Nine Cities Fight Road Abandonment

Two Die In Crash; Four Others Injured

A prominent Eastland and Ranger businessman and a Denver City woman died Sunday morning as the result of a head-on collision between two late model cars four and a half miles east of Ranger on U. S. Highway 80, during a heavy fog. Four other persons were injured in the crash.

Charging that the WF&S failed to attempt to get enough tonnage to show a profit and that no money has been spent on upkeep of the road during recent years, the city officials voted to send two representatives from each town to the ICC hearing.

Killed in the smash-up were Saule Perlstein, 68, and Mrs. M. C. Bennett, 50. Mrs. Bennett was a passenger in a car driven by her husband, an employee of the Shell Oil Co., at Denver City.

We are shocked. How could they possibly overlook the paper you are now reading. This is an insult.
And the Licensed Beverage Industry was kind enough to pass this our way.

'As It Looks From Here'

Benson's Shake-up May Cost Area Soil Conservation Office

By Omar Burleson

Secretary of Agriculture Ezra Benson has now announced his plan to reorganize his department. His authority for such reorganization was granted by the last Congress.
Although I have supported most plans to reorganize departments of Government in the hope that more efficiency at less cost could be brought about, in this instance I did not vote to give Mr. Benson the broad authority which he now has in connection with agricultural programs. In the first place, he has never been definite as to what his ideas are regarding agriculture generally. Put aside from this fact, I did not think it wise to give any one man as much power granted under the Bill.
The plan calls for advance notice of the intention to reorganize. Mr. Benson, just a few days ago, gave that plan to the Agriculture Committees of the Congress. Supposedly, anyone can make suggestions before November 1st as to the changes in the Secretary's intent.
The new organization of the Department of Agriculture puts all of the service agencies under four main groups. They are to be called: (1) Federal-State Relations; (2) Marketing and Foreign Agriculture; (3) Agriculture Stabilization; and (4) Agricultural Credit.
There are few things which cannot be improved upon. Doubtless considerable improvements can be made in the various agricultural programs to eliminate duplication and waste.
On the other hand, there is considerable concern on the part of many of us that some of the most worthwhile programs, and particularly that association with Soil Conservation, may be impaired. Regional Soil Conservation Offices such as Fort Worth, which serves our area, are to be closed.
One of the good features of the reorganization (which actually came about by separate legislation) is the fact that the Farm Credit Administration will become an independent agency on December 5th. In reality, it is not affected by the general reorganization plan, in view of the separate legislation passed by the Congress.
Just how some of the services heretofore rendered will be affected is not definitely known. The following is the general outline of the activities under the four main divisions. You may want to save this outline for further reference:
FEDERAL - STATES RELATIONS: Agencies in this group would include: Agricultural Research Service, Forest Service, Federal Extension Service, Soil Conservation Service, Agricultural Conservation Program Service, and Co-operative Service.
MARKETING AND FOREIGN: This group would be the Agricultural Marketing Service and the Foreign Agricultural Service.
AGRICULTURAL STABILIZATION: Agencies in this group would be Commodity Stabilization Service (including the administration of Commodity Credit Corporation, and Community, County, and State Committees.
AGRICULTURAL CREDIT: Agencies in this group would be Farmers Home Administration and Rural Electrification Administration.
You may have definite ideas on some things which should be done. I have had suggestions already both by letter and in personal contact during my visits over my Congressional District. I shall attempt to consolidate these in the best form possible and submit them to the Secretary of Agriculture. If anyone has further suggestions or comments, you may either write directly to the Department of Agriculture, or, if you will send them to me, I shall see that they are properly submitted.

Here's How To Behave During Hospital Visits

Worried by the strain put on both patient and hospital staff by large numbers of visitors, the American Hospital Association has made this list of suggestions for those who go to the hospital to visit a friend or relative:
1. Look good. The patient likes to have other patients and the nurses admire his friends. Besides, he's tired of looking at white gowns.
2. Be prompt. It's depressing for a bed-ridden person to hear footsteps approach his door—and then go right past it, especially if he knows the visiting hour has arrived.
3. Use common sense in any gift you bring. Make sure the patient will like it, can use it, and that the doctors approve.
4. Don't tell the patient he looks awful. He knows that, and he wouldn't be flat on his back if he were in blooming health.
Bring News
5. If there are more than one of you, sit on the same side of the bed—but not on the bed.
6. Don't smoke. There comes a time in the life of the heaviest tobacco-addict when he doesn't want to smell the stuff, and this may be it.
7. Come in full of news. The patient feels isolated and tidbits of news, especially if they concern him, are most welcome.
8. Don't ask for a detailed report on the accident or sickness. Many persons are quite willing to talk and will do so endlessly. Others would rather say nothing.
9. Don't tell your worries to the patient. He's not in a position to walk away.
10. Skip the belly-shaking humor until the patient is able to enjoy it without straining his stitches.
The association added that the act of visiting is more appreciated than the length of stay, and a visit after returning home is even more welcome.

HANDY HOME HINTS

Oven-Cooking Hints
In the fall and winter, when you use the oven of your gas range more frequently, you'll find these hints from the Gas Appliance Manufacturers Association very helpful: When roasting meat, do not bake uncovered poultry or any other moist food at the same time. The steam in the oven will effect the crispness of the roast. Use covered utensils for baking vegetables and fruits and a shallow uncovered roasting pan for the meat. Roast poultry breast-side up in an uncovered roaster on a wire rack, after first brushing the skin with melted fat or salad oil. Set the oven control of your gas range at 300 degrees for turkey and 325 degrees for chicken, duck or goose. For best results, do not add water.
Painless Tweezing
A soapy cloth wrung out in very hot water and applied to the eyebrows before tweezing reduces discomfort and helps to prevent infection.

