winsboro, visited in the T. C. Wylie home over the week-end.

## Royal Neighbors To Have Supper Next Mon. Nite

Next Monday evening at 6:30 the Royal Neighbors are having a covered dish supper at the hall. It will be the regular monthly birthday supper and the cakes will be baked by May Smit hand Eleanor Horton.

The regular meeting will follow.

Mr. and Mrs. Ben Williams of Fort Worth were here from Saturday until Wednesday night visiting in the home of her parents, Mr. and Mrs. T. C. Wylie, and his parents, Mr. and Mrs. Bill Williams.

## Hospital News

Patients admitted recently at Ranger General hospital are Bill Beck, Ranger, surgical; Mrs. Annie Stevenson, Eastland, surgical; T. C. Foreman, Ranger, surgical; and Miss Billie Sear, Eastland, surgical.

### New Diesel Introduces Power Steering

Power steering—sensational new development which makes automobile driving so safe and easy—is announced for the new Model "500" Case Diesel Tractor. It gives almost finger tip control with added safety and ease of handling, particularly in rough ground and on sharp turns. This new Diesel has gone far to reduce up-keep cost with a six-point fuel cleaning system. Three stages of filtering are provided, plus a water trap and a fuel filter screen. A special air filter on the tank breather keeps out dust. Starting has become amazingly simple and easy—just a touch of the 12-volt starter—on the regular diesel fuel from the single tank. A single-plunger pump assures equal fuel feed to all six cylinders. It comes off as a unit for quick low-cost service.

### Korean Woman Is Interviewed Sunday Over Radio Station KCUL

A Korean woman, a prisoner of the Japanese because she refused to bow down to their shrines, was interviewed during Disc Jockey Evangelism at 1 p.m. Sunday over Radio Station KCUL.

She is Mrs. Dong Meung Kim, who now is studying at Southwestern Baptist Theological Seminary.

Under questioning by Rev. Marvin Boyd, an evangelist who turned the disc jockey technique into a weapon against sin, Mrs. Kim, the former Miss Ahs, detailed her years within a Japanese prison camp.

She told of her decision to go to Japan to warn the wardens there that Christians would not bow down to State Shinto.

The courageous woman, who suffered the loss of sight and her hair during the torturous months she remained in the camp, told of winning the lot to Christ while in camp.

Even prison officials and guards were won to her God.

Throughout the long period of her confinement, Mrs. Kim was strengthened by a verse of scripture, "For the Love of Christ constraineth us," II Cor. 5:14.

More than 2500 of the 4500 prisoners in her camp perished because of the weather conditions and because of the rigors of confinement.

But her faith was rewarded. On the morning she was scheduled for execution, prison doors were widely opened and thousands of Korean Christians greeted her with the hymn, "All Hail The Power of Jesus' Name," as she walked to freedom.

How did she feel when released from prison?

### Second Baptist WMU Meets Mon.

Members of the Women's Missionary Union of the Second Baptist Church met at the church Monday afternoon, Oct. 19, for a Royal Service program.

Mrs. Fern Gore was in charge of the program entitled "Sinful World, Sufficient Savior." The subject, "Sinful World," was given by Mrs. J. D. Nichols; "Conditions in America" by Mrs. Ida Coleman; "Conditions of the World," by Mrs. L. A. Moody; "Sufficient Savior" by Mrs. Bill Hood; "Spiritual Values Superior" by Mrs. Marcus Matthews; "Relationships" by Mrs. Duncan; and "From Sin to Sun" by Mrs. H. H. Sutton.

A meditation was given by Mrs. D. D. Brian after which the meeting closed with a song.

### Forty Hours Devotions At St. Rita's

"Forty Hours" devotions will be conducted in the St. Rita's Catholic Church beginning Sunday.

The "Forty Hours" devotion is an annual affair in every Catholic Church throughout the world. The Most Blessed Sacrament is exposed among candles and flowers for 40 consecutive hours and the members of the Catholic Church keep a constant vigil during this time. The purpose of the "Forty Hours" devotion is to bring public homage and adoration to the Divine Savior in His Sacrament of Love.

The devotions in St. Rita's church start Sunday. High Mass will start the devotions. The closing will take place Tuesday evening at seven. Sermons will be delivered at the closing in English by Rev. McGill of Abilene; in Spanish by Rev. James Meure, C.I.C.M. of Stamford. After the sermons a Solemn procession and benediction with the Most Holy Sacrament will be held.

Instruction classes are conducted in the St. Rita's Church every week.

Here is the schedule: Wednesday evening from 7 to 8 for the high school students and for the junior high school students. Twenty-four students are enrolled and the attendance has been very good.

After the instruction class the choir practices for 30 minutes.

From 7:30 until 8:30 every Wednesday, the adults have a study club meeting in the basement of the gymnasium. Topics of the study club for this year are:

The Bible and Science, Creation and Evolution, the origin of Man, The State of Primitive Justice, The Fall of Man, The Fallen State of Man, and Science, Original Sin.

Thursday evening instruction classes are held for the grade school students. Some 30 students are enrolled and the attendance has been perfect.

A group of young Catholics are being prepared to make their first Holy Communion around Easter time.

This instruction class lasts from 6 till 7. At seven the Latin-Americans have Rosary devotions with a short instruction in the Christian doctrines. From 8 till 9 finally the grown up interested in the catholic religion have an opportunity to get informed about the doctrines and practices of the Catholic religion.

The Amazon river, system is the world's largest.

### Two Farm Experts To Speak At Texas Livestock Pest Clinic

W. S. MCGREGOR

C. L. SMITH

It has been announced that W. S. McGregor of the Bureau of Entomology at the Kerrville Experiment Station and C. L. Smith, assistant superintendent of the Kerrville Experiment Station will report on research of internal medication of animals for the control of livestock pests at the Texas Livestock Pest Control Clinic in Breckenridge Nov. 9 at the American Legion Hall.

McGregor's professional career, beginning in 1936, has been spent in research for State Experiment Stations. He was State Extension Entomologist for the State of Louisiana in 1942 and 1943. In 1948 he joined the Bureau of Entomology at the Kerrville Experiment Station. Much of his time has been devoted to the Cattle Grub.

C. L. Smith joined the Bureau of Entomology in 1931. He has worked on cotton insects, screw worm larvae and control of lice and other poultry parasites. His research into poultry parasites has proved the basis for many new poultry insecticides.

The portion of the program devoted to new insecticides will begin at 2:15. Clinic sessions begin at 9:30 a.m. Ranchers and others interested in livestock pest control are invited to attend the meeting sponsored jointly by the West Texas Ranchers Association and the Association of Texas Manufacturers and Distributors of Veterinary Supplies.

Leo Martin, President of the A. T. M. D. V. S. will preside. A. S. Kimmell is President of the West Texas Ranchers Association. Dr. R. L. Rogers is program chairman.

### Bible Lecture To Be Given Sunday

A Bible lecture sponsored by the Jehovah's Witnesses, will be given by G. C. Powell, a representative of the Watchtower Society, Sunday, Oct. 25, at 3 p.m. in the home of Zettye Parrack, 209 Neblett Street, Eastland.

#### Reading Matter

BAR HARBOR, Me. — Most people can read without interruption for 6 hours without suffering eye strain or fatigue, according to a report by Dr. Leonard Carmichael, secretary of the Smithsonian Institution, at a seminar at the Roscoe B. Jackson Memorial Laboratory here. He based his findings on an experiment in which eye movements of 40 persons were studied during two six-hour reading periods.

### How To Create Desks From Old Furniture; Proper Accessories

With the "do-it-yourself" theory of home decoration in mind, here are some clever ways to create desks from old furniture and the proper accessories:

Unused dressing table - remove the mirror, and add a desk blotter pen, letter holder and other accessories in red, white, or any other color, embellished with dainty filigree patterns in gold to provide a very feminine bedroom desk for the lady of the house.

Small buffet - classic designs in small serving pieces lend themselves to the desk idea, particularly if the body of the buffet is off the floor on graceful legs. Used in a living room, with a leather clock, ashtrays and desk accessories, it becomes a conversation piece which is excellent for writing monthly checks, short notes, etc.

Telephone table - any small end or lamp table makes an excellent "desk" for the telephone corner, with the addition of proper desk accessories in scaled-down size. Select a memo pad with magnetized pencil, and a small receptacle for holding messages.

Study desk - two small chests of the unpainted variety, or pressed fibre ones designed for close use, can be quickly made into a study desk by placing a long board between them; the chests as end pieces will hold supplies. Fake marble decals in large sheets are available to dress up the surface. Add matching lamp, clock, pencil holder, blotter, letter-opener and notepad to harmonize with the room decor.

THE MARK OF THE WORLD'S MOST FAMOUS HAT

always out front

The WHIPPET by STETSON

It's a winner—America's biggest selling hat—the Stetson Whippet. Admire its perfect proportions—the correct crown height, the bound brim and stylish brim width, the casual crease. This thoroughbred Stetson is a sure thing—universally becoming!

## Announcing

### The Re-Opening Of The LIVESTOCK AUCTION SALE BARN

In Ranger

At The Same Location on Highway 80 Just East of Ranger

The sale barn and pens have been remodeled and repaired, the scales completely overhauled and government inspected for accuracy, and we are adequately financed and equipped in every way to properly handle the sale and care of all kinds of livestock.

All livestock sold through the auction ring will be paid for on the spot with drafts drawn on the Ranger bank.

Sales will be held every Monday, starting at 1:00 p.m., beginning Monday, November 2, 1953.

Lloyd Coan, of De Leon, who operates livestock auction sales at Stephenville on Wednesdays, will also operate the Ranger auction sales on Mondays.

You are cordially invited to visit our sale barn, attend our sales, and buy or sell livestock through our sale ring.

WEDNESDAY - THURSDAY

## PUPS DOWN STRAWN JH TEAM 13-0

Fleet Freddy Cooper paced the Ranger Junior High School Pups to a 13-0 victory over the visiting Strawn Juniors at Bulldog Stadium Tuesday night. It was the third win in a row for Coach Boone Yarborough's charges.

Cooper raced 65 yards for one touchdown and 29 yards for another to account for the winning points.

In the first period he broke through on an off tackle chant and picking up beautiful blocking, went 20 yards to score.

Then in the second quarter he took a pitch-out from quarterback Richard Spindle and raced 65 yards for the TD. His blocking again paved the way for the speedy back.

Strawn held the Pups scoreless in the final period.

The Junior High eleven will play Cisco in their next game, Thursday in Cisco.

## Two Ranger Students At Hardin-Simmons

Madelyn Inez Bond and Gayla Juanice Carter from Ranger are among the 1508 students enrolled in Hardin - Simmons University, Abilene, for the fall semester.

Hardin-Simmons is a co-educational liberal arts university which West Texas cattlemen founded in 1891, the oldest institution of higher learning between Fort Worth and San Francisco.

Beginning his first year as president of the university is Dr. Evan Allard Reiff, who assumed his duties July 1. Dr. Reiff has been active in educational, ministerial and administrative work with colleges for twenty-five years.

Miss Bond, a freshman at the university, is the daughter of Mr. and Mrs. Clyde Bond, Route 2, Ranger, Texas. Miss Carter, a junior at the university is the daughter of Mr. and Mrs. J. C. Carter, 117 Mesquite, Ranger, Texas.

Burt Lancaster and Virginia Mayo are back to back with brawn and beauty in a scene from Warner Bros. comedy-adventure, "South Sea Woman," opening Tuesday at the Tower Theatre. The stars are cast away on a south seas island where Virginia goes native while Lancaster goes after her.