CHURCH NEWS

Week of Special Services Now In Progress At Church of Christ Here

Sunday witnessed the beginning of a series of special preaching services at the Church of Christ, Mesquite and South Rusk Street in Ranger. Max R. Crumley, the local Evangelist, will speak each service at 7:30 p. m. this week and at both the 10:45 a. m. and 7:00 p. m. worship services next Sunday. Congregational singing is under the direction of Morris George. Great interest was shown in the initial services Sunday and new heights in both attendance and contributions were reached. Visitors from surrounding communities and some from other states were in attendance at the services. Great preparations were made for these special services in a spiritual way. The congregation spent much time in study and prayer for the success of the week-long services. This fervent devotion was visibly evident in the spiritual atmosphere which prevailed.

NEWS FROM CHEANEY

Minister Cecil Williams, of Abilene Christian College, brought the morning and evening services Sunday, for the congregation of the Church of Christ. His topic, "The Prodigal Son" was aptly applied to individuals of this day and age, who have access to salvation. The fourth Sunday preaching appointment for the Baptist congregation, was by the pastor Dixie Clement, of Gorman. A large number in attendance.

Mrs. and Mrs. Monroe Ainsworth, La Verne and Roy Gene were in Abilene on business and a visit with Mrs. Ainsworth's brother, Homer Goswick and family over the weekend.

Mr. and Mrs. Hatley Dean had his brother and wife, Mr. and Mrs. Charlie Dean, of Athens, as house guests from Sunday until Tuesday.

Mrs. Lucille Gentry of Ranger visited Mrs. Gene Ferrell and picked up pecans on Wednesday.

Mr. and Mrs. Richard Tucker have returned to the Cheaney community, moving on Friday. They will be at home on the Motes farm on the Ranger - Deadmona road.

Mrs. V. D. Wisdom of Abilene was in the community on Friday looking after farming interests. With her was Mrs. Donna McClure also of Abilene, who will be remembered by old timers as Donna Williams, whose father was proprietor of the general store at Salem. The store was later owned and operated by Uncle Bill Sparger, until a few years ago.

Sick folk in the community continue about the same. Aunt Ellen Tucker is still able to take liquids, soups and juices as nourishment, otherwise she grows weaker each day.

Mrs. William Melton still continues her treatment each week at Ranger. Her condition remains about the same, but she is not able to be away from home at any time.

The B. A. Tuckers of Jal, N. Mex. were visitors in the homes of their parents, the Fred Joiners at Gorman and the Bill Tucker at Cheaney, from Wednesday until Saturday. They reported rain all the way down from Jal.

Mr. and Mrs. Jack Blackwell had the minister, Cecil Williams as their dinner guest, Sunday.

Mr. and Mrs. Ira Wilson and children visited here over the week-end with the J. D. Rogers and in Gorman with her parents, Mr. and Mrs. Jake Stoney.

A visitor, from Tuesday until Friday, in the Jack Revel home was an old time neighbor and friend, Mrs. Alice Gibbs, formerly from the Kokomo community and now residing in Ranger with her son, Bud Gibbs. Mrs. Gibbs is recovering from a slight stroke, about six weeks ago.

churches of Christ. His understanding of the Scriptures and the problems of his fellow men, together with his forceful and persuasive pulpit style have enabled him to reach the hearts of thousands with the "Sweetest Story Ever Told", a church spokesman said.

The public is cordially invited to attend all services of the church.

WSCS Circle 1 Meets Monday

Circle No. 1 of the WSCS of the First Methodist Church met Monday at 8:00 p. m. in the home of Mrs. Finis Crutchfield.

The invocation was given by Mrs. A. W. Brazda. During the business session the committee on missionary projects was authorized to send money and personal gifts for Christmas to missionaries sponsored by the church.

The program subject was "Scientific Knowledge - Stewardship". The devotional was given by Mrs. R. E. Johnson. Mrs. Arthur Deffebach discussed food and agriculture organization, to help other countries in more scientific food production.

The benediction was given by Mrs. R. L. Willis. Refreshments were served to the following: Mmes. J. T. Killingsworth, J. A. Calloway, Floyd Killingsworth, Willis, J. A. Bates, Johnson, L. E. Wolfe, Weather and Deffebach.

Business Women Meet Thursday

Members of the Business Women's Circle of the First Baptist Church met at 7:30 p. m. Thursday, October 29 at the church. After a period of visitation the group gathered at the home of Mrs. C. C. Harris.

A devotional period was held, with all members present participating. The short business session was presided over by Mrs. J. B. Craig, president.

The next meeting will be held next Thursday evening in the home of Mrs. J. D. Johnson.

Those present were: Mmes. Izetta Smith, Burdette, Gorman, Johnson, Jettye Bailenger, Craig, Perkins, and the hosts.

REV. J. DANIEL BARRON
Speaker at men's banquet at District Methodist conference

Methodist To Hold District Conference

The annual meeting of the Cisco District Conference of the Methodist Church will be held in First Methodist Church of Cisco Wednesday, Nov. 4 and all day Thursday, Nov. 5, according to announcement from Rev. Leslie Seymour, district superintendent.

The program will begin with a men's banquet at 6:30 p. m. Wednesday with the Rev. J. Daniel Barron of Wichita Falls as the speaker. Following the banquet there will be a service of worship in the sanctuary featuring a massed choir in a thirty minute period of hymn singing and then a sermon by Dr. Wm. C. Finch, president of Southwestern University at Georgetown.

The business session of the conference will begin at 9 a. m. Thursday. At 11 a. m. Dr. E. F. Bohmfalk, Fort Worth district superintendent, will preach.

There will be a meeting of the women of the district at 1 in charge of the district president of the W.S.C.S., Mrs. Vernon Deffebach of Ranger.