## Texas Highway Dept., Texas A&M Studying Highway Improvement

COLLEGE STATION, Texas, (Sp1)—A canvas of industry's precise transportation needs for the future is being made by researchers in one part of a comprehensive research program in which the Texas Highway Department and the Texas A. and M. College System are cooperating.

This part of the program is appraisal study of which the aim is to find ways and means of progressively improving highway aspects of needs and interpreting them in terms of service potentialities. Such forthcoming data to be provided the planners of our transportation future will not be limited to the highways as a separate field, but will also deal with them in coordination with other means of travel and shipping.

Guiding the research program are three prominent highway authorities—D. C. Greer, state highway engineer, Austin; Thomas H. MacDonald, for many years head of the U. S. Bureau of Public Roads, and presently distinguished research engineer, in the Texas Engineering Experiment Station, College Station, and Gibb Gilchrist, former state highway engineer, and most recently retired chancellor of the Texas A. and M. College System, College Station.

The research program is being administered from College Station where offices are being maintained. Faculty members of A. and M. College and staff members of the Texas Engineering Experiment Station are serving as researchers.

As a first step in the study appraising needs, virtually every sizeable industrial or business concern in Texas will be surveyed as to its present and future use of transportation facilities. This survey will be accomplished by means of questionnaires prepared by L. S. Paine, research economist, and Hugo G. Meuth, research assistant, Texas Engineering Experiment Station, who urge industrial and business firms to cooperate wholeheartedly in order that an adequate sampling might be obtained.

By means of the questionnaires inquiries are made as to (1) major commodities shipped and received (points of origin, tonnages, size of units and shipments, and type of carrier); recent changes noted in type of transportation; and (3) mode of shipping considered for the future. Inquiry is also made as to the manner and extent of travel by personnel in the course of business and personally.

The leaders and researchers of shipping and travel needs of the future cannot be efficiently served unless transportation technologists responsible for today's designing have a knowledge of the changes and trends that are likely to occur in the future.

## Dave Melton Rites Held

Funeral services were held Wednesday for Dave Melton of Electra who died Monday there.

Mr. Melton was a pioneer citizen of Electra and a long time friend of Rev. Finis Crutchfield of Ranger.

Survivors include his wife; one daughter, Mrs. Scott Sutter of Mineral Wells; a daughter-in-law, Mrs. Clifton Melton of California and several grandchildren.

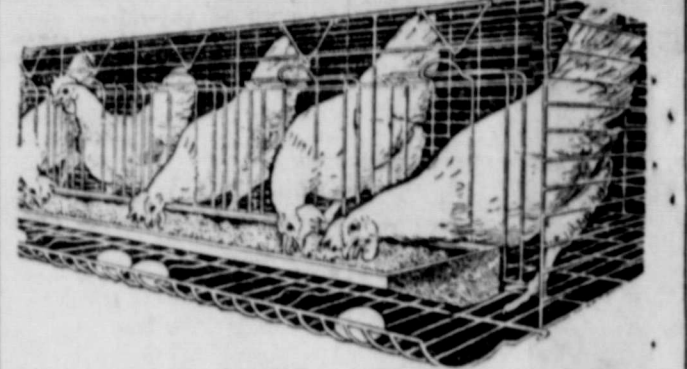

Three U. of T. Faculty Members Serving On Engineer Committee

Three University of Texas faculty members are serving on 1953-54 committees and the general council of the American Society of Engineering Education.

Engineering Dean W. R. Woolrich, immediate past president of ASEE, is on committees for evaluation of engineering education, financial policy and publications.

Professor Phil M. Ferguson, civil engineering department chairman, is on panels for promotion of ethical standards and recognition and incentives for good teaching. Professor Werner Dornberger, architectural engineering department chairman, represents the ASEE architectural division on the organization's general council.

## HURRY-HURRY-HURRY. NOVEMBER 30th IS LAST DATE FOR ENTERING OUR PURINA LAY and PAY CONTEST

Don't miss this chance to compete for one of the fine prizes to be awarded in our Purina egg laying contest. Drop in and fill out an entry blank after you take a look at the pullets. They've been competing since September and the contest continues up to December 31st.

There's nothing to buy. Just fill out your contest blank. Try for— 1st prize - Electric corn popper. 2nd prize - Electric alarm clock. 3rd prize - Salad Bowl Set.

DON'T DELAY... COME IN!

## SOLUTION OF POSSUM KINGDOM BASS PROBLEM APPEARS FOUND

Apparent solution of a problem costing Possuum Kingdom State Fish Hatchery half of its bass production was announced by the Chief Aquatic Biologist of the Game and Fish Commission.

He said the damage has been traced to a fungus growth and that now a treatment seemingly has been found to treat the water to destroy the infection successfully.

According to the Chief Aquatic Biologist bass production at the big Possuum Kingdom Hatchery has been hampered ever since operations were begun four years ago.

Part of the eggs in almost every bass nest would be ruined. Commission aquatic biologists then traced the cause to a fungus growth which seems to thrive in this particular water.

Finally, it was convincingly shown through microscopic study that the fungus was most damaging when the water was cool.

Thus, previous suspicion was dropped that the loss of eggs might have originated from toxic effect of the volcanic clay used to seal the ponds or sudden drops in the water temperature due to late northers.

The Chief Aquatic Biologist said the deciding discovery was made with the aid of the Midwestern botanical staff. Examination made at the Wichita Falls school disclosed fungus spores actually attacking bass eggs.

In the course of the study, it was found that a copper sulphate solution checked the infection without damaging the bass fry or eggs, but killed the plankton in the pools and caused the surviving baby bass to die from starvation. Now, a weaker mixture has been concocted and tried in the laboratory that will destroy the

A yacht built for Nazi Hermann Goering, but completed while he was contemplating suicide in an Allied jail, is now sailing the waters of Long Island Sound.

The 53-foot craft, Grotte Beer (Great Bear) was built by Dutch shipwrights to Goering's specifications. But the craftsmen found every excuse to delay its completion, and when it was finally finished, the war was over and Goering was in custody.

## DIVORCE A DANGER-FRAUGHT AMPUTATION, SAYS EX-WIFE

"Divorce is definitely a surgery, agonizingly painful, uncertain in its outcome, to be used in extremity. It is not an easy, simple solution for minor difficulties, but a danger-fraught amputation which a wise physician can order only in a question of spiritual life and death."

This is how one ex-wife, 19 years divorced, begins her moving story in "October Pages"—a story in which she frankly admits that she's bitterly sorry she divorced her husband. Understandably, the article is signed "Anonymous."

"At 20," says the author, "I had married on the basis of what is ambiguously called love. When the first 'careless rapture' of passion had inevitably yielded to the attempt at mutual tolerance and understanding which marriage in its maturity demands, there was much that survived. We both thought the same things were amusing, we both were devoted to our child, Jim was reasonably successful in his profession and possessed the characteristics of that somewhat mythical paragon, a gentleman, characteristics which do much to ease the tensions of prolonged intimacy. Emotionally, we were comfortable.

"To me now, this would present a working basis for matrimony. To me then, the fact that Jim drank too much and consequently visited on his family the inevitable morning-after-the-night before irritability blinded me to all else. I think I used to say, 'I must have freedom to bring up my child as I see fit and to live my own life'—what does that mean? Now I know that freedom is the greatest thing a human creature can have. It is significant that as we are won on the nothing more nor less covered indiscretions) of this union: man's child should grow up without to childhood, from food, to boyhood, from boy-

hood to manhood unaccompanied, unwitnessed by one of his parents responsible for his life. This is the true perversion of divorce.

"In looking back over my 19 years of marriage and one 10 years following the divorce, I discover that much which I believed was the fault of my husband has proved to be the result of my own inadaptation or misadaptation to the rigors of life. It is amazingly easy to put the blame on marriage for one's personal moods or for one's graver unhappinesses, and a husband is the handiest rationalization that can be found for almost anything wrong with life."

## Record Sale Of Milk In Area Announced

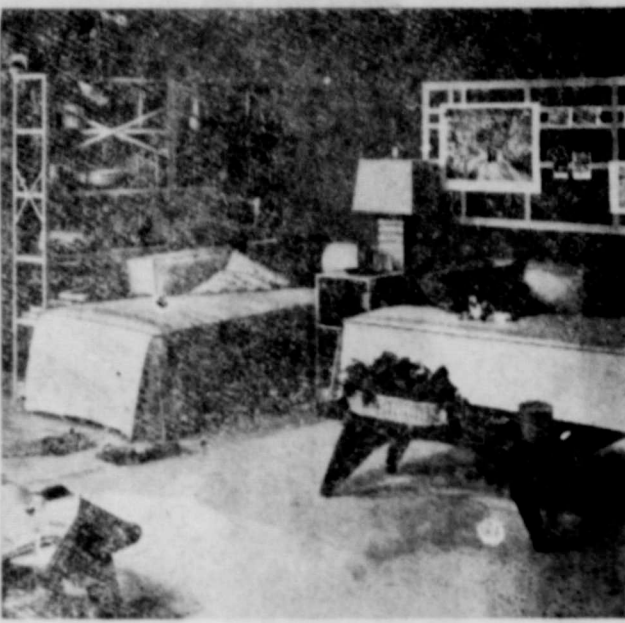

Reports of handlers regulated under the Central West Texas Marketing Order showed receipts and sales of milk greater during the month of September than any month since Federal Order No. 82 been in effect, Byford W. Bain, Market Administrator, announced today. Reports from the eleven handlers regulated under the Central West Texas order showed a daily increase of 44,016 pounds or 16.8% in Class I sales during September over August, and 48,719 pounds or 18.9% over July. Receipts of milk from producers also increased in approximately the same proportions. On a daily basis production increased 39,723 pounds or 15.3% in September over August, and 40,509 pounds or 15.7% over July.

The average daily Class I sales (fluid milk, skim milk, buttermilk, flavored milk and cream) during the month of September was 306,630 pounds as compared with 362,614 pounds in August and 257,911 pounds in July. The range in daily Class I sales for the current year has been from 274,725 pounds in January 1953 down to 241,565 pounds in June, and up to 306,630 pounds during September.

The average daily production in September was 298,779 pounds as compared with 259,056 pounds in August and 258,270 pounds in July. There were 653 producers delivering milk to the market during September. This is an increase of 93 producers from August and 102 producers over July. The average daily production per farm in September was 458 pounds which compares with 463 pounds in August and 469 pounds in July.

Producers will receive \$6.11 per hundredweight for 4.0% milk f.o.b. handlers' plants in Abilene, Sweetwater, and San Angelo, Texas. For milk delivered to handlers' in Lamesa or Midland producers will receive \$6.81 per hundredweight, and for milk delivered to plants located in Brownwood, Texas, the price is \$5.91 per hundredweight.

## At Home in One Room

## Field Classes Planned For Texas A&M

COLLEGE STATION, Texas, (SpI)—Special field classes are being planned by the Floriculture Department at Texas A. and M. College for persons who wish to know more about shrubs, trees and vines which grow in Texas.

L. J. Tolle, assistant professor in the department, said that technical knowledge or special preparation will be required, since instruction will be simple and questions will be welcomed.

The classes will be held during the spring semester, and will replace the spring Garden Forum for Home Gardeners. Tentative plans set the class times from 2 to 4 p.m. April 9, 23 and 30, 1954. Registration will be open to anyone interested, Professor Tolle said.

Instruction will be given during informal outdoor talks, tours of greenhouses and nurseries and examination of the plants.

"Gaining a better practical knowledge of many beautiful woody plants available for study on the campus and in the nurseries at A. and M. College is the goal of the classes," Professor Tolle said.

Recent visitors in the Joe Butler home were Mr. and Mrs. G. Y. Gillispie, of Goodlet, Tex. This son is a rancher and wheat grower in Hardeman county.