Two young men, Dan and Dan Jobe of Seranton, twin brothers, have applied for license to preach and it is expected that the district conference will grant the license. Matters of business will include reports from the pastors as well as from the various committees and boards. Plans will be announced for the campaign to secure \$100,000.00 for Texas Wesleyan College of Fort Worth and Southwestern University of Georgetown both schools within the bounds of the Central Texas Conference.

Bethany Class Meets Thursday

Members of the Bethany Sunday School class of the First Baptist church met Thursday evening, Oct. 29 in the home of Mrs. N. E. Landers.

The devotional, a review of religious books, was given by Mrs. D. L. Penney. Mrs. T. J. Anderson gave the opening prayer.

The president, Mrs. Landers, presided over a short business meeting. The class was divided into groups, the leaders being Mmes. A. W. Warford, Glynn Covington, and Lee Russell.

During the social hour the hostesses served date pudding with whipped cream and speed punch to the following: Mmes. Warford, Russell, Weaver Ashman, W. W. Jowers, Bill Rainwater, Lee Everheart, Anderson and Penney.

Electa Class Has Luncheon

Members of the Electa Sunday School class of the First Baptist Church met at noon Thursday, October 29 for a covered dish luncheon at the church.

Mrs. R. J. Taylor gave the devotional taken from Psalm 23. The meeting closed with prayer.

Those present were: Mmes. Taylor, R. D. Cooper, J. U. Elrod, Lenora Franklin, W. C. Shofner and Cora Prestar.

The first territorial governor of Nebraska was Francis Pickens of South Carolina.

You're in the driver's seat

for less than you think

It's your money, of course—but we'd like to see you make the most of it.

That's why we want to show you the price of the big Buick SPECIAL illustrated here—to make Point #1: you can buy this great performer for just a few dollars more than the "low-price three."

But Point #2—the smart point—is this: When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss extra power—more satisfying power—wallowing Buick Fireball 8 power—highest ever found in a Buick SPECIAL. You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy extra satisfaction—more solid satisfaction—in the ride of this big, broad,

road-steady traveler that's cushioned by coil springs on all four wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, at no extra cost, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

If you're aiming for the driver's seat of a hard-to-beat buy—for a lot less than you think—come in and see us soon.

Students Asked To Enter DAV State Contest

Students in the 11th and 12th grades in all of Texas public, private, and parochial schools, were invited by Harry Berge Crozier, chairman of the Texas Committee for Employment of the Physically Handicapped, and H. P. Hackney, commander, Department of Texas, Disabled American Veterans, to participate in the 6th Annual Essay Contest sponsored by the two organizations.

Crozier said that rules of the contest had been sent to all High School Superintendents and Principals and those students interested should contact their respective schools.

Commander Hackney stated the essay, on the subject "The Physically Handicapped - Competent, Dependable Workers," could be a lucrative project for the winners. He pointed out prizes for the State Contest will be \$100 first plus a gold medal, \$60 second plus a silver medal, \$40 third plus a golden-bronze medal, \$20 fourth plus a bronze medal, \$10 fifth.

Mr. Crozier said the first place essay in the State Contest would be submitted as the Texas entry in the National Contest. Prizes for the latter contest are \$1,000 first, \$400 second, \$300 third, \$200 fourth, \$100 fifth, plus all National winners receiving an expense-paid trip to Washington.

The D. A. V. in Texas will pay transportation to Austin, Texas, for the State winner to attend their State Convention in June, 1954.

Crozier said for entries in the essay contest to be considered they must be postmarked not later than midnight February 5, 1954, and addressed to Chairman, Texas Committee for Employment of the Physically Handicapped, care of Texas Employment Commission, Brown Building, Austin 19, Texas.

Crozier and Hackney said background material for the students is available from any one of the Texas Employment Commission local offices; through the Rehabilitation Division, Texas Education Agency; or by writing, Department of Texas, P. O. Box 2061, Capitol Station, Austin, Texas.

Tree farming in the South is now profitable, according to W. C. Hammer, forester for the Southern Pine Association. Increases in timber volume per acre and in net growth will very shortly double the present average growth per acre, he said.

Legion Auxiliary Needs Gifts To Send To Veteran's Hospitals

The Auxiliary of the American Legion met Thursday, October 29 at the hall. Mrs. Edgar Ward, delegate to the 17th district convention, gave a full report of the convention in Eastland.

A vote of thanks was given to Carlisle Hefflen for his generous contribution to the auxiliary in having the piano tuned.

Mrs. Ed Greer, poppy chairman, asked all ladies who are able to be ready on November 7 to sell poppies. The auxiliary is much in need of rehabilitation funds and Mrs. Greer urges everyone to take part in this worthy project.

Mrs. Salters read a card from Mrs. Chas. Surbrooks telling of her husband's condition after his surgery.

The auxiliary is collecting gifts to be sent to a veteran's hospital to be used by the veteran's for Christmas gifts for their families. Many of these men are confined to their beds and are unable to shop. Anyone having anything suitable to contribute, please contact some member of the auxiliary.

The group practiced the songs for the Armistice Day Program, with Mrs. Frances Pryor in charge. Following the business meeting the ladies served coffee, orangeade and doughnuts to the legionnaires. One refreshment table was covered with a black cloth and centered with a pumpkin and black cat. The other table, covered with a yellow cloth, was centered with an arrangement of autumn leaves and an owl.

The next meeting will be held on November 6 when preparations for the Armistice Day celebration will be made.

Better Home Lighting IS AS EASY AS 1-2-3

Good home lighting is important! Important to your health, safety and home enjoyment. And in most cases, acquiring the good lighting that every household needs is as easy as following three simple, basic-lighting rules.

1. Proper-size bulbs provide better light for easier seeing. Keep all lamps supplied with the right size bulb. More eyestrain is caused by dim light from small-size bulbs used in reading and work lamps than from any other source.