Billy Anthony Highsmith and wife, Doris are here from Camp Chaffee, Ark., on a 20-day leave before sailing for Germany. They are visiting the parental B. A. Highsmiths and in Ranger with Mr. and Mrs. Squires.

Bob Revel was home for several days, harvesting peanuts for himself and helping his father, Jack Revel.

"Snips and Snails"—have you read this hilarious book? A person not many days ago, told us she read this book to her family and they decided the writer surely must have them in mind when citing all the funny, hectic and diabolical things that three boys can think of and do—so we read the book, too.

Believe you me, one boy or three, they are all made of "Snips and Snails and Puppy Dog tails," we know—we have one.

Every now and then you like to mention someone whom, to you, is another shining example of this or that. We are thinking of a person who has given up smoking after year and years of this carnal indulging. Don't you think this is a shining example of mind over matter? We think she agrees with us.

Henry Perrin and Mrs. Virginia Franklin have received word that their sister, Mrs. Mattie Allen, has undergone surgery in a Lawton, Okla., hospital. Last reporting she was doing nicely.

**Balloon Fied**  
MT. DESERT ROCK, Me.—Fisherman Lawrence Newman hauled a balloon out of the ocean here that had been released the night before by theater in Paterson, N. J. The balloon, advertising a motion picture and containing an admission ticket, had been carried 500 miles in 10 hours by a strong easterly gale.

## NEWS FROM CHEANEY

Mrs. Bill Tucker

Mr. and Mrs. Ben Freeman attended the meeting of the Texas Peach Growers at College Station Tuesday, Oct. 13 and Wednesday, Oct. 14.

An informational program by some of the leading horticulturists from Texas A&M, South Carolina, Georgia, Louisiana and Arkansas was presented to orchardists interested in the latest culture and development.

Insect and disease control methods were discussed by entomologists and a spraying demonstration was given.

The Freeman orchard in this community is one of the finest small tracts in this area. His method of care and culture is by up-to-date standards and his varieties are well adapted to this area.

Freeman also specializes in the Burket variety peach. His orders which are booked to capacity every year are shipped to every section of the United States. Modern methods of culture of his peaches, as well as peaches, insure top quality products and a good source of income.

Mrs. J. H. Freeman, mother of Ben, accompanied the Freemans as far as Georgetown and visited an old-time friend, Mrs. John Coffee, who resides in that city.

Recent visitors in the Joe Butler home were Mr. and Mrs. G. Y. Gillispie, of Goodlet, Tex. This son is a rancher and wheat grower in Hardeman county.

Billy Anthony Highsmith and wife, Doris are here from Camp Chaffee, Ark., on a 20-day leave before sailing for Germany. They are visiting the parental B. A. Highsmiths and in Ranger with Mr. and Mrs. Squires.

Bob Revel was home for several days, harvesting peanuts for himself and helping his father, Jack Revel.

**If your tires wear smooth in the center—**  
READ THIS ABOUT THE GREAT GULF TIRE

WHY DO so many tires wear smooth down the center, yet still have good rubber along the edges? It's simply because their tread design forces the center area to bear the brunt of the load.

But with the Gulf Tire it's a different story. This tire is designed with a wider, flatter tread that distributes the load of your car more evenly. As a result, the Gulf tread wears more evenly from one edge to the other—lasts far longer.

- SURE-FOOTED TREAD WITH SHARP SAWTEETH**
- With 7 ribs, there's a "riding bar" down the center of the Gulf tire. Thus, just where the load pressure is greatest, you ride on rubber—not on a groove.
- These 7 zigzag ribs help stop skids before they start. Their flex-riding action breaks up water film on wet roads.
- The tire runs cooler (and safer) at high speeds, because of a special ingredient in the rubber.
- Less chance of blowouts and carcass failures, because a double breaker strip cushions shocks.
- Warranty accompanies every Gulf Tire—is honored by Gulf Dealers everywhere!
- Sidewall shields protect tire against curbstone bruises.
- This tire can stand punishment, because it has a stronger carcass with stronger, new-type cords. And more cords in every inch of every ply!

MAKE A POINT OF SEEING THE GULF TIRE NOW—IT'S A BEAUTY!

CHURCH NEWS

"You Can't Afford Not To Be A Christian"; Sunday Sermon Topic

Sunday morning services at the First Baptist begin at 9:45 with the Sunday school departments assembling for a devotional period and followed by the Bible classes for every age level and public school grade group. This Sunday school is designed for the maximum of spiritual growth and Christian development. There is always a welcome for children and adults to enroll in our school and to enjoy the privileges of Bible study.

The position of Chorister and associate chorister. The pastor will bring a message at 11:00 on the subject, "You Can't Afford Not to be a Christian." This message will contain the answers based upon God's blessed word concerning the prospects for the non-Christian, and the non-Churchmember. The song "It pays to serve Jesus every step of the way," is true. Attend the morning worship hour and have your soul fed on these blessed truths from God's word.

First Christian To Observe World Order Day Sunday

Next Sunday has been designated as World Order Sunday by the Christian churches of the nation, in keeping with this national theme. Rev. A. Lynn Robbins, pastor of the Ranger First Christian church, will bring an appropriate message at the 11:00 a.m. Morning Worship and Communion Service. The special music Sunday will be provided by Mrs. Kenneth Jameson.

Sunday evening at 6:30 the Training Union Assemblies will convene in the same places as their departments met at the morning hour. Training Union is keeping pace in growth along with Sunday school. According to W. J. Arterburn, director and Corvis Beck, general secretary, the highest consistent attendance is being made at this time.

The Omnipotence of Thought will be the sermon topic for the 7:00 p. m. Evening Church service. There will also be the regular and popular period of Fellowship Singing and the Evening Meditations. The Service of Holy Communion, for those unable to attend a morning service in the city, will be offered at the conclusion of the church service.

The Church School, with classes for all ages, will assemble promptly at 10:00 a.m.; and the Christian Youth Fellowship will meet at the church at 6:30 p.m. Remember, also, the beginning of the weekly community-wide Youth Fellowships at 8:30 p.m. There is an announcement in today's paper concerning this new service.

You will always find a cordial welcome awaiting you at the First Christian church. We are a small, friendly church and our desire is to provide a program of worship and fellowship that will be in accordance with your needs. Remember to attend the church of your choice this Lord's Day.

Christian Science

The Golden Text for this week's Christian Science Lesson - Sermon entitled, "Probation After Death" is from Isaiah (9:2): "The people that walked in darkness have seen a great light: they that dwell in the shadow of death, upon them hath the light shined." The Discoverer and Founder of Christian Science, Mary Baker Eddy, says: "The universal belief in death is of no advantage. It cannot make Life or Truth apparent. Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light" (Science and Health with Key to the Scriptures, p. 42).

Mrs. Eddy's statement corroborates these words of Jesus, which will also be included in the Lesson-Sermon (John 8:12): "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." This selection will be read from the Christian Science textbook, (p. 233): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill."

Dr. Leslie Seymour To Speak At First Methodist Sunday Morning

The First Methodist Church will be favored by an official visit from District Superintendent Dr. Leslie W. Seymour next Sunday at the morning service. The pastor will bring the message for the evening hour, which now begins at 7:00 p.m. The subject will be "Patches Won't Hold Long".

The Bundles for Korea project went over in a big way at the District Methodist Youth Fellowship meeting in Eastland last Monday night. On Tuesday the Woman's Society of Christian Service will observe its Annual Week of Prayer following the monthly mission study, led by Mrs. C. E. May, Sr. There will be a luncheon at noon with the program continuing into the afternoon. All ladies of the church are invited to attend.

Sunday School, with Frank Deaton as the genial superintendent, is on the move. We are going places. There are classes for every age. If you are missing the opening devotionals you are missing something. Sunday School begins at 9:45 a.m. Visitors always welcome.

The Methodist Youth Fellowships meet at 6:15 p.m. for seniors and 6:30 p.m. for intermediates. The Vesper Choir will meet for rehearsal at 6:30 p.m. Wednesday and the Chancel Choir at 8:00 p.m. The Methodist Men's Club meets at 7:30 p.m. Thursday, Oct. 29 for their regular monthly meeting.

The Methodist Youth Fellowships meet at 6:15 p.m. for seniors and 6:30 p.m. for intermediates. The Vesper Choir will meet for rehearsal at 6:30 p.m. Wednesday and the Chancel Choir at 8:00 p.m. The Methodist Men's Club meets at 7:30 p.m. Thursday, Oct. 29 for their regular monthly meeting.

Bible school begins at 9:45 a.m. at the Church of Christ at Mequite and South Rusk Streets. Morning worship at 10:45 a.m. with Evangelist Max R. Crumley preaching, the subject being "The Motive in Giving".

WSCS To Observe Week of Prayer

Members of the Woman's Society of Christian Service of the First Methodist Church will meet next Tuesday morning at 9:30 for the fifth session of the current mission study. Following this, the Annual Week of Prayer will be observed. There will be a covered dish luncheon at noon and a continuation of the program in the afternoon.

On Wednesday the Assembly for Praise and Devotion at 7:30 p.m. The Children's Hour at 8:00 p.m. and Adult Edification at 8 p.m. Christ is the way of chaos. Christ's way is revealed in the Bible. The constant emphasis of the church is on the idea that Man must accept Christ the King and the Bible as His Law to guide us to spiritual security. The church points out that Way with Christian love.

PRICED FOR QUICK SALE Grocery Store, Filling Station and Tourist Court, on Highway 80. An excellent bargain if sold at once. PULLEY INSURANCE AGENCY Ranger, Texas

First Methodist WSCS Meets For 4th Mission Study Tuesday

Members of the WSCS of the First Methodist Church met at 9:30 Tuesday morning, October 20 for the fourth session of the mission study entitled, "That The World May Know". The program was presided over by Mrs. C. E. May, Sr. who led the opening prayer.

The group joined in singing "The Church is one Foundation". The theme of the program was "Entering New Frontiers", the aim being to determine new tasks that Christians should undertake to fulfill their missions.

Mmes. A. J. Ratliff, W. F. Creager, J. A. Townzen, J. D. Drennan and Pat Thomas took part in a panel discussion on "The Commission That the Church Can Accomplish Under the New Tasks". The principal thought was "What is the World Council of Churches?"

Mrs. Pat Thomas discussed the first meeting of the World Council of Churches and their work in Amsterdam in 1948 and also the plans for the second meeting in 1954.

The devotional entitled "Let's Give Christ to the Japanese" was given by Mrs. George Rogers who

closed with a reading entitled "Brotherhood". Next Tuesday morning at 9:30 the group will meet for the fifth session of the current mission study followed by an observance of the Week of Prayer. There will be a covered dish luncheon at noon with a continuation of the program in the afternoon. All ladies of the church are invited to attend.

WMU Circles To Meet Together

All members of the WMU circles of the First Baptist Church will meet in the home of Mrs. J. B. Houghton Monday afternoon at 3 o'clock for the last chapters of the mission study book, "Sacrifice and Song" which will be reviewed by Mrs. Glen West.

Co-Ed Class Is Organized

An organization meeting of the Co-Ed Sunday School Young People's department of the First Baptist Church was held recently and the following officers elected: Mrs. E. V. Robinson, teacher; Pug Frazier, president; Bethany Waldrip, vice-president; Delores Cox, secretary; Betty Cox, and Janice Page, group leaders.