2. Every socket in your home should be filled with the correct size bulb. If you allow empty sockets to appear in your household you cut down the efficiency of light fixtures, and invite accidents in dark areas where little-used fixtures are not kept workable.

3. A ready supply of extra lamp bulbs on hand keeps every lamp and light fixture in your house ready when you need them. No more interruptions occur to work or play when you have an immediate replacement for burned-out bulbs.

"CONSULT YOUR DEALER'S CHART FOR CORRECT SIZE BULBS FOR EVERY ROOM. STOCK UP ON EXTRA BULBS... AND FOLLOW THESE THREE RULES FOR GOOD LIGHTING."

Ballet Russe De Monte Carlo To Appear In Abilene Friday

The Ballet Russe de Monte Carlo Concert Company, a nationally famous ballet troupe, will give a single performance at Behrens auditorium, on the Hardin-Simmons University Campus, Abilene, Friday, Nov. 6, at 8 p.m.

This will be the first appearance in Abilene of a ballet troupe of such importance in some 15 years. The Concert Company is an especially assembled group which will bring the ballet to 500 American towns and cities never visited by the Ballet Russe de Monte Carlo in the course of its fourteen coast-to-coast American tours.

The dancers, the costumes, the lighting and even the musical arrangements are all as fresh as new paint, but the four numbers in which they will be seen are the proven favorites from the big repertoire of America's most traveled ballet company, which numbers such great dancers as Marko-

va, Slavenska, Yousekevitch, Danilova and Massine among its distinguished alumni.

Soloists for the presentation will include John Mizek voice instructor at H-SU; Nena Williams, H-SU voice instructor; Robert Tiffany, Abilene businessman; Mrs. Robert Tiffany and Mrs. Dan Sorrells.

Molasses Cookies Once, Then Always

AUNT LOU let one person try her fruit bars and now every member in her club follows the recipe. Grandma stocked a cookie jar and now all her children make her molasses cookies. Unsulphured molasses is the flavor keynote of both these cookie classics. See recipes on this page.

Unsulphured Molasses Sweetens Cookies for Gifts or Home Use

Wrap them for gifts or for the away-at-school student, or share them at home, molasses cookies are the kind that everyone likes. Unsulphured molasses used in these recipes is the mellow kind made from the juice of sun-ripened, fully matured sugar cane.

Aunt Lou's Fruit Bars are similar to Lebkuchen cookies seen at the holiday time. They are chewy with nuts and diced citron, and harmonious of molasses and spice. Grandma's Molasses Cookies have the taste of gingersnaps but are tenderer of crumb. Both cookies keep well for weeks in tightly covered containers.

GRANDMA'S MOLASSES COOKIES

- 1 cup shortening
- 1/2 cup sugar
- 1 cup unsulphured molasses
- 1/3 cup milk
- 5 cups sifted all-purpose flour
- 1 1/2 teaspoons salt
- 2 teaspoons ginger
- 2 teaspoons cinnamon
- 1/2 teaspoon cloves
- 1 teaspoon soda
- Small Nut slices
- Pecan and walnut halves
- Almonds

Cream together shortening and sugar. Stir in molasses and milk. Sift in flour, salt, ginger, cinnamon, cloves and soda; mix until well blended. Chill one hour. Roll out 1/4-inch thick on lightly floured board or pastry cloth. Cut into rounds with a 2 1/2-inch cookies cutter; top cookies with nuts. Bake in a moderate oven (350 degrees F.) 12 to 15 minutes.

YIELD: Approximately 2 1/2 dozen.

AUNT LOU'S FRUIT BARS OR LEBKUCHEN

- 2 1/2 cups sifted all-purpose flour
 - 1/2 teaspoon soda
 - 1/2 teaspoon cloves
 - 1/2 teaspoon salt
 - 1 teaspoon cinnamon
 - 1 teaspoon allspice
 - 1 cup unsulphured molasses
 - 1/2 cup sugar
 - 1 egg
 - 1 teaspoon lemon rind
 - 1/2 cup chopped nuts
 - 1/3 cup diced citron
 - 1 cup sifted confectioner's sugar
 - 4 teaspoons water
- Sift together flour, soda, salt, and spices. Heat unsulphured molasses to boiling point in sauce pan large enough for mixing cook-

ies. Add sugar; cool. Beat in egg; add lemon rind. Gradually stir in flour mixture, nuts and citron; chill several hours or overnight. Divide dough in half; place each half on a greased cookie sheet. Place wax paper over top and roll each into an oblong 9x10-inches. Bake in a moderately hot oven, (400 degrees F.) 12 to 15 minutes. Blend together confectioner's sugar and water; brush over cookies while warm. Cool; cut into 2 x 3-inch bars. Store in tightly covered container.

Exams To Be Given For Job Seekers

Competitive examinations will be given by the Merit System Council for the Texas State Department of Health on Dec. 5 in as many centers throughout the State as the number of candidates may justify.

Application forms and information are available upon request from the Merit System Council, 814 Littlefield Building, Austin 18 Texas.

Texas Federation Women's Clubs Convention, Nov. 9-12, Austin

WORTHAM — "Free Enterprise Is the Answer" will be the theme of the Texas Federation of Women's Clubs 56th annual convention at Austin November 9-12. Mrs. Van Hook Stubbs, president, reveals in her platts. The 1953 theme answers last year's convention challenge, "What Are You For?"

Headline speakers studied the varied convention program, with Mrs. Stubbs leading off Tuesday morning at eleven in her keynote presidential address.

Cattle, cotton, and industry heads from every segment of Texas economy will join in a "Free Enterprise in Texas" dinner panel.

AS OFFICERS SEE HIM is seen by W. M. Fochheimer, left, viewing a master portrait of himself, with Dmitri Vail, the southwest's new celebrated portraitist, right. The portrait, painted by Vail, a gift of Scottish Rite stage crew members, hangs in the San Hedron Room, Scottish Rite Temple. It is a tribute to the recipient's past service as director of the stage crew.

Associates Honor Rite Crew Veteran

DALLAS, TEX.—Named Wilfred, they call him Bill.

He'll be 82 Jan. 2, and he's still mighty active.

He was the first director of the stage crew that functions during Scottish Rite Masonic reunions, twice yearly. He now is director emeritus.

Wilfred Max Fochheimer, 4615 Gilbert, is referred to. His old-time associates of the stage crew had him sit for a portrait by Dmitri Vail, 4245 Armstrong Parkway, Dallas. Finished, it now hangs in the Rite Cathedral's San Hedron room, headquarters of the crew and its activities.

Figures on the cornerstone of the Rite Temple reveal it was "levelled" in March, 1907. Two years later the building was occupied, and Mr. Fochheimer's tenure as stage director began. It continued until 1931, mak-

ing him dean of the group.

He was succeeded by Dr. A. L. Frew, 1931-33, and by the late Colby E. Smith, 1933-35. Royal A. Ferris, Jr. served 1935-1941, and the late Andrew John Balcom, 1941-1949.

L. B. Haggood, succeeding Mr. Balcom, retired last spring, having served 1949-1953. His total service on the crew was for 27 years. Frank Cronk, also a long-time member, succeeded Mr. Haggood.

"Dean" Fochheimer, born in Hot Springs, Ark., has been a Dallas resident since 1889 and with Liza Bros. for 40 years.

He is the oldest 33rd-degree member of Dallas Scottish Rite bodies and the second oldest past potentate of Heila Shrine Temple.

His portrait complements life-sized photographs of his successors in the stage crew's quarters.

High School Seniors Invited To Enter National Contest

For the second year high school seniors of Texas are being invited to enter the national competition for two Forest City Fashion Scholarships, which are offered to encourage talented students to enter the field of dress design.

Rules and entry blanks have been sent to 22,000 principals of accredited high schools in the Uni-

ted States. Entries must be submitted before March 1, 1954.

Each scholarship provides two year's full tuition at the famed Washington University School of Fine Arts, Department of Dress Design, St. Louis, where many leading fashion designers have studied.

The scholarships are unique in that they are the only such scholarships offered at Washington University by a dress manufacturer, and are among a very limited number of scholarships available anywhere for study in fashion design.

Assistance to students interested in competing for the scholarships is offered by the sponsor, and will also be offered to classes and individual students by local retail stores in St. Louis which feature Forest City fashions, Simon Spitzer, president of the company has announced.

Mr. Spitzer added that the response to the first year's scholarship competition showed a national interest in the fashion field on the part of students.

The 1953 winners, Nancy Lucas of Bixby, Okla., and Kathleen Burdick of Saratoga Springs, N. Y., are now attending school. Students from Missouri, Iowa, West Virginia, Ohio, Texas, Washington and California reached the finale last year.

Forest City Manufacturing Co., one of the largest and oldest in the field, designs and manufactures Carole King, Doris Dodson, and Shirley Lee junior fashions, and Martha Manning and Peg Palmer misses and half size dresses.

RANGER BULLDOGS SMASH HOPES OF DUBLIN LIONS, WRAP UP DISTRICT 7-A CROWN WITH 53-14 VICTORY; CROSS PLAIN IS NEXT TEST

Playing their deadliest game of the season, the Ranger Bulldogs used their lightning speed, bull-like power plays and a terrific defense to humble the Dublin Lions 53-14 Friday night in a District 7-A game that practically clinched the district crown for Coach O. (Stubby) Warden's charges.

At kick-off time Ranger and Dublin fans were tense with excitement as they prepared for the tilt that had been pre-billed as anybody's game. It was anything but anybody's game, however. The Dogs quickly smashed to a 20-0 lead with just six minutes of playing time showing on the clock and fans knew that Dublin, like all other 7-A opponents the Dogs have played this season, were no match for the Warden-men.

It would be hard to place the credit for the victory on one or even two or three of the Bulldogs. In fact it would be impossible. No one would dispute the fact that the terrific smashing tackling of the forward line opened the way for the one-sided affair though. Dublin fumbled the ball three times in the first six minutes of play and fumble cost them a touchdown.

It would be hard to overlook the sterling performance of end Tommy Hinds on defense or the

smashing drives on offense of back Jim Littlefield. The two played perhaps their best games of the season. It was without doubt Littlefield's best play of the year and if not Hinds', it came close.

Hinds intercepted three of the Lions' passes, collected or was on most of the tackles and paved the way for one TD and aided in several others with beautiful blocks.

Littlefield, although he gave way to halfback Charles Massegee and left half Bill Browning in the scoring parade, nevertheless was the big man in the Dog's offense. He was the workhorse of the night, carrying the ball 17 times and gaining a total of 150 yards for an average of 8.8 yards a carry. Taking nothing from the other backs, it was Littlefield's game.

Massegee, as usual, led the scoring parade. He made three TDs for 18 points. Browning was close behind with two TDs and five extra points for 17 points. Massegee made 97 yards in 14 attempts. His average would have been much better if a penalty hadn't cost him a 58 yard dash in the opening minutes of the second quarter.

Ranger got things underway with just a minute and a half of play gone. Massegee raced over from the 25 after Browning, who was also a demon all night on defense, pounced on a Lion fumble on Dublin's 25. Massegee took it down to the 39, Littlefield to the 25 and then Massegee raced over. Browning converted.

Browning used speed to go over from the 20 for the next first quarter tally. Again the TD was set up by a Dublin fumble and again it was Browning who jarred the ball loose from a Lion back and then gathered it in. Ranger took possession of the ball on Dublin's 24. Massegee raced to the 20 and Browning went over with the assistance of a block by Hinds, which took out the last two Lion defenders on the five. This time Browning's kick was wide. Score: 13-0.