CALL ON COMMUNITY'S "COMFORT ENGINEERS" FOR Better Home Heating with MODERN VENTED GAS HEATING

Make this the winter you start enjoying the comfort of a home healthfully heated with modern gas floor furnaces, wall heaters, or a central heating unit. An expensive luxury? Not at all. Your Community Public Service Company "comfort engineers" can show you how modern vented heating units can give you all-over-the-house heating at surprising low cost. And your investment in equipment is usually a very modest one, considering the many years of healthful heating it provides and the value it adds to your home.

Whatever your requirements... whatever your budget... you can get the right heating equipment for your home... and a GUARANTEED installation... from Community Public Service Company. Call our office today. No obligation whatsoever for recommendations and cost estimates.

### Youth Fellowship Meetings Will Begin Sunday, First Christian

This Sunday from 8:30 till 10:30 p.m. the Ranger First Christian Church will begin a series of weekly community-wide Youth Fellowship meetings for all the high school and Junior College young people in Ranger. These gatherings will follow the procedure of a Teen Canteen with the program to be what the youth want.

For the first Fellowship there will be a showing of the 1952 Football Highlights of the Southwest Football Conference and the 1953 Cotton Bowl Game between Texas and the University of Tennessee. This is the film made by the Humble Oil and Refining Company and is being furnished the Ranger church by the Texas Christian University Athletic Department. Also there will be available all the latest juke box record favorites and a record-player for the young peoples enjoyment. Cokes and cookies will be served to all in attendance.

All the youth of Ranger are invited to come and have a mighty fine time at this week's Youth Fellowship. The time is arranged so that it will not conflict with any

other meetings in the community so come anytime between 8:30 and 10:30 p.m. and be ready for a "big deal." This will be a program for youth and you won't want to miss it so we'll see you all Sunday night at the First Christian Church.

### Church of Christ 225 So. Rusk St.

Regular appointments at the Church of Christ at 225 S. Rusk St. are Sunday at 9:45 — Bible study classes for all ages; 10:15 A.M. morning worship assembly; 6:00 P.M. Men's and boy's study; 7:00 P.M. evening assembly for worship; Wednesday 10:00 A.M. — Ladies Bible class and 7:00 P.M. — mid-week assembly for songs, prayers and Bible study. You are invited to attend all of these announced appointments of this church.

The subject for the sermon at the morning worship assembly this next Sunday shall be "The Heathen Rage". It will be shown clearly that in all history it has been impossible to obey God; or refuse to be associated with those who disobey and dishonor God, without those who dishonor God "raging against you. Many are the forms of opposition to God's will. Mostly, people who would want to know that they are friends of God are deceived into being the enemies of God. Sincere people will appreciate the truths to be taught in this lesson. Another lesson from the New Testament will be studied at the evening hour.

C. R. Mansfield  
Evangelist

### Children Too Must Fight Disease Spread

Dr. Geo. W. Cox, State Health Officer, says that it is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to do all they can to protect others from illness. Even a child in kindergarten can be taught to cover a cough or sneeze and thus help in preventing the spread of colds or other disease that start with the symptoms of a cold.

Dr. Cox emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole-hearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be promptly reported to the health officer. Physicians report to the county or city health officer the cases of communicable diseases they diagnose, but parents often fail in this duty. The local health officer cannot start control measures unless he is informed of cases or suspected cases of communicable diseases.

Some signs and symptoms which often accompany communicable diseases are: running nose, coughing and sneezing, dizziness or faintness, swelling about the neck, sore throat, unusual paleness, ear ache or running ears, feverish appearance, rash, nausea, vomiting or diarrhea and irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices and reporting promptly any appearance of suspicious symptoms.

The oil industry employs more than 17,000 college-trained engineers and scientists.

### Night Driving Is Dangerous, Says Expert

"Night must fall, but must fall with it."

That question was asked by Col. E. B. Tiley of Houston, President of the Texas Safety Association, as he discussed the importance of the Night Traffic Hazards program currently sponsored by the Texas Safety Association and the Texas Department of Public Safety.

Col. Tiley said, "that from October through March, one-third of all pedestrian deaths occur between 5 and 8 P. M., hours that are usually dusk or dark during these months. He blamed a combination of darkness and carelessness.

"Unfortunately, we can't change the laws of nature," he said. "Darkness is here to stay. But we can do something as far as human nature is concerned. Many pedestrians meet their deaths in night traffic because of their own, thoughtless walking habits."

He warned pedestrians that it is difficult for motorists to see them at night and urged them to observe the following safe walking rules:

1. Always walk on the sidewalk. If you must walk on roads that have no sidewalks, walk on the left shoulder of the road facing traffic. Wear light colored clothing or carry a flashlight or a piece of white or reflectorized material.

2. Always assume that the driver can't see you. Never cross a street or highway unless you are absolutely certain you have ample time to reach the other side in complete safety.

"Cyclists are in pretty much the same boat as pedestrians in the night traffic picture," Col. Tiley also said at a great disadvantage in any encounter with a car. So it's just good common sense for them to be constantly on the defensive. Here are some tips for safe cycling at night:

"1. A good headlight and tail light (or reflector) are musts.

"2. Add more visibility by trimming your bike with white stripping or some type of reflectorized material.

### Youth Shows How To Doff Handcuffs

Authorities thought they had a junior grad: Houdini on their hands when a burglary suspect, Richard F. Lindner, showed them how to get out of handcuffs.

Lindner escaped from the Municipal Courts building. After his recapture several days later, he amazed officers with his story of having removed the handcuffs himself.

Lindner obligingly demonstrated how he did it. Sheriff Marvin L. Toster ordered a new supply of tinker-proof "bracelets."

### Hardy Lilies Grow Best When Planted in Autumn

Olympia Hybrid Lilies Thrive in All Gardens.

Bulbs of hardy lilies should always be planted in the fall, where possible. Otherwise they will spend the winter in cold storage, and when planted in the spring will have been weakened by the experience. Varieties which find your garden to their liking will thrive and bloom with little attention, and live for many years undisturbed.