Still in the first quarter, Jim Nail recovered a Lion fumble on the Dublin 30. This time Massegee found a gaping hole in the left side of his own line and went over untouched from the 8. It took the Dog five plays to score with Massegee going from the 30 to the 22, Forney down to the 20, Littlefield in two tries down to the eight and Massegee went over.

Browning converted to make the score read 20-0.

Starting from their own nine the Dogs drove 91 yards for the next TD. Massegee went over from the ten for the score. The entire backfield pounded the ball downfield to score despite a penalty which cost them a sparkling 58 yard scamper by Massegee. Browning's kick failed, 26-0.

Quarterback Scott Forney went over on a keeper play for the last Dog TD in the first half of play. He bulled his way over from the 38 with just seven seconds remaining in the half. The drive started back on the Dogs' 20. Browning's kick was no good; 32-0 the score.

Hinds intercepted a Dublin pass to set up the next score. From the point of the interception, on the Dog 28, Ranger scored in just four plays with Littlefield going over from the nine when a big hole opened up in the left side of the line. Browning converted to make the score read 39 to 0.

In the fourth quarter Dublin struck for paydirt for the first time. Using the good right arm of Quarterback Dick Johnson, the Lions went to the air. Johnson passed to Jack Cook, a half back, as he stepped across the goal. He hurled the ball 44 yards in the air from the line of scrimmage. The TD came against Warden's reserves and Jerry Daniel converted.

Browning powered his way over from the 10 for the final Dog score and then converted to make the score 53-7. The play started back on the Dog 38 and a pass from Forney to Enj Chico Mendoza was the big yard maker. The pass was good for 27 yards.

Dublin scored last with Daniel going over from the two from the spread formation against Dog reserves. The Lions shifted to the spread for the last drive and marched from their own 40 for the score. Daniel converted to end scoring at 53-14.

MAVERICKS STRIKE EARLY TO BLAST RISING STAR WILDCATS 13-0 IN DISTRICT TILT FRIDAY

Eastland's Mavericks exploded for two first quarter touchdowns and held the Rising Star Wildcats at bay for the remainder of the game Friday night to mark up a 13-0 District 7-A victory in Maverick Stadium.

The win was the third district victory for the Mavs against a single loss.

On the third play of the game J. D. Hanson broke loose and

raced 42 yards for the initial touchdown. Powerful downfield blocking gave Hanson just the openings he needed and the fleet footed back did the rest by himself.

The Mavs took over on the Rising Star 40 after the opening kick-off. In two plays they pushed the ball to the 42 and Hanson made his sparkling run. Stan Harris converted to make the score read 7-0 for Eastland.

On the third play of the game J. D. Hanson broke loose and

Jimmy Martin raced over for the next TD on a 31 yard dash. A bad snap from center cost the Mavs their extra point try.

Eastland also had two touchdowns called back by penalties. Jamie Jenson raced over for both TDs.

The Mavericks threw up a strong defense to halt the visitors on 100 ten yard line. Other than the two drives to the ten the best Rising Star showing came when John McDonald raced 34 yards through the middle of the line down to Eastland's 25.

Rising Star had one consolation in the contest. They had one more first down than the Mavs. Eastland led both in rushing and passing; however, both teams intercepted one pass.

Sports scribbles covering the game had the honor of witnessing the game from the newly completed glassed-in press box. The facilities in the box include a phone to the playing field.

Next week Eastland will entertain Santa Anna. The week following that they will play Dublin in a game that will probably produce the runner-up in District 7-A. Then the Mavs finish their season in a game at Cross Plains.

PUPS SMASH CISCO 14-7 FOR WIN NO. 4

Ranger's unbeaten Junior High School Pups rolled to their fourth consecutive victory of the season Thursday night with a 14-7 win over the Cisco Midgets in the non-district tilt. The game was played before a good crowd in Cisco's Chesley Field.

The Pups combined end sweeps and bursts through the middle of the line for their two touchdowns. Coach Eugene Yarbrough's charges struck early in the first quarter for the first TD of the game on a 55 yard sprint around left end on a pitchout by Freddy Cooper. Coopers ran over the point after touchdown to make the score 7-0.

The second Pup score came in the third quarter on a 25 yard dash by Roy Gomez. Gomez found

a big hole in the middle of the Cisco line and went charging through.

Tuffy Charlie scored Cisco's seven points when he went over on a quarterback sneak from the four and then carried through the line for the point after. The score came in the second quarter.

Statistics of the game showed the first downs tied at seven each. The Pups gained 126 yards on the ground and the Midgets made 99. Ranger attempted three passes, completed one for nine and 28 yds. The Midgets passed nine times and completed two for 25 yds.

More than 25,000,000,000 was spent on television sets in the United States between 1946 and 1952.

up in their own dresses with a cleavage too extreme for TV," continues Mrs. Dawson. Her usual remedy, which doesn't spoil a gown's décolletage, is to glue flesh-colored "hair lace" to the neckline. Which actress presents the greatest cleavage problem? Tactful Kate won't say—except to remark that the "most serious cleavage case was Corbin Calvet who didn't agree with me that she should have lace at the top of her dress. She tucked it down just before dress rehearsal began. Afterward, I got liquid adhesive and glued the lace again, not to the dress but to Miss Calvet."

Miss Lawson's forgoing title is costume-in-chief for the Colgate Comedy Hour and her duties include creating a new and stylish wardrobe every week for dozens of people. To do this she spends hours shopping the downtown garment district of Los Angeles for anything that can be made wearable. She goes to retail and wholesale merchants, Good Will and other charity-run enterprises. "We go everywhere for our clothes," she says. "We rent a great many. We rewrap others. We buy, borrow and steal them."