Experience with lily bulb production in this country has given us several new hybrid strains, and led to discarding some of the advice for growing lilies which was formerly accepted. The idea, for example, that some lilies must have acid soil is no longer considered valid.

What lilies must have is a well-drained, deep, rich porous soil, plus an ample supply of moisture while they are growing. Do not try to grow them in a heavy clay, or in a location where water stands after heavy rains, and the soil is slow to dry out.

Lilies will not thrive in shade, except the lightest. The soil in which they are planted should be worked a foot deep. If your soil is chiefly clay select a location on a slope to the south, if possible, and work into the soil as much organic matter as you can such as peat, sewage sludge, well decayed manure, peat moss, or compost.

Depth of planting should be varied with the size of the bulb. There should be soil above the

### EASTLAND TO HOST LEGION CONVENTION

More than 200 delegates from 22 American Legion Posts are expected to attend the annual 17th District American Legion Auxiliary convention to be held Oct. 24-25 in Eastland.

The 17th District covers all cities between Eastland and Sweetwater including Ranger, Eastland, Abilene, Breckenridge, Gorman, Cisco, Cross Plains, Rising Star, Hamilton, Comanche, Dublin, De Leon and Mineral Wells.

Highlights of the convention will be a dance on Saturday night, a Sunday barbecue dinner and business sessions on Sunday afternoon.

### Hog Cholera Vaccination Is Recommended

With midwest swine raisers again facing possible million-dollar losses this fall from hog cholera, the American Foundation for Animal Health urged farmers today to adopt proper vaccination measures.

"The fact that there are now seven types of hog cholera vaccination which have been government approved has confused many farmers," the Foundation said. "It would be a tragedy if this confusion interfered with having hogs vaccinated for protection from the nation's number one hog killer."

The choice of the proper type of vaccination is important for maximum protection, officials said. Each method has certain advantages and disadvantages depending on the local situation.

Such factors as herd history, the presence of hog cholera in the past, general herd health and other variable factors all enter into the choice of the proper vaccine. The Foundation pointed out also that vaccination at the wrong age or wrong time must be guarded against.

"Every farm and every herd is a different problem," the Foundation said. "That is why a herd owner would be wise to leave the selection of the proper type of vaccination and the proper time to vaccinate to his veterinarian."

"Vaccination is the only reliable means for controlling this swine threat," officials said. "Failure to protect the herd will increase the chances for heavy losses."

### Two T & P Men Receive Promotions

Two well-known Dallas railroad traffic representatives of the Texas and Pacific Railway Company are "stepping up" to new posts, it was announced by W. W. Fair, T&P passenger traffic manager, Dallas.

Ervin Rehfeldt, who has been chief clerk in T&P's general office passenger traffic department, has been appointed district passenger agent, succeeding the late Joe Sloan. His headquarters will be in the railroad's city ticket office located in the Adolphus Hotel Arcade. Stepping into Rehfeldt's chief clerk post is B. B. Binford, who has been serving as assistant chief clerk. Both Rehfeldt and Binford are prominent in Dallas civic and church affairs.

Rehfeldt, a native Dallasite, started with the T&P in 1912 as a messenger boy in the passenger traffic department. All of his railroad career, as well as that of Binford's has been in this same department. During World War I, Rehfeldt served two years in the United States Navy and he returned to the T&P in 1919. He served in various capacities in the passenger traffic office, coming up through the ranks and was named chief clerk in 1946.

Binford, a Buckhorn, Texas native, started as a file clerk in his T&P career 33 years ago. Like Rehfeldt, he has come up through the ranks serving in various capacities. In fact, his career has followed closely that of Rehfeldt's.

### Old Illinois Tavern Still In Operation

One of the first taverns opened in the midwest is still operating here. James McFarland opened his tavern here in 1812 in a two-story building. Its rooms were kept filled with migrants moving west along the Ohio River.

Some of McFarland's prices at that time fixed by the county court, included 25 cents for any meal, a night's lodging, 12 1/2 cents, half pint of whisky, 12 1/2 cents, and the same for a quart of beer. McFarland's was sold in 1884 to a widow, Sarah Rose, who changed the name to Rose Hotel. Mrs. Rose's daughter, Mrs. U. G. Gullet, still runs the place.

Industrial research is producing less expensive perfumes. New techniques in perfume-making also indicate a trend toward cost-cutting.

**Sensational ICE TEST PROVES Dearborn SUPERIORITY!**  
It's a proven fact! A cake of ice on top of a Dearborn Cool Safety Cabinet gas heater melts only slightly faster than elsewhere in the room.  
This amazing proof of Dearborn's sensational touch-cool cabinet is your guarantee of extra safety...extra comfort...extra convenience...extra cleanliness.  
The sensational ice test also demonstrates Dearborn's forward heat flow—heat at floor and chair level—heat where you want it...where you can feel it!

**OPTOMETRY is not a business...**  
Members of The Texas Optometric Association are pledged to adhere to a rigid Code of Practice and Ethics just as does your physician, lawyer, dentist, engineer, architect, and other professional men. As such, optometry is not a business. Optometry is the science and art of visual care.  
The optometrist who is a member of The Texas Optometric Association emphasizes the following services which every person should expect:  
1. THOROUGH EXAMINATION—It takes a minimum of forty-five minutes to give a complete visual analysis as shown by a survey made by the deans of the leading colleges of optometry throughout the United States. Any "quickie" examination may mean poor visual care.  
2. PROFESSIONAL SERVICE—The only thing an optometrist actually has to "sell" is his own personal service. The prescribing or providing of glasses is always a secondary consideration.  
3. VISUAL TRAINING—Most members of the Texas Optometric Association are trained to give you "eye exercises" to improve or correct poor visual performance. World War II proved that thousands of young men were declared "physically fit" as a result of vision training.  
The only optometric association in the state affiliated with The American Optometric Association is The Texas Optometric Association. The members of this association urge you to seek the best possible professional eye care. Members will always display the seal of membership as shown below.