Her biggest on-the-job complaint? Writers, according to People Today. "They have no consideration for costume changes. Once Donald O'Connor was required by the script to change from tuxedo to white tulle in 10 seconds. Kate had 5 hooded men in black costumes standing by. As O'Connor walked through a door, momentarily out of the camera's eye, they whipped off his tux, seamstress staff had fitted both suits with "escape zippers."

Most Unusual Job For TV

One of the most interesting—and nerve wracking—jobs in TV belongs to Kate Brain Lawson who has the task of deciding how much "V" may be shown by TV actresses on the Colgate Comedy Hour, according to an article in the current issue of People Today Magazine.

"It depends more on how a scene is lit than on how low cut a dress may be," explains NBC's cleavage censor. "There mustn't be any shadow—that's our rule. Otherwise you can make it as low as you like."

If you drive on Rough Roads-

READ THIS ABOUT THE GREAT GULF TIRE

This Gulf Tire can stand up to rough roads and take real punishment. Here's why:

The Gulf Tire has a considerably stronger carcass. It's built with a new-type cord and has more cord per inch in every ply. Then vulcanizing welds all plies together. They work as a unit to resist bruises. And they're interlocked around high-tensile steel wire beads.

LOOKS LIKE A MILLION

Stop In - See It for Yourself!

LOW PRICED

- Less chance of blowouts and carcass failures with this tire because a double breaker strip cushions shocks.
- The tire lasts longer—wears more evenly, edge to edge, for its flatter tread design spreads the wear over a wider contact area.
- The 7 zigzag ribs of the Gulf Tire fight skids. Their flex-wiping action breaks up water film on wet roads.
- The 7 ribs mean there's a "riding bar" down the center of the tire. Right at the point of greatest pressure, the load rides on rubber, not on a groove!
- At high speeds, the tire runs cooler (and safer) because of a special ingredient in the rubber.
- Sidewall shields protect tire against curbstone bruises.
- Warranty accompanies every Gulf Tire—is honored by Gulf Dealers everywhere!

Pecan Harvest Advice Given By Hutchison

Pecans should be harvested upon maturity when they separate readily from the green husks, says John E. Hutchison, extension horticulturalist.

Timely harvesting not only prevents crows, squirrels and natural deterioration from materially reducing the crop, but, points out Hutchison, prices for fancy in-shell pecans are best during the Thanksgiving and Christmas holidays.

As with other agricultural commodities, growers believe the future of the pecan industry depends upon the development of mechanical harvesting devices to eliminate expensive hand labor.

One such mechanical harvester is a combination huller and separator which hulls unopened nuts and separates all pecans from husks, leaves and other trash.

The tree shaker is a fairly simple device and can be built in any farm machine or blacksmith shop. Detailed plans for construction may be obtained from county agricultural agents...

Home Owners Are Burning Money In Leaf Bonfires

Many home owners have money to burn this fall season, and that's just what they're doing.

When setting fire to fallen autumn leaves, they might as well be igniting dollars, according to E. I. Kugel, field representative of The Dancy Tree Expert Company.

For grounded leaves are valuable assets to lawns, trees and shrubbery.

And the smoke signals sent up from leaf piles throughout the nation spell out the warning word: "Waste."

Those home owners who turn over a new leaf and save their trees' scarred foliage gain one of the finest types of garden humus for nourishing the hungry soil.

Raked into a pile and developed as compost, the leaves produce a high-grade lawn and garden top-dressing and save their landlady the trouble of tending a bonfire.

Bonfires, besides destroying potential soil humus have a way of broiling the branches of nearby overhanging trees. A bright, hot fire in the autumn twilight, but it can result in trees that are badly damaged.

NEWS FROM DESDEMONA

By Mrs. Ethel Keith

The Halloween Carnival at the school gym Friday night was quite nice. A large crowd was present and a very enjoyable evening was spent.

This writer failed to report last week that Mr. and Mrs. Billy Joe Clark and children of Cisco, had visited the Sunday before with Mr. and Mrs. Morgan Roberts.

Donkey ball game will be staged here at the school gym. Watch for the date and be present.

Mr. and Mrs. John Grisham and children of Abilene visited with her parents, Mr. and Mrs. B. E. Belyou.

Mr. and Mrs. Charlie Warden and children of Kermit spent the Halloween here with relatives and Michael and Dwayne P. Martin who had been visiting with them remained at home with their mother, Juanita P. Martin.

New Home Mortgages
 CHICAGO, Ill.—More than 1,000,000 home mortgages will be issued for the first time during 1953 by savings and loan associations and cooperative banks, according to forecasts of the United States Savings and Loan League. The loans will top \$8,000,000,000 to set a new high, the league said.

HANDY HOME HINTS

Practical Counter Tops

To heat-proof clay tile, which is also stain-proof and easy to clean, makes an ideal covering for kitchen counter tops, according to the Gas Appliance Manufacturers Association. It is especially useful for the working area adjacent to the gas range. Hot pots can be transferred to the tile without fear of damaging the surface, even when lifted right off the top burners or from the oven.

Tasty Fish and Onions

Quick-frozen fish makes a tasty meal either for baking in the oven of your gas range or for pan frying on the top burner. Add sliced onion rings for flavor.

Hot Water Needs

To insure an adequate supply of hot water at all times, make sure that your automatic gas water heater is the right size and has the capacity you need, advises the Gas Appliance Manufacturers Association.

es the Gas Appliance Manufacturers Association. Allow 25 to 30 gallons of hot water for each member of the household. This will take care of the more than 140 common uses of hot water in the average home. With temperature control, which is a feature of modern gas water heaters, there will be an automatic adjustment to permit the proper degree of hot water for every purpose.

Stain Treatments

diner napkins. Soften them with cold cream and then launder as usual, the Gas Appliance Manufacturers Association suggests. To remove stains on white cotton or linen, pour boiling water through the stain from a height of two or three feet. If it persists, bleach and rinse thoroughly.

Ice-Maker De Luxe

You need ice in cold weather when the heat's turned on, too, for attractive servings of fruit cup, shrimp cocktail and other appetizers. The attractive ice circles by a new automatic gas refrigerator will dress up any dish that's served on a bed of ice, the Gas Appliance Manufacturers Association points out.

Coconut Macaroons

Make coconut macaroons the jiffy way. Combine 1 1/2 cups of shredded coconut, 1/2 cup condensed milk, dash of salt, 1 teaspoon vanilla, and 1/2 teaspoon almond extract. Mix well. Drop from teaspoon onto greased baking sheet, pressing down ends of the mixture with spoon. Bake in the oven of your gas range for 15 minutes at 350 degrees.

Clothes Storage

Before packing away your summer "starchables" for the winter, launder them and blue the white clothes, but don't starch or iron them, say the Gas Appliance Manufacturers Association. When you are ready to use them next year, add a small cake of blue wax ironing aid to each quart of hot starch. The clothes will come out fresh and sparkling after one ironing.

Better Home Lighting

IS AS EASY AS 1-2-3

Good home lighting is important! Important to your health, safety and home enjoyment. And in most cases, acquiring the good lighting that every household needs is as easy as following three simple, basic-lighting rules.

1.
 Proper-size bulbs provide better light for easier seeing. Keep all lamps supplied with the right size bulb. More eyestrain is caused by dim light from small-size bulbs used in reading and work lamps than from any other source.

2.
 Every socket in your home should be filled with the correct size bulb. If you allow empty sockets to appear in your household you cut down the efficiency of light fixtures, and invite accidents in dark areas where little-used fixtures are not kept workable.

3.
 A ready supply of extra lamp bulbs on hand keeps every lamp and light fixture in your house ready when you need them. No more interruptions occur to work or play when you have an immediate replacement for burned-out bulbs.

"CONSULT YOUR DEALER'S CHART FOR CORRECT SIZE BULBS FOR EVERY ROOM. STOCK UP ON EXTRA BULBS... AND FOLLOW THESE THREE RULES FOR GOOD LIGHTING."

BOYCE HOUSE

Gets Another Publicity Job

Rodeos are getting to be a career with Boyce House—not riding and roping, but writing. The former West Texas Oil Belt editor, who is the author of "I Give You Texas", has just been appointed publicity director of the Southwestern Exposition and Fat Stock Show. This will be his fifth season with the Fort Worth show, which features the "world's greatest indoor rodeo." He served in the same capacity for the recent Heart of Texas Fair in Waco, which likewise presented a spectacular indoor rodeo and he also directed the publicity for an outstanding outdoor show, the Possum Kingdom Roundup in Graham.

House was editor of the Eastland Telegram and the Ranger Times more than 20 years ago, has written two books about the Eastland County oil boom and was guest of honor at the recent Old Rip Horned Toad Derby in Eastland.

NEWS FROM CHEANEY Mrs. Bill Tucker

The last two watermelons were brought in the other evening, when it seemed that frost was in the air, and rolled under the bed, to be enjoyed later.

Today, on Sunday, one half of one of them was exceptionally good at mid-afternoon, while the other half resposes in the ice box for tomorrow. We really didn't know that a melon could taste so delicious—guess it's because there won't be any more this season—

Mrs. Theibert Jones visited in Shamrock, Texas, last week with her mother, Mrs. Clara Sherman, who accompanied her as far as Abilene, on the way home, to visit a brother and son, Ray Harrell and family. Mrs. Jones reports a rainy time for her trip.

Mr. and Mrs. Arthur Love were Friday night callers in the Bill Tucker home. They state that their son, Arthur Jr., will be home for good November 15. He is at present at Ft. Sill.

Mr. and Mrs. Herman Nergler of Alameda, were Cheaney church visitors Sunday morning and ate dinner with their daughter and family. Mr. and Mrs. Jack Blackwell, daughter of Mr. and Mrs. J. B. Blackwell, also visited with Charlene and Helen.

Mrs. John Love went to Odessa and Jal, N. M., Friday. Her mother, Mrs. M. A. Rose, is ill at the home of Mrs. Floyd Smith, sister of Mrs. Love in Jal. She will visit her twin, Mrs. Fred Maxey in Odessa.

Mr. and Mrs. Ben Freeman were in Comanche Saturday, visiting the Dick Weekes family—Mrs. Freeman's brother.

John Akers was a visitor in the Gene Ferrell home recently.

Mr. and Mrs. Irvin Hummel and 17-month-old daughter, Deborah, returned to their home in Illinois Saturday, after spending a two-week stay here with her parents, Mr. and Mrs. Shirley Brown and others of the family, and in Ranger with the Hummels.

Aunt Eva Underwood was able to visit one afternoon last week with the John Tuckers. Although well past eighty years of age, she keeps remarkably well and as cheerful as can be. No one could tell that her sight is almost gone, judging by her patient attitude. She enjoys the radio for past time.

Brother Cecil Williams again preached for the Cheaney Church of Christ Sunday. He comes from Abilene each time.

He was the dinner guest of Mr. and Mrs. Elmer Blackwell.

Mr. and Mrs. Bob Frasier of Colorado City, announce the birth of a daughter, Donna Zane, Oct. 27. Mrs. Frasier is the former Wanda Weekes, daughter of Mr. and Mrs. Frank Weekes of Ranger, and a niece of Mrs. Ben Freeman, Cheaney.

Mr. and Mrs. W. E. Walton and Billie Jo, of Ranger, Mr. and Mrs. Richard Tucker, Mr. and Mrs. Henry Perrie, and Mrs. Eunice Love and Joy, were callers in the John Tucker home Sunday afternoon.
